THE NORTHWESTERNER

NORTHWEST COLLEGE
ASSEMBLIES OF GOD

KIRKLAND, WASHINGTON

BASEMENT

From The President

BOARD OF DIRECTORS ACTS LONG RANGE

In its recent annual meeting the College Board of Directors approved a far reaching Priorities and Strategy report for campus development which it received after months of study. The College has experienced sixteen consecutive quarters of record enrollment. During the last two years alone *four all-time high records were set*. Facilities are full at almost every point and overflowing in many ways. The question is: What facilities do we need most and how can we provide them? It has two thrusts: What do we need to adequately service the present enrollment and what will we need at succeeding levels of enrollment if the College should continue to grow?

To answer these questions, study in many directions was required—enrollment trends and projections inside and outside church related schools, selected facilities to student ratio formulas, debt service availabilities, and sources of funding.

As a result of the study the Board authorized the planning of work on the following projects: (1) Phase I of the Administration/Faculty Complex. This ties Bronson Hall, Ness Administration Building, and the Science Building together and nearly doubles the administration/faculty office space; (2) Completion of the Library basement providing three classrooms, four faculty offices, storage and related service facilities; (3) Conversion of two classrooms in Perks Hall to eight residence rooms and an infirmary; (4) Erection of a twelve unit Married Student Residence Hall, as well as completion of two other married student apartments; (5) Surfacing of the Pavilion parking lot; (6) Further development of the series of ponds near the Chapel and sidewalks and stairs near the Learning Center.

Under careful consideration in the fall Executive Committee meeting will be the possible enlargement of the Chapel through the addition of two "wings." Following this will be the scheduling of the new athletic field development and then the new entrance. Also the Cafeteria food service line will be studied for improvement.

This is a heavy agenda, but before we can move very far in these developments we must have City approval of the Campus Master Plan. In these days of environmental impact concerns, heavy citizen input, strong city preoccupation with details of planning, etc., securing approval of a long range Master Plan for a 55 acre campus in the heart of a single family residential district is a delicate thing. We have experienced requests for more information . . . threatened City constriction . . . and delays. We have the zoning; we need approval on the plan! Pray with us!

There are some other exciting campus developments as we prepare for next year. The Butterfield Chapel pews will be reupholstered. Guy Hall will be completely recarpeted. The girls will like that! Gray-Beatty lounge will have all new furniture. The fellows will like that!

Largest Church Contributor Honored

Dr. Hurst congratulated the Evergreen Christian Center in Olympia and Rev. Glen Cole for being the largest contributor to the College this past year. Evergreen Christian Center contributed over \$13,700 to the school and was the largest contributor not only for the Northwest District but for all districts that support the College.

In addition to Founder's Fund pledges and the 2% contribution from the church, they also have a very fine scholarship program for students who qualify. The church has been a supporter of the school for many years.

Pastoral Ministries III Report

Professor Dwaine Braddy reports that the class is over; the report is in. The first offering of the new Pastoral Ministries III class under the new Pastoral Studies Major has met with enthusiastic response. The subject matter covered in this class included public relations and promotion, office management, legal aspects of church business, banking and budgeting, the minister's personal finances, church architecture and construction and many other similar topics.

Following are comments from the students:

"The class was perfectly timed for me as I have just been elected as a pastor of a church."

"It has been an 'eye-opening' experience for me into the world of a pastor. In a church setting I can be of more benefit because I'm better aware of what really goes on in a church."

"The knowledge gained about public relations and setting up an office were invaluable."

"I gained insights into the legal aspects of church business."

"The financial aspects of the church were very helpful."

"This class has given me a real hunger to enter into the ministry."

"As a senior pastor, I only wish I could have attended such a class during the years I attended Northwest College. It would have saved me much distress. I would highly recommend this class."

These are just a few of the comments made. If you would like to enroll in this exciting and inspiring class, it will be offered again in the spring of 1979. You will not regret it.

