"Let Light Shine Out"

NUMBER 1

NORTHWEST BIBLE COLLEGE

DECEMBER 16, 1960

-From the

by Pres. Butterfield

I take this occasion to extend Christian greetings and my sincere best wishes to the students of the Northwest Bible College at this Christmas time. The Christmas season is a festive time in which many of the most precious meditations are distracted by the jangle of the gaudy Christmas trappings and drowned by the raucous cries of human appetites.

The true child of God, however, will seek refuge from this aimless and tawdry celebration in the comforting truths of the word of God and will enjoy the soul's sweet solace that salvation brings to the sin-weary world.

Perhaps the greatest message ever given to a

Campus News Project Achieved

Through efforts of a committee headed by Jerry Robeson and John King and the cooperation of many other students, a student news publication has finally become reality for Northwest Bible College.

ANNUAL CA MEET TO BE IN TACOMA

The annual C.A. Convention will be held this year in Tacoma, Washington. December 28 and 29 at the Assembly of God Church. Reverend Bob Taitinger, pastor of Central Tabernacle in Edmonton, Canada, will be the speaker. Services will be at 3:00 and 7:30 p.m. Thursday, the 28th and at 10a.m.; 3p.m. and 7:30p.m. Thursday, the 29th.

Special events featured during the convention include, "Bud Tutmarc's Gospel Talent Time," The Ambassadors Trio, Attendance Plaque and a missionary film.

The staff expressed that it is their desire and purpose to "lay a foundation" for succeeding publications. "Though our beginning is small and setup not elaborate, we expect to see various additions and improvements as experience and finances provide," Robeson stated.

Final action by the student council underwrote the project and allocated funds for the first publication. This action was made on the basis of the favorable response of the student body at their meeting November 7.

The staff has chosen the name "Northwest Star."

SPIRITUAL WEEK SLATED

The Spiritual Emphasis Week, for the Winter quarter, begins January 23rd and will continue through January 27th. Our speaker will be Rev. John Watts, former missionary to Palestine. Rev. Watts is now pastoring in Calgary, Alberta, a position he has held for the past eight years. Former students as well as present ones will be interested in knowing that Rev. Watts is a son-in-law to Rev. S. S. Jones, a former teacher.

Keep in mind that evangelists do not bring revivals in their briefcases. Revival is a personal thing before it spreads to the church, the community, the district, or the denomination. The key to revival is hunger in the individual heart for more of God. It is this which brings revival to a church, and the same will bring revival to N.B.C.—hearts which are hungry for the moving of God.

ASB Council Reveals Plans

An item of business that was carried over from the 59-60 Council has just been completed. Last year's Council agreed that the Student Body Automobile should be sold and the money designated for something that would be more beneficial and accessible to all the Student Body. The reason for the sale of the station wagon was two-

School Paper Equals School Spirit . . .

Several of the students have expressed the opinion that N. B. C. lacks the spirit usually found on a college campus. We agree. However, though various departments of the student and administrative staffs have been blamed, I believe this is only a result of several circumstances.

First of all, note that the school is still undergoing a transition to campus life as this is only the second year since it was housed in a single building. Campus living is entirely new for most of us. Overly-anxious students have attempted to "put some life" into the school. They would like the school to become "big-time" campus in a few years. This attitude is not entirely wrong--we all desire to see our college excell in this respect. But immediate accomplishment of these goals is impossible and attempts in that direction are futile.

Several other factors are also evident. Few colleges have such a high percentage of students relying on part-time employment for their sustenance. The standards of scholastic achievement are also quite high. The extra time spent at employment and study means, of course, less time for campus activities.

Not least to be consid-

ered, is the fact that more than half of the students are housed off campus. Once this problem is remedied fulfillment of the wish for basic campus life will be realized.

The school newspaper is the beginning of several phases of improvements to come to Northwest's campus life. It is our purpose to generate school spirit--to be the "voice of the students." Only as the students support their paper with suggestions and encouragement will this spirit be promulgated and maintained, for we believe school news and school spirit are synonymous.

