THE COLLEGE SEAL

The institutional seal of Northwest College embodies in symbol the history, character and purpose of the college.

It contains nine elements: The legal name of the institution, its year of founding, the shield of faith (Ephesians 6:16); the centrality of the Cross denoting the College's message to the world; the Lamp of Learning denoting its commitment to learning; the Open Bible denoting the foundational premise on which its total learning program is based; the small cross and the crown denoting temporal and eternal aspects of the Christian life; and underlying the crest is a ribbon on which are inscribed the first words of the College Alma Mater, "Let Light Shine out," denoting the historical purpose of the College realized in and through its student graduates who carry the Gospel of Christ to the ends of the earth as laymen and full-time Christian workers.

The Northwest Perspective

Northwest College is a Christian institution of higher learning operated under the control of the Alaska, the Montana, the Northwest, the Southern Idaho, and the Wyoming District Councils of the Assemblies of God. The Oregon District of the Assemblies of God also cooperates in its operation. All these districts are represented on the college's Board of Directors. Northwest College offers educational opportunities for students who desire a general college education, training for full-time Christian service, or basic preparations for other professional fields of activity. It offers two-year basic programs similar to those found in community colleges, and programs on the senior college level aimed at preparation for various forms of Christian ministry.

History and Location. Northwest College was founded under the auspices of the Northwest District Council of the Assemblies of God and opened to students on October 1, 1934. The District Presbytery appointed Dr. Henry H. Ness to be the first president. The college was housed in the facilities of Hollywood Temple, Seattle, Washington, for the first twenty-five years of its existence. Dr. C.E. Butterfield succeeded Dr. Ness in 1949, and the Rev. D.V. Hurst assumed the presidency in 1966.

Originally known as Northwest Bible Institute, its institutional name was changed to Northwest Bible College in 1949 and to Northwest College of the Assemblies of God in 1962—each change representing a stage in its development.

Academically the College progressed from a three- to a four-year Bible curriculum in 1948, and in 1955 a Liberal Arts division was organized. Milestones of academic development and progress were marked by the achievement of professional and regional accreditation. In 1953 the college was granted professional accreditation by the American Association of Bible Colleges, and in 1973 it was granted full regional accreditation by the Northwest Association of Schools and Colleges.

In 1950 the Northwest District took action for regionalization of the control of the college. Joining in the regional organization, and sending representatives to the college's Board of Directors, were the Montana District in 1951, the Southern Idaho District in 1957, and the Alaska District in 1967.

In 1958 the college secured a new campus in Kirkland in the greater metropolitan area of Seattle. Located at 108th Avenue N.E. and N.E. 53rd, just ten miles from downtown Seattle by way of the Evergreen Point Bridge, the 45-acre campus is an ideal setting for study, recreation, and inspiration. The campus is also near to industry and close-at-hand employment opportunities in Kirkland, Bellevue, Redmond, Seattle, and numerous other points in the metropolitan area. The college is also within driving range of a number of other institutions of higher learning, making for additional educational opportunities for its students.

In 1972 the campus was expanded by the acquisition of a ten-acre tract adjacent to the main campus sometimes dubbed the "miracle ten-acres" due to the

manner in which it came to the college. Its first phase of development provided the college with a married student housing complex constructed, dedicated and put into operation in the fall of 1973.

Hundreds of the college's graduates and former students have engaged in full-time Christian service or in professional, business or vocational occupations in fulfillment of their training objectives at the college.

Philosophy. Northwest College's concept of education is distinctively Christian in the evangelical sense. It recognizes the authority of the Bible as a divine communication of truth. It views man as having been created by God with intellectual, physical, social, and spiritual potentialities which require development and needs which require fulfillment if he is to be a whole person whose life is useful, complete, and satisfying.

As a morally responsible being whose choices and actions determine his usefulness to his Creator and to his fellow men, as well as the ultimate ends of his existence, man has a need to recognize and appreciate righteousness, beauty, and truth wherever he finds them. Education should develop moral, spiritual, intellectual, and aesthetic awareness and values.

As the creature of God, each man is an individual of intrinsic worth and dignity. In a society of free men it is essential that every man learn to respect and understand the views of his fellows while maintaining his own integrity. Man must have knowledge of his culture and of himself, in order that he may help to solve the complex problems of modern life.

Northwest has a commitment to truth and believes that all areas of true knowledge are ultimately compatible. The accumulative experience of mankind has resulted in a residue of tested wisdom and knowledge which has continued relevance and deserves to be preserved and communicated. True knowledge may be discovered too through the careful and reverent scientific scrutiny of nature and of man himself. Neither the past nor the present has a monopoly on truth.

Educational Goals. In view of its distinctive philosophy, Northwest College seeks to provide education which will introduce the student to the organized fields of learning and will acquaint him with the Christian theistic view of the world and of man and his culture. Such an education is intended to develop the whole person in a balanced and useful manner.

Since Northwest believes that responsible actions in the present are dependent in part upon knowledge of man's past experience, it seeks to communicate to the student what may be known of man's cultural heritage. It seeks to impart knowledge, stimulate awareness, and develop appreciations.

Northwest seeks to cultivate Christian character in its students. It desires that each student shall maintain a right relationship to God and to his fellow men, and be prepared to act responsibly and maturely in contemporary society.

Northwest is concerned with the intellectual development of its students. It desires that its students will learn to evaluate and use knowledge, so that they can continue to make new discoveries throughout life.

Northwest recognizes that man is a social being and that every man is a debtor to his society; no man stands alone or exists without purpose. It seeks to awaken social understanding and concern and to motivate its students to commit their lives to worthy goals of service to God and men. At the same time it endeavors to stimulate in its students a social and moral perceptiveness that will make them worthy and constructive critics of contemporary society.

Northwest realizes the importance of physical and mental fitness, and encourages its students to participate in healthful activities and to develop habits which will contribute to their well being physically. It seeks to give them a better understanding of man's biological and psychic constitution.

In addition to the developing of the whole man through liberal studies, Northwest conceives of educational purpose as including vocational and professional preparations. It recognizes a distinctive obligation to propagate the historic faith of the sponsoring church. Since its founding it has had and continues to have a particular concern for those vocational areas relating closely to the church's Great Commission.

Doctrinal Statement. Northwest College subscribes to the Statement of Fundamental Truths of the Assemblies of God. It believes in the Inspiration of the Scriptures; Christ's death, resurrection, and ascension; justification by faith; the Baptism with the Holy Spirit; holiness of life; divine healing; the imminent return of Christ; the millennial reign of Christ on the earth; and eternal rewards and punishments.

Educational Standing. Northwest College is an accredited member of The Northwest Association of Schools and Colleges and the American Association of Bible Colleges.

It is listed in—The current bulletin, "Accredited Higher institutions" published by the U.S. Office of Education.

It is endorsed by—The Educational Department of the Assemblies of God, Springfield, Mo.

It has membership in—American and Pacific Coast Associations of Collegiate Registrars and Admissions Officers.

It is approved by—Washington State Department of Education for the training of veterans; Department of Justice for the training of foreign students; U.S. Department of State for participation in the Exchange Student program.

Campus and Buildings. The campus is a semi-wooded tract of 55 acres overlooking Lake Washington and the city of Seattle. A view of the snow-clad Olympics graces the skyline to the west.

Eighteen buildings, including service buildings, are located on the campus. The Administrative offices are housed in the Henry H. Ness Administration Building and Bronson Hall. Classrooms, laboratories, workshop and library facilities cluster around the center of the campus and around the college's new Learning Center Building.

The C.E. Butterfield Chapel provides a spacious and worship-centered setting for the college's daily chapel services. Also housed in the Chapel building are classrooms, rehearsal rooms, and studios and practice rooms for the Dorothy Amundsen Music Center. The Science building houses lecture rooms, labs and storage space to support courses offered in Chemistry, physical science, math, and the biological sciences. Across from the "Reaching Arms" fountain the campus center is the Learning Center with classrooms, offices, and a medium sized auditorium to accommodate lectures and cultural events. The Student Union Building houses student body offices, a snack bar, the college bookstore, recreation area, offices, and the Dormalee Bunn Memorial Prayer Chapel.

The college's business department is housed in the north-wing ground floor of Perks Hall. The Northwest Pavilion provides gymnasium facilities for physical education, instruction, recreation, varsity and intra-mural sports, and special convocations requiring seating for up to 1,000 persons. Two large residence hall complexes provide housing for single students—the Guy-Perks Residence Hall for women, and the Gray-Beatty Residence Halls for men. A modern cafeteria is located in the midst of the residence hall complex.

In an adjacent and attached wooded tract is the college's 24-unit apartment unit for married students, "The Firs." Its two wings, named for the Reverend D.H. McLaughlin and the Reverend R.J. Carlson, former district superintendents with long associations with the college, provide one-bedroom units completely furnished and carpeted, offering quietness and privacy. The D.V. Hurst Library is located at campus center. The multi-level structure provides expansion space for books, study, and new learning facilities and equipment as may be acquired in the future.

Library. Library holdings now exceed 50,000 cataloged volumes with additional holdings added annually. Approximately 300 periodical titles are regularly received. In order to aid workers in the field of Christian Education, a curriculum library is maintained which includes Sunday School materials of various denominations as well as literature for children.

In addition to in-house materials, the Library has membership in the Northwest Association of Private Colleges and Universities Library Consortia, which provides a Union List of 7,600 periodicals, plus a microfilm and cassette consortia. The library is also a member of the Pacific Northwest Bibliographic Center. The Center maintains a location file of about 4,000 volumes of 40 major Pacific Northwest libraries as well as listing volumes of the Library of Congress. (These materials may be ordered via the Library's SCAN telephone line with receipt of the item expected within three days.) In addition to the college library, students have access to the King County Library branches in Kirkland and Bellevue.

Audio-visual equipment and soft ware may be used by patrons. An audio-visual laboratory to augment the learning process is housed in the library quarters.

Bookstore. The college bookstore is located in the Student Union Building. It handles textbooks, Bibles, commentaries, concordances, dictionaries, and other books of value in building the student's personal library. The store also sells school supplies, stationery, gospel recordings, music, and college souvenirs.

Admissions Policy

Northwest College reserves the right to change the rules regulating admission to, instruction in, and graduation from the college, and to change any other regulations affecting the student body which shall apply not only to prospective students, but also to those presently matriculated in the school.

Requirements for Admission. Admission to Northwest College is granted to applicants meeting the college admissions requirements without regard to race, color, or national origin. However, admissions are made on a selective basis according to the criteria as follows:

All applicants must give evidence of sound moral character and are expected to have a vital experience of salvation through faith in Jesus Christ. Applicants are admitted only upon satisfactory recommendations from sources specified on the college admissions application form.

Applicants must be graduates of an accredited high school with sixteen Carnegie units. The following distribution of preparatory work is recommended: English, 3 units; History, 1 unit; Mathematics, 2 units; Science, 1 unit, and Foreign language, 1 unit. Applicants may be admitted on the basis of satisfactory scores on the General Educational Development Tests as established by State Competency standards.

Regular standing is granted approved applicants who have achieved a C average in college preparatory courses and attain a class rank in the upper three-fourths of their graduating classes or who achieve satisfactorily in a college ability test.

