Spiritual Life

Northwest College gave me the opportunity to grow spiritually through Summer Ministry Teams. Traveling for ten weeks straight with a constant demand for ministry was an incredible stretching and growing time for me. I think the realization that God could actually use *me* to touch and change lives opened up my heart to his leading. I received clear direction for my life during those ten weeks and I will never be the same!

Academics

Northwest College provides many opportunities in the area of academics. Nine majors and eleven minors are offered. Missions has always been the burden of my heart and at Northwest College I have found the type of education that will best prepare me for this ministry. I am receiving the academic training and the practical application of this training through the excellent professors and the many ministry opportunities here at N.C.

Social Development

Since I have come to Northwest College I have had the opportunity to make friends that will last me a lifetime! I have enjoyed dorm life, participated in all organized social events, as well as the many spontaneous activities that are a fun part of college life. I have also sung with King's Choralons and played intramural football. I can definitely say that N.C. has improved my social development and can do the same for yours!

Employment

It is a struggle for the vast majority of college students to meet financial needs while continuing their education, particularly for those attending private institutions. The Northwest College Job Search program realizes those needs, and a friendly staff is on hand to assist students in finding employment. Furthermore, Northwest College's location in the Seattle area is an asset to students seeking for job opportunities.

Spiritual Life

Northwest exists to develop the spiritual life of its students. The opportunities for spiritual development extend from the dorms to the chapel. In the dorms, students are encouraged to participate in devotions and Bible study. In the classrooms, learning is integrated with spiritual emphasis. Northwest has a "Spiritual Formation" curriculum as part of its basic core. The chapel is central to the daily life of Northwest. Special speakers, days of prayer and worship, with an atmosphere of openness to the Holy Spirit provide many opportunities for spiritual growth.

Spiritual development through service is encouraged. Many students find opportunity for service and development through ministry on campus, in the local churches and in the community. Northwest is a place where you can grow in your relationship with God.

Social Development

Northwest is a great place to meet new friends and form relationships that last a lifetime. Dorm life, athletic participation, student associations, school and Associated Student Body sponsored social events along with the rich cultural life of the surrounding communities provide opportunities for social development and **fun**.

Opportunities for developing social relationship skills and leadership are to be found in the student associations on campus. Northwest students are involved with each other and the community, and in the process they become well-rounded Christians who are more able to participate in, and influence the life of their communities.

Acad

ASSOCIATE IN ARTS DEGREE

Northwest College seeks to provide an opportunity to begin your college studies in a Christian environment. The program encourages both academic and spiritual growth in preparation for your future. Such an education is unique and valuable.

Northwest is accredited by both the American Association of Bible Colleges and the Northwest Association of Schools and Colleges. This allows for the transfer of credits to other institutions of higher learning in either biblical or secular studies. Although the A.A. does not specify a major, the student may concentrate in an area of study through electives such as: Biblical Literature, Communications, Humanities, Music, Science and Math, and Social Science. New this year is an A.A. in Office Technology which will prepare you to work in a modern business environment with special emphasis on the skills needed for working in the church office.

BACHELOR OF ARTS DEGREE

Northwest offers four-year Bachelor of Arts degrees in nine majors. All are accredited by both the Northwest Association of Secondary Schools and Colleges and the American Association of Bible Colleges. The Bachelor of Arts degree at Northwest has not only a strong academic emphasis, but also has at its core in all majors a Biblical and Theological focus that will prepare you to provide needed ministries in the local church. It is the integration of learning that makes the Northwest College education valuable regardless of your choice of profession upon graduation.

DIPLOMA

Northwest recognizes that not all students who would desire a biblical and ministerial education will fit into the traditional setting of the B.A. programs. Since it requires three years the diploma program is designed to aid you in ministerial preparation while requiring limited "general education" courses.

CERTIFICATE IN CHRISTIAN STUDIES

The Certificate in Christian Studies is a one year program designed to provide you with an opportunity to expand your knowledge of the Bible. It will enrich your Christian life enabling you to better serve in the ministries of the local church.

emics

BEHAVIORAL SCIENCE

The Behavioral Science major will provide the foundation for entrance into helping ministries such as Pastoral Care, and provide a basis for graduate professional education such as those necessary for meeting entry requirements for Chaplaincy.

BIBLICAL LITERATURE

The Biblical Literature major will aid you in acquiring broad knowledge and provide the skills for further study and communication of the Bible.

CHRISTIAN EDUCATION

The major in Christian Education will provide you with the background necessary to serve the local church in the variety of ministries such as: Minister of Christian Education, Adult Ministries, Children's Pastor and others.

CHURCH MUSIC

The Church Music major will enable you to develop your talents for use in the music ministry in the local church. The major emphasizes the leadership of the music program, and worship, as well as development of personal musical skills.

ELEMENTARY EDUCATION

The major in Elementary Education will provide you with the competency required to work in both public and private schools. The major requirements lead to Washington State Teacher Certification (K-8th).

