NORTHWEST COLLEGE PERSPECTIVE

Northwest College is a Christian coeducational undergraduate institution offering baccalaureate college education under the control of the Alaska, Montana, Northwest, Southern Idaho, and Wyoming districts of the Assemblies of God. The Oregon district also cooperates in its operation. All these districts are represented on the college's Board of Directors.

History And Location

Northwest College was founded by the Northwest District Council of the Assemblies of God and opened to students on October 1, 1934. The District Presbytery appointed Dr. Henry H. Ness to be the first president. The college was housed in the facilities of Hollywood Temple, Seattle, Washington, for the first twenty-five years of its existence. Dr. C.E. Butterfield succeeded Dr. Ness in 1949, and Dr. D.V. Hurst assumed the presidency in 1966 and served through 1990. He was succeeded by Dennis A. Davis, who is now serving as the fourth president of the college.

Originally known as Northwest Bible Institute, its institutional name was changed to Northwest Bible College in 1949 and to Northwest College of the Assemblies of God in 1962. Each change represented a stage in its curricular development.

Academically the College progressed from a three- to a four-year curriculum in 1948, and in 1955 a Liberal Arts division was organized. Milestones of academic development and progress were marked by the achievement of professional accreditation by the American Association of Bible Colleges in 1953, and in 1973 by the granting of regional accreditation by the Northwest Association of Schools and Colleges.

In 1958, the College secured a new thirty-five acre campus in Kirkland, in the greater metropolitan area of Seattle. Since then 25 more acres have been added to make the present 60-acre campus. Located at 108th Avenue N.E. and N.E. 53rd Street just ten miles from downtown Seattle, the campus is an ideal setting for study, recreation, and inspiration. The campus is also near to industry and close-at-hand employment opportunities.

Over the years the College's graduates and former students have engaged in full-time Christian service or in professional, business, or vocational occupation in fulfillment of their training objectives at the College.

Mission

The mission of Northwest College is to provide, in an evangelical Christian context, higher education which will:

1. Develop the whole person through general studies integrated with biblical knowledge;

2. Include professional and vocational skills in the student's preparation for service in the world;

3. Help to fulfill the Great Commission and to propagate the historic faith of the sponsoring church.

Philosophy

Northwest College's concept of education is distinctively Christian in the evangelical sense. It recognizes the authority of the Bible as a divine communication of truth. It views man as having been created by God with intellectual, physical, social, and spiritual potentialities which require development and needs which require fulfillment if he is to be a whole person whose life is useful, complete, and satisfying.

As a morally responsible being whose choices and actions determine usefulness to his Creator and to his fellow men, as well as the ultimate ends of his existence, man has a need to recognize and appreciate righteousness, beauty, and truth wherever he finds them. Education should develop moral, spiritual, intellectual, and aesthetic awareness and values.

As the creature of God, each man is an individual of intrinsic worth and dignity. In a society of free persons it is essential that each learn to respect his fellow men and understand their views while maintaining his own integrity. Man must have knowledge of his culture and of self, in order to solve the complex problems of modern life.

Northwest has a commitment to truth and believes that all areas of true knowledge are ultimately compatible. The accumulative experience of mankind has resulted in a residue of tested wisdom

and knowledge which has continued relevance and deserves to be preserved and communicated. True knowledge may be discovered, too, through the careful and reverent scientific scrutiny of nature and of man himself. Neither the past nor the present has a monopoly on truth.

Educational Goals

In view of its distinctive philosophy, Northwest College seeks to provide education which will introduce the student to the organized fields of learning and will acquaint him with the Christian theistic view of the world and of man and his culture. Such an education is intended to develop the whole person in a balanced and useful manner.

Since Northwest believes that responsible actions in the present are dependent in part upon knowledge of man's past experience, it seeks to communicate to the student what may be known of man's cultural heritage. It seeks to impart knowledge, stimulate awareness, and develop appreciations.

Northwest seeks to cultivate Christian character in its students. It offers a core of biblical and theological studies as the foundation for faith, practice, and spiritual maturation. It desires that each student shall maintain a right relationship to God and to his fellow men, and be prepared to act responsibly and maturely in contemporary society.

Northwest is concerned with the intellectual development of its students. It desires that its students will learn to evaluate and use knowledge, so that they can continue to make new discoveries throughout life.

Northwest recognizes that man is a social being and that each is a debtor to society; no one stands alone or exists without purpose. It seeks to awaken social understanding and concern and to motivate its students to commit their lives to worthy goals of service to God and man. At the same time it endeavors to stimulate in its students a social and moral perceptiveness that will make them worthy and constructive critics of contemporary society.

Northwest realizes the importance of physical and mental fitness, and encourages its students to participate in healthful activities and to develop habits which will contribute to their well being physically. It seeks to give them a better understanding of man's biological and psychological constitution.

Statement of Faith

We believe there is one God, eternally triune as Father, Son, and Holy Spirit; who is Creator and Sustainer of the universe and of mankind, the Savior and Judge of all.

We believe the Bible is God's written word, inspired by the

Holy Spirit and thus infallible in all its statements.

We believe God has completely, with finality, and infallibly revealed Himself in His son, Jesus Christ, the living Word, who was

both fully God and fully man.

We believe in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His literal return to this earth to establish His millennial kingdom.

We believe the Holy Spirit indwells all who put their trust in Jesus Christ as Savior and Lord, and that through them He demonstrates in the present world the powers of the age to come.

We believe the experience of the baptism of the Holy Spirit is for all believers today and is accompanied by the spiritual

manifestation of speaking in other tongues.

We believe mankind exists in a state of sin, which involves moral and spiritual separation from God, but that through repentance and faith they can experience restoration to God in which God declares them free from guilt and gives them eternal life.

We believe the restored person will seek to demonstrate his love

for God by a life of obedience and holiness.

We believe there is one true and universal church embracing all

true believers of all ages.

We believe in the resurrection of the righteous to eternal fellowship with God and of the unrighteous to eternal separation from God.

Accreditation and Educational Affiliations

Northwest College is accredited by both the Northwest Association of Schools and Colleges (regional) and the American Association of Bible Colleges (professional). In May, 1992, Northwest College became the eighty-fifth college approved for membership in the Christian College Coalition, an association of Christ-centered colleges and universities of the liberal arts and sciences. The Coalition is committed to cultivating communities of educational excellence in which the Lordship of Jesus Christ is central. Membership in this esteemed association of Christian colleges provides opportunities for personal and professional enrichment for college students, faculty, and administrators.

The College is also approved by the Board of Education and Superintendent of Public Instruction of the State of Washington to prepare elementary education teachers and recommend for certification. It is a member of the American Association of Colleges for Teacher Education.

The College is endorsed by the Department of Education of the Assemblies of God and the Association of Christian Schools International.

The College is approved by the Federal and State Governments for student aid programs and for the training of international students. It is also approved by the State Approving Agency for the training of veterans under the U.S. Code, Title 38, Chapters 30, 31, 32, 34, 35, and Title 10, Chapter 106 and by Washington State for training in Vocational Rehabilitation. It is listed in the current bulletin, "Accredited Higher Education Institutions," published by the U.S. Office of Education.

Institute of Holy Land Studies

Northwest College is affiliated with the Institute of Holy Land Studies in Jerusalem. The Institute offers specialized training in the fields of geography, archaeology, the history of the Holy Land, and Judaeo-Christian studies. Credits earned at the Institute are accepted at Northwest College, where applicable.

Campus and Buildings

The campus is a semi-wooded tract of approximately sixty acres overlooking Lake Washington and the city of Seattle. A view of the snow-clad Olympics graces the skyline to the west.

Nineteen buildings are located on the campus. Administrative offices are in the Ness Administration Building, and many faculty offices are in the adjoining Bronson Hall. Classrooms, laboratories and library facilities cluster around the center of the campus.

Butterfield Chapel provides a spacious and worship-centered setting for the College's daily chapel services. It also contains the classrooms, rehearsal rooms, studios, and practice rooms of the Amundsen Music Center. Williams Hall houses lecture rooms, laboratories, and storage space to support courses offered in chemistry, physical science, mathematics, and biological sciences. Additional classrooms and faculty offices are located in Fee Hall which is adjacent to Williams Hall. Near the middle of the campus is Millard Hall with classrooms, offices, and an auditorium to accommodate lectures and special events. The Pecota Student Center houses student body offices, a snack bar, the College bookstore, a recreation area, and the College radio station.

Northwest Pavilion provides gymnasium facilities for physical education instruction, recreation, varsity and intramural sports, and special convocations requiring seating for up to 1,000 persons. Two large residence hall complexes provide housing for single students: the Crowder-Guy-Perks Residence Halls for women and the Gray-Beatty Residence Halls for men. The cafeteria is located near the residence halls.

"The Firs" (McLaughlin, Carlson, and Hodges) overlook the campus from the east. The seventy-eight apartment complex is for married students. Some of these apartments are two bedrooms with two baths for families. A small play area is available for children.

Hurst Library is located at the heart of the campus. Library holdings exceed 92,000 catalogued items and additions are made each year. Over 600 periodical titles are regularly received. In order to aid students in the field of education, a curriculum library is maintained. The ground floor of the Library contains the computer laboratory, classroom space and faculty offices.

Seattle Seahawks

Northwest College enjoys a unique relationship with the Seattle Seahawks since their entire professional football training facility is located on the College campus. Among the benefits to the College is the student use of a beautiful astro-turf athletic field.

ACADEMIC PROGRAMS

BACHELOR OF ARTS DEGREE

The college awards the Bachelor of Arts degree for the successful completion of an approved four-year program. The degree must include completion of:

- 1) the General College Requirements,

The purposes of the General College Requirements are to aid students in understanding and appreciating the world in which they live and in relating their own lives to it. The College considers these requirements to be basic and foundational to all academic degrees. Because of their specific needs some majors have more prescriptive specifications for the General College Requirements.

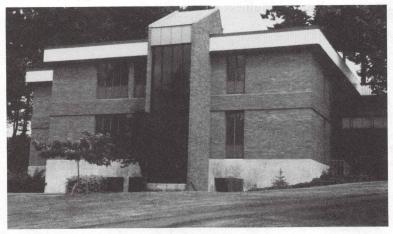

Except where otherwise indicated, courses will not double count between the General College Requirements and the major or minor requirements.

BIBLICAL STUDIES CORE

All Bachelor of Arts programs require the Biblical Studies Core. It consists of a minimum of 34 credits of Bible, Theology, and Christian Formation courses. The General College Requirements include 12 of these credits, and the remaining credits are part of the student's major and its supporting coursework. For that reason, majors in areas other than Biblical Literature and Religion and Philosophy are not required to complete a minor.

SECOND MAJOR IN BIBLICAL STUDIES

The 34 credits of the Biblical Studies Core may be considered a second major by students who are taking a major that does not require a minor. Those students have the option of declaring on their transcript a major in Biblical Studies as well as their professional major.