Christin Christmas . . .

With a minimum of observation it becomes quite evident that the majority of the population desires to forget the true meaning of Christmas. Some, with reluctance and embarrassment the fact we are celebrating His birth.

Immediately after Thanksgiving Day Christmas decorations blanket city streets. The entrance of Santa Claus barely missed ruffling the turkey's feathers at the latter's exit.

It will be quite easy for even Christians to become enthralled with the frills and thrills of the season and, like the rest of the world, celebrate a "pseudo-Christmas."

Christians are the only ones to remind the world of the true meaning of this season. We are to be the "salt of the earth!"

Upon your return home this vacation remind your church, home and community that the season we are celebrating is CHRISTMAS and not Xmas. Suggest

COUNCIL SETS GOAL

The Missionary Council has set \$6,500 as the goal for this year. The individual prayer bands will be asked to contribute the following amounts in order to make this goal possible: Latin American, \$1,850; African, \$910; Homeland, \$880; European, \$650; Alaskan, \$620; Islands of the Sea, \$610; Near East, \$500; Oriental, \$480.

We are planning an encyclopedia with a lot of blank pages, for use by the wise guys who know it all.

The woodpecker is the only creature who gets anywhere by knocking--and in the end, he winds up in a hole.

There still are a lot of empty, wide-open spaces in this country, but they are mostly surrounded by a lot of teeth.

Morale is when your hands and feet keep on working when your head says it can't be done.

to your family and friends that they set aside some time during the holiday to worship the King.

Let's keep Christ in Christmas!

Dorm's
Doings

Because of the following reasons:

1. Every time I went to the stadium someone always asked for money!

2. Although I went to the stadium often, no one ever spoke to me.

3. I was a good fan but the manager never came to call on me.

4. The seats are too hard. With all the money they had, one would think they could provide more comfortable seats.

5. The referee said things I couldn't agree with.

6. I suspected I was sitting with people who were hypocrites. They seemed more interested in soda-pop and popcorn than they were in the ball game.

7. I am not about to sit 2 or 3 hours during all those timeouts and delays and run the risk of getting out late!

8. The band always played the same tunes. I could find music elsewhere, and sometimes they played tunes I'd never heard before.

9. The game always comes at the very time I have a trip planned, or must visit grandma's, or 'catch up on my sleep,' and besides, I was often forced to attend games when I was growing up.

10. My money is all my very own -- nobody is going to tell me how much to pledge before I can sit down in the bleachers!

11. All a lot of people go for is to see what somebody else is wearing! I will not sit by somebody dressed better than

All the way from the far off tropical island of Samoa comes a young lady by the name of Ruth Winkleman. To those of you who have not met Ruth, this will be a "get-acquainted" sketch of Ruth's life, past, present and future.

Ruth lived with her grandmother, who was a witchdoctor, before coming in contact with the Winkelmans, Assembly of God missionaries in Pago Pago, American Samoa. Inasmuch as Ruth was living right across from the mission station, she came in contact with the Winkelmans at an early age. The Winkelmans eventually adopted her and this is the reason she bears this name. This should save Ruth time in explanation. Strangely enough, she was not converted until she came with the Winkelmans on furlough to the United States. It was in one of Oral Roberts' meetings that she found the Lord, and after returning to Samoa in 1956, she received the Baptism in the Holy Spirit.

Upon inquiring about her fluent use of the English language, we are informed that in high school all students are required to speak English, because the school is located in American Samoa.

me.----Even the players have new uniforms every season and it is a big waste of money.

