Northwest University

Northwest University does not discriminate on the basis of race, color, national origin, age, sex, disability, or genetic information in its admissions policies. Further, it is the policy of the University not to discriminate on the basis of race, color, national origin, age, sex, disability, genetic information, or veteran status in the administration of its educational programs, including employment, scholarship and loan programs, and athletic and other college-administered programs and activities. As a religious educational organization, the University reserves the right to prefer employees and prospective employees on the basis of religion, and also reserves its right to prefer students and prospective students on the basis of religion. At this time, only traditional undergraduate students are required to comply with the University's faith requirements.

Northwest is a drug and alcohol-free campus for all employees and students, and offers educational programs in alcohol and drug awareness for all campus groups. Inquiries regarding Northwest's policy and responsibilities should be addressed to the Senior Vice President.

Northwest University reserves the right to make any changes in the content and provisions of the catalog without notice. This includes the right to change the rules regulating admission to, instruction in, and graduation from the University, and to change any other regulations affecting the student body which shall apply not only to prospective students, but also to those presently matriculated in the University.

Veterans Information contained in this publication is hereby certified as true and correct in content and policy as of the date of publication, in compliance with the Veterans Administration DVB Circular 20-76-84 and Public Law 94-502.

Northwest University is in compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974/1996. A full description of FERPA rights is in the Academic Services section.

2

Accreditation and Affiliations

Northwest University is accredited by the Northwest Commission on Colleges and Universities (regional). The University is endorsed by the Commission on Christian Higher Education of the Assemblies of God and the Association of Christian Schools International.

Accreditation of an institution of higher education by the Northwest Commission on Colleges and Universities indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Northwest Commission on Colleges and Universities is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

The University holds membership in the Council for Christian Colleges and Universities. The Council is committed to cultivating communities of educational excellence in which the Lordship of Jesus Christ is central. Membership in this esteemed association of Christian colleges and universities provides opportunities for personal and professional enrichment for students, faculty, and administrators.

The University is also approved by the Board of Education and Superintendent of Public Instruction of the State of Washington to prepare elementary and secondary education teachers and recommend for certification. It is a member of the American Association of Colleges for Teacher Education.

The baccalaureate degree in nursing at Northwest University is accredited by the Commission on Collegiate Nursing Education (CCNE) (<https://www.aacnursing.org/CCNE-Accreditation/CCNE-Accredited-Programs>). In addition, the College of Nursing has approval from the Washington State Nursing Care Quality Assurance Commission.

The College of Business is accredited by the Accrediting Council for Business Schools and Programs. (11520 W. 119th St. Overland Park, KS 66213, and 913-339-9356). ACBSP accredits business, accounting, and business-related programs at the associate, baccalaureate, master, and doctorate degree levels worldwide. Recognized by the Council for Higher Education Accreditation (CHEA) in 2001 and again in 2011.

Northwest University's doctoral program in Counseling Psychology is accredited by the Commission of Accreditation in the American Psychological Association (APA). Questions related to the Pys.D. program may be directed to the Director of the Psy.D. Program, Dr. Leihua Edstrom, by emailing leihua.edstrom@northwestu.edu or by calling (425)889-5226. Questions related to the program's accredited status should be directed to the Commission on Accreditation: Office of Program Consultation and Accreditation American Psychological Association, 750 1st Street, NE, Washington, DC 20002; Phone: (202) 336-5979, E-mail: apaaccred@apa.org, Web: www.apa.org/ed/accreditation.

The University is approved by the Federal and State Governments for student aid programs and for the training of international students. Selected programs of study are approved by a Washington State Approving Agency for enrollment of those eligible for benefits under Title 38 and Title 10, U.S. Code and by Washington State for training in Vocational Rehabilitation. It is listed in the current bulletin, "Accredited Higher Education Institutions," published by the U.S. Office of Education.

The University is also approved by the Washington Student Achievement Council's State Approving Agency for the training of veterans under U.S. Code, Title 38, Chapters 30, 31, 32, 34, 35, and Title 10, Chapter 1606 and by Washington State for training in Vocational Rehabilitation.

GI Bill® is a registered trademark of the US Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official US government website at <http://www.benefits.va.gov/gibill>.

The University is an institutional participant in the National Council of State Authorization Reciprocity Agreement (NC-SARA) initiative. NC-SARA is an agreement among member states, districts and territories that establishes comparable national standards for interstate offering of post-secondary distance education courses and programs. It is intended to make it easier for student to take online courses offered by postsecondary institutions based in another state. NCSARA is overseen by a National Council and administered by four regional education compacts. To see a list of membership institutions www.nc-sara.org.

Inquiries regarding an institution's accredited status by the Northwest Commission on Colleges and Universities should be directed to the administrative staff of the institution. Individuals may also contact:

Northwest Perspective

Classification Private, Christian Liberal Arts

Institutional Accreditation Northwest Commission on Colleges and Universities (NWCCU)

Northwest University is a regionally-accredited, Christian coeducational institution awarding associate, baccalaureate, masters and doctoral degrees. The University is operated under the control of the Alaska, Hawaii, Montana, North Pacific Latin American, Northern California Nevada, Northwest, Northwest Hispanic, Oregon, Southern Idaho, and Wyoming districts of the Assemblies of God. All these districts are represented on the University's Board of Directors.

Northwest University Mission

We, the people of Northwest University, carry the call of God by continually building a learning community dedicated to spiritual vitality, academic excellence, and empowered engagement with human need.

Missional Values

The Mission of Northwest University, a Christian university affiliated with the Assemblies of God, is derived from the following values:

Spiritual Vitality

- Moving together in personal relationship with Christ Jesus and knowledge of God's calling, we dedicate ourselves to Spirit-filled service.
- Practicing discipleship and worship with biblical faithfulness, we develop courage and character to meet the challenges of our world.
- Crafting a diverse, lifelong community, we recognize the intrinsic worth and dignity of each individual and facilitate friendships and networks that reach out to welcome others in love.

4

Academic Excellence

- Exploring all truth with scholarly excellence, we build a biblical worldview to prepare each other for service and leadership throughout the world.
- Developing moral, spiritual, intellectual, and aesthetic values through the arts and sciences, we integrate faith, learning, and life.
- Thinking critically, we aid one another in academic achievement and lifelong pursuit of knowledge, wisdom, and skills.

Empowered Engagement

- Growing holistically, we clarify and obey individual God-given callings.
- Communicating and modeling the Gospel, we call people and communities to be reconciled to God and to each other.
- Demonstrating Spirit-inspired compassion and creativity, we meet the needs of individuals, build communities, and care for creation.

Cores Themes

Core Theme One

- Building a caring community and enduring culture

Core Theme Two

- Developing Christian commitment and Spirit-formed lives

Core Theme Three

- Advancing academic engagement through teaching, learning and scholarly production

Core Theme Four

- Empowering people with the vision and tools to meet human need in their personal and professional lives

Community Covenant

Our community covenant is founded on our shared calling and relationship as Christ-followers, as outlined in Colossians 3:12-15. *"Therefore, as God's chosen people, holy and dearly loved, clothe yourselves with compassion, kindness, humility, gentleness and patience. Bear with each other and forgive one another if any of you has a grievance against someone. Forgive as the Lord forgave you. And over all these virtues put on love, which binds them all together in perfect unity. Let the peace of Christ rule in your hearts, since as members of one body you were called to peace. And be thankful."*

Based on the teachings in this verse and the enabling of God, we endeavor that all of our interactions and communications will show respect for the wellbeing of all, especially those who may disagree with us.

5

To that end, we commit before God to communicate honestly, openly, and humbly—without cynicism or a supposed sense of superiority and always with the respect that allows us to recognize the value of others as children of God and members of this community. Furthermore, we recognize the value of diverse opinions and that unity does not require unanimity.

Standards of Civility

By civility, we intend more than mere politeness. Rather we intend a basic set of attitudes and actions upon which we can build a community that is able to celebrate our differences, make decisions, and resolve conflict in a positive and forward-moving manner. These standards do not intend to stifle anyone's leadership, academic freedom, or freedom of speech. Rather they provide 'guidelines of participation' for our Christian and professional community. The goal is to create the conditions that best allow trust and positive relationships to flourish.

Therefore, the NU administration, faculty, and staff commit to prioritize the following in our communications within NU and concerning NU to the general public:

1. **Encouragement:** encourage each other and value the contributions that all members make to the shared mission of NU.
2. **Collaboration:** choose to enter into communication non-defensively, assuming other parties have good will toward us and are acting in good faith.
3. **Forgiveness:** allow others to grow through forgiveness, and avoid holding grudges.
4. **Inclusiveness:** prioritize inclusive language and actively recruit input from under-represented voices (bearing in mind categories like gender, culture, ethnicity, position, and rank).

Governance, Planning and the Use of Authority

We recognize that we all exercise authority in one or more areas, making decisions that affect others. Therefore, we commit to the following tenets:

Whether as individuals or as groups, we affirm that it is incumbent on us to value a broad perspective and seriously take into account those whom our decisions affect and those with a reasonable interest in our decisions. It is also incumbent on us, when we have a reasonable interest in decisions, to engage and offer input.

Similarly, we acknowledge that there are times when decisions are made with which everyone does not agree. In those instances, we commit to behave with a cooperative and positive attitude, even while we may continue to work respectfully within the system to seek change.

Healthy Interaction, Input, Grievances, Complaints, and Contributions

In our communication, we will seek the most respectful, orderly, and productive tone and medium appropriate for our message and context. Particularly in times of conflict, we should, as professionals, craft our communication in a manner that minimizes miscommunication and preserves the intent of our message. The Employee and Faculty Manuals outline procedures for engaging the system and working through committee and group structures to affect change. In the case of more personal grievances between individuals, all effort should be made to resolve the issue through the process outlined in the Employee Manual, Section V: Conduct: Complaint Resolution.

We commit to the following actions:

- Be truth seekers who speak in specifics, not in generalities.
- Seek to understand fully before expressing disagreement or dissent.
- Rely on first-hand accounts.
- Strive to reconcile hurts and reach a mutually agreed upon resolution.
- Take personal responsibility for uncivil or improper actions in order to restore harmony in the community.
- Participate in the discussion of issues of concern, or if not, choose to respect the outcome.

We commit to this covenant remembering that in the companionship of fellow Christians we can see the image of God in one another. As Paul exhorts us, *"therefore make every effort to do what leads to peace and to mutual edification"* (Romans 14:19).

Northwest University Vision

Carry the Call

The founders of Northwest University built a community of faith and learning, focused on serving people who are pursuing God's call on their lives. We are convinced that God continues to call every man and woman to a life of faithful, devoted service. Northwest University is committed to being a university of choice for students passionate about confirming and clarifying God's call.

We believe that the best response to God's call is to develop exceptional character and competence. A commitment to scholarship and discipleship grows out of a worldview anchored in Scripture. Northwest University integrates Faith and Truth with powerful, effective teaching in Ministry, Arts, Sciences and the Professions. The entire University community strives to engage biblical Christianity with every aspect of life.

Northwest University finds its crowning joy in thousands of alumni serving in nearly every profession around the world...they are people showing Christ's love through hands of compassion. Our faculty model lives of whole-hearted service. Our students make an impact for the Kingdom in numerous outreaches and ministries. Northwest University is committed to preparing people for service and leadership, doing God's work in God's world.

History and Location

Northwest University was founded by the Northwest District Council of the Assemblies of God and opened to students on October 1, 1934. The District Presbytery appointed Dr. Henry H. Ness to be the first president. The University was housed in the facilities of Hollywood Temple, Seattle, Washington, for the first twenty-five years of its existence. Dr. C.E. Butterfield succeeded Dr. Ness in 1949, and Dr. D.V. Hurst assumed the presidency in 1966 and served through 1990. He was succeeded by Dennis A. Davis, who served as the fourth president of the college from 1990-1998. Dr. Don Argue served as the fifth president of Northwest University from 1998-2007. Dr. Joseph Castleberry is the sixth president of Northwest University.

7

Originally known as Northwest Bible Institute, its institutional name was changed to Northwest Bible College in 1949, to Northwest College of the Assemblies of God in 1962 and to Northwest University in 2005. Each change represented a stage in its curricular development.

Academically the University progressed from a three- to a four-year curriculum in 1948, and in 1955 a Liberal Arts division was organized. Accreditation by the American Association of Bible Colleges was granted in 1953, and in 1973 the University received regional accreditation by the Northwest Association of Schools and Colleges.

In May 1992, Northwest University became the eighty-fifth college approved for membership in the Council for Christian Colleges and Universities, an association of Christ-centered colleges and universities of the liberal arts and sciences.

In 1958 the University secured a new 35 acre campus in Kirkland, in the greater metropolitan area of Seattle. Since then 20 acres have been added to make the present 55 acre campus. Located at 108th Avenue N.E. and N.E. 53rd Street just ten miles from downtown Seattle, the campus is an ideal setting for study, recreation, and inspiration. The campus is also near to industry and close-at-hand employment opportunities. In 2002, the University purchased additional property at 6710 108th Avenue N.E. that serves administrative and academic functions.

In 2008, Salem Bible College (Salem, Oregon) merged with Northwest University and became Salem Bible College of Northwest University. As of December of 2008, Salem students earn their degrees from Northwest University. In 2012 the name was changed to Northwest University Salem Campus. In 2019, the name was changed to Northwest University Oregon.

Over the years, the University's graduates and former students have engaged in full-time Christian service in professional, business, or vocational occupations in fulfillment of their educational objectives at the University.

Educational Philosophy

Northwest University's concept of education is distinctively Christian in the evangelical sense. It recognizes the authority of the Bible as a divine communication of truth. It views humanity as having been created by God with intellectual, physical, social, and spiritual potentialities which require development and needs which require fulfillment if the individual is to be a whole person whose life is useful, complete, and satisfying.

As a morally responsible being whose choices and actions determine usefulness to the Creator and to humankind, as well as the ultimate ends of one's existence, the individual has a need to recognize and appreciate righteousness, beauty, and truth wherever one finds them. Education should develop moral, spiritual, intellectual, and aesthetic awareness and values.

As a creature of God, each person is an individual of intrinsic worth and dignity. In a society of free persons it is essential that each learn to respect humankind and understand their views while maintaining one's own integrity. The individual must have knowledge of one's culture and of self, in order to solve the complex problems of modern life.

Northwest has a commitment to truth and believes that all areas of true knowledge are ultimately compatible. The accumulative experience of humankind has resulted in a residue of tested wisdom and knowledge communicated. True knowledge may be discovered, too, through the careful and reverent scientific scrutiny of nature and of humanity. Neither the past nor the present has a monopoly on truth.

Educational Goals

In view of its distinctive philosophy, Northwest University seeks to provide education which will introduce the student to the organized fields of learning and will acquaint one with the Christian theistic view of the world and of humanity and one's culture. Such an education is intended to develop the whole person in a balanced and useful manner.

Since Northwest believes that responsible actions in the present are dependent in part upon knowledge of humanity's past experience, it seeks to communicate to the student what may be known of people's cultural heritage. It seeks to impart knowledge, stimulate awareness, and develop appreciations.

Northwest seeks to cultivate Christian character in its students. It offers a core of biblical and theological studies as the foundation for faith, practice, and spiritual maturation. It desires that each student shall maintain a right relationship to God and to humanity, and be prepared to act responsibly and maturely in contemporary society.

Northwest is concerned with the intellectual development of its students. It desires that its students will learn to evaluate and use knowledge, so that they can continue to make new discoveries throughout life.

Northwest recognizes that people are social beings and that they are debtors to society; no one stands alone or exists without purpose. It seeks to awaken social understanding and concern and to motivate its students to commit their lives to worthy goals of service to God and humanity. At the same time it endeavors to stimulate in its students a social and moral perceptiveness that will make them worthy and constructive critics of contemporary society.

Northwest realizes the importance of physical and mental fitness, and encourages its students to participate in healthful activities and to develop habits which will contribute to their physical well-being. It seeks to give them a better understanding of humanity's biological and psychological constitution.

Community Affirmation Statement

Northwest seeks to relate biblical Christianity to every area of life, both on and off campus: to academic disciplines, to co- and extracurricular activities, in the residence halls, in the local community, and in one's personal life. It assumes that all members of the Northwest community desire meaningful involvement in the process of Christian higher education as they seek to express their faith in the context of an Assemblies of God University. Faculty and staff members commit themselves to be facilitators and learners in this educational endeavor. Students, by enrolling, join with them in accepting the responsibilities of membership in this community.

Since Northwest holds that the Scripture is the infallible rule for faith and conduct, the Bible will always be the authority in all matters pertaining to personal and corporate behavior. The University believes that its statement of faith and its statement of principles regarding behavior find their basis in the Bible. This affirmation attempts to provide a means to understanding the nature of this community of believing learners and to encourage a sincere commitment to it.

We affirm the Lordship of Christ over all of life and thought; our responsibility to love God with all our being and neighbor as ourselves; our obligation to seek righteousness, to practice justice in all situations, and to express mercy to all; our need to exercise Christian freedom responsibly and lovingly and our dependence on the empowering of the Holy Spirit if we are to faithfully fulfill what God requires.

We affirm the biblical description of attitudes and behavior unfitting for a Christian: "The acts of the sinful nature are obvious: sexual immorality, impurity and debauchery, idolatry and witchcraft, hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions and envy, drunkenness, orgies, and the like" (Gal. 5:19-21a, NIV). Through the help of the Holy Spirit we strive to allow none of these to be part of our behavior. We affirm also the biblical description of attitudes and behavior fitting for a Christian: "But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control" (Gal. 5:22-23a, NIV). We seek to maintain a vital relationship with the Spirit so that such attitudes and behavior will be evident among us. We seek to follow Christ's example of unselfish love in our actions, attitudes, and relationships.

9

We strive to maintain stewardship of body, mind, time, abilities, and resources. We strive to integrate corporate worship, personal faith, and intellectual growth. Attendance of the University chapel services and faithful attendance and support of a local church are integral parts of that process.

Northwest recognizes that not all believers share the same standards in matters of behavior the Bible does not specifically address. As members of this community, however, we also recognize the importance of respecting the values and goals of the University and will, therefore, seek to conduct ourselves in a manner that will bring only credit to the gospel and to Northwest. Since we are also part of the larger society, and in order to "let our light shine out" we will strive to maintain good community relations in respect to governing authorities, social activities, and business dealings.

This affirmation provides a positive and constructive framework to aid one's personal development and for ongoing relationships with all other members of this community. We join with each other as we seek to live out this affirmation in a spirit of unity and openness, of helpfulness and caring.

Precision of Language

Northwest University is committed to the equality of men and women and to creating a learning community for all people. This commitment is based on the Bible's teaching that God's kingdom is made up of men and women from every nation, tribe, people, and language—and that no group constitutes the norm. Therefore, we expect students and members of the faculty, staff and administration to avoid sexist language and to employ inclusive language in writing, public speaking, and public worship. Further, we encourage members of the Northwest University community to be sensitive and respectful whenever referring to the personal characteristics of others.

Statement of Faith

We believe:

- the Bible is the inspired and only infallible and authoritative written Word of God.
- there is one God, eternally existent in three persons: God the Father, God the Son, and God the Holy Spirit.
- in the deity of our Lord Jesus Christ, His virgin birth, His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His personal future return to this earth in power and glory to rule a thousand years.
- in the blessed hope—the rapture of the Church at Christ's coming.
- the only means of being cleansed from sin is through repentance and faith in the precious blood of Christ.
- regeneration by the Holy Spirit is absolutely essential for personal salvation.
- in water baptism by immersion.
- the redemptive work of Christ on the cross provides healing in the human body in answer to believing prayer.
- the baptism in the Holy Spirit, according to Acts 2:4, is given to believers who ask for it.
- in the sanctifying power of the Holy Spirit by whose indwelling the Christian is enabled to live a holy life.
- in the resurrection of both the saved and the lost, the one to everlasting life and the other to everlasting damnation.

Reconciliation Statement

Whereas we believe that:

10

- every person, regardless of ability, age, gender, race, ethnicity, or religion shares equally in the image of God;
- all are sinners and that we equally partake of the consequences of sin;
- Jesus Christ died for all and that we equally have access to redemption;
- God is sovereign and that He calls into His service whomever He chooses and that He gifts and equips those He calls in order that they might accomplish that calling;
- there is hope for all believers for fellowship with the Lord and with each other presently in His Church and in His coming Kingdom.

Be it resolved that:

- we, as members of the Northwest University community, desire the equality of opportunity and respect that results from true Christian community where we cherish unity in diversity and practice mutual support as evidence of God's presence, by His Holy Spirit, in us;
- we seek forgiveness for all attitudes, language, and actions that have intentionally or unintentionally contributed to discrimination regarding race, ethnicity, gender, physical ability, and age within the Northwest University community and within the society in which God has placed us;
- we pledge not to engage intentionally in any act that would result in unlawful discrimination against any person, or group of persons, based upon race, ethnicity, gender, physical ability or age;
- we pledge to engage our University community in activities and communications that will develop greater awareness and sensitivity to interpersonal intolerances that would be considered unacceptable by biblical teachings and would lead to tolerance that is reflective of God's character;

- we further pledge to develop ongoing formal and informal opportunities to facilitate the process of reconciliation of God-honoring relationships among all people, based upon the clear call of God through the Scriptures;
- we commit ourselves to dialogue, study, and affirming initiatives and actions designed to enable us to bear one another's burdens and rejoice in the privilege of fulfilling the law of Christ.

Statement on Diversity and Unity

We, the people of Northwest University, commit to the biblical mandates of diversity and unity in the Body of Christ. We see both as crucial elements of Christian discipleship and an essential part of God's call on Northwest University to build the type of thriving learning community envisioned in our mission statement.

Foundations

We believe the following guiding tenets:

- persons of every age, ability, sex, race, ethnicity and religion share equally in the imago dei (image of God).
- all individuals are deserving of honor and protection. We believe that Christ died for all people and offers salvation equally to all who believe.
- God calls His people into right relationships with one another.
- We believe that the actions of this loving, diverse, and unified community form a witness and apologetic to the world.

Rather than resorting to uniformity, tribalism, individualism, or subordination, we commit to the hard work of being a diverse, unified, equitable community. We seek to embrace, understand, forgive, reconcile with, and stand on behalf of our fellow human beings rather than vilify, marginalize, segregate from, or merely tolerate one another.

11

In one of his final prayers, Jesus prayed for unity among all who would come to believe in Him through the apostolic message of the Good News, asking the Father to make them one so that God's love would be in them and the world would believe that the Father sent the Son (John 17). We see God's desire for a diverse Body of Christ on the Day of Pentecost, when God poured out His Spirit on believers who preached the Good News to those who had come to Jerusalem from many nations. From those who accepted their message, God formed a community centered on the person, work, and teachings of Jesus (Acts 2). Through Christ's death on the cross, God has reconciled believers to himself and has given us the ministry of reconciliation (2 Corinthians 5). Because Jesus is our peace, we, therefore, have a responsibility not only to share the Good News so that people will find life in Christ, but also to overcome the barriers that hinder unity in the Church. That unity enables us to live out our God-given identity as one new humanity (Ephesians 2). Unlike the world, the Church is a new kind of family created by Christ. Because all members are one in Christ and belong to Him, there is no hierarchy of citizenship along the lines of sex, ethnicity, or socioeconomic status (Galatians 3). Christ used His power, status, and resources to serve people; we, therefore, bear a responsibility to use our power, status, and resources to serve our fellow sisters and brothers (Philippians 2). Christ has called us to a greater righteousness that reaches beyond simply avoiding acts of hate, inviting us to participate in deep, transformational heart work to eradicate superiority, disdain, and self-interest (Matthew 5).

It is, therefore, our Christian duty to do good to all people (Galatians 6). This admonition requires our acting justly, loving mercy, and walking humbly with God (Micah 6). As Christians, we have a conviction and responsibility to fight against injustice, bigotry, and hatred of all kinds. We believe that such actions and systems are a result of sin in the human heart (Romans 7), societal systems that subvert God's ways (Genesis 11), and spiritual oppression (Ephesians 6). As the Body of Christ, we work to address these issues on individual, societal, and spiritual levels with a spirit of justice, love, and unity.

Intentions and Values

As part of the family of Christ, we desire to live out the countercultural norms and ethics of God's Kingdom. We believe that being one, diverse body is not without challenges; moreover, we affirm our responsibility to value, embody, and become people who practice:

- Servanthood
- Mutual respect
- Genuinely loving one another
- Repeated acts of valuing and listening to the stories of others
- Readiness to learn from people of different backgrounds
- A willingness to empathize with others
- Interdependence
- A spirit of humility
- Internal reflection (self-awareness of privileges and disadvantages)
- Perspective-taking (listening, hearing, and seeking to understand) characterized by the fruit of the Spirit
- An ongoing attitude of repentance
- A promise to bear one another's pains and victories
- A commitment to justice that is consistent with biblical teaching
- Non-violent approaches to social change

Statement on Racism

We name all forms of racism, whether institutional, structural, interpersonal, or internalized, as sin. We recognize the atrocities that have been committed toward various groups of people of color by the United States of America, as a nation. Despite the efforts of many, inequities and injustice remain part of our systems. We confess that the American Church has been silent about or complicit with varying forms of racism many times throughout its history, to our present day. We recognize that the educational system in America has a history of disadvantaging students of color. We recognize that, even though significant progress has been achieved in popular attitudes about race, relationships between races, ethnicities, and cultures are broken in our local communities across America.

We recognize that our own community has often failed our students, faculty, and staff of color in various ways. We recognize that students of color have not always felt a sense of belonging at Northwest University, due to various factors both within and outside our control, including lack of faculty representation, minimal diversity training for employees and student leaders, and hesitancy to stand publicly against injustices, to name a few. We recognize our own shortcomings as an institution and as the individuals who comprise it. As a Christian educational institution in America, we see it as our mandate to be a people situated in a place where students of color will be at home, embraced, celebrated, and able to succeed. We commit to the flourishing and success of our students of color, devoted to the continual work that must be done to accomplish this aim.

Campus and Buildings

The campus is a semi-wooded tract of 55 acres overlooking Lake Washington and the city of Seattle. A view of the snow-clad Olympics graces the skyline to the west. The main entrance is located at 5520 108th Ave NE, Kirkland, Washington 98033.

Thirty-four buildings are located on the main campus. The Accounting, Human Resources, and the Registrar's Offices are housed in the Dennis A. Davis Administrative Center located at the northwest corner of the campus. Many faculty offices, academic programs, and classrooms are found in the Ness Academic Center comprised of Bronson, Rice, Fee,

and Williams Halls. Science laboratories supporting courses offered in chemistry, physical science, mathematics, geology and biological sciences, are located in the Argue Health and Science Center.

The Admissions and Administrative offices are located at Randall K. Barton building on the southeast corner of the campus.

The Butterfield Chapel and Amundsen Music Center are situated at the southeast sector overlooking the heart of the campus. Butterfield Chapel provides a spacious and worship-centered setting for the University's chapel services. It also contains the classrooms, rehearsal rooms, studios, and practice rooms of the Amundsen Music Center.

Clustered around the center of the campus are Millard Hall, Pecota Student Center, and D.V. Hurst Library. Millard Hall contains classrooms, offices, and an auditorium to accommodate lectures and special events.

The Pecota Student Center houses the Campus Ministries offices, the Student Development offices, the Aerie Coffee Shop, and a student lounge area.

The Hurst Library provides a number of study environments including a 24-hour study space, collaborative group and individual study areas, as well as large and small study rooms. Library services include research assistance, tutorials, interlibrary loan for books and articles, color printing and scanning, and computer and wireless access.

The Everette D. Greeley Student Center houses the Wellness Center.

Brodin Pavilion provides gymnasium facilities for physical education instruction, recreation, varsity and intramural sports, and special convocations requiring seating for up to 1,000 persons. The Northwest Dining Hall (The Caf) is located near the residence halls.

Two large residence hall complexes provide housing for single students: the Guy, Perks, and Crowder Residence Halls and the Gray and Beatty Residence Halls. The Families-in-Residence Apartments (FIRs) include McLaughlin, Carlson, and Hodges Halls. This 78-unit one- and two-bedroom apartment complex overlooks the campus from the east. There is also a small children's play area. A 32-unit single Student Apartment complex provides six 3-bedroom units and twenty-four 2-bedroom units. Fourteen duplex units and seven University-owned houses provide additional faculty and staff housing.

The offices for the Center for Online and Extended Education and the graduate programs of the College of Social and Behavioral Sciences are located at 6710 108th Ave NE (approximately ½ mile north of the main part of the campus).

Admissions

Admission to Northwest University is granted to applicants meeting the University admissions requirements without regard to sex, race, color, age, national or ethnic origin, or physical disability. However, admissions are made on a selective basis according to the criteria described below.

Admission Requirements

The following information is specific to the traditional undergraduate programs of the University. Admissions to the Center for Online and Extended Education, Oregon extension, Online Programs, or Graduate Programs are detailed in their respective section of this catalog or student handbooks.

Applying for Admissions

Students are encouraged to apply online at <http://www.northwestu.edu/apply>

Procedures for Students Entering Directly from High School

Students completing college credits while in high school, including those participating in the Running Start program must follow the procedures outlined in this section:

- **Application** – Complete the application and submit to the Admissions Office along with the \$30 non-refundable application fee.
- **High School Transcript or Equivalent (GED)** – Arrange for a transcript with a cumulative GPA representing high school courses to be sent to the Admissions Office. In addition, approved applicants must submit an official final high school transcript sent by the high school to the Admissions Office before August 1 for Fall Term and December 1 for Spring Term. Students desiring college credit from AP or IB tests must submit official scores in order to receive appropriate credit.
- **College Transcripts** – Applicants enrolled in college coursework while in high school must submit official transcripts to the Admissions Office from all colleges and universities enrolled.
 - **Foreign Degree Requirements** - All transcripts must be submitted in English. Any college or university transcript which is submitted from a school located outside of the US, Canada, and other English-Speaking countries (reach out to your Admissions Counselor for more clarification) must be supplemented by an official evaluation of the transcript for US degree equivalency and GPA, performed by an institution approved by NACES <http://www.naces.org/members.html>.

16

Procedures for Transfer Students

Running Start students should follow the process for high school students.

- **Application** – Complete the application and submit to the Admissions Office along with the \$30 non-refundable application fee.
- **High School Transcript or Equivalent (GED)** – At the time of application, transfer students must submit a high school transcript if they have completed fewer than 20 semester credits or 30 quarter credits. Approved applicants with an earned associate's degree do not need to provide an official high school transcript. Approved applicants with fewer than 60 credits earned after high school graduation must submit a final official high school transcript to the Admissions Office before August 1 for Fall Term and December 1 for Spring Term.

- **College Transcripts** – Send official transcripts from all colleges and universities previously enrolled.
 - **Foreign Degree Requirements** - All transcripts must be submitted in English. Any college or university transcript which is submitted from a school located outside of the US, Canada, and other English-Speaking countries (reach out to your Admissions Counselor for more clarification) must be supplemented by an official evaluation of the transcript for US degree equivalency and GPA, performed by an institution approved by NACES <http://www.naces.org/members.html>. (Course-by-course evaluations are not required unless transfer credit is requested; for more information, please consult your Admissions Counselor for the program to which you are applying.)

Salvation Experience

The mission of Northwest is to "carry the call of God by continually building a learning community dedicated to spiritual vitality, academic excellence, and empowered engagement with human need." As a Christian Liberal Arts University, all experiences are directed to students discovering and preparing for God's plan for their lives. Therefore, a vital experience of salvation through faith in Jesus Christ is required to be admitted.

English Language Proficiency

International students whose native language is not English must submit an English language proficiency score taken no more than two years prior to application to the University. Students must submit one of these scores:

1. TOEFL internet-based (iBT) score of 80,
2. IELTS score of 6.5 (with a minimum score of 6.0 in each band),
3. SAT 450 in critical writing or reading, *or*
4. ACT 18 in writing.
5. Duolingo English Test score of 105.
6. Completion of 30+ semester credits at a regionally accredited college/ university in the U.S. with a minimum GPA of 2.5.
7. CELE program completion - Completion of Northwest University's Center for English Language Education (CELE) program Level 6 Bridge with a grade of 80% or higher and a GPA of 2.5 in NU Bridge Classes.

17

High School Graduate

Applicants must be graduates of a recognized high school. The following years of preparatory work are recommended: English (4), Math (3), Social Studies (2), Science (2), Foreign Language (2) and Electives (3).

Applicants may be admitted on the basis of satisfactory scores on the General Educational Development (GED) Tests as established by State Competency Standards.

Home-schooled students who apply for admission to Northwest University are required to submit the same application materials as stated for all students. An official transcript prepared by an individual educator must be signed and document successful completion of all secondary courses, including information about curriculum and reading lists within the homeschool program. An official letter of intent signed by the appropriate governing authority may be required. Admission for students who submit transcripts from a home educator will weigh more heavily on demonstrated written ability, and academic curriculum. In addition, applicants may be required to submit a GED if their academic records are of marginal quality.

A limited number of mature persons who are not graduates of a high school may be admitted on a selective basis as non-degree seeking or non-matriculated students. However, non-degree seeking or non-matriculated students are not allowed to earn degrees, diplomas, or certificates at the University.

Notification of Admission

After the application, application fee, transcripts and possibly a christian reference form have been received, the Admissions Committee will evaluate the application. Applicants will be notified by telephone and/or postal mail whether or not they are accepted. No assurance of acceptance should be assumed until the applicants receive an official acceptance letter from the Admissions Office.

Accepting Offer of Admission

To accept an offer of admission, follow these steps:

1. **Confirmation Deposit** - A \$100 advance payment is the student's acknowledgement of intention to enroll. The confirmation form and deposit should be submitted to the Admissions Office. This payment is credited to the student's account and is applied towards the initial tuition payment. Deposits for fall semester enrollment are refundable or deferrable to a future semester upon written notice of cancellation or deferral by July 15. Those canceling for the spring semester must give written notice of cancellation or deferral by December 15 to receive a refund or to defer the deposit to a future semester. Thereafter refunds are granted only for reasons of extreme illness or emergency, as verified by the Admissions Office.
2. **Housing Placement Fee** – A non-refundable housing fee of \$150 must be submitted in order to hold a semester housing placement. The priority deadline for housing fees and fully completed applications is May 15 for the fall semester and December 1 for the spring semester. Students are eligible to apply for housing after they have paid their \$100 Confirmation Deposit. Fees and housing applications should be submitted as early as possible.
3. **Health and Immunization Forms** – Admitted applicants are to complete certain health and immunization forms during the Registration process. An emergency authorization form is to be completed in all cases and students are encouraged but not required to submit a medical history report as well. The University reserves the right to require a medical report from the applicant's physician where questions about physical or mental health emerge.

18

Immunization Policy

Northwest University does not require vaccinations in order for students to enroll in classes. However, in the event of a confirmed case of Measles, Mumps, Rubella, Diphtheria, or Pertussis, all non-immunized students as well as those who have not provided Northwest University with accurate records of immunization, will be required to leave campus, including campus housing, until the outbreak is resolved. During this time, you are solely responsible for missed classes or coursework. The university will not be able to provide alternative means for completing courses.

In order to avoid this risk, students should have the Measles, Mumps and Rubella (MMR) and the Tetanus, Diphtheria, Pertussis (TDAP) vaccines. Additionally, based on Centers for Disease Control and Prevention (CDC) and Washington State Department of Health information, we recommend vaccinations for Meningococcal Disease and Hepatitis B. Immunization records are kept confidential and are collected during the registration process.

International Students

International applicants must complete the same admissions process as other freshman or transfer students. Additionally, international applicants must fulfill the following requirements:

- **Valid copy of passport**
- **Bank Statements** – Proof of adequate funds to cover all expenses as required by the U.S. government.

Re-Admission

Former students who have been out of enrollment for one semester or more must complete an Application for Re-Entry and submit supplemental documents required by the specific program. They will not be required to obtain new transcripts other than for college coursework taken during the interim away from Northwest University.

Withdrawal from University

A \$1,500 cancellation fee will be charged to international students who are admitted but, upon entering the U.S. or approval of change of status, immediately request to transfer to another institution (without attending any NU classes).

Admissions Standings

Students admitted to Northwest University are assigned one of the following three standings.

Regular Standing

Regular standing is granted to an admitted applicant who meets all requirements for admission and is pursuing a degree or approved certificate from the University. Regular standing requires an incoming 2.5 cumulative grade point average (GPA) in high school and/or college coursework.

Success Standing

Success standing is granted to an admitted applicant who shows the potential to successfully pursue studies at Northwest University but does not meet all requirements for regular standing. Success standing supports academic achievement and persistence through required participation in a track as advised in the Success Standing program. A minimum incoming GPA of 2.0 in high school and college coursework is normally required for admission with success standing.

19

Conditional Standing

Conditional standing may be offered to a student who meets entrance requirements at Northwest University, but whose application is incomplete. Admission to Northwest University is conditional based upon satisfying specific requirements prior to full admission. Individuals admitted on Conditional standing will not be permitted to take courses for more than one term or session.

Non-Degree Seeking Student Status

A Non-Degree Seeking Student is not seeking a degree or approved certificate at the time of admission. Individuals in this status may be enrolled in courses for reasons such as personal enrichment, learning or upgrading job skills, or fulfilling degree requirements for another institution. A Non-Degree Seeking Student is not eligible for federal or state financial aid. Courses taken by a student while under this status are a part of the student's permanent academic record, but are not guaranteed to apply to a degree or certificate offered by the institution. Specific course prerequisites must be satisfied regardless of a student's admission status.

Non-Matriculated Seeking Student Status

A Non-Matriculated Student has been approved to enroll in a specific term for a specific course that has been designated open to non-matriculated students. Students in this status are not seeking a degree or approved certificate at the time of admission and are not eligible for federal or state financial aid. Courses taken by a student while under this status are a part of the student's permanent academic record, but are not guaranteed to apply to a degree or certificate offered by the institution. Specific course prerequisites must be satisfied regardless of a student's admission status.

Early Action

The Early Action program at Northwest University is a nonbinding agreement for students who place NU among their top choices of universities. To be eligible for the Early Action program, students must submit a completed Application for Admission by the stated deadline. The deadlines for this program are the following:

- Early Action 1: November 15
- Early Action 2: January 15

Participating students will receive notification of their admission status within one month of the Early Action deadlines. Students admitted as part of the Early Action program receive priority for course registration and semester housing placement.

Transfer Credit

During the admissions process, official transcripts from all previously attended educational institutions are evaluated for the maximum amount of transfer credit possible. The results of this evaluative process are communicated to students and their academic advisors on a Transfer Report. Any subsequent credits earned by students must also be communicated via an official transcript, evaluated by the Registrar's Office, and officially reported. The University strongly recommends that students intending to transfer additional courses to Northwest verify that the intended course will be received prior to enrolling in the course. This is applicable to prospective and enrolled students. See the *Northwest University Credit Transfer Guide* for further details.

Semester -vs- Quarter Credits

Northwest University's academic calendar is formatted on a semester basis. A credit transferred into Northwest from a college operating on a quarter-calendar is equivalent to 2/3 of a semester credit. Thus, one can translate quarter credits to semester credits by dividing the quarter credits by 1.5.

Advanced Standing

Northwest University accepts credits earned through the Advanced Placement Testing Program (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), the DANTES Subject Standardized Tests (D.S.S.T), and Running Start. Recommendations regarding college credit are made by the Registrar. For credits earned through testing while a matriculated student, refer to *Academic Policies and Information, Alternative Ways to Earn Credit*.

Military Credit

Those having had military service may petition the Registrar's Office for physical education credit upon presenting appropriate documentation.

Transfer of ICRC Associate in Arts

Northwest University accepts the transfer A.A. degree from those colleges in the State of Washington whose degree requirements conform to the guidelines of the Intercollege Relations Commission (ICRC). The degree will satisfy many of the University's Core Curriculum Requirements, and will confer 60 semester credits of work in transfer to Northwest University, giving the student junior standing. However, because of the specific nature of some degrees, some Core Curriculum Requirements may still remain to be satisfied.

Transfer of Credit from Regionally Colleges and Universities

Students desiring to transfer to the University from another institution accredited by one of the six regional associations must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Admissions Office. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of "C-" or better. (Some majors may have a higher grade requirement for some of their courses.)

Transfer of Credit from Non-Regionally Accredited Colleges and Universities

Academic work presented from colleges and universities that are recognized by the Council for Higher Education Accreditation (CHEA) database but not accredited by one of the six regional associations is subject to the following limitations and guidelines:

- Transfer from all such sources is limited to a total of 30 semester credits.
- Courses are considered on a course-by-course basis.
- Acceptance of such credits is dependent upon the University's evaluation of the equivalency of course work and level of instruction.
- All such transfer credit is considered at the time of admission or readmission to the University.
- Transfer credit from such sources must be validated by completion of a minimum of two semesters enrollment and 30 credits at Northwest University with grades of 2.00 (C) or better, and possibly by examination.
- Only evaluations and commitments made in writing by the Registrar's Office will be considered as being applicable.
- College-level work considered occupational or remedial is not recognized for transfer.
- Enrolled students desiring to transfer credits from such institutions must obtain prior approval from the dean of the school or college into which the credits are to be transferred.

Residency Requirements

25% of the minimum total credit hours must be completed from Northwest University for every degree earned, and the final semester of work before graduation must be taken from Northwest University irrespective of the amount of previous work completed at Northwest University. 25% of the program or major requirements must be completed in residence at Northwest University.

A student registered at Northwest University may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the University may, upon returning, graduate under the requirements of the catalog in effect during the semester in which they first enrolled, provided graduation is within six years from the end of that semester. (The summer semester may count as a part of the semester before or after it.) However, a student may graduate under the requirements of the current catalog. It is expected that the requirements of the catalog chosen will be followed as a whole.

Campus Life

The Northwest learning experience occurs in an engaged, active environment in which students participate, take ownership, and apply their learning to God's call in their lives. Participation in the Northwest University learning community is an integrated experience that occurs both in and out of the classroom. Campus Life on the Kirkland campus enriches the undergraduate student academic program so that each student will have both a fulfilling experience while on campus and a successful life beyond the University. Each member of the community makes a distinct contribution through shared scholarship, leadership, worship, service, and other campus life opportunities. Northwest students are encouraged and expected to offer a unique blend of strengths, characteristics, curiosity, and callings to enhance this Christian community of scholarship and learning.

Student Development

Undergraduate students are at a life stage when they are developing a sense of individual identity, spiritual formation and vocational direction. The Student Development Office provides a variety of opportunities for students to cultivate leadership skills and to participate in service and ministry. Our hope is that as students learn to rely on God's grace for growth during their college years, they will develop priorities and habits of the heart that will enable them to be leaders to serve the church and contribute to society as alumni.

22

As Student Development staff, we work together with faculty in the unified purpose of enabling Northwest students to integrate their faith, learning, and living. It is precisely Northwest University's commitment to *holistic faith integration* that gives it an unparalleled ability to develop a student of premier capabilities. The Student Development office is committed to providing a campus environment, programs, and service opportunities that cultivate a sense of Christian community. Co-curricular activities encourage thought and action that reflects and complements the student's classroom experience while also striving for the campus community to model commitment to Jesus Christ and to promote habits of lifelong learning. From classroom to chapel, from the Student Center to the residence hall room, Northwest University is committed to maturing and developing the whole human being.

Core Capacities

The Mission and Vision statements of Northwest University find expression in the following Student Development *Core Capacities* that serve as the driving force for the university living and learning community environment and program. Research suggests that students learn the most during college from direct contact with other students. Given this principle, the Office of Student Development initiates intentional programs and services that support student learning. The *Core Capacities* of Intellectual Development, Spiritual Formation, Wellness, Leadership and Citizenship serve as the overarching learning outcomes attained through the out-of-class campus experience. With these Core Capacities as a blueprint for holistic learning, Student Development facilitates a proactive and comprehensive student life program that establishes critical connections between students, faculty, staff, and the community. The program provides opportunities for life-shaping experiences that will result in academic success, a thoughtful approach to the integration of Christian faith and society, and healthy, life-long relationships.

Community Handbook

The Community Handbook is published on the Northwest University Eagle web site to acquaint students with the Northwest University way of life. The Handbook describes what students can expect of the University and what the University expects of students. All expectations are designed to assist students in their adventure of Carrying the Call.

When students apply for admission, they must indicate that they have made a personal commitment to Jesus Christ as Lord and Savior and that they are willing to live according to the lifestyle standards of the University community.

Northwest University students are expected to recognize their responsibility to God by careful use of their time and to engage only in such activities as may contribute to their spiritual, moral, intellectual, and physical well-being. Questionable entertainment and all activities which diminish a person's moral sensitivity and fervent walk with God should be avoided. Being an authentic biblical Christian both on and off campus is a clear and present standard of Northwest University.

Northwest University will promote Christian citizenship through instruction, corrective accountability and discipline, when necessary for the purpose of developing and maintaining a Christ-centered environment. An acceptable citizenship record, which includes academic and financial responsibility to the University, must be maintained to qualify for enrollment, participation in student leadership offices, co-curricular activities, including all athletic and music programs, and graduation.

The University reserves the right to modify and amplify the standards and dates set forth in the Community Handbook and to use its discretion in the interpretative enforcement of all ideals and standards of conduct.

Campus Housing

23

Preparing students to *Carry the Call*, Northwest University is a Christian community of scholarship and learning. Northwest's commitment to provide a community where students live on campus is embedded in this vision. Developing competency and maturity as Christian learners, scholars and leaders occurs partially as a result of the Holy Spirit's work in students' lives through their relationships with other students. The interaction between people is a guiding and fundamentally important component of Christian student development. We believe it is necessary for students to be immersed in community living for essential person to person encounters to be possible. Therefore, as a condition of attending Northwest University, undergraduate students are required to live in university owned residence halls or apartments.

Housing Requirements

All full-time undergraduate students (registered for 12 or more semester credit hours) are required to live in campus housing unless they meet the criteria for living off-campus and have applied and been approved for off-campus living. Students who are granted off-campus residency are considered commuters. Commuters are students who are commuting from their parent's home, students who are married and living off-campus, students with children, or students 23 years old or older on the first day of class each semester.

Commuters on academic or citizenship probation may be required to live in campus housing during the semester(s) they are serving their probation.

Reservations

A \$150 non-refundable housing fee is required to secure an on-campus housing placement. This one-time fee will follow students even if they change housing locations on campus. It will be kept on file until a student moves out of campus housing. This fee is refundable only to new incoming students who apply for housing, pay the housing placement fee but withdraw before being assigned a room. Once the student has been assigned a room, the deposit is

non-refundable even if they do not end up attending Northwest University. Placements can always be checked by students by logging into MyHousing on the Eagle website.

Family Housing

The University maintains seventy-eight apartments designed for traditional undergraduate students who are married, have a family, or over the age of 25. Full time employees of the University and graduate students may also apply. We cannot accept applications from students in the Center for Online and Extended Education program or doctoral programs. The FIRS consist of thirty-six units with 1 bedroom/1 bath, twelve units with 2-bedrooms/1 bath, and thirty units with 2 bedrooms/2 baths. Applications are available through the MyHousing portal of the Eagle website. <https://eagle.northwestu.edu/departments/housing/>.

Community Life

Providing co-curricular and experiential learning opportunities, the Office of Community Life advises a broad range of student leadership development programs including all aspects of student government (ASNU), Student Activities Board (SAB), clubs and organizations, and intramural sports. This office also administers the fall and spring Welcome Weekend programs.

Welcome Weekend

Student Orientation Advising and Registration (SOAR) and Welcome Weekend are scheduled time for virtual and on campus sessions and activities to ensure a successful transition to life at Northwest University. SOAR is the preliminary advising, registration, and networking venue for incoming students. During SOAR days students meet other incoming students and begin to build relationships and make connections within the campus community.

Welcome Weekend is offered just prior to the beginning of each semester. The sessions and activities provided prepare students, both new and transfers, to have a successful transition to Northwest University. Opportunities exist to meet faculty and staff, receive important information about campus resources and policies, and gain connection with peers and student leaders. As this time of transition is essential to student success, attendance is required for all incoming students.

24

Act Six

In partnership with the Tacoma-based Northwest Leadership Foundation, Act Six is an urban leadership and scholarship initiative. Northwest University's Act Six program identifies and prepares scholars to carry the call of God into engaged, effective, and positive societal leadership. In addition to selecting recipients for association in supportive cadres, the Act Six program fosters transformational leadership, intercultural awareness, service learning, and a lasting difference on campus and in scholar's home communities.

Athletics: Intercollegiate

Northwest University is a member of the National Association of Intercollegiate Athletics (NAIA). Sports offered include men's and women's basketball, men's and women's soccer, women's volleyball; men's and women's cross country, men's and women's track and field, and women's softball. Some club sports are organized for the enjoyment of the University community.

Athletics: Recreational Sports

As advised by the Office of Community Life, the Student Activities Board facilitates a recreational sports program consisting of organized on-campus intramural athletics and off-campus regional outdoor recreation opportunities for the traditional undergraduate student population. Campus facilities include the gymnasium, outdoor tennis courts, Eagle athletic fields, outdoor basketball court, and an outdoor sand volleyball court.

Convocation

Traditionally, the new school year is formally opened with Academic Convocation. Officials, ministers, alumni, and friends join faculty and students for this annual tradition.