D. V. HURST LIBRARY

DIVISION OF RELIGIOUS AND MINISTERIAL STUDIES

Divisional Coordinator: Daniel B. Pecota

The Division of Religious and Ministerial Studies seeks to foster a greater commitment to Jesus Christ as Lord and Savior, to assist students in their spiritual formation and character development, to strengthen the resolve to act morally, both personally and in society, in a way consistent with biblical principles, to develop further a realistic self-understanding and a broader awareness of man and the world from the perspective of biblical revelation, and to provide training to students preparing for Christian ministry.

DIVISIONAL OBJECTIVES: The specific aim of the Division is to help prepare pastors, evangelists, missionaries, ministers of Christian education, youth ministers and music ministers, and those engaged in other church-related ministries.

Each student in the Division will select a major and (in some programs) a minor in keeping with vocational interest. Some majors and minors include general studies courses that are in addition to the General College Requirements all students must complete.

Each major combines a concentration of studies in biblical literature and theology with vocational studies. In addition to selecting the major and minor as required, the student's skillful selection of electives can enhance usefulness as a minister.

MAJOR IN BIBLICAL LITERATURE

Coordinating Professor: Francis C. R. Thee

The Biblical Literature major has at its center the belief that the Bible is the inspired word of God, the only foundation for our faith and practice. Because of this, the major is designed to lead the student into the proper understanding and exposition of the Bible. The major seeks to do this by giving the student a broad knowledge of the background, content, and meaning of the Bible, and by helping the student develop exegetical skills for continuing study and communication of the Bible. Course offerings begin with a survey of biblical literature integrated with biblical history and supporting courses designed to give the student a background and general frame of reference on the Bible. Advanced courses go on to more detailed examination of specific books or sections of the Bible to give the student analytical insight into the representative types of biblical literature.

This major is intended to prepare people for the effective proclamation of the gospel in the church and in the world, both those involved in vocational Christian ministry and those pursuing other vocations. It also seeks to provide a strong foundation for those who are planning to pursue graduate studies. The Biblical Literature major requires a minor.

Completing the Biblical Literature will enable the student:

- 1. to possess a bachelor-level mastery of the content and background of the Bible;
- 2. to know the appropriate methodologies for Bible study;
- 3. to be able to apply properly the methodological tools in the interpretation of the Bible;
- 4. to possess a sound biblical theology;
- 5. to possess greater analytical skills in discriminating between competing views of what is truth;
- 6. to apply biblical truth in one's own personal behavior;
- 7. to have a greater confidence in the proclamation of biblical truth.

MAJOR IN CHURCH MUSIC

Coordinating Professor: William R. Swaffield

The Church Music major is designed to prepare the student for music ministry in the local church. The development of skills in conducting, arranging, voice, and piano are emphasized, together with the study of music theory, history, and literature. The practical aspects of church music ministry including worship leading, administration, and education are also a vital part of the program.

When the Church Music major has been completed, it should be possible for the student:

- 1. to serve effectively as a minister of music in a local church;
- 2. to administer a church music program;
- 3. to develop various types of church music ministries, including choral, instrumental, and congregational;
- 4. to implement various methods and materials in a church music education program for all ages;
- 5. to demonstrate the comprehensive musicianship required for effective church music ministry;
- 6. to understand the proper function and importance of music in the total ministry of the church;
- 7. to work as a member of a pastoral staff, submitting to the leadership of a senior pastor.

MAJOR IN EDUCATIONAL MINISTRIES

Coordinating Professor: J. Melvyn Ming

The Educational Ministries major is designed to prepare students for ministry in the local church as ministers of Christian education, children's pastors, ministers of adults (including singles and seniors), family life coordinators, and other educational ministries workers.

In addition to achieving the general goals of the college, completing this major provides learning opportunities which enable the student:

- to understand the mission and ministry of the church with particular focus on the nurturing, discipling, and equipping tasks;
- 2. to comprehend the purpose and structure of the educational ministry of the church;
- 3. to understand the nature and function of leadership, organization, administration, and ministry relationships as applied to the educational ministry of the church;
- 4. to value, appreciate, and participate in the educational ministries of the church;
- 5. to pursue maturity in Christlikeness with a heart oriented toward maturing and developing others;
- 6. to facilitate Christian education in various types of contexts and with various types of learners;
- 7. to be creative and innovative in meeting culturally relevant needs under the guidance of the Holy Spirit;
- 8. to continue lifelong development of one's potentials and ministry gifts.

MAJOR IN MISSIONS

Coordinating Professor: Dwayne E. Turner

The major in Missions is designed to prepare students for ministry as cross-cultural missionaries. Studying this major should help the student develop an understanding of and appreciation for the mission of the Church for worldwide evangelism and church planting. The student will gain the expertise needed to meet the ministry requirements for missionary appointment. The student will be exposed to the knowledge, attitudes, and skills needed to engage in vocational cross-cultural missionary activity.

In addition to achieving the general goals of the college, completing this major provides learning opportunities which enable the student:

- to understand the missionary nature of the church and the biblical and theological concepts from which this is derived;
- 2. to become a culturally sensitive person who knows and respects his or her own culture and is open, sensitive, and respectful to other persons whose cultures are different from his or her own;
- 3. to communicate the gospel effective in cross-cultural settings through evangelistic activities, preaching, pastoral care, and Christian education in keeping with God-given ministry gifts;
- 4. to know the principles and strategies that have proven effective in planting and developing churches cross-culturally;
- 5. to relate harmoniously to a missions sending agency, to supporters, to missionary colleagues, and to national church leaders and workers.

#### MAJOR IN PASTORAL MINISTRIES

Coordinating Professor: Dwaine F. Braddy

The Pastoral Ministries major will prepare the student for ministry in the local church as a pastor/teacher. This preparation will have its foundation in biblical models for pastoral ministry. It provides the student with an understanding of the pastoral philosophy, ministry, duties, and relationships within the context of biblical and theological studies. It will equip the student with applied ministry skills to face the challenges of the contemporary world.

When the Pastoral Ministries major has been completed, it should be possible for the student:

- 1. to demonstrate the integration of faith and learning as they impact one's personal life, family life, and spiritual life;
- 2. to cultivate a vision and passion for local and world evangelism both in oneself and in the local church;
- 3. to understand the call, the proper function, and the role of the pastor in the local church;
- 4. to acquire skills necessary for effective pulpit ministry and performing pastoral duties;
- 5. to develop leadership and administrative skills for leading the local congregation;
- 6. to continue a lifelong learning strategy for one's ministry through self study or graduate training.

#### MAJOR IN RELIGION AND PHILOSOPHY

Coordinating Professor: Darrell Hobson

The Religion and Philosophy major is designed to prepare the student for entrance into a seminary or graduate school of religion. It will provide a broad liberal arts base along with an emphasis on biblical, theological and philosophical study. It will enable the development of a balanced Christian world view through integration of the liberal arts, religious and philosophical studies. The Religion and Philosophy major requires a minor.

Upon completion of the Religion and Philosophy major, it should be possible for the student:

- 1. to have a working knowledge of the fields of religion and philosophy in preparation for graduate theological education;
- to integrate the liberal arts with religious and philosophical thought;
- 3. to develop a balanced Christian world view.

#### MAJOR IN YOUTH MINISTRIES

Coordinating Professor: J. Melvyn Ming

The major in Youth Ministries is designed to prepare students for effective ministry with adolescents. The major features an interdisciplinary approach that prepares the student to serve in a variety of ministry situations. While the primary focus of the major is to prepare students for work with adolescents, it is designed to equip the student for long-term pastoral or agency ministry.

When the Youth Ministries major is completed, it should be possible for the student:

- 1. to have developed a personal commitment and devotion to God that is demonstrated in loving obedience to his commands;
- 2. to understand the biblical, theological, and psychological foundations for ministry to students;
- 3. to develop innovative co-workers and structures to facilitate that ministry;
- 4. to understand and implement personal evangelism and discipleship with junior high, high school, and college students.

HOMILETIC STUDENTS prepare for a variety of speaking ministries

⁺These courses are recommended to partially fulfill GC Requirement in Social Sciences.

#### MINORS

# Minor in Biblical Languages

The Biblical Languages minor supplements a Biblical Literature or Religion and Philosophy major by acquainting the student with the original languages of the Bible: Old Testament Hebrew and New Testament Greek.

The minor requires 20 credits in biblical languages, specifically, 10 credits in Biblical Hebrew and 10 credits in New Testament Greek. The student may not use these credits to satisfy the language arts electives required of all B.A. graduates.

#### Minor in Church Music

The purpose of the Church Music minor is to provide instruction and experience which will help prepare the student for music ministry. The course offerings will broaden and enrich the student's understanding and appreciation of sacred music, and will develop musical talents through enhancement of skills.

The minor in Church Music emphasizes the study of Music Theory and the development of practical skills required in music ministry. Music minors must earn 24 credits in music, including 8 credits in Music Theory (111, 112, 113, 114), 3 credits in Conducting and Worship Leading, 3 credits in the Philosophy of Church Music, 3 credits in Church Music Administration, 2 credits of Private Music Lessons (1 piano, 1 voice), 2 credits in Ensembles, and 3 elective music credits (not including Music 101, 102, 103, or 104). The successful completion of Piano Proficiency Test I is required.

# Minor in Communication and Preaching

The Communication and Preaching minor is designed to supplement a Biblical Literature or Religion and Philosophy major. Its purpose is to provide instruction and experience in oral communication which will help prepare the student for those ministries that place an emphasis on public speaking.

The minor requires 16 credits (in addition to all General College Requirements) selected from communication and homiletics, including COMM 224 and PMIN 331, 332. The remaining credits can be selected from any other communication courses. COMM 343 is highly recommended.

#### Minor in Educational Ministries

The Educational Ministries minor complements a Biblical Literature or Religion and Philosophy major. It seeks to (1) familiarize the student with the educational ministries of the local church, and (2) develop basic skills for such ministry.

The minor in Educational Ministries requires the completion of 18 credits including EMIN 200, 351 and 420, plus electives selected from other Educational Ministries courses or EDUC 201; COMM 433; PSYC 252, 253 or 255; MISS 443; PMIN 431.

#### **Minor in Missions**

The purposes of the minor in Missions are: (1) to assist Christian workers in developing an understanding of and appreciation for the Church's missions for worldwide evangelism and church planting, (2) to prepare Christian workers to develop and oversee missionary programs in the local church they serve, and (3) to help students develop basic skills needed in cross-cultural missionary ministry.

The minor in Missions requires the completion of 18 credits in Missions including 240, 320, 342 or 343, and 440.

### Minor in New Testament Greek

The minor in New Testament Greek complements a Biblical Literature or Religion and Philosophy major by providing the student with foundational knowledge and skills to study the New Testament in its original language.

The minor requires 16 credits in New Testament Greek, including 6 credits in Greek Exegesis or Hellenistic Greek. The student may not use these credits to satisfy the language arts electives required of all B.A. graduates.

#### Minor in Pastoral Care

The minor in Pastoral Care seeks to: (1) familiarize the student with the ministry of pastoral care, (2) develop basic skills of pastoral care, and (3) provide the student with an integrated understanding of human nature and behavior from biblical and scientific insights. The minor is generally taken with a major in Biblical Literature.

The minor in Pastoral Care requires a sequence of 19 credits including PSYC 251, 350, and 351, PCAR 353, and one credit of field education practicum in pastoral care (unless a internship/practicum is required in the major). Electives may be selected from course work in Pastoral Care, Psychology, Sociology, and Behavioral Science.