Degrees, Honors Conferred At 42nd Commencement

It was exactly 3:00 p.m. on Sunday, May 28, when flag-bearing color guards led a processional of graduates, faculty, members of the College Board, and guests from the Butterfield Chapel to the College's Pavilion to observe the College's 42nd Commencement. Highlighting the occasion was the conferral of degrees upon 115 candidates for graduation among which were 72 candidates for the B.A., 2 for the Th.-B., 1 for the Diploma, and 40 for the two-year A.A. degree. In addition to these was the conferral of the honorary degree, Doctor of Divinity, upon the Reverend Dr. D.H. McLaughlin, long-time minister, District Superintendent and Executive Presbyterian for the General Council, considered by many to be the "Dean" of the Executive Presbytery in the Assemblies of God.

Other special honors included alumni Miss Estelle Crittendon, Miss Eva Radanovsky (both of the class of 1938), and the Reverend Dr. Ward M. Tanneberg (class of 1958), who were granted honorary membership in the Delta Epsilon Chi Honor Society in recognition of outstanding achievement pursuant to graduation from the College.

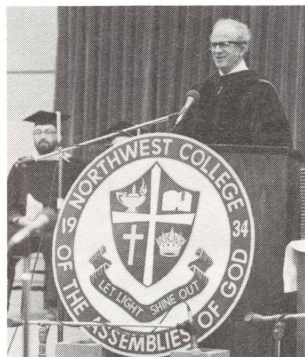

The President's Award was made for the first time in recognition of special contribution of service to the College by retiring Financial Aids Director, Mr. Buel Brodin of Olympia.

Special guests on the occasion were Dr. John Mostert, Executive Director for the American Association of Bible Colleges, who was the commencement speaker, and the Reverend Dr. D.H. McLaughlin, long-time district superintendent and Executive Presbyterian in the Assemblies of God.

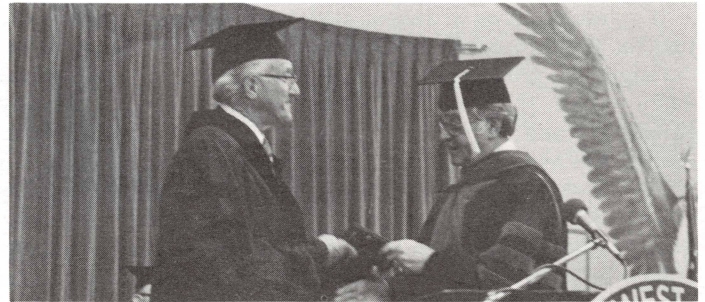

In his Commencement Address Dr. John Mostert pointed up the timeliness of Christian Commitment in Higher Education. He noted some of the national trends that give cause for concern in national moral standards and in the stability of western society.

Preceding the Commencement on Saturday evening was the traditional Baccalaureate Service held in the College Chapel which the Dr. D.H. McLaughlin challenged the graduates concerning an unprecedented opportunity they have to be witness to, and to be part of one of the greatest movements of the Holy Spirit in Church History. His text was 1 Thessalonians 1:5 from which he concluded that we have a WITNESS OF CERTAINTY. He challenged the graduates with the thought that no one can preach the gospel this way without being the right kind of man.

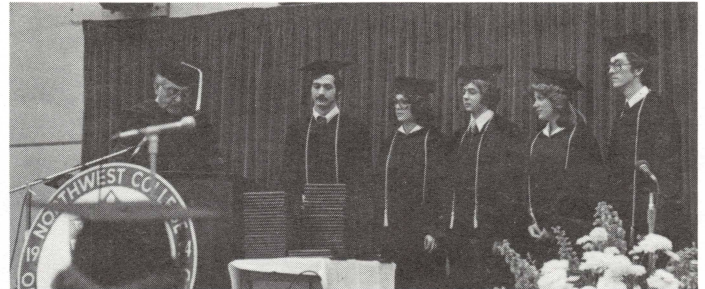

Pictured is Dr. John Mostert, Executive Director of The Accrediting Association of Bible Colleges since 1962. This is the professional accrediting agency serving approximately 250 colleges/specialized church-vocational schools in both the United States and Canada. Northwest College holds accreditation with this organization.