Provisional standing is granted to a limited number of selectively admitted students who do not qualify for regular standing but who, in the judgment of the Admissions Committee, show promise of benefit from the opportunity to pursue college work at Northwest College.

A limited number of mature persons who are not graduates of a high school may be admitted on a selective basis as special students. Degrees or certificates of graduation may be granted to high school graduates only.

Approved applicants are to complete and return certain health forms: (1) An Emergency Authorization form is to be completed and returned in all cases, and (2) The medical history and report may be submitted in one of two ways: (a) Via the services of a medical data service obtainable through the College or (b) the applicant may have a Medical Report form completed by his family physician and sent to the college.

Application Procedure. Application for admission is made on the form provided by the college. Forms may be secured by addressing the Admissions Office at the college. Applications should be received one month prior to the term for which the applicant desires to enroll. However, applications will be received and processed thereafter on a space-available basis. No assurance of acceptance should be assumed until the applicant receives a letter of approval from the Admissions Office. The application fee together with a photo or snapshot must accompany the application before it will be considered. The Admissions Office will write to applicant's references for recommendations.

It is the responsibility of the applicant to see that his high school transcript and a transcript for any college work attempted are sent to the Admissions Office at the college. This may be done by filing a letter of request with the schools concerned. After the recommendations and transcripts have been received, the Admissions Committee will evaluate the application. Applicants will be notified by mail whether or not they are accepted. The application fee is non-refundable.

An enrollment confirmation deposit must be submitted to the college; dormitory students must additionally submit a deposit to hold a room reservation. Deposits for the fall quarter must be submitted by August 1, or within ten days after date of acceptance if after August 1. Deposits are refundable upon written notice of cancellation by September 1. Students sending dormitory or confirmation deposits for enrollment in the winter or spring quarter must give written notice of cancellation at least one week prior to the first day of classes to receive a refund. Thereafter they are refunded only if the applicant is unable to enroll for reasons of illness or emergency.

Entrance Tests. For purposes of admissions evaluation, guidance, and counseling, applicants will be required to take the ACT tests (American College Tests College Code:4466). If the ACT is not available the SAT (Scholastic Ability Tests, College Code: 4541) may be submitted. If neither is available, the student may take the ACT on campus. There is a nominal testing fee.

Normally these tests are available at high schools on a set schedule. Arrangements should be made to take them as early as possible. Transfer students coming in with a minimum of 36 quarter credits from an accredited source may be exempted from the tests.

Admission to Advanced Standing. Students desiring to transfer to the college from another institution of recognized collegiate rank must follow the general instructions for admission and must see that transcripts of previous college work are sent to the college Admissions office. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a C average and that the transcript shows that the student is entitled to honorable dismissal.

Candidates for graduation must complete three quarters in Northwest College irrespective of the number of transfer credits. Normally work considered terminal or occupational or deficiency course work is not recognized for transfer. Work from unaccredited institutions will be considered on an individual basis and, when accepted, must be validated by a minimum of three quarters' satisfactory work completed in Northwest College and/or by examination.

Residency Requirements. At least one academic year (with a minimum of 36 quarter credits) must be completed at Northwest College, and except by special arrangement approved by the Academic Dean, the final quarter of work before graduation must be taken on campus irrespective of the amount of previous work completed at Northwest College.

A student registered at Northwest College may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the college may, upon returning, complete the requirements in force at the time of their matriculation (subject to approval of the college) or may complete under requirements in force at the point of their re-entrance, or those in force during year of graduation, but not in combination.

Financial Information

Costs. Northwest College is a private, church-related college. Therefore no operating funds from taxes or public funds support its operation. Each student is charged tuition and certain fees which cover about eighty-five percent of the cost of his education. The remainder of the costs are provided by gifts from friends of the College, supporting districts, endowment income, and other earnings.

For a list of the tuition charges and fees, see the Fee Schedule insert for the current academic year.

Board and Room Information. The regular meal ticket entitles the student to meals beginning on the evening preceding registration at the beginning of each quarter and expires with the noon meal on the day after final examinations each quarter. During interims between quarters and vacation periods of more than two instructional days, students staying on campus may purchase meals at the regular cash rates for students, when the cafeteria is operating.

Special meal tickets for students whose work keeps them from taking all their meals in the cafeteria, or who commute to their homes on weekends, are available upon request from the Dean of Students office.

The College reserves the right to change the rates during the year if it is deemed necessary.

Educational Benefits. Northwest College is approved as an educational institution for the training of veterans or their children. Application should be made at their local Veterans' Administration Office for certificates of eligibility. Those qualifying under the extended Social Security Act should apply for benefits at their local offices of the Social Security Administration. The College will make the proper certifications as to enrollment and attendance after the student has enrolled in the College.

Financial Policy. Recognizing the necessity for the prompt payment of all school fees, not only as a good business principle but for the sake of character development, the Department of Education of the Assemblies of God has set forth the following financial policy:

In order to improve our present educational institutions and to guarantee their future, each student is expected to reimburse the school for the full amount of his obligation on or before the close of each quarter. No final examinations may be taken until a satisfactory arrangement has been made with the business office. No diplomas, degrees or transcript shall be expected or received until satisfactory payment is made for all school obligations.

ESTIMATED COSTS PER QUARTER

The approximate cost of tuition, fees; board and room, for one quarter is \$935.00. This will vary according to academic load, subject matter, and special fees. A minimum of \$50.00 per quarter should be allowed for books. The cost for a student commuting from home is approximately \$535.00 per quarter.

Tuition, 11 credits or less, per quarter	38.00
Tuition, over 17 credits, per quarter	26.75
Auditing per credit hour (includes all fees) ½ tuition	19.00

Payment of Accounts. The regular school year is divided into three quarters of approximately three months each, and tuition is based on the quarter. Students are expected to pay tuition and fees in full by the first day of classes each quarter.

For students who cannot pay their accounts in full at that time, a system of deferred payments can be used whereby the fees plus one-half of the tuition, board and room charges are paid at the beginning of the quarter, the balance falling due 30 days before final examinations.

A 6% carrying charge shall be added to unpaid balances after the first day of classes. Accounts paid in full (and received at the College) by the close of the 15th day after classes begin, will receive a 6% discount credit. Those paid in full (and received at the College) by the close of the 30th day after classes begin, will receive a 3% discount credit. Bookstore purchases shall be on a cash basis.

Unpaid balance at the end of the quarter must be secured by a note, bearing 1% interest per month, co-signed by parents if a minor. A student must clear his previous account before starting classes in an ensuing quarter. A student whose account falls 10 days in arrears may be suspended from classes or school.

Tuition costs for summer sessions are an extension of the spring quarter charges on a prorata basis. Students are required to pay cash in advance for the summer sessions.

This policy applies to those qualifying for V. A. benefits.

Refunds. Refunds will be made upon written application on the form provided by the Business Office and will be processed on the following basis: (1) Official withdrawal from college (2) Scholarship credit will not apply during quarter of withdrawal; (3) Exit clearance by Residence Hall Personnel required if dorm student; (4) Fees are non-refundable (5) Tuition will be refunded on the following scale: 80% during first week of classes; 60% during second week; 40% during third week; 20% during fourth week; no refund after fourth week; (6) Room deposit is non-refundable for an in-term withdrawal; (7) Board and room charges will be prorated according to time student resides in the dormitory. (8) When a student reduces his load, but does not withdraw from College, tuition will not be adjusted after the Friday of the first full week of classes.

Should a student withdraw from summer sessions, tuition charge will be prorated as follows:

80% first and second days

60% within 4 days

40% within 6 days

20% within 8 days

After 8 class days no adjustments will be made.

Financial Aid

Scholarships.

Freshman Scholarships. In order to bring to Northwest College young men and women of high Christian character who have excelled in scholastic attainment in high school, the college offers to all qualified applicants the scholarships described below. It is expected that recipients of these scholarships will give to the college their loyalty and cooperation and that by work and example, they will uphold and promote the Christian ideals of the College.

These scholarships are offered only to high school graduates whose initial matriculation in college is at Northwest College. Recipients must be full-time students and must pursue one of the prescribed courses of study leading to graduation in the college.

The scholarships range from \$200-\$600, depending on rank in and the size of the graduating class, and will be applied on tuition in equal parts over a period of twelve quarters during the four calendar years immediately after the scholarship is granted. Renewal from one year to the next is by application and will be contingent on the student's having maintained a grade point average of not less than 2.50 during his previous year in Northwest College and having maintained a satisfactory citizenship standing.

Youth Talent Scholarships. In recognition of outstanding achievement, Northwest College offers scholarship awards to winners of the Christ's Ambassadors Bible Quiz and Musical Talent competition as follows: District-level, \$75.00; regional level, \$150.00; national level, \$300.00. Awards will be for highest level attained. These are made through the District C.A. Offices and honored by the College, subject to the recipient's meeting the admissions criteria at the College. A maximum of two awards (one in each category—talent and quiz) will be pro-rated over the first three quarters. Any additional awards will be prorated over quarters 4, 5 and 6. Total awards will not exceed two in each category. This scholarship is available to transfer students who are below Junior status.

Missionary Internship Scholarships. A limited number of Internship Scholarships are available to those engaged in approved foreign or home missions work during the summer. The scholarships are in the amount of \$375.00 (\$300 WOM; \$75.00 NC) applied over the three quarters following summer activity. Apply to World Outreach Ministries Council.

Alumni Scholarship Fund. Through the generosity of certain alumni of the College, a scholarship fund has been established to assist students who are in programs of either education or missions. Grants are made on the basis of need, outstanding character, and promise of success in their chosen field. A minimum of 2.50 G.P.A. must be maintained. First-quarter freshmen should not apply. Apply to Financial Aids Officer.

One-Year Service Scholarships. Each year a limited number of P.R. Tuition Scholarships are granted. Services are usually in the form of summer field work by musical groups which travel in the interest of student recruitment. These scholarships may not be applied for, since persons other than the candidates are expected to make the initial move.

The Gospel Publishing House Journalism Scholarship Fund. Offers modest grants to juniors and seniors interested in journalism. See Financial Aids Officer.

Black Scholarships. A home Missions Scholarship up to \$500.00 is available to Black students with financial need who train for and enter ministry in the Assemblies of God.

Bachelor of Theology. A scholarship is available to students pursuing the ThB. program. Twenty-five percent of the tuition for each school year of attendance at Northwest College is applied toward this scholarship. The program must be completed in two years.

Endowment Scholarship Fund. The Brian Elmer Findell Memorial Scholarship Endowment Fund has been established. The interest earnings from the Fund have been designed as a scholarship to aid needy students.

Institutional Aids. Qualifications for loans are based on the student's actual need, determined from his Confidential Statement. (Forms available upon request)

Eligibility for any given quarter is based on the student's grade record up through the previous quarter in college, or upon his cumulative record in high school if no previous college record has been established. An applicant must have maintained a minimum grade point average of 2.00 (C) in both his cumulative and his previous term's academic work in college to qualify for a loan.