It is strongly recommended that the student in the Pastoral Care minor consider the following courses as supportive electives: PMIN 331 and 332; THEO 421 and 422.

#### Minor in Pastoral Ministries

The Pastoral Ministries minor is designed to complement the Biblical Literature major. It will familiarize the student with the pastor's philosophy of ministry, duties, and relationships. The minor in Pastoral Ministries requires the completion of 18 credits in Pastoral Ministries including PMIN 331, 332, 333, and 334.

#### Minor in Youth Ministries

The Youth Ministries minor is designed to complement the Biblical Literature major. The student will be exposed to ministries for youth in the local church and community.

The minor in Youth Ministries consists of 18 credits including the following courses: YMIN 231, 235, 331, 332 and 455; and electives from Youth Ministries, Educational Ministries, Pastoral Care, and/or Pastoral Ministries.

# DIVISION OF GENERAL AND PROFESSIONAL STUDIES

Divisional Coordinator: Frank B. Rice

The Division of General and Professional Studies includes subject matter in the humanities, behavioral and social sciences, natural sciences, mathematics, and education. Students can receive instruction in the communication skills necessary for effective writing and speaking in the English language and in reading, speaking, and writing in modern foreign languages. They can develop understanding and appreciation for literature and the fine arts, and cultivate their skills in those disciplines. They can become acquainted with past and present social forces which shape their community, in order to better understand people and exert a positive influence upon society. They can gain enhanced appreciation of God's workmanship in the physical universe, and some basic understandings of the methods of science.

**DIVISIONAL OBJECTIVES:** As related to the student's personal development, the Division of General and Professional Studies seeks to provide insights into mankind's continuing pursuit of truth and the Christian scholar's heritage as embodied in the teaching and thought of devout and scholarly men. As relating to their vocational purposes, the Division seeks to offer majors and minors in keeping with constituency needs in general and professional areas.

# MAJOR IN BEHAVIORAL SCIENCE

Coordinating Professor: Robert Parlotz

The major in Behavioral Science provides undergraduate education in the behavioral sciences for those students who are planning to attend graduate school or enter ministries in which a deeper understanding of human behavior is necessary. It seeks to prepare students (1) for ministry not requiring graduate study in theology and pastoral counseling; (2) for graduate professional education in pastoral care and counseling (such as hospital chaplaincy, military chaplaincy, institutional chaplaincy, pastoral counseling); (3) for immediate employment in one of the human services occupations not requiring graduate study (such as case management positions, residential treatment centers); and (4) for graduate professional education in the behavioral sciences (such as counseling, social work, rehabilitation).

The Behavioral Science major is built upon course work in general education and theological studies. It encompasses an interdisciplinary perspective drawing heavily from the fields of Psychology, Sociology, Behavioral Science, Pastoral Care, Biblical Studies, and Theology. The areas studied within this program include methodology of studying human behavior, human development and personality, counseling, marriage and family relationships, abnormal behavior, and assessment.

When the Behavioral Sciences major has been completed, it should be possible for the student:

- to exhibit an undergraduate knowledge of the content and scientific methodology of the behavioral sciences;
- 2. to exhibit an undergraduate knowledge of the content and methodology of the study of biblical literature and theology;
- 3. to identify and articulate the major theories of personality and development;
- 4. to identify the major elements of human growth and development;
- 5. to employ effective skills in helping relationships;
- to exhibit insight into human needs, motivation, cognitive functions, affective dynamics, and behavioral manifestations;
- 7. to understand the context of effective helping relationships in the service of Christ and of people;
- 8. to integrate and possess an understanding of the relationship between the behavioral sciences and a theological world view.

# MAJOR IN BUSINESS MANAGEMENT AND ADMINISTRATION

Coordinating Professor: John McMillin

The major in Business Management and Administration is designed to prepare competent individuals who can perform managerial functions in the public and private sectors. The focus of the curriculum provides an educational experience for students who seek leadership positions in the business and professional world, and in various business ministries within the church and in church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

In addition to achieving the general goals of the college, completing this major provides learning opportunities which enable the student:

- 1. to understand and apply principles of management and business administration, finance, analytical accounting, marketing, and business law;
- to become aware of oneself as a Christian leader and a manager; and of others, such as superiors, associates, and subordinates in the midst of a decision-making and problemsolving environment;
- 3. to demonstrate professional management skills required for effective leadership in business and church organizational environments;
- 4. to identify, apply, and evaluate ethical standards in settings which encourage economy and effectiveness in thought and deed.

#### MAJOR IN ELEMENTARY EDUCATION

Coordinating Professor: Richard Blue

Northwest College is committed to graduating men and women who will have an understanding of Christian philosophy as related to the teaching profession. The major in Elementary Education is a Bachelor of Arts degree program designed to prepare students for initial certification by the State of Washington. This certification qualifies the student to teach in public and/or private schools.

Students seeking formal admission to the Elementary Education program must meet the following criteria:

- 1. A score at or above the state average for the previous year in a college entrance exam (ACT, SAT, or Washington Pre-College Test).
- 2. A passing score in a pre-professional screening exam.
- 3. A grade point average of not less than 2.67.
- 4. A passing score on a speech outlining the candidate's reasons for wanting to become a teacher.
- 5. A passing score on an oral interview based on a written self-analysis. The self-analysis will give the interviewing committee opportunity to ascertain the candidate's suitability for the teaching profession from a number of perspectives in addition to academic skills.

Certification is granted by the Superintendent of Public Instruction. Included is a moral fitness test. Students seeking admittance to the program must be aware that if they have a prison record or have been convicted of a serious crime, they may possibly not be granted certification by the State. The individual is advised to speak with the Elementary Education Coordinator if they need clarification in this matter.

All students who major in Elementary Education will take the General College Requirements, the Biblical Studies Core, Professional Studies in Education, and an Academic Focus. Careful planning is essential to complete course work and other requirements in their proper sequence. An average of 17+ credits per semester will be

56

needed to finish in eight semesters. For most students in this major, graduation will involve attendance in summer school sessions or an additional semester.

Following the Professional Studies sequence, the student will be given a semester-long student teaching assignment in a public or private school. The purpose of student teaching is twofold: meeting the College course requirements and meeting the knowledge and skills requirements for certification as established by the State of Washington.

Upon completion of the Elementary Education major, it should be possible for the student:

- 1. to qualify for initial certification as an elementary school teacher in the State of Washington;
- 2. to manage an elementary classroom;
- 3. to apply the principles of current educational psychology and learning theories in the classroom;
- 4. to design and present appropriate age level instruction;
- 5. to articulate a personal education philosophy;
- 6. to plan further professional development.

#### MAJOR IN INTERDISCIPLINARY STUDIES

Coordinating Professor: LeRoy D. Johnson

The Interdisciplinary Studies major provides students with the opportunity to explore a broad range of knowledge from a biblical world view. Areas of study include foreign languages, English (including TESL studies) and literature, communication, history and political science, philosophy, and religion. This degree equips students who feel called to careers other than vocational ministry. The comprehensive nature of the major may also help students prepare for graduate studies in a chosen field of interest.

Official admission to the Interdisciplinary Studies major occurs only when the student has developed a course of study in consultation with a program advisor. Students should not consider themselves to be an Interdisciplinary Studies major until a program contract has been filed with the Registrar's Office.

Students having completed this program of study should be able:

- 1. to demonstrate proficiency in oral and written communication skills;
  - 2. to reason and think critically;
  - 3. to evaluate, integrate, and apply knowledge from a biblical world view;
  - 4. to apply strategies for life-long learning.

### **INTERDISCIPLINARY STUDIES: 124 credits**

The Interdisciplinary Studies major is comprised of these components:

General College Requirements

Biblical Studies Core

Major (core courses)

Electives

50 credits
22 credits
40 credits
12 credits

(can be taken in any area of study)

The Interdisciplinary Studies core consists of 40 credits in the breadth of disciplines of the liberal arts. Students must select one of two tracks in pursuing this degree. In either of the tracks at least 20 credits must be from upper division classes. Courses taken within the major cannot duplicate courses taken in the General College Requirements.

### TRACK A: 40 credits

This track is comprised of 40 credits from the following academic disciplines with at least two courses from each: Communication, English and Literature (including TESL studies), History and Political Science, Foreign Language, Philosophy, and Religion.

# Required courses:

COMM 222 Advanced Public Speaking (2)

ENGL 203 Effective Writing (2)

LANG Foreign Language (one course)

PSCI 361 Crucial Issues in Contemporary Society (2)

PHIL 387 or 388 History of Philosophy (3)

RELG 350 Introduction to World Religions (3)

The remaining credits must be taken so as to insure that at least 2 courses* are taken from each of the following disciplines:

Communication

English and Literature (including TESL studies)

Foreign Language

History and Political Science

Philosophy

Religion

^{*}Courses taken in the required list may count as one of the two courses.

#### TRACK B: 40 credits

In this track the student will take 20 credits in one of the specified disciplines. The remaining 20 credits must include at least one course* from each of the other five disciplines.

# Specified Disciplines:

Communication

English and Literature (including TESL studies)

Foreign Language

History and Political Science

Philosophy

Religion

#### Required Courses:

COMM 222 Advanced Public Speaking (2)

ENGL 203 Effective Writing (2)

LANG Foreign Language (one course)

PSCI 361 Crucial Issues in Contemporary Society (2)

PHIL 387 or 388 History of Philosophy (3)

RELG 350 Introduction to World Religions (3)

# COURSE SEQUENCE

Courses to be taken in the freshman and sophomore years are the same as the General College Requirements for all majors at Northwest College. (See page 12 for the 50 credit sequence.)

The course sequence for the junior and senior years will depend upon the student's interests. The student and his/her advisor will work together to design a sequence of study that fulfills the requirements of the Interdisciplinary Studies major. Students would be wise to use their 12 credits of electives to strengthen their interdisciplinary studies.

^{*}Required courses can be used to meet this.

#### **MINORS**

### Minor in Business Management and Administration

The minor requires 23 credits including BUSM 210, BUSM 220, BUSM 230, BUSM 310, BUSM 330. The elective courses may be selected from other Business curriculum offerings.

# Minor in History

History is a desirable foundation for various courses of study in college as well as for life. Persons with a greater understanding of history have a larger perspective from which to view events of their own times.

A History minor consists of 16 semester hours in history, excluding the three-credit General College Requirement and any major requirements. At least six hours must be upper division level and must include course work from both history and church history.

# Minor in Office Technology

The Office Technology minor seeks to equip the student with office and business skills. The course offerings will prepare the student for leadership and service in a ministry-related office environment.

The minor requires a minimum of 21 credits, including OFTC 102, 215; CSCI 250; and 12 credits chosen from: OFTC 105, 110, 201, 220, 230, 260, and CSCI 251, 252, and 461.

# CERTIFICATE IN TEACHING ENGLISH AS A SECOND LANGUAGE

The Teaching English as a Second Language (TESL) program provides students with training to teach English to speakers of other languages. It is designed to (1) serve as a focus in the Elementary Education major; (2) augment the Missions major by providing the student with a skill he or she can use on the mission field as a bridge to witnessing; (3) meet the requirements for Track B in the Interdisciplinary Studies major.