GRADUATION 1978

Now what?

TOP HONORS

It's getting more crowded at the top! Three N.C. seniors tied for the Bible College Graduate Award this year with 4.0 "straight A" grade point averages for their four years' work. They were the husband and wife team of Rosemee and Wally Kowalski, and Mrs. Virginia Kostelyk. A 4.0 GPA also earned the Missions Award for James Hosack, a Freshman Honors award for James Stroud, and a Sophomore Honors award for Arne Dixon. Eleven others also earned class academic honors by averaging above 3.8. Such grades require effort, but some students won't be satisfied with less than their best. Pictured below are Wally and Rosemee Kowalski receiving their awards from Dr. Hurst at the Awards Assembly.

Alumni Association scholarship recipients in attendance were Joni Welk, Dave Weaver, Lyle Jordan, and Kevin Shumway. Not able to attend was Kim Butrick. The Alumni Association is now able to give five \$300 scholarships because of the generous contributions of members of the Alumni Association. Any who would like to contribute to this fund can do so simply by mailing their check to the College and indicating Alumni Scholarship Fund.

Two special choirs participated in Chapel. The Sign Language Class and the Greek Class both gave presentations.

Class of 1938 Has Reunion

The Conquerors Class of 1938 celebrated a milestone in its post-college history when it convened for a 40th Anniversary reunion during the Alumni Association's Annual Homecoming.

Over 40 persons representing members of the class, spouses, and guests gathered at the Sherwood Inn for the special occasion to recall their College days and to recount their experiences during the intervening years. The reunion was spearheaded by Mrs. Dorothy Ogden Hines of Seattle.

Answering the roll call were members now residing up and down the Pacific coast from Southern California to Canada. Representing the farthest distance among the group was Missionary Eva Radanovsky from Upper Volta, Africa.

On hand for the occasion were College President and Mrs. D.V. Hurst and some alums from other classes.

Special recognition and honor was extended to Estelle Crittenden, Eva Radanovski, and Dr. Ward Tanneberg, as they were received into the Delta Epsilon Chi Honor Society of the American Association of Bible Colleges. Presenting the honors was Northwest College President Dr. D.V. Hurst.

Alumnus of the Year Awards

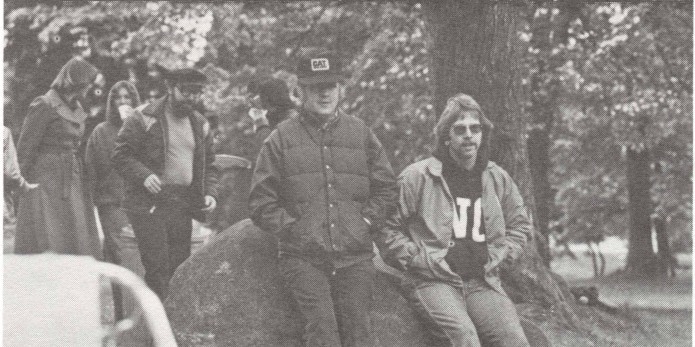

The Alumnus of the Year awards went to Bessie Guy, Eva Radanovski, and Roland Buck.

ALUMNI SCHOLARSHIPS

Just a note to our Alumni Fellowship—The Alumni Association can use any extra help you may be able to give to help provide scholarships to needy students.

Scenes from the All-School Picnic

The All-School Picnic was held at Woodland Park and the whole day was given to fun and fellowship. In one sense, it's the last big event before graduation when the kids can let their hair down. Dr. Millard has kept a film record of this event for the Alumni Association for several years.