Short-term loans, nominal interest bearing, are available as a student aid and include:

The Fred F. Dull Loan Fund—Small loans for financial emergencies

The Lucille Garrison Memorial Loan Fund
The Otto Jantz Memorial Loan Fund
The Robinson Canadian Student Loan Fund—For Canadian Students
The Carolyn Quimby Memorial Loan Fund—Missions

Application should be made with the Business Manager.

The General Council of the Assemblies of God Ministerial Student Revolving Loan Fund. The General Council, Assemblies of God Ministerial Student Revolving Loan Fund was established by the Assemblies of God to make loans available to ministerial students. Priority is given to upper division students in good academic and citizenship standing. When recipient ceases to be a student at Northwest College, nominal annual interest is charged and repayment period is a maximum of five years. Apply to the Business Manager.

Federal Funds.

Basic Educational Opportunity Grant. All students anticipating financial need are urged to file an application to determine their eligibility for the BEOG. This application is the basis for determining additional awards.

Supplemental Educational Opportunity Grant. The same application form also determines eligibility for the SEOG.

National Direct Student Loan. These loans are available through the joint auspices of the Federal Government and the College. These loans are available to qualifying students on a long-range, post-graduation repayment schedule at a low rate of interest. The same application form also determines eligibility for the NDSL as the BEOG.

United Student Aid Fund and Federally Insured. These low cost loans are made through commercial banks. They are usually limited to upper division students.

Apply to the Financial Aids Officer for these loans and grants.

Equal consideration is given to all applicants regardless of race, color, nationality, or ethnic origin.

Grants in Aid. In the interests of educational assistance to the ministry and to the wives of students, certain discounts are granted by the College as follows. Those discounts are applied to tuition only, and the term "tuition" is defined as meaning amounts charged for instructional purposes except for private lessons. It excludes all fees.

Missionary Assistance. Missionaries on furlough who are attending the College will be granted 50 % of their tuition charge.

Foreign Missionaries' Dependents: In recognition of the sacrificial ministry of our foreign missionaries who are serving under active appointment, Northwest College is pleased to extend to their dependent, minor,* unmarried children tuition grants in the amount of 50 % of their tuition charge.

Home Missionaries' Dependents: The amount of 25 % of instructional tuition is granted in the case of dependent, minor,*unmarried children of active Assemblies of God home missionaries.

Ministerial Assistance: Ordained ministers or full-time pastors will receive grants for the amount of 50 % of their tuition charge. A minister who has carried a license for one full year and been in active, full-time ministry also qualifies.

Children of Minister: A grant of 10 % of regular tuition may, upon written application by the parent, be granted to unmarried, dependent, minor children of full-time ministers now in active service.*

Wife of Minister: The wife of a minister whose husband is ordained or licensed and in full-time ministry will be granted a tuition discount of 50 % . The minister must have carried a license for one full-year.

Student Spouse Assistance: The spouse of a student will be extended a 50 % tuition grant provided that the student is a full-time student, or a percentage proportionately less if less than full-time.

Application forms for scholarships and grants may be secured through the Business Office.

All grants will be made with the proviso that recipient students' accounts are to be paid in full before the end of the quarter. Otherwise, the full amount of tuition will be charged.

*Minor: If under 22 as of the first day of classes in the quarter, the discount extends for that entire academic year.

Employment Opportunities. An employment service is offered to the students through the office of the Director of Off-Campus Housing and Employment. Considerable time and attention are given to the placement of, and counseling with, students who need employment. A limited number of part-time jobs are given on campus to students qualifying for them. These are in the cafeteria, library, offices, and occasionally in grounds maintenance. Applications for on-campus employment are handled through the office of the Business Manager. The metropolitan area offers appreciable opportunities for part-time employment while attending college.

Student Activities

“And Jesus increased in wisdom, and stature, and in favor with God and man.” Luke 2:52

Northwest College, through its programs and activities, seeks to develop the whole man—mental, physical, spiritual, and social.

All School Banquet: An evening in springtime is set aside for a semi-formal gathering at which students, faculty, and staff enjoy social and spiritual fellowship.

Associated Married Students: All married students are members of this organization which provides opportunities for social, intellectual, and spiritual growth for married students and their wives.

Associated Men Students and Associated Women Students: These include all N.C. men and women respectively. They seek to promote social, intellectual, and spiritual growth of the student through their activities.

Associated Student Body: Each student is a member of the Associated Student Body. Membership of the Student Council includes the officers of the Associated Student Body, the officers of each class, the Associated Men's Students, the Associated Women's Students, and Married Student Association. The Council guides and promotes student activities and projects.

Chapel: Chapel at Northwest College is held daily and attendance is required. A grade of “S” or “F” is given depending upon the attendance record. Students who plan to work during the school term should plan their schedule to include chapel.

Church Attendance: While at N.C., students are encouraged to make a choice of a church home where they will be available for participation.

Convocation: Traditionally, the new school year formally is opened at this time. Officials, ministers, alumni and friends join the faculty and students on this occasion.

Co-Weds: This organization is for the married women, whether students or wives of students. It provides fellowship among these ladies at a monthly meeting.

Cultural Series: The Cultural Series is sponsored by the Administration and the Associated Student Body to enlighten the students' understanding of the world in which they live. Professionals are brought to campus to share their wisdom, knowledge, and skill learned through experience and travel.

Harvest Time Social: In the fall of each year, the Associated Student Body sponsors an informal evening of fun.

Intercollegiate Athletics: Northwest College is a member of the Pacific Northwest College Conference and the National Little College Athletic Association. Competitive team sports include men's basketball and soccer, and women's basketball and volleyball.

International Food Fair: This is the opening event of the Winter Spiritual Emphasis Week and features food from many different nations. The major emphasis of the evening is world missions.

The Karisma: The college annual is produced by a staff chosen by the Student Council.

Recreation: The Administration and the Associated Student Body jointly sponsor intramural programs in team, dual and individual sports for men and women. The campus facilities include a gymnasium, tennis courts, and athletic field.

Spiritual Emphasis Week: One week during each quarter features a series of religious services. Outstanding speakers are secured for these meetings. The topics include doctrine, evangelism, and missions.

World Outreach Ministries: This organization consists of eight Ministry Interest Groups—World Outreach, Gospel Teams, Campus, Children, Youth and Music, Evangelism, Community Service, and Servicemen's. Instructive and practical experience in Christian service are provided through these opportunities.

General Student Information

Student Handbook: The Student Handbook is issued yearly by the Dean of Students in cooperation with student leaders. This book serves as a guideline for the daily life of Northwest students.

Student Housing: The college maintains four residences on the campus, two for housing men and two for housing women. Furnished for two students each, all rooms have single beds, mattresses, desks, chest of drawers, book shelves, and chairs. Students provide their own bedding, pillows, rugs, and other items. Each residence has automatic coin-operated laundry facilities. (A room reservation deposit is required.) The College assists married students in locating suitable housing in the community. Married students' housing is also available.

The college provides a nurse and health center. The nurse is available at regular times and by special appointment. A group insurance program is required of all students unless they have an adequate private hospitalization plan.

Automobiles: Permits are necessary for the operation and parking of student vehicles on campus. Vehicles must be registered with the Dean of Students Office. Violation of vehicle regulations may result in fines and/or cancellation of the permit. It is expected that students bringing cars on campus will have them properly insured and that drivers will be familiar with the Washington State driver's handbook.

Guidance and Counsel: The college maintains a counseling program to assist the student in his development academically, vocationally, socially, and spiritually. Each student is assigned to a faculty counselor and is also free to counsel with other members of the counseling staff at anytime by appointment.

Marriage: Inasmuch as marriage involves new adjustments to life and many added responsibilities, no student will be allowed to marry during the academic year without special permission. To do so subjects the student to immediate suspension.

Christian Citizenship: As an academic institution, Northwest College has among its distinctive purposes for existence the stimulation and guidance of young people to a broadened spiritual and social awareness. The College considers that concern for the involvement in the spiritual and social welfare of its students is an integral part of its reason for being. In keeping with this concern, the College has sought to evaluate certain matters of conduct and has developed a code of student citizenship. It has concluded that such things as immoral behavior, the use of alcoholic beverages, tobacco, or illegal prurient or pornographic literature and attendance at public theaters do not serve the best spiritual and social interests of the students. Such behavior disturbs and often destroys the spiritual and social educative processes the College seeks to conduct.

In applying for admission to Northwest College a student affirms that he will abide by the stated purposes of the College and will conduct himself in keeping with the standard of citizenship. An acceptable citizenship record must be maintained in order to qualify for graduation or any extra-curricular office or assignment, such as student body, class or W.O.M. offices, Christian service activities, choir tour, editorships, and sports.

Disciplinary action, up to and including dismissal from the College, may be imposed upon a student for failure in action or in spirit to abide by the Statement of Student Conduct as outlined in the College Handbook, the Citizenship Manual, or the other standards of the College. The form of disciplinary action will determine whether and under what conditions a violator may continue as a student in the College.

Disciplinary action may be appealed to the Citizenship Council. Disciplinary action taken by the Council may be appealed by the student to the President of the College. All appeals by a student must be made in writing to the Council or to the President as indicated, within seven days of the action.

Students who have been dismissed from College for disciplinary reasons may not be readmitted within one calendar year without approval of the Dean of Students and thereafter, without approval of the Admissions Committee.

Alumni

Membership: All graduates of the college and all students who have completed at least one year (provided their class has been graduated) together with faculty and staff members who have served the school for two years or longer, constitute the regular membership of the Alumni Association. Wives and husbands of regular members, together with faculty and staff members with less than two years' service and students who were in attendance in school less than one year, shall constitute the associate membership of the Alumni Association.

The aims of the Association are: (1) to help back the College financially, (2) to promote interest in the College on the field among prospective students, and (3) to promote fraternal fellowship among the graduates and former students of the College.

Officers: Officers are a president, vice-president, secretary and treasurer. They are elected for three-year terms by a mail ballot, so that the entire Association may participate in the elections. The president of the Association is a member of the Board of Directors of the College.

Activities: The Association sponsors an annual homecoming as its major event of the year. The annual business meeting of the Association is held as one of the events of homecoming day. Alumni in the various districts throughout the Northwest region sponsor fellowship gatherings at their respective district councils.

Academic Policies

Academic Load

Credits: "Credit" is a unit of measure for class work. One credit may be earned by satisfactorily completing one quarter-hour of class work. In most instances fifty minutes of class instruction per week for one quarter term constitutes a quarter-hour credit.

Reduction of Load: Working students should plan their academic loads in view of the following limitations:

Outside Work	Academic Load
34 or more hours per week	Maximum, 10 credits or 3 courses
26-33 hours per week	Maximum, 13 credits

Permission of the Academic Dean is required for a student to carry an academic load of more than eighteen credits or to carry an academic load in excess of the limits stated above.

Attendance Requirements. Because the value of a student's classroom performance is not determined wholly by what he may be able to reveal by examination, evaluation of course performance at the college will take into account attendance in class as well as daily application. The college grants no specific number of "cuts" and in no instance will credit be given if a student is absent more than the number of days the class would normally meet in a two week period, except in cases of extended illness or emergency as determined by the Academic Dean and the instructor of the class.