Certification by the Superintendent of Public Instruction is offered only to Elementary Education majors for completion of a focus in TESL.

A Basic Certificate will be given by the College for the completion of an introductory program in TESL. Students who wish to prepare as tutors and volunteers to teach basic oral English will benefit from this certification. This basic program is also valuable for those who are considering a career in TESL. To receive this certificate the following courses must be completed in the order listed or taken concurrently:

ENGL	401	Structure of English	3
<b>ENGL</b>	410	Introduction to TESL	3
<b>ENGL</b>	411	Methods and Materials for TESL	3
ENGL	492	Practicum	1-2

A Standard Certificate will be given by the College to students who complete the full TESL program. This will prepare the student to teach professional and business English in addition to oral English. The following courses are required for this certification and must be completed in the order listed or concurrently:

Modern Foreign Lang	guage	10
	cture of English	3
LANG 401 Ling	uistics	3
COMM 343 Inter	cultural Communication	3
ENGL 410 Intro	duction to TESL	3
ENGL 411 Meth	nods and Materials for TESL	3
ENGL 415 Teac	thing Reading to ESL Students	2
ENGL 420 Teac	ching Writing to ESL Students	2
ENGL 492 Prac	ticum	2-3

A Standard Certificate will be awarded only to those who have a Bachelor of Arts degree, or to those who complete a Bachelor of Arts degree concurrently with their TESL studies.

#### ASSOCIATE IN ARTS DEGREE

Coordinating Professor: Frank B. Rice

The Associate in Arts degree is awarded for the successful completion of a two-year program (sixty-two to sixty-four semester hours of applicable college courses) which includes the major components of the fifty hours of the General College Requirements. Its shorter curriculum concentrates on subject matter which is general or vocational. There are three options available for the student's academic focus:

### OPTION I General Studies (62 credits)

This option allows students to complete two years of foundational courses in community with other Christian students, thus enhancing their understanding of their world and how they should relate to it. Through judicious choice of elective courses, a student selecting this option can emphasize a subject area in which he/she has a particular interest.

### OPTION II - Office Technology (64 Credits)

This option allows the student to complete a two-year program of studies in preparation for a vocation in an office environment. The Office Technology program integrates foundational studies with vocational skill development.

# OPTION III - <u>Transfer Degree</u> (62 credits)

This option allows the student to complete two years of general education coursework for the purpose of transfer to another four-year college or university. The program is designed to comply with the Intercollege Relations Commission guidelines for transfer within the State of Washington. While completion of this option does not guarantee admission to another college or university, it will help to ensure that a proper distribution of courses will have been taken prior to transfer. Graduates with an Option III A.A. who are admitted to another four-year college or university will usually transfer with junior standing within the State of Washington. Students planning to transfer to the University of Washington, however, should check with Northwest College's Registrar for further information.

1 credit

A maximum of 4 credits may be earned at this level. If a student wishes to continue instruction at this level, he/she may do so on a non-credit basis. Instruction begins with the reading of basic pitch and rhythm notation and continues until the student can read and perform easy classical and sacred literature. Keyboard harmony includes all scales, cadences, inversions, and arpeggios that are part of the Piano Proficiency Exams I and II.

## APMU 201 Intermediate Piano

1 credit

Appropriate classical and sacred literature will be studied with emphasis on stylistic interpretation and technical proficiency. Both sight reading and performing skills will be encouraged. Technique development will include four-octave scales, and diminished and dominant seventh chord inversions and arpeggios.

## APMU 301 Advanced Piano

1 credit

Complex piano literature will be studied in-depth and performed in a polished manner. Technical proficiency will include an emphasis on velocity.

#### B. VOICE

Private voice study explores correct singing technique and breath control. This includes the literature of other languages (no previous experience necessary) and of various styles and periods of vocal music. The ability to read music is a prerequisite. Students judged deficient in this area by their instructor will be required to complete MUSI 112 and MUSI 114 before registering in voice courses.

# APMU 102 Beginning Voice

1 credit

Requires an ability to read at least the staff of one's voice (treble for women; bass for men.) Also needed are a basic understanding of rhythmic values and pitch intervals.

#### APMU 202 Intermediate Voice

1 credit

The student must possess the above abilities in addition to demonstrating his/her ability to sing a basic English and Italian Art Song. (Language coaching is given by the instructor.)

#### APMU 302 Advanced Voice

1 credit

The student must be skilled in all of the above, and in addition be able to sing a piece from the German Lieder repertoire. No student will be classified as advanced unless he/she demonstrates a definite ability to continue growth musically and vocally.

# C. ORGAN

A piano requirement of two semesters or its equivalent is required for admission to organ study.

# APMU 103 Beginning Organ

1 credit

Basic organ touch and pedal technique. Acquaintance with general organ terms and specifications. Also basic hymn playing technique.

## APMU 203 Intermediate Organ 1 credit

Expansion of the above with the development of skills in organ literature and service playing. Included are early studies of Bach.

## APMU 303 Advanced Organ 1 credit

Continuation of 203 with advanced studies of Bach and exposure to the works of other composers. Organ construction and comparison is optional to interested students.

### STUDENT LIFE

**Student Handbook:** The Student Handbook is issued yearly by the Dean of Students in cooperation with student leaders. This book contains the policies and guidelines for students attending Northwest College.

Student Housing: Northwest College is a residential campus. All students 21 years of age and under are required to live on campus except those commuting from their parents or relatives home. The College maintains five residences on the campus, two for housing men, and three for housing women. Furnished for two students each, all rooms have single beds, mattresses, desks, chests of drawers, book shelves, and chairs. Students provide their own bedding, pillows, rugs, and other items. Each residence has automatic coin-operated laundry facilities. (A room reservation deposit is required.)

Married Student Housing: The College maintains seventy-eight resident student apartments designed for married students with or without children. They consist of thirty-six units with 1 BR/1 bath, twelve units with 2 BR/1 bath, and thirty units with 2 BR/2 bath. Application can be made through the Dean of Students Office. The College also assists married students in finding suitable housing in the community.

**Health Service**: The College provides a nurse and health center. The nurse is available at regular times and by special appointment. A group insurance program is required of all students unless they have an adequate private hospitalization plan.

Special Diet (Special consideration requested for medical reasons): When, because of medical or health conditions, students are required to have a special diet, they should submit a written notice from their doctor to the Dean of Students Office. The doctor's statement should provide all information regarding restrictions/requirements. Every effort is made to meet the special requirements of diet when health is a factor. The College reserves the right to charge for special diet provisions if necessary.

Automobiles: Permits are necessary for the operation and parking of student vehicles on campus. Vehicles must be registered with the Dean of Students Office. Violation of vehicle regulations may result in fines and/or cancellation of the permit. It is expected that students bringing

cars on campus will have them properly insured and properly licensed with the state in which they are registered. Drivers must be familiar with the Washington State Driver's Handbook.

Guidance and Counsel: The College maintains a counseling program to assist the students' development academically, vocationally, socially, and spiritually. Each student is assigned to a faculty advisor and is also free to meet with other members of the counseling staff. (All personal counseling appointments are made through the Dean of Students office.)

Marriage: Inasmuch as marriage involves new adjustments to life and many added responsibilities, students under 22 years of age will not be allowed to marry during the academic year without special permission. To do so subjects the student to disciplinary action.

## PRINCIPLES AND PRACTICES OF CHRISTIAN CITIZENSHIP

As an institution of the Assemblies of God, Northwest College has standards for student behavior based on biblical precepts and principles, the doctrinal statements of the church, and on widely-held practices within the fellowship.

A handbook is published to acquaint students with the way of life at Northwest College. It will tell them what they can expect of the College and what the College expects of them as they seeks to prepare themselves for a life of Christian service.

Christian maturity involves more than adherence to explicit scriptural statements of right and wrong. It involves a total commitment to the Lordship of Christ and a life of dynamic discipleship. The mature Christian recognizes scriptural principles that govern conduct and he applies these principles to every area of attitude, conviction, and behavior.

The Scriptures establish basic principles which should guide the development of Christian character and govern all Christian behavior. These include:

1. The Lordship of Christ over all of life and thought.
This involves wholehearted obedience to the moral law of God as taught in the Bible and exemplified in the life of Christ; the careful stewardship of mind, time,

abilities, and funds; opportunities for intellectual and spiritual growth; and the care of the body as the temple of the Holy Spirit.

- 2. The responsibility to love God with all our being and to love our neighbor as ourselves. This means that unselfish love should be the motive in all of life's decisions, actions, and relationships.
- 3. The responsibility to seek after righteousness, to practice justice in all dealings with one another, in social institutions, and to help those in need.
- 4. The need to exercise freedom responsibly, lovingly, and sensitively within the framework of God's moral law in relationship to the Assemblies of God fellowship at large and to other communities.
- 5. Access through Jesus Christ to the forgiveness of God and to the help of the Holy Spirit in doing heartily what God requires (Romans 14:4-10, 15:1-3; Phil. 1:20-27; 1 Cor. 8:7-10; Col. 3:23; 2 Cor. 6:14-18; James 1:27, 4:4; 1 John 2:15-18).

The College affirms Paul's description of behavior unfitting for a Christian: "The acts of the sinful nature are obvious: sexual immorality, impurity and debauchery [indulgence in sensuality]; idolatry and witchcraft, hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions and envy, drunkenness, orgies and the like" (Galatians 5:19-21a, NIV).

When students apply for admission, they must indicate that they have made a personal commitment to Jesus Christ as Lord and Savior and that they are willing to live by the community rules adopted by the College. This means abstaining from practices morally wrong such as stealing, use of profane, vulgar language, sexual sins, and dishonesty including cheating.

It means that the student will abstain from gambling, pornographic literature, the possession or use of tobacco or illegal drugs, social dancing, the possession or use of alcoholic beverage, and other behaviors detrimental to community life. It is recognized that in all

things the principles of selectivity, Christian testimony, and avoidance of appearance of evil must be exercised.

While attitudes are difficult to detect, they are as important to God as are outward forms of conduct. The College community is responsible to repudiate these and help in seeking forgiveness so that each individual may grow in grace and righteousness. In keeping with the College's goal of guidance toward holy living the following are attitudes and actions affirmed and encouraged: "But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control" (Galatians 5:22-23b).

The College will promote Christian citizenship in instruction, corrective confrontation, and discipline, when necessary for the purpose of development of Christian lifestyle in the students.

An acceptable citizenship record also includes financial responsibility to the College and must be maintained in order to qualify for graduation or participation in student offices or extra-curricular assignments.

The College reserves the right to modify and amplify the standards and dates set forth in the Student Handbook and to use its discretion in the interpretative enforcement of all ideals and standards of conduct, however communicated.

The College Administration also reserves the right to require any student who is considered to be out of harmony with the goals and the spirit of the College to withdraw, including involuntary administrative withdrawal.

Northwest College is committed to a policy of non-discrimination with regard to race, color, national origin, sex, age, marital status, or physical disability. Persons having questions regarding College policies relating to these matters should contact the Vice President for Academic Affairs.

