## HISTORY AND LOCATION

Northwest University was founded by the Northwest District Council of the Assemblies of God and opened to students on October 1, 1934. The District Presbytery appointed Dr. Henry H. Ness to be the first president.

The University was housed in the facilities of Hollywood Temple, Seattle, Washington, for the first twenty-five years of its existence. Dr. C.E. Butterfield succeeded Dr. Ness in 1949, and Dr. D.V. Hurst assumed the presidency in 1966 and served through 1990. He was succeeded by Dennis A. Davis, who served as the fourth president of the college from 1990 - 1998. Dr. Don Argue served as the fifth president of Northwest University from 1998 - 2007. Dr. Joseph Castleberry is the sixth president of Northwest University.

Originally known as Northwest Bible Institute, its institutional name was changed to Northwest Bible College in 1949, to Northwest College of the Assemblies of God in 1962 and to Northwest University in 2005. Each change represented a stage in its curricular development.

Academically the University progressed from a three- to a four-year curriculum in 1948, and in 1955 a Liberal Arts division was organized. Accreditation by the American Association of Bible Colleges was granted in 1953, and in 1973 the University received regional accreditation by the Northwest Association of Schools and Colleges.

In May 1992, Northwest University became the eighty-fifth college approved for membership in the Council for Christian Colleges and Universities, an association of Christ-centered colleges and universities of the liberal arts and sciences.

In 1958 the University secured a new 35 acre campus in Kirkland, in the greater metropolitan area of Seattle. Since then 20 acres have been added to make the present 55 acre campus. Located at 108th Avenue N.E. and N.E. 53rd Street just ten miles from downtown Seattle, the campus is an ideal setting for study, recreation, and inspiration. The campus is also near to industry and close-at-hand employment opportunities. In 2002, the University purchased additional property at 6710 108th Avenue N.E. that serves administrative and academic functions.

In 2008, Salem Bible College (Salem, Oregon) merged with Northwest University and became Salem Bible College of Northwest University. As of December of 2008, Salem students earn their degrees from Northwest University.

Over the years, the University's graduates and former students have engaged in full-time Christian service in professional, business, or vocational occupations in fulfillment of their educational objectives at the University.

## EDUCATIONAL PHILOSOPHY

Northwest University's concept of education is distinctively Christian in the evangelical sense. It recognizes the authority of the Bible as a divine communication of truth. It views humanity as having

been created by God with intellectual, physical, social, and spiritual potentialities which require development and needs which require fulfillment if the individual is to be a whole person whose life is useful, complete, and satisfying.

As a morally responsible being whose choices and actions determine usefulness to the Creator and to humankind, as well as the ultimate ends of one's existence, the individual has a need to recognize and appreciate righteousness, beauty, and truth wherever one finds them. Education should develop moral, spiritual, intellectual, and aesthetic awareness and values.

As a creature of God, each person is an individual of intrinsic worth and dignity. In a society of free persons it is essential that each learn to respect humankind and understand their views while maintaining one's own integrity. The individual must have knowledge of one's culture and of self, in order to solve the complex problems of modern life.

Northwest has a commitment to truth and believes that all areas of true knowledge are ultimately compatible. The accumulative experience of humankind has resulted in a residue of tested wisdom and knowledge communicated. True knowledge may be discovered, too, through the careful and reverent scientific scrutiny of nature and of humanity. Neither the past nor the present has a monopoly on truth.

## **EDUCATIONAL GOALS**

In view of its distinctive philosophy, Northwest University seeks to provide education which will introduce the student to the organized fields of learning and will acquaint one with the Christian theistic view of the world and of humanity and one's culture. Such an education is intended to develop the whole person in a balanced and useful manner.

Since Northwest believes that responsible actions in the present are dependent in part upon knowledge of humanity's past experience, it seeks to communicate to the student what may be known of people's cultural heritage. It seeks to impart knowledge, stimulate awareness, and develop appreciations.

Northwest seeks to cultivate Christian character in its students. It offers a core of biblical and theological studies as the foundation for faith, practice, and spiritual maturation. It desires that each student shall maintain a right relationship to God and to humanity, and be prepared to act responsibly and maturely in contemporary society.

Northwest is concerned with the intellectual development of its students. It desires that its students will learn to

evaluate and use knowledge, so that they can continue to make new discoveries throughout life.

Northwest recognizes that people are social beings and that they are debtors to society; no one stands alone or exists without purpose. It seeks to awaken social understanding and concern and to motivate its students to commit their lives to worthy goals of service to God and humanity. At the same time it endeavors to stimulate in its students a social and moral perceptiveness that will make them worthy and constructive critics of contemporary society.

Northwest realizes the importance of physical and mental fitness, and encourages its students to participate in healthful activities and to develop habits which will contribute to their physical well being. It seeks to give them a better understanding of humanity's biological and psychological constitution.

## **COMMUNITY AFFIRMATION STATEMENT**

Northwest seeks to relate biblical Christianity to every area of life, both on and off campus: to academic disciplines, to co- and extracurricular activities, in the residence halls, in the local community, and in one's personal life. It assumes that all members of the Northwest community desire meaningful involvement in the process of Christian higher education as they seek to express their faith in the context of an Assemblies of God University. Faculty and staff members commit themselves to be facilitators and learners in this educational endeavor. Students, by enrolling, join with them in accepting the responsibilities of membership in this community.

Since Northwest holds that the Scripture is the infallible rule for faith and conduct, the Bible will always be the authority in all matters pertaining to personal and corporate behavior. The University believes that its statement of faith and its statement of principles regarding behavior find their basis in the Bible. This affirmation attempts to provide a means to understanding the nature of this community of believing learners and to encourage a sincere commitment to it.

We affirm the Lordship of Christ over all of life and thought; our responsibility to love God with all our being and neighbor as ourselves; our obligation to seek righteousness, to practice justice in all situations, and to express mercy to all; our need to exercise Christian freedom responsibly and lovingly and our dependence on the empowering of the Holy Spirit if we are to faithfully fulfill what God requires.

We affirm the biblical description of attitudes and behavior unfitting for a Christian: “The acts of the sinful nature are obvious: sexual immorality, impurity and debauchery, idolatry and witchcraft, hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions and envy, drunkenness, orgies, and the like” (Gal. 5:19-21a, NIV). Through the help of the Holy Spirit we strive to allow none of these to be part of our behavior. We affirm also the biblical description of attitudes and behavior fitting for a Christian: “But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control” (Gal. 5:22-23a, NIV). We seek to maintain a vital relationship with the Spirit so that such attitudes and behavior will be evident among us. We seek to follow Christ’s example of unselfish love in our actions, attitudes, and relationships.

We strive to maintain stewardship of body, mind, time, abilities, and resources. We strive to integrate corporate worship, personal faith, and intellectual growth. Attendance of the University chapel services and faithful attendance and support of a local church are integral parts of that process.

Northwest recognizes that not all believers share the same standards in matters of behavior the Bible does not specifically address. As members of this community, however, we also recognize the importance of respecting the values and goals of the University and will, therefore, seek to conduct ourselves in a manner that will bring only credit to the gospel and to Northwest. Since we are also part of the larger society, and in order to “let our light shine out” we will strive to maintain good community relations in respect to governing authorities, social activities, and business dealings.

This affirmation provides a positive and constructive framework to aid one’s personal development and for ongoing relationships with all other members of this community. We join with each other as we seek to live out this affirmation in a spirit of unity and openness, of helpfulness and caring.

## STATEMENT OF FAITH

- We believe there is one God, eternally triune as Father, Son, and Holy Spirit; who is Creator and Sustainer of the universe and of mankind, the Savior and Judge of all.
- We believe the Bible is God’s written word, inspired by the Holy Spirit and thus infallible in all its statements.
- We believe God has completely, with finality, and infallibly revealed Himself in His son, Jesus Christ, the living Word, who was both fully God and fully man.

- We believe in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His literal return to this earth to establish His millennial kingdom.
- We believe the Holy Spirit indwells all who put their trust in Jesus Christ as Savior and Lord, and that through them He demonstrates in the present world the powers of the age to come.
- We believe the experience of the baptism of the Holy Spirit is for all believers today and is accompanied by the spiritual manifestation of speaking in other tongues.
- We believe mankind exists in a state of sin, which involves moral and spiritual separation from God, but that through repentance and faith they can experience restoration to God in which God declares them free from guilt and gives them eternal life.
- We believe the restored person will seek to demonstrate his love for God by a life of obedience and holiness.
- We believe there is one true and universal church embracing all true believers of all ages.
- We believe in the resurrection of the righteous to eternal fellowship with God and of the unrighteous to eternal separation from God.

## RECONCILIATION STATEMENT

### Whereas we believe that:

every person, regardless of ability, age, gender, race, ethnicity, or religion shares equally in the image of God;

all are sinners and that we equally partake of the consequences of sin;

Jesus Christ died for all and that we equally have access to redemption;

God is sovereign and that He calls into His service whomever He chooses and that He gifts and equips those He calls in order that they might accomplish that calling;

there is hope for all believers for fellowship with the Lord and with each other presently in His Church and in His coming Kingdom.

### Be it resolved that:

we, as members of the Northwest University community, desire the equality of opportunity and respect that results from true Christian community where we cherish unity in diversity and practice mutual support as evidence of God’s presence, by His Holy Spirit, in us;

we seek forgiveness for all attitudes, language, and actions that have intentionally or unintentionally contrib-

uted to discrimination regarding race, ethnicity, gender, physical ability, and age within the Northwest University community and within the society in which God has placed us;

we pledge not to engage intentionally in any act that would result in unlawful discrimination against any person, or group of persons, based upon race, ethnicity, gender, physical ability or age;

we pledge to engage our University community in activities and communications that will develop greater awareness and sensitivity to interpersonal intolerances that would be considered unacceptable by biblical teachings and would lead to tolerance that is reflective of God's character;

we further pledge to develop ongoing formal and informal opportunities to facilitate the process of reconciliation of God-honoring relationships among all people, based upon the clear call of God through the Scriptures;

we commit ourselves to dialogue, study, and affirming initiatives and actions designed to enable us to bear one another's burdens and rejoice in the privilege of fulfilling the law of Christ.

tion through faith in Jesus Christ is required to be admitted.

### Application Form and Fee

The Application Form contains background information required to successfully insure that students have an ability to benefit from the University's programs. Therefore, students must complete the Application Form. Forms may be secured by addressing the Admissions Office. Application deadlines are July 15 for fall and December 15 for spring. Students whose files are not completed by those dates will normally not be admitted for that semester. No assurance of acceptance should be assumed until the applicant receives a letter of approval from the Admissions Office. The non-refundable application fee of \$30.00 must accompany the application before it will be considered. The applicant will send or deliver reference forms provided by the University to the appropriate persons. In the event that an applicant falsifies or withholds information on the admissions application, the University reserves the right to revoke, suspend, or modify an admissions approval.

### Character References

All applicants must give evidence of sound moral character. Evidence of that character includes a vital experience of salvation through faith in Jesus Christ. Applicants are admitted only upon satisfactory recommendations from sources specified on the University Admissions Application form.

Transcripts prepared by an individual educator must include information about curriculum and reading lists included with the home school program. Admission for students that submit transcripts from a home educator will weigh more heavily on test scores, demonstrated written ability, and academic curriculum. In addition, applicants may be required to submit a GED if their academic records are of marginal quality.

A limited number of mature persons who are not graduates of a high school may be admitted on a selective basis as non-degree seeking or non-matriculated students. However, non-degree seeking or non-matriculated students are not allowed to earn degrees, diplomas, or certificates at the University.

### Entrance Tests

For purposes of admissions evaluation, guidance, scholarship eligibility, and counseling, applicants must take the ACT (American College Tests, College Code: 4466) or the SAT (Scholastic Assessment Tests, College Code: 4541).

Normally these tests are available at high schools on a set schedule. Arrangements should be made to take them as early as possible. Transfer students who have completed a minimum of 30 transferable quarter credits (20 transferable semester credits) from an accredited college or university are exempt from submitting test scores. (This does not include credit from Technical Institutions.)

### Transcripts

It is the responsibility of the applicant to see that an official high school transcript and official transcripts for any college work completed are sent to the Admissions Office. This may be done by filing a letter of request with the schools concerned.

After the application, application fee, reference forms, SAT or ACT scores, and transcripts have been received, the Admissions Committee will evaluate the application. Applicants will be notified by mail whether or not they are accepted.

  - In addition, the university may require a deposit sufficient to cover travel costs for returning to the student's home country. This deposit will be held until the program of study is complete and may not be used by the student for tuition or other expenses.
  - Complete the Confirmation Form and Housing Form.

3. Northwest University will then send an I-20 Form for the procurement of a student visa.

## **ADMISSIONS STANDINGS**

### **Regular Student Status**

A Regular Student is a student who meets all requirements for admission and is pursuing a degree or approved certificate from the University. Regular standing is granted to approved applicants who have achieved at least the minimum cumulative grade point average (GPA) requirements in their high school and/or college course work (if a transfer student), and satisfactory test scores as required by the respective undergraduate or graduate program. For undergraduate degrees or certificates, a minimum GPA of 2.3 in high school and college course work is required. For graduate programs, individual graduate program have established grade point average requirements along with specific test scores.

### **Probation Student Status**

Probation status may be granted to a limited number of selectively admitted students who, in the judgment of the Admissions Committee, show promise of benefit from the opportunity to pursue work at Northwest University. A minimum incoming cumulative GPA of 2.00 is normally required for admission on probation.

### **Non-Degree Seeking Student Status**

A Non-Degree Seeking Student is not seeking a degree or approved certificate at the time of admission. Individuals in this status may be enrolled in courses for reasons such as personal enrichment, learning or upgrading job skills, or fulfilling degree requirements for another institution. A Non-Degree Seeking Student is not eligible for federal or state financial aid. Courses taken by a student while under this status are a part of the student's permanent academic record, but are not guaranteed to apply to a degree or certificate offered by the institution. Specific course prerequisites must be satisfied regardless of a student's admission status.

### **Non-Matriculated Seeking Student Status**

A Non-Matriculated Student has been approved to enroll in a specific term for a specific course that has been designated open to non-matriculated students. Students in this status are not seeking a degree or approved certificate at the time of admission and are not eligible for federal or state financial aid. Courses taken by a student while under this status are a part of the student's permanent academic record, but are not guaranteed to apply to a degree or certificate offered by the institution. Specific course prerequisites must be satisfied regardless of a student's admission status.

## Early Action

The Early Action program at Northwest University is a nonbinding agreement for students who place NU among their top choices of universities. To be eligible for the Early Action program, students must submit a completed Application for Admission by the stated deadline. The deadlines for this program are the following:

- Early Action 1: November 15
- Early Action 2: January 15

Participating students will receive notification of their admission status within one month of the Early Action deadlines. Students admitted as part of the Early Action program receive priority for course registration and housing placement.

## TRANSFER CREDIT

During the admissions process, official transcripts from all previously attended educational institutions are evaluated for the maximum amount of transfer credit possible. The results of this evaluative process are communicated to students and their academic advisors on a Transfer Report. Any subsequent credits earned by students must also be communicated via an official transcript, evaluated by the Registrar's Office, and officially reported. The University strongly recommends that students intending to transfer additional courses to Northwest verify that the intended course will be received prior to enrolling in the course. This is applicable to prospective and enrolled students. See the Northwest University Credit Transfer Guide for further details.

### Semester -- Quarter Credits

Northwest University's academic calendar is formatted on a semester basis. A credit transferred into Northwest from a college operating on a quarter-calendar is equivalent to 2/3 of a semester credit. Thus, one can translate quarter credits to semester credits by dividing the quarter credits by 1.5.

### Advanced Standing

Northwest University accepts credits earned through the Advanced Placement Testing Program (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), the DANTES Subject Standardized Tests (D.S.S.T), and Running Start. Recommendations regarding college credit are made by the Registrar. For credits earned through testing while a matriculated student, refer to Academic Policies and Information, Alternative Ways to Earn Credit.

## Military Credit

Those having had military service may petition the Registrar's Office for physical education credit upon presenting appropriate documentation.

### Transfer of ICRC Associate in Arts

Northwest University accepts the transfer A.A. degree from those colleges in the State of Washington whose degree requirements conform to the guidelines of the Intercollege Relations Commission (ICRC). The degree will satisfy many of the University's General Education Requirements, and will confer 60 semester credits of work in transfer to Northwest University, giving the student junior standing. However, because of the specific nature of some degrees, some General Education Requirements may still remain to be satisfied.

### Transfer of Credit from Regionally or ABHE Accredited Colleges and Universities

Students desiring to transfer to the University from another institution accredited by one of the six regional associations or by the Association for Biblical Higher Education (ABHE) must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Admissions Office. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of "C-" or better. (Some majors may have a higher grade requirement for some of their courses.)

### Extension & Correspondence Credit

All credits earned through correspondence must be completed prior to the beginning of the final semester preceding graduation. Students should take no more than two correspondence courses concurrently, and correspondence courses taken during the academic year should be considered to be part of the student's total academic load.