Chapel attendance is required and is made a matter of record on each student's permanent record. Excessive absences will constitute a basis for disciplinary action.

Student Classifications. A **regular** student denotes one who has met the entrance requirements and has been admitted to candidacy for a degree and is making satisfactory progress toward graduation.

A **provisional** student is an entering student granted admission with less than a C (2.0) average in college preparatory work or with less than 1.75 in previous college work, or who ranked below the 75th percentile in high school. Continuance is dependent upon obtaining regular status during his initial year at Northwest College. See the section on Academic Standards below.

A **probationary** student is one who has been admitted to degree candidacy but is required to raise his grade average to meet the college's continuance standards. Continued probational status will result in disqualification. Students achieving less than the level stated below are automatically placed on probation.

A **special** student is permitted to pursue selected courses but is not a candidate for a degree. Special student status is granted by permission of the Academic Dean.

An **auditor** is a student who attends class as a listener only. An auditor does not participate actively in class work and is not subject to attendance requirements. No credit is given for courses audited.

A **full-time** student is one carrying a minimum of 12 credits per quarter.

A **part-time** student is one carrying less than 12 credits per quarter.

Academic Standards A student is assigned to academic probation status when his grade point average (GPA) falls below the following levels:

Freshmen	1.6
Sophomores	1.7
Juniors	1.8
Seniors	2.0

When a probationary student's accumulative GPA rises above these minimum levels he is removed from probation. Students on probation are under the special supervision of the Academic Dean. They will be requested to adjust their academic loads to a maximum of 12 credits. They may be restricted from participation in certain extra-and co-curricular activities. They may be required to enroll in special classes.

To be eligible for continued pursuit of a degree program in the college, students must have met the minimum GPA listed above for admission to the next level of study. Evaluations are made at the end of each academic year. Appeals for enrollment reinstatement should be directed to the Academic Dean.

A student whose grade point average is below 2.0 may be asked to restrict his academic program and extra-curricular activities.

Students who are disqualified for academic reasons may petition the Academic Dean for reinstatement after a lapse of one quarter during which time it is expected that they will reevaluate their educational plans or will take remedial steps towards improvement of scholastic skills. Disqualified students may also petition the Academic Dean for permission to enroll as a special student with the understanding that they will take selected courses for personal benefit and will work under the supervision of the Dean. It is understood that Special Students are not degree-seeking students and that they would not be reinstated to regular student status without permission of the Dean and upon demonstrating improved academic work of such a level as to offer reasonable chance of meeting graduation requirements.

Class membership relating to academic and social activities is determined by the number of credits a student has earned by the beginning of each Autumn Quarter. Classification is based on the following scale:

Freshman:	less than 36 quarter credits
Sophomore:	at least 36 quarter credits
Junior:	at least 84 quarter credits
Senior:	at least 132 quarter credits
Fifth year (Th.B. candidacy):	at least 180 quarter credits

Transfer students granted provisional transfer credit may include such credit for social but not for academic classification.

Change in Registration. A student may drop or add courses by filing with the Registrar a properly completed Change of Course Form, in the Registrar's office. A change-of-course fee is charged for each change (defined as dropping, adding, or both). New courses may not be added after one week of class instruction.

Course withdrawals following the above procedure receive a grade of "W" through the last class day of the quarter. Unless the prescribed procedures are followed, the student will receive a grade of "UW" on his permanent record.

Withdrawals from college may be made by securing the proper form from the Registrar, completing it, securing appropriate signatures, and filing it with the Registrar. If the student finds it impossible to follow this procedure because of illness or emergency, he must notify the Registrar within one week after leaving college. The college reserves the right to require a letter of consent of parents or guardians for students under twenty-one years of age. A student who is absent for more than two weeks consecutively without contacting the college to explain the reason for his absences will be dropped from the college with unofficial withdrawal status.

Grading System

Grades	Significance	Grade Points
A	Superior	4
B	Above Average.	3
C	Average	2
D	Passing	1
F	Failure	0
W	Withdrawal	-
I	Incomplete.	-
S	Satisfactory	-
UW	Unofficial Withdrawal	-

Honors. Those who have maintained a 3.3 to 3.5 grade point average will have their degrees conferred **cum laude**. Those who have an average of 3.6 to 3.8 will have their degrees conferred **magna cum laude**. Those who have achieved an average of 3.9 to 4.0 will have their degrees conferred **summa cum laude**.

Graduates of the Biblical Studies Division are eligible for nomination for membership in Delta Epsilon Chi, the national honor society of the member schools of the American Association of Bible Colleges. Qualifications for membership in the society are a minimum of 3.3 grade point average, a citizenship record of high rating and the demonstration of Christian leadership. Nominations for membership are restricted in number to not more than seven per cent of the graduating class and are selected by the faculty.

In addition to graduation honors, students who earn a current grade average of 3.3 or better, while carrying twelve credits or more, are placed on the Dean's Honor List, which is published at the conclusion of each quarter.

Registration Procedure. All students must register on the scheduled registration dates as listed in the college calendar in the catalog. A late fee is charged for late registration. Students are not permitted to register for credit after the first week of the quarter except by special permission of the Admissions Committee.

No one will be admitted to classes until his registration is completed and approved by the Registrar's office as evidenced by the Class Enrollment card. No registration is complete until tuition and fees have been paid or until satisfactory arrangements have been made with the Business Office.

Student Records. Student records are maintained in the Office of the Registrar. They are available for the inspection of the student concerned upon written request to the Registrar. Excepted from access are reference documents acquired by the College in the admissions process for which the student has waived access in consideration of the purposes and objectives of confidentiality in the character-reference process.

Transcripts of record will be released only upon the written consent of the student involved and may not be transferred to another party without the student's written consent.

Orientation. New students, including transfer students, are to meet at the time and place indicated in their enrollment instructions. New students will be given certain pre-registration examinations for purposes of appraising scholastic aptitudes, proficiency in certain basic skills and personality traits as an aid to guidance and counseling.

Class Schedules. Classes are scheduled in fifty-minute periods beginning at 7:30 a.m. and running to mid-afternoon. A chapel hour, during which no classes meet, is scheduled at mid-morning each day. The student arranges his schedule according to the requirements of his own program.

College Credit Via Clep Tests. College Credit by examination is possible through the CLEP test (College-Level Examination Program). Students who believe they have advanced knowledge equivalent to course offerings may see the Registrar for details concerning these tests.

Scores equal to the 40th percentile in the national Sophomore level norms are required for granting of credit for the General CLEP tests. Acceptance of the tests by the College does not commit another college to confer credit for them in transfer.

Summer School. The Summer School session is designed to provide courses in areas of selected interest for enrichment and acceleration of students' progress towards graduation.

The schedule is designed in a concentrated manner so as to be contained within a four-weeks' time frame. A student may earn up to ten quarter credits in a summer session. From time to time there are scheduled shorter seminars and workshops with guest lecturers with expertise in special topics of current significance or professional value. Summer internship programs are also handled as part of the summer session.

For specific information a Summer Session Schedule may be obtained from the Registrar's Office. The regular admissions process is not required except for students who wish to matriculate into the College to pursue a degree program or into regular day school studies.

Evening Classes. A limited number of classes are scheduled during certain evenings of the class week so as to be available to non-matriculated students and to regular students who cannot schedule them during the day schedule.

The evening school classes are not part of an extension program of sub-college level. They may be taken with or without credit and may be taken in combination with day classes or may be taken on an evening class schedule only. Courses offered are generally selected courses in areas of Christian Education, Literature, Bible, Communications, and special topics courses. Prospective students desiring further information about the evening classes should contact the Admissions Office at the College. Formal admissions to the college is not required to enroll in evening classes unless students wish to matriculate into regular student status at the College.

Degrees And Requirements

Northwest College offers the Associate in Arts Degree upon successful completion of the two-year curriculum and the Bachelor of Arts upon successful completion of a four-year curriculum. It offers the Bachelor of Theology Degree upon successful completion of the five-year curriculum. A diploma is awarded upon successful completion of the three-year curriculum in Bible.

Candidates for a degree must satisfactorily complete 93 credits for the A.A. degree, 183 credits for the B.A. degree, and 228 for the Th.B. degree, including General Studies requirements and the requirements of a specific program as outlined in the catalog. The three-year diploma program requires a successful completion of 138 credits as specified.

Candidates for graduation must achieve a 2.0 (C) average. A minimum of one year of work (36 hours taken in three quarters) within one division of the college must be completed at Northwest College, including the final quarter of required work prior to graduation. Candidates for graduation must make formal application for their degrees during the first quarter of their year of graduation.

At least one-third of the total credits in four- and five-year programs should be in courses numbered 300 or above and taken in the Junior and Senior years. Not more than one four-year bachelor's degree may be conferred at any one Commencement upon the same candidate for graduation.

Not more than one-sixth of a student's total program may be extension credit. Not more than 18 credits in ensemble music may be credited to a four-year program and not more than 12 to a two-year program. Not more than six credits in physical education may apply towards graduation in either a two- or a four-year program.

Applicants for graduation will be assessed a fixed graduation fee to cover costs of set-up, engraving, cap and gown rental, and other costs connected with commencement. In the event of cancellation a portion of the fee is retained to cover set-up costs.

Programs And Majors.

- I. DIVISION OF GENERAL STUDIES. Programs in this division are two-year Liberal Arts programs (except for the one-year pre-Nursing program). They are based on the general requirements for graduation together with a suggested use of elective hours for selected emphases. Suggested outlines appear at appropriate points in the catalog.

- A. Humanities Group.
 - 1. Humanities emphasis
 - 2. Pre-Music education emphasis

Courses of Instruction. All courses listed are offered every year unless otherwise indicated. If courses are to be offered only in alternate years, the designations (A) or (B) will so indicate. Alternating courses to be offered during the academic year 1978-79 are those bearing designation (B), and those in 1979-80 the designation (A).

The college reserves the right to cancel any courses for which there is not sufficient registration.

In general, Freshmen take courses numbered 100-199, Sophomores those numbered 200-299, Juniors 300-399, and Seniors those numbered 400 and above. Freshmen and Sophomores may not enroll in courses numbered 300 and above except by special permission from the Academic Dean. Where course numbers are hyphenated, all courses in the series must be completed in order to receive credit. Course credit is indicated after the course title.

Division Of General Studies

Suggested curricular programs for the Division of General Studies are grouped in three broad study areas - (1) Humanities, (2) Social Studies, and (3) Natural Science and Mathematics - and are presented in that order. An overview of the purpose of each area of subject matter is outlined in the following paragraphs.

Divisional Objectives. As relating to the student's personal development, the Division of General Studies seeks to provide insights into mankind's continuing pursuit of truth and the Christian scholar's heritage as embodied in the teaching and thought of devout and scholarly men. As it relates to his vocational purposes, the division seeks to provide studies foundational to majors in the several fields of arts and sciences or in the division of Religion and Philosophy.

The Humanities. The Humanities include courses in English and Literature, Communications, Modern Languages, Art, and Music. Humanities courses teach communication skills necessary for effective writing and speaking in the English language; provide instruction in reading, writing, and speaking of modern foreign languages; seek to develop understandings and appreciations for literature; and seek to cultivate artistic perceptions and skills in the fine arts.