### STUDENT ACTIVITIES

"And Jesus increased in wisdom, and stature, and in favor with God and man" Luke 2:52.

Northwest College, through its programs and activities, seeks to develop the whole man-- mental, physical, spiritual, and social.

All School Banquet: An evening in springtime is set aside for a semi-formal gathering at which students, faculty, and staff enjoy social and spiritual fellowship.

International Students Banquet: An evening in the Fall semester is set aside for an informal gathering of the College's international students for a time of fellowship with faculty, administration, and students from missionary families.

Associated Married Students: All married students are members of this organization which provides opportunities for social, intellectual, and spiritual growth for married students and their spouses.

Associated Men Students and Associated Women Students: These include all Northwest College men and women respectively. They seek to promote social, intellectual, and spiritual growth of the student through their activities.

Associated Student Body: Each student is a member of the Associated Student Body. Membership of the Student Council includes the officers of the Associated Student Body, the officers of each class, the Associated Men Students, the Associated Women Students, Married Student Association, KCNC (the College radio station) President, and the KARISMA (yearbook) Editor. The Council guides and promotes student activities and projects.

**Chapel:** Chapel at Northwest College is held daily and attendance is required. A grade of "S" or "F" is given depending upon the attendance record. Students who plan to work during the school term should plan their schedule to include chapel.

Church Attendance: While at Northwest College, students are expected to make a choice of a church home where they will be available for participation. Students are encouraged to become an active part of their home church.

Christian Service: Students at Northwest College are preparing themselves to help others through Christian ministry. All students are encouraged and expected to participate in some aspect of the Student Ministries and Missions programs, and in local church ministry. Records of Christian Service will be provided by each student.

Convocation: Traditionally, the new school year is formally opened at this time. Officials, ministers, alumni, and friends join faculty and students for this occasion.

Cultural Series: The Cultural Series is sponsored by the Administration and the Associated Student Body to enlighten the students' understanding of the world in which they live. Professionals are brought to campus to share their wisdom, knowledge, and skill learned through experience and travel.

Fall Social: In the fall of each year, the Associated Student Body sponsors an informal evening of fun, related to seasonal themes such as harvest time.

Intercollegiate Athletics: Northwest College is a member of the Pacific Northwest College Conference (PNCC) and the National Christian College Athletic Association (NCCAA). Sports offered include men's basketball and soccer, and women's basketball and volleyball.

Intramurals: The Administration and the Associated Student Body jointly sponsor a strong intramural program for men and women. The intramural program seeks to give positive opportunity for athletic competition within the college life setting. The campus facilities include the gymnasium, tennis courts, and an athletic field.

Missions Convention: The annual Missions Convention provides missions emphasis and fellowship. Missionaries from the area and on deputational assignment are invited as special guests. This function is an Associated Student Body activity with special arrangements being under the supervision of the Student Missions Council.

The Karisma: The College yearbook is produced by a staff chosen by the Student Council and approved by the Administrative Council.

Student Ministries: This organized student outreach consists of a variety of ministry opportunities - Children's Ministry, Campus

Ministry, Community Ministry, Evangelism Ministry, Gospel Team Ministry, Prison Ministry, Youth Ministry, and Airport Ministry. Included in this outreach of Student Ministries are Internship opportunities providing practical experience in specific areas of Christian Education, Missions (including MAPS and AIM), Pastoral Care, Pastoral Ministry, Church Music and Youth Ministry. Student teams selected and approved for summer ministry also provide an outreach of service for interested and qualified students.

World Missions: Northwest College students are given opportunity and encouragement to be active in World Missions. This ministry provides outreach and counsel for projects, fairs, brunches, conventions, prayer groups and internships, all related to World Mission Ministry.

Spiritual Emphasis: Every day spiritual values are emphasized in chapel. In addition several weeks are set aside for special emphasis and growth. The Fall Spiritual Emphasis Week emphasizes commitment. The Spring Missions Convention highlights world evangelization. Other special emphases are scheduled through the year such as the School of Prayer, the Staley Lectures, and the Pastoral Lectureship Series.

Student Recreation, Faculty Offices, Resident Pastor's Office, Snack Shop, Counseling Center, Job Placement Office, and Campus Bookstore are all located in the newly remodeled and recently dedicated Pecota Student Center.

# POLICIES AND PROCEDURES

#### **ADMISSIONS**

Admission to Northwest College is granted to applicants meeting the College admissions requirements without regard to race, color, religious affiliation, or national origin. However, admissions are made on a selective basis according to the following criteria:

All applicants must give evidence of sound moral character. Evidence of that character includes a vital experience of salvation through faith in Jesus Christ. Applicants are admitted only upon satisfactory recommendations from sources specified on the College Admissions Application form.

Applicants must be graduates of a recognized high school with a minimum of sixteen units. The following distribution of preparatory work is recommended: English, 3 units; History, 1 unit; Mathematics, 2 units; Science, 1 unit; and Foreign Language, 1 unit. Applicants may be admitted on the basis of satisfactory scores on the General Educational Development Tests as established by State Competency Standards.

All international students whose primary language is not English will be required to submit a TOEFL (Test of English as a Foreign Language) score as a part of the application process. A score of 500 is needed for admission to the College.

A limited number of mature persons who are not graduates of a high school may be admitted on a selective basis as special students. Degrees, diplomas or certificates of graduation will be granted to high school graduates only.

## **Admissions Standings**

A regular student is a student who meets all admissions requirements for matriculation into a degree program at the College. Regular standing is granted approved applicants who have achieved a C average in college preparatory courses, attained a class rank in the upper one-half of their graduating class, and achieved satisfactorily in a college ability test.

Provisional standing is granted to a limited number of selectively admitted students who do not qualify for regular standing but who, in the judgment of the Enrollment Services Committee, show promise of benefit from the opportunity to pursue work at Northwest College.

A non-matriculated special student is a student who enrolls for a limited course load (not more than nine hours) and who is not pursuing a degree at the College. He may take courses for audit or for credit after regularly-enrolled students have registered.

A non-matriculated Certificate in Christian Studies student is the same as a non-matriculated special student except he may take a full load in the Christian Studies program. To qualify for the certificate, however, he must meet the same requirements as regular students.

## **Application Procedure**

Application for admission is made on the form provided by the College. Forms may be secured by addressing the Office of Enrollment Services. Applications should be received by the College one month prior to the term for which the applicant desires to enroll. However, applications will be received and processed thereafter on a space-available basis. No assurance of acceptance should be assumed until the applicant receives a letter of approval from the Office of Enrollment Services. The application fee must accompany the application before it will be considered. The applicant will send or deliver reference forms provided by the College to the appropriate persons.

It is the responsibility of the applicant to see that his high school transcript and transcripts for any college work completed are sent to the Office of Enrollment Services. This may be done by filing a letter of request with the schools concerned. After the reference forms and transcripts have been received, the Enrollment Services Committee will evaluate the application. Applicants will be notified by mail whether or not they are accepted. The application fee is non-refundable.

Approved applicants are to complete and return certain health forms: an emergency authorization form is to be completed in all cases and turned in together with a medical history report. The College reserves the right to require a medical report from the applicant's physician where questions about physical or mental health emerge.

An enrollment confirmation deposit must be submitted by all students accepted for admission. Residence hall students must submit an additional dorm deposit to hold a room. Deposits and confirmations of enrollment plans should be submitted as early as possible. Deposits for fall semester enrollment are refundable upon written notice of cancellation or deferral received by August 15th. Those canceling for the spring semester must give written notice of cancellation or deferral at least one week prior to the beginning of classes to receive a refund. Thereafter refunds are granted only for reasons of illness or emergency. In the event that an applicant falsifies or withholds information on the admissions application, the College reserves the right to revoke, suspend, or modify an admissions approval.

**Re-application.** Former students who have been out of enrollment for at least one semester must complete an Application for Re-Entry and submit one current reference. They will not be required to obtain new transcripts other than for college work taken during the interim away from Northwest College.

#### **Entrance Tests**

For purposes of admissions evaluation, guidance, scholarship eligibility, and counseling, applicants will be required to take the ACT (American College Tests, College Code: 4466) or the SAT (Scholastic Ability Tests, College Code: 4541). If neither is available, the student must take the ACT on campus prior to registering. There is a nominal testing fee.

Normally these tests are available at high schools on a set schedule. Arrangements should be made to take them as early as possible. Transfer students coming in with a minimum of 20 semester credits from an accredited college or university are exempted from the tests.

# **Admission To Advanced Standing**

Northwest College accepts the A.A. degree from those colleges in the state of Washington whose degree requirements conform to the guidelines of the Intercollege Relations Commission. The degree will cover many of the College's general studies requirements, and will confer 60 semester units of work in transfer to Northwest College.

#### **Transfer of Credits**

Students desiring to transfer to the College from another institution of recognized collegiate rank must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Office of Enrollment Services. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of C or better and that the transcript shows that the student is entitled to honorable dismissal.

A limit of 20 semester credits from extension and correspondence courses may be applied to a four-year program at the College or a pro-rata thereof to programs less than four years in length. All credits earned through correspondence must be completed prior to the beginning of the final semester preceding graduation. Students should take no more than two correspondence courses concurrently, and correspondence courses taken during the academic year should be considered to be part of the student's total academic load.

### **Academic Credit From Unaccredited Sources**

Northwest College considers work presented from unaccredited sources on an individual basis. When accepted, such work must be validated by completion of a minimum of two semesters enrollment and 30 credits at Northwest College with grades of 2.0 (C) or better, and possibly by examination. Only evaluations and commitments made in writing will be considered as applying in each case. College-level work considered occupational or remedial is not recognized for transfer.

A maximum of 60 credits will be accepted from unaccredited sources to apply to a Bachelor of Arts degree at Northwest College. Acceptance of such credits will be dependent upon Northwest College's evaluation of the equivalency of coursework and level of instruction.

# **Residency Requirements**

At least one academic year (with a minimum of 30 semester credits) must be completed at Northwest College, and the final semester of work before graduation must be taken on campus irrespective of the amount of previous work completed at Northwest College. One-fourth of the Bible/Theology requirements, and one-third of the major requirements, must be completed in residence at Northwest College.

A student registered at Northwest College may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the College may, upon returning, complete the requirements in force at the time of their matriculation (subject to the availability of courses in the academic program, and in consultation with the Office of Academic Affairs) or may complete the requirements in force at the point of their re-entrance, or those in force during the year of graduation, but not in combination.

#### FINANCIAL INFORMATION

#### Costs

Northwest College is a private, church-related college. Therefore, no operating funds from taxes or public funds support its operation. Each student is charged tuition and certain fees which cover about eighty-five percent of the cost of his education. The remainder of the costs are provided by gifts from friends of the College, supporting districts, endowment income, and other earnings.

For a list of the tuition charges and fees, see the Fee Schedule insert on pages 139-140.

#### Room And Board Information

The board/room charge is required of all students living in the residence halls, and entitles students to meals beginning on the evening preceding registration and expiring with the noon meal the day after final examinations each semester.

Students who commute to their homes on week-ends, or who have meals furnished as part of their employment, may apply for special refund consideration through the office of the Dean of Students.