12. Since buying a book on football, I stay at home and read it, or watch the game on T.V.

There seems to be a mouse in the corner at the new women's residence. She tells me that.... unless you like being thrown (fully dressed) into the shower, its best not to become engaged while living in the dorm. I imagine, Carolyn Aho and Nicki Arnold could tell you more about that! Congratulations girls! We also heard tell that Mrs. Flanders sometimes has a hard time sleeping because of "yogi exercises" going on in the halls above her room..... and whats this about someone in room 25 having a birthday party? Wish we could have had some of that chocolate cake, Paula! And those decorations---- they were the most!!!! Notice to all loquacious persons: Don't make too much noise at night, or you might be kidnapped.
-Robbie and Arlene

She also states that she knew Talaga Misaille, a girl who was a former student, and that they both attended the same mission church in Pago Pago.

As for her plans for the future, Ruth plans on getting her B.A. degree here, and then returning to teach in the Assemblies of God grade school in Samoa.

She reports that she gets homesick for Samoa occasionally, but mostly for the weather, and we cannot blame her for that. However, Ruth likes the United States very well.

PRESIDENT'S DESK . . .
(Continued from Page 1)

A CHRISTMAS THOUGHT

man was delivered by an angel to Joseph, the espoused husband of Mary saying, "And she shall bring forth a son, and thou shalt call his name Jesus for he shall save his people from their sins." In order that sins may be forgiven, God had needs send one from heaven. No man could be found who could be a Savior, for all had sinned and come short of the glory of God. The condemnation, the guilt, the separation, and the final damnation of his soul was man's lot in this world; but God "sending his own son in the likeness of sinful flesh and for sin, condemned sin in the flesh that the righteousness of the law might be fulfilled in us who walk not after the flesh but after the spirit." And so, Christ's birth, His life, His ministry, His death, and His resurrection, are the means which God has chosen to save those who believe upon Him, for "he became sin for us who knew no sin that we might become the righteousness of God in him." What a wonderful salvation!

And, now, youngmen and youngwomen, as you leave for your homes to be with your loved ones and to enjoy the fellowship of friends and to partake of all of those many little things that are associated with the Christmas season, do not forget that the Savior himself, whose day of birth we observe, must be the center of our heart's devotion, the object of our praises, the source of our inspiration, and the gladness of our hearts.

--it's your newspaper!

Christ Jesus was born in a stable-----
A birthplace of humblest degree,
So that no one could say, "I am poorer,
More lacking in comforts, than He."

His mother in swaddling bands wrapped Him,
The wardrobe of One, the Divine,
That no one could say of His raiment,
"Christ's garments were better than mine."

His home and His comforts were borrowed-----
No pillow for resting His head!
But He lived, and He suffered and sorrowed,
To give us true comforts instead.

In glory His wealth had been boundless!
He laid all those riches aside,
That we might have riches eternal,
And with Him forever abide.

ASB COUNCIL . . .
(Continued from page 1)

fold: It required a large expense for upkeep, and it was felt that the car was not beneficial to the student body as a whole. The car has been sold for \$1,060. This money will be used for a new project, the construction of a tennis court. However, there have been some expenses accrued in connection with the sale so the approximate profit available for the new project is \$950.

At the present time the A.S.B. Council is working with the Administration and the Ground Planning Committee to find a suitable location for the new court. The project will be one double court 60' X 120', a total of 72,000sq. feet.

Copies of the A.S.B. Constitution will be available in the Dean of Students office in the near future. The Council of 1959-60 revised the Student Body Constitution and there have been several changes made to bring it up to date.

The Council would like to thank the student body for the payment of your tithes in our Monday morning offerings. A sufficient amount of money has been received and we have made the first \$1,000 payment on the purchasing of the Student Union Building.

We also thank those girls who have so faithfully acted as supervisors for the S.U.B. in the evenings. The following girls have been responsible for seeing that the building was locked, windows closed, and lights turned out: Mary Ballenger, Paula Wells, Carol Smith, Pat Hall, Carolyn Aho and Joanne Cline.

Gilbert LaFrance has been appointed by the A.S.B. Council as the banquet chairman for the All-School Banquet in the spring.

In behalf of the Student Council the A.S.B. Officers wish you a very Merry Christmas and may the blessing of the Lord be with you.
Ron Tuttle, Pres.