Curriculum of General Studies with Humanities Emphasis. It is suggested that students planning college majors in English, Communications, Modern Languages, Philosophy, or in the Fine Arts include the following courses in their college schedules.

First Year	Second Year
English 101, 102. 6	English 203 3
Literature 5	Communications 121 3
Music 102 or Art 101 3	Foreign Language 9

History or Pol. Sci. 5	Miss. 141 3
Psychology 191 5	Philosophy 285 5
Sociology 111 5	Humanities electives 7
Physical Education and Hygiene . . . 5	

Curriculum of General Studies with Communications Emphasis. The following selection of subject matter is recommended for students planning majors relating to the field of Oral Communications.

First Year	Second Year
Communications 121, 222, 228 9	Communications (223, 224, 225, 226) 9
English 101, 102. 6	Music 102/Art 101 3
Literature 5	Missions 141 3
Bible 105, 110, Theo 121 9	Science Math. 13-15
Social Studies (History, Sociology, Psychology) 15	Foreign Language or Language Arts 9
Physical Education 3	Personal Hygiene 2

See page 58 for minor in Communication and Preaching.

Curriculum of General Studies with Music Emphasis. The following course selections are recommended for students desiring majors in music for performing arts or music teaching.

First Year	Second Year
Music 111, 112, 113 11	Music 102, 203, 211, 212, 213 17
Applied Music 3	Ensemble Music 3

Sociology 111 5	History/Pol. Sci. 5
Bible 105, 110, Theo 121 9	Science/Math 13-15
Physical Education and Hygiene . . . 5	
Communications 121 3	

Social Studies. The Social Studies include Business, Education and Psychology, History and Political Science, Health and Physical Education, and Sociology.

The purpose of Social Studies is to acquaint the student with past and present social forces which have shaped his community, so that he may better understand people and exert a positive influence upon his social environment. Social Studies seek to provide the student a basic acquaintance with the nature of man as an individual, and to provide insights which will enable the student to fulfill a useful career in society and realize a fuller personal life.

Curriculum of General Studies with Business Emphasis. The following selection of courses is useful for students oriented toward a career in business. It should be noted that the College's business offerings are intended to develop office skills rather than business administration skills.

First Year	Second Year
English 101, 102. 6	English 3
Business 12	Business 12
Sociology 111 5	Science/Mathematics 13-15

	History or Political Science 5

Curriculum of General Studies with Emphasis in Early Childhood Education. This selection of courses is designed for those desiring knowledge of the pre-school education program and those seeking to fill positions such as assistants in pre-schools, child-care centers, kindergartens, and other occupations where a knowledge of early childhood education is required. Students may also pursue this training as a specialization core of a Christian Education major in the Biblical Studies division.

Natural Sciences and Mathematics. Biological Sciences, Physical Sciences, and Mathematics make up the Natural Sciences and Mathematics group. The purpose of course work in this area is to enhance the student's appreciation of the physical world as the workmanship of a Divine Creator, and to equip him with basic facilities and understanding for subsequent training in a scientific field of study. Courses offered in this area are for general orientation and breadth rather than for specialization, and are introductory in scope and purpose.

Curriculum of General Studies with Emphasis in Science and Mathematics.

This grouping of subject matter is intended for students needing a general science foundation for majors in scientific and mathematical fields. It is strongly recommended that specific requirements of the student's intended major program be in focus so that transfer of credits may be enhanced by wise choices of courses and sequences at Northwest College.

Suggested One-Year Curriculum with Pre-Nursing Emphasis. It is suggested that students planning to transfer into a nursing program leading to the R.N. should include the following courses in their schedule at Northwest College. Included are basic general studies and chemistry plus some foundational courses in religion for personal Bible knowledge and spiritual culture.

Courses of Instruction

COURSES IN ART

- 101. Art Appreciation** **3 credits**
Course combines the study of art elements and principles with their illustration by slides and audio-visual presentations. Includes a concise history of art from the Renaissance to the present day. No studio work. Will meet Fine Arts requirement in the General Studies requirements except in programs where Music 100 or 101 may be specified.
- 102. Drawing and Painting** **3 credits**
Studio work for beginners in design, drawing and painting. Emphasis on building a vocabulary of drawing forms which may then be used in creative composition. Media are pencils, conte crayons and acrylic paints. Art 101 is not a prerequisite for Art 102.

COURSES IN BUSINESS

- 100. Introduction to Business** **3 credits**
A study of the various areas of business such as production, distribution management, personnel, and finance. Designed to give the student a broad, general knowledge of business and how it operates. A foundation for more advanced courses in business.
- 101. Beginning Typewriting** **3 credits**
For beginning students who have not learned the touch system of typewriting. No credit for students who have one or more years of typing in high school. Meets daily.
- 102. Intermediate Typewriting** **3 credits**
Instruction in typing of business letters, tables, special forms, articles, and manuscripts. Meets daily. Prerequisite: Bus. 101 or permission of instructor.
- 103. Advanced Typewriting** **3 credits**
Emphasis on building speed and accuracy. Further instruction in office forms and office procedure. Meets daily. Prerequisite: Bus. 102 or permission of instructor.
- 105. Beginning Shorthand** **5 credits**
A course in the principles of Gregg shorthand with introduction to speed building. Meets daily. No credit for those with one year high school shorthand with grade of C or better.
- 106. Intermediate Shorthand** **5 credits**
A review of shorthand principles and an emphasis on speed and vocabulary building. Meets daily. Prerequisite: Business 105 and 102, which may be taken concurrently, or by permission of instructor.

- 107. Advanced Shorthand** **5 credits**
 Emphasis on dictation, speed building, transcription, advanced phrase and vocabulary building, and a review of correct English usage. Meets daily. Prerequisites: Business 106 and 103, which may be taken concurrently, or by permission of instructor.
- 110. Business Machines and Mathematics** **5 credits**
 Instruction and practice in the operation of the ten-key adding machine, printing and rotary calculators, and the transcribing unit of the voice recording machine are combined with a comprehensive review of the fundamental arithmetic operations as related to business usage. Meets daily. Prerequisite: Business 101 or its equivalent.
- 111. Introduction to Data Processing** **3 credits**
 A course designed to acquaint the student with applications of data processing to business.
- 201. Business English and Correspondence** **3 credits**
 A comprehensive review of English grammar, spelling, punctuation, and other mechanics as a basis for writing effective business communications. A study of letter-writing principles applied to the writing of various types of business letters.
- 215. Office Procedures** **3 credits**
 Designed to develop and integrate clerical and secretarial knowledge and skills needed in the general office. Meets daily.
- 220. Principles of Accounting** **5 credits**
 Fundamentals of accounting including the basic principles, theories and procedures for reporting business transactions. Meets daily. It is recommended that the student have completed Business 110 or its equivalent prior to this course.
- 221. Principles of Accounting** **5 credits**
 Continuation of the fundamentals of accounting and including a study of the voucher system, accounting for payrolls and taxes, partnerships and corporations. Meets daily. Prerequisite: Business 220.
- 222. Income Tax Preparation** **1 credit**
 A study of income taxes and the preparation of returns for the individual and for businesses.
- 250. Introduction to Economics** **3 credits**
 A study of economic principles as they relate to modern society. Offered on demand.

COURSES IN COMMUNICATIONS

- 121. Basic Principles of Oral Communications** **3 credits**
 A basic course in effective speaking with special emphasis on choice and organization of material, sound reasoning, oral style, and delivery.

- 220. Mass Communications** **3 credits**
 An introductory course of the history, functions, and control of the mass media. Special emphasis will be placed on the impact mass communications have on today's Christian.
- 222. Principles and Psychology of Communications** **3 credits**
 Special emphasis will be given to audience psychology and audience analysis along with development in research technique and group dialogue.
- 223. Radio Production** **3 credits**
 Principles of broadcast media as they apply to radio: writing for listeners, planning full programs, including skills for pastoral and missionary ministry.
- 224. Interpretative Reading** **3 credits**
 A study in the techniques of oral interpretation, including skill in the public reading of the Scriptures.
- 225. Argumentation and Debate** **3 credits**
 An introductory course in the fundamentals of logical analysis, preparation of brief and experience in debating.
- 226. Group Discussion and Conference** **3 credits**
 Discussing as an everyday community activity with emphasis on the informal cooperative problem-solving methods of conferences.
- 228. American Public Address** **3 credits**
 Historical and critical study of principal speakers and speeches and of their influence on American life.
- 234. Parliamentary Law** **2 credits**
 For description, see Practical Theology 234.
- 297. Group Readers Workshop** **1 credit**
 For students interested in participating in an interpretative reading dramatic production. Prerequisite: Comm. 224 or permission.
- 298. Forensics Workshop** **1 credit**
 A workshop for students interested in participating in inter-collegiate speech tournaments such as debate and interpretative reading.
- 299. Radio Workshop** **1 credit**
 Special projects designed to meet the interests and needs of students in the operation of the campus radio station. Prerequisite: Permission.

COURSES IN EARLY CHILDHOOD EDUCATION

- 160. Introduction to Early Childhood Education** **3 credits**
 An introduction to the theories and practices of early childhood education. Observations will be made in pre-school facilities in the immediate area.
- 161. Fundamentals of Early Childhood Education** **5 credits**
 Materials, methods and professional practices relevant to early childhood education. Consideration of the influence of the cultural environment on the developing child.

- 262. Children's Creative Activities** **3 credits**
 Planning, selecting, preparing and presenting creative curriculum materials and activities to the young child.
- 263. Evaluation Techniques** **5 credits**
 Ways and means of evaluating pupil progress. Prerequisite: 160, 161.
- 264. Parent Education** **3 credits**
 A lecture and discussion in interviewing techniques, emphasizing the development of competency in parent contacts. Skills to involve the parent with the basics of child rearing to enable them to understand the importance and influence of the child's home and school environments.
- 265. Curriculum Development** **5 credits**
 This course provides background knowledge of curriculum and curriculum development and the opportunity to practice planning a curriculum for an Early Childhood Education situation. Prerequisite: 160, 161.
- 365/366. Practicum in Early Childhood Education I, II.** **3 credits per quarter**
 Supervised learning experiences in specific school situations at the preschool, kindergarten, and primary grade levels. Students may receive a maximum of six credits in practicum. Prerequisite: 160, 161.
- 367. Day Care Center** **3 credits**
 This course undertakes a comprehensive study of day care: its purposes, goals, principles, staff training, health services, and the children whom it serves.
- 368. Administration of Early Childhood Education** **3 credits**
 Administrative philosophy and procedures as they relate to Early Childhood Education.
- 399. Special Topics in Early Childhood Education** **3 credits**
 A study of selected topics of particular interest to the Early Childhood Education teacher, such as creative drama, music, games, stories, and poetry.