The College reserves the right to change the rates during the year if it is deemed necessary.

#### **Educational Benefits**

Northwest College is approved as an educational institution for the training of veterans or their children. Application should be made at

their local Veteran's Administration Office for certificates of eligibility. Those qualifying under the extended Social Security Act should apply for benefits at their local offices of the Social Security Administration. The College will make the proper certifications as to enrollment and attendance after the student has enrolled in the College.

## **Financial Policy**

136

Recognizing the necessity for the prompt payment of all school fees, not only as a good business principle but for the sake of character development, the Department of Education of the Assemblies of God has set forth the following financial policy:

In order to improve our present educational institutions and to guarantee their future, each student is expected to reimburse the school for the full amount of his obligation on or before the close of each semester. No final examinations will be taken until a satisfactory arrangement has been made with the Administrative Services Office. No diplomas, certificates, degrees, or transcripts shall be expected or received until satisfactory payment is made for all school obligations.

# **Payment of Accounts**

The regular school year is divided into two semesters of approximately four months each, and tuition is based on the semester. It is our policy that there can be no outstanding past due account at registration. All old accounts must have been settled or alternate arrangements must have been agreed to with the Administrative Services Office prior to Fall registration day. Negotiations other than full payment cannot be handled in the registration line since it would create unnecessary delays for the other students.

It is our policy that tuition, fees, and room and board charges are paid in full before the first day of classes each semester unless arrangements are made with the Administrative Services Office prior to arriving on campus. All tuition, fees, and room and board charges must be paid in full in order to take final exams.

Dependent upon evidence of ability to pay, we have established a more flexible, but certain deferred Payment Plan. It is available each semester, and a promissory note for the deferred balance must be

signed in the Fall prior to registration. The promissory note must be signed in the Spring prior to attending first day of classes. The payment schedule for each percentage of the total semester's bill is as follows:

#### SCHEDULE:

EATI

TALL	SPRING
40% - prior to first day of	40% - prior to first day of
classes	classes
20% - Sept. 25*	20% - Feb. 25*
20% - Oct. 25*	20% - Mar. 25*
20% - Nov. 25*	20% - Apr. 25*

*Each of the 20% installments is considered PAST DUE on the first of each following month and there will be a late payment fee for each past due installment equalling 4% of the amount due for that payment. The Deferred Payment Plan carries a finance charge of 1.25% on the outstanding balance on the second Friday of classes and 1.25% on the outstanding balance at the end of each subsequent month. These charges will be added to the 20% installment.

Students failing to meet the payment schedule will not be eligible to continue in classes. No scholarships or discounts will be awarded to any student who does not have all prior accounts cleared by the first class day of the semester. Students are required to pay in advance for the summer sessions.

Unpaid balances at the end of the semester must be secured by an interest-bearing promissory note, co-signed by the parents, if the student is a minor. A student must clear his previous account before starting classes in an ensuing semester. A student whose account falls ten days in arrears may be suspended from classes or school. The payment of accounts policy, also applies to those qualifying for V. A. benefits.

The College reserves the right to assign delinquent accounts to an agency for collection. Failure to respond could affect the individual's credit rating.

#### Withdrawals

Adjustments will be made on the accounts of students who withdraw during the semester subject to the following conditions:

- (1) He/she must have officially withdrawn from college;
- (2) scholarship credit will not apply during the semester of withdrawal:
- (3) exit clearance from Resident Hall Personnel is required for on-campus students;
- (4) fees other than the general fee are non-refundable;
- (5) tuition and the general fee will be charged as follows from the first day of classes:

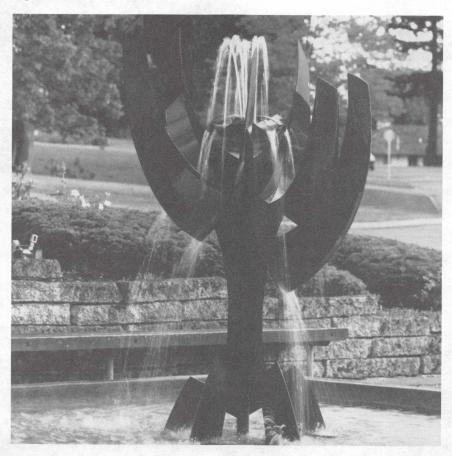

Per day for the first 5 days	2.5%	
First full week	12.5%	
During second week	25.0%	
During third week	37.5%	
During fourth week	50.0%	
During fifth week	62.5%	
During sixth week	75.0%	
During seventh week		
After seventh week	100.0%	

- (6) residence Hall deposit not refunded if in-term withdrawal;
- (7) room and board charges are pro-rated by the day from the official opening of the residence hall;
- (8) when a student reduces his load but does not withdraw from college, tuition and fees will be adjusted through the second Friday of classes. After that, there is no reduction of tuition or the general fee for classes dropped.

Students withdrawing during summer school will be charged tuition and general fee as follows:

For sessions that are longer than three weeks, the charge is 20% of tuition and general fee for withdrawal on the first or second day. The charge is 40% for withdrawal on the third or fourth day and 60% for withdrawal on the fifth or sixth class day and 80% for withdrawal on the seventh or eighth class day and 100% after the eighth class day.

For sessions of three weeks or less, the charge is 20% of tuition and general fee for withdrawal on the first day of classes. The charge is 40% for withdrawal on the second day and 100% after the second day of classes.

REACHING ARMS - Designed by Kenton Pies for Northwest College in 1969, this fountain is a popular meeting place for students and small groups.

## FEDERAL AND STATE GRANTS

Northwest College participates in the following federal and state grant programs:

#### Pell Grant

These grants are direct grants from the government to undergraduate students who demonstrate financial need. Grants range from \$250.00 to \$2,400.00 per year for full-time students. Grants are also available to part-time students. (The amount of the grant is determined by the number of credits for which the student is enrolled and the student's need.)

# Supplemental Educational Opportunity Grant (SEOG)

These federal grants are for students demonstrating exceptional financial need. Students submitting required applications by March 1 for the following academic year will be given first consideration for this grant. Awards range from \$200.00 to \$4,000.00 per year. The average award per year at Northwest College is \$500.00.

# Washington State Need Grant (WSNG)

Student eligibility is determined by the Financial Planning Office as per Washington State regulations. Eligible students must be Washington State residents and enrolled in the Division of General and Professional Studies. Information is available upon request concerning the State Need Grant programs for students from each of the fifty states.

## FEDERAL LOANS

These loans are need-based for students who will be responsible to repay them after they leave school. Northwest College participates in the following student loan programs:

# Perkins Loan (formerly known as National Direct Student Loan)

Student eligibility is determined by the Financial Planning Office. This loan is repayable to Northwest College at 5% interest per year. The size of the loan depends on financial need and availability of funds. Undergraduate students may borrow a maximum of \$9,000.00 over a four-year period.

Repayment for new borrowers begins nine months after graduation or after a student is no longer enrolled on at least a half-time basis. Previous National Direct Student Loan borrowers will continue to have a six-month grace period. Repayment of principal may be extended over a ten-year period (depending on the amount of the loan) with a minimum payment of \$30.00 per month.

Repayment may be deferred for three years while the borrower serves in the Armed Forces, Peace Corps, or as a VISTA volunteer. This loan provides for full or partial cancellation benefits for teaching in certain areas.

# Stafford Loan (Formerly known as Guaranteed Student Loan)

A Stafford Loan is a low interest loan made by a lender such as a bank, credit union, or savings & loan association. The interest rate is 8% for the first 4 years of repayment and 10% beginning with the fifth year, until the loan is paid in full. Undergraduate freshmen and sophomores may borrow \$2,625.00 per year while juniors and seniors may borrow \$4,000.00 per year, depending upon need. The maximum loan indebtedness allowed for undergraduates is \$17,250.00. Repayment begins six months after the student leaves school or ceases to be enrolled on at least a half-time basis.

The application process begins in the Financial Planning Office and takes from three to four months, including processing time with the lender chosen. Applicants must complete a Financial Aid Form and a Stafford Loan application.

# Parents Loan For Undergraduate Students (PLUS)

This loan is intended for parents of undergraduate students not qualifying for the Stafford Loan program. Repayment begins sixty days after proceeds are disbursed to borrowers. Interest rate is a variable rate based on the average 91-day Treasury bill rate, plus 3.75% with a cap at 12%. Applications are available in the Financial Planning Office.

# Supplemental Loans For Students (SLS)

This loan is intended for independent students who do not qualify for the Stafford Loan program. Repayment begins sixty days after the proceeds are disbursed to borrowers. Arrangements can be made (at lender's option) to pay interest only while the student is enrolled, or to have the outstanding interest added to the loan principal when student leaves school. Interest rate is variable and is calculated on the same formula used for the PLUS program described above.

## **EMPLOYMENT**

An employment service is offered to the student through the Office of Off-Campus Housing and Employment. Considerable time and attention are given to the placement of, and counseling with, students who need employment. In addition to the employment service offered for the student, the College participates in federal and state funded employment programs.

# College Work Study (CWS)

This federally funded program provides on-campus jobs to students with financial need as demonstrated on the Financial Aid Form (FAF). Students work an average of 12-15 hours per week (depending on the position filled). Positions filled by student College Work Study employees include custodial, cafeteria, grounds maintenance, and library. Applications are available in the Financial Planning Office. An interview with area supervisors is also required for placement. Contact the Financial Planning Office for more detailed information.

# State Work Study (SWS)

This program, funded by Washington State, provides a limited number of off-campus employment opportunities to students with financial need. Students applying for employment in the program must be enrolled in the Division of General and Professional Studies. Position descriptions vary from year to year. Interested students should contact the Financial Planning Office when arriving on-campus.

# Application for Aid

To apply for financial aid at Northwest the following forms must be submitted:

Application for Admission to Northwest Northwest College Supplemental Aid Application Financial Aid Form Financial Aid Transcripts (if a transfer student) I. R. S. 1040 forms

Applications are available in the Financial Planning Office at Northwest College. Applicants submitting the required documents by March 1st will be given first consideration for available funds. Note: Applications must be submitted for each year of attendance.

# Eligibility

To be eligible for financial aid a student must be a citizen or national of the United States or be a permanent resident of the U.S. A student must have financial need as determined by information from the College Scholarship Service or the Pell Grant Center. A student must not owe a refund on previous grants or be in default on a Perkins Loan, Federally Insured Student Loan or Stafford (GSL), and must maintain satisfactory academic progress. Full-time students receive priority consideration for campus-based funds.

## Determining Need and Disbursement of Aid

Financial need is defined as the difference between the cost of attendance and the amount of student and family contribution. The amount of the total family contribution is determined by applying a standard formula to information supplied on the Financial Aid Form.

The standard formula used to determine need is called the Congressional Methodology.

An independent student's contribution is based on yearly earnings, untaxed benefits, and assets, as well as spouse's yearly earnings (if married), untaxed benefits and assets (as determined by Congressional Methodology).

A dependent student's contribution is based on the student's yearly earnings and assets and on a parental contribution based on earnings, untaxed benefits and assets (as determined by Congressional Methodology). Veterans benefits, vocational rehabilitation, welfare benefits and outside scholarships and gifts are also included as resources available to the family.