Leadership Learning

Academic and co-curricular programs offer a variety of experiences that help students become leaders who can make a difference in their world. Student leadership positions provide a valuable opportunity for students to develop capacities and skills that will result in both personal and professional growth. Student leaders will expand their interpersonal and task-management abilities as they encounter new situations and respond to challenges, learning from their own experiences as well as from their peers and mentors.

Multicultural Life

Multicultural Life strives to be courageous in light of scripture's admonishment to actively participate in our culture as engaged citizens in order to advance educational equity. To demonstrate the love of Christ in authentic community through multicultural unity by improving campus climate for underrepresented and marginalized students, faculty, and staff. We encourage deep, meaningful conversations, dialogues, and actions amongst Northwest University students, faculty, and staff in our journey to increasing spiritual vitality, academic excellence, and empowered engagement. As recipients and ministers of reconciliation, we aim to increase awareness about our own beliefs, values, and biases to be a catalyst for effective and active social change in our communities in and beyond Northwest University. Multicultural Life oversees Mosaic student leadership group and the Act Six Scholar Leadership Program.

25

Service Learning

Partnering with local organizations, students along with faculty and staff across all academic disciplines have opportunities to learn by combining their faith, academic study and leadership development with service activities to the surrounding community.

Student Activities Board

The Student Activities Board plans a wide variety of events throughout the academic year. Annual events include Welcome Back Bash, the Talent Show, and Screaming Eagles Week.

Student Government

Each Kirkland campus traditional undergraduate student is eligible to vote in the elected officers of the Associated Students of Northwest University. The ASNU student leaders serve the student body by cultivating a Christ-centered

community advocating for the students' needs and providing opportunities for involvement in activities, recreational sports, and ministry. Working in cooperation with the Office of Community Life, the ASNU Senate, led by the ASNU executive officers, represents student interests to University Administration. Student concerns and issues are heard at regularly scheduled ASNU Senate meetings.

Student Services Fee

A student services fee is charged on a semester basis at the time of registration. Fees may vary semester-by-semester as established by the Board of Directors. The Student Development Offices works with a committee of individuals to allocate this fee to a variety of budgets that provide access to the Eagle Fitness Center, student events, Multicultural Life, Campus Ministries, ASNU, Residence Life, Campus Ministries, athletic events and participation at other co-curricular student programs. This fee is required of all Kirkland campus traditional undergraduate students taking 7 or more credits.

Student Clubs and Organizations

A wide variety of clubs and organizations on campus provide opportunities for students to explore co-curricular learning interests with peers. With ever expanding genres of groups ranging from academic honor societies to special interest groups, or recreation clubs to ministry focuses, there is something for every member of the student community! These student-initiated groups enrich the atmosphere of Northwest University, providing avenues for students to express their passions, develop leadership, gain personal competencies, and have fun in the process.

Talon

The Talon is the student news media produced in cooperation with the Communication Studies Department and the Student Development Office. The Talon is facilitated online and updated weekly to:

- keep Northwest University students aware of their surroundings and the news that affects them; on campus, in the community, nationally, and internationally;
- foster a sense of Christian unity and intellectual integrity in Northwest University's diverse campus community;
- provide an easily accessible vehicle of communication and expression between Northwest University students and the campus community.

Non-Discrimination

Northwest University does not discriminate on the basis of race, color, national origin, age, sex, disability, or genetic information in its admissions policies. Further, it is the policy of the University not to discriminate on the basis of race, color, national origin, age, sex, disability, genetic information, or veteran status in the administration of its educational programs, including employment, scholarship and loan programs, and athletic and other college-administered programs and activities. As a religious educational organization, the University reserves the right to prefer employees and prospective employees on the basis of religion, and also reserves its right to prefer students and prospective students on the basis of religion. At this time, only traditional undergraduate students are required to comply with the University's faith requirements.

Northwest is a drug and alcohol-free campus for all employees and students, and offers educational programs in alcohol and drug awareness for all campus groups.

Northwest University is committed to a policy of non-discrimination with regard to race, color, national origin, sex, age, marital status, or physical disability. Persons having questions regarding University policy of non-discrimination should contact the Dean of Student Development.

Northwest University is in compliance with the Family Educational Rights and Privacy Act of 1974/1996. A full statement on FERPA rights is found in this catalog.

Student Services

Career Services

Students receive support for vocational development and career preparation through the Northwest University. This office is a part of the services offered by Academic Success and Advising and provides personality and career interest assessments, resume and cover letter review, interview and networking coaching and simulations, and individual career counseling, help with internship placement, and help with employment after graduation. More information is available at: <https://eagle.northwestu.edu/departments/career-services/>.

Commuter Student Services

In an effort to serve the unique needs of commuter students, Northwest University offers a variety of resources and activities designed specifically for the non-residential population. The lounge in the Pecota Student Center is designed to offer commuter students a space to study, relax, or connect with other students between classes. Students are also able to secure a locker in one of our many buildings around campus in order to store items. Keys can be rented in Student Development. Information about Commuter Student Services is available in the Student Development Office.

27

Disability Accommodations

Northwest University will provide reasonable accommodations to qualified individuals with documented disabilities to ensure equal access and equal opportunities with regard to curricular and co-curricular programs and services and university employment

Students who need assistance with classroom, residential, or other campus accommodations should contact the Academic Success and Advising office. Student employees desiring to request accommodations should contact the Human Resources Office. More information about disability accommodations is available at: <https://eagle.northwestu.edu/departments/student-development/student-life/disability-accommodation/>.

Employment Opportunities

Information about off-campus and on-campus student employment opportunities is available at <https://www.northwestu.edu/jobs/student/> or in the Human Resources office at 425-889-5598. A Northwest University Application for Employment is available as a download from the Human Resources web page or as a printed copy in the Human Resources Office located in the Dennis A. Davis Administrative Center on the northwest corner of the campus.

Fitness Center

The Eagle Fitness Center is available for strength training and aerobic fitness activity. The center is open to Northwest University Community members with a University ID card. The cost for membership is included in the Student

Services Fee for Kirkland campus undergraduate day students. All other Northwest University students and alumni are eligible to purchase memberships for a minimal fee. Additional information is available on the Fitness Center web page at: <https://eagle.northwestu.edu/departments/fitness-center/>.

Food Service

The Dining Hall (The Caf) offers a wide variety of quality food choices appealing to differing preferences. Listed below are the various meals' service focuses, although various Deli, Salad, and Specialty Bars and three cook to order stations are also open during these times.

Hours: Monday through Friday

7:00 am - 9:00 am Hot Breakfast
9:00 am - 10:00 am Continental Breakfast
10:00 am - 11:00 am Light Lunch
11:00 am - 2:00 pm Full Lunch
2:00 pm - 5:00 pm Light Lunch
5:00 pm - 7:00 pm Dinner

Hours: Weekends

Saturday

10:30 am - 12:30 pm Brunch
5:00 pm - 6:00 pm Dinner

Sunday

7:30 am - 8:30 am Breakfast
12:30 pm - 2:00 pm Lunch
5:00 pm - 6:00 pm Dinner

The Aerie Café, located in Pecota Student Center, features an espresso stand and limited food items.

When, because of medical or health conditions, students are required to have a special diet they can inquire further with the Housing office to receive a NU Meal Plan Exemption Request. With the form, students should include a doctor's statement with all information regarding restrictions and requirements of diet when health is a factor. The Residence Life and Housing team will then direct the student to meet with the Director of Dining Services to see if proper accommodations are possible. The University reserves the right to charge for special diet provisions if necessary. Additional information is available on the Caf web page at <https://eagle.northwestu.edu/departments/caf/>.

Information Technology

The Information Technology Office supports the NU community with technology infrastructure and resources – on campus and online. Enrolled students are issued a Microsoft 365 license that includes email, Microsoft Office (desktop and online apps), and other tools and services. Students are expected to check their NU email on a frequent basis to stay informed of academic, campus life, and other timely information. Use of NU information resources is subject to the Network and Computer Acceptable Use Policy, available on the Information Technology page on the Eagle Website: <https://eagle.northwestu.edu/departments/information-technology/>

Students are encouraged to bring their own computer for academic use. On the Kirkland campus, computers are available for student use in Argue HSC 252 & 254, Barton 209 & 250, the Rice Hall Lobby, the second floor of the 6710 Building, and throughout the Hurst Library. Computers in the Hurst 214 study space are available 24/7.

International Student Services

Northwest University provides assistance to all international students through the International Student Services (ISS) Office. The ISS Office is located in the lower level of the Hurst Library. The ISS staff is available to assist international students with support in a variety of ways including immigration concerns, academic affairs, cultural matters, moral support and encouragement in the adjustments that often accompany life in another culture.

Security Office

Northwest University has security personnel available for assistance 24 hours a day, 7 days a week to provide and encourage security, safety, education and personal responsibility. Through officer patrolling and community involvement Campus Security endeavors to protect the people who study, teach and serve as part of the Northwest University community. More information including campus crime and fire statistics is available on the Security web page at <https://eagle.northwestu.edu/departments/security>.

Student Financial Services

Located on the second floor of the Randall K. Barton Building, Student Financial Services (SFS) assists students with any questions regarding student account balances, and all matters related to scholarships and financial aid. Contact SFS at (425)889-5210 or studentfinancialservices@northwestu.edu.

Vehicles

Vehicle registration is required for all students who park vehicles on our campuses. Students may purchase a permit online at <https://eagle.northwestu.edu/departments/security/> for \$70 plus sales tax per academic year. Violation of vehicle regulations may result in fines and/or cancellation of the permit. It is expected that students bringing cars on campus will have them properly insured and properly licensed with the state in which they are registered.

29

Voter Registration

Northwest University encourages all students to vote in national, state and local elections. Information is available on the Secretary of State's *MyVote* Web Site at <https://wei.sos.wa.gov/agency/osos/en/pages/myvote.aspx>

Registering to vote in the State of Washington does affect the student's residency status in the student's home state. Out-of-state students who prefer to vote in their home states can obtain absentee ballots from their respective home state elections office.

The Wellness Center

The Wellness Center is committed to a whole person approach to healthcare by promoting health and wellness in body, mind, spirit, relationships, and environment. Students are supported through the promotion of pro-health behaviors and self-care practices that contribute to both the individual's health and wellness, as well as to the benefit of others. Care for one's physical body, good nutrition practices, physical activity, mental health, faith integration, cultivation of healthy interpersonal relationships, environmental stewardship, meaningful work, and community contributions are all valuable components of overall health and well-being.

The Wellness Center personnel include mental health counselors, marriage and family therapist, counselor-interns, advanced registered nurse practitioner, registered nurse, and dietitian. Services provided include individual counseling, limited crisis intervention, convenience care, illness and minor injury, travel information and education, COVID

testing, and nutrition consultations. For a detailed list of services and for fee information, please visit the Wellness Center's website.

Appointments can be scheduled by contacting the Wellness Center at 425-889-5282. The Wellness Center is located in the Everette D. Greeley Center, building #5 on the NU Campus map. Hours of service are posted on the Wellness Center's website. For health care needs requiring immediate attention that occur outside of the Wellness Center's office hours, please refer to the Wellness Center's website for a list of local medical facilities that provide 24-hour response.

Additional information is available on The Wellness Center website at:
<https://eagle.northwestu.edu/departments/wellness-center/>

Spiritual Formation

Campus Ministries

As a Christian institution, Northwest University is committed to the enterprise of spiritual formation as a core aspect of student development. We intentionally facilitate an environment that encourages all community members to actively grow in their relationship with Jesus Christ, and to live in a way that is worthy of their calling. Spiritual growth as a community fosters a lifelong relationship with Jesus Christ and His Word, builds His church, and reinforces the common bond that the Holy Spirit uses to unify the generations of alumni that pass through Northwest University.

The Campus Ministries department exists to cultivate the spiritual vitality of the community and to foster the spiritual formation of each member, inviting, teaching, and empowering our community to 1) Love Jesus, 2) Trust Jesus, and 3) Follow Jesus. Campus Ministries provides opportunities for our community to love, trust, and follow Jesus through four types of programming: Personal, Relational, Congregational, and Missional. On a personal level, Campus Ministries encourages an active devotional life, including the study of Scripture, devotions, and prayer. Relationally, Campus Ministries facilitates Life Groups, groups focused around studying the Bible, sharing testimonies, and growing spiritually mature together. Congregationally, Campus Ministries coordinates four community worship gatherings each week with a variety of formats, speakers, musical styles, and themes. Missionally, Campus Ministries serves our local Kirkland and Seattle community, as well as sends out ministry teams each year, including domestic and international short-term mission trips and worship teams for camps, conferences, and church services, for the purpose of carrying the gospel to others.

The resources of Campus Ministries are available to all NU students, including access to campus pastors and a church directory. While there are many students involved in Campus Ministries, there are 11 scholarshiped student leaders who work in specific areas of the Campus Ministries department. These positions are applied for and selected each spring. More information about Campus Ministries is available at: <https://eagle.northwestu.edu/departments/campus-ministries/>.

Chapel and Other Spiritual Formation Programs

Chapel is the primary way our community engages in spiritual formation together. While these gatherings are not the only place for spiritual formation, we see them as a primary expression of the spiritual vitality of our community and core to our DNA, shaping our identity as a Jesus-following community.

Participation in spiritual formation through chapels and other opportunities is required for all Kirkland traditional full-time undergraduate students at Northwest University, as well as part-time students taking 7-11 credits. An attendance record is maintained. All students are expected to arrange their schedules to permit regular attendance at these important corporate worship events. Chapel and Spiritual Life attendance are not a substitute for active involvement in the local church, or vice versa, and all Northwest University students are encouraged to become connected to a local church during their time in college.

In addition to chapel, Campus Ministries works to either create a devotional or use an already written devotional book. These devotionals help facilitate a time and space for students to read the Bible, hear God, and apply spiritual practices to their lives.

To foster spiritual growth through community and fellowship, Life Groups are led by approved student leaders and are comprised of approved book studies on spiritual formation topics or Bible studies. All Life Groups are open to any students unless parameters are specifically stated. In addition, our community gathers for various event, lecture, discussions, and panels to learn and grow together around various topics.

As members of the body of Christ contextualized by the area in which we live, we are called to serve our local community and seek the good of the city and world that we live in. To that end, Campus Ministries coordinates various local outreach clubs and opportunities to serve Kirkland, Seattle, and beyond, while addressing key social issues and the felt needs of our area, becoming the hands and feet of Jesus.

Campus Ministries' Short-Term Missions program provides opportunities for students to travel to various locations around the world to share the gospel of Jesus Christ and humbly serve and learn from other cultures. These trips occur primarily in the summer, with occasional spring break and winter break options. They are led by students and are associated with a two-credit Short-Term Missions Experience course.

Church Attendance

Chapel and Spiritual Life attendance are not a substitute for active involvement in the local church, and all Northwest University students are encouraged to become connected to a local church and be available to serve there.

Devotional

To foster spiritual growth for individuals, Campus Ministries works to either create a devotional or use an already written devotional book. These devotionals help facilitate a time and space for students to read the Bible, be challenged and encouraged, and pray.

Life Groups

To foster spiritual growth through community and fellowship, Life Groups are led by approved student leaders and are comprised of approved book studies on spiritual formation topics or Bible studies. All Life Groups are open to any students unless parameters are specifically stated.

Local Mission

As members of the body of Christ contextualized by the area in which we live, we are called to serve our local community and seek the good of the city and world that we live in. To that end, Campus Ministries coordinates various local missions clubs and opportunities to serve Kirkland, Seattle, and beyond, while addressing key social issues and the felt needs of our area, becoming the hands and feet of Jesus.

Global Mission

Campus Ministries' NU Missions program provides opportunities for students to travel to various locations around the world to share the gospel of Jesus Christ and humbly serve and learn from other cultures. These trips occur primarily in the summer, with occasional spring break and winter break options. They are initiated and led by students and are associated with a two-credit Global Missions Experience course.

Financial Information

Northwest University is a private, church-related university. Therefore, no operating funds from taxes or public funds support its operation. Each student is charged tuition and certain fees which cover about eighty-five percent of the cost of his/her education. The remainder of the cost is provided by gifts from friends of the University, supporting districts, endowment income, and other earnings. For a list of the tuition charges and fees, see the Tuition and Fee Schedule in this catalog. (For a list of applicable Center for Online and Extended Education programs, Northwest University Oregon, and Graduate Program charges and fees, see the appropriate Program's catalog pages or Student Handbook.)

Financial Payment

Room And Board Information

The board/room charge is required of all students living in the residence halls, and entitles students to meals beginning when the Dining Hall (The Caf) opens to the general student population before semester classes begin and expiring with the noon meal on the last day of final examinations each semester. The University reserves the right to change the rates during the year if it is deemed necessary.

Educational Benefits

Northwest University is approved as an educational institution for the training of veterans or their dependents. Applications are available on the Department of Veterans Affairs website at <https://www.benefits.va.gov/gibill/>. Those qualifying under the extended Social Security Act should apply for benefits at their local offices of the Social Security Administration. The University will make the proper certifications as to enrollment and attendance after the student has enrolled in the University.

Any veteran receiving GI Bill® benefits while attending Northwest University is required to obtain transcripts from all previously attended schools and submit them to the school for review of prior credit.

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent enrollment
- Assess a late penalty fee
- Require student secure alternative or additional funding
- Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution

However, to qualify for this provision, such students may be required to:

- Produce the Certificate of Eligibility by the first day of class;
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies

Financial Policy

University financial policies are outlined in the Master Financial Agreement. This agreement is signed as a part of the registration process.

Payment of Accounts

The Kirkland Undergraduate academic year is divided into two semesters of approximately four months each, and tuition is based on the semester. It is the policy of the University that there can be no outstanding past due amount at registration. All past due and old accounts must be settled. The payment of accounts policy also applies to those qualifying for veteran's benefits and outside scholarships.

Pay In Full Plan

To avoid late fees, tuition, fees, and semester housing charges are to be paid in full by September 25th for fall semester, January 25th for spring semester, and May 25th for summer semester.

Monthly Payment Plan

Northwest University offers payment plans through **Nelnet Campus Commerce (Nelnet)**. Nelnet is a budgeting service which allows students to pay their education expenses in smaller, more manageable monthly installments. They provide three to six month payment plans per semester to help students manage the cost of education.

Payment plans are set up with Nelnet for each academic term based on the student's estimated charges less financial aid (including loans, if applicable) for the semester. There is a \$75 enrollment fee per semester for these plans. For more information, please visit <https://www.northwestu.edu/financial-aid/undergraduate/payments-late-charges/> or call 1-800-722-4867.

33

Late Fees

Northwest will charge late fees as follows: For balances between \$0.00 and \$25.00, the late fee will be zero. For balances \$25.01 and over a 1.5% late fee will be assessed monthly on the outstanding charges up to a maximum of \$100. If you qualify for VA benefits under Chapter 31 and 33, late fees will not be assessed due to the late receipt of VA benefits.

Past Due Accounts

A student is considered past due if:

- If they have an owing balance after the payment due date of September 25th for fall semester, January 25 for spring semester, and May 25th for summer semester.
- If any new charges are assessed after the academic term has started and are not paid within 30 days.

Students failing to pay in full by the due date will be contacted through their Northwest University email and/or by telephone by Student Financial Services. The student may also be contacted by campus registered mail and Northwest University personnel which may include staff from the Student Development Office and/or professors. Efforts to communicate will be made for a period of approximately 45 days.

If, after these efforts are accomplished and it is clear that the student is aware that payments are delinquent, and reasonable attempts to address the financial obligations have not been made, the student will no longer be allowed meal card privileges, and/or Internet privileges.

If the financial problems persist, on-campus resident students will no longer be allowed to live in on-campus housing, and may be suspended from class until a solution is reached between Student Financial Services and the student. Students failing to respond will be withdrawn from the University by the Provost.

Since financial responsibility is part of the educational process, Student Financial Services encourages students to meet and counsel with the University personnel any time a financial problem arises. The University reserves the right to assign delinquent accounts to an agency for collection.

Cancellation of Registration

The Registration Cancellation policy applies to fall and spring semesters. Note that private music lesson fees (after the contract is signed) and those cancellation penalties are not indicated below. Housing charges will be prorated for the days occupied based on the percentages listed below under Withdrawal from University Housing. See the Academic Calendar for the applicable First Day of Class.

Cancellation of Registration – A student who registers for class but decides not to attend must notify the Registrar's Office in writing before the end of business on the last day of the Add/Drop Period. Proper notification will cancel the tuition and related charges.

International Students – A \$1,500 cancellation fee will be charged to international students who are admitted but, upon entering the U.S. or approval of change of status, immediately request to transfer to another institution (without attending any NU classes).

Cancellation after Add/Drop Period if any classes were attended – Cancellation after the end of business on the last day of the Add/Drop Period is considered a Withdrawal from University (see next section for more details).

34

Withdrawal from University

Students may withdraw from the University up through 5:00 PM on the last day of classes. Tuition adjustments will be made on the accounts of students who withdraw from school during the semester subject to the following conditions:

- The student must have officially withdrawn from the University;
- Institutional financial aid will be removed during the semester of withdrawal – this includes but is not limited to NU scholarships and tuition credits;
- Exit clearance from Housing Personnel is required for all students living in campus housing;
- Tuition will be charged according to the Tuition Charge and Refund Schedule based upon the date the Request Registration Change Form is submitted (tuition is charged based on the highest number of credits during the semester); fees are nonrefundable.

During Summer University, adding or dropping of courses must be made prior to 5:00 p.m. on the next business day after the respective class begins.

Withdrawal from University Housing

The housing cancellation policy applies to all semester housing charges. The semester charge begins the weekend prior to the start of the term. See the Academic Calendar for the applicable first day of classes.

All Residential Students

Cancellation received after the first day of the semester charge – Resident is subject to the prorated semester charge according to the chart below based upon the following conditions:

- A written cancellation from the Registrar's Office must have been received in the housing office.
- The student submitted the Housing Cancellation Form to the housing office and checked out of their room/apartment with housing personnel.
- For billing purposes, a week begins on Saturday and ends on Friday.
 - 2.5% per day during first week of semester charges
 - 20% during second week of semester charges
 - 32% during third week of semester charges
 - 44% during fourth week of semester charges
 - 56% during fifth week of semester charges
 - 68% during sixth week of semester charges
 - 80% during seventh week of semester charges
 - 92% during the eighth week of semester charges
 - 100% after eighth week of semester charges

Withdrawal from University – Administrative

If a student is absent from all classes for more than two weeks consecutively without contacting the Registrar's or Provost's Office to explain the reason for his or her absences, the University has the authority to administratively withdraw the student from all course enrollments and to assign unearned grades of "F" to each course. In this case, the official withdrawal date for financial obligation purposes will be based on the last date of class attendance as certified by faculty and verified by the Registrar's Office.

35

Add/Drop Period (Adding and Dropping Courses)

Courses may be added or dropped through the first 7 calendar days of the term or 8-week session* (Add/Drop Period). During this period, students may add or drop courses via their PowerCAMPUS Self-Service account or by filing a properly completed Request Registration Change Form in the Registrar's Office. Courses dropped during the Add/Drop Period will be removed from the student's schedule and receive 100% tuition refund. After the end of the Add/Drop Period, a student can no longer add or drop courses but may still withdraw from courses during the Course Withdrawal Period. (See Academic Information and Policies and Withdrawing from Classes sections for additional information on course withdrawals.)

**only applies to courses following the 8-week session academic calendar*

FIRs Apt (2b/2b)-Renovated (includes water, sewer, gas, waste management, and internet service)	1,320.00

Financial Assistance

Northwest University offers scholarships and grants, and participates in the Federal Student Aid and Washington State Aid Programs (including grants, loans, and work-study). Students receiving a University funded award must comply with guidelines found in the Community Handbook. All financial aid recipients must sign and return a copy of the University's "Financial Aid Terms and Conditions" to Student Financial Services within 30 days of receipt. Students must maintain satisfactory academic progress as outlined in the Satisfactory Academic Progress Policy for financial aid, unless additional requirements are noted with the award. Financial aid awards must be applied for each year.

This section contains information primarily applicable to the Traditional Undergraduate Program. For financial aid information for the Center for Online and Extended Educations (COEE) and Graduate programs, refer to the respective Program's catalog pages or Student Handbook.

Institutional Aid

Academic Scholarships

First-time Student

Eligibility and amount for first-time students are awarded based on submitted GPA and test scores. The scholarship is renewable based on meeting the satisfactory academic progress policy stated later in this catalog.

	Award
Northwest Scholarship	\$8,000
Faculty Scholarship	\$12,000
Dean Scholarship	\$14,000
Provost Scholarship	\$16,000

Transfer Student

Eligibility and amount for transfer students (those who have completed 20 semester or 30 quarter credits) are awarded based on the GPA from submitted official transcripts. The scholarship is renewable based on meeting the satisfactory academic progress policy stated later in this catalog.

	Award	GPA
Transfer Northwest Scholarship	\$6,000	2.50 - 2.99
Transfer Faculty Scholarship	\$8,000	3.00 - 3.29

Transfer Dean Scholarship	\$10,000	3.3 - 3.59
Transfer Provost Scholarship	\$12,000	3.6+

- Application – The admission application, academic transcripts and test scores serve as the application for the academic scholarship. Eligibility is determined after the student is accepted to attend the University.
- The scholarships require full-time study

Northwest Athletic Scholarship

- Eligibility – Recognized athletic talent
- Amount – Determined by coach's talent assessment

Northwest University Grant

- Eligibility – Based upon financial need
- Amount – Varies each year based upon need and other awards received
- Deadline – Priority deadline is February 15th
- Application – Free Application for Federal Student Aid (FAFSA)
- Renewal – Must apply for financial aid and maintain satisfactory academic progress for financial aid. (May receive for up to eight semesters.)

Northwest University Reserve Officer Training Corps (ROTC) Housing Scholarship

42

- Eligibility – Must be a full time student, taking ROTC classes as an elective, and receiving the ROTC Scholarship.
- Amount – Covers cost of Room and Board for an NU residence hall room (double occupancy), or NU student apartment, cost of room only.
- Application – Receipt of ROTC Scholarship serves as the application for this scholarship.
- Renewal – Based on enrollment and status in ROTC program.

Northwest University Yellow Ribbon Scholarship

- Eligibility – Must receive confirmed eligibility for Yellow Ribbon/Post 911 benefits from the Department of Veterans Affairs.
- Amount – Varies depending on VA contribution and number of credits enrolled.
- Application – Available through the VA Administration www.gibill.va.gov.
- Renewal – Must maintain Satisfactory Academic Progress and remain eligible through the Department of Veterans Affairs. (May receive for up to eight semesters of continuous enrollment.)

President's Scholar

- Eligibility – First-time Freshmen, High School GPA of 3.75, Minimum SAT of 1300 or minimum ACT of 28
- Full-time study
- Students are selected through the invitational President's Scholarship Competition, an on-campus two-day event held each spring. Contact the Admissions Office.

- Amount – Up to five 100% tuition scholarships are awarded
- Deadline – February 1st
 - Renewal – Student must reside on-campus
 - Leadership participation is required; this includes attendance at Scholars Activities and participation as an Orientation Leader. Additional participation options include, but are not limited to, ASNU Office, Resident Assistants, Small Group Leaders, Karisma and Talon staff.
- May not receive with other Institutional Scholarships

Reserve Officer Training Corps (ROTC) Scholarships

- Available to – Incoming Freshmen and Transfer students.
- Eligibility – Must be a full time student, taking ROTC classes as an elective.
- Amount – Provides full tuition per year. Additional benefits include a yearly book allowance and a monthly stipend.
- Application
 - Army ROTC – For more information call the battalion's recruiting officer at (206) 543-9010 or see website at: <http://depts.washington.edu/armyrotc/>.
 - Air Force ROTC – For more information call the Unit Admissions Officers at (206) 543-2360 or see website at: <https://www.washington.edu/afrotc/>

Music Scholarships

- Available to – full-time first year and transfer students (Kirkland campus).
- Eligibility – Recognized talent in music (instrumental or vocal)
- Amount – Varies at the discretion of the Music Department faculty. Music scholarships are provided for a maximum of eight semesters.
- Deadline – Music scholarship auditions for new students enrolling in the Fall or Spring Term must be completed by the annual audition deadline the school year prior.
- Application – A submitted Northwest University application and supplemental music application is required for audition. Auditions are generally held on campus with department faculty.
- Renewal – Recipient must be registered for and participate in at least one music ensemble as designated per their scholarship offer letter. Recipient must also take applied music lessons in their awarded talent area. Passing grades in these courses are required for renewal.

Theatre Scholarships

- Available to – Undergraduate Kirkland Campus First-Year and Running Start Students, Undergraduate Kirkland Campus Transfer Students.
- Eligibility – Recognized theatrical performance or design/technical talent with active participation in theatre production as determined by Theatre Department faculty.
- Award Amount – Amounts vary at the discretion of Theatre Department faculty. There are a limited number of scholarships awarded each year. Theatre scholarships are provided for a maximum of eight semesters.
- Application – A submitted Northwest University application is required for audition. Auditions are generally held on-campus. Learn more and sign up for a live audition with the Theatre Department faculty.
- Deadline – Theatre Scholarship auditions for new students enrolling in the Fall Term must be completed by the annual audition deadline. Learn more and sign up here.
- Renewal – Recipients must participate in at least one theatrical performance per semester while enrolled at NU. Failure to meet these requirements results in loss of theatre scholarship. In addition, recipients must meet satisfactory academic progress standards.

Visit Scholarship

- Eligibility – New students who attend a scheduled visit by February 15 of their senior year.
- Amount – \$500
- Renewal – Not renewable, one time award only

Student Participation Scholarships

All participation scholarships are available only to students who have attended Northwest University for at least one semester.

Commuter Activities Representatives

- Eligibility – Selected by the Student Development staff to lead commuter student activities
- Amount varies.

Intramural Coordinator

- Eligibility – Selected to a position on the Intramural Staff
- Amount varies.

Northwest University Student Government

44

- Eligibility – Elected to positions in student government.
- Amount – Amount varies based upon position held.

Residence Assistants

- Eligibility – Selected by the Student Development staff to serve in the Residence Halls and Student Apartments
- Amount varies.

SOAR Leaders

- Eligibility – Selected by the Student Development staff to lead student activities during the summer SOAR academic registration
- Amount varies.

Student Activities Board

- Eligibility – Selected by the Student Development staff to lead student activities during
- Amount varies.

Talon

- Eligibility – Selected to a position on the Talon Newspaper staff
- Amount varies.

Private Donor Scholarships

Endowed and Restricted Scholarship Funds

Endowed scholarship funds provide financial assistance to qualified students attending Northwest University. Due to an ever-increasing interest on the part of alumni and friends of the University, new scholarship funds are being added each year. When established these scholarship funds are often in memory or in honor of loved ones or a significant person.

Eligibility – Eligibility is dependent upon a student's enrollment in a program of study, or extended to include academic performance, financial need, a specific major, church affiliation, or home geographical area. Most funding is for continuing students. A first-time freshman's eligibility for specific scholarships is determined by the Admission Application.

Washington State Aid

Due to state law, Washington State financial aid is not available to students pursuing a major or minor offered by the College of Ministry (including the Ministry Leadership major offered through the Center for Online and Extended Education programs).

45

Washington College Grant (WCG)

- Eligibility –
 - Meet Washington State residency requirements according to RCW 28B.15.012(2)(a)-(e).
 - Demonstrate financial need as defined under RCW 28B.92.030.
 - Meet family income eligibility based on Median Family Income (MFI) level.
 - Be an undergraduate student.
 - Must not be pursuing/intending to pursue a degree (major or minor) in ministry or theology.
 - Enroll in at least 3 credits per term (i.e., semester, trimester, etc.).
 - Enroll in an eligible degree program
- Amount – Washington College Grant amount varies from year to year based on the State funding available.
- Renewal – Based on annual review of eligibility, State funding, and State laws

Students who receive Washington College Grant must sign the "WCG Agreement and Directive" in order to receive funds each term from Student Financial Services.

WCG recipients agree that the Washington Student Achievement Council Board (the Washington State Agency that issues the grant) and Northwest University reserve the right to withdraw, reduce, or modify the grant due to funding limitations or due to changes in circumstances which will affect the student's eligibility for the Washington College Grant.

Federal Aid

Federal Pell Grant

- Eligibility – Financial need as determined by federal methodology
- Amount – The Federal Pell Grant amount varies from year to year based on federal funding available.
- Renewal – Based on annual review of need
- Students may receive Federal Pell Grant for up to six years (12 semesters) of full time attendance

The Federal Pell Grant is available to students who attend at least part time (six credits). In certain situations, however, a student who is enrolled for less than six credits may be eligible for a Pell Grant.

Federal Supplemental Educational Opportunity Grants (FSEOG)

- Eligibility – Priority is given to Federal Pell recipients.
- Amount – Average amount is \$3,000 per year. Amount varies from year to year based on federal funding available.
- Renewal – Based on annual review of need and school allocation

Teacher Education Assistance for College Higher Education Grant (TEACH)

- Eligibility – Accepted into the College of Education
 - Achieved a 3.25 cumulative GPA or score above the 75th percentile on an Admissions Test
 - Completed Teach Agreement to Serve Application (ATS)
 - Attended yearly TEACH Grant Counseling session
- Amount - determined by the Department of Education
 - Renewal – Maintain 3.25 Cumulative GPA
 - ATS Renewal Application
 - Counseling session
- Terms
 - Agree to serve in a high need, low income school after completion of academic program.
 - If student does not meet requirements, grant becomes an Unsubsidized loan.

46

Federal Direct Loans

Aggregate Loan Limits – Undergraduate students cannot take out a total of more than the following aggregate amounts during their time in school:

- Undergraduate Dependent Federal Direct Subsidized and Unsubsidized limit – \$31,000
- Undergraduate Independent Federal Direct Subsidized and Unsubsidized – \$57,500

Federal Direct Subsidized Loan

- Eligibility – Financial need as determined by the Free Application for Federal Student Aid (FAFSA).
- Amounts – Annual amounts are based upon the cumulative number of credits a student has earned toward their academic program. The following chart lists the requirements.

Class	Credits	Amount
Freshmen	0 – 29	\$3,500
Sophomore	30 – 59	\$4,500
Junior	60 – 89	\$5,500
Senior	90+	\$5,500

- **Renewal** – Based on annual review of need. Application is required annually and student must maintain satisfactory academic progress.
- **Terms** – Payment of principal and interest accrual begins six months after the student ceases to be enrolled at least half-time; interest is deferred while the student is enrolled at least half-time; interest rate varies – loan fees are charged according to Federal laws (maximum is 2%). If a student graduates or ceases to attend at least half time, he/she is required to complete exit counseling online.

Federal Direct Unsubsidized Loan

- **Eligibility** – Not need-based.
- **Amount** – Annual amounts are based upon the cumulative number of credits a student has earned toward their academic program. Additional amounts are available to independent students and dependent students whose parents are unable to borrow a Federal Direct PLUS Loan. The chart below reflects the maximum annual loan limit a student may receive for each grade level. If a student is not eligible for a subsidized loan, they may receive an unsubsidized loan up to the full annual limit listed below. If a student is eligible for a subsidized loan, those funds are included in the annual limit, and subtracted from the amounts below when determining the annual unsubsidized loan limit.

Class	Credits	Dependent Student	Independent Student
Freshman	0 – 29	\$5,500*	\$9,500*
Sophomore	30 – 59	\$6,500*	\$10,500*
Junior	60 – 89	\$7,500*	\$12,500*
Senior	90+	\$7,500*	\$12,500*

47

**If student is eligible for a subsidized loan, those funds are included in the annual limit and subtracted from the amounts above when determining their annual unsubsidized loan amount.*

- **Renewal** – Application is required annually and student must maintain satisfactory academic progress.
- **Terms** – Borrowers are responsible for the interest while they are enrolled and during repayment period. Interest payments can be deferred while the student is in school and during their grace period. Payment of principle and interest begins six months after the student ceases to be enrolled at least half-time. Interest rates, loan fees, application, and disbursement process are the same as for the Federal Direct Subsidized Loan. If a student graduates or ceases to attend at least half time, he/she is required to complete exit counseling online.

Federal Direct Parent Loan (PLUS)

- **Eligibility** – Not need-based. Borrower must be the biological or adoptive parent (or in some cases, stepparent) of a dependent undergraduate student enrolled at least half-time in an eligible degree program, must not have an adverse credit history (a credit-check will be performed), and must be a U.S. citizen or eligible noncitizen and meet all other general eligibility requirements for federal student aid.
- **Amount** – The maximum amount is the student's estimated budget minus financial aid.
- **Renewal** – Application is required annually. In addition, student must re-apply for financial aid annually and maintain satisfactory academic progress.
- **Terms** – Repayment of principle and interest begins 60 days after the last disbursement.

REMEMBER – up to 2% of the total amount of the Federal Direct Subsidized Loan, and Unsubsidized Loan, and up to 5% Federal Direct PLUS Loan may be deducted as a guaranty and origination fee.

Work Study

The purpose of the Northwest University Work Study program is to provide financial assistance to needy students by facilitating part-time employment. To participate, you must be awarded "Work Study" as part of your financial aid package. There are Work Study jobs on and off campus.

Federal Work Study

Federal Work Study employees work on-campus and are paid by the University. Students work an average of 12-15 hours per week, but are able to work up to 20 hours (if the supervisor approves).

Federal Work Study Community Service

Federal Work Study Community Service employees work off-campus, and are paid by their employer. Students work a variety of hours, up to 19 per week. Students are employed by local school districts to work with elementary school students, or by community service organizations working as job coaches and mentors to High School students with a variety of disabilities.

Washington State Work Study

Washington State Work Study employees work on and off-campus and are paid by their employer. Washington State Work Study eligible students are encouraged to locate jobs that are related to their academic or career goals. Students work an average of 12-15 hours per week, but are able to work up to 19 hours (if the supervisor approves). Being a Washington State resident is required for participation the State Work Study Program.

48

Applying for a Work Study Position

On-Campus

The Human Resources Office administers On-Campus Work Study positions. If you are interested in working on-campus, please contact the Human Resources Department. You will be sent an employment application. Completed and returned applications are reviewed by department supervisors who make hiring decisions based on student skills and experience. For more information visit: <http://www.northwestu.edu/jobs/student>.

Off-Campus

Students pursuing a major or minor offered by the College of Ministry (including the Ministry Leadership major offered through the Center for Online and Extended Education programs) do not qualify for off-campus Work Study through the State of Washington.

Student Financial Services administers Washington State Work Study positions. Students interested in finding a job off-campus (preferably related to their academic or career goals) should contact the Work Study Coordinator in Student Financial Services. Off-Campus job openings are posted online at <http://eagle.northwestu.edu/jobsearch/> Students preparing to interview for an off-campus Work Study position must contact Student Financial Services.

Points to Remember

- An offer of Work Study is not a guarantee of a job.
- Students may not earn more than their eligibility.
- Students may not begin working until the appropriate employment forms are submitted to the Work Study Coordinator.

If a student is not eligible for the Work Study program, they may seek employment through the Job Search Program at Northwest University. This program assists students in locating a job that is best suited for them. Information regarding the Job Search Program can be obtained through the Human Resources Office.

Summer Financial Aid

To be eligible for summer aid, you must have filed a Free Application for Federal Student Aid (FAFSA), and Student Financial Services must have received the results of that application for the current school year. For example, if you are applying for financial aid for the summer of 2021, you must file a 2020/2021 FAFSA by June 30th 2021.

Summer aid is determined by the number of credits in which a student is enrolled. The minimum number of credits in which you must be enrolled to be eligible for Federal Direct Loans is six credits. The financial aid available for summer is:

- **Federal Direct Loans:** This aid is available if you have eligibility remaining. You may borrow a certain amount each school year based upon your class standing and eligibility.
- **Pell Grant:** This aid is available for summer if you meet the eligibility criteria for the program and are enrolled for at least six credits.
- **Washington College Grant:** This aid is available based on eligibility criteria as determined by the Washington Student Achievement Council.
- **Federal Direct PLUS Loan:** This aid is available if your parent is approved for the loan.
- **Alternative Loan:** This aid is available if you are approved for the loan.

Special Circumstances

Sometimes your family may have a change of employment, additional expenses, or emergency situations. Student Financial Services has a "Special Circumstances Form" which allows you to specify your unique situation. You will need to provide documentation along with this form, and it takes approximately four weeks to process. Only one special circumstance is processed during your time at Northwest University.

Financial Aid Application

Apply for financial aid at Northwest University by submitting a Free Application For Federal Student Aid (FAFSA) online at <https://studentaid.gov/h/apply-for-aid/fafsa>

Eligibility

To be eligible for federal and/or state financial aid a student must:

- Be admitted to Northwest University
- Be pursuing an eligible degree program (does not include concurrent credit or certificate programs)
- Be a U.S. citizen, or a permanent resident of the U.S., or an eligible non-citizen
- Have financial need for need-based state or federal aid (need is determined by the results of a processed FAFSA)

- Not owe an overpayment on any Title IV educational grant or be in default on a Title IV educational loan
- Maintain satisfactory academic progress

Full-time students receive priority consideration for campus-based funds.

Disbursement of Aid

Financial aid is generally credited to individual student accounts in equal disbursements by semester. The specific amount to be disbursed each semester is indicated on the student's Financial Aid Offer. Most often, an award is divided into two equal payments, with one half disbursing at the beginning of the first semester, and the other half disbursing at the beginning of the second semester.

Financial aid generally begins disbursing approximately one week prior to the first day of classes for the semester and continues twice weekly thereafter. To have aid disbursed, the student must have completed the financial aid process and meet all disbursement eligibility requirements.

Satisfactory Academic Progress (SAP)

All students in an eligible degree must make satisfactory academic progress to receive financial aid. Financial aid applicants are required to meet the standards described below for all terms of attendance, including terms when no aid is received. Your cumulative grade point average must be a 2.0 and you are required to complete at least 67% of credit hours attempted to remain eligible for financial aid.

SAP will be checked annually in June. Students who fail to meet either the grade point average and/or complete at least 67% of credit hours attempted will be suspended from financial aid.

You may appeal the suspension in writing to Student Financial Services. If the appeal is approved, the student will be on Financial Aid Probation and has at least one additional semester to meet the credit completion and GPA expectations.

Withdrawing from Classes

Students who receive financial aid during the semester in which they withdraw are not considered to be making satisfactory academic progress.

The date of withdrawal will be based on the day the student contacts the Registrar's Office and indicates a desire to officially withdraw, or the last date of documented attendance, whichever is later. For financial aid purposes, students who unofficially withdraw from Northwest University (cease to attend classes without notifying the Registrar) will be considered to have withdrawn after 50% of the semester has passed or the last date of documented attendance, whichever is later.

Student Financial Services will determine the eligibility for a refund of charges for the semester based on the withdrawal date. Tuition will be charged according to the chart below based upon the withdrawal date. Tuition is charged based on the highest number of credits registered for during the semester:

Kirkland Undergraduate Program

Week of Class	Tuition % Charged
Week 2	20%
Week 3	32%
Week 4	44%
Week 5	56%
Week 6	68%

Week 7	80%
Week 8	92%
Week 9 and later	100%

According to federal regulations, federal funds must be returned to federal programs based on the percent of the term that a student is no longer enrolled. Student Financial Services will determine how much of a student's federal aid was "unearned" as defined by the federal regulations, and then return the "unearned" aid in the following order to the programs from which the student received aid:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Direct PLUS Loan
4. Federal Pell Grant
5. Federal Iraq and Afghanistan Service Grant (IASG)
6. Federal Supplemental Educational Opportunity Grant (FSEOG)
7. Federal Teacher Education Assistance for College and Higher Education Grant (TEACH)
8. Other Title IV Programs

Institutional aid, including but not limited to grants and scholarships, may be removed from the student's account during the semester of withdrawal.

If you have received federal and/or state aid in the form of cash to assist you with non-institutional charges, you may need to repay up to 50% of the grant funds that you received. This may include:

- Federal Pell Grant
- Federal Iraq and Afghanistan Service Grant (IASG)
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Teacher Education Assistance for College and Higher Education Grant (TEACH)
- Washington College Grant (WCG)

For a detailed copy of the refund calculation, please contact Student Financial Services.

Verification

Verification is a federal process which requires Northwest University to check the accuracy of the information you and/or your parents reported when applying for federal financial aid. Information is verified by securing additional documentation. The documents necessary to verify these items are described on your Financial Aid Offer. Corrections to the data will be submitted to the United States Department of Education, if necessary. A revised offer indicating any specific actions needed or changes to your financial aid award will be sent to you. Financial aid will not be disbursed and federal loans will not be originated until verification is complete. If documents are not submitted within 30 days of request, or one month prior to the end of the semester, the offer of financial assistance may be cancelled.

Academic Information and Policies

The academic services and policies of Northwest University are overseen by the Provost's Office and administered through the academic schools and colleges, and various academic services offices. Their goal is to ensure that students obtain and demonstrate the knowledge, skills, and attitudes described by the academic programs throughout this catalog. These programs balance the high standards established by the University's faculty and its accrediting associations with the high cost of attending an educational institution. The outcome is an educational experience designed to deliver and verify students' mastery of the essential elements expected of University graduates in today's society. This will enable them to fulfill the University's mission of preparing students for service and leadership. Some services may be customized at a specific location or modality.

Academic Support Offices

Provost's Office

The Provost's Office coordinates all academic services. It produces and maintains the academic calendar for the University. It considers all academic petitions and appeals. It also monitors students' academic progress, including producing academic honor rolls /suspension notifications. The Provost's Office is located in the Randall K. Barton Building at 11220 NE 53rd on the southeast corner of the campus.

Registrar's Office

The Registrar's Office processes academic course registrations, monitors progress towards program completion, and maintains records of academic achievement. It certifies student enrollment and serves veterans utilizing their educational benefits. It also verifies all courses transferred into the University intended to be applied to students' degree requirements. The Registrar's Office is located in the Davis Administrative Center.

52

Academic Success and Advising

The Jacquelyn F. Randolph Academic Success and Advising Center, located in the Ness Academic Center, helps students achieve their goals while at Northwest University. Academic Success is a valuable referral service, supporting students in their adjustment to college life; helping connect students with tutors; assisting students in obtaining the support they need from various University services; coordinating seminars for academic success; and arranging classroom accommodations for students with disabilities. Academic Success works closely with other departments, such as Residence Life, Campus Ministries, and Counseling/Career Services, to assist students in becoming more effective servants in the church and the world.

In addition to the Office of Academic Success and Advising, each student is assigned a faculty member as an academic advisor. Generally, the faculty member is part of the academic discipline chosen by the student as a major.

With the coordination of the faculty as advisors, the Office of Student Success, Provost, and Student Development services, every student receives intentionally tailored attention to provide the means to achieve identified goals for the glory of God.

Writing Center

The Writing Center, located in the D.V. Hurst Library, is overseen by English faculty and selected tutors to assist students in their research and writing projects. Operated throughout the academic year, students are supported through the many stages of defining the paper, researching the topic, and producing the report. The hours of operation are posted each semester, with the ability to make appointments with the Lab at other times always available.

Academic Computing

The Student Computer Laboratory, strategically located in the Hurst Library, provides students and classes with the most current software and hardware to support their academic program needs. This facility provides network and Internet access to students for academic, professional, and personal research. The computer lab is open 24/7.

Personal computers are an important part of the student's educational experience. Assistance is provided through the University's Information Technology department, via their website: <http://eagle.northwestu.edu>. Assistance is also available by contacting the Help Desk at help@northwestu.edu.

Institutional Review Board

The Northwest University Institutional Review Board (NU IRB) is a federally regulated committee that directs the care of participants in research affiliated with the University. In particular, the job of the NU IRB is to establish and enforce ethical guidelines to protect participants from harm and to respect their personal dignity, especially those individuals who have limited understanding of the risks of their participation or who have diminished decision-making abilities. Unless exempt, research projects affiliated with Northwest University must be approved by the NU IRB for the duration of the project. See the Institutional Review Board link on the Provost's Eagle Page for further information.

53

Failure to adhere to federal laws relating to use of human subject(s) in research or the requirements of the NU IRB constitutes noncompliance. Examples include conducting research outside of NU IRB approval dates, not following NU IRB requirements, or failure to be forthcoming about research projects. Instances of possible noncompliance shall be brought to the NU IRB full committee for discussion and investigation. The NU IRB will conclude one of the following outcomes.

- The instance does not constitute noncompliance and will be dismissed
- The instance constitutes noncompliance that can be ameliorated via a Corrective Plan proposed by the primary investigator (PI) and subsequently agreed upon by the NU IRB
- The instance constitutes noncompliance that is either serious or continuous
- Serious noncompliance is that which increases risks to participants, intentionally violates policies, or is otherwise deemed serious by the NU IRB.
- A continuous instance of noncompliance is a pattern of violating the federal laws governing research involving human subjects, or the requirements of the NU IRB, whether intentionally or not.

Consequences of serious or continuous noncompliance will be decided by the University Provost, in conjunction with the IRB committee, associated Academic Dean, and dissertation/thesis committee chair in instances involving student-PIs. Those consequences may include

- withdrawal of IRB approval
- modifications to the study protocol
- increased monitoring of the research project including access to the data where needed
- suspension or termination of the research project
- termination of current and future research projects
- dismissal from the University

Membership

The National Institute of Health specifies that the board must have at least five members who represent a variety of backgrounds. In particular federal policy indicates that at least one member of the committee must be a scientist, one member a non-scientist and one member must not be affiliated with the institution in question.