### Transfer of Credit from Non-Regionally or Non-ABHE Association for Biblical Higher Education

Academic work presented from colleges and universities that are not accredited by one of the six regional associations or by the Association for Biblical Higher Education (ABHE) is subject to the following limitations and guidelines:

- transfer from all such sources is limited to a total of 30 semester credits;
- courses are considered on a course-by-course basis;
- acceptance of such credits is dependent upon the University's evaluation of the equivalency of course work and level of instruction;

- all such transfer credit is considered at the time of admission or readmission to the University;
- transfer credit from such sources must be validated by completion of a minimum of two semesters enrollment and 30 credits at Northwest University with grades of 2.00 (C) or better, and possibly by examination;
- only evaluations and commitments made in writing by the Registrar's Office will be considered as being applicable;
- college-level work considered occupational or remedial is not recognized for transfer; and
- enrolled students desiring to transfer credits from such institutions must obtain prior approval from the dean of the school or college into which the credits are to be transferred.

## RESIDENCY REQUIREMENTS

At least one academic year (with a minimum of 30 semester credits) must be completed at Northwest University, and the final semester of work before graduation must be taken on campus irrespective of the amount of previous work completed at Northwest University. One-third of the major requirements must be completed in residence at Northwest University.

A student registered at Northwest University may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the University may, upon returning, graduate under the requirements of the catalog in effect during the semester in which they first enrolled, provided graduation is within six years from the end of that semester. (The summer semester may count as a part of the semester before or after it.) However, a student may graduate under the requirements of the current catalog. It is expected that the requirements of the catalog chosen will be followed as a whole.

# Student Development

The vision of Northwest University, to Carry the Call with Heart, Head, and Hand for the glory of God alone, is the foundation for all Student Development services. The mission of Northwest University, which is to provide, in a distinctly evangelical Christian environment, quality education to prepare students for service and leadership gives the vision direction and clarity. The Principles and Practices of Christian Citizenship are the guidelines the University community follows in the adventure of making the vision and the mission a reality. As a result, students upon graduation should be able to answer fundamental questions such as:

- 1) Who am I in Christ?
- 2) What do I believe and why?
- 3) *What is God's call for me?*
- 4) *How can I effectively fulfill God's call?*

The entire Northwest University experience should provide every student a foundation for life-long learning and development.

## PRINCIPLES AND PRACTICES OF CHRISTIAN CITIZENSHIP

As an institution of the Assemblies of God, Northwest University has standards for student behavior based on biblical precepts and principles, the doctrinal statements of the church, and on widely-held practices within the fellowship.

Christian maturity involves more than adherence to explicit scriptural statements of right and wrong. It involves a total commitment to the Lordship of Christ and a life of dynamic discipleship. The mature Christian recognizes scriptural principles that govern conduct and applies these principles to every area of attitude, conviction, and behavior.

The Scriptures establish basic principles which guide the development of Christian character and govern all Christian behavior. These include but are not limited to:

- access through Jesus Christ to the forgiveness of God and to the help of the Holy Spirit in doing joyfully what God requires in His word (Romans 14:4-10, 15:1-3; Phil. 1:20-27; 1 Cor. 8:7-10; Col. 3:23; 2 Cor. 6:14-18; James 1:27, 4:4; 1 John 2:15-18).
- the Lordship of Christ over all of life (thoughts, speech, and actions); wholehearted obedience to the moral law of God as taught in the Bible and exemplified in the life of Christ; the careful stewardship of mind, time, abilities, and funds; opportunities for intellectual and spiritual growth; and the care of the body as the temple of the Holy Spirit;

- the responsibility and privilege to love God with all our being and to love our neighbors as ourselves because unselfish love must be the motive in all of life's decisions, behaviors, and relationships;
- the responsibility to pursue righteousness, to practice justice in relationships with all people and institutions, and to give aid and assistance to all who are in need;
- the need to exercise freedom responsibly, lovingly, and sensitively within the framework and context of God's word in relationship to the Assemblies of God fellowship and all constituencies served by Northwest University, other church organizations, and our communities at large.

The Community Handbook, published on the Northwest University web site, acquaints and informs students regarding the Northwest University way of life. The Handbook describes what students can expect of the University and what the University expects of students. All expectations are designed to assist everyone in the adventure of Carrying the Call.

When students apply for admission, they must indicate that they have made a personal commitment to Jesus Christ as Lord and Savior and that they are willing to live according to the standards of the University community.

Northwest University students are expected to recognize their responsibility to God by careful use of their time and to engage only in such activities as may contribute to their spiritual, moral, intellectual, and physical well-being. Questionable entertainment and all activities which diminish a person's moral sensitivity and fervent walk with God should be avoided. Being an authentic biblical

Christian both on and off campus is a clear and present standard of Northwest University.

In keeping with the vision and mission of the University, the following attitudes and behaviors are expected of all members of the University community: "But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control" (Galatians 5:22-23b, NIV).

Northwest University will promote Christian citizenship through instruction, corrective confrontation, and discipline, when necessary for the purpose of developing and maintaining a Christ-centered environment. An acceptable citizenship record, which includes academic and financial responsibility to the University, must be maintained to qualify for enrollment, participation in student offices, co-curricular activities, including all athletic and music programs, and graduation.

The University reserves the right to modify and amplify the standards and dates set forth in the Community Handbook and to use its discretion in the interpretative enforcement of all ideals and standards of conduct.

The University reserves the right to require any student who is considered to be out of harmony with the goals and the spirit of the University to withdraw, including involuntary administrative withdrawal.

Northwest University is committed to a policy of non-discrimination with regard to race, color, national origin, sex, age, marital status, or physical disability. Persons having questions regarding University policy of non-discrimination should contact the Senior Vice President for Finance.

The Counseling Center provides mental health counseling, relationship counseling, and supportive counseling to students. Counseling is both preventive and redemptive in nature. We believe that God is fulfilling a redemptive story in our lives, and at times we need help as our stories unfold. Integrating counseling practice with biblical faith, we endeavor to assist students in their spiritual, psychological and social development.

Individual and couple counseling is provided at no cost to currently enrolled students. Counseling is available to alumni for fee for service. Students may be responsible for the expense of some test materials and other consumable resources they use. This cost will be discussed with the student prior to the expense being incurred.

## Housing: Single Students

Preparing students to Carry the Call, Northwest University is a Christian community of scholarship and learning. Northwest's commitment to provide a community where students live on campus is embedded in this vision. Developing competency and maturity as Christian learners, scholars and leaders occurs partially as a result of the Holy Spirit's work in students' lives through their relationships with other students. The interaction between people is a guiding and fundamentally important component of Christian student development. We believe it is necessary for students to be immersed in community living for essential person to person encounters to be possible. Therefore, as a condition of attending Northwest

University, undergraduate students are required to live in university owned residence halls or apartments.

## Housing Requirements

All full-time undergraduate students (registered for 12 or more semester hours) are required to live in campus housing unless they meet the criteria for living off-campus and have applied and been approved for off-campus living by the housing office. Students who are granted off-campus residency are considered commuters. Commuters are students who are commuting from their parent's home or an approved adult's residence, students who are married and living off-campus, undergraduate students 21 years old and at least junior status (60 semester credits earned) on the first day of class each semester, students 23 years old or older on the first day of class each semester, or students working a job which provides room and board. Students who meet these criteria may apply to the Director of Housing to live off-campus. Commuters on academic or citizenship probation may be required to live in campus housing during the semester(s) they are serving their probation.

Students who request to move out of the residence halls or student apartments during the semester will be required to pay housing charges on a prorated basis from the official opening of semester housing to the day the student receives exit clearance after 50% of the semester charge has been paid. The housing deposit is not refundable.

To reserve a room or apartment, a housing deposit is required. Currently enrolled students that have received a housing placement for the fall semester must inform University Housing, located in the Davis Administration building, in writing of their intentions not to live on campus by July 15 (fall semester) or December 1 (spring semester) in order to receive a refund of their resident hall deposit. Refund of the deposit is credited to the student's account. Failure to notify University Housing by these dates will result in the deposit being forfeited.

## Housing: Family Students

The University maintains seventy-eight resident student apartments designed for family students with or without children. They consist of thirty-six units with 1 bedroom/1 bath, twelve units with 2-bedrooms/1 bath, and thirty units with 2 bedrooms/2 baths. ## **Vehicles**

Permits are necessary for the operation and parking of student vehicles on campus. Vehicles must be registered with the Student Development Office. Violation of vehicle regulations may result in fines and/or cancellation of the permit. It is expected that students bringing cars on campus will have them properly insured and properly licensed with the state in which they are registered. Drivers should be familiar with the Washington State Driver's Handbook.

# Financial Information

Northwest University is a private, church-related university. Therefore, no operating funds from taxes or public funds support its operation. Each student is charged tuition and certain fees which cover about eighty-five percent of the cost of his/her education. The remainder of the cost is provided by gifts from friends of the University, supporting districts, endowment income, and other earnings. For a list of the tuition charges and fees, see the Tuition and Fee Schedule in this catalog. (For a list of applicable LEAP Adult Undergraduate Degree Program, Salem Bible College of Northwest University and Graduate Program charges and fees, see the appropriate Program's Catalog or Student Handbook.)

## FINANCIAL PAYMENT

### Room And Board Information

The board/room charge is required of all students living in the residence halls, and entitles students to meals beginning when the Dining Hall opens before semester classes begin and expiring with the noon meal the day after final examinations each semester. The University reserves the right to change the rates during the year if it is deemed necessary.

### Educational Benefits

Northwest University is approved as an educational institution for the training of veterans or their dependents. Applications are available on the Department of Veterans Affairs website at [www.gibill.va.gov](http://www.gibill.va.gov). Those qualifying under the extended Social Security Act should apply for benefits at their local offices of the Social Security Administration. The University will make the proper certifications as to enrollment and attendance after the student has enrolled in the University.

### Financial Policy

Recognizing the necessity for the prompt payment of all school fees, not only as a good business principle but for the sake of character development, the Department of Education of the Assemblies of God has set forth the following financial policy:

In order to improve our present educational institutions and to guarantee their future, each student is expected to reimburse the school for the full amount of his/her obligation on or before the close of each semester. No diplomas, certificates, degrees, or transcripts shall be expected or received until satisfactory payment is made for all school obligations.

### Payment of Accounts

The regular school year is divided into two semesters of approximately four months each, and tuition is based on the semester. It is the policy of the University that there can be no outstanding past due account at registration. All past due and old accounts must be settled or alternate arrangements must be agreed upon with the Student Accounts Office prior to registering for the following semester. The payment of accounts policy also applies to those qualifying for veteran's benefits and outside scholarships.

### Pay In Full Plan

Tuition, fees, and housing charges are to be paid in full before the first day of classes each semester unless prior arrangements have been made with the Student Accounts Office. All students must sign a contract/promissory note agreeing to payment terms prior to the start of classes each semester.

### Monthly Payment Plan

**Tuition Management System (TMS)** - Students who wish to make monthly payments based on the annual cost of tuition, housing and fees will enroll with Tuition Management System. TMS is a budgeting service that allows the student to pay an entire year's education costs in monthly installments. They provide an annual ten or nine month payment plan to help students manage the cost of education. A single semester plan is also available, if necessary.

A budget is set up with this agency based on estimated charges less estimated financial aid (including loans) for the entire academic year/semester. The first payment must be received by TMS not later than July 1 (10 pay plan) or August 1 (9 pay plan) of each year to enroll for this option. Those enrolling with TMS after August 1 include June and/or July payments with their application. Although there is a \$100.00 annual enrollment fee for this plan, there are no finance charges to non-delinquent participants.

## Late Fees

Northwest will charge late fees as follows: For balances between \$0.00 and \$25.00, the late fee will be zero. For balances between \$25.01 and \$199.99, the late fee will be \$50.00 or the equal amount, whichever is less. For balances above \$199.99, the late fee will be \$100.00.

In the fall semester, the late fee will be assessed on September 30, October 31, November 30, and December 31 after deducting any anticipated aid as determined by the Financial Aid Office.

In the spring semester, the late fee will be assessed on January 31, February 28, March 31, and April 30 after deducting any anticipated aid as determined by the Financial Aid Office.

TMS - Tuition Management system will assess a \$50.00 late fee for each late payment made on the monthly plan established at the beginning of the school year/semester the student is attending. Please contact TMS for further details.

## Past Due Accounts

A student is considered past due if:

- Payments are not made by the dates on which they are due.
- Financial aid is not credited to the student's account by the due date as specified in the promissory note (typically the last business day of the month following registration).
- Any charges, which were not included in the payment plan, are still owing on the last business day of the month in which they were charged.

Students failing to meet the payment schedule will be contacted through campus mail, and contacted by telephone by the Student Accounts Office. The student may also be contacted by campus registered mail and Northwest University personnel which may include staff from the Student Development Office and/or professors. Efforts to communicate will be made for a period of approximately 45 days.

If, after these efforts are accomplished and it is clear that the student is aware that payments are delinquent, reasonable attempts to address the financial obligations have not been made, the student will no longer be allowed meal card privileges, and/or Internet privileges.

If the financial problems persist, on-campus resident students will no longer be allowed to live in on-campus housing, and may be suspended from class until a solution is reached between the Student Account Office

and the student. Students failing to respond will be withdrawn from the University by the Provost.

Since financial responsibility is part of the educational process, the Student Accounts Office encourages students to meet and counsel with the University personnel any time a financial problem arises. Many problems may be avoided and/or resolved with communication. Communication is the key to successful fiscal responsibility.

The University reserves the right to assign delinquent accounts to an agency for collection and/or attach student's credit report. The venue of defaulted Federal Perkins Student Loans shall be in King County, State of Washington or as determined by the holder of the defaulted Promissory Note.

## Cancellation of Registration

The Registration Cancellation policy applies to all semesters. Note that private music lesson fees (after the contract is signed) and housing deposits have cancellation penalties not indicated below. See the Academic Calendar for the applicable First Day of Class.

**Cancellation received prior to First Day of Class - \$25 Registration Fee**

**Cancellation on or after First Day of Class and no classes were attended - \$25 Registration Fee and \$100 Administrative Fee**

**Cancellation if any classes were attended - Considered a Withdrawal from University -- see next section for refund schedule**

## Withdrawing from a Course

When a student changes his/her course schedule by dropping a course, but does not withdraw from school, tuition and fees will be adjusted through the Last Day to Add/Drop Courses. After that, courses can only be withdrawn, and there is no reduction to tuition or course fees. (For applicable course withdrawal policy for Salem Bible College of Northwest University, see the appropriate Program Catalog or Student Handbook.)

During Summer University, adding or dropping of courses must be made prior to 5:00 p.m. on the next working day after the respective class begins.

## Withdrawal from University

Students may withdraw from the University up through 5:00 PM on the Last Day of Classes. Adjustments will be made on the accounts of students who withdraw from school during the semester subject to the following conditions:

2.5%	per day during the first week of classes

The purpose of the Northwest University Work Study program is to provide financial assistance to needy students by facilitating part-time employment. To participate, you must be awarded "Work Study" as part of your financial aid package. There are Work Study jobs on and off campus.

#### **Federal Work Study**

Federal Work Study employees work on-campus and are paid by the University. Students work an average of 12-15 hours per week, but are able to work up to 20 hours (if the supervisor approves).

#### **Federal Work Study Community Service**

Federal Work Study Community Service employees work off-campus, and are paid by their employer. Students work a variety of hours, up to 19 per week. Students are employed by local school districts to work with

elementary school students, or by community service organizations working as job coaches and mentors to High School students with a variety of disabilities.

### Washington State Work Study

Washington State Work Study employees work off-campus and are paid by their employer. Washington State Work Study eligible students are encouraged to locate jobs that are related to their academic or career goals. Students work an average of 12-15 hours per week, but are able to work up to 19 hours (if the supervisor approves).

### Applying for a Work Study Position

#### On-Campus

The Human Resources Office administers On-Campus Work Study positions. If you are interested in working on-campus, please contact the Human Resources Department. You will be sent an employment application. Completed and returned applications are reviewed by department supervisors who make hiring decisions based on student skills and experience. For more information visit [www.northwestu.edu/current/jobs](http://www.northwestu.edu/current/jobs)

#### Off-Campus

Students pursuing a major or minor offered by the College of Ministry (including the Ministry Leadership major offered through the LEAP program) do not qualify for off-campus Work Study through the State of Washington.

The Financial Aid Services Office administers Washington State Work Study positions. Students interested in finding a job off-campus (preferably related to their academic or career goals) should contact the Work Study Coordinator in the Financial Aid Services Office. Off-Campus job openings are posted online at <http://eagle.northwestu.edu/jobsearch/> and in the Financial Aid Services Office. Students preparing to interview for an off-campus Work Study position must contact the Financial Aid Services Office.

#### Points to Remember

- An offer of Work Study is not a guarantee of a job
- Students may not earn more than their eligibility
- Students may not begin working until the appropriate employment forms are submitted to the Work Study Coordinator

If a student is not eligible for the Work Study program, they may seek employment through the Job Search Program at Northwest University. This program assists students in locating a job that is best suited for them. Information regarding the Job Search Program can be obtained through the Human Resources Office.

### Summer University

To be eligible for summer aid, you must have filed a Free Application for Federal Student Aid (FAFSA), and the Financial Aid Services Office must have received the results of that application for the current school year. For example, if you are applying for financial aid for the summer of 2010, you must file a 2009-2010 FAFSA by June 30th 2009. Applications for summer aid are available in the Financial Aid Services Office the first week of March.