Student Officers for 1978-79 from left are: Steve Flatau, Student at Large; Marsha Brumbach, Student at Large; Mark Ross, 2nd Vice President; Kathy Rice, Secretary; Darrel Johnsen, President; Gayle Grissom, Treasurer; and Keith Kidwell, 1st Vice President.

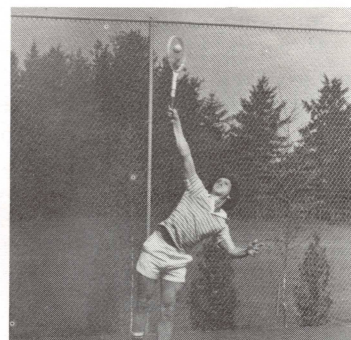

A special award was given to girls' basketball coach Kris Brodin from the girls' team. As noted in an earlier edition of the Northwesterner, the girls' basketball team was league champs this last season.

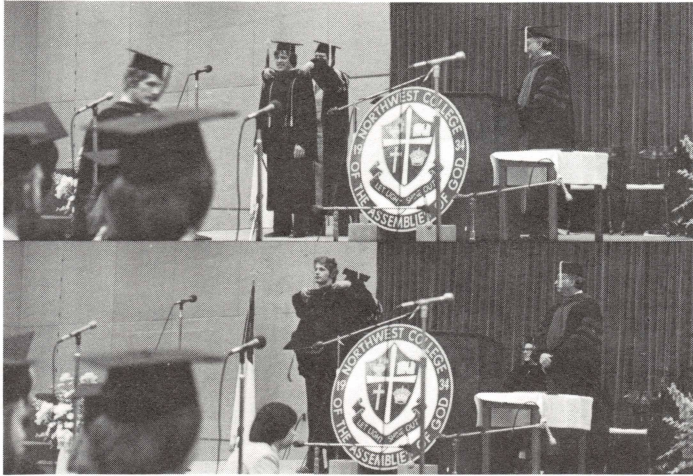

Miss Jael Howard, first place winner in the Northwest District Teen Talent for the vocal solo, is receiving a Teen Talent Scholarship from Public Relations Director Bob Griffin. The College has an ongoing scholarship program for all teen talent winners on district, regional, and national levels.

Student Body President, Darrel Johnsen, is also a tennis player. He is pictured in competition at the tennis tournament held in Portland in May.

Th.B. GRADUATES

Pictured above are Dale Warren and Tom Tribble receiving their hoods in conjunction with the conferral of their Th.B. degree. This particular program is still quite new, but very well accepted by the students.

Passing of a Pioneer

Sky-pilot of the Carribou Country is the title of a book describing the early ministry of the Reverend Allan S. Ellis in the northwoods country of Canada. On May 25, Reverend Ellis passed on to his eternal reward in fulfillment of the message and life which he proclaimed during over 50 years of ministry. A significant part of Reverend Ellis' ministry was on the faculty of Northwest College from 1944 to 1952, where he taught New Testament and Greek.

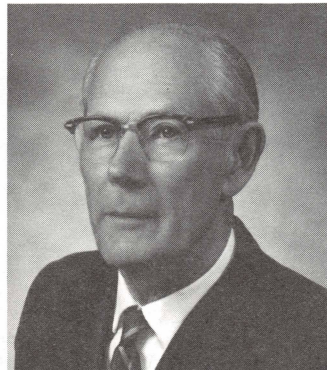

After a lingering illness, the 82 year old veteran minister-educator left a legacy of spiritual enrichment and example which has touched the lives of hundreds of former students, parishioners and colleagues in the ministry over the Pacific Northwest.

Born in Chester, England, Reverend Ellis immigrated with his parents early in his life to British Columbia. After teaching school there for a short while he entered the ministry and served in pastorates in some of the leading churches of the Pacific Northwest and Western Canada before coming to serve at Northwest College.

Two of his sons are graduates of Northwest College—the Reverend Richard Ellis, missionary to Panama, and Mr. Mark Ellis, who is associated with the ministry of Shoreline Community Church.