NU Animal Care and Use Committee

The Northwest University (NU) Animal Care and Use Committee is committed to responsible oversight of the use of vertebrate animals in research, testing and exhibition in accordance with Public Health Service Policy. The Committee assures that all use of animals at NU is in compliance with the Animal Welfare Act, the Public Health Service (PHS) Policy on Humane Care and Use of Laboratory Animals, the Guide for the Care and Use of Laboratory Animals and all other applicable federal, state and local regulations, policies and procedures.

The NU-ACUC will normally meet every other month (beginning with September) during the academic year, provided a protocol has been submitted for approval. If no protocols have been submitted for approval, the committee will plan to meet at the next regularly scheduled meeting time. Special meetings may be called by the ACUC Chair or the Institutional Officer as needed. The dates of the planned NU-ACUC Meetings will be made available via the Office of the Provost website.

Membership

The NU-ACUC will be comprised of no fewer than three (3) voting members, including an appointed Chair, one practicing scientist experienced in animal research, and one nonscientific-background NU faculty member.

Library

54

The Hurst Library provides the Northwest University community with collections, services, and spaces that foster the integration of biblical faith with the academic research process. Library collections can be searched from the library website (<http://library.northwestu.edu/>) and most are available online.

Collections include substantial electronic journal, ebook, and print book holdings covering all subject areas as well as the Textbook Collection, Children's and YA Collections, Popular Reading Collection, the Perkins Judaic/Messianic Collection, the Pentecostal Collection, and the NU Archives.

Library services include research assistance, tutorials, interlibrary loan for books and articles, color printing and scanning, and computer and wireless access. Librarians are available for consultation for any information needs, by email to library@northwestu.edu or through 24/7 chat.

The NU Library has a physical location on each NU campus. On the Kirkland Campus, the Hurst Library provides a number of study environments including a 24-hour study space, collaborative group and individual study areas, as well as large and small study rooms.

Academic Policies and Procedures

Academic Honesty

Northwest University has intentionally developed a learning community that includes Academic Honesty as a foundational value and expects honesty from faculty and students in all areas, including academic lives.

Northwest University considers dishonest academic conduct by students to include any activity that allows a student to take an unfair advantage of fellow students. Examples of academic dishonesty by students include the following:

- Cheating on assignments or examinations.
- Submitting material that has been prepared by someone else or failure to give full credit to material prepared by someone else (plagiarism). Plagiarism is defined as "using someone else's ideas or phrasing and representing those ideas or phrasing as our own, either on purpose or through carelessness" (MLA).
- Arranging for another person to serve as test-taker.
- Seeking help from another person or source during a test in which collaboration is not permitted.
- Submitting the same (or essentially the same) paper in more than one course without prior consent of the current assigning professor(s).
- Making false statements in order to acquire special consideration from an instructor.
- Sabotaging another student's work.

Additionally, for faculty, academic dishonesty included unduly altering a student's grade or awarding points when not earned.

The Academic Honesty policy functions at Northwest University on an honor basis so faculty and staff agree to academic integrity standards upon hire and acknowledge willingness to enforce the policy and report misconduct. Academic dishonesty may result in the student failing the assignment, receiving an "F" in the course, or possibly being dismissed from the University. Instances of academic dishonesty are typically reported to the Provost's Office. Any student disciplined by a faculty member for alleged academic dishonesty has the right to appeal the disciplinary action. The student should initiate his/her appeal according to procedures outlined in the Northwest University Student Academic Appeals Policy, which is available in the Provost's Office or the Student Development Office.

Academic Load

A credit hour approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks, or the equivalent amount of coursework via an alternative time or modality.

University instructors assume two hours of outside study for each hour in class. Thus, a student carrying a fifteen-credit academic load has a forty-five hour work week. Students who must continue employment while attending the University should, therefore, reduce their loads to maintain a manageable work week. A student working more than twenty-five hours per week should limit his or her academic load to 13 credits. If the student is working more than 33 hours the academic load should be limited to 10 credits.

Student Category – Undergraduate Students

Full-time	12 or more credits in a semester
Part-time	1 - 11 credits in a semester
¾-time	9 - 11 credits in a semester
½-time	6 - 8 credits in a semester
Less than ½-time	1 - 5 credits in a semester

Student Category – Graduate Students

(refer to the Northwest University Graduate Catalog for program specifics)

Full-time	9 or more credits in a semester	6 or more credits in a semester
Part-time	1 - 8 credits in a semester	1 - 5 credits in a semester
¾-time	7 - 8 credits in a semester	5 credits in a semester
½-time	5 - 6* credits in a semester	4* credits in a semester

**Exception: graduate students enrolled in their respective graduate program's thesis or internship course will be considered as registered as a half-time student.*

Students must have their advisor's permission to enroll for more than 18 credits in a semester. (See also tuition schedule for over 18 credits)

Academic Registration

Students register for classes during scheduled registration periods. Late registration is from Monday through Friday of the first week of classes. Students are not permitted to register for credit after Friday of the first week of the semester.

No one will be admitted to classes until his or her registration is completed and approved by the Registrar's Office and tuition and fees have been paid or satisfactory arrangements have been made with Student Financial Services.

A student who registers for class but decides not to attend must notify the Registrar's Office in writing before the First Day of Class. This notification will cancel the tuition and related charges. See the section Cancellation of Registration under Financial Information for more information.

New Student Orientation

Student Orientation Advising and Registration (SOAR) and Orientation Week are scheduled time for on campus sessions and activities to ensure a successful transition to life at Northwest University. SOAR is the preliminary advising, registration, and initial networking and preparation piece for incoming students.

Academic Standing

Freshman:	0 - 29 semester credits completed satisfactorily
Sophomore:	30 - 59 semester credits completed satisfactorily
Junior:	60 - 89 semester credits completed satisfactorily
Senior:	90+ semester credits completed satisfactorily

Adding / Dropping Courses

Students may change their registration through adding or dropping courses either via their PowerCAMPUS Self-Service account or by filing a properly completed Request Registration Change Form in the Registrar's Office. After the Last Day to Add/Drop Courses (first 7 calendar days of the term or session; refer to the Academic Calendar), new courses cannot be added and courses cannot be dropped. (See Withdrawing from a Course for additional details.)

Anti-Plagiarism Software

When academic dishonesty occurs, the teaching-learning process is undermined and students rob themselves of the educational benefit intended by the assignment. To assist students and faculty, Northwest University is utilizing Turnitin.com, an online plagiarism detection service that conducts textual similarity review of submitted papers. When papers are submitted to Turnitin.com, the service will retain a copy of the submitted work in the Turnitin database for the sole purpose of detecting plagiarism in future submitted works. Students retain copyright of their original work.

Auditing Courses

An auditor is a person who wants to sit in a class but not be held responsible for the course work. Enrolled students have space priority over auditing students. Out of courtesy, the auditor will participate in discussions as allowed after consultation with the professor. An audited class requires the prior permission of the professor and is not recorded on the student's transcript.

Online courses are not available for Audit.

Junior and senior non-music majors are allowed to audit private music lessons for no credit and will be charged the regular Applied Music Lesson fee and the Undergraduate Course Auditing fee. Declared Music Ministry and the Bachelor of Music will also be allowed to audit applied music lessons that are not a requirement for their major.

Graduates of Northwest University are allowed to audit one undergraduate course per year free of tuition.

Fees specific to the class (books, materials, lab fees, etc.) will be the responsibility of the auditor. (See the - Tuition & Fees page for tuition and fees that may be associated with auditing a course.)

Class Attendance

Classes are conducted with a view to helping students develop in knowledge and character. Student's attendance is assumed. If absences occur, the student is responsible for work missed. Because classes differ in purpose and character, individual instructors determine their specific requirements in course syllabi. All faculty include their attendance policies, if any, and define absences, tardies, early exits, and the effect that these may have upon grades. Appeals relating to attendance are addressed first to the instructor.

Class absences necessitated by required participation in University-sponsored activities are excused through the Provost's Office. The faculty or staff member submits a list of students participating, and the Provost's Office informs instructors of times the students are to be excused.

Undergraduate students in the College of Ministry Five-Year BA/MA program who are enrolled in a graduate course which meets during the same time(s) as an undergraduate course in which they are also enrolled will be allowed excused absence(s) from their undergraduate course. If, however, the undergraduate course class session(s) to be missed include(s) student presentations, exams, or other events of high priority, the student must attend the undergraduate course. In this case, the time taken to attend their undergraduate course will be considered excused absence(s) from their graduate course. In either case, undergraduate students in the Five-Year BA/MA program must communicate their enrollment in conflicting courses to their professors as early as possible during the semester during which the conflict will occur. Furthermore, all assignments in both courses will continue to be due as scheduled.

57

Limitations on absences impacting a student's grade due to missed assignments or activities are as follows:

- If a student is excused from a class through the Provost's Office, and if the excused absence includes an activity in which participation in the activity affects the grade, the student will be given an opportunity to make up the activity without incurring a grade penalty for the absence. The make-up can occur before or after the missed class, at the discretion of the instructor. The student is solely responsible for making contact with the instructor prior to the absence. This limitation on grade penalties does not apply to activities that are essential to the completion of the class and that cannot be reasonably rescheduled (for example, clinical responsibilities in a Nursing practicum class). If a student does not reach agreement with an instructor on the application of this limitation, appeal may be made according to procedures outlined in the *Northwest University Student Academic Appeals Policy* which is available in the Provost's Office and the Provost link on the Eagle website.
- If an instructor specifies a grade penalty for absences without distinguishing between excused and unexcused absences, the student will be allowed no less than a total of the number of absences required by her or his university-sponsored activities, plus the number of days the class meets in a week.

If a student is absent from all classes for more than two weeks consecutively without contacting the Registrar or Provost to explain the reason for his or her absences, the University has the authority to administratively withdraw the student from all course enrollments and to assign grades of "WZ" to each course.

Accommodations for Religious Holidays

Students enrolled at Northwest University are allowed to request reasonable academic accommodations for conflicts of faith or conscience for recognized religious holidays. Students who anticipate the need for an accommodation should provide advanced written notice well in advance to the faculty member and academic dean. The faculty member should consult with the academic dean in determining appropriate accommodations.

Class Eligibility

Before enrolling in any course the student is responsible to ensure all prerequisite courses or requirements have been fulfilled. In general, freshmen take 1000-level courses, sophomores 2000-level, juniors 3000-level, and seniors 4000-level courses. Students are permitted, however, to take courses below and one level above their academic standing. For example, a sophomore may be allowed to take courses numbered 1xxx - 3xxx. Exceptions to prerequisites or eligibility for a specific course must be approved by the instructor.

Class Schedules

Most classes are scheduled in fifty or seventy-five minute periods. Normally the instructional day begins at 8:00 a.m. and runs until 9:20 p.m. during weekdays. Selected courses may meet on Saturdays. Two chapel services are scheduled each Monday, Wednesday and Friday to accommodate student schedules. The student arranges a schedule according to the requirements of his or her own program. The University reserves the right to cancel any courses for which there is not sufficient registration.

Communication with Faculty and University Offices

58

The university recognizes two means of official communication with students: email sent to the student's Northwest University email address and USPS mail sent to the student's permanent address as recorded with the Registrar's Office. Students are responsible to read and respond to these messages and to keep their permanent address updated with the Registrar's Office. The university assumes that students have received all messages sent by these means and acts accordingly.

Courses and Degree Sequencing

Each Catalog year, the Academic Success and Advising department publishes eight-semester plans that outline the courses required for each degree and a suggested sequence for that coursework. Consideration is taken to observe prerequisites and class level for each course. Transfer students should work closely with their Academic Advisor to adjust these sequences to accommodate the courses they have transferred into the University. Semester plans are posted on the Eagle website by catalog year: <http://eagle.northwestu.edu/departments/academic-success/sample-page/semester-plans/>.

Course Repeats

Students may repeat any course for the purpose of changing a grade. The highest course grade is considered the grade of record as it pertains to credit toward graduation and to the official transcript. Recalculation will be reflected in the semester's Cumulative GPA. (Grades of W and WZ are not considered completed course grades.)

End of Term Assignments and Final Exams

To ensure that students are able to focus their attention more fully on preparation for their final exam, Northwest University has the following guidelines:

- During the last three weeks of the semester and during finals week, all written assignments, daily assignments, papers, presentations, projects, exams or quizzes should be due only if they were part of the original course syllabus.
- To provide students adequate time to prepare, final exams and major unit exams must be given during finals week.
- Requests for exceptions to this policy must be made by departments to the Academic Affairs Committee. During the last week of classroom instruction every effort should be made by the campus community to minimize assignments and campus activities.

Enrollment Certifications

The Registrar's Office certifies official enrollment verifications after the Last Day to Add/Drop Courses.

Online Courses

The University offers an increasing number of online courses. Their scheduling falls within the academic term in which they are offered, although more restrictive assignment time frames may be required for specific courses. Due to the unique nature of online courses, their dependence on the student's learning style and time management skills, and the fact that assignment scheduling may not match the traditional academic calendar:

- enrollment in online courses requires specific advisor approval, and
- students are limited to enrolling in one online course per semester. (Center for Online and Extended Education programs, graduate students, and non-matriculated undergraduate students are exempted from this limitation.)

59

Special Courses

Periodically, the University offers students the opportunity to register for courses that do not meet in the traditional classroom format. At times, a Special Topic may be offered over a specific area of study to enrich the curriculum. At other times, a student may desire to work with a faculty member through Independent Study in a specific discipline. The Courses of Instruction section lists Special Courses and a brief definition of each. In all cases, a professor will ensure the proper quantity and quality of work assigned and performed. The student's advisor must approve the registration schedule, including Special Courses. Ultimately, the student is responsible to ensure that all registered courses satisfy specific degree requirements.

Independent Study

All independent studies take place outside of the regular course schedule, involve a more significant amount of self-guided learning than traditional course offerings, and must be arranged in advance in negotiation with a willing instructor.

There are four types of Independent Studies:

A - Independent Studies of an existing catalogued course, initiated by the student and approved by the course instructor and the appropriate Dean. The student will be charged an additional Independent Study fee beyond tuition.

B - Independent Studies that provide an opportunity for students to study a topic not covered in an existing course, initiated by the student and approved by the course instructor and the appropriate Dean. Participating students must have a cumulative GPA of at least 3.0. The student will be charged an additional Independent Study fee beyond tuition.

C - Independent Studies that provide an opportunity for students to study a topic not covered in an existing course, initiated by a course instructor and with the approval of the appropriate Dean. Participating students must have a cumulative GPA of at least 3.0. The student will not be charged any additional fee beyond tuition.

D - Independent Studies of an existing catalogued course, initiated by the Dean of the College in which the course is offered. The student will not be charged any additional fee beyond tuition.

Summer University

The Summer University semester is designed to provide courses in areas of selected interest for enrichment and acceleration of students' progress toward graduation. The schedule is designed in a concentrated manner so as to be contained within one- to three-week sessions. From time to time shorter seminars and workshops are scheduled with guest lecturers who have expertise in special topics of current significance or professional value. Summer internship programs and practicums are also registered as part of the summer semester. A current summer course schedule may be obtained from the Registrar's Office.

The Last Day to Register and Last Day to Add/Drop campus-based courses for Summer University is the end of the second day of classes for that session. Some course assignments, independent studies, practicums and internships may extend through August. The applicable course schedule includes the exact dates.

Withdrawal from a Course

After the Last Day to Add/Drop Courses, students can withdraw from a course during the Course Withdrawal Period which is through the end of the 12th week of classes. In this event, the course remains on their transcript as a permanent part of their academic record, with a permanent grade of "W." Course withdrawal is not allowed after the Course Withdrawal Period. In the event a student has stopped attending classes in a course, as evidenced by missing over two consecutive weeks of classes without the instructor's permission, a student may be Administratively Withdrawn from a course. In this event, the course grade will be assigned as a "WZ."

Withdrawal from an Online Course

The Course Withdrawal Period for an online course is through the end of the last date of the course. In this event, the course remains on their transcript as a permanent part of their academic record, with a permanent grade of "W". The student can request a course withdrawal by submitting a properly completed Request Registration Change Form with the Registrar's Office. Course withdrawal is not allowed after the Course Withdrawal Period. In the event a student has stopped participating in a course over two consecutive weeks without the instructor's permission, a student may be Administratively Withdrawn from a course. In this event, the course grade will be assigned as a "WZ."

Withdrawal from the University

Students may withdraw from the University up through 5:00 PM on the Last Day of Classes. Withdrawals from the University (withdrawing from all courses in a semester) may be made by obtaining the proper form from the Registrar's Office, completing it, securing appropriate signatures, and filing it with the Registrar. If it is impossible to follow this procedure because of illness or emergency, the student must notify the Registrar within one week after leaving the University. The University reserves the right to require a letter of consent of parents or guardians for students less than 21 years of age.

If a student is absent from all classes for more than two weeks consecutively without contacting the Registrar or Provost to explain the reason for his or her absences, the University has the authority to administratively withdraw the student from all course enrollments and to assign grades of "F" to each course. The official withdrawal date for academic purposes will be the last date of class attendance as certified by faculty and verified by the Registrar's Office. The official withdrawal date for financial obligation purposes will be two weeks after this verified date.

Transfer of Credit into Northwest University

Transfer credits are usually considered during the admissions process, but at times enrolled students augment their schedules with credits from other institutions. All credits transferred into Northwest University after enrollment must be specifically approved to ensure applicability to the student's degree program by the Registrar's Office and the Dean of the school or college that offers the course for which the course applies. See the Northwest University Credit Transfer Guide for further details.

The flexibility built into the Core Curriculum helps transfer students utilize as many of their credits as possible. Additionally, transfer students benefit from the following provisions:

- When transfer students bring in courses that fulfill the Humanities and Social Science requirements, the Writing Practice standards do not apply.
- Transfer students can fulfill the Humanities requirement by transferring in nine credits from any two of the specified disciplines.
- Transfer students 20 years of age or older who bring in 47 or more transfer credits may replace UCOR 1053 Life Calling with an elective course.

Nontraditional Sources of Credit

61

Credits through Testing – Northwest University accepts credits earned through the Advanced Placement Testing Program (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), and the DANTES Subject Standardized Tests (D.S.S.T). Recommendations regarding college credit are made by the Registrar.

Language Testing Policy – Students wishing to earn foreign language credit through testing will now do so using ACTFL (American Council on the Teaching of Foreign Languages) exams. Northwest University will accept a total of 12 credits, a maximum of 6 credits earned through OPI (Oral Proficiency Interview) or 12 credits earned through WPT (Written Proficiency Test). 3 WPT credits may be applied toward the Core Curriculum Humanities requirement and additional credits count as elective credits. Complete policy and Test links listed on Provost's website.

<http://eagle.northwestu.edu/academics/office-of-the-provost>

Military Credit – Those having had military service may petition the Registrar's Office for credits based on learning through military experience. Northwest considers the recommendations of the American Council on Education (ACE) in evaluating military-based credits.

Prior Learning Assessment (PLA) Credit – Credit can be requested for learning from experiences that occurred outside of a traditional classroom setting. Students may submit a portfolio documenting such learning. Students are charged a CPL Assessment Fee when they submit a previously completed license or credential for assessment by a Northwest University content expert. Students are charged a PLA Assessment Fee per credit requested, when they submit a portfolio demonstrating their prior learning acquired in a non-academic setting for assessment by a Northwest University content expert. PLA Evaluation is supervised by the Director of the Center for Online and Extended Education.

Traditional Sources of Credit

Transfer of Credit from Regionally Accredited Colleges and Universities

Students desiring to transfer to the University from another institution accredited by one of the six regional associations must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Admissions Office. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of C- or better. (Some majors may have a higher grade requirement for some courses.)

Transfer of Credit from Non-Regionally Accredited Colleges and Universities

Academic work presented from colleges and universities that are recognized by the Council for Higher Education Accreditation (CHEA) database but not accredited by one of the six regional associations is subject to the following limitations and guidelines: transfer from all such sources is limited to a total of 30 semester credits;

- courses are considered on a course-by-course basis;
- acceptance of such credits is dependent upon the University's evaluation of the equivalency of course work and level of instruction;
- all such transfer credit is considered at the time of admission or readmission to the University;
- transfer credit from such sources must be validated by completion of a minimum of two semesters enrollment and 30 credits at Northwest University with grades of C- or better, and possibly by examination;
- only evaluations and commitments made in writing by the Registrar's Office will be considered as being applicable;
- college-level work considered occupational or remedial is not recognized for transfer; and
- enrolled students desiring to transfer credits from such institutions must obtain prior written approval from the Dean of the school or college into which the credits are to be transferred.

62

Alternate Ways to Earn Credit

Credit by Prior Learning Assessment (PLA)

Students may obtain credit for college-level learning through a variety of ways at Northwest University. The term Prior Learning Assessment (PLA) covers college-level learning that occurs both in and outside of an academic setting. Northwest University follows the standards for assessment of college-level learning as established by the Council for Adult and Experiential Learning (CAEL). PLA covers learning documented by the Portfolio process, Certified Prior Learning (CPL) as determined by national accrediting agencies, and credit obtained through the College-Level Examination Program (CLEP) or the DANTES Subject Standardized Tests (D.S.S.T).

- Portfolio: Students must consult with the Center for Online and Extended Education to develop a Portfolio that is designed to document the college-level learning they have acquired in a non-academic setting.
- CLEP/D.S.S.T: Refer to the CLEP/D.S.S.T Equivalency Chart to determine which exams meet Northwest University course requirements. Course Transfer Guide available through: <http://eagle.northwestu.edu/registrar>
- Certified Prior Learning (CPL): Nationally recognized licenses, certificates or on-the-job training may qualify for credit.
- All credits earned through Portfolio or Certified Prior Learning must be completed prior to earning 60 semester credits. Transfer students entering with 60 or more credits will be allowed one semester apply for PLA credits.

Credit by Advanced Placement (AP)

Students who have completed college-level studies in high school under the Advanced Placement Program may be granted credit in comparable college courses upon enrollment. Official Advanced Placement exam results should be sent to the Registrar's Office for evaluation.

Credit by CLEP and D.S.S.T

Students may utilize the CPL process and apply credit from CLEP (College Level Examination Program) and D.S.S.T (DANTES Subject Standardized Tests) to their degree requirements. Students may transfer, upon admission to the University, the CLEP general examinations in the humanities, mathematics, sciences and social sciences. Students who believe they have advanced levels of knowledge equivalent to course offerings may contact the Registrar's Office for details concerning these tests. Not more than a total of 30 credits of PLA, ACE (American Council on Education), IB, AP, military, CPL, portfolio, CLEP and D.S.S.T can be applied to any degree. All credits earned through CLEP and D.S.S.T must be completed prior to earning 60 semester credits. Transfer students entering with 60 or more credits will be allowed one semester to earn CLEP and D.S.S.T credits.

For Veterans and Active Duty Military, Northwest University will waive the 30 credit limit on PLA, ACE, IB, AP, military, CPL, portfolio, CLEP and D.S.S.T that can be applied to any degree.

Any veteran receiving GI Bill® benefits while attending Northwest University is required to obtain transcripts from all previously attended schools and submit them to the school for review of prior credit.

Other Standardized Proficiency Examinations

Standardized tests which can be used to show proficiency in areas that are not covered by AP, CLEP, and D.S.S.T may be available.

63

Departmental Exams

A formally admitted student may challenge certain university courses by examination without actually registering in the courses. The student is allowed only one opportunity to qualify for credit by examination in any given course. Credit by examination may not be counted toward the satisfaction of the residence requirement. Special fees are charged.

Continuing Education Unit (CEU)

The University awards the Continuing Education Unit to adults who participate in noncredit continuing education activities administered by the University. CEUs are not to be equated with the University credits applicable toward a degree. One CEU is equal to ten contact hours of participation in an organized continuing education experience. CEU credit is placed on the National Registry for Continuing Education and is useful where they may be prescribed by employment or professional training requirements.

Grading and Grade Point Averages

Grade Points

Northwest University desires to provide students with an honest evaluation of their performance, not only in relation to other students in a particular course, but also in relation to the academic standards generally expected at institutions of higher education. To that end, and especially as a Christian university, we approach grading with a focus on the values

of integrity, truth-telling, and respect. In the assigning of grades, these values apply not only to the relationship of the faculty member to the individual student, but also to the relationship of Northwest University to larger communities – social, regulatory, business, religious, and academic. Consequently, Northwest University seeks to uphold a grading system that carefully differentiates and provides an honest assessment of student performance, recognizes truly exceptional achievement, and maintains University credibility.

Grade Point Average

A student's grade point average (GPA) is determined by dividing the total number of grade points earned during a given period by the number of credits for which the student was enrolled and received a regular grade during the same period. GPAs are based exclusively on courses taken at Northwest University. Students' semester grade point average (SGPA) and cumulative grade point average (CGPA) are calculated and reported each semester. For example:

1st Semester:

15 credits attempted
47 grade points earned
SGPA = 3.133 ($47/15 = 3.133$)
CGPA = 3.133 ($47/15 = 3.133$)

2nd Semester:

17 credits attempted
50 grade points earned
SGPA = 2.941 ($50/17 = 2.941$)
CGPA = 3.031 ($97/32 = 3.031$)

3rd Semester:

17 credits attempted
65 grade points earned
SGPA = 3.824 ($65 / 17 = 3.824$)
CGPA = 3.306 ($162 / 49 = 3.306$)

64

Academic Progress

Entering students who do not meet all requirements for regular standing are admitted with Success Standing. Continuing students will receive an Academic Warning from the office of the Provost if their cumulative grade point average falls below 2.0. and/or they have not maintained satisfactory academic progress by completing 67% of credits attempted.

Academic Warning is not intended to be a punitive measure but to inform and provide opportunity for improvement. In order to ensure their concentration upon academic work during the Academic Warning period, students are restricted in their academic loads (no more than twelve hours plus P.E. activity), are restricted in their participation in certain University activities, and may be restricted in their work loads. To aid them in reaching their potential, they may be required to attend special classes or counseling sessions.

Academic Suspension

Every June, students whose cumulative grade point average and satisfactory academic progress is below the stated levels are placed on Academic Suspension and may not continue enrollment. Students may appeal their suspension. If the appeal is approved, the student may continue enrollment on Academic Probation. If denied, the student is dismissed from the University.

Appeals for reinstatement after academic dismissal may be directed to the Provost. Normally, at least one semester must elapse after disqualification before students will be considered for reinstatement, during which time they should

have reevaluated their educational plans or taken steps to improve their scholastic skills through study at another institution. Dismissed students may also petition for permission to enroll as a Non-Degree Seeking Student to take selected courses for personal benefit.

Veteran's Benefit - Standards of Progress

Students certified to receive veteran benefits will be placed on probation and reported to the VA whenever their Cumulative Grade point Averages fall below 2.000.

Failure for students to achieve the minimum cumulative CGPA as indicated above after two consecutive terms on probation will have their veteran benefits interrupted.

Eligibility for Special Groups and Student Leadership

All participants of special groups (e.g. varsity athletics, traveling choirs, speech teams) and student leadership must maintain a 2.00 GPA to qualify for membership in the group. In addition, the University reserves the right to establish minimum credit loads each semester for these students.

Students who desire to enroll in 17 or more credits in a semester must carry a minimum cumulative 3.0 GPA, and have transferred in 60 credits or completed two semesters at NU as a full-time student.

Course Repeats

Students may repeat any course for the purpose of changing a grade. The highest completed course grade is considered the grade of record as it pertains to credit toward graduation and to the official transcript. Recalculation will be reflected in the semester's Cumulative GPA. (Grades of W and WZ are not considered completed course grades.)

65

Incomplete Grades

A student may request an Incomplete Grade for reasons of illness or emergency. A written request for an Incomplete must be submitted to and approved by the professor of the course before the end of the course. The Incomplete must be completed by the end of the fourth week of the following course session. In the interim time period, the grade of "I/Grade Default" will be posted on the student's transcript. At the conclusion of the four week time period, the incomplete grade will be updated by the professor or convert to the current grade reported by the professor.

Grade Reports

Grade reports are available via the University's website following the close of each semester. Printed Grade reports can be provided by the Registrar's Office upon written request.

Awards and Honors

Students who earn a current grade point average of 3.5 or better, while carrying twelve credits or more of courses that affect grade point average (i.e., non-pass/no credit courses), are placed on the Dean's List, which is published at the conclusion of each semester. Full-time students with a current grade point average of 3.3 to 3.499 are placed on the Honors List.

The Awards and Honors Convocation program regularly includes the following awards:

Student Life Awards – Awards are made to one male and one female student whose life and influence are deemed exemplary.

Academic Honors by Classes – Awards are made to the non-graduating freshman, sophomore, junior, and senior with the highest cumulative grade point averages. Transfer students constitute their own class. Only grades earned at Northwest University are computed. The grades from at least two semesters as a full-time student must be available for consideration. For First Time Freshmen or transfer students current full-time enrollment in a second semester is required. A hardware award goes to the top qualifier, and all students above 3.8 receive certificates. No awards are made for averages below 3.0.

Departmental Honors – In those departments which offer majors, a hardware award is presented to the graduating major (or minor if there is no qualifying major) with the highest grade point average on all work done in the major department. At least half of the work must have been done at Northwest University. No awards are made for averages below 3.0.

Graduation Honors – Awards are made to the Baccalaureate degree graduate who have the highest grade point averages on all Northwest University work done toward graduation. Highest qualifiers automatically receive the awards regardless of other honors received.

Special Recognitions – Special awards are presented to students as conferred by Societies such as the American Bible Society. Criteria and procedures for honoring students are outlined in the Faculty Manual.

Who's Who at Northwest University – Selected students from the junior and senior classes are nominated by the faculty for inclusion in this institutional honor society each year. Selections are based on character, leadership, and academic record.

Conferring of Scholarships – University awarded scholarships are presented to the recipients at the Convocation.

Grade Quality of Performance

Grade	Explanation	Grade Points
A	Superior performance in all aspects of the course with work exemplifying the highest quality - Unquestionably prepared for subsequent courses in field.	4.0
A-	Superior performance in most aspects of the course; high quality work in the remainder - Unquestionably prepared for subsequent courses in field.	3.7
B+	High quality performance in all or most aspects of the course - Very good chance of success in subsequent courses in field.	3.3
B	High quality performance in some of the course; satisfactory performance in the remainder - Good chance of success in subsequent courses in field.	3.0
B-	Satisfactory performance in the course - Evidence of sufficient learning to succeed in subsequent courses in field.	2.7
C+	Satisfactory performance in most of the course, with the remainder being somewhat substandard - Evidence of sufficient learning to succeed in subsequent courses in field with effort.	2.3
C	Evidence of some learning but generally marginal performance - Marginal chance of success in subsequent courses in field.	2.0
C-		1.7

Minimal learning and substandard performance throughout the course - Doubtful chance of success in subsequent courses.		
D+		1.3
Minimal learning and low quality performance throughout the course - Doubtful chance of success in subsequent courses.		
D		1.0
Very minimal learning and very low quality performance in all aspects of the course - Highly doubtful chance of success in subsequent courses in field.		
D-		0.7
Little evidence of learning-Poor performance in all aspects of the course - Almost totally unprepared for subsequent courses in field.		
F		0.0
Failure to meet requirements of the course - Unprepared for subsequent courses in field.		
I/*(grade default)		N/A
Incomplete coursework/*grade default, if the incomplete coursework is not resolved the approved timeframe, the Incomplete will revert to the recorded grade default		
NC		N/A
	No Credit, C- or lower grade	
P		N/A
	Pass C or better grade	
R		N/A
	Repeated Course	
S		N/A
	Satisfactory	
W		N/A
	Withdrawal from course	
WZ		N/A
	Administrative Withdrawal for non-attendance	
Z		N/A
	Grade Unavailable (temporary grade assigned while final grade is being clarified)	

Graduation

Graduation Requirements

Credit Hours. Candidates must complete the minimum total credit hours for the degree or certificate in which they are enrolled.

Grade Point Average. Candidates must achieve a minimum 2.00 Cumulative GPA on all courses taken at Northwest University unless the student's specific program has higher requirements.

Residency. Residency refers to course work completed from Northwest University. The following are required:

- 25% of the minimum total credit hours for the degree or certificate;
- 25% of program or major requirements;
- the final semester of course work must be completed from Northwest University; (*Veterans and active duty military are exempt from this requirement*)

Degree/Certificate Requirements

- All requirements for the degree or certification must be completed on or before the official day of graduation within that semester.
- Incomplete courses do not apply toward graduation until they are completed. Candidates who receive an incomplete grade in a course required for graduation will have their graduation application reclassified to the next semester or the semester in which the work and final grade are submitted.
- The catalog requirements in effect during the semester in which the student first enrolled are applicable, provided graduation is within six years from the end of that semester. (The summer semester may count as a part of the semester before or after it.) However, a student may graduate under the requirements of the current catalog. It is expected that the requirements of the catalog chosen will be followed as a whole.

Credit Limitations

- 30 credits of non-traditional credits, including Portfolio, CPL, ACE, AP, IB, military, CLEP, and D.S.S.T. (*Veterans and active duty military are exempt from this requirement*)
- 12 credits (Bachelor degree) or 8 credits (Associate degree) of ensemble music.
- 4 credits of physical education activity.
- 4 credits of UNIV 3561 Student Development Training.
- 3 credits of ENGL 271x Student Media: Visual Journalism
- 3 credits of ENGL 272x Student Media: Interpretive Journalism
- Students may earn additional majors from a different college, or within the College of Arts and Sciences from a different department, as long as they satisfy the requirements for each major.

Good Standing. Candidates must be in good standing the University as of the date of their graduation.

Financial. Candidates must have all accounts with the University paid in full to receive a diploma and official transcripts verifying graduation.

Second Bachelor Degree. Northwest University will grant a second Bachelor degree only if the student's second degree is substantially different from the first Bachelor degree. The second degree will:

- require a minimum of 30 additional semester hours from Northwest University;
- include all courses required for the major;

Student Responsibility

While the University provides advising services to its students through the Academic Success and Advising Office, faculty advisors, the Registrar's Office, and other sources, the final responsibility shall rest with the student for fulfilling all requirements for graduation, including those identified in an official program audit. This includes requirements resulting from program modifications affecting course offerings as may be adopted by action of the faculty.

When an undergraduate student reaches 75 earned credits, the Registrar's Office will complete a degree audit and communicate the results with the student and advisor.

Residency Requirements

25% of the minimum total credit hours must be completed from Northwest University for every degree earned, and the final semester of work before graduation must be taken from Northwest University irrespective of the amount of previous work completed at Northwest University. 25% of the program or major requirements must be completed in residence at Northwest University.

A student registered at Northwest University may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the University may, upon returning, graduate under the requirements of the catalog in effect during the semester in which they first enrolled, provided graduation is within six

years from the end of that semester. (The summer semester may count as a part of the semester before or after it.) However, a student may graduate under the requirements of the current catalog. It is expected that the requirements of the catalog chosen will be followed as a whole.

Graduation Procedures

Graduation Application and Deadline. A Graduation Application should be submitted to the Registrar's Office the semester prior to the semester of graduation and no later than the end of the first week of the semester in which they plan to graduate. The application will alert the Registrar's Office for a final degree review, the expected commencement ceremonies, and name desired for the diploma.

Graduation Fee. Students earning a bachelor's, master's, or doctoral degree, who are deemed by the Registrar's Office as on target for graduation, will be assessed a fixed, nonrefundable Graduation Fee at the beginning of the semester of expected graduation.

- Associate Degrees and Certificates. Applicants for graduation with an associate degree or certificate are not assessed a graduation fee. However, associate degree graduates have the option of paying the graduation fee and participating in commencement activities.

Commencement Participation. All eligible applicants for graduation must submit their Intent to Participate form six weeks prior to commencement ceremonies. Participation is restricted to the academic year of the awarded degree. No person will be presented for the public graduation ceremonies who has not been certified by the respective college officers as having satisfied each of the foregoing requirements. Exceptions can be made for pre-enrolled summer school students who will complete their requirements in the summer school session. Exceptions can also be made for those cross-enrolled in another institution in an approved enrollment where the terminus point overlaps that of the University.

Course Completion. It is the responsibility of the student to satisfactorily complete all course work and grade point average requirements as specified in the applicable academic catalog.

69

Course Completion Deadlines. Degrees are conferred each semester (including summer session). The deadlines for completion of all work in order to have the degree conferred are listed below. Since the awarding of a degree certifies that the student has met all requirements, students who do not complete all course work by these deadlines will be reclassified as graduating the next semester or the semester in which the work was completed, providing all course work is submitted by that semester's deadline.

- For fall – the last day of final exams in December
- For spring – the commencement date in May
- For summer – the last day of term in August

Automatic Awarding of Degrees

Students who discontinue enrollment at Northwest University may be automatically awarded the highest degree or certificate they have completed. The process for an automatically awarded degree or certificate includes:

- Graduates must complete the minimum total credit hours and residency requirements for the degree or certificate awarded with a minimum 2.0 cumulative GPA.
- Graduation application and fee are not required.
- Graduate is not eligible to participate in the commencement ceremonies.
- The degree or certificate will be posted on the graduate's transcript.
- A printing fee will be charged if the graduate wishes to receive a printed diploma and cover.

Graduation Honors

Students graduating with a bachelor's degree are eligible for the following honors:

Cum Laude – Students who have maintained a 3.500 to 3.699 grade point average in all their Northwest University course work

Magna Cum Laude – Students who have an average of 3.700 to 3.899 grade point average in all their Northwest University course work

Summa Cum Laude – Students who have achieved an average of 3.900 to 4.000 in all their Northwest University course work

Delta Mu Delta – Delta Mu Delta was founded by the Dean from Harvard University and four professors from Yale University and New York University in November, 1913. Delta Mu Delta establish an affiliation with the Accreditation Council for Business Schools and Programs, ACBSP in 1992 and is the International Honor Society for business programs accredited by ACBSP at the baccalaureate, graduate and doctoral levels. To qualify for this honor society, a student has to be in the top 20% of his or her academic class of business students.

Nu Upsilon – Nu Upsilon is a chapter of Alpha Sigma Lambda National Honor Society for Adult and Non-traditional students.

Pi Sigma Alpha – Pi Sigma Alpha is the National Political Science Honor Society and seeks to promote excellence in the study of political science through a variety of programs for student members and local chapters.

Psi Chi – Psi Chi is the National Honor Society in Psychology, founded in 1929 at Yale University. The purpose of Psi Chi is to encourage, stimulate, and maintain excellence in scholarship.

Sigma Chi Pi – Sigma Chi Pi is an honor society established for graduates of endorsed Assemblies of God colleges. The faculty chooses their selections from graduates and alumni.

Sigma Tau Delta – Alpha Lambda Kappa is a chapter of Sigma Tau Delta International English Honor Society and confers distinction upon students of the English language and literature in undergraduate, graduate, and professional studies.

Sigma Theta Tau International – Sigma Theta Tau International is the Honor Society of Nursing advancing world health and celebrating nursing excellence in scholarship, leadership, and service. Founded in 1922 at Indiana University School of Nursing, students must rank in the top 35% of the graduating class and meet the expectation of academic integrity.

Right to Revoke

Northwest University reserves the right to revoke a degree previously awarded from Northwest University for fraud, misrepresentation, and/or other violation of Northwest University academic policies, procedures, or directives in obtaining the degree.

Student Records

Transcripts

An official copy of a student's academic record at Northwest University that bears the official seal of the University and the signature of the Registrar is referred to as a transcript. Requests for transcripts may be made online through

National Student Clearinghouse or by submitting a completed Transcript Request form in the Registrar's Office. Transcript request must be accompanied by the student's signature and a \$10.00 fee for each copy. Phone orders for transcripts cannot be accepted.

NOTE: If a student is delinquent (as determined by the Promissory Note) in his/her Federal Perkins Student Loan or NDSL payment, he or she will not be eligible to receive deferment, cancellation provisions, nor will academic transcripts be released.

Since the Registrar can only verify the authenticity of course work earned at Northwest University, transcripts entrusted to the University from other institutions cannot be duplicated and given to the student or other external individuals without the expressed written permission of the institution and the student.

The Family Educational Rights and Privacy Act of 1974 (FERPA)

FERPA specifies rights and privileges regarding student records. The written institutional policy adopted by Northwest University in compliance with FERPA is available from the Registrar's Office. Annual notice regarding FERPA rights is provided in the University's Student Handbook and Catalog. In accordance with FERPA, you are notified of the following:

Right to Inspect. You have the right to review and inspect substantially all of your education records maintained by or at this institution.

Right to Prevent Disclosures. You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.

Right to Request Amendment. You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.

Right to File a Complaint with the U.S. Department of Education. You have the right to file a complaint with the Family Policy and Regulations Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C., 20202, concerning this institution's failure to comply with FERPA.

Right to Obtain Policy. You have the right to obtain a copy of the written policy adopted by this institution in compliance with FERPA. A copy may be obtained in person or by mail from: Northwest University, Registrar's Office, and P.O. Box 579, Kirkland, Washington, 98083.

Core Curriculum

As a Christian university whose mission is to prepare students for empowered engagement with human need, we believe that God has a desire and design for every individual. Graduates realize God's purpose and plan best when prepared with a broad foundation of personal skills and intellectual content. More than mere acquisition of knowledge – knowing must be combined with informed reasoning and appropriate attitudes. The Core Curriculum at Northwest ensures that graduates possess certain knowledge, attitudes, and skills identified as critical to be effective servant-leaders in today's dynamic world community.

"Distinctively Northwest"

Northwest University's Core Curriculum provides a broad exposure to the foundational disciplines commonly expected of students who have earned a university degree. However, at Northwest students explore these essential elements, which form a foundation for every major and each discipline, within a context of faith. We believe students benefit most when the entire curriculum, not just those courses in a student's major, is taught from a Christian perspective with a focus on the integration of faith and learning.

Within this context of Christian faith and learning, Northwest's Core Curriculum offers three additional advantages:

- **Focus on faith:** In addition to its strong Bible and Theology components, the Core Curriculum offers two distinctive courses—Identity and Vocation, and Gospel and Culture—which situate a student's calling within a spiritual, ethical, and global framework.
- **Flexibility:** The Core Curriculum for Bachelor of Arts degrees creates a foundation of learning within a structure specifically designed to allow students to follow their curiosity and interests.
- **Writing excellence:** Because writing skills are so important for future success, almost all Northwest University courses contain a significant element of writing practice intended to strengthen writing across all disciplines.

72

Transfer Students

The flexibility built into the Core Curriculum helps transfer students utilize as many of their credits as possible. Additionally, transfer students benefit from the following provisions:

- When transfer students bring in courses that fulfill the Humanities and Social Science requirements, the Writing Practice standards do not apply.
- Transfer students can fulfill the Humanities requirement by transferring in nine credits from any two of the specified disciplines.
- Transfer students 20 years of age or older who bring in 47 or more transfer credits may replace UCOR 1053 Life Calling with an elective course.

Core Curriculum Outcomes

To be prepared for service and leadership, Northwest University students must be able to think critically, to integrate their faith and learning, and to apply theory and knowledge in addressing life's complex issues. Therefore, the goal of Northwest University is for its students to demonstrate the following knowledge, attitudes, and skills.

1. Demonstrate an understanding of, and ability to interpret, the Christian Scriptures.
2. Articulate biblically- and theologically-informed beliefs and values and their implications for living out one's faith in contemporary contexts.
3. Create effective verbal presentations and written arguments.
4. Draw appropriate conclusions from numerical information.
5. Demonstrate reasoning using the scientific method.

6. Interpret primary sources using methods appropriate to the humanities.
7. Demonstrate foundational knowledge within the social sciences.

Core Curriculum Requirements (60 Credits)

The Core Curriculum requirements below are for most Bachelor of Arts degrees. Bachelors of Science, Music, and Fine Arts degrees and Associate in Arts degrees satisfy the outcomes on the previous page through a slightly different set of courses. Refer to the appropriate degree sections in this catalog for specific degree requirements. Some majors may qualify or restrict the Core Curriculum Requirements.

Spiritual Vitality – Academic Excellence – Empowered Engagement

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits** *Or*
- CMIN 2293 - Work of God, Work of Humanity **3 credits**
- BIBL 2563 - How to Read the Bible **3 credits**
- THEO 1093 - Foundations of Christian Faith **3 credits**

Written and Verbal Communications: 9

- ENGL 1013 - Composition I: Expository Writing **3 credits**
- ENGL 1023 - Composition II: Rhetoric and Research Writing **3 credits**
- COMM 1213 - Fundamentals of Speech Communication **3 credits**

73

Humanities: 9

6 credits in this area must be from Writing Practice courses* (*see Course Descriptions for applicability*)

- ENGL xxx3 - Any Literature course **3 credits**
- HIST xxx3 - Any Course in History **3 credits**
- 3 additional credits selected from the following **3 credits**
Art (ARTE), Bible (BIBL), Drama (DRAM), English (ENGL), History (HIST), Language (LANG), Music (MUSI), or Theology (THEO)

Social Sciences: 9

- 6 credits in this area must be from Writing Practice courses* (*see Course Descriptions for applicability*)
- Business Administration (BUSM), Communication (except COMM 1213), Economics, Education (EDUC), Exercise Science (EXSC), Geography (GEOG), Information Technology (INTC), Management (BMGT), Marketing (BMKT), Philosophy (PHIL), Political Science (PSCI), Psychology (PSYC), Sociology/Anthropology (SOCI), or User Experience Design (UXDE)

Science and Mathematics: 7

- MATH xxxx - College-level Mathematics **3 credits**
- SCIE xxxx - Science course with Lab **4 credits**

Formation and Calling: 6

- UCOR 1053 - Life Calling **3 credits**
- THEO 1063 - Gospel and Culture **3 credits**

Professional Readiness: 2

Two Core Curriculum elective credits are required to be Career Readiness credits. These credits can be earned by taking a combination of Career Readiness Courses and introductory internship and/or job shadowing experiences.

- This two-credit requirement is waived for students who transfer 60 or more credits to NU
- Students with 47-59 transfer credits are required to take one Career Readiness credit

Core Electives: 6

Undergraduate Academic Programs

Accounting, BA

College	Business
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Rowlanda Cawthon
CIP Code	52.0301

The major in Accounting is designed to prepare individuals for employment in the areas of Accounting in the public and private sectors. Like other majors in the College of Business, students take a series of core courses in the fundamentals of economics, accounting, management, marketing and finance. Students then balance the rest of their major with advanced courses in accounting. The curriculum provides an educational experience for leadership positions in the business and professional world, and in various business ministries within the church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

Graduates with a degree in Accounting are able to:

1. Demonstrate foundational knowledge of common business principles.
2. Articulate business concepts and theories to help solve real-world problems.
3. Apply career readiness skills needed for the workplace.
4. Implement strategies for demonstrating competence as a Christian business leader.
5. Evaluate practices and issues in business from a Christian worldview.
6. Analyze financial statements and related disclosures.
7. Demonstrate specific knowledge of Generally Accepted Accounting Principles (GAAP).
8. Develop a plan with realistic strategies to launch a career in the accounting field.

75

The major in Applied Mathematics emphasizes the understanding of mathematical reasoning and process as foundational for developing the ability to do calculations and to apply logical, analytic, and technological skills in problems solving. Major courses cover a broad set of mathematical fields and enable the student to master and apply the basic principles of mathematics to multiple situations. Students are also given experiences with a variety of technological tools such as computer algebra system calculators, visualization software like MATLAB, and statistical packages such as SPSS. As well as studying core material in mathematics, they also choose an applied concentration in one of three areas (computer programming, finance, or education) so as to better prepare themselves for careers in applied areas. The learning goals of helping students to gain broad mathematical understanding, the ability to engage in rigorous calculation, and the capability to express and explain mathematical solutions to problems prepare students for graduate work and for careers in science, business, social sciences, teaching at the secondary level, and other careers that require applied mathematics.

Outcomes

Graduates with a degree in Applied Mathematics will be able to:

1. Apply the laws of logic in mathematical statements.
2. Communicate mathematical approaches and results effectively.
3. Demonstrate analytical skills to formulate solutions to mathematical problems.
4. Develop knowledge of current technology necessary for quantitative analysis.
5. Integrate Christian faith and mathematics learning.

CIP Code

10.0203

Audio Production or Audio Engineering professionals are the experts in designing, recording, mixing, editing, setting up the environment and producing movies, live shows, or video games. It involves technical and engineering talent as well as artistic and design skills. The goal of this program is to train the future leaders and technical specialists with the expertise and experience needed to become leaders in these fields, and it will also provide the cornerstone classes for other media arts degree programs.

Graduates with a degree in Audio Production will be able to:

1. Apply the interactive approach of "design thinking" methods to develop solutions to complex problems.
2. Apply recording technology as producers of both live and studio recording events.
3. Evaluate the acoustical quality of both outdoor and indoor venues.
4. Demonstrate the ability to work collaboratively in groups to produce finished projects.
5. Produce live audio events for indoor and outdoor venues with professional quality sound.
6. Produce finished recorded audio works with professional quality sound.
7. Articulate how their faith informs their work in the field of Audio Production and Engineering.