Summer aid is determined by the number of credits a student is enrolled for. The minimum number of credits you must be enrolled for to be eligible for Federal Stafford Loans is six credits. The financial aid that is available for summer is:

- **Federal Stafford Loans:** This aid is available if you have eligibility remaining. You may borrow a certain amount each school year based upon your class standing and eligibility.
- **Pell Grant:** This aid is available if you have remaining eligibility.
- **Washington State Need Grant:** This aid is available if you have remaining eligibility.
- **PLUS Loan:** This aid is available if your parent is approved for the loan.
- **Alternative Loan:** This aid is available if you are approved for the loan.

There are no Tuition Credits available for Summer School (Minister, Missionary, Spousal, etc.). You are notified as to what financial aid you are eligible for at the beginning of April.

### Special Circumstances

Sometimes your family may have a change of employment, additional expenses, or emergency situations. The Financial Aid Services Office has a "Special Circumstances Form" which allows you to specify your unique situation. You will need to provide documentation along with this form, and it takes approximately four weeks to process. Only one special circumstance is processed during your time at Northwest University.

## APPLICATIONS FOR FINANCIAL AID

Apply for financial aid at Northwest University by submitting:

- an Application for Admission to Northwest University
- a Northwest University Financial Aid Application
- a Free Application For Federal Student Aid (FAFSA)

The Northwest University Financial Aid Application and the FAFSA Applications are available online at <http://www.northwestu.edu/financialaid/application.php> and [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

## Eligibility

To be eligible for federal and/or state financial aid:

- A student must be a U.S. citizen, or a permanent resident of the U.S., or an eligible non-citizen.
- In most cases a student must have financial need as determined by the results of a processed FAFSA.
- A student must not owe an overpayment on any Title IV educational grant or be in default on a Title IV educational loan, and must maintain satisfactory academic progress.
- Full-time students receive priority consideration for campus-based funds.

## Disbursement of Aid

Student financial aid is credited to individual student accounts in equal disbursements by semester. The amount disbursed each semester is indicated on the student's Award Letter. Most often an award is disbursed in two equal payments, half each semester at the beginning of the semester. For example, a \$1000 grant will be disbursed \$500 for fall semester and \$500 for spring semester. Student financial aid is disbursed after the Add/Drop Period.

## SATISFACTORY ACADEMIC PROGRESS (SAP)

All students must be making satisfactory academic progress in an eligible degree or certificate program. Financial aid applicants are required to meet the standards described below for all terms of attendance, including terms when no aid is received. Your cumulative grade point average must be:

Class	Credits	GPA
Freshman.....	1-29 .....	1.7
Sophomore .....	30-59 .....	1.9
Junior.....	60-89 .....	2.0
Senior .....	90+ .....	2.0

To remain in satisfactory academic progress, you are required to complete at least 67% of credit hours attempted each semester.

If you complete less than 67% of the credit hours attempted, or if your grade point average falls below the required level, you will be placed on probation for unsatisfactory academic progress.

Your financial aid will be cancelled if you do not successfully complete 67% of credits attempted at the end of two terms, or if your cumulative grade point falls or remains below the required level after two terms, or you do not successfully complete 6 credits each semester. You will not be eligible for Federal, State, or Institutional Grants, Scholarships, Work Study, or Loans. This includes Alternative, Private Bank Loans.

You may appeal financial aid suspension in writing to the Financial Aid Services Office.

For a detailed copy of the Satisfactory Academic Progress Policy, please contact the Financial Aid Services Office or visit

<http://eagle.northwestu.edu/financialaid/undergrad/forms.php>.

## WITHDRAWING FROM CLASSES

Students who receive financial aid during the semester in which they withdraw are not considered to be making satisfactory academic progress. Future aid will be cancelled and they will not be eligible to receive additional financial aid. Students can receive information as to what must be done to regain eligibility for financial aid should they choose to return to Northwest University.

The date of withdrawal will be based on the day that the student contacts the Registrar's Office and indicates a desire to officially withdraw or the last date of documented attendance, whichever is later. For Financial Aid purposes for students who unofficially withdraw from Northwest University (cease to attend classes without notifying the Registrar), they will be considered to have withdrawn after 50% of the semester has passed or the last date of documented attendance, whichever is later.

The Student Accounts Office will determine the eligibility for a refund of charges for the semester based on the withdrawal date. Tuition will be charged according to the chart below based upon the withdrawal date. Tuition is charged based on the highest number of credits registered for during the semester:

% of Tuition Charged	Week of Class
2.5% .....	per day during the first week
25.0% .....	during the second week
37.5% .....	during the third week
50.0% .....	during the fourth week
62.5% .....	during the fifth week
75.0% .....	during the sixth week
87.5% .....	during the seventh week
100.0% .....	after the seventh week

According to federal regulations, federal funds must be returned to federal programs based on the percent of the term that a student is no longer enrolled. The Financial Aid Services Office will determine how much of a student's federal aid was "unearned" as defined by the federal regulations, and then return the "unearned" aid in the following order to the programs from which the student received aid:

- Federal Unsubsidized Stafford Loan
- Federal Subsidized Stafford Loan
- Federal Perkins Loan
- Federal Grad PLUS Loan
- Federal PLUS Loan
- Federal Pell Grant
- Federal Academic Competitiveness Grant (ACG)
- Federal National Science and Mathematics Access to Retain Talent Grant (SMART)
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Teacher Education Assistance for College and Higher Education Grant (TEACH)
- other Title IV Programs

Institutional aid, including but not limited to grants, scholarships, and tuition credits will be removed from the student's account during the semester of withdrawal.

If you have received federal and/or state aid in the form of cash to assist you with non-institutional charges, you may need to repay up to 50% of the grant funds that you received. This may include:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Academic Competitiveness Grant (ACG)
- Federal National Science and Mathematics Access to Retain Talent Grant (SMART)
- Federal Teacher Education Assistance for College and Higher Education Grant (TEACH)
- Washington State Need Grant

For a detailed copy of the refund calculation, please contact the Financial Aid Services Office.

## VERIFICATION

Verification is a federal process which requires Northwest University to check the accuracy of the information you and/or your parents reported when applying for Federal financial aid. Information is verified by securing additional documentation. There are a number of items that must be verified. The documents necessary to verify these items are described on your Award Letter. Corrections to the data will be submitted to the United States Department of Education, if necessary. A revised Award Letter of any specific actions needed or changes to your financial aid award will be mailed to you. An award will not be disbursed and Federal loans will not be originated until verification is complete. If documents are not submitted within 30 days of request, or one month prior to the end of the semester, the offer of financial assistance may be cancelled.

## PRIVATE DONOR SCHOLARSHIPS

### Endowed and Restricted Scholarship Funds

Endowed scholarship funds provide financial assistance to qualified students attending Northwest University. Due to an ever-increasing interest on the part of alumni and friends of the University, new scholarship funds are being added each year. When established these scholarship funds are often in memory or in honor of loved ones or a significant person.

- Eligibility – Eligibility is dependent upon a student's enrollment in a program of study, or extended to include academic performance, financial need, a specific major, church affiliation, or home geographical area. Most funding is for continuing students. A first-time freshman's eligibility for specific scholarships is determined by the Admission Application and the Northwest University Financial Aid Application.

A list of scholarships is located at:

<http://eagle.northwestu.edu/financialaid/common/scholarships.php>

# Academic Services

*The academic services and policies of Northwest University are overseen by the Provost's Office and administered through the academic schools and colleges, and various academic services offices. Their goal is to insure that students obtain and demonstrate the knowledge, skills, and attitudes described by the academic programs throughout this catalog. These programs balance the high standards established by the University's faculty and its accrediting associations with the high cost of attending an educational institution. The outcome is an educational experience designed to deliver and verify students' mastery of the essential elements expected of University graduates in today's society. This will enable them to fulfill the University's mission of preparing students for service and leadership.*

## ACADEMIC SUPPORT OFFICES

### Provost's Office

The Provost's Office coordinates all academic services. It produces and maintains the academic calendar for the University. It considers all academic petitions and appeals. It also monitors students' academic progress, including producing academic honor rolls and probation/suspension notifications. The Provost's Office is located 11220 NE 53<sup>rd</sup> on the southeast corner of the campus.

### Registrar's Office

The Registrar's Office processes academic course registrations, monitors progress towards program completion, and maintains records of academic achievement. It certifies student enrollment and serves veterans utilizing their educational benefits. It also verifies all courses transferred into the University intended to be applied to students' degree requirements. The Registrar's Office is located in the Davis Administrative Center.

### Academic Success and Advising

The Jacquelyn F. Randolph Academic Success and Advising Center, located in the Ness Academic Center, helps students achieve their goals while at Northwest University. Academic Success is a valuable referral service, supporting students in their adjustment to college life; helping connect students with tutors; assisting students in obtaining the support they need from various University services; coordinating seminars for academic success; and arranging classroom accommodations for students with disabilities. Academic Success works closely with other departments, such as Residence Life, Campus Ministries, and Counseling/Career Services, to assist students in becoming more effective servants in the church and the world.

In addition to the Office of Academic Success and Advising, each student is assigned a faculty member as an academic advisor. Generally, the faculty member is part of the academic discipline chosen by the student as a major.

With the coordination of the faculty as advisors, the Office of Student Success, Provost, and Student Development services, every student receives intentionally tailored attention to provide the means to achieve identified goals for the glory of God.

### Writing Center

The Writing Center, located in the Ness Academic Center, is overseen by English faculty and selected tutors to assist students in their research and writing projects. Operated throughout the academic year, students are supported through the many stages of defining the paper, researching the topic, and producing the report. The hours of operation are posted each semester, with the ability to make appointments with the Lab at other times always available.

### Academic Computing

The Student Computer Laboratory, strategically located in the Hurst Library, provides students and classes with the most current software and hardware to support their academic program needs. This facility provides network and Internet access to students for academic, professional, and personal research. Operational hours are posted in the Library.

Personal computers are an important part of the student's educational experience. Assistance is provided through the University's Information Services department, available via their website: <http://eagle.northwestu.edu>. All enrolled undergraduate students participate in the Microsoft Campus Agreement program. Details are also available through this web site.

## Library

The D.V. Hurst Library is the information center on campus. The Library contains over 150,000 cataloged items, not including 17,000 eBooks – additionally, there are over 12,000 periodical titles, most of them available as full-text electronic documents. The Library web page (<http://library.northwestu.edu>) provides easy access to the local catalog of Northwest University's library holdings. The web page also provides links to Online Databases and online scholarly reference resources. The online databases provide full text articles as well as citations to find articles; articles or citations can be printed, e-mailed or downloaded. All of the databases are available to registered Northwest University students wirelessly from computers on campus or any computer globally that is connected to the Internet (over 50 computers are located in the Library). Many other resources are available at the Library web page, such as citation and style guides for term papers, the RefWorks citation software, and Research Guides for specific departments and majors, such as Education and Nursing. Finally, the Hurst Library is home to special collections, such as the Perkins Memorial Library of Judaic-Messianic materials, and the Pentecostal Collection.

Reference staff is available for consultation for any information needs, and specific queries can be sent via e-mail to [library@northwestu.edu](mailto:library@northwestu.edu).

In addition to the resources of the Hurst Library, all Northwest University students have borrowing privileges with a group of local academic libraries, known as the PSAIL (Puget Sound Academic Independent Libraries) Consortium. They include:

- Pacific Lutheran University (Tacoma)
- Saint Martin's University (Lacey)
- Seattle Pacific University (Seattle)
- Seattle University (Seattle)
- University of Puget Sound (Tacoma)

## Academic Registration

Students register for classes during scheduled registration periods. Late registration is from Monday through Friday of the first week of classes. Students are not permitted to register for credit after Friday of the first week of the semester.

No one will be admitted to classes until his or her registration is completed and approved by the Registrar's Office and tuition and fees have been paid or satisfactory arrangements have been made with the Student Accounts Office.

A student who registers for class but decides not to attend must notify the Registrar's Office in writing before the First Day of Class. This notification will cancel the tuition and related charges, except for the Registration Fee. See the section Cancellation of Registration under Financial Information for more information.

## New Student Orientation

New students, including transfer students, attend a mandatory orientation at the time and place indicated in their enrollment instructions.

## Class Eligibility

Before enrolling in any course the student is responsible to ensure all prerequisite courses or requirements have been fulfilled. In general, freshmen take 1000-level courses, sophomores 2000-level, juniors' 3000-level, and seniors 4000-level courses. Students are permitted, however, to take courses below and one level above, their academic standing. For example, a sophomore may be allowed to take courses numbered 1xxx - 3xxx. Exceptions to prerequisites or eligibility for a specific course must be approved by the instructor.

## Adding / Dropping Courses

Students may change their registration through adding or dropping courses by filing a properly completed Add/Drop Form in the Registrar's Office. After the Last Day to Add/Drop Courses, new courses cannot be added and courses cannot be dropped. (See Withdrawing from a Course for additional details.)

## Withdrawing From a Course

After the Last Day to Add/Drop Courses, students can withdraw from a course during the Course Withdrawal Period which is through the end of the 12<sup>th</sup> week of classes. In this event, the course remains on their transcript as a permanent part of their academic record, with a permanent grade of "W." Course withdrawal is not allowed after the Course Withdrawal Period. In the event a student has stopped attending classes in a course, as evidenced by missing over two consecutive weeks of classes without the instructor's permission, a student may be Administratively Withdrawn from a course. In this event, the course grade will be assigned as a "WZ."

## Withdrawal from the University

Students may withdraw from the University up through 5:00 PM on the Last Day of Classes. Withdrawals from the University (withdrawing from all courses in a semester) may be made by obtaining the proper form from the Registrar's Office, completing it, securing appropriate signatures, and filing it with the Registrar. If it is impossible to follow this procedure because of illness or emergency, the student must notify the Registrar within

one week after leaving the University. The University reserves the right to require a letter of consent of parents or guardians for students less than 21 years of age.

If a student is absent from all classes for more than two weeks consecutively without contacting the Registrar or Provost to explain the reason for his or her absences, the University has the authority to administratively withdraw the student from all course enrollments and to assign grades of "WZ" to each course. The official withdrawal date for academic purposes will be the last date of class attendance as certified by faculty and verified by the Registrar's Office. The official withdrawal date for financial obligation purposes will be two weeks after this verified date.

### Academic Load

University instructors assume two hours of outside study for each hour in class. Thus, a student carrying a fifteen-credit academic load has a forty-five hour work week. Students who must continue employment while attending the University should, therefore, reduce their loads to maintain a manageable work week. A student working more than twenty-five hours per week should limit his or her academic load to 13 credits. If the student is working more than 33 hours the academic load should be limited to 10 credits.

### Student Category – Undergraduate Students

- Full-time..... 12 or more credits in a semester
- Part-time..... 1-11 credits in a semester
- $\frac{3}{4}$ -time ..... 9-11 credits in a semester
- $\frac{1}{2}$ -time ..... 6-8 credits in a semester
- Less than  $\frac{1}{2}$ -time ..... 1-5 credits in a semester

### Student Category – Graduate Students

- Full-time..... 9 or more credits in a semester
- Part-time..... 1-8 credits in a semester
- $\frac{3}{4}$ -time ..... 7-8 credits in a semester
- $\frac{1}{2}$ -time ..... 5-6\* credits in a semester
- Less than  $\frac{1}{2}$ -time ..... 1-4 credits in a semester

\*Exception: graduate students enrolled in their respective *graduate program's thesis or internship course* will be considered as registered as a half-time student.

Students must have their advisor's permission to enroll for more than 17 credits in a semester. (See also tuition schedule for over 17 credits)

### Academic Standing

- Freshman: 0-29 semester credits completed satisfactorily
- Sophomore: 30-59 semester credits completed satisfactorily
- Junior: 60-89 semester credits completed satisfactorily
- Senior: 90 + semester credits completed satisfactorily

### Enrollment Certifications

The Registrar's Office certifies official enrollment verifications after the Last Day to Add/Drop Courses.

### Class Schedules

Most classes are scheduled in fifty or seventy-five minute periods. Normally the instructional day begins at 8:00 a.m. and runs until 9:20 p.m. during weekdays. Selected courses may meet on Saturdays. Two chapel services are scheduled each Monday, Wednesday and Friday to accommodate student schedules. The student arranges a schedule according to the requirements of his or her own program. The University reserves the right to cancel any courses for which there is not sufficient registration.

### Special Courses

Periodically, the University offers students the opportunity to register for courses that do not meet in the traditional classroom format. At times, a Special Topic may be offered over a specific area of study to enrich the curriculum. At other times, a student may desire to work with a faculty member through Independent or Guided Research in a specific discipline. The Courses of Instruction section lists Special Courses and a brief definition of each. In all cases, a professor will insure the proper quantity and quality of work assigned and performed. The student's advisor must approve the registration schedule, including Special Courses. Ultimately, the student is responsible to insure that all registered courses satisfy specific degree requirements.

### Independent Study Special Courses

**Independent Study Course** - A course specifically formatted to be delivered by a professor to individual students according to the individual needs and learning style outside of a regular classroom setting. An IS: course requirements and expectations are communicated through a course syllabus/contract that specifies the nature and extent of interaction between the student and instructor and the expectations for satisfactory course completion. Based on the nature of the course and the student, the instructor of an IS: course may require a number of face-to-face meetings.

