Library fines are to be paid this week. Any fines of \$1.00 or more which are not paid by Wednesday will be transferred to the main office and must be paid there.

Those who feel that they are eligible for student help in missionary activity are to present a written statement to Larry Bjur before Thursday morning stating the amount needed, what organization you are under, the nature of your activity and how long you will be engaged in this activity. Filing of an application does not constitute authorization of payment. Funds are disbursed by the council. The manner of distribution is also determined by the council.