Reverend Ellis' homegoing was celebrated at Calvary Temple on May 31 at which time an unusual array of ministers and friends were in attendance. Participating in the service were Pastor Charles Anderson of Calvary Temple, Pastor Ben Birkeland of Shoreline Community Church, former student of Professor Ellis, District Superintendent Rev. Frank McAllister, and President Emeritus of Northwest College, the Reverend Dr. Charles E. Butterfield.

College alumni expressed special appreciation for the popular former professor at one of their recent homecoming banquets held at the College two years ago.

Professor Esther Dine Harmon

Esther Harmon comes to Northwest College with long and deep roots in the work of the Church which start in the state of Colorado.

Mrs. Harmon's pathway moves from Colorado to Springfield, Missouri, where she took her college training in Evangel College, receiving her Bachelor of Business Administration degree in 1963. Her career took her to Canyonville Bible Academy in southern Oregon where she taught from 1963 to 1966.

The third move of her career brought her to Northwest College in 1966 where she has just completed her twelfth year of service on the faculty of the College, teaching in the area of Secretarial Science and Business.

Mrs. Harmon's business skills have found ministry expression in the work of the local church as well. She has served as Sunday School Secretary, Church Secretary, and currently serves as Secretary-Treasurer for the College Women's Auxiliary. In other areas of ministry she has served as a Sunday School teacher, and ministered as a member of the church choir.

Board Elects Officers

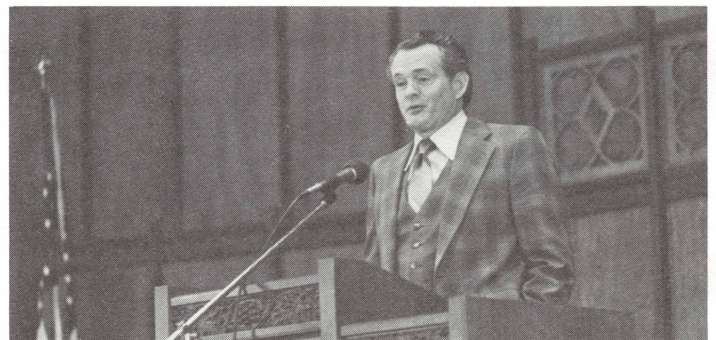

Mr. Paul Gray, Tacoma Businessman, alumnus of the College, and lay leader at Tacoma's First Assembly of God Church, was elected to the chairmanship of the Board of Directors of Northwest College at the Board's June meeting. Mr. Gray succeeds the Reverend Frank McAllister, who has completed two successive terms as Board chairman.

Newly elected Vice-chairman is the Reverend Robert Brandt, District Superintendent of the Montana District Council of the Assemblies of God. Rev. Brandt, a member of the Board since 1969, now resides in Billings, Montana.

The Reverend C.L. Hobson, Kirkland resident, alumnus of the College, and District Secretary-Treasurer for the Northwest District of the Assemblies of God, was elected for another term as Secretary of the Board.

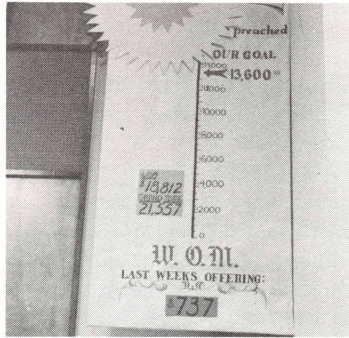

Newly elected Treasurer was the Reverend Frank Cole, also a Kirkland resident, alumnus and Assistant District Superintendent of the Northwest District of the Assemblies of God.

The officers will give executive leadership to the College in behalf of the 32-member Board comprising of church leaders and laymen from throughout Washington, Oregon, Idaho, Montana, Wyoming, and Alaska.