- In addition, IS: courses may also meet or be substituted for a regularly offered course, with the approval of the instructor and dean responsible for the subject matter. It is the responsibility of the instructor and Dean to insure that the learning experience through the IS: course is comparable to that of an associated classroom course.
- The instructor's Dean has full responsibility for quality control, including the selection of appropriate faculty.
- IS: courses follow the established semester schedule for the department through which they are offered, including add/drops, withdrawals, and grade reporting unless specifically described differently in the contract.
- IS: courses will carry an additional per credit fee of 20% of the current "over 17 credit" tuition rate. The instructor receives this amount less a \$20 per credit Administrative Fee.

#### **Process:**

1. IS: courses are requested by the student in conference with the academic advisor. They begin completion of the Request for Independent Study form.
2. The student can at this point register for an INDP 4801/2/3 "Independent Study – Pending" course via IQ Web. This insures that the Registrar and Accounting knows that the student intends to register for an Independent Study course and that the request is being processed.
3. The dean of the course's department contacts a prospective instructor. The course instructor of regularly offered courses has the first choice of refusal. After that, fulltime NU instructors are preferred, although adjunct faculty can be utilized depending on the topic and nature of the course.
4. Once the instructor is selected, a syllabus/contract is designed by the instructor (often in consultation with the student) for the specific IS: course and attached to the Request for Independent Study form. The packet is then submitted to the course's dean for final approval.
5. Copies of the Independent Study form and syllabus are sent to the student, student's advisor, appropriate major coordinator, and Provost as information.

### **Summer University**

The Summer University semester is designed to provide courses in areas of selected interest for enrichment and acceleration of students' progress toward graduation. The schedule is designed in a concentrated manner so as to be contained within one- to three-week sessions. From time to time shorter seminars and workshops are scheduled

with guest lecturers who have expertise in special topics of current significance or professional value. Summer internship programs and practicums are also registered as part of the summer semester. A current summer course schedule may be obtained from the Registrar's Office.

The Last Day to Register and Last Day to Add/Drop Courses for Summer University is the end of the second day of classes for that session. Some course assignments, independent studies, practicums and internships may extend through August. The applicable course schedule includes the exact dates.

### **Auditing Courses**

An auditor is a person who wants to sit in a class but not be held responsible for the course work. At no time will an auditor have space priority over an enrolled student. Out of courtesy, the auditor will not participate in discussions except as allowed in consultation with the professor. An audited class requires the prior permission of the professor and is not recorded on the student's transcript. (See the Tuition & Fees page for tuition and fees that may be associated with auditing a course.)

### **Course Repeats**

Students may repeat any course for the purpose of changing a grade. The latest completed course grade is considered the grade of record as it pertains to credit toward graduation and to the official transcript. Recalculation will be reflected in the semester's Cumulative GPA. (Grades of W and WZ are not considered completed course grades.)

### **Class Attendance**

Classes are conducted with a view to helping students develop in knowledge and character. Student's attendance is assumed. If absences occur, the student is responsible for work missed. Because classes differ in purpose and character, individual instructors determine their specific requirements in course syllabi. All faculty include their attendance policies, if any, and define absences, tardies, early exits, and the effect that these may have upon grades. Appeals relating to attendance are addressed first to the instructor.

Class absences necessitated by required participation in University-sponsored activities are excused through the Provost's Office. The faculty or staff member submits a list of students participating, and the Provost's Office informs instructors of times the students are to be excused.

Limitations on absences impacting a student's grade due to missed assignments or activities are as follows:

If a student is excused from a class through the Provost's Office, and if the excused absence includes an activity in

which participation in the activity affects the grade, the student will be given an opportunity to make up the activity without incurring a grade penalty for the absence. The make-up can occur before or after the missed class, at the discretion of the instructor. The student is solely responsible for making contact with the instructor prior to the absence. This limitation on grade penalties does not apply to activities that are essential to the completion of the class and that cannot be reasonably rescheduled (for example, clinical responsibilities in a Nursing practicum class). If a student does not reach agreement with an instructor on the application of this limitation, appeal may be made according to procedures outlined in the Northwest University Student Academic Appeals Policy which is available in the Provost's Office and the Provost link on the Eagle website.

If an instructor specifies a grade penalty for absences without distinguishing between excused and unexcused absences, the student will be allowed no less than a total of the number of absences required by her or his university-sponsored activities, plus the number of days the class meets in a week.

If a student is absent from all classes for more than two weeks consecutively without contacting the Registrar or Provost to explain the reason for his or her absences, the University has the authority to administratively withdraw the student from all course enrollments and to assign grades of "WZ" to each course.

### **End of Term Assignments and Final Exams**

To insure that students are able to focus their attention more fully on preparation for their final exam, Northwest University has the following guidelines:

- During the last three weeks of the semester and during finals week, all written assignments, daily assignments, papers, presentations, projects, exams or quizzes should be due only if they were part of the original course syllabus.
- To provide students adequate time to prepare, final exams and major unit exams must be given during finals week.
- Requests for exceptions to this policy must be made by departments to the Academic Affairs Committee. During the last week of classroom instruction every effort should be made by the campus community to minimize assignments and campus activities.

### **Academic Honesty**

Northwest University expects honesty from students in all areas, including their academic lives. Academic dishonesty is a serious violation of Christian standards and may result in the students' receiving an "F" in the course, being dismissed from the course, or possibly

being dismissed from the University. Instances of academic dishonesty are typically reported to the Provost's Office.

Academic dishonesty includes cheating on assignments or examinations, submitting the same (or essentially the same) paper in more than one course without prior consent of the current assigning professor(s), sabotaging another student's work, and plagiarizing. Plagiarism is "using someone else's ideas or phrasing and representing those ideas or phrasing as our own, either on purpose or through carelessness" (MLA).

Any student disciplined by a faculty member for alleged academic dishonesty has the right to appeal the disciplinary action. The student should initiate his/her appeal according to procedures outlined in the Northwest University Student Academic Appeals Policy, which is available in the Provost Office or the Student Development Office.

### **Anti-Plagiarism Software**

The World Wide Web and other means of computerized data transmission often serve to expedite and enhance the quality of academic research. Unfortunately, they have also made plagiarism and other forms of academic dishonesty much easier and therefore much more tempting than in the past. When dishonesty occurs, the teaching-learning process is undermined and students rob themselves of the educational benefit intended by the assignment. To assist students and faculty, Northwest University is utilizing Turnitin.com, a research paper submittal and anti-plagiarism software. Instructors can now automatically route papers submitted through Discovery to Turnitin.com and within a few minutes papers are compared against every known Internet source and every other paper that has ever been submitted to the site. The instructor receives a report highlighting any instance of suspected plagiarism as well as drawing attention to inadequate citations or improper quotes. Turnitin.com also saves a copy of every paper submitted to use for future comparisons (however ownership and potential copyrights to the paper still belong to the student).

## **TRANSFER OF CREDIT INTO NORTHWEST UNIVERSITY**

Transfer credits are usually considered during the admissions process, but at times enrolled students augment their schedules with credits from other institutions. All credits transferred into Northwest University after enrollment must be specifically approved to insure applicability to the student's degree program by the Registrar's Office and the Dean of the school or college that offers the course for which the course applies. See

the Northwest University Credit Transfer Guide for further details.

### **Nontraditional Sources of Credit**

**Credits through Testing** - Northwest University accepts credits earned through the Advanced Placement Testing Program (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), and the DANTES Subject Standardized Tests (D.S.S.T). Recommendations regarding college credit are made by the Registrar. For credits earned through testing while a matriculated student refer to Academic Policies and Information, Alternative Ways to Earn Credit.

**Military Credit** - Those having had military service may petition the Registrar's Office for credits based on learning through military experience. Northwest considers the recommendations of the American Council on Education (ACE) in evaluating military-based credits.

**Extension & Correspondence Credit** - All credits earned through correspondence must be completed prior to the beginning of the final semester preceding graduation. Students should take no more than two correspondence courses concurrently, and correspondence courses taken during the academic year should be considered to be part of the student's total academic load.

**Prior Learning Assessment (PLA) Credit** - Credit can be requested for learning from experiences that occurred outside of a traditional classroom setting. Students may submit a portfolio documenting such learning. PLA Evaluation is supervised by the Director of Extended Education.

### **Traditional Sources of Credit**

#### **Transfer of Credit from Regionally or ABHE Accredited Colleges and Universities**

Students desiring to transfer to the University from another institution accredited by one of the six regional associations or by the Association for Biblical Higher Education (ABHE) must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Admissions Office. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of C- or better. (Some majors may have a higher grade requirement for some courses.)

#### **Transfer of Credit from Non-Regionally or non-ABHEC Accredited Colleges and Universities**

Academic work presented from colleges and universities that are not accredited by one of the six regional associations or by the Association for Biblical Higher Education (ABHE) is subject to the following limitations and guidelines:

- transfer from all such sources is limited to a total of 30 credits;
- courses are considered on a course-by-course basis;
- acceptance of such credits is dependent upon the University's evaluation of the equivalency of course work and level of instruction;
- all such transfer credit is considered at the time of admission or readmission to the University;
- transfer credit from such sources must be validated by completion of a minimum of two semesters enrollment and 30 credits at Northwest University with grades of C- or better, and possibly by examination;
- only evaluations and commitments made in writing by the Registrar's Office will be considered as being applicable;
- college-level work considered occupational or remedial is not recognized for transfer; and
- enrolled students desiring to transfer credits from such institutions must obtain prior written approval from the Dean of the school or college into which the credits are to be transferred.

## **ALTERNATE WAYS TO EARN CREDIT**

### **Credit by Prior Learning Assessment (PLA)**

Students may obtain credit for college-level learning through a variety of ways at Northwest University. The term Prior Learning Assessment (PLA) covers college-level learning that occurs both in and outside of an academic setting. Northwest University follows the standards for assessment of college-level learning as established by the Council for Adult and Experiential Learning (CAEL). PLA covers learning documented by the Portfolio process, Certified Prior Learning (CPL) as determined by national accrediting agencies, and credit obtained through the College-Level Examination Program (CLEP) or the DANTES Subject Standardized Tests (D.S.S.T).

- **Portfolio:** Students must consult with the Office of Extended Education to develop a Portfolio that is designed to document the college-level learning they have acquired in a non-academic setting.
- **CLEP/D.S.S.T:** Refer to the CLEP/D.S.S.T Equivalency Chart to determine which exams meet Northwest University course requirements: Course Transfer Guide available through:

<http://eagle.northwestu.edu/registrar>

- Certified Prior Learning (CPL): Nationally recognized licenses, certificates or on-the-job training may qualify for credit.

### **Credit by Advanced Placement (AP)**

Students who have completed college-level studies in high school under the Advanced Placement Program may be granted credit in comparable college courses upon enrollment. Official Advanced Placement exam results should be sent to the Registrar's Office for evaluation.

### **Credit by CLEP and D.S.S.T**

Students may utilize the CPL process and apply credit from CLEP (College Level Examination Program) and D.S.S.T (DANTES Subject Standardized Tests) to their degree requirements. Students may transfer, upon admission to the University, the CLEP general examinations in the humanities, mathematics, sciences and social sciences. Students who believe they have advanced levels of knowledge equivalent to course offerings may contact the Registrar's Office for details concerning these tests. Not more than a total of 30 credits of PLA, ACE (American Council on Education), IB, AP, military, CPL, portfolio, CLEP and D.S.S.T can be applied to any degree. All credits earned through CLEP and D.S.S.T must be completed prior to the start of the junior year. Transfer students entering with junior standing will be allowed one semester to earn CLEP and D.S.S.T credits.

### **Other Standardized Proficiency Examinations**

Standardized tests which can be used to show proficiency in areas that are not covered by AP, CLEP, and D.S.S.T may be available.

### **Departmental Exams**

A formally admitted student may challenge certain university courses by examination without actually registering in the courses. The student is allowed only one opportunity to qualify for credit by examination in any given course. Credit by examination may not be counted toward the satisfaction of the residence requirement. Special fees are charged.

### **Continuing Education Unit (CEU)**

The University awards the Continuing Education Unit to adults who participate in noncredit continuing education activities administered by the University. CEUs are not to be equated with the University credits applicable toward a degree. One CEU is equal to ten contact hours of participation in an organized continuing education experience. CEU credit is placed on the National Registry for Continuing Education and is useful where they may be prescribed by employment or professional training requirements.

## **GRADING AND GRADE POINT AVERAGES**

### **Grade Points**

Northwest University desires to provide students with an honest evaluation of their performance, not only in relation to other students in a particular course, but also in relation to the academic standards generally expected at institutions of higher education. To that end, and especially as a Christian university, we approach grading with a focus on the values of integrity, truth-telling, and respect. In the assigning of grades, these values apply not only to the relationship of the faculty member to the individual student, but also to the relationship of Northwest University to larger communities-social, regulatory, business, religious, and academic. Consequently, Northwest University seeks to uphold a grading system that carefully differentiates and provides an honest assessment of student performance, recognizes truly exceptional achievement, and maintains University credibility.

### **Grade Point Average**

A student's grade point average (GPA) is determined by dividing the total number of grade points earned during a given period by the number of credits for which the student was enrolled and received a regular grade during the same period. Students' semester grade point average (SGPA) and cumulative grade point average (CGPA) are calculated and reported each semester. For example:

#### **1<sup>st</sup> Semester:**

15 credits attempted  
47 grade points earned  
SGPA = 3.133 (47/15 = 3.133)  
CGPA = 3.133 (47/15 = 3.133)

#### **2<sup>nd</sup> Semester:**

17 credits attempted  
50 grade points earned  
SGPA = 2.941 (50/17 = 2.941)  
CGPA = 3.031 (97/32 = 3.031)

#### **3<sup>rd</sup> Semester:**

17 credits attempted  
65 grade points earned  
SGPA = 3.824 (65 / 17 = 3.824)  
CGPA = 3.306 (162 / 49 = 3.306)

## Grade Quality of Performance

## Academic Probation

Entering students whose records reflect grade averages below "C+" level (2.3) are admitted on academic probation. Students are placed on probation if their cumulative grade point averages fall below:

1-29 earned credits	1.700 CGPA
30-59 earned credits	1.900 CGPA
60-89 earned credits	2.000 CGPA
90+ earned credits	2.000 CGPA

Probation is not intended as a punitive measure but as a warning with opportunity for improvement. Probationary students are under the supervision of the Provost Office or its representative during the period of probation. In order to ensure their concentration upon academic work during the probationary period, students on probation are restricted in their academic loads (no more than twelve hours plus P.E. activity), are restricted in their participation in certain university activities, and may be restricted in their work loads. To aid them in reaching their potential, they may be required to attend special classes or counseling sessions. (A student averaging below 2.00 might be restricted, regardless of their academic standing.) When their cumulative grade point averages rise above the stated levels, students are removed from probation.

## Eligibility for Special Groups and Student Leadership

All participants of special groups (e.g. varsity athletics, traveling choirs, speech teams) and student leadership must maintain a 2.00 GPA to qualify for membership in the group. In addition, the University reserves the right to establish minimum credit loads each semester for these students.

## Academic Disqualification

After each semester, all probationary students are evaluated to determine their eligibility for further enrollment at Northwest University. If their cumulative grade point average has been below the stated levels for two or more semesters, they are placed on academic disqualification (suspension). Exceptions may be made if the last semester's grades indicate a clear improvement and average above 2.0.

Although not directly connected to Financial Aid disqualification, often students on Academic Probation or Disqualification also have their Financial Aid status affected. Students should consult the Financial Aid section of the catalog, and confer with the Financial Aid Office for further details.

Appeals for reinstatement after academic disqualification may be directed to the Provost on forms provided at the receptionist's desk. Normally, at least one semester must elapse after disqualification before students will be considered for reinstatement, during which time they should have reevaluated their educational plans or taken steps to improve their scholastic skills. Disqualified students may also petition for permission to enroll as Special Students to take selected courses for personal benefit.

## Incomplete Grades

A student may request an Incomplete grade for reasons of illness or emergency. A written request for an Incomplete must be submitted to and approved by the professor of the course before the final examination. The Incomplete must be removed from the record by the end of the succeeding semester. Otherwise, the grade automatically converts to an "F" on the student's record.

## Grade Reports

Grade reports are available via the University's website following the close of each semester. Printed Grade reports can be provided by the Registrar's Office upon written request.

## Honors

Students who earn a current grade point average of 3.5 or better, while carrying twelve credits or more of courses that affect grade point average (i.e., non-pass/no credit courses), are placed on the Dean's List, which is published at the conclusion of each semester. Full-time students with a current grade point average of 3.3 to 3.499 are placed on the Honors List.

The Awards and Honors Convocation program regularly includes the following awards:

**Student Life Awards** – Awards are made to one male and one female student whose life and influence are deemed exemplary.

**Academic Honors by Classes** – Awards are made to the non-graduating freshman, sophomore, junior, and senior with the highest cumulative grade point averages. Transfer students and LEAP students constitute their own class. Only grades earned at Northwest University are computed. The grades from at least two semesters as a full-time student must be available for consideration. For First Time Freshmen or transfer students current full-time enrollment in a second semester is required. A hardware award goes to the top qualifier, and all students above 3.8 receive certificates. No awards are made for averages below 3.0.

**Departmental Honors** – In those departments which offer majors, a hardware award is presented to the graduating major (or minor if there is no qualifying major) with the highest grade point average on all work done in his major department. At least half of the work must have been done at Northwest University. No awards are made for averages below 3.0.

