BUS ROUTE

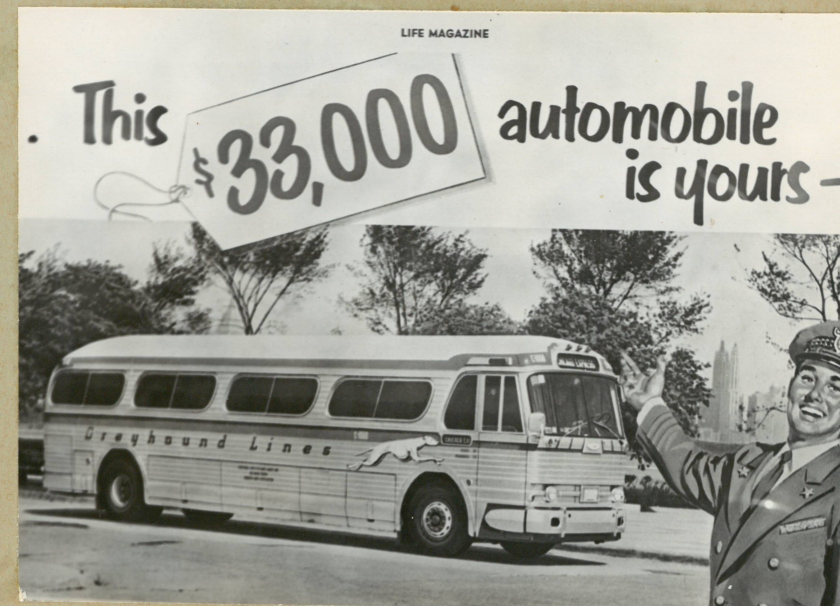

This dog followed us all the way to California and back. I don't know where he stayed at night, but he was always waiting to join the group in the morning and hit the road.

"The journey of a thousand miles starts with the first step."

We had always wanted the romantic experience of riding a Greyhound Bus, so our "first step" was into this \$33,000 station wagon. When everyone was seated, the driver, Courtney Carlson, bravely announced that "this is a chartered bus, make yourself at home." "You can go when and where you please. In case of motion sickness or other minor emergencies, I will be only too glad to stop and let you settle things outside the bus." Mmmmm--I wonder what he meant?

Thanks, pal.