Specific employment opportunities for graduates with this degree include:

- Audio Engineer
- Audio Producer
- Broadcast Engineer
- Sound Designer
- Audio Editor
- Video Game Sound Engineer

Biblical and Theological Studies, Second Major

College	Ministry
Academic Award	2nd Major
Credits Required	33 semester credits
Faculty Lead	David Hymes
CIP Code	39.0201

The 33 credits of Biblical & Theological Studies (12 credits of Core Curriculum Biblical & Theological Studies, INCS/THEO 1063 Gospel and Culture, 18 credits of the College of Ministry Core) may be considered a second major by students who are taking majors other than Biblical Literature. Those students who so choose have the option of declaring on their transcript a major in Biblical & Theological Studies as well as their primary major.

Biblical and Theological Studies 2nd Major: 33

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**
- *Or* CMIN 2293 - Work of God, Work of Humanity **3 credits**
- BIBL 2563 - How to Read the Bible **3 credits**
- THEO 1093 - Foundations of Christian Faith **3 credits**

Formation and Calling: 3

- INCS 1063 - Gospel and Culture **3 credits**
- *Or* THEO 1063 - Gospel and Culture **3 credits**

College of Ministry Core: 18

- BIBL 2113 - Pentateuch **3 credits**
- BIBL 2213 - Jesus and the Synoptic Gospels **3 credits**
- CHIS 2103 - The Story of Christianity **3 credits**
- THEO 2503 - Pentecostal Spirituality **3 credits**
- PMIN 3303 - Ministry Life and Calling **3 credits**
- BIBL 3893 - Biblical Lands Experience **3 credits**
- *Or* BIBL 3993 - International Bible/Theology Tour **3 credits**

Total: 33 Semester Credits

Biblical Literature, BA

College	Ministry
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	David Hymes
CIP Code	39.0201

The Biblical Literature major has at its center the belief that the Bible is the inspired word of God, the sure foundation for Christian faith and practice. The major is therefore designed to lead the student into the proper understanding and exposition of the Bible. The major seeks to do this by giving the student a broad knowledge of the background, content, and meaning of the Bible, and by helping the student develop exegetical skills for continuing study and communication of the Bible.

This major is designed for those preparing for vocational Christian ministry as well as other vocations, enabling them to proclaim the gospel effectively in the church and in the world. It also provides a good foundation for those who are planning to pursue graduate studies. Students may develop their vocational interests by selection of a minor or electives of their choosing.

Graduates with a degree in Biblical Literature will be able to:

1. Demonstrate knowledge of the Bible.
2. Interpret the Bible as Christian Scripture using suitable hermeneutical methods.
3. Discriminate between competing interpretations of Scripture.
4. Assess distinct viewpoints on theological topics.
5. Present Christian teaching orally in public settings.

Core Curriculum Requirements: 60

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**

Business Administration, BA

College	Business
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Todd Nelson
CIP Code	52.0201

The major in Business Administration is an all-purpose general business degree designed to prepare individuals to perform managerial functions in the public and private sectors. Like other majors in the College of Business, students take a series of core courses in the fundamentals of economics, accounting, management, marketing and finance. Students then balance the rest of their major with advanced courses in management, marketing, finance and accounting. The curriculum provides an educational experience for leadership positions in the business and professional world, and in various business ministries within the church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

Graduates with a degree in Business Administration are able to:

1. Demonstrate foundational knowledge of common business principles.
2. Articulate business concepts and theories to help solve real-world problems.
3. Apply career readiness skills needed for the workplace.
4. Implement strategies for demonstrating competence as a Christian business leader.
5. Evaluate practices and issues in business from a Christian worldview.
6. Create business strategies based on analysis of data in operations, finance, and marketing.
7. Develop a plan with realistic strategies to launch a career in business administration.

Credits Required	120 semester credits
Faculty Lead	Shannon Fletcher
CIP Code	52.0201
Available at	Online and NU Oregon

The College of Business offers the major in Business Management designed to allow adult professionals to earn a degree while remaining in their career. Since many adults desire to earn their degree but are unable to attend classes during regular class hours, courses are offered during nontraditional hours through accelerated course formats.

Graduates with a degree in Business Management are able to:

1. Demonstrate foundational knowledge of common business principles.
2. Evaluate practices and issues in business from a Christian worldview.
3. Evaluate best practices for resolving human resource issues within an organization.
4. Recommend a business strategy for a company to gain market share.
5. Navigate a real-life situation utilizing healthy conflict resolution skills.
6. Utilize design thinking to solve real-world problems.
7. Evaluate financial statements to improve performance and make sound business decisions.
8. Develop a career plan to actualize their unique calling in Business Management.

CIP Code

We live in a communication-oriented society. Our world is significantly influenced by both the personal and mediated communication of individuals from diverse social, political, professional and religious groups. Never before has there been such a demand for leaders with advanced communication skills and knowledge.

Communication Studies Major Overview

Competence in communication is fundamental to success in many professions. The major in Communication Studies provides the student with the knowledge and skills needed to fulfill his or her calling to serve Christ in communication-related professions. The major offers courses for aspiring servant leaders who seek to integrate their faith with their communication skills, creative abilities, and appreciation of the arts.

Apart from the practical value of communication studies for future employment, the major also helps students improve their personal quality of life. Becoming an effective communicator is a process that touches every area of our lives—both at home and at work.

The program offers many advantages, including the freedom to tailor courses to meet student's personal or career interests. After completing the core courses, students choose among one of four concentrations for focused study: Human Communication, Media and Society, and Strategic Communication.

Major Outcomes

Graduates with a degree in Communication Studies will be able to:

1. Create compelling verbal presentations.
2. Effectively evaluate messages.
3. Evaluate communication research.
4. Investigate praxis between communication studies and their personal Christian faith.

95

Human Communication Concentration

Students who major in Communication Studies with a concentration in Human Communication focus on the knowledge and skills necessary to effectively use communication in their personal, work, community, and church life. Drawing on the fields of business and psychology, this concentration provides an understanding in how humans interact and communicate effectively.

Knowledge of the theories and practices of communication permits students to appreciate the complex processes of human relations through the framework of Christian faith and values. The Communication Studies major with a concentration in Human Communication prepares students to work in variety of career fields, in addition to preparing students for graduate studies or seminary.

Graduates with a concentration in Human Communication will be able to accomplish the following:

1. Create communication goals to improve interpersonal communication in personal and professional life.

Media and Society Concentration

Students who major in Communication Studies with a concentration in Media and Society seek to understand how storytelling is changing our world.

They are interested in how the news media function, what role government messaging and policy plays in our collective understanding of current events, and how public relations informs our perception of capitalistic enterprise. The Communication Studies major with a concentration in Media and Society helps prepare students with the requisite skills to succeed in careers in government, mass media, and journalism.

Students in this concentration will learn theories that underpin mass communication, communication technology, and public relations. They will learn basic and advanced concepts for media literacy, becoming adept consumers but also producers of messages. Students in this concentration will understand how businesses and governments alike create and

convey ideas through complex media content. Coursework includes such topics as mass communication, public relations, journalism, media law, media history, and communication technology.

Graduates with a concentration in Media and Society will be able to accomplish the following:

1. Analyze how media and technological development influence mass communication.

Strategic Communication Concentration

Students who major in Communication Studies with a concentration in Strategic Communication focus on the knowledge and skills necessary to direct, represent, promote, or serve in organizations. Drawing on the fields of communication in addition to public address, the concentration provides an understanding of how humans communicate in organizations.

Knowledge of theories and practices of organizational communication permits students to appreciate the complex processes of human relations in organizations through the framework of Christian faith and values. The Communication Studies major with a concentration in Strategic Communication helps students to understand the process of communication between organizations and their stakeholders.

Course work includes an internship in which students serve as interns at professional, faith-based, or other community organizations. Students pursuing this major gain a broad-based liberal arts education and acquire valuable leadership skills—from confidence in public communication to group communication.

Graduates with a concentration in Strategic Communication will be able to accomplish the following:

1. Demonstrate mastery of public relations principles.

We live in a communication-oriented society. Our world is significantly influenced by both the personal and mediated communication of individuals from diverse social, political, professional and religious groups. Never before has there been such a demand for leaders with advanced communication skills and knowledge.

The major in Communication provides students with the knowledge and skills needed to fulfill their calling in the workplace. The major offers courses for aspiring leaders who seek to improve their communication skills and grow as people of impact in their professional environments. The program offers many advantages, including the freedom to tailor courses to meet their personal or career interests.

After completing the core courses, students will have an opportunity to learn specific skills and competencies needed in professional settings by completing the Professional Communication concentration, including courses in business and professional writing, conflict resolution and public relations. In the final stage of the program they will also have the opportunity to apply their studies to an area of their choice.

Graduates with a degree in Communication will be able to:

1. Create compelling verbal presentations.
2. Analyze the effectiveness of various messages
3. Apply communication principles to professional settings
4. Integrate personal spirituality into their own approach to communication.

Program Outcomes

Graduates with a degree in Computer Science will be able to:

1. Apply the iterative approach of "design thinking" methods to develop solutions to complex problems.
2. Identify potential computer applications and associated features and functions of those applications.
3. Demonstrate proficiency with software engineering tools and languages.
4. Construct software programs utilizing common computer languages.
5. Apply concepts and methods learned in this major to designing solutions in the context of team-based projects.
6. Articulate how your faith informs your work in the field of Computer Science.

Suzan Kobashigawa

13.0101

The major Educational Studies prepares students for professional careers in education related fields. Aspiring educators study the liberal arts, Bible and theology, educational foundations, learning theory, human psychology, intercultural communications, assessment, and instructional design. During an internship, students practice and demonstrate their skills in settings conducive to their degree and career path (e.g. businesses and non-profit organizations).

Educational Studies & Community Programming for Children & Youth

This concentration prepares students to work in youth educational settings outside of P-12 education. Career options include working in youth ministries; community organizations like Boys & Girls Club and the YMCA; missions; and community centers.

Educational Studies & Instructional Design

Students graduating with this degree will be prepared for careers in curriculum development, corporate training, human resources, project management, and customer service. Students in this program tend to be natural leaders, life-long learners, and service-oriented.

Educational Studies & International Education

Students in this concentration likely are preparing to teach English in various settings (e.g. mission field, international schools, overseas, or in the refugee and immigrant communities). Other careers supported by this degree include advocacy work, community development, and adult education. Completion of this concentration can lead to an Advanced TESOL certificate as well.

104

5-year Master's Degree Options

Students majoring in Educational Studies may also qualify for one of several fifth-year Master's degrees offered by NU: Master's in Education (M.Ed.), Master's of Arts in International Community Development (MAICD), or a Master's of Business Administration (MBA).

Professional Standards and Performance Assessment

The performance of each candidate is evaluated in multiple ways over time. Assessment of candidate performance focuses on demonstrated competency in both knowledge and teaching skill, which employs varied strategies to measure professional knowledge, subject matter mastery, and teaching effectiveness. Measures include written examination, oral communication, curricular and instructional design, internship, projects and portfolios, written expression, visual and musical arts, and the success of children in field settings.

Graduates with a degree in Educational Studies will be able to:

1. Identify the influences of cultural background and situation for each learner.
2. Identify the different ways in which people acquire, demonstrate, and reinforce content knowledge and procedures.
3. Identify a variety of instructional tools through which to monitor and promote positive impact on learning.
4. Demonstrate how theory and context influence practice.

Elementary Education, BA (Online, GYO)

College	Education
Academic Award	Bachelor of Arts
Credits Required	120 semester credits
Faculty Lead	Laird Leavitt
CIP Code	13.1202
Available at	Online

The College of Education (COE) Bachelor of Education (BA) program prepares undergraduate candidates who seek the first level of teacher certification and who demonstrate a high aptitude for scholarship and teaching at the elementary level. Candidates earn a Washington State Residency Teaching Certificate and the BA-Ed. degree simultaneously. The Grow Your Own (GYO) alternative routes program offers online academics with rich field experience. This program is run in conjunction with our GYO partner school districts and is aimed at designated school district employees or career-changers connected to partner districts.

Program Highlights

GYO BA students typically transfer in an Associate's degree and commit to completing the remainder of their BA over the course of about two years. The final three semesters include student teaching (6 credits) and methods coursework (24 credits). Coursework is fully online and student teaching takes place within the candidate's district.

Program Outcomes

The COE, directed by broad research and theory, and in accordance with state standards, prepares teachers in five specific proficiencies. The following outcomes guide our candidates' experience throughout the program:

Holistic Teachers:

1. Candidates demonstrate culturally responsive pedagogy aimed at the holistic learning of all students;

108

Adaptive Teachers:

2. Candidates demonstrate differentiated teaching, adapting instruction where appropriate to meet student needs while remaining aligned with learning standards;

Learner-Focused Teachers:

3. Candidates demonstrate reflective instruction, analyzing student work in order to further develop their own pedagogical practices;
4. Candidates demonstrate pedagogical proficiency through Candidate Pedagogy Portfolio scores.

Academic Progress

Successful applicants should have a previous cumulative GPA of 3.0 (B level) or higher; candidates holding a lower GPA may be admitted to the program conditionally and granted one semester in which to earn a satisfactory GPA. Students must earn at least a C (2.0) in each class in order to progress to subsequent semesters.

Critical Concern Report

From time to time, an issue arises which is beyond the scope of academic progress and outside of program transitions. The COE uses a Critical Concern Report (CCR) to document such instances. In the case that a CCR about a candidate is made to the Dean and found to be warranted, the COE will conduct an evaluation of the candidate's status in program.

Readmission

Students who leave the cohort for any reason and wish to return are required to meet with the Dean of the College of Education or designee to initiate the readmission process. Readmission to the College of Education is subject to space availability, decided on an individual basis, and is allowed one time only.

Core Curriculum Requirements: 60

Written and Verbal Communications: 9

- ENGL 1013 - Composition I: Expository Writing **3 credits**
- ENGL 1023 - Composition II: Rhetoric and Research Writing **3 credits**
- COMM 1213 - Fundamentals of Speech Communication **3 credits**

Humanities: 9

- 6 credits in this area must be from Writing Practice courses* (*see course descriptions for applicability*)
- ENGL xxx3 Any Literature course **3 credits**

The English Department invites students to furnish their minds with beauty. English majors participate in the soul-building experience of reading widely, thinking deeply, and writing both creatively and critically. In English courses at Northwest University, students study texts that have shaped Western culture as well as texts that challenge that culture—and they add their voices to this conversation.

Graduates from NU's English program land teaching jobs at all levels both in the U.S. and abroad; publish poems, essays, and fiction; earn graduate degrees from top programs; serve as pastors and missionaries; and work for high tech companies such as Microsoft, Expedia, and Google.

Outcomes

Graduates with a degree in English will be able to:

1. Produce genre-appropriate, college-level writing.
2. Analyze literature.
3. Practice critical discourse using literary or rhetorical theory.
4. Evaluate texts according to grammatical and structural conventions suited to the rhetorical situation.
5. Integrate the study of English and the Christian faith.

The English Major Core Requirements consist of 49 credits in specific writing, literature, theory, criticism, and culture courses. English majors are encouraged to use the elective credits to explore a broad range of interdisciplinary experiences or to achieve a minor in TESOL or another humanities field.

111

Core Curriculum Requirements: 60

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**

The Bachelor of Arts and Bachelor of Science in Exercise Science prepare students with the essential knowledge and skills to enter careers as health, fitness, and human performance specialists. The degree emphasize a strong core of scientific understanding of the human body and its systems as they relate to general health and wellness, fitness, and performance enhancement.

Outcomes

Graduates with a degree in Exercise Science will be able to:

1. Describe the physiological response to exercise.
2. Generate a proposal for a research project that uses the scientific method.
3. Asses health-related components of fitness.
4. Design a performance-based training program.
5. Integrate the study of Exercise Science and the Christian faith.

Joshua Ziefle

39.0699

The major in General Ministries is designed for individuals whose ministry intention is in areas not covered by the more traditional fields of ministry preparation. It provides a more flexible degree plan through which to serve them.

The General Ministries degree allows a great degree of latitude in choosing courses that are suited to the student's particular ministry areas of interest, past experiences, future goals, and present abilities. Despite its appearance, the General Ministries major has very specific goals; these goals are merely defined on an individual basis.

The major utilizes a section of the major for supporting ministry courses. With the approval of the advisor, this section allows commonly recognized ministry courses as well as topics chosen from other disciplines that can support ministries, such as courses in business, computer technology, drama, etc.

Each student is assigned an academic advisor who works with the student to determine the courses that best fulfill present and future ministry goals. Together, they develop a long-term plan which provides strength in chosen disciplines while also providing balance through well-rounded course selection.

History and Politics, BA

College	Arts and Sciences
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Eve Wade
CIP Code	30.4601

The major in History & Politics emphasizes research, writing, and critical thinking to prepare students for effective participation in civic affairs and public life. Typical careers that flow from this major include careers in education, business, non-profits, government, and law. This major is also an excellent preparation for graduate school in history, law, and history education

Outcomes

Graduates with a degree in History and Politics will be able to:

1. Create a research plan based on primary and secondary sources.
2. Synthesize research in oral and written presentations.
3. Analyze contemporary issues through historical reasoning.
4. Illustrate the role of traditionally excluded people in society.
5. Integrate the Christian faith into the study of history and politics.

The Intercultural Studies major prepares students to effectively live, interact, and communicate the Gospel of Christ in a multicultural environment.

The program has three cores of emphasis: biblical and theological, intercultural skills and knowledge, and an international or domestic intercultural concentration.

- Students who wish to follow a traditional broad-based missions track for overseas missions without a specific regional focus will be well-served by the International concentration.
- Students wishing to prepare for intercultural and/or non-profit ministry in the United States should choose the US concentration.

The Intercultural Studies major integrates classroom learning and theory with field experience. Students spend an extended period of time in the region or ministry context of their concentration learning language, studying the culture, art, government, history, and economics of the area as well as learning to communicate the Gospel in a diverse cultural setting. This program exceeds educational requirements for Assemblies of God ministry credentials.

Graduates with a degree in Intercultural Studies will be able to:

1. Apply a contextualized authentic gospel with cultural sensitivity.
2. Articulate a biblical theology of mission.
3. Practice cross-cultural competency in an applied setting.
4. Develop a culturally sensitive model for holistic cross-cultural ministry.
5. Integrate theology, the social sciences, and mission practice.

Core Curriculum Requirements: 60

124

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**
- *Or* CMIN 2293 - Work of God, Work of Humanity **3 credits**
- BIBL 2563 - How to Read the Bible **3 credits**
- THEO 1093 - Foundations of Christian Faith **3 credits**

Written and Verbal Communications: 9

- ENGL 1013 - Composition I: Expository Writing **3 credits**
- ENGL 1023 - Composition II: Rhetoric and Research Writing **3 credits**
- COMM 1213 - Fundamentals of Speech Communication **3 credits**

Humanities: 9

6 credits in this area must be from Writing Practice courses (see Course Descriptions for applicability)*

- ENGL xxx3 Any Literature course **3 credits**
- HIST xxx3 Any Course in History **3 credits**
- 3 additional credits selected from the following **3 credits**
 - Art (ARTE), Bible (BIBL), Drama (DRAM), English (ENGL), History (HIST), Language (LANG), Music (MUSI), or Theology (THEO)

Social Sciences: 9

6 credits in this area must be from Writing Practice courses (see Course Descriptions for applicability)*

- Select a minimum of two disciplines from the following: **9 credits**
 - Business Administration (BUSM), Communication (except COMM 1213), Economics, Education (EDUC), Exercise Science (EXSC), Geography (GEOG), Information Technology (INTC),

Management (BMGT), Marketing (BMKT), Philosophy (PHIL), Political Science (PSCI), Psychology (PSYC), Sociology/Anthropology (SOCI), or User Experience Design (UXDE)

Science and Mathematics: 7

- MATH xxxx - College-level Mathematics 3 credits

Major Requirements: 48

College of Ministry Core: 18

- BIBL 2113 - Pentateuch **3 credits**
- BIBL 2213 - Jesus and the Synoptic Gospels **3 credits**
- THEO 2503 - Pentecostal Spirituality **3 credits**
- CHIS 2103 - The Story of Christianity **3 credits**
- PMIN 3303 - Ministry Life and Calling **3 credits**

125

One of the following based on chosen concentration: 3

If a student chooses the Domestic concentration, then:

- BIBL 3893 - Biblical Lands Experience **3 credits**
- *Or* BIBL 3993 - International Bible/Theology Tour **3 credits**

If a student chooses the International concentration, then:

- Any BIBL 3xx3/4xx3 Bible Elective (3000 or 4000 level) **3 credits**
 - (including BIBL 3893 - Biblical Lands Experience or BIBL 3993 - International Bible/Theology Tour)

Intercultural Studies Requirements: 18

- INCS 2093 - Evangelism, Outreach, and Mission **3 credits**
- INCS 3073 - International Development in Missions **3 credits**
- INCS 3423 - Cultural Anthropology **3 credits**
- INCS 3503 - Introduction to World Religions **3 credits**
- INCS 4773 - Integrative Seminar in Intercultural Studies **3 credits**
- THEO 3043 - Biblical Theology of Mission **3 credits**

Concentrations

(select from one of the following concentrations)

International Concentration: 12

This concentration will be completed during a semester abroad experience, with the site and host predetermined and arranged in consultation with a student's advisor. The courses listed below will be completed during a student's semester abroad.

- COMM 3433 - Intercultural Communication **3 credits** (*completed online*)
- INCS 3603 - Area Studies to INCS 3653 - Area Studies **3 credits**
- INCS 4943 - International Intercultural Studies Internship **3 credits**
- LANG xxx3 - Language Study (*completed online or with host university*) **3 credits**

Domestic Concentration: 12

This concentration, while possibly involving a focused semester of off-campus study, can also be completed while resident on-site at Northwest University.

- SOCI 2133 - Social Problems **3 credits**
- INCS 3433 - Intercultural Communication **3 credits**
- INCS 4953 - US Intercultural Studies Internship **3 credits**
- Three (3) credits of ministry focus elective (*advisor approval required*) **3 credits**

30.0000

The BA in Interdisciplinary Studies is an individually designed major option for students who wish to create a program of study by combining selected courses from two or more majors. Students are required to identify a central organizing theme of their Interdisciplinary Studies Major and design it under the guidance and supervision of an Interdisciplinary Studies Advisor (Provost or designate). A minimum of 20 of the major credits must be upper division courses. Students meet all General Education Requirements. Courses cannot double count within the Major and as General Education Requirements.

Process to design an Interdisciplinary Studies Major

- Students identify the unifying theme of their program and present their concept at a meeting with the Interdisciplinary Studies Chair (the Provost or designate).
- In conference with an Advisor appointed by the Interdisciplinary Studies Chair, students make a list of the courses they have completed or plan to take that will apply toward their academic goals. This list must comprise a minimum of 45 semester credits, all of which are related to the areas of concentration.
- The courses in the Primary Concentration (24 credits) are to be selected from one academic discipline offered at NU. The courses in the Secondary Concentration may come from any number of areas as long as interrelationships are discernible.
- One of these courses must be an internship. It is recommended that the internship be related to the primary concentration, but in consultation with advising, it is possible for it to be related to the secondary concentration.
- A minimum of 20 credits between the two concentrations must be upper division (3000- and 4000- level) courses.
- Students draft a statement that describes the proposed major theme and discusses the interrelationships among the courses that were chosen.
- This proposal is submitted to the Interdisciplinary Studies Chair for approval. The contract must be approved at least 30 credits prior to graduation.

The major in Management is designed to prepare individuals to perform managerial functions in the public and private sectors. The curriculum provides an educational experience for leadership positions in the business and professional world, and in various business ministries within the church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

Graduates with a degree in Management are able to:

1. Demonstrate foundational knowledge of common business principles.
2. Articulate business concepts and theories to help solve real-world problems.
3. Apply career readiness skills needed for the workplace.
4. Implement strategies for demonstrating competence as a Christian business leader.
5. Evaluate practices and issues in business from a Christian worldview.
6. Demonstrate in-depth knowledge of management principles.
7. Evaluate best practices for addressing human resource issues in an organization.
8. Develop a plan with realistic strategies to launch a career in the management field.

The major in Marketing is designed to prepare individuals for employment in marketing and promotion positions in the public and private sectors. Like other majors in the College of Business, students take a series of core courses in the fundamentals of economics, accounting, management, marketing, and finance. Students then balance the rest of their major with advanced courses in marketing. The curriculum provides an educational experience for leadership positions in the business and professional world, and in various business ministries within the church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

Graduates with a degree in Marketing are able to:

1. Demonstrate foundational knowledge of common business principles.
2. Articulate business concepts and theories to help solve real-world problems.
3. Apply career readiness skills needed for the workplace.
4. Implement strategies for demonstrating competence as a Christian business leader.
5. Evaluate practices and issues in business from a Christian worldview.

Marketing Concentration

1. Demonstrate in-depth knowledge of marketing principles.
2. Interpret marketing data to drive decision-making and achieve organizational goals.
3. Develop a plan with realistic strategies to launch a career in the marketing field.

Digital Marketing Concentration

1. Demonstrate in-depth knowledge of marketing principles.
2. Interpret market data to drive decision-making and achieve organizational goals.
3. Design unique digital marketing experiences for customers and other stakeholders.
4. Develop a plan with realistic strategies to launch a career in the digital marketing field.

Professional Sales Concentration

1. Demonstrate in-depth knowledge of marketing principles.
2. Interpret marketing data to drive decision-making and achieve organizational goals.
3. Use relationship-based selling techniques to close sales.
4. Develop a plan with realistic strategies to launch a career in the sales field.

Ministry Leadership, BA (Online)

College	Ministry; Center for Online and Extended Education
Academic Award	Bachelor of Arts
Credits Required	120 semester credits
Faculty Lead	Steve Mills
CIP Code	39.0699
Available at	Online and NU Oregon

The Ministry Leadership major is designed to prepare students for volunteer or vocational ministry within churches and para-church organizations. Courses in Biblical Studies, Theology, and Practical Ministry ensure students have the necessary knowledge and skills to lead a broad range of ministries. This program qualifies the student educationally for Assemblies of God ministerial credentials.

Graduates with a degree in Ministry Leadership are able to:

1. Apply basic biblical and theological knowledge with the practice of ministry and daily life;
2. Develop leadership, organizational, and administrative skills involved in fulfilling the divine call and function of pastoral ministry;
3. Develop basic preaching/teaching skills necessary for ministerial service;
4. Compose a philosophy of ministry that encompasses God, the church, family, self-understanding, a servant's heart and meaningful relationships with others within a variety of cultures.

For further information about entering the Ministry Leadership program, contact the Center for Online and Extended Education Enrollment Office for an information packet and further details.

Contact the Center for Online and Extended Education Admissions Office for an information packet.

Music Industry Business, BA

College	Business
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Rowlanda Cawthon
CIP Code	50.1003

The major in Music Industry Business is designed to prepare individuals to perform managerial functions in the public and private sectors. The curriculum provides an educational experience for leadership positions in the business and professional world, and in various business ministries within the church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

Graduates with a degree in Music Industry Business are able to:

1. Demonstrate foundational knowledge of common business principles.
2. Articulate business concepts and theories to help solve real-world problems.
3. Apply career readiness skills needed for the workplace.
4. Implement strategies for demonstrating competence as a Christian business leader.
5. Evaluate practices and issues in business from a Christian worldview.
6. Demonstrate comprehensive knowledge of music business practices.
7. Apply management techniques to expand musicians' market share and their brand.
8. Develop a plan with realistic strategies to launch a career in the music industry business.

Core Curriculum Requirements: 60

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**

Music Production, BA

College	Arts and Sciences
Academic Awards	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Steve Smith
CIP Code	10.0203

The Music Production degree builds on the general music knowledge and skills to specifically prepare students to use technology to produce and record musical performances.

Students will choose between a concentration focusing on the role of a producer of musical performance, or of a recording engineer in refining and reproducing quality musical products for a commercial market. Students may also choose to apply these skills in producing quality worship and performance experiences in the Church. The Christian value system and perspective, particularly as it relates to the modern recording/performance environment and the music industry, will be integrated throughout the academic program.

Graduates with a degree in Music Production will be able to:

1. Evaluate musical genres based upon their stylistic characteristics.
2. Create music utilizing an undergraduate proficiency level of music theory.
3. Translate notes into sound, and sound into notes utilizing ear training.
4. Demonstrate proficiency in music technology.
5. Interpret, prepare, and perform a variety of musical works through collaboration in musical performance.
6. Integrate the study of music and the Christian faith.

In addition to these outcomes, graduates will be able to:

Producer Track

1. Create a live musical event or a recording project.

Recording Technology Track

1. Apply recording technology in the production of a live musical event or recording project which meets industry standard.

General Electives: 10-13

Total: 125 Semester Credits

Music, BA

College	Arts and Sciences
Academic Awards	Bachelor of Arts, Music Minor
Credits Required	125 semester credits
Faculty Lead	Naomi Fanshier
Majors	Music
CIP Code	50.0904

The Music Major is designed to prepare students for careers in music and/or graduate studies.

The Music department offers majors which prepare students to enter a variety of careers relating to musical arts. These majors include preparation for a career in music education, music performance, music technology, or contemporary music industry.

Bachelor of Arts in Music

The Music degree prepares students for graduate programs in music and/or a career in a specific musical field. Students will choose a musical concentration of either music performance, music technology, or preparation for a career in music education. Music as a discipline encourages the growth of excellence in performance, development of analytical skills, and creativity through the combination of theory and technique. Graduates will be prepared to enter graduate programs or apply their musical skill and knowledge in a professional setting.

Graduates with a degree in Music will be able to:

1. Evaluate musical genres based upon their stylistic characteristics.
2. Create music utilizing an undergraduate proficiency level of music theory.
3. Translate notes into sound, and sound into notes utilizing ear training.
4. Demonstrate proficiency in music technology.
5. Interpret, prepare, and perform a variety of musical works through collaboration in musical performance.
6. Integrate the study of music and the Christian faith.

145

In addition to the above outcomes, students will be able to:

Music Education Preparatory Concentration:

1. Meet the state competencies for certified music educators.
2. Enter NU's MIT program to complete teacher certification and Master's degree.

Music Technology Concentration:

1. Further understand music technology and creating with recording equipment and digital audio workstations.

Music Performance Concentration:

1. Achieve professional competency on a primary instrument through focused performance study and experience.

Sophomore Jury

Students pursuing the Music Performance track will have their progress and potential assessed at the end of the sophomore year (or upon entry as an AA carrying transfer student). The student must perform two works of varying styles or musical eras, no longer than 15 minutes total. Assessments are made by the music faculty via a performance jury. Outcomes are pass/fail; students who fail a jury will be allowed a second attempt at the beginning of their junior year (or second semester as an AA carrying transfer student). Students who fail two attempts will not be allowed to continue in the Music Performance track.

Core Curriculum Requirements: 60

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**
- *Or* CMIN 2293 - Work of God, Work of Humanity **3 credits**

Total: 125 Semester Credits

Organizational Leadership, BA (Online)

School	Center for Leadership Studies, Center for Online and Extended Education
Academic Award	Bachelor of Arts
Credits Required	120 semester credits
Dean	George Kelley
CIP Code	52.0213
Available at	Online and NU Oregon

The BA in Organizational Leadership is an "in career" degree focusing on developing within students the personal characteristics and professional competencies needed for success and career advancement within their chosen vocation and/or place of employment. Organizational Leadership draws from a cross-section of disciplines with the common focus of practical application in today's highly mobile and demanding workforce. Built upon a leadership core that is applicable to leading within a broad range of settings, students then coordinate with their advisor to design their academic program based on their chosen leadership path. This major challenges them to expand their professional potential within their unique calling and future plans. Thus, students are better equipped to advance within their current setting while being more prepared for future vocational options.

Program Objectives

Graduates with a degree in Organizational Leadership will be able to:

1. Analyze the underlying philosophies and approaches held by major leadership theories.
2. Articulate the principles involved in building and motivating effective teams.
3. Apply the steps and principles associated with decision-making in various organizational settings.
4. Evaluate methods and strategies that maintain effectiveness in an environment of organizational change.
5. Integrate course concepts into a personal philosophy of leadership.

Contact the Center for Online and Extended Education Enrollment Office for an information packet.

Pastoral Ministries, BA

College	Ministry
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Steve Mills
Concentrations	Church and Ministry Leadership, Youth, Children, and Family Ministries, General Ministries
CIP Code	39.0699

The Pastoral Ministries program is designed to prepare students for full time vocational ministry in an environment that blends academic excellence, progressive spiritual formation, and service in local churches.

Course work takes place within a learning community comprised of supportive administration, hands-on faculty, and practicing pastors and ministry leaders. Courses equip students with strong components of biblical and theological understanding, essential skills in administration and leadership, basic understanding of church polity and legal issues, and effective preaching skills with a missional orientation. The program offers room for elective courses in Bible, leadership or specializations of your choice. This program exceeds educational requirements for Assemblies of God ministry credentials.

Students discover and experience foundational faith-values such as: innovation, creativity, inclusion, community, integration, involvement, inspiration, celebration, discernment, spirituality, and gratefulness.

Graduates with a degree in Pastoral Ministries will be able to:

1. Apply Scripture using proper hermeneutical principles in the ministry context.
2. Assess distinct viewpoints on theological topics.
3. Articulate a biblical philosophy of ministry.
4. Exhibit effective communication skills for pastoral ministry.
5. Demonstrate core pastoral competencies in an applied ministry setting.

The Psychology major enhances our understanding of the human condition in light of a distinctive Christian worldview. Our theoretical framework synthesizes broad-based knowledge drawn from the fields of psychology, anthropology, sociology, and cultural studies to provide the student with a sound social sciences foundation. Students are challenged and equipped to become change agents, accepting the responsibility to truly make a difference in the lives of hurting individuals within a global context.

The Psychology major prepares individuals for post-baccalaureate occupations including work in human services across cultural settings, and for graduate work in the social sciences.

Graduates with a degree in Psychology will be able to:

- Apply the major concepts, theoretical perspectives, and empirical findings of psychological principles to behavioral problems.
- Analyze psychological phenomena through interpreting behavior, examining research, and applying scientific methodology.
- Demonstrate research, writing, and presentation skills applicable to the field of psychology, specifically using APA style.
- Evaluate the impact of cross-cultural differences on psychological development.
- Critique the interaction between spirituality and psychological theories.
- Integrate the psychology-specific aspects of self-reflection, project management, teamwork, and career preparation into their personal and professional lives.

The Psychology Major does not have formal entrance requirements. However, students majoring in Psychology should meet individually with one of the undergraduate faculty members to discuss goals and plans for graduate school or post-graduate employment. This is best done in the first semester of the junior year or earlier.

Available at	Online and NU Oregon

The Psychology major prepares individuals for entry-level post-baccalaureate occupations including work in human services across cultural settings, and for graduate work in the social sciences.

The Psychology major prepares individuals for post-baccalaureate occupations including work in human services across cultural settings, and for graduate work in the social sciences.

Graduates with a degree in Psychology will be able to:

- Apply the major concepts, theoretical perspectives, and empirical findings of psychological principles to behavioral problems.
- Analyze psychological phenomena through interpreting behavior, examining research, and applying scientific methodology.
- Demonstrate research, writing, and presentation skills applicable to the field of psychology, specifically using APA style.
- Evaluate the impact of cross-cultural differences on psychological development.
- Critique the interaction between spirituality and psychological theories.
- Integrate the psychology-specific aspects of self-reflection, project management, and career preparation into their personal and professional lives.

The BA in Psychology is offered by the College of Social and Behavioral Sciences through the Center for Online and Extended Education. Classes are offered successively in the evenings and on Saturdays. The entire four years can be completed through the Center for Online and Extended Education program. Semesters run on a non-traditional schedule. This program provides the opportunity for working adults who cannot currently attend the on-campus day program to pursue their studies in Psychology.

For further information about entering the General Psychology major, contact the Center for Online and Extended Education Enrollment Office for an information packet.

User Experience Designers define the structure and behavior of virtually any kind of interface between a human user and a device controlled by computer software. A "device" in this context may be defined as anything with a data input capability (such as a keyboard, keypad, or microphone) and output capability (such as a computer screen, LCD display, speaker, etc.). Common examples of such devices include computers, mobile phones, "smart" speakers, in-car information systems, home automation consoles or even light switches – basically any type of "dedicated" device controlled by software. The goal of this program will be to prepare students for careers where they will design, implement, evaluate, and test device interfaces which are (by design) effective, intuitive and visually compelling.

Graduates with a degree in UX Design will be able to:

1. Apply the iterative approach of "design thinking" methods to develop solutions to complex problems.
2. Develop prototypes of user interfaces using industry standard tools and techniques.
3. Analyze user requirements for device and software interfaces, including applications for persons with special needs.
4. Design products that meet user requirements and are easy to use.
5. Produce a compelling portfolio of user experience projects demonstrating proficiency in the design process.
6. Apply concepts and methods learned in this major to designing solutions in the context of team-based projects.
7. Articulate how their faith informs their work in the field of UX Design.

Specific employment opportunities for graduates with this degree include:

- User Experience/Interface Designer – designs user interfaces and experiences
- Usability Engineer – performs usability testing, determining if interfaces are intuitive and functionally correct
- Application Developer – develops the software for application programs
- Application Testing Engineer – tests and validates computer or mobile device applications
- Web Developer – designs and develops web pages
- UX Localization Engineer – modifies existing user interfaces to other languages or cultures
- UX or Application Program Manager – manages the development and release of computer or mobile applications

Video Production or Digital Filmmaking professionals are the experts in designing, recording, editing, staging and producing movies, live shows, or video games. It involves technical and engineering talent as well as artistic and design skills. The goal of this program is to train the future leaders and technical specialists with the expertise and experience needed to become leaders in these fields, and it will also provide the cornerstone classes for other media arts degree programs (such as film and cinematography).

Graduates with a degree in Video Production will be able to:

1. Create new and innovative video productions using the integrative approach of "design thinking" methods.
2. Demonstrate mastery of cinematography in the creation of a live or studio recording.
3. Master the conversion of raw film footage to final video production utilizing commercial video editing technology.
4. Collaborate with a group in the production of films/videos
5. Produce live events for indoor and outdoor venues with professional quality sound, lighting and video recording (Live or Live Action Concentration)
6. Produce professional quality animated or live motion videos (Animation and Live Motion Concentration).
7. Articulate how their faith informs their work in the field of video production and digital filmmaking.

Specific employment opportunities for graduates with this degree include:

- Video Producer
- Cinematographer
- Video Editor
- Animator
- Game Producer, Designer or Developer

- AVPE 4283 - Animation/Motion Graphics II **3 credits**
- AVPE 4383 - Animation/Motion Graphics Projects **3 credits**

Live and Live Action Video Concentration: 12

- AVPE 3413 - Sound Design **3 credits**
- AVPE 3293 - Stage and Film Directing **3 credits**
- AVPE 4613 - Digital Video Editing II **3 credits**
- AVPE 4893 - Live Videography Practicum **3 credits**

Virtual Production Concentration: 12

- AVPE 3073 - Virtual Game Engine I **3 credits**
- AVPE 3173 - Virtual Game Engine II **3 credits**
- AVPE 4363 - Virtual Animation Production **3 credits**
- AVPE 4373 - Virtual Production **3 credits**

General Electives: 17-18

The following courses are recommended:

- ARTE 1202 - Introduction to Art and Design **2 credits**
- ARTE 1342 - Introduction to Photography **2 credits**
- AVPE 2013 - Survey of Audio Technology **3 credits**

Total: 125 Semester Credits

Worship and Music Studies, BA

College	Ministry
Academic Awards	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	tba
CIP Code	39.0501

The Bachelor of Worship and Music Studies is designed to prepare students for careers in the field of music ministry.

Bachelor of Arts in Worship and Music Studies

Graduates of this program will be competent to serve as the Minister of Music or Worship pastor in a local church, and to effectively develop and lead all aspects of a church music program.

Graduates with a degree in Worship and Music Studies will be able to:

1. Evaluate musical genres based upon their stylistic characteristics.
2. Create music utilizing an undergraduate proficiency level of music theory.
3. Translate notes into sound, and sound into notes utilizing ear training.
4. Integrate the study of music and the Christian faith.
5. Design an effective plan to serve the musical needs of the church.

Core Curriculum Requirements: 60

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**
- *Or* CMIN 2293 - Work of God, Work of Humanity **3 credits**
- BIBL 2563 - How to Read the Bible **3 credits**
- THEO 1093 - Foundations of Christian Faith **3 credits**

167

Written and Verbal Communications: 9

- ENGL 1013 - Composition I: Expository Writing **3 credits**
- ENGL 1023 - Composition II: Rhetoric and Research Writing **3 credits**
- COMM 1213 - Fundamentals of Speech Communication **3 credits**

Humanities: 9

6 credits in this area must be from Writing Practice courses (see Course Descriptions for applicability)*

- ENGL xxx3 Any Literature course 3 credits
- HIST xxx3 Any Course in History 3 credits
- 3 additional credits selected from the following 3 credits
 - Art (ARTE), Bible (BIBL), Drama (DRAM), English (ENGL), History (HIST), Language (LANG), Music (MUSI), or Theology (THEO)

Social Sciences: 9

6 credits in this area must be from Writing Practice courses (see Course Descriptions for applicability)*

- Select a minimum of two disciplines from the following: 9 credits
 - Business Administration (BUSM), Communication (except COMM 1213), Economics, Education (EDUC), Exercise Science (EXSC), Geography (GEOG), Information Technology (INTC), Management (BMGT), Marketing (BMKT), Philosophy (PHIL), Political Science (PSCI), Psychology (PSYC), Sociology/Anthropology (SOCL), or User Experience Design (UXDE)

Science and Mathematics: 7

- MATH xxxx - College-level Mathematics 3 credits
- SCIE xxxx - Science course with Lab 4 credits

Formation and Calling: 6

- UCOR 1053 - Life Calling **3 credits**
- THEO 1063 - Gospel and Culture **3 credits**
- *Or* INCS 1063 - Gospel and Culture **3 credits**

Professional Readiness: 2

Two Core Curriculum elective credits are required to be Career Readiness credits. These credits can be earned by taking a combination of Career Readiness Courses and introductory internship and/or job shadowing experiences.

- This two-credit requirement is waived for students who transfer 60 or more credits to NU
- Students with 47-59 transfer credits are required to take one Career Readiness credit

Core Electives: 6

Select any college-level courses

Worship and Music Studies Major: 48-56

Music Core: 15-19

- MUSI 1033 - Introduction to Theory **3 credits** *
**Students who successfully pass the music placement exam will be exempt from this requirement.*
- MUSI 1113 - Music Theory I **3 credits**
- MUSI 1131 - Ear Training & Sight-Singing I **1 credits**
- MUSI 1123 - Music Theory II **3 credits**
- MUSI 1141 - Ear Training & Sight-Singing II **1 credits**
- MUSI 3223 - Music History and Literature II **3 credits**
- MUAP 2582 - Basic Computer Notation **2 credits**
Select one of the following:
- MUAP 3312 - Choral Conducting **2 credits**
- *Or* MUAP 3323 - Instrumental Conducting **3 credits**

168

Applied Music Requirements: 8-12

Ensemble Requirements: 4-8

Students are required to participate in at least one ensemble each semester. (Transfer students will consult with advisor.)

Select 4-8 credits from the following:

- MUAP 1021 - Concert Choir **1 credits**
- MUAP 1031 - Northwest Choralons **1 credits**
- MUAP 1051 - Wind Ensemble **1 credits**
- MUAP 1081 - Chamber Orchestra **1 credits**
- MUAP 1101 - Northwest Drum Line **1 credits**

Private Music Lessons: 4

Students may take (MUPL) applied lessons on one - three instruments. See Course Descriptions for applicability

- MUPL x21x Any level Piano Instruction **2 credits**
- MUPL xxxx Private Music Lessons **4 credits**

Ministry Requirements: 25

Ministerial Foundation: 15

- BIBL 2213 - Jesus and the Synoptic Gospels **3 credits**
- BIBL 3133 - Bible Book Studies: Psalms **3 credits**
- PMIN 3303 - Ministry Life and Calling **3 credits**

- THEO 3433 - Theology of Worship **3 credits**
- BIBL 3893 - Biblical Lands Experience **3 credits**
- *Or* BIBL 3993 - International Bible/Theology Tour **3 credits**

Worship Ministry Practice:10

- MUSI 3343 - Songwriting **3 credits**
- MUSI 3413 - Current Issues in Worship Ministry **3 credits**
- MUSI 3443 - Worship Leadership **3 credits**
- MUSI 4941 - Music Ministry Internship **1 credits**

General Electives: 9-17

Total: 125 Semester Credits

Youth, Children, and Family Ministries, BA

College	Ministry
Academic Award	Bachelor of Arts
Credits Required	125 semester credits
Faculty Lead	Steve Mills
CIP Code	39.0702

The Youth, Children, and Family Ministries major is designed to prepare students for vocational ministry with children, adolescents, and their families by developing the basic knowledge and skills to lead, organize, and effectively minister. This course of study will enable the student to develop and express the biblical concepts of fulfilling the Great Commission in the church and as pastors in local churches.

The curriculum is focused upon seeing the Great Commission fulfilled in the lives of young people from birth through adolescence and into mature Christian adulthood. An emphasis is placed on investing in young peoples' lives and partnering with and ministering to families as well as the continued growth of the pastor as a person and minister of the Gospel.

Recognizing that effective ministry depends upon competent understanding and skillful use of the Scriptures, this major requires a strong component of Bible and theology. This program exceeds educational requirements for Assemblies of God ministry credentials.

Graduates with a degree in Youth, Children, and Family Ministries will be able to:

1. Apply Scripture using proper hermeneutical principles in the ministry context.
2. Assess distinct viewpoints on theological topics.
3. Articulate a biblical philosophy of ministry.
4. Exhibit effective communication skills for pastoral ministry.
5. Demonstrate core pastoral competencies in an applied ministry setting.
6. Formulate strategies necessary for ministry to children, adolescents and, their families.
7. Correlate practical theological reflection with ministry to those in unique developmental stages of childhood and adolescence.

Biology, BS

College	Arts and Sciences
Academic Award	Bachelor of Science
Credits Required	125 semester credits
Faculty Lead	Charlotte Easterling
CIP Code	26.0101

The study of biology strives to understand the natural world we live in, including the human body. The Biology major focuses on how living things work, how they interact with each other and the non-living world, as well as how our actions influence nature, including human health. Studying biology causes us to ask questions, make observations, describe potential answers, design studies, collect evidence, evaluate data and solve problems. This field covers a broad range of disciplines including anatomy, biochemistry, biotechnology, cellular biology, ecology, genetics, microbiology, molecular biology, physiology, and zoology. Career options with a Biology degree include biotechnology, research technician, pharmaceutical development, ecological restoration, wildlife management, forensics, teaching, graduate school (MS or PhD), and other health professional schools (MD, DO, DVM, PA, DDS).

Graduates with a degree in Biology will be able to:

1. Effectively communicate scientific research.
2. Demonstrate a strong knowledge base in the biological sciences.
3. Analyze primary scientific literature.
4. Apply the scientific method to answer scientific questions.
5. Demonstrate competency in basic scientific laboratory techniques.
6. Articulate a Christian worldview that integrates faith and science.

Students majoring in biology have a wide range of interesting and challenging career opportunities. Accordingly, the major is designed to enable a student to choose a track that supports his or her chosen career path. Following the completion of the Foundations phase of the biology curriculum, a student, in consultation with a science advisor, chooses the track that provides the basis for further education or chosen career path. The tracks from which a student may select are: Animal Biology (pre-veterinary), Pre-Health (Physician's Assistant, Physical Therapy, Naturopathy, Chiropractic, and others), Pre-Medicine, and General Science. Students applying for professional schools must request a letter of recommendation from the Pre-Professional Committee. For professional schools individual faculty may not write letters.

Application to Biology Major Pre-Medicine Track

After completing 24 credits of science courses, four of which must be taken at Northwest University, the student will complete an application to biology major pre-medicine track.

1. Prepare a formal application and submit it to the Science Department Chair. All materials should be submitted by March 1 as a single PDF. The minimum recommended application criteria should include the following:
 1. A cover page including student's name, overall GPA as of the last semester before application, and science GPA (3.5).
 2. Unofficial transcripts documenting all previous collegiate academic work.
 3. A page denoting four recorded hours of medical experience such as volunteering, shadowing, internship, etc.
 4. A 300-word maximum written statement outlining why the student wishes to attend medical school and what characteristics the student has that will lead to success.
2. Once the application is complete and submitted, the Science Department Chair will schedule an interview with members of the Pre-Professional Committee. Official admittance correspondence will occur by the end of March. Students who do not obtain admittance may reapply in subsequent years.

The Pre-Professional Committee is tasked with writing letters of recommendation for professional schools. The procedure for obtaining a letter of recommendation is as follows:

1. Prepare the formal application and submit it to the Science Department Chair. All materials should be submitted three months before the application deadlines as a single PDF.
 1. On the cover page include your name, overall GPA as of the last semester before application, your science GPA, and your standardized exam score (MCAT, DAT, or GRE).
 2. Attach unofficial transcripts documenting all your previous collegiate academic work.
 3. Submit a (one page maximum) typed statement of personal and professional interest.