COURSES IN EDUCATION AND PSYCHOLOGY

- 100. Study Skills** **1 credit**
 A course dealing with proven methods of effective study designed to assist students in achieving academic success in college.
- 101. Introduction to Education** **5 credits**
 A study of the historical and philosophical backgrounds as well as the present day scope and function of education as part of society's process of fitting its members for life in the group. Four hours observation required.
- 191. General Psychology** **5 credits**
 An introduction to the basic principles of human behavior taught from a scientific and Christian point of view.
- 203. Educational Psychology** **3 credits**
 A course concerned with the study of human learning in the educational setting.

- 253. Audio-Visual Methods and Media** **3 credits**
 For description see Courses in Christian Education 253.
- 292. Child Growth and Development** **5 credits**
 A study of the development of the child from infancy to adolescence, with special attention to the importance of such development in relation to the teaching situation.
- 293. Psychology of Adolescence** **3 credits**
 This course deals with the characteristics, problems, and needs of the adolescent. Alternate years (A).
- For further courses in Education see Courses in Early Childhood Education.

COURSES IN ENGLISH AND LITERATURE

- 101. Composition and Rhetoric** **3 credits**
 Purpose is to teach students to write four kinds of prose—narration, description, exposition, and argument. The course does not deal systematically with grammar. Students with basic deficiencies must correct them through concurrent programmed instruction.
- 102. Composition of Research Paper** **3 credits**
 The purpose of this course is to have students learn the basics of doing research and organizing their findings into an acceptable form for college writing.
- 203. Effective Writing** **3 credits**
 The purpose of this course is to develop ideas and to express them in clear prose writing. It does not teach the writing of fiction and poetry. Prerequisite: English 102 or permission.
- 211. English Literature: Beowulf to Blake** **5 credits**
 Major British authors and works from the Old English period to about the close of the eighteenth century. Prerequisite: English 102 or permission.
- 212. English Literature: 19th and 20th Centuries** **5 credits**
 Major British authors and their works from the Romantic, Victorian, and Modern periods. Prerequisite: English 102 or permission.
- 221. American Literature: Pre-Civil War Periods** **5 credits**
 Major American authors and their works from the Colonial period to the beginning of the Civil War. Prerequisite: English 102 or permission.
- 222. American Literature: Civil War to Present** **5 credits**
 Major American authors and their works from the time of the Civil War to the present. Prerequisite: English 102 or permission.
- 291, 292, 293. Publication Workshops** **1 credit per quarter**
 Training workshops for instruction and skills development for students participating in campus publications such as the college annual and campus journal, and other publications involving organization, management, layout, photography and the like. Maximum credit allowed six hours.

- 233. Christian Classics** **2 credits**
 This course will vary in content but will deal with Christian literary works found in World Literature. Writers such as St. Augustine, Dante, Erasmus, Pascal, and Kierkegaard will be used. Emphasis will be placed on their literary value as well as their theology.

COURSES IN HISTORY AND POLITICAL SCIENCE

- 180. History of Western Civilization I** **5 credits**
 A survey of the history of man from earliest times to 1500 A.D. in western civilization. Encompasses Ancient and Medieval periods.
- 181. History of Western Civilization II** **5 credits**
 Basically a European History from the medieval period to 1815.
- 182. History of Western Civilization III** **5 credits**
 A European History from 1815 to the mid-Twentieth Century.
- 183. U.S. History to 1877** **5 credits**
 A study of the social, political, cultural and intellectual development of the U.S. from the time of its exploration to 1877.
- 184. History 1877 to the Present** **5 credits**
 A continuation of United States History from 1877 to the present.
- 280. American Government** **5 credits**
 An introduction to American National Government with comparisons to the British, French, and Soviet systems of government.
- 285. History of the Pacific Northwest** **3 credits**
 A study of the history of the Pacific Northwest from its discovery to the present. Includes a study of development of state government.
- 385. Intertestamental History and Literature** **3 credits**
 See History of Christian Life and Thought 385 for description.
- 386. Latin American History** **3 credits**
 A seminar-discussion class including student reports and analysis of selected readings.
- 387. Modern Far Eastern History** **3 credits**
 A seminar-discussion class including student reports and analysis of selected readings.
- 388. Modern Mid Eastern History** **3 credits**
 A seminar-discussion class including student reports and analysis of selected readings.
- 390. Modern World History Since 1945** **3 credits**
 A seminar-discussion class including student reports and analysis of selected readings.
- 391. The Christian and Contemporary Society** **3 credits**
 A course designed to look at some contemporary issues such as politics, war, hunger, etc., and discuss what Christians can contribute to problem solutions.

COURSES IN MATHEMATICS AND SCIENCE

- 101. Intermediate Algebra** 5 credits
This course seeks to develop understanding of, and facility in the use of, elementary algebraic processes. Comparable to second year high school algebra. Not open for credit to those completing three semesters of high school algebra with a grade of B or higher.
- 102. Elementary Functions** 5 credits
Relations, inequalities, conic sections, rational, logarithmic circular, trigonometric, and inverse functions. This course provides material leading to calculus. Prerequisite: 1 1/2 years of high school algebra or Mathematics 101.
- 110. Mathematics for Elementary Teachers** 5 credits
A study of number systems and numeration, notions of sets and concepts of algebra and geometry as related to elementary school mathematics. Prerequisite: One year of high school algebra or equivalent.
- 110. Principles of Biology** 5 credits
Study of biological principles relating to living organisms. Basic chemical structure, cellular and subcellular morphology, energy utilization, reproduction and development, and ecological interrelationships are examined. Not open for credit to those with two years of high school biology. Three lectures and two two-hour labs per week.
- 111. General Botany** 5 credits
An introduction to plant taxonomy, morphology, energy processes, reproduction and ecological interrelationships. Three lectures and two two-hour labs each week. Prerequisite: Science 110 recommended.
- 112. General Zoology** 5 credits
An introduction to the animal kingdom. An overview of tissue, organ and organ system operations. Includes morphological, taxonomic, and ecological relationships. Three lectures and two two-hour labs weekly. Prerequisite: Science 110 recommended.
- 116. Human Anatomy and Physiology** 5 credits
Design and operations of the major systems, including cellular, tissue, and organ systems specialization giving functional unity to the human body. Three lectures and two two-hour labs per week. Prerequisite: Science 110 recommended.
- 120. College Chemistry I** 5 credits
Study of atomic and molecular structure, equations, stoichiometry, solutions, equilibrium and some descriptive chemistry. Recommended for terminal science studies or for non-science majors. Three hours lecture and two two-hour labs each week.
- 121. College Chemistry II** 5 credits
Study of electrochemistry, chemical families, organic chemistry and elementary biochemistry. Three hours lecture and two two-hour labs each week. Prerequisite: Science 120.

122. **General Chemistry I** 5 credits
 Nature of matter, atomic and molecular structure, solutions, and equilibrium. For science majors or those pursuing science-oriented studies. Three hours of lecture and two two-hour labs per week. Prerequisite: one year high school chemistry with grade of C or better and one year of high school algebra.
123. **General Chemistry II** 5 credits
 Electrochemistry, descriptive chemistry. Continuation of General Chemistry 122. Three hours of lecture and two two-hour lab periods each week. Prerequisite: Science 122.
124. **Qualitative Analysis** 5 credits
 A study of the separation and identification procedures for common cations and anions with selected topics. Three hours of lecture and two two-hour labs per week. Prerequisite: Science 123.
213. **Theories of Evolution** 3 credits
 A course designed to acquaint the student with some modern evolutionary theories of the origins of the universe and man. Comparison is made with Biblical creation. Recommended prerequisite: Science 110 and/or 220.
214. **Genetics and Man** 3 credits
 The study of the chemical basis of heredity and the resultant genetic patterns will be studied as the basis for an examination of the effects of heredity on man. Man's use of this knowledge to better himself and his world will be discussed.
215. **Ecology and Man** 3 credits
 An introduction to ecological principles, especially as they relate to man. Man's role in nature will be examined, giving emphasis to cause and effect of behaviors and to the interrelationships in nature. No Prerequisites.
220. **Physical Science Survey** 5 credits
 This course introduces principles from astronomy, geology, chemistry, and physics in order to give the student a better understanding of his physical world.

COURSES IN MODERN LANGUAGE

The modern language requirement may be met by completing one year of foreign language in college. The requirements may be waived if the student has completed three years of the same language in high school, or upon passing a competency exam for less than three years of high school language study, or if English is a second language to the student petitioning for waiver. Students with two years of high school language wishing to continue in the same language will normally be placed in intermediate level language at the college level and may not repeat elementary level language for college credit except by permission.

- 101, 102, 103. **Elementary Spanish I, II, III** 5 credits per quarter
 Essentials of grammar, pronunciation, conversation and readings in Spanish culture. Not open to those with two or three years of high school Spanish with grade average of B or better except by permission.

- 204, 205, 206. **Intermediate Spanish I, II, III** 3 credits per quarter
 Grammar review; continued reading and composition. Prerequisite: 103 or permission. Offered on demand.
- 105, 106, 107. **Elementary French I, II, III** 5 credits per quarter
 Essentials of grammar and pronunciation. Conversational approach stressed. Readings in French culture and from *La Sainte Bible*.
- 208, 209, 210. **Intermediate French I, II, III** 3 credits per quarter
 Conversational approach continued. Prerequisite: 107 or two years of high school French, or permission.
- 111, 112, 113. **Elementary Swedish I, II, III** 5 credits per quarter
 Essentials of grammar and pronunciation. Conversational approach is stressed. (Offered on demand.)

COURSES IN MUSIC

101. **Introduction to Music** 3 credits
 An orientation to the theory of music including notation, scales, key signatures, rhythm, intervals and simple chord construction. Exemption by examination.
102. **Music Appreciation** 3 credits
 The development of skills in listening and understanding music with emphasis on the historical development of music and its relationship to the other arts.
103. **Basic Conducting** 2 credits
 An introduction to basic techniques of conducting with special application to directing congregational singing and simpler choral materials.
- 111, 112, 113. **Music Theory I, II, III** 4 credits per quarter
 These courses emphasize the development of skills in the harmonization of simple melodies, involving triads in root position and inversions, chord progressions, and nonharmonic material. Includes instruction in harmonic and melodic analysis, form, sight reading, ear training, and keyboard harmony. Prerequisites: Music 101 or passing grade on entrance examination; background in piano or concurrent instruction in piano.
121. **Hymnology** 3 credits
 Historical development of the hymn and hymn tune including Greek and Latin hymns of the Reformation; psalmody, the English and American hymn; and the gospel song. Standards for analysis and evaluation of hymns and tunes and use of the hymn in the devotional life of the church.
203. **Conducting I** 3 credits
 A study of rehearsal techniques and principles of interpretation for both choral and instrumental groups. The course includes a general survey of sacred choral and instrumental literature, and supervised instruction of a lab choir. Prerequisite: Music 103 and 113, or permission.