MISSIONS

The major in Missions will develop your understanding of the Church's mission in world evangelism and equip you to engage in cross-cultural ministries. The major prepares you to meet the ministry requirements for Assemblies of God missionary appointment.

PASTORAL MINISTRIES

The Pastoral Ministries major will prepare you for ministry as a pastor-teacher by providing training in biblical and theological studies and applied ministry skills. It will help you develop a philosophy of ministry for pastoral service.

RELIGION AND PHILOSOPHY

The major in Religion and Philosophy will provide you with the background necessary for graduate education in a seminary or graduate school of religion needed for military chaplaincy or Bible and theology teaching.

YOUTH MINISTRIES

The major in Youth Ministries will prepare you for ministry to youth in the local church by developing and integrating biblical and theological studies, practical ministry skills, and psychological understanding necessary to minister effectively to junior high, high school and college students.

How to take advantage of the opportunities at N.C.

Financial Aid

Financing a college education requires planning and work. Parental contribution in support of the student is one of the most significant parts of any financial plan. Some save for many years, others include it in their monthly budget to provide for their children's education.

Northwest also provides excellent opportunities for financial aid. A variety of **scholarships** are available through Northwest and other organizations. Since Northwest is accredited by both AABC and NASC our students are eligible for **government grants in aid**. These are significant in the overall financial package for many students who meet the financial need requirements. Also, **loans** such as Perkins Loans, Stafford Guaranteed Student Loans, Parent Loan for Undergraduate Students, and Personally Secured Loans are available for educational cost. Loans for education are an investment in the future of the student and in the future of the church. Federal and State Grants and Loans apply to degree programs only.

Jobs

Many students will finance their education by working. The greater Seattle area provides a great number of job opportunities in a competitive salary market. Current student jobs pay between \$4.00 and \$8.00 with an average of \$5.50 based on experience and the type of job. Northwest actively helps in **job placement** through the **JOB SEARCH** office.

N.C.'s Alumni Say . . .

"I count the ministry preparation and involvement of Northwest College as one of the greatest opportunities of my life! It was there that I caught a vision for God's work and God's kingdom. Surrounded by a dedication to excellence, an overwhelming call to holiness, and a vital, on-going "thrusting-out-into-the-fields" emphasis, the heartbeat of His kingdom was clearly taught...and caught!"

Gregory Hickman, Pastor
Assembly of God
Hood River, Oregon

"My time at Northwest College was a great training time for me! I grew and gained skills in leadership and ministry through serving as a resident assistant and on summer ministry teams, which will help me throughout life.

"The Elementary Education program at N.C. equipped me with the professional skills that I have needed with the fourth-grade students I now teach. I would recommend Northwest to prospective teachers who want a Godly, rather than a humanistic, view of education!"

Karen Keyser
Evergreen Christian School
Olympia, Washington

"The four years I spent at Northwest College are highlight years of my life. Touring with a P.R. team, "Day Spring," traveling with the "King's Choralons," and making many lifelong friendships, all contribute to a memorable experience at Northwest. Not to mention finding my husband, Phil Rasmussen, who graduated from N.C. also. N.C. prepared Phil and I for our full-time ministry at Shoreline Community Church as Junior High Pastor and Minister of Music."

Brenda Rasmussen
Minister of Music
Shoreline Community Church
Seattle, Washington

"The most important years of preparation for the mission field were those I spent at Northwest College. Excellent, inspired teaching in the classroom linked with practical application in ministry helped to equip me for service. Many times as I was preparing for or teaching a Bible School class in Haiti, I breathed a prayer of thanks for what I had learned at Northwest College."

Lewis G. McCown
Missionary to Haiti
Everett, Washington

"Foundations are essential. Without a good foundation the structure of life is limited. I look back to my home and the church as being SO vital to my life. I also look back to my years at Northwest College where I was given a solid foundation for ministry. Serving the Lord deserves our best, and Northwest College offers the best."

Paul Goodman, Pastor
First Assembly of God
Helena, Montana

I invite you to **explore Northwest College.**

It's designed as a place where you can grow...develop...and become what God has planned for you to be.

Come, join us. Explore the academic life...the social life...the spiritual life. You will find N.C. - its students and faculty - is a place that is **alive!** Things are happening...exciting and challenging things.

N.C. is a college where **ministry begins and grows.** The hundreds of current students who are experiencing this right now will tell you it is so. The thousands of alumni who have experienced it and are in the "harvest field" now will tell you this.

Life can be one long, exciting exploration. There's always **new territory...new**

frontiers...in personal spiritual growth and development...in knowledge and understanding...in ministry. The important thing is to get started in the right way.

The faculty at N.C. can help you do that...get started...in the right direction.

Come...look N.C. over...talk to its students and faculty. You will find it's **the** place to start **your** lifelong exploration...of the great life...the Christ life of personal growth, service and ministry.