4. Submit two professional reference letters speaking to the applicant's character, leadership activities, and service commitment so that an assessment of the applicant's potential for success can be made. Northwest University science professors or members of your family may not be used for reference letters.
 5. Include a well-organized list of medical related volunteering, shadowing, jobs, and other life experiences with brief descriptions of each. Letters from people you worked with may be attached to this page.
 6. Submit a list of all schools that you are considering attending. Include their requirements for admission, specifically average GPA, average MCAT, and total volunteering hours.
2. Once the application is complete and submitted, the applicant will set up an interview with the Pre-Professional Committee through the Natural Science Department Chair. At the end of the interview, the committee will notify the applicant if a letter will be written.

Animal Biology Track

The animal biology track prepares students to apply for admission to veterinary schools, or to graduate study relating to the study of animals.

Recognizing that the admission to veterinary schools is highly competitive, the student should take ownership of their application process, while working closely with their advisor, in order to meet the admission standards set by the professional schools the student has selected.

Pre-Health Track

This track prepares a student to enter training for a variety of healthcare careers such as Physician's assistant, Physical Therapy, Naturopathy, and more. Because these careers have rigorous programs of study and training required for certification, they often have specific requirements for admission. The student, upon entering the track, should work with her or his advisor to meet the entrance requirements for the specific career training programs.

Pre-Medicine Track

The pre-medicine track develops students as scholarly professionals who are dedicated to pursuing advanced studies in medicine and who are qualified for admission to professional schools. Pre-medicine includes Medical Doctor (MD), Doctor of Osteopathic Medicine (DO), Doctor of Dental Medicine (DDS), and Doctor of Optometry (DO). Because admission into medical schools is highly competitive and selective, students in this track will be carefully guided toward meeting the standards for admission set by the Association of American Medical Colleges. A student entering this program with a goal of gaining admission to a professional school accepts the personal responsibility to carefully prepare for application by achieving strong grades and pursuing service experiences in health sciences. Participation in an advising cohort aimed at developing the whole student as a potential professional enhances the possibility of achieving the goal of admission to a professional school.

174

General Science Track

The general biology track develops students as scholarly professionals who are dedicated to working in the scientific community, or who are prepared to pursue graduate studies in the sciences. Students who complete this degree track will be well prepared to enter fields of employment appropriate to a B.S. degree. In addition, the student will participate in development oriented cross-cultural scientific experiences that provide a rich understanding of the interplay of science and human well-being, and that give a unique preparation for entering the job market, or for pursuing admission to graduate programs in advanced fields of study.

Graduates of Northwest University with a degree in Computer Science will gain knowledge and experience in computer theory, software design, programming, testing, and algorithm design. In addition, they will be trained in program management, web development, and user interface design. This major will incorporate studies in mathematics, data science and project management. The goal of this program will be to prepare students for a variety of careers focused on the development of complex software applications and systems. Graduates with a degree in Computer Science from Northwest University will be "ready to work", employable in a diverse set of careers in areas of engineering and software development.

Graduates with a degree in Computer Science are able to:

1. Apply the iterative approach of "design thinking" methods to develop solutions to complex problems.
2. Identify potential computer applications and associated features and functions of those applications.
3. Demonstrate proficiency with software engineering tools and languages.
4. Demonstrate understanding of computing algorithms and how they factor into the development of complex systems
5. Construct a variety of software programs utilizing common computer languages.
6. Apply concepts and methods learned in this major to designing solutions in the context of team-based projects.
7. Articulate how your faith informs your work in the field of Computer Science.

Core Curriculum Requirements: 43

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**
- *Or* CMIN 2293 - Work of God, Work of Humanity **3 credits**
- BIBL 2563 - How to Read the Bible **3 credits**
- THEO 1093 - Foundations of Christian Faith **3 credits**

180

Written and Verbal Communications: 9

- ENGL 1013 - Composition I: Expository Writing **3 credits**
- ENGL 1023 - Composition II: Rhetoric and Research Writing **3 credits**
- COMM 1213 - Fundamentals of Speech Communication **3 credits**

Humanities: 3

- Credits in this area must be from Writing Practice courses* (*see Course Descriptions for applicability*)
- 3 additional credits selected from the following **3 credits**
 - Art (ARTE), Bible (BIBL), Drama (DRAM), English (ENGL), History (HIST), Language (LANG), Music (MUSI), or Theology (THEO)

Social Sciences: 6

- 6 credits in this area must be from Writing Practice courses* (*see Course Descriptions for applicability*)
- Select a minimum of two disciplines from the following:
 - Business Administration (BUSM), Communication (except COMM 1213), Economics, Education (EDUC), Exercise Science (EXSC), Geography (GEOG), Information Technology (INTC), Management (BMGT), Marketing (BMKT), Philosophy (PHIL), Political Science (PSCI), Psychology (PSYC), Sociology/Anthropology (SOCI), or User Experience Design (UXDE)

The Environmental Science major aims at developing graduates who, through scientific study and the use of applying advancing technologies, will actively engage in environmental stewardship to build a sustainable future for the earth and its people. The major provides broad and comprehensive education in the areas of biology, ecology, natural resource management, sustainable development, and the social sciences. This area of study focuses on the relationship between humans and the natural world, focusing intently where human interactions, both small and large, impact biological and physical environments, and seeking creative remedies for environmental problems. The curriculum involves field study, academic research, and career preparation, all presented with the biblical understanding that the Christian is called to be a steward of the earth.

Purpose and Philosophy

Stewardship, knowledge and servant-hood are essential to the Northwest University Environmental Science major. We firmly believe the Earth and all its creatures embody the majesty of God's ingenious powers. We believe that humanity, by God's ordaining power, is placed here to serve as stewards. Stewardship includes living sustainably and caring for our neighbors at home and abroad. The scientific laws and principles that govern this natural world represent God's continued and sustaining presence and therefore these laws can and should be discovered and understood by students and faculty. This knowledge enhances human understanding of the Creator and provides us with the tools to carry out our stewardship responsibilities. We strive to provide a unique approach to a major in Environmental Science through the integration of science and theology. The interplay between scientific experiment and theory is balanced with growth in understanding and human imagination. We emphasize the joining of faculty and students in studying the wonders of nature in order to develop an inquisitive mind combined with rigorous reasoning and hands-on field experiences. Stewardship and servant-hood displace materialism and human power as the primary goals of graduates committed to making our world environmentally sustainable.

183

Curriculum Overview

The curriculum foundation provides a broad exposure to knowledge and experience in the ecological sciences. The elective component allows individual students and their advisors to target the specific applicational focus.

Outcomes

Graduates with a degree in Environmental Science will be able to:

1. Effectively communicate scientific research.
2. Demonstrate a strong knowledge base in the environmental sciences.
3. Analyze primary scientific literature.
4. Apply the scientific method to answer scientific questions.
5. Demonstrate competency in basic scientific laboratory techniques.
6. Articulate a Christian worldview that integrates faith and science.

Course Sequence

The sequential nature of many of the required science courses mandates that students pay close attention to course numbering and course prerequisites, and to work closely with a science department advisor. Many requirements are foundational and often prerequisite or corequisite to other courses. Additionally, some of the courses are offered in alternating years. The student is strongly encouraged to confer with the science advisor in the choice of elective courses that can strengthen the educational experience.

Core Curriculum Requirements: 43

Bible and Theology: 12

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits**
- Or CMIN 2293 - Work of God, Work of Humanity **3 credits**

Any college-level courses

Environmental Science Major Requirements: 68

PHASE I Foundations: 19

- MATH 1313 - Introduction to Statistics **3 credits**
- SCIE 1203 - Survey of Chemistry I **3 credits**
- SCIE 1201 - Survey of Chemistry I Laboratory **1 credits**
- SCIE 1213 - Survey of Chemistry II **3 credits**
- SCIE 1211 - Survey of Chemistry II Laboratory **1 credits**
- SCIE 2053 - General Biology: Ecology/Diversity **3 credits**
- SCIE 2051 - General Biology: Ecology/Diversity Laboratory **1 credits**
- SCIE 2401 - Environmental Science Laboratory **1 credits**
- SCIE 2403 - Environmental Science **3 credits**

PHASE II Environmental Science Core: 25

Required Courses: 18

- SOCI 2133 - Social Problems **3 credits**

- SCIE 3104 - Microbiology **4 credits**
- SCIE 3100 - Microbiology Laboratory **0 credits**
- SCIE 3713 - Community Development and Environmental Sustainability **3 credits**
- SCIE 3711 - Community Development and Environmental Sustainability Laboratory **1 credits**
- SCIE 4153 - Ecology **3 credits**
- SCIE 4151 - Ecology Laboratory **1 credits**
- SCIE 4782 - Science Capstone I **2 credits**
- SCIE 4791 - Science Capstone II **1 credits**

Cultural and Moral Integration: 6

- IDIS 3913 - Cross-Cultural Experience **3 credits**
- SCIE 4223 - Bioethics **3 credits**

Professional Experience: 1

(select from the following)

- SCIE 4921 - Research Topics **1 credits**
- SCIE 4941 - Science Internship and Certification **1 credits**

PHASE III Major Tracks: 24

(Choose one of the following tracks)

Natural Science Track: 24

Select 24 credits from the following in consultation with the academic advisor:

- BUSM 2553 - Survey of Economics **3 credits**
- COMM 3013 - Introduction to Public Relations **3 credits**
- COMM 3563 - Conflict Resolution **3 credits**
- SCIE 2283 - Physics I **3 credits**
- SCIE 2281 - Physics I Laboratory **1 credits**
- SCIE 1303 - Geology **3 credits**
- SCIE 1301 - Geology Laboratory **1 credits**
- SCIE 2063 - General Biology: Cell/Molecular **3 credits**
- SCIE 2061 - General Biology: Cell/Molecular Laboratory **1 credits**
- SCIE 3023 - Zoology **3 credits**
- SCIE 3021 - Zoology Laboratory **1 credits**
- SCIE 3164 - Northwest Ecology w/ Laboratory **4 credits** *(summer only)*
- SCIE 4661-3 - Undergraduate Science Teaching Assistant **1-3 credits**
- SCIE 4671 - Undergraduate Science Lab Assistant **1 credits**
- SCIE 4921 - Research Topics **1 credits**
- SCIE 2xxx or above - Science Electives *(in consultation with your advisor)*

The department strongly recommends that students take 8 credits of the track with Au Sable Institute during a five-week summer session. Au Sable offers classes such as Geographic Information Systems, Marine Mammals, Restoration Ecology, and many others. The summer research program is also an excellent choice for those considering graduate school. See Au Sable Institute for further information.

Environmental Education Track: 24

Select 24 credits from the following in consultation with the academic advisor:

- EDUC 2013 - Schools and Society **3 credits**
- EDUC 3013 - Instructional Design **3 credits**
- EDUC 3163 - Learning Theory **3 credits**
- EDUC 4503 - Introduction to English Language Learning **3 credits**

- DRAM 3173 - Creative Communication Skills **3 credits**
- INCS 3433 - Intercultural Communication **3 credits**
- SPED 4043 - Introduction to Special Education **3 credits**
- SCIE 2xxx or above - Science Electives (*in consultation with your advisor*)

The department strongly recommends that students apply to the Au Sable Institute Environmental Leadership Initiative, which is a paid semester training in environmental education at the beautiful Au Sable Michigan campus. College graduates and students with Junior standing may apply. See Au Sable Institute for further information.

Five-Year MIT

In addition, students majoring in Environmental Science with an Environmental Education Track may achieve a fifth year Masters in Teaching with careful planning early in the student's education in conjunction with the College of Education.

Environmental Policy Track: 24

Select 24 credits from the following in consultation with the academic advisor:

- BUSM 2553 - Survey of Economics **3 credits**
- BUSM 3273 - Business and Professional Writing **3 credits**
- BUSM 3663 - Introduction to Entrepreneurship **3 credits**
- COMM 1003 - Introduction to Human Communication **3 credits**
- COMM 3013 - Introduction to Public Relations **3 credits**
- COMM 3563 - Conflict Resolution **3 credits**
- PHIL 2753 - Introduction to Philosophy **3 credits**
- SOCI 1113 - Survey of Sociology **3 credits**
- SOCI 3433 - Intercultural Communication **3 credits**
- SCIE 4661-3 - Undergraduate Science Teaching Assistant **1-3 credits**
- SCIE 4671 - Undergraduate Science Lab Assistant **1 credits**
- SCIE 4921 - Research Topics **1 credits**
- SCIE 2xxx or above - Science Electives (*in consultation with your advisor*)

186

The department strongly recommends that students take 8 credits of the track with Au Sable Institute during a five-week summer session. Au Sable offers classes such as Geographic Information Systems, Marine Mammals, Restoration Ecology, and many others. The summer research program is also an excellent choice for those considering graduate school. See Au Sable Institute for further information.

Five Year MA-ICD

In addition, 12 credits of the MAICD program are required during the junior and senior years. 9 of these credits will count towards the Natural Science or Environmental Policy Track, completing the 21 credits in the track. The remaining 3 MAICD credits will count toward general electives.

- GLST 5153 Research for Social Change **3 credits** for SCIE 4923 Research Topics
- GLST 5313 Community Development **3 credits** for SOCI 1113 Survey of Sociology
- GLST 5503 Culture Studies in a Global Context **3 credits** for PHIL 2753 Introduction to Philosophy
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for an Undergraduate Elective

The Bachelor of Arts and Bachelor of Science in Exercise Science prepare students with the essential knowledge and skills to enter careers as health, fitness, and human performance specialists. The degree emphasize a strong core of scientific understanding of the human body and its systems as they relate to general health and wellness, fitness, and performance enhancement.

Outcomes

Graduates with a degree in Exercise Science will be able to:

1. Describe the physiological response to exercise.
2. Generate a proposal for a research project that uses the scientific method.
3. Asses health-related components of fitness.
4. Design a performance-based training program.
5. Integrate the study of Exercise Science and the Christian faith.

Core Curriculum Requirements: 43

Bible and Theology: 12

The Mark and Huldah Buntain College of Nursing at Northwest University graduates scholarly professional nurses who practice from a uniquely Christian worldview and are dedicated to helping all human beings in pursuit of holistic health. Upon successful completion of the four-year pre-nursing courses and nursing curriculum requirements, students are prepared to sit for the national licensure examination leading to the Registered Nurse (RN) status in the State of Washington. This licensure allows graduates to practice professional nursing in health care systems across Washington State and seek reciprocal licensure in all states and territories of the United States of America or any nation in the world.

See the Mark and Huldah Buntain College of Nursing under the Academic Programs section of this catalog for a complete program description.

Nursing Program Outcomes

The graduates of the Mark and Huldah Buntain College of Nursing at Northwest University effectively:

1. Integrate Christian faith into professional nursing practice to serve individuals, families, and populations.
2. Plan compassionate and culturally sensitive care with the guiding principles of diversity, equity, and inclusion.
3. Apply clinical judgement to deliver safe person-centered care across the lifespan and health-illness continuum.
4. Utilize patient care technologies and informatic processes to deliver quality, safe, and effective nursing care.
5. Integrate evidence-based practice and scholarly inquiry into clinical decisions for quality patient care.
6. Practice leadership behaviors, ethical decision making, and communication skills in collaboration with interprofessional teams.
7. Articulate problems in complex healthcare systems to contribute to a culture of safety.
8. Examine solutions for population health within the frameworks of health promotion, policy, and health systems.
9. Create a professional identity inclusive of personal well-being, professional growth, and career-long learning.

Nursing, RN to BSN (Online)

College	Nursing, Center for Online and Extended Education
Academic Award	Bachelor of Science in Nursing
Credits Required	120-123 semester credits
Dean	Erin-Joy Bjorge
Faculty Lead	Tiffany Zyniewicz
CIP Code	51.3801
Available at	Online

The Mark and Huldah Buntain College of Nursing at Northwest University graduates scholarly professional nurses who practice from a uniquely Christian worldview and are dedicated to helping all human beings in pursuit of holistic health. Life-long professional learning is a hallmark indicating the quality and excellence required of all nurses. It begins as the learner enters nursing, and remains a strategic force throughout the nurse's lifetime of professional practice.

BSN Program at Northwest University

The Registered Nurse to Bachelor of Science in Nursing (RN-BSN) program is a track of the Mark and Huldah Buntain College of Nursing prelicensure BSN program that allows licensed registered nurses who have completed their associate degree to complete the academic and clinical practice experience requirements for a baccalaureate degree in nursing. The RN-BSN curriculum is based on the core courses, essential curricular concepts, and contextual themes in the prelicensure BSN program. At the completion of the RN-BSN program, learners are able to achieve the BSN graduate nursing program outcomes.

Nursing Program Outcomes

Graduates are able to

1. Integrate Christian faith into professional nursing practice to serve individuals, families, and populations.
2. Plan compassionate and culturally sensitive care with the guiding principles of diversity, equity, and inclusion.
3. Apply clinical judgement to deliver safe person-centered care across the lifespan and health-illness continuum.
4. Utilize patient care technologies and informatic processes to deliver quality, safe, and effective nursing care.
5. Integrate evidence-based practice and scholarly inquiry into clinical decisions for quality patient care.
6. Practice leadership behaviors, ethical decision making, and communication skills in collaboration with interprofessional teams.
7. Articulate problems in complex healthcare systems to contribute to a culture of safety.
8. Examine solutions for population health within the frameworks of health promotion, policy, and health systems.
9. Create a professional identity inclusive of personal well-being, professional growth, and career-long learning.

RN-BSN Online Program Design

Seamless Advancement

Total credits for the RN-BSN online program are commensurate with the pre-licensure BSN program. Transfer credits are allowed per Northwest University policies in coordination with:

- Commission on Collegiate Nurse Education (CCNE) accreditation requirements
- Council on Nursing Education in Washington State (CNEWS) has formulated policies to streamline navigation through advanced and higher education for professional nurses in this State.) The Associate in Nursing Direct Transfer Agreement (DTA) is a pathway that allows students to complete nursing prerequisites, general education requirements and their pre-licensure RN study at a community/technical college. Graduates of this degree may then apply for transfer to a college/university that offers a post-licensure RN-to-BSN program.
- RN graduates from Associate Degree in Nursing (ADN) programs can transfer up to 60 semester (90 quarter) credits of lower division (LD) credits including all of prior nursing courses. RN graduates from diploma programs who have accredited college/university credits are evaluated separately according to their

individual programs for up to 60 semester (90 quarter) LD credits; the credit transfer may or may not include nursing classes.

- All RNs educated outside of the United States are required to have formal nursing and post high school level education transcripts evaluated by foreign transcript evaluation services to determine acceptable transfer credits.
- The nurse's current state RN license attests to his/her legal right to practice and is awarded 30 credits in the DTA experiential credits category.
- Complete 30 upper division nursing credits for the RN-BSN Online Program at Northwest University.

Motivational Commitment

- Establish a personal Contract of Study, using self-assessment and description of why he/she is pursuing higher education in nursing, the expected outcomes by engaging in an online program at Northwest University, and possible future plans to pursue a masters' and/or doctoral education.
- Identify support systems already in place to aid the learner through a rigorous program of professional studies, back-up plans for stressful periods of greater than anticipated course work/study, and the ultimate support systems that must be considered in personal and/or family emergencies that may require delays or stop-outs in the student's course of studies.

Engaged-Collaborative Learning

- Actively engage throughout the Online Program via assignments, discussion boards/forums, collaborative projects and papers, and critique of class colleagues' work.
- Exhibit a high degree of flexibility to maintain optimum involvement with mobile technology, potentially different time zones, self-prepared preceptorships and practice environments, and time-zone-specific deadlines for course assignments.
- Responsively and reliably communicate with a nursing faculty course mentor.
- Constructively collaborate with duo/triad study partners for selected assignments/projects as determined by course faculty.

Applicants' Experiential Practice and RN Licensure Requirements

193

Nursing faculty will have on-going participation in assessing compliance with the following standards:

1. Associate degree in nursing, diploma in nursing, or an international nursing education.
2. Clinical RN nursing practice is current within two (2) years of applying for the RN-BSN Online Program.
3. A current and unencumbered RN license in Washington, Oregon, Montana, or Alaska.

Program Practice Experience Requirements

Clinical opportunities in the nursing program require applicants to submit the following records to an online data collection service.

1. Health history and physical examination that includes immunization, vaccination documentation, and titer levels, conducted and signed by a licensed healthcare practitioner.
2. Immunizations
 - DPT series and any subsequent Boosters.
 - One booster after age 19 must be a Tdap (Tetanus, Diphtheria, and Pertussis) vaccine.
 - Hepatitis B series & proof of positive titer
 - MMR series or proof of positive titer
 - Varicella series or proof of positive titer
 - Influenza (annual requirement)
 - COVID-19
3. Annual two-step testing for TB (TST or TB IGRA).
4. Current AHA healthcare provider-level CPR card.
5. National background check, OIG, GSA, and Washington State Patrol Criminal Background Check is required.
6. Proof of health insurance.
7. Proof of malpractice and liability insurance.
8. RN license.

9. Students may be required to undergo drug screening and/or fingerprinting for selected agencies as a prerequisite to practice experiences. It is the student's responsibility to pay for this screening.

Prerequisite Requirements: 90

- Associate Degree in Nursing from an accredited institutions **60 credits**
- Active unencumbered RN license in Washington State (DTA Experiential credits category) **30 credits**

Core Curriculum: 3

Science and Mathematics: 3

- MATH 1313 - Introduction to Statistics **3 credits**
- *(Required if not taken as part of the Associates Degree in Nursing program. Must be successfully completed prior to NURS 4664)*

Nursing Major Requirements: 30

- NURS 4603 - Professional Nursing Concepts & Applied Critical Thinking **3 credits**
- NURS 4643 - Health Assessment, Pathophysiology, & Pharmacotherapeutics **3 credits**
- NURS 4653 - Culturally Responsive Nursing: Theory and Practice **3 credits**
- NURS 4664 - Principles of Research and Scholarly Inquiry **4 credits**
- NURS 4673 - Global Health: Practicing Community Wellness **3 credits**
- NURS 4723 - Values-Based Health Care: Ethics, Legal, Faith, and Social Policies **3 credits**
- NURS 4734 - Leadership Quality Management, and Shared Coordination **4 credits**
- NURS 4754 - Health in Community Based Populations **4 credits**
- NURS 4763 - Contemporary Health Care Systems & Health Policy **3 credits**

Associate in Arts, AA

College	Arts and Sciences
Academic Award	Associate in Arts
Credits Required	60 semester credits
Faculty Lead	Sarah Drivdahl
CIP Code	24.0101

The Associate in Arts degree is awarded for the successful completion of a two-year program which includes the major components of the General Education Requirements. Its shorter curriculum concentrates on subject matter which is general or vocational.

Aims

The aims of the Associate in Arts degree are:

- To provide the student with broad exposure to the liberal arts in areas of humanities, sciences, quantitative reasoning, and social sciences.
- To provide the student with foundational understanding of the Bible and Christian living.
- To provide opportunity for the student to sample areas of interest through selection of electives.

Educational Objectives

Completion of the Associate in Arts degree requires the student to demonstrate competencies in:

- Writing and speaking the English language;
- General literature and language arts;
- Quantitative reasoning skills;
- Science knowledge and reasoning skills;
- A general knowledge of an area of historical studies;
- Introductory knowledge of social sciences;
- Familiarity with evangelical biblical and theological perspectives;
- Developing a Christian view of identity, vocation, and engagement with society.

195

Degree Requirements: 60

Bible and Theology: 9

- BIBL 1053 - The Christian Scriptures **3 credits**
- BIBL 2293 - Work of God, Work of Humanity **3 credits** *Or*
- CMIN 2293 - Work of God, Work of Humanity **3 credits**
- BIBL 2563 - How to Read the Bible **3 credits**
- THEO 1093 - Foundations of Christian Faith **3 credits**

Written and Verbal Communications: 9

- ENGL 1013 - Composition I: Expository Writing **3 credits**
- ENGL 1023 - Composition II: Rhetoric and Research Writing **3 credits**
- COMM 1213 - Fundamentals of Speech Communication **3 credits**

Humanities: 9

- 6 credits in this area must be from Writing Practice courses* (*see course descriptions for applicability*)
- ENGL xxx3 Any Literature course **3 credits**
- HIST xxx3 Any Course in History **3 credits**
- 3 additional credits selected from the following **3 credits**
Art (ARTE), Bible (BIBL), Drama (DRAM), English (ENGL), History (HIST), Language (LANG), Music (MUSI), or Theology (THEO)

Social Sciences: 9

- 6 credits in this area must be from Writing Practice courses* (*see course descriptions for applicability*)
- Select a minimum of two disciplines from the following:

Business Administration (BUSM), Communication (except COMM 1213), Economics, Education (EDUC), Geography (GEOG), Information Technology (INTC), Management (BMGT), Marketing (BMKT), Philosophy (PHIL), Political Science (PSCI), Psychology (PSYC), Sociology/Anthropology (SOCL), or User Experience Design (UXDE)

College	Arts and Sciences; Center for Online and Extended Education
Academic Award	Associate in Arts
Credits Required	60 semester credits
Faculty Lead	George Kelley
CIP Code	24.0101
Available at	Online & NU Oregon

The Associate in Arts degree is awarded for the successful completion of a two-year program which includes the major components of the General Education Requirements. Its shorter curriculum concentrates on subject matter which is general or vocational.

The Core Curriculum outcomes are the following:

1. Spiritual Development – Students completing the Core Curriculum will demonstrate an understanding of Christian beliefs and values, a Christian worldview, and how Christian beliefs and values, a Christian worldview, and how Christian values related to their academic studies. Additionally, they will develop spiritually in a manner consistent with faith in Jesus Christ.
2. Reasoning and Communication – Students completing the Core Curriculum will demonstrate the ability to think critically, employ ethical reasoning, and communicate effectively.
3. Science and Mathematics – Students completing the Core Curriculum will demonstrate scientific and mathematical reasoning.
4. Humanities and Social Sciences – Students completing the Core Curriculum will demonstrate knowledge of and reasoning with the humanities and social sciences.
5. Multicultural Awareness – Students completing the Core Curriculum will demonstrate an awareness of multiculturalism and diverse worldviews.

Associate in Arts

62 semester credits

Eric Steinkamp

51.1199

In this program students engage in introductory studies for the purpose of transferring to an institution which provides the finishing studies in nursing or other health-related fields. This degree does not guarantee acceptance into such programs, and students should make every effort to conform their course selections here to specific program requirements of their intended transfer institutions. They need to work closely with the Northwest University faculty monitoring the option, with the Northwest University Registrar's Office, and with the representatives of the institution to which they will transfer.

Aims

The aims of the Health Science Associate in Arts degree are:

1. To provide the student with broad exposure to the liberal arts in areas of humanities.
2. To provide the student with foundational understanding of the Bible and Christian living.
3. To focus the student on science and mathematical studies to prepare him or her to enter a formal nurses program.
4. To focus the student on social science studies that will help him or her in understanding and dealing with people.

Educational Objectives

Completion of the Health Science Associate in Arts degree requires the student to demonstrate competencies in:

1. Writing and speaking the English language;
2. General literature and language arts;
3. Quantitative reasoning skills used by health science workers;
4. Science knowledge and reasoning skills applicable to nursing and related health science fields;
5. Basic understanding of social science: Psychology and Sociology;
6. A general understanding of the Bible and its principles;
7. Familiarity with evangelical biblical and theological perspectives;
8. Developing a Christian view of identity, vocation, and engagement with society.

199

Ministry Leadership, AML (Online)

College	Ministry; Center for Online and Extended Education
Academic Award	Associate
Credits Required	60 semester credits
Faculty Lead	Dan Laurenzo
CIP Code	39.0699
Available at	Online and NU Oregon

The Ministry Leadership major is designed to prepare students for volunteer or vocational ministry within churches and para-church organizations. Courses in Biblical Studies, Theology, and Practical Ministry ensure students have the necessary knowledge and skills to lead a broad range of ministries. This program qualifies the student educationally for Assemblies of God ministerial credentials.

Graduates with a degree in Ministry Leadership are able to:

1. Apply basic biblical and theological knowledge with the practice of ministry and daily life;
2. Develop leadership, organizational, and administrative skills involved in fulfilling the divine call and function of pastoral ministry;
3. Develop basic preaching/teaching skills necessary for ministerial service;
4. Compose a philosophy of ministry that encompasses God, the church, family, self-understanding, a servant's heart and meaningful relationships with others within a variety of cultures.

For further information about entering the Ministry Leadership program, contact the Center for Online and Extended Education Enrollment Office for an information packet and further details.

Contact the Center for Online and Extended Education Admissions Office for an information packet.

Degree Requirements: 60

Biblical Languages, Minor

College	Ministry
Academic Award	Minor
Credits Required	15 semester credits
Faculty Lead	David Hymes
CIP Code	16.1103

The Biblical Languages minor acquaints the student with the original languages of the Bible: Old Testament Hebrew and New Testament Greek.

Biblical Languages Minor: 15

- LANG 2113 - Biblical Hebrew I **3 credits**
- LANG 2123 - Biblical Hebrew II **3 credits**
- LANG 2213 - New Testament Greek I **3 credits**
- LANG 2223 - New Testament Greek II **3 credits**

Select one of the following:

- LANG 3073 - Hebrew Reading and Exegesis **3 credits**
- *Or* LANG 3083 - Greek Reading and Exegesis **3 credits**

Total: 15 Semester Credits

Biblical Studies, Minor

College	Ministry
Academic Award	Minor
Credits Required	15 semester credits
Faculty Lead	David Hymes
CIP Code	39.0201

The Biblical Studies minor allows a broad overview of biblical literature, including the Bible itself, application of biblical interpretation principles as presented in Bible classes, and the origin of the English Bible. It also allows students the freedom to investigate other biblical and theological issues. The minor consists of 15 semester hours in biblical/theological studies in addition to those required for a Bachelor of Arts or Bachelor of Science degree.

204

Biblical Studies Minor: 15

(These courses are taken in addition to courses applied to the student's Core Curriculum Biblical Studies requirements. The same course cannot apply to both Core Curriculum and Biblical Studies Minor requirements.)

- BIBL 2113 - Pentateuch **3 credits**
- BIBL 2213 - Jesus and the Synoptic Gospels **3 credits**
- BIBL/THEO - Bible or Theology electives (2000 level or above) **9 credits**

Total: 15 Semester Credits

Biology, Minor

College	Arts and Sciences
Academic Award	Minor
Credits Required	20 semester credits
Faculty Lead	Charlotte Easterling
CIP Code	26.0101

A minor in biology will help the student improve their career options and opportunities. It is designed to provide skills and knowledge in the biology field above and beyond their major. Many courses in the sciences have prerequisites. These can be met by careful attention when selecting Core Curriculum Science and Math courses. Specific prerequisites for this minor include:

Prerequisites: 7

- MATH 1313 - Introduction to Statistics **3 credits**
- SCIE 1203 - Survey of Chemistry I **3 credits**

- SCIE 1201 - Survey of Chemistry I Laboratory **1 credits**

Minor Requirements: 20

- SCIE 1213 - Survey of Chemistry II **3 credits**
- SCIE 1211 - Survey of Chemistry II Laboratory **1 credits**
- SCIE 2053 - General Biology: Ecology/Diversity **3 credits**
- SCIE 2051 - General Biology: Ecology/Diversity Laboratory **1 credits**
- SCIE 2063 - General Biology: Cell/Molecular **3 credits**
- SCIE 2061 - General Biology: Cell/Molecular Laboratory **1 credits**
- SCIE - Science Electives **8 credits**

Select remaining credits from:

- SCIE 2203 - Human Anatomy and Physiology I **3 credits**
- SCIE 2201 - Human Anatomy and Physiology I Laboratory **1 credits**
- SCIE 2213 - Human Anatomy and Physiology II **3 credits**
- SCIE 2211 - Human Anatomy and Physiology II Laboratory **1 credits**
- SCIE 2403 - Environmental Science **3 credits**
- SCIE 2401 - Environmental Science Laboratory **1 credits**
- SCIE 3xxx/4xxx Science Elective
(In consultation with student's advisor)

For Science majors wanting to take a science minor, no more than 5 credits may overlap with Bachelor of Science major.

205

Total: 20-27 Semester Credits

Business Administration, Minor

College	Business
Academic Award	Minor
Credits Required	18 semester credits
Faculty Lead	Todd Nelson
CIP Code	52.0201

A minor in any business field will help the student improve their career options and opportunities. The Minor in Business Administration is designed to help the student develop basic general business skills and knowledge.

Note: A student majoring in any Business discipline can select a minor in any other business discipline, as long as there are at least 12 different credits in the minor.

Business Administration Minor: 18

- BACT 2203 - Principles of Financial Accounting **3 credits**
- BFIN 3603 - Finance **3 credits**
- BMGT 3103 - Organizational Behavior **3 credits**
- BMKT 3303 - Marketing Theory **3 credits**
- BUSM 2553 - Survey of Economics **3 credits**
- Upper Division Business Elective **3 credits**

A student majoring in any Business discipline can select a minor in any other business discipline, as long as there are at least 9 different credits in the minor.

Total: 18 Semester Credits

Business Administration, Minor (Online)

College	Business
Academic Award	Minor
Credits Required	18 semester credits
Faculty Lead	Shannon Fletcher
CIP Code	52.0201

Environmental Science Minor

211

Many courses in the sciences have prerequisites. These can be met by careful attention when selecting General Education Science and Math courses. Specific prerequisites for this minor include:

- SCIE 1203 - Survey of Chemistry I **3 credits**
- SCIE 1201 - Survey of Chemistry I Laboratory **1 credits**
- MATH 1313 - Introduction to Statistics **3 credits**

Minor Requirements: 20

- SCIE 1213 - Survey of Chemistry II **3 credits**
- SCIE 1211 - Survey of Chemistry II Laboratory **1 credits**
- SCIE 2403 - Environmental Science **3 credits**
- SCIE 2401 - Environmental Science Laboratory **1 credits**
- SCIE 4153 - Ecology **3 credits**
- SCIE 4151 - Ecology Laboratory **1 credits**

Environmental Science Electives: 8

Select remaining credits from environmental science electives:

- SCIE 2113 - General Botany **3 credits**
- SCIE 2111 - General Botany Laboratory **1 credits**
- SCIE 2234 - Introduction to Geographic Information Systems (GIS) **4 credits**
- SCIE 2230 - Introduction to Geographic Information Systems (GIS) Laboratory **0 credits**
- SCIE 3163 - Northwest Ecology **3 credits** (*summer only*)
- SCIE 3164 - Northwest Ecology w/ Laboratory **4 credits** (*summer only*)

- SCIE 3713 - Community Development and Environmental Sustainability **3 credits**
- SCIE 3711 - Community Development and Environmental Sustainability Laboratory **1 credits**
- SCIE 4661-3 - Undergraduate Science Teaching Assistant **1-3 credits**
- SCIE 4671 - Undergraduate Science Lab Assistant **1 credits**
- SCIE 4942 - Science Internship and Certification **2 credits**
- SCIE xxxx - Au Sable Study Program Electives

The department strongly recommends that students take classes with Au Sable Institute during five-week summer session. Au Sable offers classes such as Geographic Information Systems, Marine Mammals, Restoration Ecology, and many others. The summer research program is also an excellent choice for those considering graduate school. See Au Sable Institute for further information.

For Science majors wanting to take a science minor, no more than 5 credits may overlap with Bachelor of Science major.

Minor
18 semester credits
Eve Wade
30.4601

An interdisciplinary minor in History and Politics is a desirable foundation for various courses of study in college as well as for life. Persons with a greater understanding of History and Politics have a larger perspective from which to view events of their own times. They also are practiced in critical reading and analysis, research, and writing. A History and Politics minor consists of 18 semester hours.

History and Politics Minor: 18

History and Politics: 9

- HIST 1043 - Foundations of History **3 credits**
- HIST 2xx3 Readings in History and Politics **3 credits**
- PSCI 2473 - American Government **3 credits**

Select from each of the following: 9

Either:

- HIST 1503 - History of World Civilization I: Prehistory to 1500 CE **3 credits**
- *Or* HIST 1513 - History of World Civilization II: The World from 1500 CE **3 credits**

Either:

- HIST 2503 - U.S. History I: to 1877 **3 credits**
- *Or* HIST 2513 - U.S. History II: 1877 to the 1970's **3 credits**

Select 3 credits of the following:

- HIST 3xxx/4xxx Upper Level History electives **3 credits**
- PSCI 3593 - Constitutional Law **3 credits**

Total: 18 Semester Credits

Humanitarian Leadership, Minor (Online)

College	Center for Leadership Studies; Center for Online and Extended Education
Academic Award	Minor
Credits Required	18 semester credits
Faculty Lead	George Kelley
CIP Code	43.0302

214

Students who complete the minor in Humanitarian Leadership will be able to:

1. Discuss the heart of God as the motivation for effective and sustained compassion activities.
2. Formulate effective physical, psychological, and spiritual methods of helping people in poverty and people experiencing suffering .
3. Develop approaches for working in cooperation with other compassion providers on local, regional, national, and international levels.
4. Critique administrative and financial strategies for presenting and supporting humanitarian projects.

Humanitarian Leadership Minor: 18

- THEO 3193 - Theology of Compassion **3 credits**
- COMM 3433 - Intercultural Communication **3 credits**
- LDRS 3293 - Leading Compassion Projects **3 credits**
- LDRS 3513 - Poverty and Its Impact **3 credits**

Electives:

Select 6 credits from the following:

- LDRS 3123 - Children and Youth in Crisis **3 credits**
- LDRS 3233 - Domestic Disaster Services **3 credits**

- LDRS 3413 - Refugee and Migrant Populations **3 credits**
- LDRS 4313 - Applied Sustainability **3 credits**
- LDRS 4353 - Health Management in Global Settings **3 credits**
- LDRS 4523 - International Disaster Services **3 credits**
- LDRS 4563 - Public Policy and Advocacy **3 credits**
- LDRS 4593 - Crisis Psychological Management **3 credits**

Music, Minor

College	Arts and Sciences
Academic Award	Minor
Credits Required	20-23 semester credits
Faculty Lead	Naomi Fanshier
CIP Code	50.0904

The music minor enables a student to develop essential knowledge and skills in music through the study of core theory and history, participation in music ensembles, and developing skill in playing a musical instrument or singing.

Pre-Minor Requirements: 3-4

Pre-minor requirements may be applied to the Core or General Electives

- MUSI 1033 Introduction to Theory 3 credits

- Piano Proficiency 0-1 credits

All music minors must demonstrate a basic level of proficiency on the piano. Students may demonstrate proficiency by passing a piano proficiency exam administered by the piano faculty or by successfully completing one credit of applied piano lessons.

Music Minor: 20

- MUSI 1113 - Music Theory I **3 credits**
- MUSI 1123 - Music Theory II **3 credits**
- MUSI 1131 - Ear Training & Sight-Singing I **1 credits**
- MUSI 1141 - Ear Training & Sight-Singing II **1 credits**
- MUSI 32x3 - Music History selection **6 credits**
- MUAP xxx0/1 - Ensemble Requirements **2 credits**
Four ensemble courses must be passed to satisfy degree requirements: Two (2) for credit AND Two for zero (0) credit

It is anticipated that one ensemble will be taken each enrolled semester.

Selections may include:

MUAP 1021 Concert Choir ; MUAP 1031 Northwest Choralons ; MUAP 1051 Wind Ensemble ; MUAP 1061 Northwest Jazz Band ; MUAP 1081 Chamber Orchestra ; MUAP 2041 Chamber Choir

- MUPL x2x1 - Applied Lesson **4 credits**

Total: 20-24 Semester Credits

Pastoral Care, Minor

College	Ministry	220
Academic Award	Minor	
Credits Required	19 semester credits	
Faculty Lead	Steve Mills	
CIP Code	39.0701	

The minor in Pastoral Care seeks to: (1) familiarize the student with the ministry of pastoral care, (2) develop basic skills of pastoral care, and (3) provide the student with an integrated understanding of human nature and behavior from biblical and scientific insights. The minor is generally taken with a major in Biblical Literature, but is open to students of all majors.

Pastoral Care Minor: 18-19

- PCAR 3513 - Pastoral Care and Counseling **3 credits**
- PCAR 4951 - Practicum in Pastoral Care **1 credits** *
**required unless an internship/practicum is required in the major*
- PSYC 2383 - Personality and Counseling Theories **3 credits**

University Ministries, Minor

College	Ministry
Academic Award	Minor
Credits Required	12 semester credits
Faculty Lead	Lisa Russi
CIP Code	39.9999

The University Ministries minor provides a broad overview of university ministry, including an introduction to Chi Alpha Campus Ministry philosophy and structure, university student culture and world view, as well as outreach and ministry tools and skills. It also allows for hands-on university ministry experience via an internship with a local Chi Alpha Campus Ministry and through interaction with course presenters who possess significant university ministry experience. The minor consists of 12 semester hours in pastoral ministries, missions, youth ministry, and intercultural studies in addition to those required for a Bachelor of Arts or Bachelor of Science degree. The minor is open to students of all majors.

University Ministries Minor: 12

- CHIS 2103 - The Story of Christianity **3 credits**
- INCS 3503 - Introduction to World Religions **3 credits**
- PMIN 3303 - Ministry Life and Calling **3 credits**
- CMIN 4941 - Ministry Internship I **1 credits**
- CMIN 4952 - Ministry Internship II **2 credits**

UX Design, Minor

Center	Creatio Center for Technology and Design
Academic Award	Minor
Credits Required	18 Semester credits
Faculty Lead	Craig Chapman
11.0105	30.3101

The UX Design minor program will provide the basic skills necessary for creating products and interfaces that serve the needs of users in a variety of contexts. It will teach a product design approach that can be extremely useful when combined with other majors. For example, a Computer Science major combined with the UX Design minor can provide the skills necessary for Front End Development; i.e. creating user interfaces to complex applications. Another example is Business Entrepreneurship, where product design can be the key to a successful new business.

UX Design Minor: 18

- UXDE 2143 - UX Design Methods **3 credits**
- UXDE 2183 - Introduction to Design Thinking **3 credits**

Advanced TESOL, Certificate

College	Education
Academic Award	Certificate
Credits Required	29-30 semester credits
Faculty Lead	Suzan Kobashigawa
CIP Code	13.1401

An Advanced TESOL Certificate is given by the University to students who complete the full TESOL program. This will prepare the student to teach professional and business English in addition to oral English.

The following courses are required for this certification and must be completed in the order listed or concurrently:

Advanced Certificate*: 29-30

- COMM 3433 - Intercultural Communication **3 credits**
- ENGL 3163 - History of the English Language **3 credits**
- LANG xxx3 - Modern Foreign Language **3 credits**
- LANG 3293 - English Grammar **3 credits**
- LANG 4023 - Phonetics **3 credits**
- LANG 4503 - Introduction to English Language Learning **3 credits**
- LANG 4513 - ELL Methods and Materials **3 credits**
- LANG 4553 - ELL Assessment **3 credits**
- LANG 4563 - Teaching ELL Literacy **3 credits**
- LANG 495x - Practicum in TESOL **2-3 credits**

An Advanced Certificate will be awarded only to those who have earned a Bachelor's degree, or to those who complete a Bachelor's degree concurrently with their TESOL studies.

**The Advanced TESOL Certificate partially satisfies requirements for Washington State Teacher Certification.*

Ministry Leadership, Certificate (Online)

College	Ministry; Online and Extended Education
Academic Award	Certificate
Credits Required	30 semester credits
Faculty Lead	Steve Mills
CIP Code	39.0699
Available at	Online and NU Oregon

The Certificate in Ministry Leadership major is designed to prepare students for volunteer or vocational ministry within churches and para-church organizations. Courses in Biblical Studies, Theology, and Practical Ministry ensure students have the necessary knowledge and skills to lead a broad range of ministries. Completion of the Certificate in Ministry Leadership meets the educational requirements for certification, licensing, and ordination credential levels with the Assemblies of God. Satisfaction for other credentialing groups should be verified by students prior to registration.

Graduates with a Certificate in Ministry Leadership are able to:

1. Apply basic biblical and theological knowledge with the practice of ministry and daily life;
2. Articulate basic leadership, organizational, and administrative skills involved in fulfilling the divine call and function of pastoral ministry;
3. Develop basic preaching/teaching skills necessary for ministerial service;
4. Explain a philosophy of ministry that encompasses God, the church, family, self-understanding, a servant's heart and meaningful relationships with others within a variety of cultures.

For further information about entering the Ministry Leadership program, contact the Center for Online and Extended Education Enrollment Office for an information packet and further details.

Teaching English to Speakers of Other Languages, Certificate

College	Education
Academic Award	Certificate
Credits Required	12 semester credits
Faculty Lead	Suzan Kobashigawa
CIP Code	13.1401

Northwest University's TESOL Certificate program provides students with training to Teach English to Speakers of Other Languages.

TESOL Certificates are designed to:

- serve as a Subject Area Endorsement in the Education program of 20 semester credits;
- augment the Intercultural Studies program by providing students from other schools and colleges with skills that can serve as a bridge to witnessing; and
- meet the requirements for the concentrations in the Interdisciplinary Studies major.

A TESOL Certificate is given by the University to students who complete the introductory program in TEOSL. Students who wish to prepare as tutors and volunteers to teach basic oral English will benefit from this certification. This basic program is also valuable for those who are considering a career in TESOL.

The following courses must be completed in the order listed or taken concurrently:

TESOL Certificate*: 12

- LANG 3293 - English Grammar **3 credits**
- LANG 4503 - Introduction to English Language Learning **3 credits**
- LANG 4513 - ELL Methods and Materials **3 credits**
- LANG 4563 - Teaching ELL Literacy **3 credits**

**The TESOL Certificate does not satisfy requirements for Washington State Teacher Certification.*

Total: 12 Semester Credits

Honors Program

Program Director

William Thompson

The Honors Program was established at Northwest University to provide an interdisciplinary space for the development of students specifically gifted in the academic arena. The Honors Program will empower these students as scholars, servants, and citizens, holding them to exceptionally high standards both within the classroom and the community.

Admissions

Admissions into the Honors Program is dependent less on GPA or test scores and more on a desire to devote oneself to a deep educational experience. The Honors Program seeks students with a voracious appetite for learning—an innate curiosity that crosses disciplinary boundaries and that finds in all academic fields signposts pointing toward God's goodness, beauty, and truth.

Recommended GPA and test scores are listed below, but all students are encouraged to apply.

- GPA: High School GPA of 3.5 or higher
- Test Scores: At least one of the following:
- SAT (new, beginning March 2016) – 1250 or higher
- ACT – 28 or higher
- To be considered for the Honors Program, students must complete the Honors Supplemental Application as part of their application to Northwest.

Activities

Students accepted into the Honors Program will have opportunities as:

- Scholars, to achieve academic excellence through participation in research, production of an Honors Thesis, and publication in Harvest, NU's journal of original student research.
- Servants, to embody spiritual vitality through student leadership, participation in service projects on campus, and local mission projects coordinated with Campus Ministries.
- Citizens, to engage with human need through Multicultural Life events, global and local mission trips, and culminating in a study trip to Washington D.C.

231

Outcomes

Upon completion of the Honors Program, students will be able to:

- Demonstrate a healthy understanding of their identity as regenerated people created in the image of God.
- Collaborate effectively with others to create high-quality products.
- Create intellectually robust Christian responses to significant, interdisciplinary problems in the world.
- Produce graduate-level work or presentations suitable for publication in a student's respective field.

Honors Program Requirements

Students in the Honors Program must complete the following Thesis requirements to graduate "with Honors":

- Pass ENGL 3xx2H Honors Thesis
- Complete two consecutive semesters of ENGL 3801H Honors Thesis Independent Study
- Produce a satisfactory Honors Thesis

Students in the Honors Program must pass seven of the following Honors courses to graduate "with Honors". Exceptions are available on a case-by-case basis:

- COMM 1213H Honors Fundamentals of Speech Communication
- ENGL 1023H Honors Composition II: Rhetoric and Research Writing
- ENGL 2843H Honors Topics in Literature
- HIST 1543H Honors Western Civilization

- PSYC 1013H Honors General Psychology
- SCIE 1843H Honors Topics in Science with SCIE 1841H Honors Topics in Science Laboratory
- THEO 1093H Honors: Foundations of Christian Faith
- XXXX 2xx3H Honors Special Topics

To remain in the Honors Program, students must be enrolled for full-time study, maintain a 3.30 GPA (renewable with a 3.00 GPA for the first semester only), and participate in service projects and community events under the direction of the Honors Program director.

For Bachelor of Arts Majors

- This two-credit requirement is waived for students who transfer 60 or more credits to NU
- Students with 47-59 transfer credits are required to take one Career Readiness credit

Career Readiness Initiative

The Career Readiness Initiative at Northwest University is designed to ensure undergraduate students learn professional and marketable skills and are equipped with tools to effectively communicate those capabilities to employers. Elements of this initiative include learning identifiable Professional Skills and earning Workplace Certificates.

Professional Skills are organized under **Competency Groups**. A Professional Skill is acquired through approximately 6 student hours of work (inside and outside of class) including some amount of reading and an associated assignment (or portion of a larger assignment).

Professional Readiness Courses are one-credit workplace readiness courses that teach a number of Professional Readiness Skills. The courses are organized around Competency Groups and are 'sponsored' by Colleges or Departments.