- 211, 212, 213. Music Theory IV, V, VI** **4 credits per quarter**
 A continuation of the studies outlined in Theory I, II, III above. Includes the study of seventh chords, altered and secondary chords, modulation and contemporary techniques. Prerequisite: Music 113 and passing grade on Piano Proficiency examination.
- 216. Form and Analysis** **3 credits**
 The analysis of illustrated passages of harmony from all schools of composition. The elements of music form, from the motif through the development of the composite forms are included with the analysis. Prerequisite: Music 113.
- 321, 322, 323. Music History and Literature** **3 credits per quarter**
 The aim of the course is to enable the student to understand and enjoy the work of all periods of musical development, including early schools of sacred and secular composition, development of instruments, vocal and instrumental forms, and their influence, illustrated on piano and phonograph with scores.
- 331. Composition and Arranging I** **3 credits**
 Analytical study and techniques of original composition and arranging of church related choral music. Prerequisite: Music 213.
- 332. Composition and Arranging II** **3 credits**
 Advanced techniques in original composition and arranging of church related choral and instrumental music. Prerequisite: Music 331.
- 403. Conducting II** **3 credits**
 Advanced technical study of the choral and instrumental score, interpretation, rehearsal, and performance. Specific study of sacred music literature. Supervised instruction of lab choir. Prerequisite: Music 203 and 213.
- 416. Counterpoint** **3 credits**
 A study of the various contrapuntal methods from the 16th through the 18th centuries. Modal counterpoint studied through performance, analysis, and 2-3 part writing. Emphasis on 18th century styles. Prerequisite: Music 213.
- 421. Church Music Administration** **3 credits**
 The organization, administration, and direction of a comprehensive music program in the local church. Development of graded choir programs, rehearsal techniques, materials for children's, youth, and adult choirs. Prerequisite: Music 203.
- 491, 492, 493. Sacred Music Internship** **1 credit per quarter**
 This course is a practicum in church music administration. It is designed to give the student first-hand experience in the practical aspects of directing and administering a sacred music program. While it is advisable for the student to participate in as many musical activities as possible in the church to which he will be assigned, it is possible for him to meet the requirements of the course through participation in a specific area of the music program, e.g. directing a choir. Prerequisites: Music 203, 213, and 421, and junior class standing.

APPLIED MUSIC

Applied music is offered in voice, piano, organ, guitar, and orchestral instruments. Ten private one-half hour lessons with a minimum of 5 hours of practice per lesson are evaluated as one unit of credit. Registration in applied music carries with it a lesson contract engaging an instructor's time for the quarter.

In piano and voice, levels are determined by jury at the end of each academic year (unless required by the student at another time). Applied music students may be classified as beginning students for no more than two quarters. After that time, they must progress to the intermediate level or be dropped from instruction.

The Music Major Performance Degree is offered in piano and voice only. Private instruction for performance majors will be offered at the intermediate and advance levels only.

A. PIANO

Private piano study is designed to meet the needs of the individual student. Lessons are offered at beginning, intermediate, and advanced levels. These lessons provide instruction in reading and interpreting classical and sacred literature for the piano. Attention will be given to scales, chords, touch technique and timing.

COURSES OFFERED.

- 101. Beginning Piano** **1 credit**
Teaches the relationship of the keyboard to printed music (treble and bass clefs); the timing aspect of music (understanding of the simplest note symbols per beat in even tempo); the mechanics of music (the 15 keys, major scales and triads); piano technique (how to touch the keys, i.e. dynamics); and elements of interpretation for piano literature (phrasing, projection of a melody over an accompaniment, etc.). Simple piano literature to be read at sight in even tempo. Notation to include 16th notes.
- 111. Intermediate Piano** **1 credit**
The student who can demonstrate an applied understanding of beginning piano is ready to transfer this understanding to more complicated piano literature, both tone and timing concepts. Full major chords and arpeggios are learned, as well as parallel and contrary motion playing major scales, triads, full chords, and arpeggios. All minor scales, triads, full chords, and arpeggios are learned, as well as diminished and augmented triads and dominant seventh chords. Piano literature to be read at sight in even tempo. Notation to include 32nd to 64th notes.
- 121. Advanced Piano** **1 credit**
The student who can comfortably demonstrate an applied understanding of the intermediate level is ready to transfer this understanding and skill into complex piano literature (double-movement timing and notation to include the 128th note). An emphasis on velocity in playing parallel and contrary motion in all scales, triads, full chords, and arpeggios. Piano literature to be read and performed in a polished manner.

B. VOICE

Private voice study explores correct singing technique and breath control. This includes the literature of other languages (no previous experience necessary) and of various styles and periods of vocal music. The ability to read music is a prerequisite. Students judged deficient in this area by their instructor will be required to complete Theory III before registering in voice.

COURSES OFFERED.

102. **Beginning Voice** 1 credit
Requires an ability to read at least the staff of one's voice (treble for women; bass for men). Also a basic understanding of rhythmic values and pitch intervals.
112. **Intermediate Voice** 1 credit
The student must possess the above abilities in addition to demonstrating his ability to sing a basic English and Italian Art Song. (Language coaching is given by the instructor.)
122. **Advanced Voice** 1 credit
The student must be skilled in all of the above, and in addition be able to sing a piece from the German Lieder repertoire. No student will be classified as advanced unless he demonstrates a definite ability to continue growth musically and vocally.

C. ORGAN

The piano requirement (three quarters) is required for admission to organ study.

COURSES OFFERED.

103. **Beginning Organ** 1 credit
Basic organ touch and pedal technique. Acquaintance with general organ terms and specifications. Also basic hymn playing technique.
113. **Intermediate Organ.** 1 credit
Expansion of the above with the development of skills in organ literature and service playing. Includes early studies of Bach.
123. **Advanced Organ** 1 credit
Continuation of 113 with later studies of Bach and recent composers. Organ construction and comparison optional to interested students.

D. OTHER APPLIED MUSIC OFFERINGS

104. **Beginning Guitar** 1 credit
114. **Intermediate Guitar** 1 credit
124. **Advanced Guitar** 1 credit
105. **Beginning Violin** 1 credit

115.	Intermediate Violin	1 credit
125.	Advanced Violin	1 credit
106.	Beginning Brass	1 credit

Division of Religious Studies

DIVISIONAL OBJECTIVES.

The Division of Religious Studies seeks to provide in-depth training in Biblical and professional studies in preparation for Christian ministry. Specifically comprehended within the scope of the division's aims is the preparation of pastors, evangelists, Christian education and youth ministers, ministers of sacred music, missionaries, and church staff workers.

To provide the broad general education base needed for his professional specialization, the student will pursue the General Studies requirements as outlined in this catalog before selecting within the division a major and a minor corresponding to his special fields of interest.

Each major within the division combines a concentration of studies in Biblical literature and theology with professional studies. The student's skillful selection of major and minor emphases can enhance his usefulness as a minister. The Bachelor of Arts degree is awarded for successful completion of these four-year majors.

Students planning to go on to a graduate school of religion or to a seminary to prepare for the chaplaincy or for some other specialized ministry are encouraged to pursue the divisional major in Religion and Philosophy.

MAJORS:

Biblical Literature, Christian Education, Missions, Pastoral Ministries, Religion and Philosophy, and Sacred Music.

MINORS:

Business (for church staff workers), Christian Education, Communications and Preaching, Early Childhood Education, Counseling Ministries, History, Missions, New Testament Greek, Pastoral Studies, Philosophy, Sacred Music.

Majors

MAJOR IN BIBLICAL LITERATURE

The purpose of the Biblical Studies is (1) to give the student a knowledge of the content of the Bible and (2) to help him develop exegetical skills for continuing study and communication of the Bible. Course offerings begin with a survey of Biblical literature integrated with Biblical history and supporting courses designed to give the student a background and general frame of reference on the Bible. Advanced courses go on to more detailed examination of specific books or sections of the Bible to give the student analytical insight into the representative types of Biblical literature.

A major in Biblical Literature consists of 45 hours of direct Bible study including the six specified hours in General Studies requirements. Required courses: Bible 211, 420; Theology 223; Philosophy, one course; Church History 380 or 381; Christian Education, one course (CE 250 recommended).

A Biblical Literature major will select a minor from Christian Education, Communications and Preaching, Counseling Ministries, Early Childhood Education, History, Missions, New Testament Greek, Pastoral Studies, Philosophy and Apologetics, or Sacred Music.

MAJOR IN CHRISTIAN EDUCATION

The major in Christian Education is designed to train students for Christian education ministries within the Church. There is an increasing demand for training Christian education ministers or directors, providing an important service opportunity. A major in Christian Education lends itself well to dual preparation for service to the Church and, with subsequent training in a teacher-training institution, for service in the public schools. Its primary design, however, is for service to the Church.

The major requires completion of 36 hours in the fields of Christian Education and Education and Psychology (exclusive of General Psychology) and Early Childhood Education. At least 18 hours of this work must be in Christian Education, including 250, 355, and 451. Christian Education majors are encouraged to pursue in consultation with their advisors a grouping of subject-matter in keeping with their special interests (church school, youth work, or administration). Required supporting courses include 45 hours in Bible and Theology including Bible 211 and 420 and Theology 223, Church History 380 or 381; one course in Philosophy (excluding 320); two courses in Communications and/or Homiletics including Communications 121; and one credit in C.E. or youth internship.

Christian Education majors need not select a minor since they have a dual emphasis in Bible and Christian Education. Some may wish to elect minors in Business or Sacred Music as a natural complement to their C.E. majors. Thus they could function in dual roles as church secretaries or music directors within a church along with their Christian education ministries.

MAJOR IN MISSIONS

The major in Missions seeks to provide breadth of knowledge and general orientation for missionary service. Emphasis is upon understanding the world of the missionary, the cultural and social environment in which he lives, and upon acquiring practical skills which will contribute to effective missionary service.

The major is interdisciplinary in nature, combining the insights of such fields as Communications, Sociology, Political Science, and Philosophy. The major requires completion of 36 hours selected from the course list of Missions, including Missions 341, 440, and 441. Supporting courses include one course in Philosophy (excluding 320, 424); 45 hours in Bible and Theology including General Studies requirements and Bible 211, 420; Church History 380 or 381; two courses in Communications including 121; one course in Christian Education (C.E. 250 recommended); and one hour of internship.

The student may elect to take either (Track A) Theology 223, 421, 422, 423, and Practical Theology 331, or (Track B) Theology 223, 9 hours of Christian Education including the divisional requirements, one Communications course, and one course in Christian Philosophy or Systematic Theology. The philosophy course may not count towards both philosophy and missions at the same time. Missions majors are required to complete one year of a modern language, or to satisfy the requirement in other ways as described in the section of this catalog dealing with modern languages. Missions majors are not required to take a minor, since they have a dual emphasis in Missions and Bible.

PASTORAL MINISTRIES MAJOR

The Pastoral Ministries major has been developed especially for students who wish a thorough preparation for fulfillment of their pastoral calling. It adds to the General Studies courses a series of courses in Bible, Theology, and some 40 hours of professional courses relating to pastor's duties.

Requirements for the Pastoral Ministries major include 60 hours of Bible and Theology (including Bible 103, 105, 110, 203, 211, 420, and Theology 121, 223, 421, 422, 423); 10 hours of Pastoral Ministries (including Pastoral Ministries 433, 434, and 435); 9 hours of Homiletics and Communications (including Pastoral Ministries 331 and 332); 6 hours of Counseling Ministries (including Counseling Ministries 392 and 393); 8 hours of Christian Education (including 250 and 451); 6 hours of Missions (including 141 and 440 or 441); 3 hours of Internship; two courses in Philosophy (285 recommended); 5 hours of Church History (380 or 381); plus the General Course requirements not listed above and enough electives to make the program total 183 credits. It is suggested that the student consider including Music 230, Practical Ministries 234, Counseling 481, etc., as electives in keeping with their own proficiencies. No minor is required with the Pastoral Ministries major.