**Graduation Honors** – Awards are made to the Associate degree graduate and Baccalaureate degree graduate who have the highest grade point averages on all Northwest University work done toward graduation. Highest qualifiers automatically receive the awards regardless of other honors received.

**Special Recognitions** – Special awards are presented to students as conferred by Societies such as the American Bible Society and Who's Who Among Students in American Universities and Colleges. Criteria and procedures for honoring students are outlined in this Manual.

**Conferring of Scholarships** – University awarded scholarships are presented to the recipients at the Convocation.

# STUDENT RECORDS

## Transcripts

An official copy of a student's academic record at Northwest University that bears the official seal of the University and the signature of the Registrar is referred to as a transcript. Requests for transcripts must be accompanied by the student's signature and a \$2.00 fee for each copy. Phone orders for transcripts cannot be accepted.

**NOTE:** Financial indebtedness to the University will prevent the release of a student's transcript. If a student is

delinquent (as determined by the Promissory Note) in his/her Federal Perkins Student Loan or NDSL payment, he or she will not be eligible to receive deferment, cancellation provisions, nor will academic transcripts be released.

Since the Registrar can only verify the authenticity of course work earned at Northwest University, transcripts entrusted to the University from other institutions cannot be duplicated and given to the student or other external individuals without the expressed written permission of the institution and the student.

### **The Family Educational Rights and Privacy Act of 1974 (FERPA)**

FERPA specifies rights and privileges regarding student records. The written institutional policy adopted by Northwest University in compliance with FERPA is available from the Registrar's Office. Annual notice regarding FERPA rights is provided in the University's Student Handbook and Catalog. In accordance with FERPA, you are notified of the following:

**Right to Inspect.** You have the right to review and inspect substantially all of your education records maintained by or at this institution.

**Right to Prevent Disclosures.** You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

**Right to Request Amendment.** You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.

**Right to File a Complaint with the U.S. Department of Education.** You have the right to file a complaint with the Family Policy and Regulations Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C., 20202, concerning this institution's failure to comply with FERPA.

**Right to Obtain Policy.** You have the right to obtain a copy of the written policy adopted by this institution in compliance with FERPA. A copy may be obtained in person or by mail from: Northwest University, Registrar's Office, P.O. Box 579, Kirkland, Washington, 98083.

## **GRADUATION**

### **Graduation Requirements**

**Credit Hours.** Candidates must complete the prescribed minimum total credit hours for the degree, diploma, or certificate in which they are enrolled.

**Grade Point Average.** Candidates must achieve a minimum 2.00 Cumulative GPA on all courses taken at Northwest University unless the student's specific program has higher requirements.

**Residency.** Residence refers to course work completed at Northwest University. The following are required:

- a minimum of 30 semester credits;
- at least one 3-credit Bible or theology course;
- one-third of the major requirements;
- the final semester of course work must be completed at Northwest University;
- all graduates, at the time of graduation, must be enrolled or eligible to be enrolled for the semester in which they graduate (see Admissions, Reapplication).

### **Degree/Certificate Requirements**

- All requirements for the degree or certification must be completed on or before the official day of graduation for that semester.
- Incomplete courses are not considered completed. Candidates who receive an Incomplete grade in a course required for graduation will have their applications shifted to the next semester.
- The catalog requirements in effect during the semester in which the student first enrolled are applicable, provided graduation is within six years from the end of that semester. (The summer semester may count as a part of the semester before or after it.) However, a student may graduate under the requirements of the current catalog. It is expected that the requirements of the catalog chosen will be followed as a whole.

### **Credit Limitations**

- 30 credits of non-traditional credits, including Portfolio, CPL, ACE, AP, IB, military, CLEP, and D.S.S.T.
- 12 credits (Bachelor degree) or 8 credits (Associate degree) of ensemble music
- 4 credits of physical education activity
- 4 credits of PSYC 3561 Student Development Training
- 2 credits of ENGL 2711 Publication Workshop
- Students may receive only one degree at a time.

- Students may earn additional majors as long as they satisfy the requirements for each major.

**Citizenship.** Candidates must have attained a satisfactory citizenship record, including chapel attendance requirements, as of the date of their graduation.

**Financial.** Candidates must have all accounts with the University paid in full to be eligible to graduate and participate in Commencement activities.

**Second Bachelor Degree.** Northwest University will grant a second Bachelor degree only if the student's second degree is substantially different from the first Bachelor degree earned at Northwest University. The second degree will:

- require a minimum of 30 additional semester hours;
- include all major requirements;
- be taken in residence at Northwest University;
- not include any correspondence work and CLEP credit;
- allow admission only when a program contract has been formulated by the student in consultation with the student's advisor and the Provost; and
- not allow course work taken prior to approval of the program contract to be utilized.

### Student Responsibility

While the University provides advisement services to its students through the Academic Success and Advising Office, faculty advisors, the Registrar's Office, and other sources, the final responsibility shall rest with the student for fulfilling all requirements for graduation, including those identified in an official program audit. This shall include requirements resulting from program modifications affecting course offerings as may be adopted by action of the faculty.

### Residency Requirements

At least one academic year (with a minimum of 30 semester credits) must be completed at Northwest University, and the final semester of work before graduation must be taken on campus irrespective of the amount of previous work completed at Northwest University. One-third of the major requirements must be completed in residence at Northwest University.

A student registered at Northwest University may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the University may, upon returning, graduate under the requirements of the catalog in effect during the semester in which they first enrolled, provided graduation is within six years from the end of that semester. (The summer semester may count as a part of the semester

before or after it.) However, a student may graduate under the requirements of the current catalog. It is expected that the requirements of the catalog chosen will be followed as a whole.

### Graduation Procedures

**Application Deadline.** Applicants for graduation must file for graduation in writing with the Registrar's Office the semester prior to the semester of graduation and no later than the end of the first week of the semester in which they plan to graduate.

**Graduation Fee.** All applicants for graduation are assessed at the time of application a fixed, nonrefundable Graduation Fee to cover the costs connected with the diploma and Commencement (whether or not the student participates in the public Commencement ceremonies). If the student cancels the application for graduation, the Graduation Fee is retained and applied when the student does graduate.

**Graduation Audit.** It is the responsibility of the student to arrange for an audit of his/her records in the Registrar's Office to verify remaining graduation requirements.

**Course Completion.** It is the responsibility of the student to satisfactorily complete all course work and grade point average requirements as specified in the applicable academic catalog.

**Course Completion Deadlines.** Degrees are conferred each semester (including summer session). The deadlines for completion of all work in order to have the degree conferred are listed below. (All credits earned through correspondence must be completed prior to the beginning of the final semester preceding graduation.) Since the awarding of a degree certifies that the student has met all requirements, students who do not complete all course work by these deadlines will be reclassified as graduating the next semester, providing all course work is submitted by that semester's deadline.

- For fall – the last day of final exams in December
- For spring – the commencement date in May
- For summer – the last day of term in August

**Commencement Participation.** No person will be presented for the public graduation ceremonies who has not been certified by the respective college officers as having satisfied each of the foregoing requirements. Exceptions can be made for pre-enrolled summer school students who will complete their requirements in the summer school session. Exceptions can also be made for those cross-enrolled in another institution in an approved enrollment where the terminus point overlaps that of the University.

**Summa Cum Laude** - Students who have achieved an average of 3.900 to 4.000 in all their Northwest University course work

**Who's Who in American Colleges and Universities** - Selected students from the junior and senior classes are nominated by the faculty for inclusion in this national publication each year. Selections are based on character, leadership, and academic record.

**Nu Upsilon** - Nu Upsilon is a chapter of Alpha Sigma Lambda National Honor Society for Adult and Non-traditional students.

**Psi Chi** - Psi Chi is the National Honor Society in Psychology, founded in 1929 at Yale University. The purpose of Psi Chi is to encourage, stimulate, and maintain excellence in scholarship.

**Sigma Tau Delta** - Alpha Lambda Kappa is a chapter of Sigma Tau Delta International English Honor Society and confers distinction upon students of the English language and literature in undergraduate, graduate, and professional studies.

# GENERAL EDUCATION

As a Christian Liberal Arts University whose mission is to prepare students for service and leadership, Northwest believes that God has a desire and design for every individual. His purpose and plan can best be realized when the person is prepared with a broad foundation of personal skills and intellectual content. More than mere acquisition of knowledge – knowing must be combined with informed reasoning and appropriate attitudes. The General Education program at Northwest insures that graduates possess certain knowledge, attitudes, and skills identified as critical to be effective servant-leaders in today's dynamic world community.

## Background

Northwest University has clarified the foundational knowledge and skills that every graduate should be able to demonstrate. These essential elements form a foundation for every major and each discipline. These outcomes directly affect what students learn, how they learn, and what they demonstrate while at Northwest. Ultimately, they are directly connected to how prepared students are for their chosen vocational field.

## Purpose

The General Education portion of Northwest University's curriculum provides a broad exposure to the foundational disciplines commonly expected of students who have earned a university degree. Each of these disciplines could be reviewed in more depth and often are in a student's major field of study. In some situations, the student's division and/or department may require additional study. However, the General Education requirements listed below are required by all students to earn a degree from Northwest University, regardless of their major.

## General Education Requirements

To be prepared for service and leadership, Northwest University graduates must be able to think critically, to integrate their faith and learning, and to apply theory and knowledge in addressing life's complex issues. Therefore, the goal of Northwest University is for its graduates to demonstrate the following knowledge, attitudes, and skills.

- 1. Spiritual Development** - Graduates will demonstrate an understanding of the processes of spiritual and intellectual development that lead toward the goal of Christ-likeness.
- 2. Communication Skills** - Graduates will demonstrate the ability to communicate effectively.
- 3. Moral and Ethical Reasoning** - Graduates will demonstrate an ability to employ ethical reasoning in making moral judgments.
- 4. Scientific Reasoning and Computational Skills** - Graduates will demonstrate scientific reasoning and computational skills.
- 5. Humanity and Human Interaction** - Graduates will demonstrate understanding of human psychological development, creative expression, and social interaction.
- 6. Global Awareness and Cultural Understanding** - Graduates will demonstrate an understanding of human cultural diversity and interdependency by effectively interacting and engaging with a culture other than their own.

# GENERAL EDUCATION REQUIREMENTS (56 CREDITS)

The General Education requirements below are for most Bachelor of Arts degrees. Bachelors of Science, Music, and Fine Arts degrees and Associate in Arts degrees satisfy the outcomes on the previous page through a slightly different set of courses. Refer to the appropriate degree sections in this catalog for specific degree requirements. Some majors qualify or restrict the General Education Requirements.

# MARK AND HULDAH BUNTAIN SCHOOL OF NURSING

**Academic Award .....Bachelor of Science**

**Dean .....Carl Christensen**

The Mark and Huldah Buntain School of Nursing at Northwest University graduates scholarly professional nurses who practice from a uniquely Christian worldview and are dedicated to helping all human beings in pursuit of holistic health. Upon successful completion of the four-year pre-nursing courses and nursing curriculum requirements, students are prepared to sit for the national licensure examination leading to the Registered Nurse (RN) status in the State of Washington. This licensure allows graduates to practice professional nursing in health care systems across Washington State and seek reciprocal licensure in all states and territories of the United States of America or any nation in the world.

## Program Clinical Requirements

Nursing students make application for admission into the nursing curriculum following completion of their designed pre-nursing courses that include required foundational sciences and general courses to meet the General Education requirements of the University. The unique clinical situations in the Nursing Program require applicants to submit the following records before entering the clinical nursing sequence:

1. Health history and physical examination that includes immunization and vaccination documentation and titer levels, conducted and signed by a licensed medical doctor or nurse practitioner:
  - Immunizations
    - DPT series and any subsequent Boosters.
      - One booster after age 19 must be a Tdap (Tetanus, Diphtheria, and Pertussis) vaccine.
    - Hepatitis A series
    - Hepatitis B series
    - MMR series
    - Polio series
  - Varicella series (Chicken Pox) if titer results show that immunization is needed for immunity.
  - Titer requirements
    - Rubella
    - Rubeolla (Measles)
    - Mumps
    - Varicella

2. A two step TB test done no earlier than the May before program entrance;
3. Current provider-level CPR (cardiopulmonary resuscitation) card;
4. A signed permission form (supplied in the application packet) allowing the Buntain School of Nursing and any clinical site to order a criminal background check, for example, Washington State Patrol Criminal Background Check. Background checks must indicate no criminal history;
5. A current and valid passport; and
6. Proof of health insurance for personal costs of health care.

Students successfully completing the Nursing Program of studies are awarded a Bachelor of Science (BS) with a major in Nursing degree. Entry into professional nursing practice occurs after successfully passing the RN licensure examination.

## Summary Criteria for Admission into the Nursing Courses

- Successful completion of the Bachelor of Science degree's General Education requirements with a grade point average (GPA) of at least "B" (3.00 on a 4.00 scale) and a grade of at least "B-" (2.7 on a 4.00 scale) in each of the following courses: College Chemistry II (organic chemistry and biochemistry), Anatomy & Physiology I and II, and General Psychology.
- Meet test score expectations as determined by nursing faculty on entrance competency exams for oral and written communication, reading, computation, and science.

- Assessment of applicant's potential for success as a registered professional nurse by faculty and other credentialed professionals using data from interviews; a written self-analysis and essay answering specific questions; two reference letters speaking to the applicant's character, leadership activities, and service commitment; Test of Essential Academic Skills; official transcripts documenting the applicant's previous academic work; and an application fee. (See the Tuition & Fees page for additional fees associated with the School of Nursing.)
- **Transfer students.** Complete the same requirements for admission to the Nursing Program as other students of Northwest University. [Acceptance to the University is the first step but does not guarantee admission into the nursing curriculum. Questions regarding transfer status, acceptance of previous nursing courses completed outside of the Northwest University Nursing Program, and admission to the Program are managed by the Dean of the School of Nursing (hereafter, "the Dean") or designated faculty].

### Sequence of Course Work and Professional Nursing Practice

Pre-nursing students are identified upon application and entry to the University in order to assist them into the required courses of the Nursing Program. Nursing faculty are assigned to advise these students and carefully plan their sequential and orderly completion of the foundational course work and other requirements. Nursing faculty members become acquainted with their advisees and recognize individual qualifications that can enhance the students' potential for successful professional nursing practice. Students begin their nursing courses as a cohort group and quickly immerse into a vigorous routine of classroom studies with clinical practice. The courses may include evening, night, or weekend learning experiences that a student is required to attend. At this time, students are required to reduce any outside employment to one shift per week that does not conflict with their clinical schedules. During the senior year, especially the final semester of intense clinical work that may be conducted abroad, students should plan to drastically reduce hours or take a leave of absence from their outside employment. When enrolled in 17 semester credits of nursing coursework, nursing students are not permitted to enroll in Northwest University non-nursing courses.

An overall GPA of 3.00/4.00 must be maintained throughout the sequence of nursing courses, and the minimum passing score for any nursing course is 2.70/4.00. A student not meeting the minimum requirements of a lecture may not be allowed to participate in a related practicum course if faculty deems the situation to pose a safety concern.

A student who leaves the cohort group for any reason, such as, but not limited to, personal or academic, is required to meet with the respective faculty advisor to propose a new plan to the Dean for re-admission to the Nursing Program or consideration of other options.

Clinical nursing practice is conducted every semester of the nursing curriculum, always under the supervision of nursing faculty, and frequently in concert with professional nurse clinical mentors. The purpose of this tandem clinical practice with theory courses is to:

1. progressively develop proficiency in the applied science of professional nursing;
2. meet State licensure requirements; and national standards; and
3. build learner confidence in clinical nursing care management and leadership.

A fee, which is assessed on a per-credit basis and which supplements tuition, is charged for practicum courses that provide clinical experience. (See the Tuition & Fees page for additional fees associated with the School of Nursing.)

Nursing students must be committed to maintaining professional standards while in the practicum setting. Respect is an underpinning value of professional behavior. Demonstrating respect will uphold the trust that patients, clients, health care workers, faculty, and fellow students place in each nursing student. These other parties will continually evaluate each student's professional behavior as expressed in such ways as positive initiative, teamwork, conservative and clean appearance, reliability, excellent attendance record, punctuality, and timely and accurate communication.

Transportation to local practicum experiences is the responsibility of the student. Many local clinical experiences are available within five miles of campus; however, some may require traveling up to 35 miles. If a student does not have a personal vehicle, we recommend being prepared to carpool with other students, use public transportation, arrange for a taxi, or rent a vehicle for specific practicum experiences. Faculty will not make clinical assignments based on carpool requests or geographic location of student residence.

A hallmark of the nursing program is a capstone, cross-cultural course taken in the final semester of the senior year. The student is required to participate in a month-long nursing and ministry immersion experience that requires effectiveness in a cultural setting different than one's own. Sites will vary from year to year. (See the Tuition & Fees page for additional fees associated with the School of Nursing.)

## Registered Nurse Licensure in the State of Washington

After successful completion of the Nursing Program at Northwest University, students are awarded a Bachelor of Science (BS) degree with a major in Nursing. Entry into professional nursing practice occurs after successfully passing the RN licensure examination.