The Northwest College Financial Planning Office attempts to package financial aid resources (grants, loans, employment) that will meet 70% of each student's assessed need. The percentage of need met depends upon the availability of funds and the student's acceptance of loan offers.

The Financial Planning Office notifies the Administrative Services Office of aid offered the student, providing all requested documents have been submitted. Pell Grants, Supplemental Educational Opportunity Grants and Perkins Loans are credited directly to the student's account. Perkins Loan recipients must also sign a promissory note for each disbursement. Washington State Need Grant, Stafford Loan and College Work Study checks may be claimed at the cashier's window in the administration building. Students are notified by the Financial Planning Office of the arrival of Washington State Need Grant and Stafford Loan checks, and when they are available for claim.

# Repayment and Refund Policies

A student may be eligible for a refund if he/she withdraws from college and/or the residence halls when he/she presents a written application to the Administrative Services Office.

A complete refund/repayment policy statement is available in the Financial Planning Office upon request.

# **Satisfactory Progress**

A student must complete a minimum of 75% of the credit hours attempted during an academic year, with a minimum cumulative GPA as follows: Freshman 1.7, Sophomore 1.8, Junior 1.9, and Senior 2.0. Failure to meet the above requirements will result in the student being placed on financial aid probation for the following year.

Students transferring from institutions where they have failed to make satisfactory progress will be placed on financial aid probation during their first semester of attendance. If the student does not meet satisfactory progress requirements during that semester, the student will be ineligible for aid during the subsequent semester.

Students who are terminated from financial aid eligibility can re-establish their eligibility for financial aid after successfully completing at least 12 credits and maintaining the required GPA.

Financial aid is not offered for non-credit remedial courses. Incomplete courses will result in the student being placed on financial aid probation until the course is completed. A complete satisfactory progress statement is available on request from the Financial Planning Office.

# Information

Requests for further information and/or application forms may be submitted to the Financial Planning Office, Northwest College, P.O. Box 579, Kirkland, WA 98083.

## REGISTRATION

## **Registration Procedure**

All students must register on the scheduled registration dates. A fee is charged for late registration. Students are not permitted to register for credit after the first week of the semester except by special permission of the Admissions Committee.

No one will be admitted to classes until his registration is completed and approved by the Registrar's Office, and tuition and fees have been paid or satisfactory arrangements have been made with the Administrative Services Office.

#### Orientation

New students, including transfer students, are to meet at the time and place indicated in their enrollment instructions. New students will be given certain preregistration examinations for purposes of appraising scholastic aptitudes, proficiency in certain basic skills and personality traits as an aid to guidance and counseling.

# Class Eligibility

Before enrolling in any course the student is responsible to ensure all prerequisite courses or requirements have been fulfilled.

In general, Freshmen take courses numbered 100-199, Sophomores those numbered 200-299, Juniors 300-399, and Seniors those numbered 400 and above. A student is permitted, however, to take courses below, and one level above, his academic standing. For example, a Sophomore may take courses numbered 100-399.

Any exceptions to prerequisites or eligibility for a specific course must be approved by the instructor.

# Change in Registration

A student may add or drop courses by filing a properly completed Change of Course Form in the Registrar's Office. A change of course fee is charged for each change (defined as adding, dropping, or both). New courses may not be added after the second Friday of any given semester.

# Withdrawal from the College

Withdrawals from college may be made by obtaining the proper form from the Registrar's Office, completing it, securing appropriate signatures, and filing it with Registrar. If the student finds it impossible to follow this procedure because of illness or emergency, he must notify the Registrar within one week after leaving college. The College reserves the right to require a letter of consent of parents or guardians for students under twenty-one years of age. A student who is absent for more than two weeks consecutively without contacting the College to explain the reason for his absences will be dropped from enrollment with a grade of "F".

## ACADEMIC POLICIES AND INFORMATION

#### Academic Load

College instructors assume two hours of outside study for each hour in class. Thus, a student carrying a fifteen-credit academic load has a forty-five hour work week. Students who must continue employment while attending college should, therefore, reduce their loads to maintain a manageable work week. A student working more than twenty-five hours per week should limit his academic load to 13 credits. If he is working more than 33 hours, he should limit his academic load to 10 credits. A student is classified full-time if he is carrying 12 or more credits per semester. A student is classified part-time if he is carrying 11 or less credits per semester.

# **Academic Standing**

A cumulative grade point average of 2.0 or above in credits earned at Northwest College is required for graduation. Students who enter Northwest College with records reflecting grade averages below C level (2.0) are admitted on academic probation. Students otherwise are placed on probation if their cumulative grade point averages fall below the following levels:

Freshmen	(1-30 credits)	1.7
Sophomores	(31-61 credits)	1.8
Juniors	(62-92 credits)	1.9
Seniors	(93+ credits)	2.0

## **Academic Honesty**

Northwest College expects complete honesty from students in all areas including their academic life. Any kind of academic dishonesty is a serious violation of Christian standards, which may result in the student receiving an "F" for the course, dismissal from the course, or possibly being dismissed from the College.

Academic dishonesty includes cheating on assignments or examinations, plagiarizing (misrepresentation of another's work as one's own original creation), submission of the same (or essentially the same) paper in more than one course without prior consent of all professors concerned, and sabotaging another student's work. Any student disciplined by a faculty member for alleged academic dishonesty has the right to appeal the disciplinary action.

### **Academic Probation**

Probation is not intended as a punitive measure but as a warning with opportunity for improvement. Probationary students are under the supervision of the Vice President for Academic Affairs or his representative during the period of probation. In order to ensure their concentration upon academic work during the probationary period, students on probation are restricted in their academic loads (no more than twelve hours plus P.E. activity), are restricted in their participation in certain college activities, and may be restricted in their work loads. To aid them in reaching their potential, they may be required to attend special classes or counseling sessions. (Any student averaging below 2.0 might be restricted.)

When their cumulative grade point averages rise above the stated levels, the students are removed from probation. After the spring semester, all probationary students are evaluated to determine their eligibility for further enrollment at Northwest College. If their cumulative grade point averages have been below the stated levels for two or more semesters, they are disqualified. (Exceptions may be made if the last semester's grades indicate a clear improvement and average above 2.0.)

Appeals for reinstatement after disqualification may be directed to the Vice President for Academic Affairs on forms provided at the receptionist's desk. Normally, at least one semester must elapse after disqualification before students will be considered for reinstatement, during which time they should have reevaluated their educational plans or taken steps to improve their scholastic skills. Disqualified students may also petition for permission to enroll as Special Students to take selected courses for personal benefit.

# Alternate Ways to Earn Credit

Credit for Prior Experience Learning. Northwest College has established programs whereby matriculated students may earn college credit for learnings that have occurred outside the traditional college classroom. Brief descriptions of these programs appear below. Additional information and credit limitations are identified in the Prior Experience Learning policy manual available from the Enrollment Services Office, Office of Academic Affairs, and/or the Registrar's Office.

- 1. Proficiency Examination Procedure (PEP): Must be completed before the end of the sophomore year. The Registrar's Office acts as the information office about all proficiency testing.
  - A. Advanced Placement (AP). Students who have completed college-level studies in high school under the Advanced Placement Program may be granted credit in comparable College courses upon matriculation.
  - B. College Level Examination Program (CLEP). Students may take the CLEP general examinations in the humanities, sciences and social sciences. Students who believe they have advanced levels of knowledge equivalent to course offerings may contact the Registrar's Office for details concerning these tests. Not more than 30 credits of CLEP can be applied to any degree. All credits earned through CLEP must be completed prior to the start of the junior year. Transfer students entering with junior standing will be allowed one semester to earn CLEP credits. Northwest College will accept for transfer credit, upon admission to the College, the successful completion of CLEP general examinations by students.
  - C. Other standardized proficiency examination(s). Standardized tests which can be used to show proficiency in areas that are not covered by AP and/or CLEP may be available.

# 2. Course Challenge Procedure (CCP).

A formally admitted student may challenge certain College courses by examination without actually registering in the courses. The student is allowed only one opportunity to qualify for credit by examination in any given course. Credit by examination may not be counted toward the satisfaction of the residence requirement. Special fees are charged.

# 3. Learnings Assessment Procedure (LAP).

A formally admitted student may apply for College credit by the documentation of learnings acquired in nontraditional manner(s). Applicants for one (1) to sixteen (16) credits of LAP must register for ENGL 201, Documentation Writing, two credits, to receive instruction and assistance in how to document learnings for evaluation. If it is decided to attempt more than 16 credits, the student must also register for ENGL 301, 1 cr., in order to get the faculty assistance needed for the additional documentation and writing. Special fees are charged.

## Attendance

Classes are conducted with a view to helping students develop in knowledge and character, and the student's attendance is assumed. If absences occur, the student is responsible for work missed. Because classes differ in purpose and character, individual teachers determine their specific requirements in course syllabi. All faculty are to include their attendance policies, if any, and to define absences, tardies, and early exits, and the effect, if any, that these will have upon grades. Appeals relating to attendance should be addressed first to the teacher.

Class absences necessitated by required participation in college-sponsored activities are excused through the Academic Affairs Office. The faculty or staff member submits a list of students participating, and the Academic Affairs Office informs teachers of times the students are to be excused.

# **Auditing Courses**

An auditor is a person who wants to sit in a class but not be held responsible for the course work. At no time will an auditor have space priority over an enrolled student. Out of courtesy, the auditor will not participate in discussions except as allowed in consultation with the professor. Enrolling as an auditor is done during the registration period

and requires the prior permission of the professor. An audit is not recorded on the transcript.

## **Class Schedules**

Classes are scheduled in fifty minute periods beginning at 7:30 a.m. and running to mid-afternoon. A chapel service, during which no classes meet, is scheduled at mid-morning each day. The student arranges his schedule according to the requirements of his own program.

The College reserves the right to cancel any courses for which there is not sufficient registration.

# **Continuing Education Unit**

The College awards the continuing education unit to adults who participate in non-credit continuing education activities administered by the College. CEU's are not to be equated with the college credits applicable toward a degree. One CEU is equal to ten contact hours of participation in an organized continuing education experience. CEU credit is placed on the National Registry for Continuing Education and is useful where employment or professional training requirements may prescribe it.

# Eligibility for Special Groups and Student Leadership

All participants of special groups (e.g. varsity athletics, traveling choirs, speech team) and student leadership must maintain a 2.0 g.p.a. to qualify for membership in the group. In addition, the College reserves the right to establish minimum credit loads each semester for these students.

# **Evening Classes**

A limited number of classes are scheduled during certain evenings of the class week so as to be available to non-matriculated students and to a limited number of regular students who cannot schedule them during the day.

The evening school classes are college level. They may be taken with or without credit and may be taken in combination with day classes or may be taken on an evening class schedule only. Courses

offered are generally selected courses in the areas of Bible, Communication, and special topics.

Prospective students desiring further information about the evening classes should contact the Registrar's Office. Formal admission to the College is not required to enroll in evening classes unless students wish to matriculate into regular student status at the College.

