President To Address Australian Bible Conference

President D. V. Hurst recently announced that he will travel to Australia to fulfill an invitation to speak at an annual Christmas Bible Conference at Beulah Heights Camp near Melbourne. The Reverend Mr. Hurst will address two of the four daily meetings during the conference, which will convene on Christmas day and run through New Year's Day. The Conference is a traditional event among the Assemblies of God churches of Australia, and is led by C. L. Greenwood, State Chairman. In recent years, the conference roster of speakers has included one guest speaker from the United States including the Reverend C. M. Ward, Revivaltime Speaker, the Reverend Barlett Peterson, General Secretary of the General Council of the Assemblies of God, and the Reverend Wesley Hurst, Home Secretary for the Foreign Missions Department of the Assemblies of God.

President Hurst indicated that enroute home from the conference he plans to visit some missions fields on which are stationed some Northwest College graduates, including Fiji and the Samoan Islands.

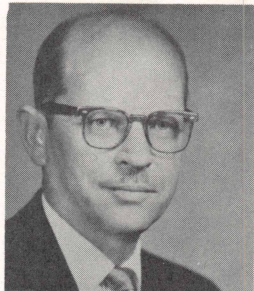

Youth Action Crusade Reports Results

Initial reports coming out of the District-sponsored Youth Action Crusade in West Seattle indicate some noteworthy results. Fifty Northwest College students teamed with 25 youth from the West Seattle Assembly of God Church to visit over 2,400 homes, it was reported. The direct-witness outreach resulted in 19 responses from individuals expressing a desire to accept Christ as Savior and at least 100 "solid" prospects for follow-up contact by the sponsoring church. Ministers of the sponsoring West Seattle Assembly of God Church are the Reverend Harry Ayers, pastor, and the Reverend David Cawston, Minister of Youth.

Continuing work will be done by smaller groups during Saturdays for the next several weeks, Mr. Dwayne Turner, faculty sponsor for the Evangelism Ministry Interest Group of the World Missions Outreach program said. Asked for his evaluation of the Crusade, which was his first, Mr. Turner responded, "I was quite impressed." One of the new faculty members, he instructs in the field of Christian Education, while assisting in the new internship and outreach programs.

"RUSSIA VERSUS CHINA" LECTURE AT N. C.

SIBERIAN WORKERS: These people exemplify the various races that make up the vast empire of Russia that extends from the Volga to the Sea of Japan. Raphael Green draws on his rich experiences in Siberia, Outer Mongolia, and Manchuria, in presenting his "Russia vs. China" film lecture, to shed light on this open struggle for power, with its significant world-wide implications.

"Russia versus China" will be the topic of a contemporary affairs lecture at Northwest College by Mr. Raphael Green in the new learning center auditorium at 8:00 p.m., December 5. Mr. Green, an authority on Asian affairs will personally present his color film documentary bearing the title of his lecture, depicting the conflict between the Russian bear and the Chinese dragon.

While on the White House staff, Mr. Green participated with Ambassador Pauley in a reparations survey in Manchuria and North Korea. He was in the first group of American civilians allowed to enter Outer Mongolia. It is said that he has seen more of the Russian empire than most Russians. For many years on the staff of the University of Minnesota, he now devotes his time to lecturing.

Students Hear Brazilian Pastor

Northwest College students heard Dr. Luiz Costa, well-known Brazilian pastor and governmental adviser, speak at the chapel hour October 21. Dr. Costa trained as an attorney and served for 12 years in the Brazilian congress before resigning to devote full-time to his church congregation of 4,000 members in Fortaleza, Ceara. Dr. Costa's church is not only outstanding for its size but as a mother church which has established a total of 50 outstations representing a total congregational membership of 20,000 members. The growth of the outstation churches has been so rapid as to outstrip available building facilities to house the congregations, it was said. During his visit to the U.S. together with American missionary, the Reverend Bernard Johnson, funds have been raised to build four church buildings, each of which will house 350 to 400 persons. Northwest College students took an offering totaling \$452.06 towards the erection of a fifth church building. It was explained that a total of 20 congregations still conduct services in open-air meeting places.

The phenomenal growth of the Pentecostal church in Brazil has attracted world-wide attention among churchmen of all denominations. Dr. Costa's address to the students at the college afforded a first-hand insight into some of the conditions and the developments which have produced this spectacular growth.

Students Respond With Prayer During Emphasis Week

Student response during the autumn quarter Spiritual Emphasis Week was marked by "deep prayer" President D. V. Hurst summarized, as he described what he felt to be the most pronounced characteristic of the week's series. Ministering to the students during the week (October 14-18) was the Reverend R. Earl Book of Albany, Oregon. Pastor Book's ministry was described as "extremely practical" and "biblical" in content, and evidently found its mark in the minds and hearts of the students, who supported the series with some of the highest levels of attendance in the history of the college's emphasis weeks, it was noted. In a marked spirit of rapport with the students, Pastor Book's messages were said to have concentrated on "building faith and relating of faith to everyday practices of life," it was added.

This was Reverend Book's first ministry on the campus and represents his second visit to the campus, it was observed. Serving as minister of youth in his Albany pastorate, where Rev. Book has served for 18 years, is NC grad of '68, Mr. Bryan Arneson. The week on campus is viewed as an "eminently successful one" President Hurst concluded.

college's 25,000th volume was accessioned. Representing an all-time high in library holdings, this volume marks a new milestone of achievement towards the college's projected goal of 50,000 holdings for its present educational program. Significantly, the title of this particular volume was, "The New Testament from 26 Translations" — a Zondervan Publication edited by Curtis Vaughan.

Miss Garman also announced that the College library had been given a valuable collection of **Pentecostal Evangels** ranging in date from 1929 to 1940. Complete volumes within the collection were from 1934 to 1938, she indicated. Donor is Tacoma resident, Mrs. Ira Figg, a member of the Evangelistic Tabernacle. Mrs. Figg recently moved from her home to a convalescent home. Discovering the collection among her belongings were Mr. and Mrs. Ralph Dunn, who in turn contacted Pastor Fulton Buntain of the First Assembly of God Church in Tacoma concerning possible value, Miss Garman said.

Miss Garman added that the college is still on the lookout for any and all issues predating 1951 to fill in gaps in the college's collection. The publications will become increasingly valuable for historical studies and research in theology, as the youthful denomination passes from the formative stages to historical status.

HOMECOMING

Northwest College Alumni President Walter Buck today indicated that the Alumni Homecoming slated for January 31 will pursue some distinctly different activities this year in the interests of a "change of pace." Pastor Eugene Ness of Fairfield, California, son of Dr. Henry H. Ness, will be featured chapel speaker, it was indicated. Other features will include an unveiling ceremony, an alumni luncheon, the traditional banquet, alumnus of the year and scholarship awards, and something traditional at college homecoming events but new for NC alumnus, he added.