This program includes an appropriate pre-testing program, to prepare the nursing graduate to take the Registered Nurse licensure examination in the State of Washington. A one-time, non-refundable testing package fee is charged for pre-testing sessions and covers the official grading, access to results, and a set of content-specific test review modules. The Dean and faculty advisors assess the composite results of all official pre-tests (or practice tests) to identify areas for further review and study. Throughout the nursing program, students are expected to work closely with their Dean and faculty advisors to prepare to pass the RN licensure examination with high scores. Such preparation includes taking advantage of computerized pre-tests, content review modules, and study group sessions.

Students are advised to take the Registered Nurse (RN) licensure exam in the State of Washington. The graduate may, if desired, then apply for RN licensure by endorsement from any other U.S. state following initial licensure in Washington State. The Dean provides a signature authorization for Northwest University that each student has officially completed the professional Nursing Program and is eligible to apply for Registered Nurse testing and licensure. The nursing graduate is responsible for final preparation and mailing of the application for testing and RN licensure, transcript requests, all RN testing and application fees, results, and license maintenance.

Students seeking admission to the Nursing Program must be aware that the State of Washington or any other State may withhold the Registered Nurse license application if the applicant has a record of criminal conviction or committing a serious crime. Students should discuss this matter with the Dean before making final application to the Nursing Program since application materials include a National Criminal History form. Any criminal incidences occurring during the nursing courses must be reviewed immediately with the Dean, and may cause immediate

dismissal from the Nursing Program and/or jeopardize the application for Registered Nurse licensure.

## Nursing Program Objectives

As competent beginning professional nurses, the graduates of the Mark and Huldah Buntain School of Nursing at Northwest University effectively:

- practice critical thinking using logical and sequential reasoning, tempered with creative, aesthetic, and intuitive processes;

# COLLEGE OF MINISTRY

**Academic Awards .....Master of Arts, Bachelor of Arts, Minors, Certificates**

**Dean .....Kent Ingle**

**Associate Dean.....Joseph Saggio**

**Departments .....Biblical and Theological Studies, Church Ministries and Missions; School of Graduate Theology**

The College of Ministry builds upon the Educational Goals of the University expressed in the General Education requirements and the Biblical Studies Core. We recognize that all truth is God's truth and that persons discover truth by reason, by scientific and aesthetic inquiry, and by revelation. The College of Ministry affirms that the Bible is God's unique written revelation, and that the knowledge of biblical truth is the foundation of every genuine search for truth.

Students may choose one of the several majors leading to the four-year Bachelor of Arts degree. Students who desire a biblical/theological basis for pursuing other educational or vocational interests may complete the one-year program leading to the Certificate in Christian Studies. The specific objectives of the majors or other programs are listed with their descriptions in the following pages. In addition to the programs offered, the College of Ministry provides biblical and religious studies for all students of the University.

The Bachelor of Arts programs within the College of Ministry are designed to prepare graduates intellectually, spiritually, and functionally for Christian ministry.

Graduates of the College of Ministry should be able to:

- do biblical exegesis and theological research;
- critically examine and assess the impact of societal and world issues on Christian ministry; and
- effectively communicate the Christian faith both in the Church and in the world.

The College of Ministry desires that all its graduates be persons who demonstrate a continuing interest in lifelong learning, and in the ability to apply truth to life; approach their own spiritual lives contemplatively and reflectively; and express a genuine connection to and a caring for the world.

## Biblical Studies Core

The University Educational Goals state, "Northwest seeks to cultivate Christian character in its students." Building upon the General Education requirements, the Biblical Studies Core enables the student to form a foundation for faith and practice. Study of the Scriptures and theology should encourage the student toward comprehension of

the revealed nature of God, growth in biblical knowledge, an understanding of Assemblies of God doctrinal positions, and development in spiritual maturity. The following courses constitute the Biblical Studies Core utilized by many of the College of Ministry majors.

- BIBL 2113 Pentateuch.....3
- BIBL 2213 Jesus and the Synoptic Gospels.....3
- BIBL xxx3 Bible Electives .....9  
(6 credits must be from 3000/4000 level)
- THEO 2503 Pentecostal Spirituality .....3
- THEO 3213 Systematic Theology I .....3
- THEO 3223 Systematic Theology II .....3
- THEO 3413 Theology of Ministerial Essentials.....3

## Second Major in Biblical Studies

The 39 credits of Biblical Studies (12 credits of General Education Biblical Studies plus 27 credits of Biblical Studies Core) may be considered a second major by students who are taking majors other than Biblical Literature or Religion and Philosophy. Those students who so choose have the option of declaring on their transcript a major in Biblical Studies as well as their primary major.

## Admission to College of Ministry

All students declaring a major within the College of Ministry are part of the College of Ministry. However, before their junior year they must make formal application for admission to the College. This is due in part to the fact that Northwest University contributes to the continuing strength of the Assemblies of God and other denominational or parachurch agencies by sharing in the development of competent ministers. As the future

effectiveness of the Church in fulfilling its mission depends in part on competency, Christian character, scholarship, and spiritual maturity, the College of Ministry expects of its graduates significant progress in these important areas.

In order to evaluate and encourage that progress, the College of Ministry affirms the necessity of each student fulfilling the requirements for formal admission to the College. Such admission is a prerequisite to all ministry practices and internships.

Although a student may declare a major at any time during his or her academic program at Northwest, graduation with a baccalaureate degree in the College of Ministry requires that the admissions process be completed and good standing be maintained. No practicum or internship carried out before formal admission may count toward fulfilling graduation requirements. Additionally, once admitted to the College of Ministry, no coursework will be accepted from other institutions to satisfy major requirements without written pre-approval by the student's advisor and the Dean.

Due to the unique nature of certain programs of study, some exceptions are made to the admissions process. Students whose studies lead to a Certificate of Christian Studies, a Bachelor of Arts in Intercultural Studies, or a Bachelor of Arts in Ministry Leadership are not required to apply for admission to the College of Ministry.

The College of Ministry's application process is described below.

1. **Application:** Application packets may be obtained from the College of Ministry office or downloaded from the College of Ministry website.
2. **Deadlines:** Students may apply for admission during either the fall or spring semester. Application deadlines will be published annually by the College of Ministry office.
3. **Prerequisites:** Students will have completed CMIN 2002 The Church in Ministry (or its equivalent) or be taking the course concurrently with the application process if this course is required in their major.
4. **Bible Knowledge Exam:** Students will take a Bible Knowledge exam at the point of entry to the College of Ministry and once again just prior to their graduation.
5. **Screening:** The application includes authorization for the College of Ministry to check for criminal history through the Washington State Patrol. If the student does not receive clearance, the Dean and the student will privately discuss the attendant issues. Applicants should be aware that the Assemblies of God and/or other ecclesiastical bodies may not grant ministerial credentials to one who has a record of criminal conviction.

6. **Grade Point Average:** To be admitted and continue in the College of Ministry students must have a cumulative grade point average of 2.0. In addition to this standard students must also earn no less than a C (satisfactory attainment / 2.0 on a 4.0 scale) in the following General Education courses:

This includes biblical and theological studies in the ministry majors and includes all courses transferred to NU. Suspension from the College of Ministry will also disqualify a student from being eligible for the Ministry Success Scholarship Program.

7. **Essay:** Students will write a personal evaluation essay stating why they desire to pursue ministry education. The essay should include a description of the applicant's personal spiritual development, sense of call, and an evaluation of developmental and practical skill needs during the major course of study.
8. **Resume:** Students will provide a resume of church involvement and ministry activities.
9. **Christian Life Profile:** Students will take a discipleship profile to assess Christian beliefs, practices, and virtues. The profile will be used to develop a personal plan for spiritual growth during the student's tenure in the College of Ministry.
10. **References:** Reference forms will be provided for three personal references who can speak to the spiritual maturity of the applicant. One reference must be from the student's senior pastor. A second must be from a non-College of Ministry faculty member. References cannot be from persons directly related to the candidate.
11. **Interview:** Students will be interviewed by members of the College of Ministry faculty. The interview will involve reflection on the personal evaluation, essay, resume, reference results, and academic records. The aim of this interview is to help students identify gifts and interests and help to clarify their personal sense of call in addition to allowing the faculty to assess the students' fitness for ministry education at Northwest University.

12. **Appeal:** Should a student be denied admission, the student may appeal the decision using the appeals process outlined in the student handbook.
13. **Reapplication:** Students who fail to fulfill these guidelines by the published deadlines may be required to reapply the next semester.

**Transfer Students.** Questions regarding transfer status and admission to the program will be handled by the Dean of the College of Ministry.

# SALEM BIBLE COLLEGE OF NORTHWEST UNIVERSITY

**Dean .....Carley Kendrick**

## **Programs Supported.....Christian Leadership**

After many years of working closely together, Salem Bible College in Salem, Oregon became part of Northwest University in 2008. All courses offered through SBC-NU are accredited and students completing their degree through SBC-NU graduate from Northwest University.

Continuing its tradition of education and practical training in ministry, SBC's work carries out the University's mission by providing a professional degree in biblical and ministerial studies that fulfills the academic requirements for ministry credentialing, and by enhancing the ministry of the local church by providing continuing education for leaders as well as training for members.

Students at Salem Bible College of Northwest University find that throughout the College – in the classroom, student activities, chapel, residence life, and all of the student experience – there is an intentional focus on training biblical disciples to make disciples. SBC of NU accomplishes this by emphasizing and modeling a personal commitment to love, follow, and obey Jesus Christ, training students to minister God's love as they effectively lead churches and para-church ministries, encouraging life-long learning, and encouraging an approach to Christianity that is based on objective truth and is rationally defensible.

The degree programs are designed to equip and train for thoughtful, creative, and passionate ministry at varying levels. The Associate degree prepares a student to enter vocational ministry or to build a foundation for a lifetime of ministry in a non ministerial vocation. The Bachelor of Science degree equips students for long term, effective leadership in the church and other ministry settings. Both degrees can be earned by attending part-time or full-time. Most students find the non-traditional schedule fits even in a busy schedule. Classes engage students through a variety of creative educational formats.

The faculty at SBC is committed to helping each student discover and fulfill his or her God-given dreams, calling, and potential. Student-faculty relationships are key to the family-like environment on campus.

Graduates from these programs can be found serving throughout the world as pastors, missionaries, children's ministers, and youth ministers, and in a variety of non-traditional ministries. In addition, many graduates go on to complete graduate degrees.

# PACIFIC RIM CENTRE FOR CROSS-CULTURAL STUDIES

**Program Director.....Darrell Hobson**

**Programs Supported.....English as a Second Language, International Student Association**

The Pacific Rim Centre for Cross-Cultural Studies (PRC) was established at Northwest University to facilitate the *University's historic commitment to global exchange with particular reference to the countries of the Pacific Rim*. The purpose of the Centre is to facilitate cross-cultural understanding and friendship among global neighbors by providing opportunities for education and for the development of professional services.

Being a community of scholars and learners, the Pacific Rim Centre proposes to develop and maintain programs of instruction, research, and professional services which provide opportunities to:

- develop sensitivity to cultural diversities and facilitate interpersonal adjustments needed for cross-cultural living and service;
- facilitate language acquisition and effectiveness in cross-cultural communication;
- form network relationships with international agencies, schools, and students in order to expedite cross-cultural interactions; and
- develop other skills which facilitate professional services cross-culturally.

To facilitate its activities in China, the Pacific Rim Centre has entered into a network relationship with the Sunrise Educational Foundation Limited located in Hong Kong. This connection makes possible the placement of people as:

- university students who will study Chinese language and culture;
- English teachers who will teach for one to two years; and
- persons who are committed to long-term professional service.

## English as a Second Language

The ESL program enables international students to develop the necessary skill in academic English for admission into University baccalaureate and graduate degree programs. It also provides opportunity for students who want a semester abroad experience to develop their English skills, and to experience American culture while studying ESL in a Christian academic environment.

## Students will

- Become more proficient in reading, writing, and speaking English.
- Gain a broader understanding of American culture and make friends with American Christian students and professors.
- Develop study skills necessary for success in an American university.
- Gain academic English skills by auditing undergraduate classes at Northwest University and participating in the various programs of the University.

All ESL students are enrolled in a full-time program of study that involves twelve credit hours of ESL study: Grammar, Reading, Writing, Speaking, Listening and TOEFL preparation. In addition, ESL will audit one undergraduate course and will participate in Conversation Partners. The total of English preparation will involve 18-20 in class hours per week.

For application forms and further information please visit the University Web page under International Students, or contact the Pacific Rim Centre office at (425)889-5315.

# PRE-PROFESSIONAL PROGRAMS

## Pre-Law

As indicated by the official guide to American Bar Association (ABA) approved law schools, there is no single path or degree that must be pursued in order to gain admission to law school and to pursue a career in law. Legal education programs and law school admissions boards welcome and value diversity of experience and education.

While the ABA does not specifically recommend courses of study or undergraduate majors, there are several that, because of the skills they specifically aim to develop, are traditionally regarded as preparing students for law school admissions: History, English, Philosophy, Political Science, and Business. In the current social climate, degrees in fields as diverse as communication, education, nursing, or science are also excellent paths to a legal education.

Every student seeking admission to law school must develop the following set of core skills:

- Analytic and problem solving skills,
- Critical reading ability,
- Written skills,
- Oral communication and listening skills,
- Research skills,
- Task organization and management skills.

In addition, persons pursuing a legal education must develop a strong sense of value relating to the faithful service of others and the promotion of justice. A Northwest University education specifically aims at encouraging both of these values and informing them from a distinctly Christian worldview. Students pursuing legal education are strongly encouraged to participate in educational, extra and co-curricular activities, life experiences that will assist in developing the core skills and attributes necessary for success in the legal profession.

The ABA further defines five areas of basic knowledge that are helpful to a legal education and to developing competent lawyers:

1. A broad understanding of history and the factors that have influenced the development of our society.
2. A fundamental understanding of the American political system and of political thought in general.
3. A basic understanding of mathematics and finance appropriate to the analysis of financial data.
4. An understanding of human behavior and society.

5. An understanding of the nature of culture and cultural diversity.

Courses that may help the student develop these understandings at Northwest University include, but are not limited to:

- Political Science/Legal Studies courses such as: American Government, Judicial Process, Legislative process, American Presidency, Constitutional Law, and Political Philosophy.
- Communication: Advanced Speech, Argumentation and Debate, Debate team
- Economics: Macro and Microeconomics
- English courses such as: Advanced Expository Writing, Media Writing, Business Writing. Literature courses,
- Foreign languages and cultures
- History: United States History, Diplomatic History
- Philosophy: Logic, Critical Thinking and Writing, Political Philosophy, History of Philosophy
- Mathematics: Pre-calculus (minimum)
- Psychology and Sociology

## Objective criteria for admission to law schools

- Law School Admissions Test (LSAT). Scores from this half-day standardized test are used by most law schools as a common measurement of potential for success in law school.
- Undergraduate GPA. Applicants submit undergraduate transcripts to the Law School Data Assembly Service (LSDAS), which converts grades to a cumulative grade point average using a set of consistent values. This data is used by committees in comparing applicants.
- Applicant index. Many law schools ask LSDAS to combine applicants LSAT scores and GPAs with weighted constants to produce a single number which they may use to assess and compare potential for success in completing a law degree.

Students desiring to pursue a legal education are encouraged to contact the College of Arts and Sciences pre-law advisor, and to participate in the pre-law advising cohort.

## Pre-Medicine

A medical education provides access to a broad and inclusive profession from clinical practice to medical administration, public health, community health, biomedical research, and medical education.

Students seeking to pursue a career in medicine must build a strong foundation in the sciences and mathematics. Most students preparing to enter medical school major in biology or biochemistry. Other majors are possible, but the student must complete all of the core science courses required by the medical school. In addition, medical schools expect a broad education in the liberal arts. The unifying factor is the student's ability to demonstrate in-depth scholarly exploration and the development of life-long learning skills that are essential to a career in medicine.

Because medicine is practiced in a social context, medical schools look for applicants with strong communication and interpersonal skills, a deep appreciation of the needs of society, and a set of values such as truthfulness, compassion, altruism, and justice. Northwest University provides students with the opportunity to develop these values through the integration of faith and learning in all of the traditional fields of study in humanities, natural and social sciences, and though the core biblical and theological studies in the General Education curriculum. In addition, Northwest University encourages students to directly apply these understandings and values through a variety of ministry and community outreach opportunities.

Medical schools look for students who demonstrate dedication to duty and altruism through service learning experiences specifically related to the values of healthcare professions. Such experiences will typically include participation in clinical science research, shadowing of a healthcare professional, participating in community healthcare or social agency outreach efforts, or the like. Students should seek out multiple opportunities to engage in experiential learning. Each student in the pre-professional biology track will participate in a cross-cultural service experience as a part of the program requirements.

Because the process for admission entrance to medical school is rigorous and competitive, the admission standards are very high. Letters of recommendation by the Medical School Advisory committee, which are necessary for application to medical schools, are only given for students who in the judgment of the committee meet the standards of strong grades, quality and quantity of service learning experience, and cross-cultural competence. Completing any particular degree does not guarantee recommendation.

**Core Science Requirements** (Source: Medical School Admission Requirements, 2008-2009, AAMC)

- General Biology (2 semesters)
- Physics (2 semesters)
- General Chemistry (2 semesters)
- Organic Chemistry (2 semesters)

Note: Premedical students intending to apply college credit earned through Advanced Placement (AP) and College Level Examination Placement (CLEP) to meet premedical requirements should be aware that medical schools restrict the use of such credits. Accordingly, Northwest University may require either taking the courses in the science core at Northwest University, or validating any transfer courses through successful completion of upper-level science courses. It is strongly recommended that all science courses be taken at the university level.

