## THE COLLEGE

Northwest College begins with the Bible. We approach each subject from the premise that God created the world and His truth for us in His Word. We are committed to train young people for everyday life and Christian ministry.

The school is designed to provide an in-depth foundation for full gospel ministry and at the same time create an atmosphere where Jesus Christ is the model for individual experience in Christian living.

Northwest College offers the Associate of Arts degree upon successful completion of the two-year junior college curriculum, and the Bachelor of Arts upon completion of a four-year curriculum. NC's newest four-year major in Elementary Education, leading to teacher certification in the state of Washington.

The College emphasizes academic excellence, spiritual growth, and personal and social development. NC is an accredited member of both the Northwest Association of Schools and Colleges, and the American Association of Bible Colleges. Northwest College is the only accredited four-year pentecostal college in the state of Washington.

The College is situated on a beautiful fifty-five acre campus overlooking Lake Washington and the Olympic mountain range.