## **Grade Points**

Grade Points (or quality points) are the numerical equivalent of letter grades and are assigned for each credit earned with a given grade according to the scale indicated above. For example, an "A" in a five-credit course would give the student twenty grade points. These points express the quality of a student's performance in numerical terms for the purpose of determining scholastic achievement, rank in class, and individual and graduation honors.

## **Grade Point Average**

A student's grade point average is determined by dividing the total number of grade points earned during a given period by the number of credits for which the student was enrolled and received a regular grade during the same period. For example, if a student earns forty-five grade points during a semester in which he is enrolled for fifteen credits, his g.p.a. for the semester will be 3.00. A student's grade point average is calculated both by semester and cumulatively.

# **Grade Reports**

Grade reports are mailed to all students at the close of each semester. The grade reports are sent to the mailing address supplied by the student at the time of registration. To ensure delivery of grades, changes in the mailing address should be reported to the Registrar's Office by the last day of instruction.

## Honors

Students who earn a current grade average of 3.5 or better, while carrying twelve credits or more, are placed on the Dean's List, which is published at the conclusion of each semester. Full-time students with a current g.p.a. of 3.3 to 3.499 are placed on the Honors List.

# **Incompletes**

Incompletes may be given at the discretion of a professor for reasons of illness or emergency. When an incomplete is turned in to the Registrar's Office it must be removed by the end of the succeeding semester. Otherwise, the grade automatically converts to an "F" on the student's record.

## **Independent Study Program**

Any student who has achieved junior or senior standing and has completed at least eight credit hours within an academic major may request permission to meet a course requirement through independent study. This program permits the student with a schedule conflict between courses required for graduation to pursue these requirements through specialized study arrangements.

The program also allows the student a format for pursuing advanced study not currently offered as a part of the regular curriculum. The procedures for registering for an independent study are as follows:

- 1. The student should discuss the proposed topic of study with the advisor and the instructor, and obtain their signatures of approval. The instructor and the student should finalize a written proposal or syllabus of study and attach it to the "Request for Independent Study" form.
- 2. The student will submit the independent study form and syllabus to the Vice President for Academic Affairs for approval.
- 3. If approved by the Vice President for Academic Affairs, the Academic Affairs Office will send copies of the independent study form to the student, the instructor, and to the Registrar's Office. Once approval has been secured, the student must officially register in the Registrar's Office in order to receive academic credit.

Complete information regarding the independent study program is documented on the "Request for Independent Study" form, available in the Academic Affairs Office.

# **Military Credit**

Those having had military service may petition the Registrar's Office for physical education credit upon presenting appropriate documentation.

## **Student Records**

The Family Educational Rights and Privacy Act of 1974 (FERPA) specifies rights and privileges regarding student records. The written institutional policy adopted by Northwest College in compliance with FERPA is available from the Registrar's Office. Annual notice regarding FERPA rights is provided in the College's Student Handbook and Catalog.

In accordance with FERPA, you are notified of the following:

- 1. RIGHT TO INSPECT: You have the right to review and inspect substantially all of your education records maintained by or at this institution.
- 2. RIGHT TO PREVENT DISCLOSURES: You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.
- 3. RIGHT TO REQUEST AMENDMENT: You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.
- 4. RIGHT TO FILE A COMPLAINT WITH THE U.S. DEPARTMENT OF EDUCATION: You have the right to file a complaint with the Family Policy and Regulations Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C., 20202, concerning this institution's failure to comply with FERPA.

5. RIGHT TO OBTAIN POLICY: You have the right to obtain a copy of the written policy adopted by this institution in compliance with FERPA. A copy may be obtained in person or by mail from: Northwest College, Registrar's Office, 5520 - 108th Ave. NE, Kirkland, Washington, 98033.

# Summer College

The Summer College session is designed to provide courses in areas of selected interest for enrichment and acceleration of students' progress toward graduation.

The schedule is designed in a concentrated manner so as to be contained within one- to four-week time frames. A student may earn up to eight semester credits in a summer session. From time to time shorter seminars and workshops are scheduled with guest lecturers who have expertise in special topics of current significance or professional value. Summer internship programs are also registered as part of the summer session.

For specific information, a summer session schedule may be obtained from the Registrar's Office. The regular admissions process is not required except for students who wish to matriculate into the College to pursue a degree program or into regular daytime studies.

# **Transcripts**

An official copy of a student's academic record at Northwest College that bears the official seal of the college and the signature of the Registrar is referred to as a transcript. Requests for transcripts must be accompanied by the students signature and a \$3.00 fee for one copy or a \$5.00 fee for multiple copies. Phone orders for transcripts cannot be accepted. NOTE: Financial indebtedness to the college will prevent the release of a student's transcript.

## **GRADUATION**

## Requirements

- Credit hour requirements. Candidates must complete the minimum total credit hours for the degree, diploma, or certificate prescribed by the program or major in which they are enrolled.
- 2. Grade requirements. Candidates must achieve a minimum 2.0 (C) grade point average on all courses taken at Northwest College.
- 3. Residence requirements. Residence refers to course work completed at Northwest College. Transfer students must complete a minimum of 30 semester credits at Northwest College. One-fourth of the Bible/Theology requirements, and one-third of the major requirements, must be completed in residence at Northwest College. The final semester of course work must be completed at Northwest College.
- 4. Course requirements. Candidates must complete all General College Requirements and those of their program, major, and minor fields as specified in the catalog in effect at the time of their matriculation into Northwest College or those in effect at the time of their graduation. They can not take a combination of the two.
- Citizenship requirements. Candidates must have attained a satisfactory citizenship record, including chapel attendance requirements, as of the date of their graduation.
- 6. Financial requirements. All accounts with the College must be paid in full to be eligible to graduate and participate in Commencement activities.

- 7. Limitations. Not more than 20 semester credits of the student's total program may be taken by extension or correspondence work. Not more than 12 credits in ensemble music may be credited to a four-year degree and not more than 8 to a two-year degree. Not more than four credits in physical education may apply towards graduation in either a two-year or a four-year program. Not more than 30 credits of CLEP credit can be applied to any degree. Students may receive only one degree at a time. A double major is allowed only if no course is used to satisfy a requirement for both majors.
- 8. Second B.A. Degree. Northwest College will grant a second Bachelor of Arts degree only if the student's second degree is substantially different from the first Bachelor of Arts degree earned at Northwest College. A minimum of 30 additional semester hours will be required for the second B.A., will include all major requirements, must be taken in residence at Northwest College, and will not include any correspondence work and CLEP credit. Admission into a second B.A. program will be granted only when a program contract has been formulated by the student in consultation with the student's advisor and the Vice President for Academic Affairs. Course work taken prior to approval of the program contract may not be allowed to count toward the second B.A.
- 9. Student Responsibility. While the College provides advisement services to its students through faculty advisors, the Registrar's Office, and other sources, the final responsibility shall rest with the student for fulfilling all requirements for graduation, including those identified in official program audits. This shall include requirements resulting from program modifications affecting course offerings as may be adopted by action of the faculty.

## **Procedures**

- Applicants for graduation must file for graduation in writing with the Registrar's Office not later than the end of the second week of the school year in which they plan to graduate or within the first week of the spring semester if not enrolled in the fall semester.
- 2. It is the responsibility of the student to arrange for an audit of his records in the Registrar's Office to verify his remaining graduation requirements. This is to be done within the first two weeks of the initial semester of enrollment in the year of graduation.
- When an audit has been made and documented, it is the responsibility of the student to satisfactorily complete all course work and grade point average requirements specified by the audit report.
- 4. All applicants for graduation will be assessed a fixed graduation fee to cover the costs connected with Commencement. The fee is assessed whether the student participates in the public Commencement ceremonies or not. In the event of cancellation a portion of the fee will be retained to cover set-up costs.
- 5. No person will be presented for the public graduation ceremonies who has not been certified by the respective college officers as having satisfied each of the foregoing requirements as of the graduation in the spring semester with the exception of pre-enrolled summer school students who will complete their requirements in the summer school session or for those cross-enrolled in another institution in an approved enrollment where the terminus point overlaps that of the College.
- 6. Degrees are conferred each semester (including summer session). The deadlines for completion of all work in order to have the degree conferred are:

Last Day of Finals in Fall and Spring Semesters August 31 for Summer Session

## **Graduation Honors**

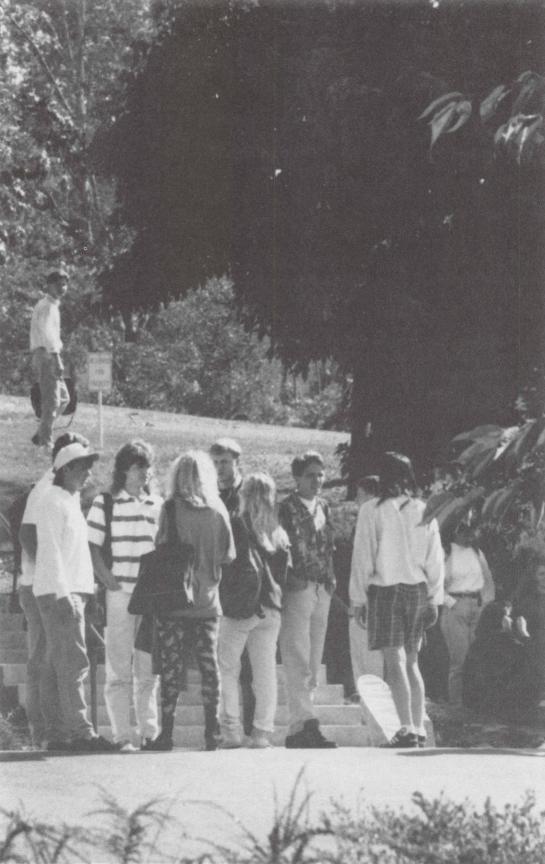

1. Cum Laude

Those who have maintained a 3.5 to 3.6 grade point average will have their degrees conferred *cum laude*. Those who have an average of 3.7 to 3.8 will have their degrees conferred *magna cum laude*. Those who have achieved an average of 3.9 to 4.0 will have their degrees conferred *summa cum laude*.

2. Delta Epsilon Chi

Graduates are eligible for nomination for membership in Delta Epsilon Chi, the national honor society of the member schools of the American Association of Bible Colleges. Qualifications for membership in the society are a minimum of 3.3 grade point average, a citizenship record of high standing and the demonstration of Christian leadership. Nominations for membership are made by the faculty.

 Who's Who In American Colleges and Universities Selected students from the junior and senior classes are nominated by the faculty for inclusion in this national publication each year. Selections are based on character, leadership, and academic record.

# THE COLLEGE SEAL

The institutional seal of Northwest College embodies in the symbol the history, character, and purpose of the College.

It contains nine elements: The legal name of the institution; its year of founding; the Shield of Faith (Ephesians 6:16); the centrality of the Cross denoting the College's message to the world; the Lamp of Learning and open Bible denoting the foundational premise on which its total learning program is based; the small cross and crown denoting temporal and eternal aspects of the Christian life; and underlying the crest is a ribbon on which are inscribed the first words of the College Alma Mater, "Let Light Shine Out," denoting the historical purpose of the College realized in and through its student graduates who carry the Gospel of Christ to the ends of the earth as laymen and full-time Christian workers.