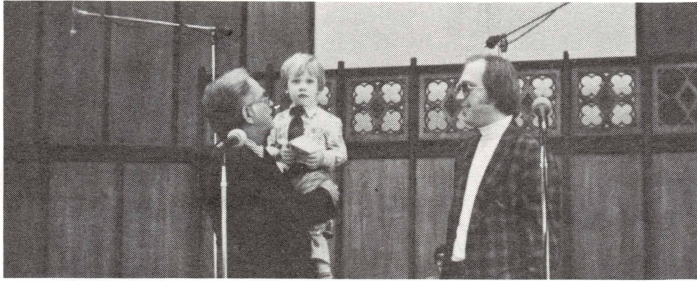

Giving Goal Surpassed

The World Outreach Ministries' goal of \$13,600 was surpassed late in the Spring Quarter. The grand total was \$21,557. These funds are used to help missionaries with special projects as well as other types of ministry. Offerings are taken each week and are handled through the student leadership.

Student leaders for next year are already making plans for another great year of ministry and encouragement.

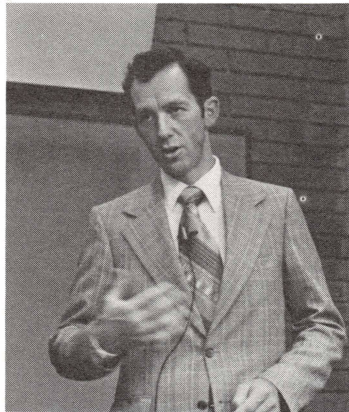

Youngest Campus Day Guest

Pictured is Rev. Wendell Kruger, pastor of Faith Assembly of God in Eugene, Oregon, and Dr. Hurst holding his son who had to be our youngest Campus Day guest. All seem to be enjoying themselves as Dr. Hurst used him as example of a prospective student. In the process, he picked up a dollar bill for being such a good boy.

Campus Day is an annual event at Northwest College held on the last Friday of March. Plans for the 1979 Campus Day are already being made. Pastors should set aside Friday, March 30, and plan to bring their high school young people to a great day of blessing and informative instruction here on campus. If you know of young people who would benefit from a visit to the school, you might help them plan towards this time.

The Minister's Health Workshop

Dr. Roger Butz held a Spring Workshop on campus dealing with the minister and his health. It was a most outstanding experience for both students and visiting ministers. Dr. Butz covered many pertinent and vital areas dealing with the clergy in a very practical way.

Dr. Butz is an Assembly of God layman who attends Shoreline Community Church and is the Chief Medical Advisor to the Safeco Insurance Company.

This was another workshop in the series which are held quarterly through the auspices of the College.

1979 Flying Seminar Plans Announced

Dr. D.V. Hurst announced the College's 1979 Flying Seminar to the Holy Land March 8-23. The itinerary includes visits to Jordan (Amman and Petra), to Israel, and to Western Turkey, where the group will visit the sites of the Seven Churches of Revelation. Leading the tour will be Dr. Hurst.

An integral part of the College's tour program is a comprehensive study series in preparation for the tours. Instructing the tour groups will be Dr. Amos D. Millard. In terms of its Biblical educational values, he points out that it literally moves from "Genesis through Revelation" in its geographic and historical settings starting with the King's Highway of Patriarchal Times moving to settings of Israel's history from the Conquest to the Gospels and ending up in the setting to be found in the book of Revelation.

Plans are under study for the possibility of another summer tour, especially designed for public school teachers and others who cannot get released during the regular school year.

Pictured below is a dock at Capernaum on the Sea of Galilee that presents a view which may well have been seen by Jesus and the Disciples two thousand years ago. In the distance are the Galilean hills through which Jesus and the Disciples must have walked often. Capernaum represents one of the great archaeological discoveries in the Holy Land. The city, known to the archaeologists as "Tel Hum" was buried beneath the debris of its own destruction and the ravages of time, is today excavated and recreates the setting of an ancient Galilean fishing village dating to Roman times.
