Can you imagine trying to build a house without a hammer or a saw? It would seriously hamper the work! Many Home Missions churches are trying to build up their congregations without proper tools. Metho-Valley is a church in this situation. They need a mimeograph machine for printing and a typewriter to cut stencils. We can give them these tools to build a solid church. Our W.O.M. offering was about \$710 last week, praise God! Let's meet this need for the Metho-Valley church. Let God guide you in giving.

Attention All Student Leaders and Interested Students: We will be setting aside the whole day this Monday as a time of fasting and prayer for the Spiritual needs of N.C. Come and touch the Lord with us as a body.