MAJOR IN RELIGION AND PHILOSOPHY

The major in Religion and Philosophy draws upon the broad spectrum of subject-matter within the Division of Religious Studies. It is intended especially for those planning to go on for specialized training in graduate schools of religion or seminaries.

The major in Religion and Philosophy requires a minimum of 60 credits completed in the Division of Religious Studies distributed as follows: 45 hours in Biblical Literature and Theology including those courses in the General Studies requirements, Bible 211 and 420 and Theology 223; 10 hours in Philosophy and Apologetics including Philosophy 285; and 5 hours in History of Christian Life and Thought. Required supporting course work includes a Communications elective and one hour of internship.

MAJOR IN SACRED MUSIC

The major in Sacred Music is designed to prepare the student for a ministry of music in the church. Its specific training objectives include training the student to develop, maintain, and administer the congregational, choral, and instrumental area of church music.

The major requires completion of 73 hours of work in music including 36 hours of Music Theory, 12 in Music History and Literature, and 25 in either Church of Applied Music. Music majors must additionally complete two recitals (Junior, Senior).

Course requirements within the major include 36 hours in Music Theory (including 111, 112, 113, 203, 211, 212, 213, 216, 331, and 416); 12 hours in Music Literature (including 121, 321, 322, and 323); and 25 hours completed in either A. Church Music or B. Applied Music as follows:

A. Church Music must include 332, 403, 421, Private Lessons totaling 9 hours with at least 3 in piano, and one each in organ and voice: 1 hour in a Sacred Music internship; and 6 hours in Choir-Orchestra.

B. Applied Music must include 15 hours in private lessons with a major of 12 hours and a minor of 3 hours selected from either piano or voice. Nine hours are required in Choir-Orchestra, although 3 hours may be chosen as an elective from Church Music Specializations.

Required supporting courses include 45 in Bible and Theology (including those specified in the General Studies list plus Bible 211, 420 and Theology 223), one Christian Education elective and one course in Philosophy or Practical Theology.

Note: Performance Majors must reach the Advanced level in order to graduate. Church Music Majors and Music Minors must reach the Intermediate level in Piano to graduate.

THE BACHELOR OF THEOLOGY PROGRAM

The Bachelor of Theology program is a five-year ministerial training program offering advanced studies in the fields of Biblical Literature, Biblical Language, Theology, and History of Christian Life and Thought. The program is based upon the Biblical Literature major with emphases in Biblical Languages, Theology, and Church History. The Bachelor of Theology degree may be conferred concurrently with the Bachelor of Arts, but to matriculate into the program the student must have completed 180 credits of college work.

Requirements for the Bachelor of Theology include 50 hours of Biblical Literature including those courses in the General Studies requirements and in the Biblical Literature major requirements; 10 hours of Biblical Introduction courses including Bible 501 or 502; 24 hours of Biblical Languages; 24 hours of Theology including the General Studies requirements and Theology 521 or 522; 8 hours of History of Christian Life and Thought including History 380 or 381; 8 hours of Philosophy including Philosophy 285 (Phil. 320 may not be counted); and one hour of internship.

DIPLOMA PROGRAM IN BIBLE

Students who desire a concentration of Biblical subjects with a minimum of general studies requirements may elect this three-year program leading to a diploma rather than a degree. Students who anticipate earning a degree should not enroll in this program.

Requirements for the diploma include completion of 2.0 average of 138 credits distributed as follows:

Biblical Literature, 45 hours; Theology, 15 hours*; Music 100, 3 hours; Missions (including Missions 141 and a general missions course), 6 hours; Church History 380 or 381, 5 hours; English 101 and 102, 6 hours; two courses in Communications including 121; Social Science elective, 5 hours; Physical Education and Hygiene, 5 hours; and either Christian Education (including C.E. 250), 15 hours, and Practical Theology 6 hours, or Christian Education (including C.E. 250), 6 hours, and Practical Theology, 15 hours. The latter options are intended to permit the student to shape his program toward either Christian education or pastoral goals. * The Theology requirement for a C.E. emphasis includes only Theo. 121 and 223.

Minors

MINOR IN BUSINESS (For church staff workers)

A minor in Business is offered as a supporting field of training for church staff workers. It is recommended that the minor in Business be combined with a major in Biblical Literature and with Sacred Music emphasis to meet the needs of those churches which must limit their staff to workers who can fill more than one function.

The minor requires completion of a minimum of 18 hours in Business courses including Intermediate Typewriting or a demonstration of equivalent competence, and Business 110 and 215. For a listing of Business courses see the Division of General Studies.

MINOR IN CHRISTIAN EDUCATION

A minor in Christian Education consists of at least 18 hours completed in Christian Education, and Psychology with a minimum of 9 hours in the first, including Christian Education 250 and 355.

MINOR IN COMMUNICATIONS AND PREACHING

Students pursuing a Bachelor of Arts degree may elect a Communications and Preaching minor. The purpose of this concentration of courses is to provide specialization and training for the oral communication of the Gospel. It is especially useful to those planning to be evangelists, or to students planning any other type of ministry which places an emphasis upon public speaking. The minor requires 18 hours selected from Communications and Speaking courses including Communications 121 and 222, and Homiletics 331 and 332.

MINOR IN COUNSELING MINISTRIES

The minor in Counseling Ministries is designed to provide specialized training at the individual ministry level. The program seeks to respond to the increasing demands for counseling ministries.

It seeks to provide the student with a broad and yet in-depth foundation of supporting course work for understanding human nature from the perspective of Biblical and scientific insights. It seeks to prepare the student for a ministry in which counseling is a part and is balanced with other activities.

The minor requires a sequence of 24 hours of specialized work in counseling courses and internship work including Personality Theories 291, Introduction to Counseling 392, Pastoral Care and Counseling 393, Marriage and Family Counseling 394, and three quarters of Counseling Internship experience. The remaining hours may be selected from Pastoral Care and Terminal Illness 493, Interpersonal Relations 491, Group Counseling and Dynamics 482, Ministry in Crisis Situation 494, Hospital Ministries Theory 495, Hospital Ministries Internship 496, Psychology of Religion 496, and Pastoral Counseling and Assessment 495.

Supporting courses (not required) for the minor include: Educational Psychology 203, Psychology of Adolescence 293, Child Growth and Development 292, Sociology of the Family 215, and Basic Youth Conflicts Institute 199.

The following courses are strongly recommended for the minor: Homiletics 331, 332; and Theology 421, 422 and 423.

MINOR IN EARLY CHILDHOOD EDUCATION

This program is designed to provide basic training for those desiring to prepare themselves for work in pre-school and day-care center programs in the local church.

The minor consists of a minimum of 24 hours of work in Early Childhood Education including ECE 160, 161, 265, 365, 368. Suggested supporting courses: Psychology 203 and Psychology 292.

MINOR IN HISTORY

A minor in History consists of 24 hours of work in History, including the General Course requirements and Divisional requirements in History. At least 9 hours of the work must be in courses numbered at the 300 or 400 level.

MINOR IN MISSIONS

A minor in Missions consists of a minimum of 18 hours selected from the courses listed under Missions including Missions 341 or 441, and 440.

MINOR IN NEW TESTAMENT GREEK

A minor in this area requires 24 hours in New Testament Greek, including nine hours of Greek Exegesis or Hellenistic Greek. The student minoring in Greek may use Greek to meet the General Course Requirements in Language Arts.

MINOR IN PASTORAL STUDIES

The minor in Pastoral Studies combines specialized training in theology and in the practical field for students planning to enter a pastoral ministry or an itinerant evangelistic ministry. Intended to be combined with the Biblical Literature major, the Pastoral Studies minor is designed to enhance and enrich the student's appreciation for pastoral work and to help prepare him personally and professionally for such ministry.

The minor requires completion of 15 hours each in the fields of Theology and Practical Theology including those courses which are part of the General Studies requirements. Required courses include Theology 223, 421, 422 and 423; Pastoral Ministries 331 and 332, and 433; two courses in Philosophy (excluding 320); two courses in Communications, including 121; and Biblical Language 201, 202, and 203. Instead of the sequence in Greek, a student may elect to take 9 hours of Language Arts courses as indicated under the General Course requirements. If he selects this option, the student must also include Bible 103 and 203 in Biblical Literature and a three-hour course in Greek-English Studies.

MINOR IN PHILOSOPHY

A minor in Philosophy consists of 18 hours completed in Philosophy and Apologetics including Philosophy 285 and at least 6 additional hours selected from Philosophy 286, 287, 288 or 420. Recommended supporting courses for the minor are History of Christian Life and Thought 380, and 481 or 584, and Theology 421, 422 and 423.

MINOR IN SACRED MUSIC

The purpose of the Sacred Music minor is to provide instruction and experience in all phases of music leading to professional or volunteer service in music in the church. The discipline seeks to enrich and broaden the student's understanding and appreciation as well as his skills in music. Internship experience provided.

The minor in Sacred Music emphasizes the study of music theory and the development of practical skills required in music ministry. Specific music requirements are 35 hours comprised of Music 103, 111, 112, 113, 121, 203, 421, 6 hours of Applied Music (3 in piano, 1 in voice, and 2 electives) and 6 hours in ensemble music (College Choir, Orchestra, or Pep Band recommended).

THE EVANGELICAL TEACHER TRAINING ASSOCIATION DIPLOMA

Northwest College is an affiliated member of the Evangelical Teacher Training Association, making possible the award of the Standard Teacher-Training Association Diploma upon completion of the following requirements: 15 hours in Bible; 23 hours of work including one course in General Missions; one course in Evangelism; one course in Teaching; one in Human Growth and Development; and one course in the Church Education program. A diploma check-sheet is available at the Office of the Registrar. The diploma is the Association's credential for Church School teachers. It is awarded only at graduation.

Application must be made to the Registrar's office no later than the beginning of the spring quarter. A nominal diploma fee is charged.

INDEPENDENT STUDY

Upper division students may earn one to three credits in any single area if he has had a sufficient amount of basic studies in the area and has the permission of the teacher in the area. Consult the subject listings for specific prerequisites, if any.

SUMMER INTERNSHIP

Students may take their internships in the summer provided that they follow this procedure: (1) Present a proposal for summer involvement to the teacher in the area in which internship credit is desired. If the teacher agrees that the proposal is worthy of credit, he will act as on-campus instructor and will outline his requirements. (2) Register for internship at the Registrar's Office during the Spring Quarter or as part of the Summer Term registration. (In either case it will be considered part of the Summer registration.) (3) Submit student reports and the field supervisor's reports to the instructor for evaluation. He will make his evaluation and award a grade at the beginning of the Fall Quarter. Note that pre-enrollment is necessary. Approval of your proposal for W.O.M. (World Outreach Ministries) scholarship does not constitute enrollment for credit. The student will still need to follow the steps outlined above.