Because mathematical competence is foundational to science, and because medicine requires the ability to evaluate medical literature, Calculus and Biostatistics are generally expected.

#### **Other criteria for admission to medical school**

- A strong GPA in a rigorous and demanding selection of courses.
- Strong scores in the four sections of the Medical College Admission Test (MCAT).
- Letters of recommendation
- Documentation of service experience

Pre-medicine students will be expected to participate in the pre-med advising cohort and to regularly engage with the pre-medical advisor. Students may get more information by contacting the College of Arts and Sciences secretary in HSC 221 for a Pre-med handbook.

#### **Pre-Dentistry**

Students seeking to enter dental school should follow the preparation requirements for medical school admissions. Students are also advised to contact the dental schools to which they may wish to apply for specific pre-admission requirements. In place of the MCAT, dental school admissions require strong scores on the American Dental Association Dental Admission Test. Information on this test can be obtained from the Department of Natural Sciences and Mathematics.

#### **Other Post Graduate Health Professional Programs**

Students interested in preparing for other health care professions in areas such as pharmacy, optometry, medical technology, or podiatry, may also do so within the science programs at Northwest University. Because each of these professional areas has its own basic science and general education requirements, a student seeking entrance into a professional school should determine the specific requirements by consulting the catalogs of the school(s) and tailoring the course of study at Northwest University to meet them. Information on some of the health care professions is available from faculty in the Science and Mathematics department.

# RESERVE OFFICER TRAINING CORPS

**Coordinator.....Jim Jessup**

**Programs Supported.....Military Science and Leadership**

*Northwest University has a cooperative arrangement with the University of Washington's Reserve Officer Training Corps (ROTC). Through this cooperative program, Northwest University students prepare for commissioning in the US Army by earning a degree from Northwest and concurrently registering for a series of courses at the University of Washington. The military science courses at Northwest University are instructed by qualified personnel from the University of Washington and military services. A minor in Military Science and Leadership is also available through this arrangement.*

The Reserve Officer's Training Corps is a program established by Congressional decree to provide the armed forces with a steady supply of educated, capable officers. The ROTC program is designed to prepare students for leadership within the Army following the acquisition of a baccalaureate degree. Special military courses are obtained each semester through the University of Washington. Successful completion of these courses and a camp conducted for approximately a month in between the junior and senior years, combined with the earning of a non-ministerial bachelor's degree qualifies an individual for commissioning.

Scholarships are available for some eligible students. Contact the Financial Aid Services Office for details.

The University of Washington boasts one of the nation's oldest Military Science programs. Kinneer Husky Battalion cadets have the opportunity to earn competitive scholarships, attend summer training at Regular Army schools, and attend quarterly training events at Fort Lewis, Washington.

Army ROTC is a chance to develop skills for success like confidence, self-esteem, motivation, and the ability to lead others and make decisions. Army ROTC is a challenging combination of academics and important hands-on instruction that puts students on track for a more productive and rewarding future. ROTC programs on college campuses are the nation's way of ensuring that all

the influences of higher education are transported into the military services, a mandatory requirement in a democracy.

There is no commitment when a student tries ROTC during the freshman and sophomore years. There is, however, a four year commitment to the Army when a student begins the junior year of ROTC or accepts a scholarship. Depending on the student's desires and the needs of the Army this may be in the active component or in a reserve or National Guard assignment while pursuing a civilian career.

When a student applies for a scholarship there is no obligation incurred until the scholarship is accepted. Students are not required to have a scholarship to participate in Army ROTC.

Participation in Army ROTC at the University of Washington requires previous acceptance by the University. No application for the Military Science program itself is required; however, students may be eligible to apply for a scholarship which would pay tuition, books, and a monthly living stipend.

Students are required to take Military Science courses in addition to their academic program at Northwest University. Courses descriptions are located in this catalog.

# BIBLICAL LITERATURE

**College.....Ministry**

**Degree.....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Blaine Charette**

The Biblical Literature major has at its center the belief that the Bible is the inspired word of God, the only foundation for our faith and practice. The major is therefore designed to lead the student into the proper understanding and exposition of the Bible. The major seeks to do this by giving the student a broad knowledge of the background, content, and meaning of the Bible, and by helping the student develop exegetical skills for continuing study and communication of the Bible.

This major is designed for those preparing for vocational Christian ministry as well as other vocations, enabling them to proclaim the gospel effectively in the church and in the world. It also provides a good foundation for those who are planning to pursue graduate studies. Students may develop their vocational interests by selection of a minor or electives of their choosing.

In addition to achieving the general goals of the University and of the College of Ministry, completing this major provides learning opportunities which enable the student to:

- demonstrate knowledge of the content and background of the Bible appropriate to the Bachelor's degree;
- apply appropriate methodologies for Bible study;
- interpret the Bible in accordance with generally accepted hermeneutical principles;
- discriminate between competing interpretations of Scripture; and
- understand and express sound biblical theology.

# BIOLOGY

**College.....Arts and Science**

**Degree.....Bachelor of Science**

**Credits Required .....125 semester credits**

**Coordinator.....Eric Steinkamp**

The study of biology strives to understand the natural world we live in, including the human body. A career in biology involves curiosity of how living things work, how they interact with each other and the non living world and how our actions influence nature and our bodies. Studying biology causes us to ask questions, make observations, describe potential answers, design studies, collect evidence, evaluate data and solve problems. Biologists may use a microscope to study human health and diseases, or a single celled organisms affect on the environment, Biology may also use nets to capture migrating birds and understand their contribution habitats along their migratory routes, or use a greenhouse to grow native plants which will be transplanted in ecosystem recovery efforts.

## **B.S. Biology Degree Objectives**

- The student will be able to apply the scientific method to research problems in the biology field.
- The student will be able to effectively use appropriate technology in the study of biology.
- The student will synthesize classroom knowledge in hands-on field studies.
- The student will be able to use knowledge to score well on standardized tests for their associated field.
- The student will participate in cross cultural experiences.
- The student will develop their scientifically-informed worldview and communicate that through writing;
- To develop scholarly skills for research and writing in scientific fields and empower skills needed to share the fruits of that learning with the wider academic and communities.

## **Bachelor of Science in Biology in the General Biology Track**

The general biology track develops students as scholarly professionals who are dedicated to working in the scientific community, or who are prepared to pursue graduate studies in the sciences. Students who complete

this degree track will be well prepared to enter fields of employment appropriate to a B.S. degree. In addition, the student will participate in development oriented cross-cultural scientific experiences that provide a rich understanding of the interplay of science and human well-being, and that give a unique preparation for entering the job market, or for pursuing admission to graduate programs in advanced fields of study.

## **Bachelor of Science in Biology in the Pre-professional Track**

The pre-professional biology track develops students as scholarly professionals who are dedicated to pursuing advanced studies in the healing professions, and who are qualified for admission to professional schools. Because admission into professional schools is highly competitive and selective, students in this track will be carefully guided toward meeting the standards for admission set by the Association of American Medical Colleges. A student entering this program with a goal of gaining admission to a professional school accepts the personal responsibility to carefully prepare for application by achieving strong grades and pursuing service experiences in health sciences. Participation in an advising cohort aimed at developing the whole student as a potential professional enhances the possibility of achieving the goal of admission to a graduate school of the student's choosing.

**Academic Award .....Bachelor of Arts, Minor**

**Credits Required .....125 semester credits**

**Coordinator.....John Bacon**

The major in Business Administration is an all-purpose general business degree designed to prepare individuals to perform managerial functions in the public and private sectors. Like other majors in the School of Business and Management, students take a series of core courses in the fundamentals of economics, accounting, management, marketing and finance. Students then balance the rest of their major with advanced courses in management, marketing, finance and accounting. # CHILDREN'S MINISTRIES

**College.....Ministry**

**Degree.....Bachelor of Arts**

**Credit Requirements .....125 semester credits**

*The Children's Ministries major is designed to prepare students for vocational ministry as a pastor to children in the local church, non-profit organizations and cross-cultural ministry settings.. The completion of this major should enable the student to develop and lead a children's ministries program and function as a professional team member.*

Children develop and learn differently than adults. This major gives special attention to understanding child development and family relationships as they relate to nurturing Christian faith through the ministry of the local church.

Recognizing that effective ministry to and role modeling for children depends upon competent understanding and skillful use of the scripture, and a life consistently maturing into Christ-likeness, this major requires a strong component of Bible and theology.

Completing this major provides learning opportunities which enables the student to:

- Equip families for a home-based, church supported ministry to their children.
- Define the role of ministry to children and families in the larger context of the three-fold mission of ministry to God, ministry to believers and ministry to the world.

- Articulate a theological framework for doing children's ministry that consists of three components: theological foundations, personal implications and ministry applications.
- Develop strategies and skills in reaching out to the un-churched and assimilating them into the church family.
- Evaluate one's ministry, being committed to ongoing improvement to more effectively minister to children and families in today's cultural context.
- Develop a strategy to fulfill the biblical mandate of ministry leaders to "prepare God's people for works of service" (Ephesians 4:12).
- Demonstrate the ability to design, implement and lead a culturally relevant children's ministry program

We live in a communication-oriented society. Our world is significantly influenced by both the personal and mediated communication of individuals from diverse social, political, professional and religious groups. Never before has there been such a demand for leaders and professionals with advanced communication skills and knowledge.

## **Northwest University Communication Major Overview**

Competence in communication is fundamental to success in many professions such as human resources and public relations, organizational management, sales, conflict resolution and negotiation, government and politics, law, teaching and the entertainment industry.

The major in Communication provides the student with the knowledge and skills needed to fulfill his or her calling to serve Christ in communication related professions. The major is designed for aspiring servant leaders who seek to integrate their faith with their communication skills, creative abilities and appreciation of the arts.

But, apart from the practical value of communication studies for future employment, the major also helps students improve their personal quality of life. Becoming an effective communicator is a process that touches every area of our lives -- both at home and at work and helps to unlock all other learning.

The program offers many advantages, including the freedom to tailor choice of courses to meet student's personal or career interests. After completing the core courses, students choose among one of five concentrations for focused study: Organizational Communication, Drama, Media Studies, Rhetoric and Public Affairs or Film Studies.

Drawing on the fields of radio and television production, film studies, web broadcast and journalism the concentration provides basic understandings and skills necessary to begin careers in mass media related professions.

All courses are designed to guide students to think about media from the perspective of the Christian world view and to consider how media is used to fulfill the great commission.

The Communication major with a Concentration in Media Studies helps prepare students not only for graduate programs in journalism or broadcast, but also for a variety of entry level careers with newspapers, magazines and radio and television stations. Course work includes work with the college newspaper as well as an internship in which students gain practical experience with area newspapers, radio and television studios.

Students pursuing this major gain a broad-based liberal arts education and acquire valuable personal and professional skills as journalism or broadcast professionals.

The concentration will provide students with the ability to work in a number of journalistic settings. In addition to the goals of the communication major, students in this program will:

Our civic and community organizations are in need of leaders and professionals who understand how reasoned discourse and persuasion promote solutions to problems. Traditionally rhetoric was a core curriculum for the Academy seeking to educate an engaged citizenry. Rhetoric is defined as the creation and maintenance of human understanding in order to foster cooperation among members of society. Students gain insights from the perspectives of political science and communication studies and develop practical skills, which empower them to make a difference in the world.

The student will:

- Learn how to design messages for campaigns directed to persuade specific groups.
- Learn skills for fostering cooperation and teamwork in groups.
- Develop confidence in public speaking.
- Generate and organize creative ideas and supporting material in building a case.
- Understand how to adapt to a variety of audiences and cultures.
- Learn the tools for critical analysis to identify strengths and weaknesses of persuasive messages.

### **Drama Concentration**

Students majoring in Communication with a Concentration in Drama will develop competence in communication with a focus in the dramatic arts. Such competence includes familiarization with various communication theories and practice with dramatic literature, theory, and history.

The focus of the Drama Concentration at Northwest is on the craft of acting. Within this focus students come to appreciate human experience as presented in dramatic literature, with critique or analysis from a Christian aesthetic or world view.

Students pursuing this major achieve a broad-based liberal arts education, with emphases in Communication and Drama, and so learn invaluable personal and social skills - from self-discipline and confidence in public communication to risk-taking and group endeavor. Competence in Communication with a Concentration in Drama helps prepare students not only for graduate school, law school, or seminary, but also for a variety of career areas including the performing arts, education, and the ministry.

In addition to achieving the goals of the University, completing the Communication major with a Concentration in Drama enables students to:

- Read and reflect upon masterpieces of dramatic literature;
- Relate significant theories of theatre criticism to plays studied;
- Articulate salient features and figures of theatre history;
- Use the human voice effectively on stage;

### **Film Studies Concentration**

Students majoring in Communication with a Concentration in Film Studies are introduced to the theory and practice of the motion picture industry and its critical analysis. The concentration depends on admittance to the [Los Angeles Films Studies Center](#) -- usually limited to one or two students each year. Students spend a semester in Hollywood for internships and course work. Other courses at Northwest University familiarize students with essential communication theories in addition to film analysis.

According to the LAFSC program description: "Students who choose to attend the LAFSC are exposed to a true behind-the-scenes look at the work and workings of Hollywood, yet at the same time are a part of a Christian-based educational program committed to understanding what it means to be salt and light in this unique and powerful industry. The entire experience of classes, internships, and Christian fellowship provides the student with an opportunity to test his or her interest in pursuing a career in the mainstream entertainment industry."

The LAFSC is sponsored by the Council for Christian Colleges & Universities and is located in one of the primary film and television production centers in Los

Angeles. Adjacent to Burbank, the LAFSC is within a few miles of Warner Brothers, Universal, NBC, and The Walt Disney Studios.

Students pursuing this major and concentration achieve a broad-based liberal arts education, with emphases in Communication studies, and so learn invaluable personal and social skills - from self-discipline and confidence in public communication to risk-taking and group endeavor.

Besides gaining a deeper understanding of the significance of film in our culture, the major helps students develop practical communication skills and improve their chances for success in graduate school, law school, or seminary, as well as a variety of communication related careers -- including the movie industry, performing arts, education and the ministry.

In addition to achieving the goals of the University, completing the Communication major with a Concentration in Film Studies enables students to:

# ELEMENTARY EDUCATION

**School .....Education**

**Academic Award .....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Gary Newbill**

The major in Elementary Education prepares students to become professional teachers for both public and private schools from kindergarten through the 8<sup>th</sup> grade. Aspiring teachers study the liberal arts, Bible and theology, educational foundations, psychology, assessment, learning theory and pedagogy, and instructional methods for the varied subjects required for elementary teaching: reading, mathematics, visual arts, drama, language arts, science, health and fitness, social studies, and music. During two semesters, students demonstrate their teaching skills in public or private school classrooms, leading to formal certification by the State of Washington.

## **Teaching Certificate Endorsements and Academic Subject Area**

Elementary education majors earn the endorsement for kindergarten through 8<sup>th</sup> grade and a middle level endorsement in Humanities, Mathematics, or Science. They may teach any self-contained classroom within that grade span or their subject specialty within 4<sup>th</sup> through 9<sup>th</sup> grades.

## **Professional Standards and Performance Assessment**

Within the context of educational restructuring and accountability for learning results, the performance of each candidate is evaluated in multiple ways over time. Assessment of candidate performance focuses on demonstrated competency in both knowledge and teaching skill, which employs varied strategies to measure professional knowledge, subject matter mastery, and teaching effectiveness. Measures include written examination, oral communication, classroom management, curricular and instructional design, practice teaching, projects and portfolios, written expression, visual and musical arts, and the success of children in field settings.

# ENGLISH

**College.....Arts and Sciences**

**Degree.....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Martha Diede**

**Concentrations.....Literature, Teaching English as a Second Language, Writing**

Students major in English to read a wealth of literature and to develop competence in specific analytical and communicative skills. These skills include integrative thinking, critical and creative writing, usage of college English in both oral and written form, discernment in reading, appreciation of the human experience as illustrated in literature, and confidence in public speaking. Competence in these skills helps our students succeed in career areas such as ministry, education, business, government, publishing, and creative writing.

In addition to achieving the goals of the University, completing the English major enables students to:

- integrate literature and the Christian faith;
- produce strong, college English in prose and research writing;
- explore in practice the genres of prose, poetry, fiction and drama in American, English, World, and/or multicultural literature;
- apply critical thinking skills in writing, public speaking, and interdisciplinary studies; and
- use appropriate methodology in the analysis and interpretation of prose, poetry, fiction, drama, and film.

The English Major Core Requirements consist of 30 credits in specific writing and literature classes. English majors must also complete a 15 credit Concentration in Writing, Literature, or TESL. To strengthen their humanities backgrounds, English majors are encouraged to take their 22 credits of electives in such related disciplines as history, philosophy, and the arts.

## Entry to Major

Students need formal admission to the English major in order to progress through their academic programs. To be considered for admission, a student must have fulfilled the following criteria:

1. Completed the freshman year;

2. Completed a minimum of two English classes at Northwest University;
3. Achieved a minimum overall grade point average of 2.500.
4. Written a satisfactory Entry Paper ( See Dept. Chair for details); and,
5. Been interviewed successfully by a sub-committee of three or more members of English Dept. (This final criterion may be waived at discretion of Dept. Chair)

## Graduation Requirements

In addition to the requirements listed under Academic Support – Graduation, English Majors must have achieved a minimum cumulative grade point average of 3.000 in English classes taken at Northwest University.