Core Curriculum Professional Readiness Requirements. Two Core Curriculum elective credits are required to be Career Readiness credits. These credits can be earned by taking a combination of Professional Readiness Courses and introductory internship and/or job shadowing experiences. This two-credit requirement is waived for students who transfer 60 or more credits to NU; students with 47-59 transfer credits are required to take one Professional Readiness credit.

The Career Readiness Initiative also includes **Professional Readiness Certificates** made up of two or three courses that together provide a clear benefit for Career Readiness. Transfer courses can count toward certificates. Students must earn a B- or higher for a course to count toward a certificate.

Bachelor of Arts, Bachelor of Science, Associate in Arts, Minors, Certificates

Dean

Sarah Drivdahl

Departments

Communication Studies, English, History and Politics, Music, Natural Science & Mathematics, Undergraduate

The College of Arts and Sciences offers majors, minors, concentrations and certificates in the traditional disciplines of the humanities, and natural and social sciences. The College of Arts and Sciences provides the central offerings of the Core Curriculum at Northwest University and seeks to contribute to the development of well-educated Christians who are prepared for service and leadership. The goal of the College of Arts and Sciences is to provide high quality education that will enable the students to develop a broad awareness of the traditional disciplines, to form an informed world view, and to acquire knowledge of the specific discipline they choose to study.

Students in the College of Arts and Sciences will pursue a variety of educational goals consistent with their majors and career interests. Accordingly, students who graduate from the College of Arts and Sciences will pursue careers and further education in diverse fields such as communication, education, philosophy, law, politics, music and music performance, theatre, writing, and many more.

Applied Science Center

Program Director

Eric Steinkamp

239

The Applied Science Center specifically exists to develop understanding of science that promotes a stewardship mentality in defining and bringing solutions to stressed peoples and environments around the world. The Center provides opportunities for education, training, and the development of professional services.

Being a community of scholars and learners, the Applied Science Center purposes to develop and maintain programs of instruction, research, and professional service which provide opportunities to:

- develop skills in a variety of ecosystems by making available experiences in environments in and beyond the Pacific Northwest.
 - Relationships have been established with the Au Sable Institute which provides education and field access across the United States, India, Africa, and other sites.
 - Access is also provided to Central American environments through the association with the Latin America Studies Program of the Council for Christian Colleges and Universities, ECHO in Florida specializing in tropical food production technologies, and other agencies like Jaguar Creek in Honduras;
- provide opportunities for Stewardship activities through local community activities and the Student Environmental Stewardship Club;
- provide awareness of national professional and student associations to connect students to peers with like interests;
- form networking relationships with agencies, schools, colleges, seminaries, students, and professionals, to expedite cross-cultural and technically valid interactions;
- identify, develop, and share with others skills which facilitate the dissemination of stewardship information and technologies; and
- assist in placing students into educational opportunities including graduate studies and field opportunities.

Premed Committee: Letter of Recommendation

Applying for a Letter of Recommendation

1. Prepare the formal application and submit it to the science department chair. All materials should be submitted three months before the application deadlines.
 1. On the cover page include your name, overall GPA as of the last semester before application, your science GPA, and the MCAT score.
 2. Attach official transcripts documenting all your previous collegiate academic work.
 3. Submit a (one page maximum) typed statement of personal and professional interest.
 4. Submit two professional reference letters speaking to the applicant's character, leadership activities, and service commitment so that an assessment of the applicant's potential for success can be made. Northwest University science professors or members of your family may not be used for reference letters.
 5. Include a well-organized list of medical related volunteering, shadowing, jobs, and other life experiences with brief descriptions of each. Letters from people you worked with may be attached to this page.
 6. Submit a list of all schools that you are considering applying to. Include their requirements for admission, specifically average GPA, average MCAT, and total volunteering hours.
2. Once the application is complete and submitted, the applicant will set up an interview with the Pre-Med Committee through the Natural Science Department Chair. At the end of the interview, the committee will notify the applicant if a letter will be written.

Send reference letters to:

*Natural Science Department Chair
Northwest University
5520 108th Ave NE
Kirkland, WA 98083*

Pre-Professional Programs

Pre-Law

As indicated by the official guide to American Bar Association (ABA) approved law schools, there is no single path or degree that must be pursued in order to gain admission to law school and to pursue a career in law. Legal education programs and law school admissions boards welcome and value diversity of experience and education.

While the ABA does not specifically recommend courses of study or undergraduate majors, there are several that, because of the skills they specifically aim to develop, are traditionally regarded as preparing students for law school admissions: History, English, Philosophy, Political Science, and Business. In the current social climate, degrees in fields as diverse as communication, education, nursing, or science are also excellent paths to a legal education.

Every student seeking admission to law school must develop the following set of core skills:

- Analytic and problem solving skills,
- Critical reading ability,
- Written skills,
- Oral communication and listening skills,
- Research skills,
- Task organization and management skills.

In addition, persons pursuing a legal education must develop a strong sense of value relating to the faithful service of others and the promotion of justice. A Northwest University education specifically aims at encouraging both of these values and informing them from a distinctly Christian worldview. Students pursuing legal education are strongly encouraged to participate in educational, extra and co-curricular activities, life experiences that will assist in developing the core skills and attributes necessary for success in the legal profession.

The ABA further defines five areas of basic knowledge that are helpful to a legal education and to developing competent lawyers:

- A broad understanding of history and the factors that have influenced the development of our society.
- A fundamental understanding of the American political system and of political thought in general.
- A basic understanding of mathematics and finance appropriate to the analysis of financial data.
- An understanding of human behavior and society.
- An understanding of the nature of culture and cultural diversity.

Courses that may help the student develop these understandings at Northwest University include, but are not limited to:

- Political Science/Legal Studies courses such as: American Government, Judicial Process, Legislative process, American Presidency, Constitutional Law, and Political Theory.
- Communication: Advanced Speech, Speech and Debate Workshop
- Economics: Survey of Economics
- English courses such as: Media Writing, Business Writing, Literature courses,
- Foreign languages and cultures
- History: United States History, Diplomatic History
- Philosophy: Logic, Political Theory, History of Philosophy
- Mathematics: Pre-calculus (minimum)
- Psychology and Sociology

Objective criteria for admission to law schools

- Law School Admissions Test (LSAT). Scores from this half-day standardized test are used by most law schools as a common measurement of potential for success in law school.
- Undergraduate GPA. Applicants submit undergraduate transcripts to the Law School Data Assembly Service (LSDAS), which converts grades to a cumulative grade point average using a set of consistent values. This data is used by committees in comparing applicants.
- Applicant index. Many law schools ask LSDAS to combine applicants LSAT scores and GPAs with weighted constants to produce a single number which they may use to assess and compare potential for success in completing a law degree.

Students desiring to pursue a legal education are encouraged to contact the College of Arts and Sciences pre-law advisor, and to participate in the pre-law advising cohort.

Source of information: *Official Guide to ABA-Approved Law Schools* <http://officialguide.lsac.org/>

Pre-Medicine

A medical education provides access to a broad and inclusive profession from clinical practice to medical administration, public health, community health, biomedical research, and medical education.

Students seeking to pursue a career in medicine must build a strong foundation in the sciences and mathematics. Most students preparing to enter medical school major in biology or biochemistry. Other majors are possible, but the student must complete all of the core science courses required by the medical school. In addition, medical schools expect a

broad education in the liberal arts. The unifying factor is the student's ability to demonstrate in-depth scholarly exploration and the development of life-long learning skills that are essential to a career in medicine.

Because medicine is practiced in a social context, medical schools look for applicants with strong communication and interpersonal skills, a deep appreciation of the needs of society, and a set of values such as truthfulness, compassion, altruism, and justice. Northwest University provides students with the opportunity to develop these values through the integration of faith and learning in all of the traditional fields of study in humanities, natural and social sciences, and though the core biblical and theological studies in the Core Curriculum. In addition, Northwest University encourages students to directly apply these understandings and values through a variety of ministry and community outreach opportunities.

Medical schools look for students who demonstrate dedication to duty and altruism through service learning experiences specifically related to the values of healthcare professions. Such experiences will typically include participation in clinical science research, shadowing of a healthcare professional, participating in community healthcare or social agency outreach efforts, or the like. Students should seek out multiple opportunities to engage in experiential learning. Each student in the pre-professional biology track will participate in a cross-cultural service experience as a part of the program requirements.

Because the process for admission entrance to medical school is rigorous and competitive, the admission standards are very high. Letters of recommendation by the Medical School Advisory committee, which are necessary for application to medical schools, are only given for students who in the judgment of the committee meet the standards of strong grades, quality and quantity of service learning experience, and cross-cultural competence. Completing any particular degree does not guarantee recommendation.

Core Science Requirements (Source: *Medical School Admission Requirements, 2008-2009*, AAMC)

- General Biology (2 semesters)
- Physics (2 semesters)
- General Chemistry (2 semesters)
- Organic Chemistry (2 semesters)

242

Note: Premedical students intending to apply college credit earned through Advanced Placement (AP) and College Level Examination Placement (CLEP) to meet premedical requirements should be aware that medical schools restrict the use of such credits. Accordingly, Northwest University may require either taking the courses in the science core at Northwest University, or validating any transfer courses through successful completion of upper-level science courses. It is strongly recommended that all science courses be taken at the university level.

Because mathematical competence is foundational to science, and because medicine requires the ability to evaluate medical literature, Calculus and Biostatistics are generally expected.

Other criteria for admission to medical school

- A strong GPA in a rigorous and demanding selection of courses.
- Strong scores in the four sections of the Medical College Admission Test (MCAT).
- Letters of recommendation
- Documentation of service experience

Pre-medicine students will be expected to participate in the pre-med advising cohort and to regularly engage with the pre-medical advisor. Students may get more information by contacting the College of Arts and Sciences secretary in HSC 221 for a Pre-med handbook.

Pre-Dentistry

Students seeking to enter dental school should follow the preparation requirements for medical school admissions. Students are also advised to contact the dental schools to which they may wish to apply for specific pre-admission requirements. In place of the MCAT, dental school admissions require strong scores on the American Dental Association Dental Admission Test. Information on this test can be obtained from the Department of Natural Sciences and Mathematics.

Other Post Graduate Health Professional Programs

Students interested in preparing for other health care professions in areas such as pharmacy, optometry, medical technology, or podiatry, may also do so within the science programs at Northwest University. Because each of these professional areas has its own basic science and core curriculum requirements, a student seeking entrance into a professional school should determine the specific requirements by consulting the catalogs of the school(s) and tailoring the course of study at Northwest University to meet them. Information on some of the health care professions is available from faculty in the Science and Mathematics department.

College of Business

Academic Awards

**Master of Business Administration, Bachelor of Arts,
Minors, Certificates**

Dean

Rowlanda Cawthon

Departments

Graduate and Undergraduate

The College of Business offers a broad range of business programs that serve students of traditional age, adult undergraduate students, and graduate-level students. Daytime weekday classes and once-a-week accelerated evening classes are structured to ensure the highest of quality and applicability for business students.

Vision

The vision of the College of Business is to be the clear leader in developing Christian business leaders who bring extraordinary value to the workplace.

Mission

The mission of the College of Business is to develop high-character, competent, and skilled business leaders who serve and thrive in the workplace through the integration of faith and learning.

Core Values

244

In carrying out our vision and mission, the College of Business is guided by the following core values and expected outcomes:

Character – We model and develop business leaders who personify Christ's inherent characteristics. We believe that character is about demonstrating distinctive qualities and excellence in our Christian faith, educational practices, and personal and professional life.

Leadership – We demonstrate and teach business leadership competencies that enable our students to lead with influence in the workplace. We believe that leaders who couple thought leadership with the Christian faith have the potential to bring extraordinary value to the workplace.

Skill Development – We prepare business leaders who are capable and ready to work. We are committed to ensuring that our students can communicate and demonstrate to employers that we prepared them with identifiable professional skills.

Integration of Faith and Learning – We integrate scholarly teaching practices that apply a Christian worldview and connect Christian faith and the business discipline. We understand that this process drives our actions and relational experiences with students, inspiring how they may act and relate with others in their personal and professional lives.

Collaboration – We work continually to build partnerships with the business community. We recognize that this collaboration will positively impact our students and contribute to our success as a business college.

Service – We cultivate business leaders who understand the importance of engaging in continual acts of service. We set the example by engaging in service activities a

Undergraduate Program

The College of Business provides business education within the context of a Christian perspective, empowering students to serve as leaders, managers and entrepreneurs with high-character, competence and business skills. All students take a series of core courses in the fundamentals of economics, accounting, management, marketing, and finance before they focus on advanced major courses.

The College of Business offers:

- Small class sizes
- Experiential learning
- Mentoring professors
- Career development opportunities
- Quality instruction involving real world experience

We believe that business is an extraordinary opportunity to:

- Serve others
- Fulfill a unique calling
- Create positive social change
- Honor God by contributing to a vibrant economy

Five Majors available

Accounting – Students become adept at preparing and reading financial statements and tax returns. They pursue careers as accountants or financial advisors.

Business Administration – Students take courses in marketing, management, finance and accounting. They are prepared for a variety of careers, including starting their own business.

Management – Students learn to lead people and manage projects. They are prepared for a wide variety of careers in business, nonprofits or government service.

Marketing – Students study consumer needs and learn to position a product or service in the marketplace. They pursue careers in advertising or sales.

Music Industry Business – Students examine current industry trends, effective artist management, audio technology and music business. They are prepared to pursue careers in the music industry and related fields.

Business Internship

All business students work complete an internship experience in their junior or senior year in which they apply business theory to a real workplace and build their own professional network.

International Study Tour

All business majors participate in a study tour to explore the dynamics of international business on location. Previous tours have gone to Prague, China and Japan. A course fee will cover transportation, lodging and some meals.

The course is required for the junior year. Contact the College of Business for current information about the location and cost.

Accreditation

Northwest University's business programs are accredited by the Accreditation Council for Business Schools and Programs. Accreditation standards are based on the Baldrige National Quality Program. Employers find value in knowing that Northwest University uses the same standards as those used by other organizations to recognize excellence.

Admission to the College of Business

Traditional students in any of the College of Business majors are required to apply for Admission to Major during the second semester of their second year, prior to taking any upper-level business courses.

Entrance Requirements

1. Submission of the Admission to Major Application
2. Completion of two of three lower-level business courses with a grade point average of at least 2.50
3. Admission to Major interview may be requested
4. Transfer students should review requirements with their advisor

Course Sequence

All business majors take the same courses during their first two years. The lower-division core courses ensure that students have a solid understanding of business principles before they start their upper-division major courses.

The lower-division core courses:

- Survey of Economics
- Business Statistics
- Financial Accounting
- Managerial Accounting
- Business Communication

Students must consult with their academic advisor to ensure that they take upper-division majors courses in sequence, since not every course is offered every semester.

5-year BA/MBA

This accelerated, dual-degree program is designed to graduate students with a combined Bachelor of Arts in a Business major and Master in Business Administration (MBA) degree within five years. The combined degrees prepare students for professional careers in business, government or nonprofit organizations. Students begin taking four first-year MBA courses in their senior year and apply those 12 credits to their undergraduate requirements. The student is then able to finish the rest of the MBA in the following year, thus eliminating a year of college tuition.

Admission Requirements

1. Apply to the program at the beginning of the Junior Year with a cumulative GPA of at least 3.3 or above. Submit an essay describing why they want to be in the program.
2. Generally students will take six MBA credits and six undergraduate credits each semester of their senior year. The senior year credits are charged at the undergraduate tuition rate. All remaining undergraduate credits must be completed at Northwest University. Students may take no more than 15 total credits (MBA and undergrad combined) each semester in their senior year. No more than 12 MBA credits may be taken while still an undergraduate. Once students complete all undergraduate courses, they will be charged at the MBA tuition rate as they continue on to MBA courses.

3. Maintain 3.3 Cumulative GPA during their Senior Year.
4. Students complete all 36 of the required MBA credits.
5. This program is not available to the Business Management and Organizational Management majors offered in the Online programs.
6. Since Accounting, Marketing, and Music Industry Business majors have discrete major requirements, students of these majors will need to substitute elective credits for their MBA course work in their senior year. The Business Administration and Management majors can substitute one or two courses from their undergraduate major.

Course Sequence

Senior Year (Fall/Spring)

- BUSM 5413 Organizational Management
- BUSM 5573 Financial Management
- BUSM 5433 Project Management

MBA Year (Summer, Fall, Spring, Summer)

- BUSM 6xx3 MBA Business Elective
- BUSM 5773 Faith, Ethics and Business
- BUSM 5453 Marketing Management
- BUSM 6253 Intermediate Accounting for Managers
- BUSM 6473 Applied Economics for Managers
- BUSM 5463 Operations Management
- BUSM 5253 Business Innovation and Research
- BUSM 6xx3 MBA Business Elective
- BUSM 6753 Corporate Strategy

Graduate Programs

College of Education

Academic Awards **Master of Education, Master in Teaching, Bachelor of Arts, Endorsements for the State of Washington teaching credential**

Dean **Laird Leavitt**

Departments **Elementary Education; Secondary Education; Educational Studies; Graduate and Undergraduate**

The College of Education provides educational programs that serve diverse undergraduate and graduate students. Traditional undergraduate students can earn a Bachelor of Arts in Educational Studies as preparation for educational careers outside the K-12 system, and have the option to complete a five-year BA-MIT degree in order to earn a Washington State K-12 teacher certification. Undergraduate and Master in Teaching students may choose from a variety of content areas across grade levels. Master of Education candidates choose from several concentrations, gaining advanced preparation for the classroom or for additional endorsements. Daytime, evening, weekend, and accelerated classes allow candidates to engage in meaningful, research-based content, while practicing in their educational setting of choice.

The College of Education has a proud tradition of preparing well-trained candidates that flourish in the increasingly diverse field of education. Our programs align closely with state required learning standards and research-based industry standards. In addition, through partnerships with area public and private schools, businesses and non-profit organizations, our candidates gain rich and practical experience throughout their program. We prepare practitioners with the knowledge and skills to impact the world in positive and life-changing ways.

The College of Education offers

- Small class sizes
- Strong resident faculty with extensive academic expertise
- Leading adjunct faculty with extensive field experience
- Career development activities with private and public schools, businesses, and non-profit organizations across the region
- A meaningful and well-connected learning community

Cohort Model

The College of Education uses a cohort model. This means that students who enter the COE at the same time are banded together as a group. They will take some of their courses together, have opportunities for cohort events, Bible studies, and internship experiences. Benefits to the cohort model include more effective learning, increased community and sense of belonging, and stronger persistence toward degree completion.

College of Education Outcomes

The College of Education, directed by broad research and theory, and in accordance with state & industry standards, prepares educators in three specific proficiencies. These outcomes guide our candidates' experience throughout all of our COE programs. In the COE we aim toward the following outcomes:

Holistic Educators,

- Candidates demonstrate culturally responsive pedagogy aimed at the holistic learning of all.

Adaptive Educators,

- Candidates demonstrate differentiated instruction, adapting where appropriate to meet learner needs while remaining aligned with learning objectives.

Learner-Focused Educators,

- Candidates demonstrate reflective instruction, analyzing work in order to further develop their own pedagogical practices.

Candidates can major in Educational Studies and minor in Elementary* or Secondary* Education.

Candidates majoring in Educational Studies must choose from the following concentrations:

- Community Programming for Children & Youth
- International Education
- Instructional Design
- Elementary Education*

**Students pursuing a minor in either Elementary or Secondary Education or a concentration in Elementary Education and who are interested in earning a Washington State Residency Teaching Certificate are invited to apply to the five-year BA to Master in Teaching (MIT) pathway. Applications are accepted each spring. See graduate catalog for details.*

Graduate Programs

- Master in Teaching**
- Master of Education**
- Ph.D. - Doctor of Philosophy in Organizational Leadership**
- Ed.D. - Doctor of Education in Organizational Leadership**

** SEE GRADUATE CATALOG FOR DETAILS

College of Education: M.Ed; MIT

Master of Education; Master in Teaching: 12

Students who are pursuing the Master of Education will be required to participate in relevant work or volunteer activities during their fifth year.

Graduate Course

(Substitutes for Undergraduate Requirement)

- EDMA 5073 Community Engagement/Student Achievement (EDUC Elective)
- EDMA 5083 Action Research (EDUC Elective)
- EDMA 5613 The Integrated Teacher (EDUC Elective)
- EDMA 5833 Learning Strategies and Applied Technology (EDUC Elective)

College of Ministry

Academic Awards Master of Arts, Master in Ministry, Bachelor of Arts, Associates, Minors, Certificates

Dean Joshua Ziefle

Departments Biblical and Theological Studies, Church Ministries and Missions; Graduate Studies

The College of Ministry builds upon the Educational Goals of the University expressed in the Core Curriculum requirements and the College of Ministry Core. We recognize that all truth is God's truth and that persons discover truth by Scripture, tradition, reason, and experience. The College of Ministry affirms that Scripture is God's unique written revelation, and that the knowledge of biblical truth is the foundation of every genuine search for truth.

Students may choose one of the several majors leading to the four-year Bachelor of Arts degree. Students who desire a biblical/theological basis for pursuing other educational or vocational interests may complete the one-year program leading to the Certificate in Christian Studies. The specific objectives of the majors or other programs are listed with their descriptions in the following pages. In addition to the programs offered, the College of Ministry provides biblical and theological studies for all students of the University.

The Bachelor of Arts programs within the College of Ministry are designed to prepare graduates intellectually, spiritually, and practically for Christian ministry. The programs also exceed educational requirements for Assemblies of God ministry credentials.

From a Pentecostal perspective the College of Ministry values:

1. **Biblical Exposition:** the ability to interpret the Scriptures;
2. **Theological Understanding:** the ability to communicate the teachings of Christianity; and
3. **Ministerial Competence:** the ability to serve in Christian ministry in diverse contexts.

250

The College of Ministry desires that all its graduates be persons who demonstrate a commitment to lifelong learning, and possess the ability to apply truth to life; approach their own spiritual lives contemplatively and reflectively; and express a genuine connection to and care for the world.

College of Ministry Core

Building upon the Core Curriculum requirements, the College of Ministry Core enables the student to form a foundation for faith and practice. Students are encouraged toward comprehension of the revealed nature of God, growth in biblical knowledge, an understanding of Assemblies of God doctrinal positions, development in spiritual maturity, and ministry practice. The following courses constitute the those shared by many of the College of Ministry majors.

- BIBL 2113 - Pentateuch **3 credits**
- BIBL 2213 - Jesus and the Synoptic Gospels **3 credits**
- CHIS 2103 - The Story of Christianity **3 credits**
- THEO 2503 - Pentecostal Spirituality **3 credits**
- PMIN 3303 - Ministry Life and Calling **3 credits**
- BIBL 3893 - Biblical Lands Experience **3 credits**
- Or BIBL 3993 - International Bible/Theology Tour **3 credits**

Second Major in Biblical & Theological Studies

The 33 credits of Biblical & Theological Studies (12 credits of Core Curriculum Biblical & Theological Studies, INCS/THEO 1063 Gospel and Culture, 18 credits of the College of Ministry Core) may be considered a second major

by students who are taking majors other than Biblical Literature. Those students who so choose have the option of declaring on their transcript a major in Biblical & Theological Studies as well as their primary major.

Admission to College of Ministry

All students declaring a major within the College of Ministry are considered provisional members of the College of Ministry. However, in general during their second semester they must make formal application for admission to the College. The application process is a helpful tool for discernment, clarification, and understanding of one's call. It provides each student with the opportunity to reflect on the Lord's leading, and invites the pastoral and academic insights of faculty and others. While the College of Ministry takes the application process seriously, it is not meant to be a competitive process. There is no limit or ceiling to the number of students who can be admitted each year. Instead, the application process is an opportunity for students pause relatively early in their journey at Northwest for thoughtful and prayerful reflection about the direction in which God is leading.

Acceptance into the College of Ministry is not the same as a ministerial credential. For that, we defer to the Church. Admission into College is meant to be an affirmation of an expressed calling and/or an affirmation of your continued exploration of your calling.

In order to evaluate and encourage that progress, the College of Ministry affirms the necessity of each student fulfilling the requirements for formal admission to the College. These requirements include a basic application form, affirmation of College of Ministry mission, standard, and values, completion of background check, references, an interview, a written essay, resume, the Bible Knowledge Inventory, and the Ministry Ability Profile.

Although a student may declare a major at any time during his or her academic program at Northwest, graduation with a baccalaureate degree in the College of Ministry requires that the admissions process be completed and good standing be maintained. No practicum or internship should be carried out before formal admission.

Due to the unique nature of certain programs of study, some exceptions are made to the admissions process. Students whose studies lead to a Certificate of Christian Studies are not required to apply for admission to the College of Ministry.

For more information regarding the application content and process, please consult the Dean of the College of Ministry.

Assemblies of God Theological Seminary

Northwest University is a branch campus for the Seminary. The Dean of the College of Ministry serves as the Branch Director.

- THEO 6423 - Historical Theology (CHIS Elective)
- Must take both graduate courses for the following undergraduate substitutions to count:
 - THEO 5243 - Systematic Theology I: First and Last Things (THEO 3213 Systematic Theology I)
 - THEO 5253 - Systematic Theology II: Life in Christ, Life in the Spirit (THEO 3223 Systematic Theology II)

252

Center For Calling And Theological Formation

Program Director

Joshua Ziefle

The Center for Calling and Theological Formation (CCTF) is supported in part by a major grant from the Lilly Endowment. It has a dual purpose: 1) to educate and equip students in the process of theological development and vocational understanding of their life's work and service, and 2) to serve churches, ministers, as they engage in these vital matters. Its mission is to serve the body of Christ in the vital tasks of teaching and discipleship through education, training, and resourcing.

Summer Journey

Serving a constituency of leading Christian high school juniors and seniors from the Pentecostal/Charismatic tradition, the Summer Journey program of the CCTF purposes to develop a cadre of leading high school students per whose

desire to serve the Church and world is deepened through theological reflection on how the story of God intersects their lives' calling. To this end, it provides opportunities for participants to:

- Experience an immersive and supportive environment of vocational discernment on the Northwest University campus and in the surrounding region.
- Benefit from gifted speakers and professors speaking in their particular fields of expertise.
- Connect service and calling by means of local community outreach activities.
- Gain a greater awareness and articulation of the call of God in individual lives.
- Think biblically about the issues of the day and apply these insights in Church, family, school, and world.
- Reflect on the vital task of servant-leadership in both Church and society in terms of vocation.
- Encourage students to articulate their calling and its implications in their churches, communities, and beyond.

Youth Symposium

The yearly Youth Symposium is a day-long event held each Fall on the Northwest University campus. Its goal will be to give local congregations, ministries, and leaders from the Pentecostal/Charismatic tradition a time of enrichment, reflection, and continuing education. To this end, it will provide opportunities to:

- Bring together regional youth workers, pastoral staff, and ministry students for conversation and dialogue of vital issues.
- Reflect on cultural trends affecting ministry to emerging generations.
- Hear from known experts and authors on vital topics in ministry to adolescents and young adults.
- Give resources for church and ministry leaders to use in their local congregations.
- Detail findings and insights from the Summer Journey and discuss emerging themes in the program.

The CCTF also plans to actively engage in and support related research and educational efforts to further the mission of vocational discernment and theological development under the auspices of Northwest University.

Mark and Huldah Buntain College of Nursing

Academic Awards

Master of Science in Nursing; Bachelor of Science in Nursing

Dean

Erin-Joy Bjorge

Mission Statement

The Mark and Huldah Buntain College of Nursing at Northwest University prepares graduates to answer their call to serve God throughout the world and lead others by using their professional expertise as nurses.

Statement of Philosophy

An enduring part of the philosophy held by the College of Nursing is the core belief that God is the source of all truth, power, and life. Further, He is the creator of everything that has been created, and the ultimate source of knowledge, wisdom, understanding, and love. God made human beings in His own image and wholeness, and to be the highest members of His creation. He gave them the ability to balance intellect, will, and compassion, and use their capacity to learn, to be self-determined, to love, to forgive, and to be accountable to Him, themselves, and others. God proved love beyond measure through the sacrifice of His Son, Jesus Christ, and provided a way for all human beings to be healed and reunite with Him. The account of God's love and plan for the world, and the directions for all human beings to live their lives in devoted and faithful service, is found in the Biblical scriptures. God is in total control of His creation, and through the Holy Spirit, influences the perceptions of human beings about who they are, their interactions and relationships, and the larger world in which they live.

254

The nature of human beings

Human beings are conceived of God in four separate and innately integrated parts of body, mind, spirit, and soul. They are formed with autonomous intrinsic worth, dignity, and unique personalities yet they share characteristics of humankind: to be loved and esteemed, to retain control over decisions that affect their own lives, and to stay in harmony with intrinsic and extrinsic environments. Although human beings possess adaptive responses to normal and pathological changes within and around them, they need encouragement, guidance, and support of others to reach their potential. Human beings desire God's relationship with them so they may continue to be whole persons throughout life.

Intrinsic and extrinsic environments, and cultural contexts

All environments are interactive systems, complex, and ever changing. They are made up of internal and external factors that ultimately determine the form and life of individuals, communities, and societies. The world environment was designed by God to have all parts work in harmony, order, and balance. Human beings are the most complicated expression of intrinsic and extrinsic environments, with a combination of intra, inter, and extra corporal units that dynamically involve one or all with each other. The way human beings interface with their environments are defined by how they perceive, interpret, communicate, and set up mutual or reciprocal actions. In this process, cultural norms and positive values are learned in healthy and caring environments, whether these settings are with small and intimate families or groups, or the mega-size organizations and societies. Human beings have some capability and capacity to manipulate the components of environments and culture. It is the demands of combined stresses that require each person to interact with other persons, and help reestablish order and balance for the total good. This energy exchange and adaptation is the process of coping that, all together, brings health and well-being.

The continuum of health, and health care systems

Health is a universal concept with multiple dimensions of understanding and appreciation. The way human beings define and value health is based upon their heredity, environmental conditions, and life styles, according to socio-cultural expectations and standards. The continuum of health is polarized with wellness on one end reflecting the optimal condition, and on the opposite end by illness and separation that occurs as a result of dysfunction, disorder, and lack of resistance. High level wellness emphasizes health promotion, health maintenance, and primary prevention, while illness care seeks to restore and bring healing. All human beings must have rights and privileges to access basic health care, to responsibly use public resources, and to practice healthy behaviors, for their own good as well as that of humanity. For these reasons, health care systems are expected to progressively advance the standards of societal health and welfare, and support the equitable use of services by all participants, in a compassionate, timely, and effective manner.

Professional nursing, and the education of nurses from Northwest University

Professional nursing is a distinctive vocation comprised of scholarly practitioners who are dedicated to helping all human beings in pursuit of holistic health. Socialization into nursing takes place through learning and experiencing a unique body of nursing knowledge, life sciences, and skilled arts that comprise the basis of nursing practice. The legacy of professional nursing is in a spirit of compassion, one steeped in sensitive, therapeutic relationships with clients and appreciation for the human condition. The primary responsibilities of professional nursing are two-fold: collaborative leadership for health care services and quality outcomes using evidence-based practice, and the individual autonomous nursing work, such as managing client care that includes consulting, teaching, and advocating a continuing culture of excellence and innovative nursing practice.

Education for nurses to act with expanded clinical confidence, personal integrity, and maturing professionalism requires merging together elements of superior character, leadership and nursing expertise. In all levels of nursing education at Northwest University, learners progressively internalize concepts of compassion, critical thinking, professional leadership, accountability, and respect for culturally defined relationship exchanges to systematically develop a professional nursing practice from a uniquely Christian worldview. The basis of all professional nursing education is a firm foundation built upon the liberal arts, bio-behavioral sciences, and core nursing courses, and understanding of Biblical truth.

255

The Buntain College of Nursing emphasizes life-long learning as a means to remain current and at mastery in professional nursing leadership and service. Life-long professional learning is required of all nurses. It begins as the learner enters nursing, and remains a strategic force throughout the nurse's lifetime of professional practice.

Core course content provides specific nursing theory, performance expectations based on measurable standards of practice, and evaluation processes that include quality indicators to determine effective outcomes of nursing care. Engaging with Christian nursing faculty mentors stimulates more comprehensive ways of thinking, acting, and valuing the professional nurse's role in health and health care delivery wherever it occurs. Together, learners and faculty use experiential learning as a way of reflecting on the meaning and interpretation of their professional nursing practice. It is this "lived-learning" and immersion into servant leadership that consistently builds appreciation of people from all backgrounds and their health needs. Therefore, the most important part of the nursing program at Northwest University is helping learners confirm and clarify the call to become professional nurses who achieve the highest possible level of practice.

Nursing Program Outcomes

Graduates with a degree in Nursing are able to:

1. Integrate Christian faith into professional nursing practice to serve individuals, families, and populations.
2. Plan compassionate and culturally sensitive care with the guiding principles of diversity, equity, and inclusion.
3. Apply clinical judgement to deliver safe person-centered care across the lifespan and health-illness continuum.
4. Utilize patient care technologies and informatic processes to deliver quality, safe, and effective nursing care.

5. Integrate evidence-based practice and scholarly inquiry into clinical decisions for quality patient care.
6. Practice leadership behaviors, ethical decision making, and communication skills in collaboration with interprofessional teams.
7. Articulate problems in complex healthcare systems to contribute to a culture of safety.
8. Examine solutions for population health within the frameworks of health promotion, policy, and health systems.
9. Create a professional identity inclusive of personal well-being, professional growth, and career-long learning.

Summary Criteria for Admission into the Bachelor of Science in Nursing Pre-Licensure Program

- Successful completion of the BSN pre-nursing requirements with a minimum grade point average (GPA) of "B" (3.00 on a 4.00 scale).
- Successful completion of the pre-nursing core courses: Survey of Chemistry II (organic chemistry and biochemistry), Anatomy & Physiology I and II, and General Psychology, with a minimum grade of "B-" (2.7 on a 4.00 scale).
- Submit a complete application to the College of Nursing using a centralized online application service. Applications are made available in early October and due in late-January. (*See the Tuition & Fees page for additional fees associated with the College of Nursing.*)
- Transfer students must complete the same requirements for admission to the College of Nursing as students of Northwest University. It is imperative to work closely with a Northwest University transfer counselor. Acceptance to the University is the first step but does not guarantee admission into the nursing curriculum.

Direct Freshman Admission

256

Direct Freshman Admission allows high school seniors with superior academic achievement to secure acceptance in our competitive BSN pre-licensure program.

BSN Direct Freshman Admission Application Process:

- The Northwest University application and the BSN Direct Freshman Admission addendum must be submitted to the Admissions Office on or before November 15th.
- Applicants will be notified of acceptance to Northwest University by November 31st.
- Applicants will be notified of Direct Admission to the College of Nursing by January 15th.
- Applicants will accept or decline the Direct Admission offer no later than March 15th. A \$100 deposit is due at time of the applicant's acceptance of Direct Admission.

BSN Direct Admission Criteria:

- Admission to Northwest University.
- First time full-time freshman.
- Follow President's Scholarship Criteria.
- College prep courses including science (biology and chemistry with labs), English (4 years), and math (3 years). Anatomy and Physiology is highly recommended.
- Resume (school activities, community service, leadership positions).
- Supporting essay describing how the student's Christian faith, personal strengths, experiences, and aptitudes will contribute to their success in nursing school and career in nursing.

Criteria for Progression into the College of Nursing Upper Division Major:

- Maintain continuous full-time enrollment in the traditional undergraduate program at Northwest University (12 credit hours or more per semester).

- All pre-nursing core courses and core curriculum requirements must be taken at Northwest University.
- Complete all core curriculum requirements and be eligible for the nursing major within 2 years of initial enrollment.
- Complete the following pre-nursing core courses: Survey of Chemistry II, Anatomy and Physiology I and II, and General Psychology, with a minimum grade of B- (2.7 on a 4.00 scale).
- If the student's cumulative GPA at the end of spring semester freshman year and going forward, falls below a 3.5 or if a grade of less than B- (2.7 on a 4.0 scale) is received in a pre-nursing core course, the student will lose Direct Admission status.
- Complete the College of Nursing online application via Nursing CAS by January 31st of the student's fourth semester at Northwest University.
- Student conduct issues will be taken into account for progression into upper division nursing coursework.

Sequence of Course Work and Professional Nursing Practice

Pre-nursing students are assigned a University advisor to carefully plan their sequential and orderly completion of the foundational course work and other requirements. Pre-nursing students are required to complete the online College of Nursing application for admission during the sophomore year, and must meet all admission requirements in order to be accepted into the nursing major.

Students begin their nursing courses as a cohort and quickly immerse into a vigorous routine of classroom studies with clinical practice. The courses may include evening, night, or weekend learning experiences that students are required to attend. At this time, students are recommended to reduce any outside employment to one shift per week that does not conflict with their clinical schedules. During the senior year, especially the final semester, students should plan to drastically reduce hours or take a leave of absence from their outside employment. When enrolled in nursing coursework, nursing students are not permitted to enroll in Northwest University non-nursing courses.

257

A final course grade greater than or equal to 80% (B- or 2.70 on a 4.00 scale) is required to pass each nursing course. A final course grade below 80% (B- or 2.70 on a 4.00 scale) prevents progression and requires readmission to the nursing major. An overall GPA of 3.00 must be maintained each semester throughout the sequence of nursing courses. Students who do not achieve an 80% (B- or 2.70) in each nursing course and a 3.00 semester GPA will not be allowed to progress to the next semester.

A student who leaves the cohort for any reason, such as, but not limited to, personal issues or academic standing, is required to meet with the respective faculty advisor to initiate the readmission process. A student must formally apply in writing for readmission to the program. A readmission application is subject to review by designated faculty members and the Dean of the College of Nursing. The student will be required to meet both program and academic performance requirements of the cohort to which he or she is readmitted and may be unique to the student's situation. Readmission to the nursing major is subject to space availability.

Readmission to the major is decided on a case by case basis and it is only possible to be readmitted once. A nursing course may only be repeated once to continue in the program.

Clinical nursing practice is required every semester of the nursing curriculum, under the supervision of nursing faculty, and in collaboration with professional nurse mentors. The purpose of combining clinical practice with theory courses is to:

1. progressively develop proficiency in the applied science of professional nursing
2. meet state licensure requirements and national accreditation standards
3. build learner confidence in clinical nursing care management and leadership.

A fee, which is assessed on a per-credit basis and which supplements tuition, is charged for practicum courses that provide clinical experience. (*See the Tuition & Fees page for additional fees associated with the College of Nursing.*)

Transportation to local practicum experiences is the responsibility of the student. Many clinical experiences are local however some may require traveling further distances. Faculty do not make clinical assignments based on carpool requests or geographic location of student residence.

A distinctive of the program is NURS 4963 Nursing Practice as Ministry course in the final semester of the senior year. The student is required to participate in a nursing and ministry experience in a cultural setting different than one's own. Sites will vary from year to year. (*See the Tuition & Fees page for additional fees associated with the College of Nursing.*)

Program Clinical Requirements

Clinical opportunities in the nursing program require applicants to submit the following records to an online data collection service at their own expense.

1. Health history and physical examination that includes immunization, vaccination documentation, and titer levels, conducted and signed by a licensed healthcare practitioner.
2. Immunizations
 - DPT series and any subsequent Boosters.
 - One booster after age 19 must be a Tdap (Tetanus, Diphtheria, and Pertussis) vaccine.
 - Hepatitis A series
 - Hepatitis B series & proof of positive titer
 - MMR series or proof of positive titer
 - Polio series
 - Varicella series or proof of positive titer
 - Influenza (annual requirement)
 - COVID-19
3. A two-step TB test or TB IGRA at time of entry into the program. An annual TB test is required each year to demonstrate eligibility to participate in clinical experiences.
4. Current AHA healthcare provider-level CPR card.
5. A national background check, OIG, GSA, and Washington State WATCH are required. Students seeking admission to the nursing program must be aware a record of criminal conviction may impact admission. Students should discuss this matter with the Dean before making final application to the nursing program. Any criminal incidences occurring during the nursing program must be reviewed immediately with the Dean.
6. A current and valid passport which expires no earlier than October 31st after graduation.
7. Proof of health insurance for personal costs of health care.
8. A valid driver's license.
9. Students may be required to undergo drug screening and/or fingerprinting for selected agencies as a prerequisite to clinical. It is the student's responsibility to pay for this screening.

258

Registered Nurse Licensure in the State of Washington

After successful completion of the nursing program at Northwest University, students are awarded a Bachelor of Science degree in Nursing (BSN) and are prepared to sit for the National Certification Licensure Examination – Registered Nurse (NCLEX-RN).

The College of Nursing is dedicated to helping students successfully pass the NCLEX-RN through a rigorous curriculum that incorporates an online preparation and readiness assessment program.

Students must be aware that the State of Washington or any other state may deny the Registered Nurse license application if the applicant has a record of criminal conviction. Any criminal incidences occurring during the nursing program must be reviewed immediately with the Dean as this may jeopardize the application for Registered Nurse licensure.

College of Social and Behavioral Sciences

Academic Awards

Doctor of Psychology, Master of Arts, Bachelor of Arts, Minor,

Dean

Matt Nelson

Departments

School of Global Studies; School of Counseling and Psychology; Graduate and Undergraduate

The College of Social and Behavioral Sciences at Northwest University educates individuals to serve within the mental health and human services professions both locally and internationally. The college is home to the School of Counseling and Psychology and the School of Global Studies, each providing education that is distinctly Christian.

Overview of CSBS program offerings:

With each degree program is designed to espouse an ethos of care and service-leadership within the construct of globalization, the college offers both undergraduate and graduate programs in psychology and a graduate program in international community development.

Students have the opportunity to participate in a wide variety of cultural immersion projects as well as both local and international internship placement sites.

Whether serving locally or internationally, graduates of the College of Social and Behavioral Sciences are prepared to respond to the call of Christ through service-leadership in a rapidly globalizing world.

The School of Counseling and Psychology

259

The School of Counseling and Psychology is built upon the integration of psychology, culture, and social justice.

Programs offered:

- Doctor of Psychology in Counseling Psychology
- Master of Arts in Clinical Mental Health Counseling
- Bachelor of Arts in Psychology
- Bachelor of Arts in Psychology (Center for Online and Extended Education)

The School of Global Studies

The School of Global Studies is designed to equip people from a wide variety of professions to work for social change and justice across cultural boundaries.

Program offered:

- Master of Arts in International Community Development*

* *SEE APPLICABLE GRADUATE CATALOG FOR DETAILS*

College of Social and Behavioral Sciences: MAICD or MSDARP

Environmental Science, BS

MA in International Community Development: 12

In the case of a student majoring in Environmental Science (Environmental Policy Track) who is accepted into the 5 year BA-MA program, the following substitutions will apply:

- GLST 5153 Research for Social Change **3 credits** for SCIE 4923 Research Topics
- GLST 5313 Community Development **3 credits** for SOCI 1113 Survey of Sociology
- GLST 5503 Culture Studies in a Global Context **3 credits** for PHIL 2753 Introduction to Philosophy
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for an Undergraduate Elective

Psychology, BA

MA in International Community Development: 12

In the case of a student majoring in Psychology who is accepted into the 5 year BA-MA program, the following substitutions will apply:

- GLST 5153 Research for Social Change **3 credits** for a PSYC Elective
- GLST 5313 Community Development **3 credits** for a PSYC Elective
- GLST 5503 Culture Studies in a Global Context **3 credits** for a PSYC Elective
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for a PSYC Elective

MS in Data Analysis and Research Psychology: 12

Students in either the Research or General concentration of the Psychology degree will substitute their four concentration courses with the following MSARP courses.

- PSYC 5053 Introduction to Research and Statistics **3 credits**
- PSYC 5063 Regression and Correlation **3 credits**
- PSYC 5083 Quantitative Research Methods **3 credits**
- PSYC 5393 Qualitative Methods and Analysis **3 credits**

260

Undergraduate, BA

MA in International Community Development: 12

In the case of a student who is accepted into the 5 year BA-MA program, the following substitutions will apply:

- GLST 5153 Research for Social Change **3 credits** for an Undergraduate Elective
- GLST 5313 Community Development **3 credits** for an Undergraduate Elective
- GLST 5503 Culture Studies in a Global Context **3 credits** for an Undergraduate Elective
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for an Undergraduate Elective

Creatio Center for Technology, Media and Design

Dean

Craig Chapman

Programs Supported

Audio Production, User Experience Design, Video Production

The Creatio Center for Technology, Media and Design is a multidisciplinary program which will prepare the next generation of Christian entrepreneurs, engineers and leaders for positions in advanced technology and the media arts. By offering this program, Northwest University joins a very select group of universities around the country with a set of undergraduate degree programs focusing on the "digital revolution". Building on the University's established strengths in creative writing, sound production, and music industry expertise and based on the solid foundation of design thinking, the University will train students in the areas of user interaction and experience design, game creation and audio/video production. And because the pace of technology innovation is accelerating at an ever-increasing rate, Creatio will continue to evolve. The goal is for Northwest University to establish a leadership position among Christian liberal arts institutions as the center for cutting edge technology with Christian ethos.

Center For English Language Education (CELE)

Program Director

Li Lowry

Lead Instructor

Kristin Webster

Programs Supported

English as a Second Language (ESL)

261

The Center for English Language Education (CELE) was established at Northwest University to facilitate the University's commitment to global exchange through providing academic and general ESL training for international students and to facilitate cross-cultural understanding and friendship among Northwest University's diverse student body. CELE is a division of the International Education Department, which serves the greater international student population at Northwest University.

University Service

Serving a university community of scholars and learners, the Center for English Language Education proposes to develop and maintain programs of instruction, research, and professional services which provide opportunities to:

- facilitate language acquisition and cross-cultural communication;
- advise the NU community on issues of cultural diversity and facilitate interpersonal adjustments needed for cross-cultural living and service; and to
- form network relationships with international agencies, schools, and students in order to expedite cross-cultural interactions.

International Partnerships

As a representative of Northwest University, CELE has entered into partner relationships with top universities in Korea and Japan: Ewha Womans University, Soongsil University, Gachon University, Hansei University, Handong Global University, Kanagawa University, and Toyo University.

CELE continues to seek beneficial international partnerships.

The partnerships include:

- tuition exchange agreements for NU and Korean and Japanese exchange students for 1-2 semesters of study;

- visiting professor exchanges;
- research partnerships opportunities.

English as a Second Language

The ESL program enables international students to develop the necessary skill in academic and general English to succeed outside the classroom in America and to gain admission into university baccalaureate and graduate degree programs. It also provides opportunity for students who want a semester abroad experience at Northwest University to develop their English skills and experience American culture while studying ESL in a Christian academic environment. Students will:

- become more proficient in reading, writing, and speaking English.
- gain a broader understanding of American culture and make friends with American Christian students and professors.
- develop study skills necessary for success in an American university.
- enjoy numerous cultural fieldtrips and events to enhance their academic experience.
- be conditionally admitted into Northwest University once they graduate CELE.

ESL students are enrolled in a full-time program of study that involves 12-18 credit hours of ESL study, focusing on the following English language skills: writing, speaking, reading, listening, grammar, and pronunciation and vocabulary.

Course Sequence

The following tracks of study are advised. Students test into level 1, 2, 3, 4, 5, or 6 (Bridge) upon arrival using the iTEP (International Test of English Proficiency). Advancing to the next course level is based on demonstrating competency through exit exams and earning an average grade of 80% in the current semester classes.

LEVEL I

- LANG 0123 - Grammar I
- LANG 0143 - Reading and Vocabulary I
- LANG 0196 - Comprehensive English I

LEVEL II

- LANG 0223 - Grammar II
- LANG 0243 - Reading and Vocabulary II
- LANG 0296 - Comprehensive English II

LEVEL III

- LANG 0323 - Grammar III
- LANG 0343 - Reading and Vocabulary III
- LANG 0396 - Comprehensive English III

LEVEL IV

- LANG 0423 - Grammar IV
- LANG 0443 - Reading and Vocabulary IV
- LANG 0496 - Comprehensive English IV

LEVEL V

- LANG 0523 - Grammar V
- LANG 0533 - Writing V: Academic Writing Elective
- LANG 0543 - Reading and Vocabulary V
- LANG 0596 - Comprehensive English IV

LEVEL VI (BRIDGE)

- LANG 0633 - Writing VI: Bridge (*Prerequisite LANG 0533 Writing V: Academic Writing Elective or instructor permission. Must be taken concurrently with ENGL 1013.*)

- LANG 0663 - Speaking VI: Bridge
- ENGL 1013 - Composition I: Expository Writing
- plus ONE selected NU undergraduate course

iTEP Level Placement

The iTEP test is CELE's in-house English proficiency test. CELE uses the iTEP to assess students' entry and exit English skills, readiness for matriculation into a specific program, and to place students in an appropriate level of courses. Below are the corresponding iTEP level scores and how they relate to specific CELE levels.

