Campus Day is on Friday, March 30. We solicit the cooperation of the students in the following:

1. Please do not park in the Student Union Building area on that day.
2. Please try to eat during periods 4 and 5 and as early in the evening as possible. Please do not linger over your meal.
3. Please sit to the front of the classroom--where possible. Visitors will be coming and going.
4. Please exercise discretion in the use of the musical instruments and game equipment in the Student Union Building.

Some special items of interest in O.T. Archaeology Class are listed below:

Wednesday--March 28th--the showing of the film, "Ancient Earth" which illustrates archaeological techniques from field work to the museum displays.

Friday--April 6th--Special lecturer, Mr. H. J. Thomsen of the Archaeological Research Foundation, will show slides. Will have something to present on methods of sequence dating used in archaeology.

Members of the faculty and student body who are interested are invited to join the O.T. Archaeology class on these two dates--particularly for Mr. Thomsen's lecture. The class meets in Ed-4 at 7:20 a.m.