Students also must have successfully completed, typically during the second semester of their junior year, an Oral Baccalaureate Exam (OBE). The OBE is based on the Departmental Reading list, available online and from the English Department Chair. Each English major requests a Committee of three English professors who then use the OBE to evaluate the student's ability to integrate literature and the Christian faith, to use critical thinking skills effectively, and to apply appropriate methodology in the analysis and interpretation of literature. Students who do not pass the OBE may retake it in a succeeding semester. Students who do not pass the OBE on their second attempt cannot graduate with an English major.

# ENVIRONMENTAL SCIENCE

**College .....Arts and Sciences**

**Academic Award .....Bachelor of Science**

**Credits Required .....125 semester credits**

**Coordinator.....Eric Steinkamp**

The major in environmental science is designed for individuals who intend to scientifically study, develop, and implement tools for building a better world. Studies include remediation for environmental problems of our modern and developing world and technologies that provide high production of vegetable, fruit, and animal matter for the purpose of providing human nutritional essentials in an ecologically sustainable manner. These activities will be based on a biblical understanding that stewardship of the earth and the poor is the best basis for caring for the environment. The environment is best studied in the field with hands-on courses often held at different ecological sites.

## Purpose and Philosophy

Stewardship, knowledge and servanthood are essential to the Northwest University Environmental Science major. We firmly believe the Earth and all its creatures embody the majesty of God's ingenious powers. We believe that humanity, by God's ordaining power, is placed here to serve as stewards. Stewardship includes living sustainably and caring for our neighbors at home and abroad. The scientific laws and principles that govern this natural world represent God's continued and sustaining presence and therefore these laws can and should be discovered and understood by students and faculty. This knowledge enhances human understanding of the Creator and provides us with the tools to carry out our stewardship responsibilities. We strive to provide a unique approach to a major in Environmental Science through the integration of science and theology. The interplay between scientific experiment and theory is balanced with growth in understanding and human imagination. We emphasize the joining of faculty and students in studying the wonders of nature in order to develop an inquisitive mind combined with rigorous reasoning and hands-on field experiences. Stewardship and servanthood displace materialism and human power as the primary goals of graduates committed to making our world environmentally sustainable.

## Curriculum Overview

The curriculum foundation provides a broad exposure to knowledge and experience in the ecological sciences. The elective component allows individual students and their advisors to target the specific applicational focus. Completing this major provides learning opportunities which enable the student to understand and apply objectives of this major, specifically to:

- show understanding of ecological systems as a basis for proposing stewardship principles for sustainable operation of those systems;
- demonstrate development and application of environmental remedies that improve environmental conditions;
- show adaptability of classroom theory to field understanding and application by participation in off campus class opportunities;
- show understanding of the major foci of various selected environmental agencies and their environmental activities; and
- be able to identify, develop, and share with others skills which facilitate the dissemination of professional environmental information.

## Course Sequence

The sequential nature of many of the required science courses mandates that students pay close attention to course numbering and course prerequisites, and be in conference with a science department advisor. Chemistry, mathematics and the General Education requirements are foundational and often prerequisite or corequisite to other courses. Additionally, some of the courses are offered in alternating years. The student is strongly encouraged to confer with the science advisor in the choice of elective courses that can strengthen the educational experience. All these factors emphasize the importance of close student - science advisor communication for successful completion of this major.

# GENERAL MINISTRIES

**College .....Ministry**

**Academic Award .....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Kent Ingle**

The major in General Ministries is designed for individuals whose ministry intention is in areas not covered by the more traditional fields of ministry preparation. It provides a more flexible degree plan through which to serve them.

The General Ministries degree allows a great degree of latitude in choosing courses that are suited to the student's particular ministry areas of interest, past experiences, future goals, and present abilities. Despite its appearance, the General Ministries major has very specific goals; these goals are merely defined on an individual basis.

The major utilizes a section of the major for supporting ministry courses. With the approval of the advisor, this section allows commonly recognized ministry courses as

well as topics chosen from other disciplines that can support ministries, such as courses in business, computer technology, drama, etc.

Each student is assigned an academic advisor who works with the student to determine the courses that best fulfill present and future ministry goals. Together, they develop a long-term plan which provides strength in chosen disciplines while also providing balance through well-rounded course selection.

# GENERAL STUDIES (BA)

**Degree.....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Jim Heugel**

The BA in General Studies is an individually designed major option for students who wish to create a program of study by combining selected courses from two or more majors. Students are required to identify a central organizing theme of their General Studies Major and design it under the guidance and supervision of a General Studies Advisor (Provost or designate). A minimum of 20 of the major credits must be upper division courses. Students meet all General Education Requirements. Courses cannot double count within the Major and as General Education Requirements.

## Process to design a General Studies Major

- Students identify the unifying theme of their program and present their concept at a meeting with the General Studies Chair (the Provost or designate).
- In conference with an Advisor appointed by the General Studies Chair, students make a list of the courses they have completed or plan to take that will apply toward their academic goals. This list must comprise a minimum of 45 semester credits, all of which are related to the areas of concentration.
- Students draft a statement that describes the proposed major theme and discusses the interrelationships among the courses that were chosen.
- This proposal is submitted to the General Studies Chair for approval. The contract must be approved at least 30 credits prior to graduation.

The courses in the Primary Concentration (24 credits) are to be selected from one academic discipline offered at NU. The courses in the Secondary Concentration may come from any number of areas as long as interrelationships are discernible.

A minimum of 20 credits between the two concentrations must be upper division (3000- and 4000- level) courses.

# HISTORY

**College.....Arts and Sciences**

**Degree.....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....LeRoy Johnson**

The major in History is designed to provide students with a broad understanding of and familiarity with the cultural, social, intellectual, political, economic and religious development of world civilizations. This foundation will *enhance the student's* ability to understand and evaluate the historical origins of contemporary society and culture. The History major will provide a well-informed foundation for the pre-professional and future graduate student alike. The elective component in conjunction with personal advising allows students to target their specific future and intellectual goals.

In addition to achieving the general goals of the University and the College of Arts and Sciences, completing this major provides learning opportunities which enable the student to:

- Gain an appreciation for intelligent engagements with past events and cultivate the ability to understand their pertinence to today's social, political, religious, and cultural concerns.
- Develop an understanding of the implications of Christian thought and practice on history and historical thought.
- Compare and critique a multiplicity of historical epochs, social and political events, and cultural and religious world-views.
- Gain understanding of and appreciation for the historical development of ideas and cultivate the ability to relate that understanding to the current exploration of ideas.
- Enhance the student's ability to read, research, reflect upon, analyze, critique, evaluate, and present orally and in writing information and material of an historical nature.

The attainment of these objectives will be measured by written exams as well as by oral and written assignments.

# INTERDISCIPLINARY STUDIES

**College.....Arts and Sciences**

**Academic Award .....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Jack Wisemore**

**Concentrations .....Single Area, Multiple Area, Legal Studies, Political Science**

The Interdisciplinary Studies major provides students with the opportunity to explore a broad range of knowledge from a biblical world view. Areas of study include foreign languages, English (including TESL studies) and literature, communication, history and political science, philosophy, and religion. This degree equips students who feel called to careers other than vocational ministry. The comprehensive nature of the major may also help students prepare for graduate studies in a chosen field of interest.

In addition to achieving the general goals of the University, completing this major provides learning opportunities which enable the students to do the following through the completion of oral and written assignments and examinations:

- demonstrate advanced proficiency in communication skills;
- demonstrate the ability to reason and think critically;
- learn to integrate and apply biblical principles in analysis of culture and society;
- use the information and skills acquired during their college experience in lifelong learning.

The Interdisciplinary Studies core consists of 45 credits in the breadth of disciplines of the liberal arts. Students must select one concentration in pursuing this degree. At least 20 credits must be from upper division classes in any of these concentrations. Courses taken within the major cannot duplicate courses taken in the General Education requirements.

## Course Sequence

Courses to be taken in the freshman and sophomore years are the same as the General Education requirements for all majors at Northwest University.

The course sequence for the junior and senior years will depend upon the student's interests. The student and his/her advisor will work together to design a sequence of study that fulfills the requirements of the Interdisciplinary Studies major. Students are advised to use their 15 credits of electives to strengthen their interdisciplinary studies.

## Interdisciplinary Studies Core

The Interdisciplinary Studies core provides an opportunity for students to obtain a broad-based exposure to significant aspects of liberal studies. These include focused studies in communication, writing, philosophy, political science, and religion. A course in a foreign language also is required.

## Interdisciplinary Studies Concentrations

The Interdisciplinary Studies major has several options for students to conduct advanced, in-depth studies.

### Single-Area Concentration

The Single-Area Concentration allows students to conduct extended investigation in one of the following subject areas:

- Communication,
- History,
- Legal Studies,
- Political Science,
- English, Literature, or Teaching English as a Second Language,
- Foreign Language, or
- Philosophy

### Multiple-Area Concentration

The Multiple-Area Concentration directs students' attention to ALL of the disciplines listed below, further strengthening the interdisciplinary nature of their education.

- Communication,
- English, Literature, or Teaching English as a Second Language,
- History,
- Language,
- Legal Studies and Political Science,
- Philosophy, or
- Religion

### Political Science Concentration

The Political Science program is designed to prepare students for effective participation in civic affairs, careers in government and the teaching of government, and for graduate education in political science, law, history, and other fields related to the public sector. The Political Science Concentration leads the student to investigate various aspects of political and government issues.

### Legal Studies Concentration

The Legal Studies program is designed to prepare students for effective participation in the legal community, civic affairs, careers in government and the teaching of government, and for graduate education in political science, law, history and other fields related to the public sector. Through written and oral examinations, writing assignments and oral presentations, the student in the Legal Studies program will develop:

- The ability to meet the differing challenges of professional studies in law.
- Verbal and written comprehension and expression.
- The ability to think for themselves and to express their thoughts with clarity and force.
- A critical understanding of the human institutions and values with which the law deals.
- A mastery of analytical and critical reasoning skills.
- A distinctly Christian ethical foundation. The Legal Studies Concentration builds upon the Core, but directs students to focus upon various aspects of legal topics.

For pre-law see the pre-professional recommendations in this catalog.

# MATHEMATICS

**College.....Arts and Sciences**

**Academic Award .....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Millicent Thomas**

The major in mathematics emphasizes the understanding of mathematical reasoning and process as foundational for the ability to do calculations. The basic theories and principles of mathematics are treated along with their applications to multiple situations. Mathematical understanding and rigorous calculation prepare students for graduate work and for careers in science, business, social sciences, teaching at the secondary level, and other careers that require applied mathematics.

## Objectives

- Understanding of the fundamental rationale of mathematic processes.
- Familiarity with a general history of the development of mathematics.
- Demonstration of ability to do calculations appropriate to situations at the levels of course requirements.
- Demonstration of ability to apply appropriate mathematical analysis to different situations.

## Entrance to the Major

There are no formal entrance requirements to the Mathematics Major. The sequential nature of the requirements dictate that a student interested in the Mathematics Major or the Education Math Endorsement should be started the first semester. Working with a mathematics advisor is necessary for timely progression. Interested students will meet standard math entrance requirements for the courses they want to take as specified in the course descriptions and by the math placement policies of the University.

The course of study is holistic and general, with an emphasis on a thorough general education requirement coupled with two years of Bible, Theology, and Practical Ministry Courses.

The College of Ministry is dedicated to assisting students in the development of “heart, soul, mind and strength,” in the service of ministry. The Ministry Leadership Major has been designed to address the challenge of continuing education for adult students in today’s fast paced, ever changing world. The graduate with this degree should be able to:

- demonstrate biblical literacy and exegetical skills;
- present a careful reasoned, coherent Christian World View;
- lead a life of integrity, compassion, service, and self-sacrifice based on the Christ-centered application of biblical truth;

- comprehend and apply effective leadership, organizational and interpersonal skills;

The BA in Ministry Leadership is offered by the College of Ministry through the LEAP Adult Degree Program. Classes are offered in a unique schedule, successively, in the evenings and on Saturdays. The entire four years can be completed through the LEAP Program. Semesters run on a non-traditional schedule, April-October and October-April. This program provides the opportunity for working adults who cannot currently attend the on-campus day program to pursue their preparation for ministry.

In addition to the College of Ministry faculty, academically qualified area pastors and other Christian leaders also teach in this program.

Theology and practice meet in the Ministry Leadership degree. This BA is offered in a Bible-centered, Holy Spirit empowered, innovative, cutting-edge environment.

For further information about entering the Ministry Leadership degree, contact the Graduate and Professional Studies Enrollment Office for an information packet.

**Credits Required .....125 semester credits**

**Coordinator.....Bill Owen**

**Majors .....Music, Music Ministry, Music Education, Contemporary Music Industry**

- Show evidence of knowledge in the areas of music history and literature appropriate for the undergraduate level and for entrance to graduate study;
- Perform competently both as a member of an ensemble and as a soloist;
- Effectively direct others in musical performances; and
- Develop an ongoing acquisition of competence in existing and developing music computer programs.

## Bachelor of Arts in Music Ministry

# YOUTH MINISTRIES

**College .....Ministry**

**Degree .....Bachelor of Arts**

**Credits Required .....125 semester credits**

**Coordinator.....Michael Thompson**

The Youth Ministries major is designed to prepare students for vocational ministry as a youth pastor in the local church. This course of study should enable the student to develop and express the biblical concepts of fulfilling the Great Commission in the church and as pastors in local churches.

The curriculum is designed around the philosophy of ministry to “Win, Build, and Send” young people not only to their local school campus but around the world. Additionally, emphasis will be placed on investing in young peoples’ lives, youth sponsors’ lives and the continued developing of a youth pastor as a person as well as a minister of the Gospel.

Recognizing that effective youth ministry depends upon competent understanding and skillful use of the Scriptures, this major requires a strong component of Bible and theology.

In addition to the general goals of the University and the College of Ministry, completing this major provides learning opportunities which should enable the student to:

- understand a biblical theology of the nature and mission of youth ministry
- understand the divine call and the proper function and the role of the youth pastor in the local church;
- acquire the skills necessary for effective evangelism, discipleship, Bible preaching and teaching;
- develop leadership, organizational, and administrative skills for leading a youth ministry and assisting the senior pastor;
- develop a philosophy of ministry that encompasses relationship with God, family, personal life, church leadership, and with one’s community and world.

# SPECIAL COURSES

**Teaching Assistant Courses** — Identified with an “TA” (and title of course) and a code of x66x – 69x. A TA course allows Junior or Senior students to serve as teaching assistants. Assistants may be asked to attend class sessions, tutor students, facilitate student study groups, and assist the instructor in class-related projects and assignments, all under the direct supervision of the faculty. Prerequisite: instructor’s permission.

**Independent Study Courses** — Identified with an “IS” and a code of x80x - x83x (if not a catalogued course). An IS course is specifically formatted to be delivered by a professor according to the individual student’s needs and learning style outside of a regular classroom setting. The IS course topic, requirements, and expectations are communicated through a course syllabus/contract between the student and instructor that specifies the nature and extent of interaction between the student and instructor and the expectations for satisfactory course completion. This syllabus along with the Request for Independent Study form must be submitted to the dean responsible for the department in which the course is offered. Based on the nature of the course and the student, the instructor of an IS course may require a number of face-to-face meetings. (A special Independent Study Fee is charged for Independent Study courses.)

**Special Topic Courses** — Identified with a “TOP” (unless the title includes the type of course) and a code of x84x – x88x. TOP courses are periodically included in the semester schedule to enrich the curriculum and are not listed specifically in the catalog. A professor instructs a semester-length structured class regarding a specific topic. These may be repeated for credit on different subjects.

**Travel Courses** — Identified with a “TVL” (unless the title includes the type of course) and a code of x89x – x91x. Travel courses are faculty-led experiences that combine classroom-based preparatory teaching with on-site instruction in selected locals. Travel courses are periodically included in the semester schedule and are not listed specifically in the catalog. Special fees to cover course expenses may be charged.

**Guided Research Courses** — identified with a “GR” (unless the title includes the type of course) and a code of x92x – x93x. A GR course allows the student to conduct research under the direction of a professor, who guides the topic choice and research process. (A special Guided Research Fee equivalent to the Independent Study Fee may be required.)

**Internship and Practicum Courses** — Identified with an “INT” (unless the title includes the type of course) and a code of x94x - x96x. These allow the student a length of time at a specific location(s) where he/she makes application of the broad-range of theoretical learning while under the direct supervision of a professional in the discipline. (A special Internship or Practicum Fee may be required.)

**Field Experience Courses** — Identified with a “FLD” (unless the title includes the type of course) and a code of x97x. Students do short-term, on-site observations and evaluations in a discipline. Field experience courses may be repeated for credit. (A special Field Experience Fee may be required.)

**Certified Prior Learning Courses** — Credits awarded for learning obtained via sources that have been previously identified are identified with a “CPL” on the transcript.

**Portfolio Courses** — Credits awarded for learning verified through faculty assessment of students’ portfolios are identified with a “PRT” on the transcript. (A special Portfolio Assessment Fee is required.)