- Level 1: True Beginner — Cumulative iTEP Level 0-1.0
- Level 2: High Beginner — Cumulative iTEP Level 1.1-1.9
- Level 3: Elementary — Cumulative iTEP Level 2.0-2.2
- Level 4: Low Intermediate — Cumulative iTEP Level 2.3-2.6
- Level 5: High Intermediate — Cumulative iTEP level 2.7-3.4
- Level 6 (Bridge): Advanced — Cumulative iTEP Level 3.5-4.4+

Exit Requirements: Undergraduate Matriculation

- Pass Bridge Level
- Cumulative iTEP Score > iTEP Level 3.44
- CELE Grades > 80%
- NU GPA > 2.5

Exit Requirements: Graduate Matriculation

- Pass Bridge Level
- Cumulative iTEP Score > iTEP Level 3.99
- CELE Grades > 85%
- NU GPA > 3.0

Testing Policies

Who Takes the iTEP: In general, all newly admitted CELE students must take the iTEP test during Welcome Week. Prospective Exchange students in the CELE program do not need to take the iTEP and are expected to apply to CELE with a reputable English test, such as TOEFL, Duolingo, IELTS, or TOEIC. Exchange students who score lower than the minimum standard can take the iTEP during the Welcome Week to see if they can test higher. In addition, prospective international undergraduate and graduate students can take the iTEP test instead of another English proficiency test, but this should be arranged with the respective enrollment counselors. Please see the test waiver section below for students not wishing to take the iTEP.

Waivers: Exchange students who are studying abroad at NU from a partner university, who arrive with a TOEFL score of 80+ or a similar score from another English placement test, are not required to take the iTEP for placement. In addition, students who have earned significant college credit from a university in the United States can waive the iTEP test. Students who have earned a high school diploma in the United States or another native-English speaking nation can also waive the testing requirement.

Advancing: When levels 1-5 students demonstrate competency through earning an average grade of 80% in the current semester classes, they can advance to the next level of classes without retesting. Students may opt to take the iTEP if they wish to skip a level. If they take the iTEP and score in the advancing level range, they may skip a level.

Repeating: If students earn an average grade of 70-79%, they must take the iTEP at the end of the semester to determine if they advance to the next level of classes by scoring in the advancing level range. If students have an average grade below 69%, they must repeat the level.

Exiting: Level 6 Bridge students must take the iTEP at the end of the semester and meet the iTEP and GPA exit requirements to matriculate to either undergraduate or graduate programs. Undergraduate students must also demonstrate that they meet the Christian lifestyle standards of NU as demonstrated through a statement of faith.

Exceptions to an iTEP Score: In case of one English skill unfairly skewing the cumulative average on an iTEP test, the CELE program may remove that one score and re-average the iTEP cumulative score. Also, if a matriculating student has a strong NU GPA but a non-passing iTEP score, the CELE program may still allow the CELE student to matriculate based on the following requirements:

- Prospective undergraduate students – a cumulative NU GPA of 3.0+ and all iTEP skill scores in a 3.0-3.4 range.
- Prospective graduate students – a cumulative NU GPA of 3.5+ and all iTEP skill scores in a 3.5-4.0 range.

Other iTEP Rules: Students wishing to retake the iTEP must wait a minimum of two weeks before retesting. Every time a student takes the test, they are required to pay the iTEP testing fee.

Center For Leadership Studies

Program Director Earl Creps

Programs Supported Master of Arts in Leadership Studies; Bachelor of Arts in Organizational Leadership

The Center for Leadership Studies provides an interdisciplinary opportunity for developing knowledge about leadership theory, expanding personal skills, and furthering our understanding of effective Christian leadership in a dynamic world.

264

The Northwest University Center for Leadership Studies was created to cultivate the leadership capabilities of members of the community, with particular attention to students. The approach to leadership studies at Northwest University uniquely integrates theory with theology and best practices in real-world experiences from fields including ministry, business, and social and behavioral sciences. The Center for Leadership Studies provides opportunities for the enhancement of leadership qualities and abilities in order to more effectively engage human need. The Center coordinates the delivery of the Master of Arts in Leadership Studies and provides support for leadership curriculum throughout the university. The Center is supervised by the Office of the Provost.

Center for Online and Extended Education

Director **George Kelley**

Programs Supported **NU Online; Northwest Partnership Program; Extension site; Concurrent Credit; Prior Learning Assessment**

Center for Online and Extended Education programs serve online and extension site students, offering academic programs in nontraditional hours and formats that enable working professionals to remain in their career while fulfilling their educational goals. The Program also serves other students by coordinating several nontraditional educational service programs, such as Prior Learning Assessment.

The Center for Online and Extended Education (COEE) is located at 6710 108th Ave NE (approximately ½ mile north of the main part of the campus). The College delivers courses and academic majors through evening and weekend programs on the Kirkland and Oregon extension site. COEE also delivers online courses through the NU Online program. In addition, the College facilitates the Northwest Partnership Program which partners with internship programs throughout the country. COEE also serves students in many Christian high schools enabling students to earn college credits that satisfy the requirements of both their high school towards graduation and college degree.

The Center for Online and Extended Education partners with the other Northwest University colleges to offer the following majors:

- Certificate – Ministry Leadership
- Associate – Associate in Arts, Associate in Ministry Leadership
- Bachelor – Business Management, Communication, Humanitarian Leadership, Interdisciplinary Studies, Ministry Leadership, Organizational Leadership, Organizational Management, Psychology, and RN to BSN in Nursing
- Graduate – Business Administration, Leadership Studies, Ministry Leadership, and Nursing

Northwest University students are able to obtain credit for prior learning through several methods, all facilitated by the Office of the Provost and the Center for Online and Extended Education. Prior Learning Assessment (PLA) covers credit earned via Certified Prior Learning as approved by the American Council on Education or the University, or submission of a Portfolio as outlined in the Prior Learning Assessment Guide. Please contact the Center for Online and Extended Education for further information.

Students interested in any of the programs listed above should contact the Admissions Office.

Enrollment Information: Center for Online and Extended Education

Program Director

Programs Supported

Certificate in Ministry Leadership;

Associate in Arts; Associate in Ministry Leadership;

**Business Management; Communication;
Interdisciplinary Studies;**

Ministry Leadership; Nursing RN to BSN;

Organizational Leadership; Organizational Management; Psychology;

Concurrent Credit; Northwest Partnership Program;

Extension Campuses; Online Programs; Prior Learning Assessment

Center for Online and Extended Education programs serve adult, online, and extension site students, offering academic programs in nontraditional hours and formats.

The offices for the Center for Online and Extended Education (COEE) are located at 6710 108th Ave NE (approximately ½ mile north of the main part of the campus). There are several mediums through which the Center for Online and Extended Education programs serve students.

The Center for Online and Extended Education offers majors in Business Management, Communication, Interdisciplinary Studies, Organizational Leadership, Organizational Management, Ministry Leadership, Nursing, and Psychology through an accelerated schedule through an online format.

The Center for Online and Extended Education also provides an Associate in Arts degree, in an accelerated format, as well as a Certificate in Ministry Leadership.

Students interested in any of the programs listed above should contact the Admissions Office.

Northwest University students are able to obtain credit for prior learning through several methods, all facilitated by the Office of the Provost or Center for Online and Extended Education. Prior Learning Assessment (PLA) covers credit earned via certified prior learning as approved by the American Council on Education or the University, or submission of a portfolio as outlined in the Prior Learning Assessment Handbook. Please contact the Center for Online and Extended Education for further information.

266

Admission to Northwest University is granted to applicants meeting the University admissions requirements without regard to sex, race, color, age, national or ethnic origin, or physical disability. However, admissions are made on a selective basis according to the criteria described below. The following information is specific to the Center for Online and Extended Education programs of the University.

Applying for Admissions

Individuals applying for the NU Online program are encouraged to apply at <http://www.northwestu.edu/apply>

Individuals applying for the NPP (Northwest Partnership Program) are encouraged to apply at <https://www.northwestu.edu/partnership/apply>

Procedures for Students Entering Directly from High School

Students completing college credits while in high school, including those participating in the Running Start Program, must follow the procedures outlined in this section:

- **Application** - Complete the application and submit to the Admissions Office.
- **High School Transcript or Equivalent (GED)** - Arrange for an official transcript to be sent by the high school last attended. In addition, applicants must request that a final transcript be forwarded to the Admissions Office by August 1.
- **College Transcripts** - If you have completed college coursework while in high school, request that all college and universities you attended send official transcripts to the Admissions Office.

Procedures for Transfer Students

Running Start students should follow the process for high school students.

- **Application** - Complete the application and submit to the Admissions Office.
- **High School Transcript or Equivalent (GED)** - Transfer students who, at the time of application, have completed fewer than 72 transferable quarter credits or 60 semester units after graduating from high school must submit an official high school transcript.
- **College Transcripts** - Request that all college and universities you attended send official transcripts to the Admissions Office.

Home School Graduate

Home schooled students who apply for admission to Northwest University are required to submit the same application materials as stated for all students.

Notification of Admission

After the application and transcripts have been received, the COEE Admissions Committee will evaluate the application. Applicants will be notified by email whether or not they are accepted. No assurance of acceptance should be assumed until the applicants receive an official acceptance email from the Admissions Office.

International Students

International applicants must complete the same admissions process as other freshman or transfer students.

267

Foreign Degree Requirements - Any college or university transcript which is submitted from a school located outside of the US and Canada must be supplemented by an official evaluation of the transcript for US degree equivalency and GPA, performed by an institution approved by NACES <http://www.naces.org/members.html>. (Course-by-course evaluations are not required unless transfer credit is requested; for more information, please consult the enrollment counselor for the program to which you are applying.)

English Language Proficiency – Undergraduate students whose native language is not English, must submit a TOEFL score from an exam taken no more than six months prior to application to the University.

The following requirement is necessary to qualify for admission to Northwest University:

- TOEFL internet-based (iBT) score of 80. Citizens of approved countries with English as an official language and/or the language of instruction are exempt from the TOEFL.

High School Requirements - Undergraduate students who attended the equivalent of high school outside the U.S. are required to submit the following to qualify for admission to Northwest University:

- High School transcripts in English or GED

Re-Admission

Former students who have been out of enrollment for more than a 16-week period must complete an Application for Re-Entry and submit supplemental documents required by the specific program. They will not be required to obtain new transcripts other than for college work taken during the interim away from Northwest University.

Admissions Standings

Students admitted to Northwest University are assigned one of the following three standings.

Regular Standing

Regular standing is granted to an admitted applicant who meets all requirements for admission and is pursuing a degree or approved certificate from the University. Regular standing requires an incoming 2.5 cumulative grade point average (GPA) in high school and/or college coursework.

Success Standing

Success standing is granted to an admitted applicant who shows the potential to successfully pursue studies at Northwest University but does not meet all requirements for regular standing. A minimum incoming GPA of 2.0 in high school and college coursework is normally required for admission with success standing. Students with an incoming GPA lower than 2.0 may be considered for admissions through an appeal process.

Conditional Standing

Conditional standing may be offered to a student who meets entrance requirements at Northwest University, but whose application is incomplete. Admission to Northwest University is conditional based upon satisfying specific requirements prior to full admission. Individuals admitted on Conditional standing will not be permitted to take courses for more than one term or session.

Non-Degree Seeking Student Status

A Non-Degree Seeking Student is not seeking a degree or approved certificate at the time of admission. Courses taken by a student while under this status are a part of the student's permanent academic record, but are not guaranteed to apply to a degree or certificate offered by the institution. Specific course prerequisites must be satisfied regardless of a student's admission status.

268

Transfer Credit

During the admissions process, official transcripts from all previously attended educational institutions are evaluated for the maximum amount of transfer credit possible. The results of this evaluative process are communicated to students and their academic advisors on a Transfer Report. Any subsequent credits earned by students must also be communicated via an official transcript, evaluated by the Registrar's Office, and officially reported. This is applicable to prospective and enrolled students. See the Northwest University Credit Transfer Guide for further details.

Northwest University accepts the transfer A.A. (DTA) degree from those colleges in the State of Washington whose degree requirements conform to the guidelines of the Intercollege Relations Commission (ICRC).

Students desiring to transfer to the University from another institution accredited by one of the six regional associations must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Admissions Office. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of "C-" or better. (Some majors may have a higher grade requirement for some of their courses.)

Academic work presented from colleges and universities that are recognized by the Council for Higher Education Accreditation (CHEA) database but not accredited by one of the six regional associations is considered on a course-by-course basis and limited to a total of 30 semester credits from all such sources. College-level work considered occupational or remedial is not recognized for transfer. Please see the Northwest University Credit Transfer Guide for further details.

Nontraditional Sources of Credit

Credits through Testing – Northwest University accepts credits earned through the Advanced Placement Testing Program (AP), International Baccalaureate (IB), the College Level Examination Program (CLEP), and the DANTES Subject Standardized Tests (D.S.S.T). Recommendations regarding college credit are made by the Registrar.

Language Testing Policy – Students wishing to earn foreign language credit through testing will now do so using ACTFL (American Council on the Teaching of Foreign Languages) exams. Northwest University will accept a total of 12 credits, a maximum of 6 credits earned through OPI (Oral Proficiency Interview) or 12 credits earned through WPT (Written Proficiency Test). 3 WPT credits may be applied toward the Core Curriculum Humanities requirement and additional credits count as elective credits. Complete policy and Test links listed on Provost's website.

Military Credit – Those having had military service may petition the Registrar's Office for credits based on learning through military experience. Northwest considers the recommendations of the American Council on Education (ACE) in evaluating military-based credits.

Prior Learning Assessment (PLA) Credit – Credit can be requested for learning from experiences that occurred outside of a traditional classroom setting. Students may submit a portfolio documenting such learning. Students are charged a CPL Assessment Fee when they submit a previously completed license or credential for assessment by a Northwest University content expert. Students are charged a PLA Assessment Fee per credit requested, when they submit a portfolio demonstrating their prior learning acquired in a non-academic setting for assessment by a Northwest University content expert. PLA Evaluation is supervised by the Director of the Center for Online and Extended Education.

Certified Prior Learning (CPL) – Nationally recognized licenses, certificates or on-the-job training may qualify for credit.

269

Veterans

For Veterans and Active Duty Military, Northwest University will waive the 30 credit limit on PLA, ACE, IB, AP, military, CPL, portfolio, CLEP and D.S.S.T that can be applied to any degree.

Any veteran receiving GI Bill® benefits while attending Northwest University is required to obtain transcripts from all previously attended schools and submit them to the school for review of prior credit.

Tuition and Fees

Tuition-Extended Education Programs

Northwest Partnership Program Tuition per credit hour	\$ 320.00
Oregon Extension Tuition per credit hour	\$ 470.00
Graduate Program Tuition and Fees (**see applicable Graduate Program catalog)	***
Concurrent Credit Program Fee per credit hour	\$ 55.00

Tuition-Online Programs

Undergraduate Online Tuition (non-education majors) per credit hour	\$ 407.00
Undergraduate Online Tuition (education majors only) per credit hour	\$ 490.00
Graduate Program Tuition and Fees (**see applicable Graduate Program catalog)	***

Financial Information

Financial Payment

Educational Benefits

Northwest University is approved as an educational institution for the training of veterans or their dependents. Applications are available on the Department of Veterans Affairs website at <https://www.benefits.va.gov/gibill/>. Those qualifying under the extended Social Security Act should apply for benefits at their local offices of the Social Security Administration. The University will make the proper certifications as to enrollment and attendance after the student has enrolled in the University.

Any veteran receiving GI Bill® benefits while attending Northwest University is required to obtain transcripts from all previously attended schools and submit them to the school for review of prior credit.

Financial Policy

University financial policies are outlined in the Master Financial Agreement signed during the registration process.

270

Payment of Accounts

It is the policy of the University that there can be no outstanding past due account at registration. The payment of accounts policy also applies to those qualifying for veteran's benefits and outside scholarships.

Pay In Full Plan

Tuition and fees are to be paid in full before the first day of classes each semester.

Monthly Payment Plan

Northwest University offers payment plans through **Nelnet Campus Commerce (Nelnet)**. Nelnet is a budgeting service which allows students to pay their education expenses in smaller, more manageable monthly installments. They provide three to six month payment plans per semester to undergraduate students enrolled in Northwest University Oregon or Northwest Partnership Program, and three to four month payment plans per semester to undergraduate students enrolled in Northwest University Online.

Payment plans are set up with Nelnet for each academic term based on the student's estimated charges less financial aid (including loans, if applicable) for the semester. There is a \$75 enrollment fee per semester for these plans. For more information, please visit <https://www.northwestu.edu/financial-aid/undergraduate/payments-late-charges/> or call 1-800-722-4867.

Late Fees

Notification of the owing balance will be sent to the student's Northwest University email address at the beginning of each month. The statements will show activity on the account for that month only. For the most up to date information, please view the transactions and running balance page located on your Eagle Profile page.

Late fees will be charged approximately 30 days after the start of the term. They will be assessed as follows: For balances between \$0.00 and \$25.00, the late fee will be zero. For balances \$25.01 and over a 1.5% late fee will be assessed monthly on the outstanding balance up to a maximum of \$100. If you qualify for VA benefits under Chapter 31 and 33, late fees will not be assessed due to the late receipt of VA benefits.

Past Due Accounts

A student is considered past due:

- If they have an owing balance after the first day of class
- If new charges are assessed after the academic term has started and are not paid within 30 days

Student Financial Services will contact by email and/or by telephone, students failing to pay in full by the first day of class or 30 days after new charges are assessed during an academic term. Campus registered mail and Northwest University personnel may also contact the student. Efforts to communicate will be made for a period of approximately 45 days.

If the financial problems persist, the student may be suspended from class until a solution is reached with Student Financial Services. Students failing to respond will be withdrawn from the University by the Provost.

Since financial responsibility is part of the educational process, Student Financial Services encourages students to meet and counsel with the University personnel any time a financial problem arises. Many problems may be avoided and/or resolved with communication.

271

The University reserves the right to assign delinquent accounts to an agency for collection, which will affect the student's credit score.

Cancellation of Registration

The Registration Cancellation policy applies to all semesters. See the Academic Calendar for the applicable First Day of Class.

Cancellation of Registration – A student who registers for class but decides not to attend must notify the Registrar's Office in writing before the end of business on the last day of the Add/Drop Period. Proper notification will cancel the tuition and related charges.

Cancellation after add/drop period if any classes were attended – Cancellation after the end of business on the last day of the Add/Drop Period is considered a Withdrawal from University (see next section for more details).

Withdrawal from University

Students may withdraw from the University up through 5:00 PM on the last day of the semester. If a student is absent from all classes for more than two consecutive weeks without notifying the University, the University has the authority to administratively withdraw the student from all courses.

If a student completely withdraws or is administratively dropped from all classes after the Add/Drop Period they will be responsible for the full tuition. However, per federal regulations, financial aid will be adjusted based on the last documented day of attendance. If a refund was received prior to withdrawing from the University, those funds may need to be repaid, depending on the date of withdrawal.

Please be aware that if the student withdraws from courses, or is administratively dropped, those courses are considered "attempted" and therefore are included in calculating if satisfactory academic progress requirements were met.

Contact your Advisor and the Registrar right away to document your last day of attendance. If there is not a documented last day of attendance, it may be assumed the withdrawal occurred after 50% of the semester has passed.

Once the withdrawal has occurred or been determined, financial aid will be reviewed for possible adjustments. Federal funds must be returned to federal programs based on the percent of the term that a student is no longer enrolled. Student Financial Services will determine how much of a student's aid was "unearned" as defined by the federal regulations, and then return the "unearned" aid in the following order to the programs from which the student received the aid:

- Federal Direct Unsubsidized Loan
- Federal Direct Subsidized Loan
- Federal Direct PLUS Loan
- Federal Pell Grant
- Federal Iraq and Afghanistan Service Grant (IASG)
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Teacher Education Assistance for College and Higher Education Grant (TEACH)
- Other Title IV Programs

Add/Drop Period (Adding and Dropping Courses)

Courses may be added or dropped through the first 7 calendar days of the term or 8-week session* (Add/Drop Period). Courses dropped during the Add/Drop Period will be removed from the student's schedule and receive 100% tuition refund. After the end of the Add/Drop Period, a student can no longer add or drop courses but may still withdraw from courses during the Course Withdrawal Period. There is no tuition adjustment should a student decide to withdraw; tuition is charged at the full amount. (See Academic Information and Policies and Withdrawing from Classes sections for additional information on course withdrawals.)

<u>Courses Dropped/Withdrawn During</u>	<u>Tuition % Charged</u>	<u>Tuition % Refunded</u>
First 7 calendar days of the term or 8-week session*	0%	100%
Day 8 and later	100%	0%

**only applies to online courses following the 8-week session academic calendar*

Financial Assistance

Northwest University participates in the Federal Student Aid and Washington State Aid Programs (including grants, loans, and work-study). If a student is enrolled for less than full-time, their awards may be prorated. All financial aid recipients must sign and return a copy of the University's "Financial Aid Terms and Conditions" to Student Financial Services within 30 days of receipt. Students must maintain satisfactory academic progress as outlined in the Satisfactory Academic Progress Policy for financial aid, unless additional requirements are noted with the award. Financial aid awards must be applied for each year.

This section contains information primarily applicable to the Center for Online and Extended Education (COEE) programs. For financial aid information for the Traditional Undergraduate and Graduate programs, refer to the respective Program's catalog pages or Student Handbook.

Federal Aid

Federal Pell Grants

- Eligibility – Financial need as determined by federal methodology
- Amount – Varies from year to year based on federal funding available
- Renewal – Based on annual review of need
- Students may receive Federal Pell Grant for up to six years of full time attendance

The Federal Pell Grant is available to students who attend at least part time (six credits). In certain situations, however, a student who is enrolled for less than six credits may be eligible for a Pell Grant.

Federal Direct Loans

Aggregate Loan Limits – Undergraduate students cannot take out a total of more than the following aggregate amounts during their time in school:

- Undergraduate Dependent Federal Direct Subsidized and Unsubsidized limit – \$31,000
- Undergraduate Independent Federal Direct Subsidized and Unsubsidized – \$57,500

Federal Direct Subsidized Loan

273

- Eligibility – Financial need as determined by the Free Application for Federal Student Aid (FAFSA).
- Amounts – Annual amounts are based upon the cumulative number of credits a student has earned toward their academic program. The following chart lists the requirements.

Class	Credits	Amount
Freshmen	0-29	\$3,500
Sophomore	30-59	\$4,500
Junior	60-89	\$5,500
Senior	90+	\$5,500

- Renewal – Based on annual review of need. Application is required annually and student must maintain satisfactory academic progress.
- Terms – Payment of principal and interest accrual begins six months after the student ceases to be enrolled at least halftime; interest is deferred while the student is enrolled at least halftime; interest rate varies—loan fees are charged according to Federal laws (maximum is 2%). If a student graduates or ceases to attend at least half time, he/she is required to complete exit counseling online.

Federal Direct Unsubsidized Loan

- Eligibility – Not need-based.

- Amount – Annual amounts are based upon the cumulative number of credits a student has earned toward their academic program. Additional amounts are available to independent students and dependent students whose parents are unable to borrow a Federal Direct PLUS Loan. The chart below reflects the maximum annual loan limit a student may receive for each grade level. If a student is not eligible for a subsidized loan, they may receive an unsubsidized loan up to the full annual limit listed below. If a student is eligible for a subsidized loan, those funds are included in the annual limit, and subtracted from the amounts below when determining the annual unsubsidized loan limit.

Class	Credits	Dependent Student	Independent Student
Freshman	0-29	\$5,500*	\$9,500*
Sophomore	30-59	\$6,500*	\$10,500*
Junior	60-89	\$7,500*	\$12,500*
Senior	90+	\$7,500*	\$12,500*

**If student is eligible for a subsidized loan, those funds are included in the annual limit and subtracted from the amounts above when determining their annual unsubsidized loan amount.*

- Renewal – Application is required annually and student must maintain satisfactory academic progress.
- Terms – Borrowers are responsible for the interest while they are enrolled and during repayment period. Interest payments can be deferred while student is in school and during their grace period. Payment of principle and interest begins six months after the student ceases to be enrolled at least half-time. Interest rates, loan fees, application, and disbursement process are the same as for the Federal Direct Subsidized Loan. If a student graduates or ceases to attend at least half time, he/she is required to complete exit counseling online.

Federal Direct Parent Loan (PLUS)

- Eligibility – Not need-based. Borrower must be the biological or adoptive parent (or in some cases, stepparent) of a dependent undergraduate student enrolled at least half-time in an eligible degree program, must not have an adverse credit history (a credit-check will be performed), and must be a U.S. citizen or eligible noncitizen and meet all other general eligibility requirements for federal student aid.
- Amount – The maximum amount is the student's estimated budget minus financial aid.
- Renewal – Application is required annually. In addition, student must re-apply for financial aid annually and maintain satisfactory academic progress.
- Terms – Repayment of principle and interest begins 60 days after the last disbursement.

REMEMBER – up to 2% of the total amount of the Federal Direct Subsidized Loan, and Unsubsidized Loan, and up to 5% Federal Direct PLUS Loan may be deducted as a guaranty and origination fee.

Special Circumstances

Sometimes a student may have a change of employment, additional expenses, or emergencies. Student Financial Services has a "Special Circumstances Form" which allows you to specify your unique situation. You will need to provide documentation along with this form, and it takes approximately four weeks to process. Only one special circumstance is processed during your time at Northwest University. Please contact Student Financial Services for the form.

Financial Aid Application

Eligibility

To be eligible for federal financial aid, students must:

- Be admitted to Northwest University
- Be pursuing an eligible degree program (does not include concurrent credit or certificate programs)
- Be a U.S. citizen, or a permanent resident of the U.S., or an eligible non-citizen
- Have financial need for need-based state or federal aid (need is determined by the results of a processed FAFSA)
- Not owe an overpayment on any Title IV educational grant or be in default on a Title IV educational loan
- Maintain satisfactory academic progress

Disbursement of Aid

Financial aid is generally credited to individual student accounts in equal disbursements by semester. The specific amount to be disbursed each semester is indicated on the student's Financial Aid Offer. Book money is available approximately seven days prior to the start of the semester for those students who are registered and have met all disbursement requirements. Full financial aid is disbursed to eligible students after the conclusion of the Add/Drop Period. To have aid disbursed, the student must have completed the financial aid process and meet all disbursement eligibility requirements.

Satisfactory Academic Progress (SAP)

Students enrolled in an undergraduate program and who receive financial aid must remain in good academic standing with the University and make satisfactory progress toward their intended degree. To remain eligible for financial assistance, students must meet specific qualitative and quantitative academic requirements.

275

Qualitative requirement: Undergraduate students must maintain a minimum 2.0 cumulative grade point average (GPA) for all terms of attendance, including terms when no aid is received.

Quantitative requirements: In addition to the GPA requirement outlined above, students must also complete at least 67% of the cumulative credit hours attempted (any classes withdrawn from after the add/drop period are still considered attempted) and be able to graduate without attempting more than 150% of the credit hours required for completion of the degree.

Satisfactory progress is evaluated annually. If a student fails to meet SAP standards, they will be suspended from receiving further financial aid at the University. Students may appeal the suspension by submitting a written appeal to Student Financial Services (SFS). If approved, the student will be placed on financial aid probation and have one additional semester to meet all quantitative and qualitative requirements. If SFS determines that the student will require more than one semester to meet the standards, an academic plan will be developed and progress will be monitored each semester during the set probationary period. Failure to meet the conditions of probation will result in loss of eligibility for further financial assistance.

For more information on the University's SAP policy, visit <https://www.northwestu.edu/financial-aid/undergraduate/gpa-credit-requirements>.

Verification

Verification is a federal process, which requires Northwest University to check the accuracy of the information you and/or your parents reported when applying for federal financial aid. Information is verified by securing additional

documentation. The documents necessary to verify these items are described on your financial aid offer. Corrections to this data will be submitted to the United States Department of Education, if necessary. A revised financial aid offer will be sent that will list any specific actions needed and will reflect changes, if any, to your financial aid award. An award will not be disbursed and federal loans will not be originated until verification is complete. If documents are not submitted within 30 days of request, or one month prior to the end of the semester, the financial aid offer may be cancelled.

COEE Academic Services

The academic services and policies of Northwest University are overseen by the Provost's Office and administered through the academic schools and colleges, and various academic services offices. Their goal is to ensure that students obtain and demonstrate the knowledge, skills, and attitudes described by the academic programs throughout this catalog. These programs balance the high standards established by the University's faculty and its accrediting associations with the high cost of attending an educational institution. The outcome is an educational experience designed to deliver and verify students' mastery of the essential elements expected of University graduates in today's society. This will enable them to fulfill the University's mission of preparing students for service and leadership. Some services may be customized at a specific location or modality.

Academic Load

Student Category – Undergraduate Students

• Full-time	12 or more credits in a semester
• Part-time	1 - 11 credits in a semester
• 3/4-time	9 - 11 credits in a semester
• 1/2-time	6 - 8 credits in a semester
• less than 1/2-time	1 - 5 credits in a semester

276

Academic Registration

Students register for classes during their designated registration periods.

Northwest Partnership Program students (NPP)

NPP students have two registration periods per academic year: fall and spring. Students will work with their academic advisor to be registered for courses each semester. Each semester is broken into 2 eight-week sessions.

NU Online Program students

NU Online program students have three registration periods per academic year; spring, summer, and fall. Students will work with their academic advisor to be registered for courses each semester. Each semester is broken into 2 eight-week sessions. No one will be admitted to classes until his or her registration is completed and approved by the Registrar's Office and tuition and fees have been paid or satisfactory arrangements have been made with Student Financial Services.

A student who registers for a course but decides not to attend must notify the Registrar's Office and his or her advisor in writing before the end of add/drop period. To determine if there is any impact to your financial aid and billing refer to the Cancellation of Registration under Financial Information.

Academic Standing

- Freshman: 0-29 semester credits completed satisfactorily
- Sophomore: 30-59 semester credits completed satisfactorily
- Junior: 60-89 semester credits completed satisfactorily
- Senior: 90 + semester credits completed satisfactorily

Adding/Dropping Courses

Within the first 7 calendar days of the term or eight-week session, students are allowed to change their registration by adding or dropping courses. To do so, NU Online and NPP students will need to contact their academic advisor and the Registrar's Office. Students who drop a course before it begins or during the add/drop period will not be charged tuition for that course. After the end of the add/drop period, there is no tuition adjustment should a student decide to withdraw. Tuition is charged at the full amount.

Auditing Courses

An auditor is a person who wants to sit in a class but not be held responsible for the course work. Enrolled students have space priority over auditing students. Out of courtesy, the auditor will participate in discussions as allowed after consultation with the professor. An audited class requires the prior permission of the professor and is not recorded on the student's transcript.

NU Online courses are not available for Audit.

Class Attendance

When a student is registered for a course attendance is assumed. Due to the accelerated pace of the COEE programs attendance and participation in the courses is key to the student's success.

277

NU Online & NPP

Students that are in either the NPP or NU Online programs must be actively participating in the course to be successful. To be considered active in the course the student must be continually completing at least one of the following learning activities; learning quiz, discussion post, or ALA assignment. Students who have stopped participating in their courses are encouraged to withdraw from the course and take it at a later time.

Independent Study Special Courses

Independent Study Courses may be available to COEE students as approved by their advisor course.

Withdrawal from a Course

After the Add/Drop Period has ended, students can withdraw from a course up until the day before the final day of the course (Course Withdrawal Period). To withdraw from a course, the student must submit a properly completed Registration Change Form to the Registrar's Office. In this event, the course remains on the student's transcript as a permanent part of their academic record, with a permanent grade of "W." The student may retake the course at a later date.

Withdrawal from an Online Course

After the Add/Drop Period has ended, students can withdraw from an online course through the end of the last date of the course (Course Withdrawal Period). In this event, the course remains on their transcript as a permanent part of their academic record, with a permanent grade of "W". The student can request a course withdrawal by submitting a properly completed Request Registration Change Form to the Registrar's Office. Course withdrawal is not allowed after the Course Withdrawal Period has ended. In the event a student has stopped participating in a course over two consecutive weeks without the instructor's permission, a student may be Administratively Withdrawn from a course. In this event, the course grade will be assigned as a "WZ."

Withdrawal from the University

COEE students may withdraw from the University up until the day before the student's last day of courses for their current semester. To withdraw from the University, the student must submit a properly completed Registration Change Form to the Registrar's Office. In this event, any course that has a final grade will remain the student's permanent academic record. Any course that is in progress and past the Add/Drop Period will show as a withdrawal and a grade of "W" will be the permanent grade of record for that specific course. Any course that has yet to begin or is within the Add/Drop Period will be dropped from the student's record. Any student withdrawing from the university needs to communicate with Student Financial Services to determine any financial obligations.

Honor Society

Nu Upsilon – Nu Upsilon is a chapter of Alpha Sigma Lambda National Honor Society for Adult and Non-traditional students.

Northwest Partnership Program

Program Director **Dan Lorenzo**

Undergraduate Programs Supported **Associate in Arts, Business Management, Communication, Humanitarian Leadership Interdisciplinary Studies, Ministry Leadership, Organizational Leadership, Organizational Management, Psychology**

The Northwest Partnership Program (NPP) is birthed from NU's deep respect for the powerful influence of the local church and likeminded nonprofits, to effect change in our world. Both the church and university are far more effective when coordinating their efforts as a team than individually to fulfill Christ's mandate to be change-makers. Together we aim to deliver superb, engaged online education in community contexts to every organization within our reach.

278

Undergraduate

Associate in Arts

This two-year program includes the major components of the General Education Requirements which is general and foundational in nature, with several electives that allow students flexibility to explore other areas of study.

Business Management

This program focuses on the knowledge and skills necessary to function within, and lead, business in today's changing environment. This major includes the important aspects of statistics, finance, and accounting.

Communication

This major offers courses for aspiring leaders who seek to improve their communication skills and grow as individuals of impact in their professional environments. The program offers many advantages, including the freedom to tailor course assignment to meet their personal or career interests. After completing the core courses, students have an opportunity to learn specific skills and competencies needed in professional settings such as business and professional writing, conflict resolution, and public relations.

Humanitarian Leadership

This degree prepares graduates to serve through a variety of agencies and ministries focused on those who have been impacted by natural or human-made disasters. The program focuses on preparation for, immediate response to, and ongoing support in domestic and international settings. The major also enables graduates who are in a variety of

leadership settings with agencies that support community development, migrant and refuge outreaches, children and youth affected by abuse or displacement support, and public policy initiatives.

Interdisciplinary Studies

This major offers an individually designed major option for students who wish to create a program of study by combining selected courses from two or more majors. Students identify a central organizing theme of their Interdisciplinary Studies major and design it under the guidance and supervision of an Interdisciplinary Studies advisor.

Ministry Leadership

The Certificate, Associate, and Bachelor of Ministry leadership programs prepare individuals for service within the church and the broad fields of ministry outside of establish churches.

Organizational Leadership

The BA in Organizational Leadership focuses on the personal characteristics and professional competencies needed for success and career advancement within their chosen vocation and/or place of employment. Organizational Leadership draws from a cross-section of disciplines with the common focus of practical application in today's highly mobile and demanding workforce.

Organizational Management

This program has a focus on the important aspects of leading organizations, with an emphasis on the relational aspects of business communications, leadership, and ethics.

Psychology

The Psychology major prepares individuals for entry-level post-baccalaureate occupations including work in human services across cultural settings, and for graduate work in the social sciences.

Northwest University Oregon

Programs Supported **Associate in Arts; Business Management; Communication; Humanitarian Leadership; Ministry Leadership; Organizational Leadership; Psychology**

Northwest University Oregon offers NU education with flexible schedules to meet the unique needs of today's college students.

Northwest University Oregon supports the strategic mission of the University by providing an NU education in Oregon. The nontraditional schedule and delivery format make the programs accessible to working students. In addition, tuition at the Oregon extension site is competitively priced among regionally accredited, private colleges and universities in the state.

The degree programs offered in Oregon are designed to equip graduates to be effective leaders in vocational ministry and the marketplace. Bachelor degrees in Business Management, Ministry Leadership, Organizational Leadership, and Psychology are offered, as are Associate degrees in General Studies and Ministry Leadership. Students seeking to fulfill educational requirements for ministerial credentialing with the Assemblies of God can do so by earning the Certificate in Ministry Leadership.

Classes in Oregon are offered on a unique schedule. All of the courses are based upon a two-session semester format. As a result, full-time students take only two or three classes during each session, so they can be focused in their learning. Oregon campus students also have the option of taking both onsite and online courses.

The faculty at the Oregon extension are deeply committed to student success, investing in students' academic and personal development. Faculty are not only academically qualified to teach, but most are also currently serving in their area of expertise. This enables instructors to provide teaching that draws upon their educational background and up-to-date vocational experience.

The Oregon site offers extensive support for students striving to achieve the University's high standards of academic excellence. Active advising that extends well beyond course scheduling combined with academic success resources and workshops that facilitate student thriving. Further, the campus utilizes CliftonStrengths® with all students as a tool for unlocking academic achievement and fulfilling personal potential.

Engaging relationships with faculty and fellow students provide a compelling sense of community that facilitates personal and spiritual growth. Students are challenged to approach learning, serving, and leading as a collaborative effort that calls for innovation and integrity. With strong connections with one another, students achieve academic and personal goals that impact the world around them.

Graduates of Northwest University Oregon are carrying the call of God and engaged with human need throughout the United States and internationally. A degree earned at the Oregon extension will equip graduates to serve with greater conviction, courage, and capacity in the redemptive work of God in the world.

Tuition and Fees

Tuition

Fall & Spring Tuition (*per credit*)

\$ 470.00

Fees (non-refundable)

Student Life fee (<i>per semester</i>)	\$ 50.00
Orientation fee (<i>new students only, one time</i>)	50.00

Special Course Fees (per semester)

Concurrent Credit Fee (<i>Undergraduate, per credit in addition to applicable tuition charge</i>)	\$ 100.00
Independent/Directed Study Fee (<i>Undergraduate, per credit in addition to applicable tuition charge</i>)	180.00

Books

Students should prepare for books to cost approximately \$100 per class. Some classes have book costs that are significantly less, while some courses will exceed this cost.

Annual Cost

Annual Cost with 12 credits per semester <i>(Tuition, \$470 x 12 credits x 2 semesters = \$11,280; student life fee \$50 x 2 semesters)</i>	\$ 11,380.00*
Annual Cost with 15 credits per semester <i>(Tuition, \$470 x 15 credits x 2 semesters = \$14,100; student life fee \$50 x 2 semesters)</i>	\$ 14,200.00*

*New Students: additional Orientation Fee of \$50 in first semester only

Payment Information:

281

Tuition and Fees are due in full at the start of every semester. Balances not paid in full by the end of the following month incur a 1.5% late fee. Students with outstanding account balances that have not been set-up on a payment plan will not be able to register for classes the following semester. If you qualify for VA benefits under Chapter 31 and 33, late fees will not be assessed due to the late receipt of VA benefits.

Monthly Payment Plan:

Northwest University offers payment plans through **Nelnet Campus Commerce (Nelnet)**. Nelnet is a budgeting service which allows students to pay their education expenses in smaller, more manageable monthly installments. They provide three to six month payment plans per semester to help students manage the cost of education.

Payment plans are set up with Nelnet for each academic term based on the student's estimated charges less financial aid (including loans, if applicable) for the semester. There is a \$75 enrollment fee per semester for these plans. For more information, please visit <https://www.northwestu.edu/financial-aid/undergraduate/payments-late-charges> or call 1-800-722-4867.

FALL SEMESTER
New Student Orientation

2022
Tuesday, Aug 16

Session A - Prep Week	Aug 22 - 26
First Day of Class or Educational Activity	Monday, Aug 29
Last Day to Register; Last Day to Add/Drop Courses for full refund	Sunday, Sep 04
Labor Day Holiday (University closed)	Monday, Sep 05
Last Day to Withdraw from a class	Friday, Oct 14
Last Day of Class or Educational Activity	Monday, Oct 17
Session B - Prep Week	Oct 18 - 21
First Day of Class or Educational Activity	Monday, Oct 24
Last Day to Register; Last Day to Add/Drop Courses for full refund	Sunday, Oct 30
Thanksgiving Holidays (University closed)	Nov 24 - 25
Last Day to Withdraw from a class	Friday, Dec 09
Last Day of Class or Educational Activity	Monday, Dec 12
Student Break	Dec 13, 2022 - Jan 06, 2023
University Offices Closed	Dec 23, 2022 - Jan 02, 2023

SPRING SEMESTER

2023

New Student Orientation	Tuesday, Dec 13, 2022
Session A - Prep Week	Jan 03 - 06
First Day of Class or Educational Activity	Monday, Jan 09
Last Day to Register; Last Day to Add/Drop Courses for full refund	Sunday, Jan 15
Martin Luther King, Jr. Day (University closed)	Monday, Jan 16
Presidents' Day (University closed)	Monday, Feb 20
Last Day to Withdraw from a class	Friday, Feb 24
Last Day of Class or Educational Activity	Monday, Feb 27
Session B - Prep Week	Feb 28 - Mar 03
First Day of Class or Educational Activity	Monday, Mar 06
Last Day to Register; Last Day to Add/Drop Courses for full refund	Sunday, Mar 12
Good Friday (University closed)	Friday, Apr 07
Class Break	
Last Day to Withdraw from a class	Friday, Apr 21
Last Day of Class or Educational Activity	Monday, May 01
Commencement	Friday, May 05

SUMMER SEMESTER

2023

Session A - First Day of Class or Educational Activity	Monday, May 08
Last Day to Register; Last Day to Add/Drop Courses for full refund	Sunday, May 14
Last Day to Withdraw from a class	Friday, Jun 23
Last Day of Class or Educational Activity	Monday, Jun 26
Session B - First Day of Class or Educational Activity	Monday, Jul 03
Fourth of July (University closed)	Tuesday, Jul 04
Last Day to Register; Last Day to Add/Drop Courses for full refund	Sunday, Jul 09
Last Day to Withdraw from a class	Friday, Aug 18
Last Day of Class or Educational Activity	Monday, Aug 21

Summer University Notes: *Last Day to Register and Last Day to Add/Drop Courses is the end of the first week of classes for that session; some course assignments, independent study, practicum and internship may extend through August; see applicable course schedule for exact dates.*

Location and Facilities

The Northwest University Oregon campus is located at 9250 Charity Dr. NE, Salem, OR 97305. The school facilities include a chapel, classrooms and the administrative offices. In addition, the location includes a reference library, as well as computers and study areas for the students' use.

Academic Policies

Adding/Dropping Courses

Students may change their registration through adding or dropping courses either via their PowerCAMPUS Self-Service account or by filing a properly completed Request Registration Change Form in the Registrar's Office. Students who drop a course before it begins or during the Add/Drop period (first 7 calendar days of the term or session, refer to Academic Calendar) will not be charged tuition for that course. After the end of Week 1, there is no tuition adjustment should a student withdraw. Tuition is charged at the full amount.

Military Credit

Any veteran receiving GI Bill® benefits while attending Northwest University is required to obtain transcripts from all previously attended schools and submit them to the school for review of prior credit. GI Bill® is a registered trademark of the US Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official US government website at <http://www.benefits.va.gov/gibill>.

Those having had military service may petition the Registrar's Office for credits based on learning through military experience. Northwest considers the recommendations of the American Council on Education (ACE) in evaluating military-based credits.

Credit by Prior Learning Assessment (PLA)

This institution will evaluate all previous education and training, grant credit where appropriate, reduce the length of the program proportionately, notify the student of any prior credit granted, and keep records of this process on file.

Leave of Absence

A student taking a leave of absence for one semester or more must submit a Request Registration Change Form to the Registrar's Office and complete the reapplication process when returning.

Extended Education Approvals and Compliance

Authorization for Online Programs

Northwest University is an approved institution by the National Council for State Authorization Reciprocity Agreements (NC-SARA).

Instructional Sites

Northwest University partners with other organizations for instructional site facilities. We have received approval from the Northwest Commission on Colleges and Universities to deliver degree programs through instructional sites at the locations listed below. (An up to date listing is available from the Office of the Provost.) Northwest University also has received approval from the respective state agencies, where necessary, for these instructional sites.

Idaho

- **Southern Idaho District Office**, 711 Lone Star Road, Nampa, Idaho: Certificate in Ministry Leadership, Associate in Arts, Associate in Ministry Leadership, Bachelor of Arts in Business Management, Bachelor of Arts in Interdisciplinary Studies, Bachelor of Arts in Ministry Leadership, Bachelor of Arts in Organizational Leadership, Bachelor of Arts in Organizational Management, Bachelor of Arts in Psychology, Master of Arts in Ministry Leadership

Montana

- **Canvas Church**, 255 Summit Ridge Drive, Kalispell, Montana: Certificate in Ministry Leadership, Associate in Arts, Associate in Ministry Leadership, Bachelor of Arts in Business Management, Bachelor of Arts in Interdisciplinary Studies, Bachelor of Arts in Ministry Leadership, Bachelor of Arts in Organizational Leadership, Bachelor of Arts in Organizational Management, Bachelor of Arts in Psychology, Master of Arts in Ministry Leadership

Oregon

- **Northwest University Oregon**: 9250 Charity Drive NE, Salem, Oregon: Certificate in Ministry Leadership, Associate in Arts, Associate in Ministry Leadership, Bachelor of Arts in Business Management, Bachelor of Arts in Ministry Leadership, Bachelor of Arts in Organizational Leadership, Bachelor of Arts in Organizational Management, Bachelor of Arts in Psychology, Master of Arts in Ministry Leadership

Washington

- **New Life Training Center**, 9923 Poplars Avenue NW, Silverdale, Washington: Certificate in Ministry Leadership, Associate in Arts, Associate in Ministry Leadership, Bachelor of Arts in Business Management, Bachelor of Arts in Interdisciplinary Studies, Bachelor of Arts in Ministry Leadership, Bachelor of Arts in Organizational Leadership, Bachelor of Arts in Organizational Management, Bachelor of Arts in Psychology, Master of Arts in Bible & Theology

Student Complaints

As members of our community, students are expected to relate to the University's standards, campus policies, lifestyle expectations, and classroom regulations in a positive way. If a student has a more serious complaint, or has been treated unfairly, we want to be contacted. Guidelines to report complaints and submit appeals are available through the Office of the Provost and posted on the Eagle site: (<https://eagle.northwestu.edu/academics/office-of-the-provost/student-academic-appeals-policy/>).

Students who believe that their complaint has not been resolved may contact the applicable organization below based on the location of their program.

Washington Student Achievement Council, 917 Lakeridge Way SW, Olympia, WA 98502, (360) 753-7800

Special Programs

Five-Year Bachelor's and Master's Program

College	Business, Education, Ministry, Social & Behavioral Sciences
Academic Awards	Master of Arts, Master of Business Administration, Master of Education, Master in Teaching, Master in Ministry, Master of Science, Bachelor of Arts

The five-year approach to completing Bachelor's and Master's degrees are accelerated programs that allow a student to begin taking graduate courses during their junior and senior years, applying those credits to both their undergraduate major and the graduate degree. The student is then able to complete the remainder of the graduate program in the following 12 to 18 months, thus eliminating approximately one year of college tuition.

Students will have the opportunity to complete up to 18 graduate level credits as part of this program. Depending on individual graduate program requirements, students may be limited to completion of 12 graduate credits as an undergraduate. In addition, students will be limited to 6 graduate credits each semester.

In order to be prepared for graduate level work, students will need to have previously demonstrated a high level of academic capacity. Due to differences in delivery models, students will need to work closely with their undergraduate academic advisor and the graduate program to select courses and ensure degree requirements are satisfied.

Program Offerings

The following graduate programs will be available for students to choose from:

286

College of Business: Master of Business Administration

College of Education: Master of Education or Master in Teaching (with approved endorsement-related bachelor's degrees: Biology, English, Environmental Science, History, Interdisciplinary Studies, Mathematics, Music, Music Ministry, Pastoral Ministries, Psychology)

College of Ministry: Master of Arts in Bible and Theology, Master of Arts in Leadership Studies, Master of Arts in Ministry Leadership, or Master in Ministry

College of Social and Behavioral Sciences: Master of Arts in International Community Development; Master of Science in Data Analysis and Research Psychology

Notes:

- *A minimum of 12 elective credits within an undergraduate degree is typically necessary for completing bachelor's and master's degrees within five years.*
- *Undergraduate students are limited to one online course each semester.*
- *Students transferring credit will require individual evaluation based on credits completed and degrees pursued.*

Requirements

The requirements and expectations for students include (please also see specific program application):

- Apply to the program at the end of sophomore year or beginning of junior year with a cumulative GPA of at least 3.3 or above. Application includes an essay describing interest in program.

- Applicants will be required to meet the eligibility requirements for the graduate program.
- Generally students will take 3-6 graduate level credits and 6-9 undergraduate credits each semester (second semester junior, fall and spring senior years). The junior and senior year credits are charged at the undergraduate tuition rate. All remaining undergraduate credits must be completed at Northwest.
- No more than 18 graduate level credits may be taken while still an undergraduate.
- No more than 6 graduate level credits may be taken during one semester.
- Once students complete all undergraduate courses, they will be charged at the graduate tuition rate for their program.
- Maintain 3.3 GPA during junior and senior year.
- Students take all required courses for graduate program.
- This program is not available to students enrolled in Center for Online and Extended Education programs.
- Students will need to replace undergraduate requirements or elective credits with graduate course work. Students can substitute courses for their undergraduate major by taking equivalent graduate level courses listed in the following equivalency tables below.
- Transfer students must complete one semester at NU before applying to this program.

Overview of Degree Requirements

The following reflect how graduate level courses will be applied to undergraduate courses.

College of Business: MBA

Master of Business Administration: 12

287

Students who are not pursuing a Business degree will be required to take BUSM 5001 – Introduction to Finance and Accounting or tutorial.

Graduate Course

(Substitutes for Undergraduate Requirement)

- BUSM 5073 Management Communications (BMGT Elective)
- BUSM 5413 Organizational Management (BUSM Elective)
- BUSM 5463 Operations Management (BUSM Elective)
- BUSM 5573 Financial Management (BACT/BFIN Elective)

College of Education: M.Ed; MIT

Master of Education; Master in Teaching: 12

Students who are pursuing the Master of Education will be required to participate in relevant work or volunteer activities during their fifth year.

Graduate Course

(Substitutes for Undergraduate Requirement)

- EDMA 5073 Community Engagement/Student Achievement (EDUC Elective)
- EDMA 5083 Action Research (EDUC Elective)
- EDMA 5613 The Integrated Teacher (EDUC Elective)

- EDMA 5833 Learning Strategies and Applied Technology (EDUC Elective)

College of Ministry: MA; MIM

MA in Bible and Theology; MA in Leadership Studies; MA in Ministry Leadership; Master in Ministry: 18

Students who complete the undergraduate BIBL 2553 – Biblical Interpretation course with a B+ or higher will be allowed to take a BIBL Elective in place of the graduate course, BIBL 5553 – Reading the Bible.

Graduate Course

Graduate Courses: (Specific substitutes for Undergraduate Requirement; others may be available in conversation with Dean or Director of Graduate Studies)

- BIBL 5003 – Bible Lands Trip (BIBL 3893 - Biblical Lands Experience)
- BIBL 5303 - Entering the Biblical Narrative (BIBL 3/4000 Elective)
- BIBL 6413 - Deuteronomy (BIBL 3/4000 Elective)
- BIBL 6533 - Gospel of Mark (BIBL 3/4000 Elective)
- CMIN 5253 - Christian Formation (CMIN 2203 Discipleship & Spiritual Formation)
- LANG 6413 - Hebrew I (LANG 2113 Biblical Hebrew I)
- LANG 6423 - Hebrew II (LANG 2123 Biblical Hebrew II)
- LANG 6513 - Greek I (LANG 2213 New Testament Greek I)
- LANG 6523 - Greek II (LANG 2223 New Testament Greek II)
- PMIN 5413 - Ministry Essentials (THEO 3413 Theology of Ministry Essentials)
- PMIN 6193 - Pastoral Care and Human Development (PMIN 3513 Pastoral Care & Counseling)
- PMIN 6313 – Christ-Centered Preaching (PMIN 4223 Preaching II)
- THEO 5473 - Cultural Understanding and Theological Engagement (CMIN 3663 The Church in Contemporary Society)
- THEO 6423 - Historical Theology (CHIS Elective)
- Must take both graduate courses for the following undergraduate substitutions to count:
 - THEO 5243 - Systematic Theology I: First and Last Things (THEO 3213 Systematic Theology I)
 - THEO 5253 - Systematic Theology II: Life in Christ, Life in the Spirit (THEO 3223 Systematic Theology II)

288

College of Social and Behavioral Sciences: MAICD or MSDARP

Environmental Science, BS

MA in International Community Development: 12

In the case of a student majoring in Environmental Science (Environmental Policy Track) who is accepted into the 5 year BA-MA program, the following substitutions will apply:

- GLST 5153 Research for Social Change **3 credits** for SCIE 4923 Research Topics
- GLST 5313 Community Development **3 credits** for SOCI 1113 Survey of Sociology
- GLST 5503 Culture Studies in a Global Context **3 credits** for PHIL 2753 Introduction to Philosophy
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for an Undergraduate Elective

Psychology, BA

MA in International Community Development: 12

In the case of a student majoring in Psychology who is accepted into the 5 year BA-MA program, the following substitutions will apply:

- GLST 5153 Research for Social Change **3 credits** for a PSYC Elective
- GLST 5313 Community Development **3 credits** for a PSYC Elective
- GLST 5503 Culture Studies in a Global Context **3 credits** for a PSYC Elective
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for a PSYC Elective

MS in Data Analysis and Research Psychology: 12

Students in either the Research or General concentration of the Psychology degree will substitute their four concentration courses with the following MSARP courses.

- PSYC 5053 Introduction to Research and Statistics **3 credits**
- PSYC 5063 Regression and Correlation **3 credits**
- PSYC 5083 Quantitative Research Methods **3 credits**
- PSYC 5393 Qualitative Methods and Analysis **3 credits**

Undergraduate, BA

289

MA in International Community Development: 12

In the case of a student who is accepted into the 5 year BA-MA program, the following substitutions will apply:

- GLST 5153 Research for Social Change **3 credits** for an Undergraduate Elective
- GLST 5313 Community Development **3 credits** for an Undergraduate Elective
- GLST 5503 Culture Studies in a Global Context **3 credits** for an Undergraduate Elective
- GLST 6343 Social Entrepreneurship and Design Thinking **3 credits** for an Undergraduate Elective

See applicable Graduate Catalog for details

Off-Campus Study Programs (Semester Abroad)

Northwest University is affiliated with several organizations through which students can spend an extended time – usually a full semester – immersed in concentrated study away from campus. As a member of the Council for Christian Colleges and Universities (CCCCU), students are able to participate in the GlobalEd student programs. In addition, Northwest has established relationships with other organizations that afford life-changing learning experiences for our students.

Off-Campus Study Program Options

The Council for Christian Colleges and Universities (CCCCU) The CCCCU is an association of over 110 members in North America and over 70 affiliated institutions in 24 countries which offers many programs to students of its member institutions. The programs offer a unique opportunity for students to make the world their classroom, going beyond the confines of the traditional classroom. These off-campus, interdisciplinary learning opportunities are available to upper-class students. For further information, contact the Provost's Office or the CCCCU GlobalEd website: www.cccuglobaled.org.

Non-CCCCU Study Programs Many students also participate in programs offered by organizations not affiliated with the CCCCU. Several of them are listed below. Periodically students request to travel through other study abroad programs and desire to have the learning applied to their academic programs. Because the University must verify the level of quality for all student learning experiences, the approval of a new program requires many months and students must inform their academic department and the Provost well in advance of their intended travel semester if they desire the program to be covered by registration at Northwest.

Students who are interested in a study abroad experience for one semester should review information on the International Education Eagle website. Questions can be directed to the International Education office or Associate Provost.

290

American Studies Program (CCCCU)

The American Studies Program (ASP) in Washington, D.C., is where big ideas and leading institutions meet. A semester with ASP will equip you with the tools and experiences you need to translate your campus education into a Christ-centered career in professional leadership and service. Through intensive internships, fieldwork, and coursework, nurture the leader within during your experience at ASP.

Your academic journey on the American Studies Program begins by looking at how we use our similarities and differences to engage our communities and become leaders. You'll continue this conversation as you interact with expert scholars and policymakers and embark on internships, professional mentorship, and service opportunities as part of either the public policy or strategic communication track. Additional information may be found at CCCCU GlobalED. *ASP students earn 12-15 semester hours of credit.*

Belize: Creation Care Study Program

Located along the Caribbean coast of Central America, Belize is home to a host of Caribbean and Central American cultures and ethnic groups. It is also home to inspiring ecological diversity, including neotropical rainforests, with their assortment of monkeys, jaguars, and toucan, as well the largest barrier reef in the western hemisphere. Within this context, students are able to examine sustainable development and tropical ecology through a Christian lens of creation care and stewardship by utilizing field studies in Belizean villages, tropical rainforests, mountain streams, and Caribbean atolls. Students also have the opportunity to take part in interest-specific internship and practicum experiences with Belizean organizations seeking regeneration and renewal of the land and communities. Throughout

the semester, the schedule also allows for independent exploration of Belize (and neighboring countries), during breaks and free weekends. Additional information may be found at Creation Care Study Program.

Contemporary Music Center (CCCU)

Get real-world music industry experience at The Contemporary Music Center in Nashville, Tennessee. CMC is a semester long, 16-credit hour program that prepares colleges students for careers in the entertainment industry, challenging them to live out their faith as Christ-followers. Thirty students live, work, and create music together in a facility with 24/7 access to world-class gear. Faculty are music industry pros who keep the program relevant and practical. The "Final Exam" is a week-long Road Tour at the end of the semester.

The CMC offers three tracks: Artist, Business, and Technical. The *Artist Track* is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers and producers. The *Business Track* is designed for business, arts management, marketing, communications and related majors interested in possible careers as artist managers, agents, record company executives, music publishers, concert promoters and entertainment industry entrepreneurs. The *Technical Track* prepares students for careers in live sound, concert lighting and studio recording. Students within each of the tracks receive instruction, experience and a uniquely Christ-centered perspective on creativity and the marketplace, while working together to mount and execute a week-long tour at the end of the semester. Each track includes coursework, labs, directed study and a practicum. Additional information may be found at CCCU GlobalED. *CMC students earn 16 semester hours of credit.*

Korea: Partner Universities

Northwest University has partnered with several universities in Korea to provide a semester-long study abroad options. Current agreements are in place with Handong Global University (Pohang, Korea), Hansei University (Seoul), Gachon University (Seoul), Ewha Woman's University (Seoul), and Soongsil University (Seoul). Additional information may be found at International Education website.

291

Middle East Studies Program (CCCU)

Located in Amman, Jordan, the Middle East Studies Program (MESP) immerses students in the daily life, language, food, culture, religion, and politics of one of the oldest cities in the world. With extensive travel throughout the Middle East, you will learn firsthand from locals how to work, play, and serve in the region as you become their neighbor — and soon, their family — while learning adventurously at MESP. You will live, work, eat, play, and travel among Jordanians, becoming a member of their neighborhoods. By the end of the semester, your life will have become entangled with theirs—their cultures, languages, passions, and joys. We are committed to this Christ-centered approach, aiming to serve, process, and evaluate your immersion as you grow in your understanding of what it means to be an incarnational follower of Jesus.

Additional information may be found at CCCU GlobalED. *MESP students earn 16-18 semester hours of credit.*

New Zealand: Creation Care Study Program

From New Zealand's snowcapped mountains to its topaz coastline, students explore a wonderland of unique ecosystems. Home to about twelve percent (12%) of all the earth's endangered species and a world leading innovator in conservation and environmental management, New Zealand is an ideal place for studying care of creation. A rigorous academic semester comprised of ecology, theology, environmental literature, and sustainable community development is enhanced by a community living experience from the first day students move into CCSP's Old Convent campus, to

homestays with locals. The schedule also allows for independent travel during a week-long mid-semester break and during free weekends. Additional information may be found at Creation Care Study Program.

Scholarship and Christianity in Oxford (CCCU)

Live and study in the beautiful and renowned city of Oxford. A semester at Scholarship and Christianity in Oxford (SCIO) utilizes expert tutors, offers endless scholarly resources, grants access to the Bodleian library, and more.

Designed specifically for students seeking an academically rigorous and robust experience, a semester at SCIO seeks to brighten the brightest of minds. Students at SCIO can spend one or two semesters in Oxford. SCIO and Wycliffe Hall require students to have a GPA of 3.7 or higher. In tutorials, students meet one-on-one with acclaimed Oxford scholars (often including widely-published authors, historians, former international ambassadors, and other celebrated scholars) to go head-to-head on subjects within the disciplines of history, literature, languages, philosophy, musicology, art, science, and more. Tutorials, lectures, and seminars are equivalent to upper-division courses, and students are expected to do advanced-level work.

Students may attend for one or two semesters, building a coherent but individual program of study. The first semester introduces students to advanced, intense, scholarship; to the tutorial, which is the most distinctive element of Oxford's teaching; and to Oxford's libraries. By the second semester, students feel at home—and they can thus focus wholeheartedly on their studies or perhaps join a club or society they didn't feel they had time for in the first semester.

There are three ways to put together a programme of study at Oxford so that a coherent and individual programme can be followed by each student. Additional information may be found at CCCU GlobalED. *SCIO students earn 17 semester hours of credit for a semester and may complete two semesters of the programme.*

Students International

292

Students International offers two study abroad options (Costa Rica and Guatemala) for the fall or spring semester. Each experience includes ministry involvement, cultural engagement, travel, and a full load of coursework. The Guatemala location is open to students with beginning to advanced Spanish language skills while the Costa Rica location is designed for Spanish majors and higher-level Spanish speakers. Additional information is available at Students International.

Reserve Officer Training Corps

Faculty Lead

Ben Thomas

Programs Supported

Aerospace Studies, Military Science, and Leadership

Northwest University has a cooperative arrangement with the University of Washington's Air Force and Army Reserve Officer Training Corps (AFROTC, AROTC). Through these cooperative programs, Northwest University students prepare for commissioning in the US Air Force or Army by earning a degree from Northwest and concurrently registering for a series of courses at the University of Washington. The aerospace and military science courses at Northwest University are instructed by qualified personnel from the University of Washington and military services. A minor in Military Science and Leadership is also available through this arrangement.

[Note: The information in this catalog is intended to be accurate but not exhaustive. Interested students should contact the respective ROTC center for specific details, processes, obligations, and scholarship restrictions.]

The Reserve Officer's Training Corps is a program established by Congressional decree to provide the armed forces with a steady supply of educated, capable officers. The ROTC program is designed to prepare students for leadership within the Air Force or Army following the acquisition of a baccalaureate degree. Special military courses are obtained each semester through the University of Washington. Successful completion of these courses and a camp conducted for approximately a month in between the junior and senior years, combined with the earning of a non-ministerial bachelor's degree qualifies an individual for commissioning.

Scholarships are available for some eligible students. Contact the Student Financial Services Office for details.

There is no commitment when a student tries ROTC during the freshman and sophomore years. There is, however, a four year commitment to the military when a student begins the junior year of ROTC or accepts a scholarship. Depending on the student's desires and the needs of the Air Force or Army this may be in the active component or in a reserve or Guard assignment while pursuing a civilian career.

When a student applies for a scholarship there is no obligation incurred until the scholarship is accepted. Students are not required to have a scholarship to participate in either the Air Force or Army ROTC.

Participation in either the Air Force or Army ROTC at the University of Washington requires previous acceptance by the University. No application for the Military Science program itself is required; however, students may be eligible to apply for a scholarship which would pay tuition, books, and a monthly living stipend.

Army ROTC

The University of Washington boasts one of the nation's oldest Military Science programs. Kinnear Husky Battalion cadets have the opportunity to earn competitive scholarships, attend summer training at Regular Army schools, and attend quarterly training events at Fort Lewis, Washington.

Army ROTC is a chance to develop skills for success like confidence, self-esteem, motivation, and the ability to lead others and make decisions. Army ROTC is a challenging combination of academics and important hands-on instruction that puts students on track for a more productive and rewarding future. ROTC programs on college campuses are the nation's way of ensuring that all the influences of higher education are transported into the military services, a mandatory requirement in a democracy.

Air Force ROTC

The Air Force Reserve Officer Training Corps (AFROTC) at the University of Washington is an educational program designed to give students an opportunity to become an officer in the United States Air Force while completing a bachelor's degree. Also, the Air Force ROTC program prepares cadets to assume positions of increasing responsibility and importance in the modern Air Force. Air Force ROTC offers two routes to an Air Force commission- the Air Force ROTC Four-Year Program and Two-Year Program.

Students are required to take Air Force Aerospace Studies or Army Military Science courses in addition to their academic program at Northwest University. Courses descriptions are located in this catalog.

Course Descriptions Information

Special Courses

Certified Prior Learning Courses - Credits awarded for learning obtained via sources that have been previously identified are identified with a "CPL" on the transcript.

Directed Study Courses - identified with a "DS" (unless the title includes the type of course) and a code of x92x – x93x. A DS course allows the student to conduct specific studies under the direction of a professor, who guides the topic choice and research process. In special circumstances the professor may be compensated.

Field Experience Courses - Identified with a "FLD" (unless the title includes the type of course) and a code of x97x. Students do short-term, on-site observations and evaluations in a discipline. Field experience courses may be repeated for credit. (A special Field Experience Fee may be required.)

Guided Research Courses - identified with a "GR" (unless the title includes the type of course) and a code of x92x – x93x. A GR course allows the student to conduct research under the direction of a professor, who guides the topic choice and research process. (A special Guided Research Fee equivalent to the Independent Study Fee may be required.)

Independent Study Courses - Identified with an "IS" and a code of x80x - x83x (if not a catalogued course). An IS course is specifically formatted to be delivered by a professor according to the individual student's needs and learning style outside of a regular classroom setting. The IS course topic, requirements, and expectations are communicated through a course syllabus/contract between the student and instructor that specifies the nature and extent of interaction between the student and instructor and the expectations for satisfactory course completion. This syllabus along with the Request for Independent Study form must be submitted to the dean responsible for the department in which the course is offered. Based on the nature of the course and the student, the instructor of an IS course may require a number of face-to-face meetings. (A special Independent Study Fee is charged for Independent Study courses.)

295

Internship and Practicum Courses - Identified with an "INT" (unless the title includes the type of course) and a code of x94x - x96x. These allow the student a length of time at a specific location(s) where he/she makes application of the broad-range of theoretical learning while under the direct supervision of a professional in the discipline. (A special Internship or Practicum Fee may be required.)

Portfolio Courses - Credits awarded for learning verified through faculty assessment of students' portfolios are identified with a "PRT" on the transcript. (A special Portfolio Assessment Fee is required.)

Special Topic Courses - Identified with a "TOP" (unless the title includes the type of course) and a code of x84x – x88x. TOP courses are periodically included in the semester schedule to enrich the curriculum and are not listed specifically in the catalog. A professor instructs a semester-length structured class regarding a specific topic. These may be repeated for credit on different subjects.

Travel Courses - Identified with a "TVL" (unless the title includes the type of course) and a code of x89x – x91x. Travel courses are faculty-led experiences that combine classroom-based preparatory teaching with on-site instruction in selected locals. Travel courses are periodically included in the semester schedule and are not listed specifically in the catalog. Special fees to cover course expenses may be charged.

Undergraduate Assistant Courses - Identified with a code of x66x – 69x. An undergraduate student of the university contracted on a part-time, temporary basis for the performance of academic services including research or general assistance with academic programs. An individual engaged in this capacity must be enrolled in an academic program of the university. Prerequisite: instructor's permission.

Undergraduate Teaching Assistant Courses - Identified with a code of x66x – 69x. An undergraduate student contracted on a part-time, temporary basis to carry out instructional activities or lab supervision. The primary

responsibility of this position is to assist faculty members in performing instructional tasks. An individual engaged in this capacity must be enrolled in an academic program of the university. Prerequisite: instructor's permission.

Curriculum

REGULAR CURRICULUM COURSES - Regular offerings of the University (usually offered at least once every two years) are listed below. Each semester a Semester Course Schedule is produced listing the offered courses, available online and from the Registrar's Office. The last digit of the course code denotes the credit value of the course.

Writing Practice Standards

WRITING PRACTICE COURSES - Instructors of WP courses are not expected to teach writing skills beyond what is normally expected within their discipline. But, they are to provide a number of writing assignments appropriate to the discipline. Instructors should refer students with weak writing skills to the Writing Center for help.

Writing Practice Courses contain:

- 3 credit course – a combination of 21 pages of formal and informal writing. Of those, at least two assignments which are graded and at least six pages must be formal writing. At least 25% of the course grade is based on the written assignments.
- 2 credit course – a combination of 14 pages of formal and informal writing. Of those, at least two assignments which are graded and at least four pages must be formal writing. At least 25% of the course grade is based on the written assignments.
- 1 credit course – a combination of 7 pages of formal and informal writing. Of those, at least two assignments which are graded and at least two pages must be formal writing. At least 25% of the course grade is based on the written assignments.

Course Descriptions

BACT 2203 - Principles of Financial Accounting 3 credits

An introductory study of financial accounting designed for the business manager. This course provides the framework and tools for understanding how transactions get recorded, processed and compiled into financial statements. A major goal of this course is to equip the business manager with an overall knowledge of the use and components of an entity's financial statements. Communication skills, problem solving techniques, teamwork and ethics are interwoven in the course to emphasize real world application.

BACT 2253 - Principles of Managerial Accounting 3 credits

A study of accounting for the manager that builds on the understanding of basic accounting methods. This course begins with a review and expansion of Financial Accounting topics to lay a solid foundation for Managerial Accounting. Managerial Accounting principles are introduced which include: planning, operations, and control of a business. Special topics are: business strategy, evaluating financial performance, risk analysis, forecasting tools and budgeting fundamentals.

Prerequisite: BACT 2203 Principles of Financial Accounting.

BACT 3033 - Cost Accounting 3 credits

An analysis of how to determine cost data for goods and services. Topics include: understanding cost behavior, job order, budgeting, and standard costing.

Prerequisite: BACT 2203 Principles of Financial Accounting

BACT 3353 - Intermediate Accounting I 3 credits

An intermediate-level course in the theory and practice of financial accounting. The measurement and reporting of the economic effect of events involving working capital and long-term plant assets, investment in securities, and intangible assets are investigated.

Prerequisite: BACT 2203 Principles of Financial Accounting

BACT 3533 - Real Estate Investments 3 credits

An introduction to purchasing and investing in real estate with a focus on financing and tax issues. Topics include housing markets, financing strategies, accounting tax implications and real estate capital markets. (Same as BFIN 3533)

BACT 4133 - Federal Income Tax 3 credits

An introduction to basic federal income taxation principles, concepts, and procedures for individuals, proprietorships, partnerships, and corporations. (Same as BFIN 4133)

BACT 4213 - Auditing Standards 3 credits

The study of basic auditing principles, including professional standards, basic auditing concepts, planning an audit, internal controls, sampling tools, fraud, auditing of financial statements and due diligence.

Prerequisite: BACT 2203 Principles of Financial Accounting

BACT 4353 - Intermediate Accounting II

3 credits

An advanced accounting course designed to give students knowledge of and proficiency in a widely accepted accounting software program/package. Students demonstrate knowledge of Quick Books and Great Plains accounting software. (Same as BFIN 4353)

Prerequisite: Prerequisites: BACT 2203 Principles of Financial Accounting

BACT 4373 - Nonprofit Accounting

3 credits

A study of accounting issues for non-profit entities, including state and local governments; non-profit colleges and universities; health care providers; and voluntary health and welfare organizations.

Prerequisite: BACT 2203 Principles of Financial Accounting

AS 1011 - Foundations of the United States Air Force

1 credits

Focuses on the basic characteristics of air doctrine; US Air Force mission and organization; functions of United States strategic offensive and defensive, general-purpose, and aerospace support forces; officership/professionalism and an introduction to communicative skills. Additional one-hour leadership laboratory is mandatory for cadets, but not special students.

AS 1021 - Foundations of the United States Air Force II

1 credits

Focuses on the basic characteristics of air doctrine; US Air Force mission and organization; functions of United States strategic offensive and defensive, general-purpose, and aerospace support forces; officership/professionalism and an introduction to communicative skills. Additional one-hour leadership laboratory is mandatory for cadets, but not special students.

299

AS 1031 - Foundations of the United States Air Force III

1 credits

Focuses on the basic characteristics of air doctrine; US Air Force mission and organization; functions of United States strategic offensive and defensive, general-purpose, and aerospace support forces; officership/professionalism and an introduction to communicative skills. Additional one-hour leadership laboratory is mandatory for cadets, but not special students.

AS 2111 - The Evolution of air and Space Power I

1 credits

Factors contributing to the development of air power from its beginnings to the present, and the evolution of air power concepts and doctrine. History of air power employment in military and nonmilitary operations in support of national objectives. Assessment of communicative skills. Additional one-hour leadership laboratory is mandatory for cadets, but not special students.

AS 2121 - The Evolution of air and Space Power II

1 credits

Factors contributing to the development of air power from its beginnings to the present, and the evolution of air power concepts and doctrine. History of air power employment in military and nonmilitary operations in support of national objectives. Assessment of communicative skills. Additional one-hour leadership laboratory is mandatory for cadets, but not special students.

AS 2131 - The Evolution of air and Space Power III

1 credits

Factors contributing to the development of air power from its beginnings to the present, and the evolution of air power concepts and doctrine. History of air power employment in military and nonmilitary operations in support of national objectives. Assessment of communicative skills. Additional one-hour leadership laboratory is mandatory for cadets, but not special students.

AS 2500 - Aerospace Studies Leadership Laboratory

0 credits

Evaluates the challenges of team leadership in complex contemporary environments. Students apply critical thinking skills using scenarios that emulate real-life Air Force issues and environments. Evaluates Air Force leadership attributes, skills, and activities. Focuses on advanced leadership development. Credit/no credit only.

Prerequisite: AFROTC cadets only.

AS 3311 - Aerospace Studies 300

1 credits

Emphasis on basic leadership and management fundamentals, professional knowledge, and communicative skills required of an Air Force officer. Case studies are used to examine leadership and management situations. An additional leadership laboratory (mandatory for cadets but not special students) provides leadership experiences, giving students the opportunity to apply learned principles.

AS 3321 - Aerospace Studies 300

1 credits

Emphasis on basic leadership and management fundamentals, professional knowledge, and communicative skills required of an Air Force officer. Case studies are used to examine leadership and management situations. An additional leadership laboratory (mandatory for cadets but not special students) provides leadership experiences, giving students the opportunity to apply learned principles.

300

AS 3331 - Aerospace Studies 300

1 credits

Emphasis on basic leadership and management fundamentals, professional knowledge, and communicative skills required of an Air Force officer. Case studies are used to examine leadership and management situations. An additional leadership laboratory (mandatory for cadets but not special students) provides leadership experiences, giving students the opportunity to apply learned principles.

AS 4311 - Aerospace Studies 400 I&S

1 credits

Needs for national security, evolution of American defense strategy, policy, and organization; methods for managing conflict, alliances and regional security to preserve American interests. Arms control, terrorism, and current military issues; refinement of communicative skills. A one-hour leadership laboratory is also required for cadets, but not special students.

AS 4321 - Aerospace Studies 400 I&S

1 credits

Needs for national security, evolution of American defense strategy, policy, and organization; methods for managing conflict, alliances and regional security to preserve American interests. Arms control, terrorism, and current military issues; refinement of communicative skills. A one-hour leadership laboratory is also required for cadets, but not special students.

AS 4331 - Aerospace Studies 400 I&S

1 credits

Needs for national security, evolution of American defense strategy, policy, and organization; methods for managing conflict, alliances and regional security to preserve American interests. Arms control, terrorism, and current military issues; refinement of communicative skills. A one-hour leadership laboratory is also required for cadets, but not special students.

ARTE 1022 - Art Appreciation

2 credits

[Meets the Core Curriculum Writing Practice Requirement] An exploration of the broad areas of visual and fine arts including Drawing and Painting, Sculpture and Design, Architecture, and Photography. Western and non-western artistic traditions are investigated through lectures, readings and research, and classroom dialogue, augmented by required visits to museums and galleries. A general overview of art history provides a foundation for contemporary aesthetic dialogue through the development of personal visual literacy.

ARTE 1033 - Art and Culture I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Art and Culture explores the idea that multiple forms of artistic expression are the natural, normative, original and enduring forms of language for all cultures, old and new. Students compare art forms within civilizations and between differing cultural traditions with a view that creative human expression is universal and pervasive. Students study a variety of art form presentations and options, including museums, galleries, theatre, symphony, opera, film, painting, and sculpture among others.

ARTE 1202 - Introduction to Art and Design

2 credits

This course introduces students to the building blocks of art and design. Students are exposed to a variety of different design principles and receive practice applying these principles to create visually compelling art and design pieces. Students have the opportunity to experiment with various media, techniques, and ideas as they learn the rules and guidelines of each concept.

301

ARTE 1302 - Introduction to Drawing

2 credits

This studio course is a foundational drawing course designed to enhance and strengthen the skills of all students, from beginning to advanced. The course integrates sound drawing practices, systematic approaches and classical methods to representational drawing. Importance will be placed on developing the visual expertise of the artist as well as on materials and techniques. The student will learn to observe and craft images that are visually accurate, aesthetically pleasing and fun.

ARTE 1322 - Introduction to Painting

2 credits

A studio course exploring the art of painting. Upon completion, students have the ability to identify the tools of the painting craft; know how to handle important aspects of the acrylic medium; employ several painting techniques; and understand the process of making an original painting. Skill level: beginner through intermediate.

ARTE 1342 - Introduction to Photography

2 credits

A course that familiarizes students with the essential elements of digital photography. The digital camera, effects of light and composition, and electronic darkroom possibilities using photo-manipulation software are covered. This course provides opportunities for students to develop their skills by means of classroom instruction and experimentation in real-world contexts. The goal is to assist each student in the creation of compelling images.

ARTE 1343 - Introduction to Photography

3 credits

A course that familiarizes students with the essential elements of digital photography. The digital camera, effects of

light and composition, and electronic darkroom possibilities using photo-manipulation software are covered. This course provides opportunities for students to develop their skills by means of classroom instruction and experimentation in real-world contexts. The goal is to assist each student in the creation of compelling images.

ARTE 2302 - Visual Communication

2 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the elements and principles of visual communication. Students develop a greater understanding of visual communication and the possible impact it has on its intended audience. Students design and evaluate visual communication pieces.

ARTE 2513 - Graphic Design

3 credits

In this introductory course students will learn fundamental elements of design theory and typography and how to use those components to communicate messages. The course combines hands-on creative work with classroom instruction.

AVPE 2003 - Survey of Music Business

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An Introductory overview of the music industry business, including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities. (Same as BMGT/MUAR 2003)

AVPE 2013 - Survey of Audio Technology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the major areas of recording technology as related to the music industry. Topics include recording live instruments and voices, mixing recorded tracks and the skills needed to create a final master for CD, DVD, MP3 type files or sound files for internet delivery. (Same as BMGT/MUAR 2013)

302

AVPE 2043 - Survey of Video Technology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the major areas of recording technology as related to the music industry. Topics include recording live instruments and voices, mixing recorded tracks and the skills needed to create a final master for CD, DVD, MP3 type files or sound files for internet delivery.

AVPE 2213 - Recording Engineering I

3 credits

Fundamentals of the recording arts including basic audio signal and acoustics theory, recording consoles, microphone design and technique, and signal processing. Students work in on-campus studios to complete lab assignments and projects. (Same as MUAR 2213)

Prerequisite: AVPE 2523 Digital Audio Workstations I.

AVPE 2223 - Recording Engineering II

3 credits

Multi-track studio production techniques are developed through class discussion, demonstration, and project assignments. Theory and application of MIDI technology and its integration into music production is emphasized. Students use the studios for assignments and individual projects. (Same as MUAR 2223)

Prerequisite: AVPE 2213 Recording Engineering I.

AVPE 2523 - Digital Audio Workstations I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces basic audio for use in video and computer media applications. Topics include basic sound characteristics, microphones, single and multi-track recording techniques, and sound reinforcement and enhancement. Students work on a production team to complete audio productions. (Same as MUAR 2523)

AVPE 2533 - Digital Audio Workstations II

3 credits

Continuation of Digital Audio Workstations I. Advance Techniques in video and computer media applications. (Same as MUAR 2533)

AVPE 3073 - Virtual Game Engine I

3 credits

Introduces basic functions of the software "Unreal Engine." Topics include anatomy of the different editors, project types, types of materials and working with assets within the Unreal Engine.

AVPE 3103 - Live Sound

3 credits

Live Sound Production enables the student to develop understanding of the basic principles of live sound for concerts and stage production. The student will have direct experience with audio consoles, various types of microphones and signal processing, the use of monitor systems and other devices for producing sound for live events. The student will participate in simulations and actual live productions. (Course fee required) (Same as MUAR 3103)

Prerequisite: AVPE 2013 Survey of Audio Technology, or instructor's permission.

AVPE 3123 - Cinematography

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is an intensive exploration of the craft, technologies, and aesthetic principles of cinematography, lighting, and set design techniques. Lectures and in-class demonstrations cover video formats, cameras, exposure, lenses and optics, lighting units, lighting placement, lighting control, camera support, and camera movement. (Course fee required)

AVPE 3163 - Visual Storytelling

3 credits

[Meets the Core Curriculum Writing Practice Requirement] his course focuses on the elements that make up the "story" that a video is trying to tell. Whether the subject is a story, a documentary or a sales pitch, students are encouraged to discover and develop their unique voices while understanding the critical importance of working as part of a creative team. (Course fee required)

AVPE 3173 - Virtual Game Engine II

3 credits

Continuation of Virtual Game Engine I. Continuing the conversation of basic and advanced functions of the software "Unreal Engine Topics include cinematics, working with physics, and all aspects of Blueprints within the Unreal Engine.

AVPE 3233 - Recording Engineering III

3 credits

This 3rd course in the recording engineering sequence focuses on critical listening and mastering. Student engineers will develop a musical, artistic, and technical awareness of issues involved in mastering projects for commercial release. (Course fee required) (Same as MUAR 3233)

Prerequisite: AVPE 2223 Recording Engineering II

AVPE 3273 - Animation/Motion Graphics I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will teach students to design and create motion graphics for multimedia, building projects appropriate both for internet applications and for film and video. Students will learn how to use animation software as well as visual effects compositing programs to create original work. An emphasis will be placed on planning projects and developing narratives using storyboards. (Course fee required)

AVPE 3293 - Stage and Film Directing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course evaluates and applies theories and fundamental skills of directing dramatic works for stage, film, and small screen. Special attention is given to close analysis of a selected script. The course culminates in the directed performance of a final project. (Course fee required) (Same as DRAM 3293)

AVPE 3413 - Sound Design

3 credits

This course introduces students to the principles of mechanics and acoustics necessary to understand the generation, propagation, and perception of sound. Through projects and other applied learning activities, students will develop the basic skills and knowledge necessary to the performance of sound design professions, and be able to identify and describe the sonic elements necessary for the soundtracks of animation movies, games, interactive computer based applications, and multimedia presentations. (Course fee required) (Same as MUAR 3413)

AVPE 3503 - Audio Integration

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Methods and techniques for integrating audio into various media facilities including film, performance, video, internet streaming, mobile devices and other digital applications. (Course fee required)

AVPE 3543 - Digital Video Production I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces students to the technical and aesthetic aspects of small format digital production as well as the basic principles of motion picture production. Students learn the language of film/digital video and how its manipulation can express one's individual message or purpose. (Course fee required)

AVPE 3553 - Digital Video Production II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course exposes students to the more advanced aspects of digital video production. (Course fee required)

AVPE 3603 - Digital Video Editing I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines all the basic aspects of video editing, starting from capture and logging, through editing and effects, to final output of a finished program. The first half of the course is devoted entirely to a mastery of the editing software. The second half of the course will practice what's been learned with an actual project. (Course fee required)

AVPE 3901 - Professional Music Industry Tour

304

1 credits

This course studies the commercial and retail music industry by visiting music recording studios in the Los Angeles area and attendance at the National Association of Music Merchants (NAMM) annual show in Anaheim. (Course fee required) (Same as BMGT/MUAR 3901)

AVPE 4283 - Animation/Motion Graphics II

3 credits

This course will provide instruction in 3D motion video applications for use in video, film, game, multimedia and internet applications. Students will use an CGI software to create original animations in a three-coordinate space. Students will learn to choreograph scenes, controlling character movement, lighting, sound, and camera directions. (Course fee required)

AVPE 4363 - Virtual Animation Production

3 credits

Methods and techniques for producing & filming virtual animated productions within the Unreal Engine from scratch. Topics would include motion capture and virtual reality.

Prerequisite: AVPE 3073 Virtual Game Engine 1 and AVPE 3173 Virtual Game Engine 2

AVPE 4373 - Virtual Production

3 credits

Methods and techniques for producing & filming virtual live action productions within the Unreal Engine from scratch. Topics would include the use of virtual backgrounds/sets and blending live film shots with.

Prerequisite: AVPE 3073 Virtual Game Engine 1 and AVPE 3173 Virtual Game Engine 2

AVPE 4383 - Animation/Motion Graphics Projects

3 credits

During this course, students will create projects using advanced CGI software to make original animations. Some projects will be done in groups, allowing students to experience the dynamics of team projects. (Course fee required)

AVPE 4423 - Sound Design for Games

3 credits

Introduction to the techniques, terminology, and implementation of sounds in games, including establishing a sense of place and concepts of realistic sound (Course fee required)

AVPE 4583 - Advanced Video Production/Capstone

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Building on the theory and practical skills developed in previous classes, this course will equip students to create a capstone project that meets the standards of the industry, such as producing or recording a documentary, marketing or story video and prepare a professional portfolio for use on the job market. The course will also integrate Christian faith with the practice of producing videos through discussion, personal reflection, and practical exploration. (Course fee required)

AVPE 4593 - Advanced Audio Production/Capstone

3 credits

Building on the theory and practical skills developed in previous classes, this course will equip students to create a capstone project that meets the standards of the industry, such as producing or recording a live event or an album, and prepare a professional portfolio for use on the job market. The course will also integrate Christian faith with the practice of Contemporary Music Industry through discussion and personal reflection. (Course fee required) (Same as MUAR 4593)

AVPE 4613 - Digital Video Editing II
3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides instruction in basic and advanced video compositing methods, image control and key effects in a digital context. (Course fee required)

AVPE 4893 - Live Videography Practicum
3 credits

An opportunity for students to practice theoretical principles in a functional production environment on the NU Campus. (Course fee required)

AVPE 4913 - International Audio Production Experience
3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will provide an opportunity for students to experience audio production opportunities in an international context. A travel fee is required. (Course fee required)

AVPE 4923 - International Video Production Experience
3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will provide an opportunity for students to experience video production opportunities in an international context. A travel fee is required. (Course fee required)

AVPE 4932 - Audio Production Practicum
2 credits

Students are given an opportunity to practice audio production skills in an on-campus setting. Special focus is on practical application. (Course fee required) (Same as MUAR 4932)

AVPE 4943 - Audio Production Internship
3 credits

An opportunity for students to practice theoretical principles in a functional production environment. (Course fee required) (Same as MUAR 4942)

Prerequisite: AVPE 4932 Audio Production Practicum.

AVPE 4953 - Video Production Internship
3 credits

An opportunity for students to practice theoretical principles in a functional production environment. (Course fee required)

BIBL 462X - Contemporary Pentecostal Studies
Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] A seminar course providing students with an opportunity to engage in supervised reading and research on Pentecostal topics. Readings (with associated research and writing requirements) on Pentecostal history, theology, and praxis are assigned. Conference attendance and subsequent assignments are included under the direction of the faculty when possible. Additional fees are required based upon the conference requirements, and are listed in the respective Semester Course Schedule. (Same as THEO 462X)

BIBL 484X - Old and New Testament Theological Topics
Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] Special topic courses that focus on the theology of the Old or New Testaments. These courses are developed from the specialized interest of the professor bringing the fruit of

personal study to the student and giving opportunity to engage in the practice of biblical theology.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 485X - Old and New Testament Theological Topics

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] Special topic courses that focus on the theology of the Old or New Testaments. These courses are developed from the specialized interest of the professor bringing the fruit of personal study to the student and giving opportunity to engage in the practice of biblical theology.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 486X - Old and New Testament Theological Topics

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] Special topic courses that focus on the theology of the Old or New Testaments. These courses are developed from the specialized interest of the professor bringing the fruit of personal study to the student and giving opportunity to engage in the practice of biblical theology.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 487X - Old and New Testament Theological Topics

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] Special topic courses that focus on the theology of the Old or New Testaments. These courses are developed from the specialized interest of the professor bringing the fruit of personal study to the student and giving opportunity to engage in the practice of biblical theology.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

307

BIBL 488X - Old and New Testament Theological Topics

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] Special topic courses that focus on the theology of the Old or New Testaments. These courses are developed from the specialized interest of the professor bringing the fruit of personal study to the student and giving opportunity to engage in the practice of biblical theology.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 1053 - The Christian Scriptures

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces the content of the Old and New Testaments, focusing on the important events and persons that are central to the biblical narrative and on the topics and themes that are essential to the theological structure of the Christian Scriptures.

BIBL 2113 - Pentateuch

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a study of the first five books of the Bible: Genesis, Exodus, Leviticus, Numbers, and Deuteronomy. The Pentateuch's historical-cultural background in the ancient Near East and its canonical roles will be introduced. Emphasis will be placed on the theological significance of the Pentateuch as a whole as well as the importance of each individual book. Writing an expository paper will be the capstone project for this course.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 2123 - Israelite Conquest

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of Joshua through Ruth. This course examines the two periods of Israelite history, conquest and settlement, as told through the books of Joshua to Ruth. This literary unit represents a transition from the Pentateuch to the Israelite monarchy. As such, attention is given to the presence of narrative features of the Pentateuch in Joshua-Ruth as well as to the role played by the literary unit as background for the formation of the Israelite monarchy.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 2133 - Israelite Monarchy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of 1 Samuel through 2 Kings. This course deals with the formation, development, and demise of the institution of the monarchy in ancient Israel. It is during this period that much of literature of the Old Testament - Psalms, Wisdom, and Prophecy - develops. This course examines these literary units and the offices - prophets, sages, and psalmists - that develop during this period. Special attention is given to the office of the monarch with an aim to define the vocation more precisely.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 2193 - Psalms in Israel's Worship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An exploration of the Hebrew Psalter focusing on the interpretation of representative Psalms according to the Psalter's primary literary genres. This course surveys the history of interpretation and the dynamics of Hebrew poetry. It examines the book of Psalms for its theological themes and considers how the Psalter may be a resource for Christian spiritual formation and the exercise of public worship.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

308

BIBL 2213 - Jesus and the Synoptic Gospels

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course offers a detailed introduction and analysis of the first three Gospels (Matthew, Mark, and Luke). Following an overview of the best methods for reading and studying the Gospels and of the distinguishing characteristics and contributions of each individual Gospel, attention is directed to the "synoptic" presentation of important events in the life of Jesus. Emphasis is given to the teachings of Jesus on the kingdom of God and discipleship and to the meaning of his significant actions. Writing an expository paper will be the capstone project for the course.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 2233 - The Book of Acts

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An analytical study of the book of Acts and the origin, establishment, expansion, and teaching of the early Church. Emphasis is given to the content of the book, the journeys of Paul, and the settings of the New Testament epistles. The course is recommended as background for the Pauline and General Epistles.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 2293 - Work of God, Work of Humanity

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that reflects upon and develops the student's understanding of vocation and work in light of the Christian narrative of God's purposes for humanity in relationship to family life, careers, and community. (Same as CMIN 2293)

BIBL 2553 - Biblical Interpretation

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course in interpreting the Bible. This course provides an intellectual framework for biblical interpretation, develops skills for ongoing study of the Bible, and lays a foundation for communicating its message. It teaches general principles and methods which apply to Scripture as a whole as well as specific ones necessary to interpret certain types (genres) of biblical material such as narrative, epistle, poetry, and prophecy.

Prerequisite: BIBL 1053 The Christian Scriptures, BIBL 2563 How to Read the Bible, and ENGL 1023 Composition II: Rhetoric and Research Writing

BIBL 2563 - How to Read the Bible

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course designed to assist the student in reading and studying the Christian Bible. It highlights both the diversity of genres found within the Bible as a library of books and the importance of reading it as a grand narrative from the Old Testament to the New Testament. Methodologies for studying the Bible as well as learning best practices in applying its teaching will be analyzed. The biblical books of Daniel and Philippians will be the focus of sustained exploration.

BIBL 3013 - How We Got the Bible

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the production, collection and transmission of the Holy Scriptures including attention to the various historic English translations and their backgrounds.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 3023 - Geography of Biblical Lands

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the geographical features of the biblical lands with emphasis on the interrelation of the people and events in the Bible with their locations within the topography and geography of the land. (Same as GEOG 3023)

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 3043 - Biblical Theology of Mission

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the biblical foundations for the Christian mission. It begins with the Old Testament antecedents to the Christian mission and examines how they prepared the way for the coming of Jesus Christ and for the proclamation of the Christian gospel. (Same as THEO 3043)

BIBL 3073 - Hebrew Reading and Exegesis

3 credits

Readings of selected Old Testament passages, with special attention given to development of advanced exegetical skills. (Same as LANG 3073)

Prerequisite: LANG 2123 Biblical Hebrew II.

BIBL 3083 - Greek Reading and Exegesis

3 credits

Readings of selected New Testament passages, with special attention given to development of advanced exegetical skills. (Same as LANG 3083)

Prerequisite: LANG 2223 New Testament Greek II.

BIBL 3113 - Prophetic Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the Old Testament prophets. Careful attention is given to the forms of expression in the prophetic Literature and to the message of the prophets.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

BIBL 3123 - Wisdom Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An exploration of the Wisdom Literature in the Old Testament (Proverbs, Job, Ecclesiastes and certain wisdom psalms along with other wisdom passages). Students are introduced to the forms of wisdom and poetry and appropriate hermeneutical approaches to the literature. Emphasis is given to the use and application of wisdom insights in the conduct of contemporary living.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

BIBL 3133 - Bible Book Studies: Psalms

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An exploration in the Hebrew Psalter which focuses on the various Psalm types and their interpretation. Interpretive techniques for treating poetic materials are developed and applied in the study of the Psalter. Attention is given to the history of the development of the Psalter and its use throughout the history of the Church in its devotional life.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

310

BIBL 3213 - Johannine Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the Gospel and Epistles of John and their special contribution to an understanding of the life and ministry of Christ and of the Christian message. The course presumes that the student has already taken survey courses on the Old and New Testaments.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

BIBL 3223 - Prison Epistles

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the New Testament books of Ephesians, Colossians, Philippians, and Philemon focusing on their historical background and the occasions for their writing as a basis for understanding the theological and practical themes which Paul develops.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

BIBL 3233 - Pastoral Letters

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the New Testament books of I and II Timothy and Titus focusing on issues surrounding the authorship and historical settings. Special attention is given to the significance of these books for understanding a New Testament theology of ministry and the Church.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

BIBL 3253 - Corinthian Correspondence

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the correspondence between Paul and the developing urban church at Corinth.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; or instructor permission

BIBL 3433 - Theology of Worship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the significant theological issues related to the topic of Christian worship. Attention is directed to the major statements on worship and descriptions of worship practices found in both the OT and NT. The appropriation and elaboration of this biblical material by various traditions over the centuries is examined with a view to what can be learned to inform and enhance Pentecostal worship. (Same as THEO 3433)

BIBL 3523 - Biblical Concepts of Leadership

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the concepts of leadership in the context of the Scriptures. Application of the concepts for both personal and career goals is investigated.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 3893 - Biblical Lands Experience

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This College of Ministry Biblical Lands Experience enhances students' academic and ministerial training through first-hand experience of the regions related to biblical and ecclesiastical history and spirituality. The primary emphasis of this course is on Israel; however, other travel experiences to Greece, Italy, Turkey, and sites in Western Europe may also be offered. Students normally take this course in May between their junior and senior years. Travel Fee required

311

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 3993 - International Bible/Theology Tour

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This College of Ministry International Bible/Theology Tour enhances students' academic and ministerial training through first-hand experience of the regions related to biblical and ecclesiastical history and spirituality. The primary emphasis of this course is on Israel; however, other travel experiences to Greece, Italy, Turkey, and sites in Western Europe may also be offered. Students normally take this course in May between their junior and senior years.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

BIBL 4013 - Bible Book Studies: Genesis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4103 - Bible Book Studies: Isaiah

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4113 - Bible Book Studies: Jeremiah

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4123 - Bible Book Studies: Ezekiel

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

312

BIBL 4133 - Bible Book Studies: Psalms

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4233 - Bible Book Studies: Romans

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4252 - Bible Book Studies: Thessalonian Letters

2 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the

study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4262 - Bible Book Studies: Galatians

2 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4272 - Bible Book Studies: Hebrews

2 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4283 - Bible Book Studies: Revelation

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses entail a detailed exegetical exploration into an individual book of the Old or New Testament. They are offered on a rotating basis over a two or three year cycle. The specific focus of these courses is on developing the students ability to apply exegetical and research methods in the study of Scripture.

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible; satisfactory completion of at least two other 2000/3000 level BIBL courses or instructors permission.

BIBL 4653 - Bible Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

Prerequisite: THEO 1093 Foundations of Christian Faith, BIBL 2563 How to Read the Bible; senior class standing, or instructors permission

BIBL 4663 - Bible Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

Prerequisite: THEO 1093 Foundations of Christian Faith, BIBL 2563 How to Read the Bible; senior class standing, or instructors permission

BIBL 4673 - Bible Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

Prerequisite: THEO 1093 Foundations of Christian Faith, BIBL 2563 How to Read the Bible; senior class standing, or instructors permission

BIBL 4683 - Bible Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

Prerequisite: THEO 1093 Foundations of Christian Faith, BIBL 2563 How to Read the Bible; senior class standing, or instructors permission

BIBL 4693 - Bible Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

Prerequisite: THEO 1093 Foundations of Christian Faith, BIBL 2563 How to Read the Bible; senior class standing, or instructors permission

BIBL 4773 - Craft of Biblical Scholarship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course serves as a capstone course for students enrolled in the Biblical Literature major of the College of Ministry. Through a variety of means - analytical tools including the use of biblical language software, critical reflection, and panel interaction with member of the Bible and Theology faculty - students will have the opportunity to explore the possible implications of their area of concentration. This should have consequences both for students' spiritual deliberation and for future educational and ministry vocation. A formal internship experience allows student to apply the learning and skills they have developed in the major towards an academic or church related educational project.

Prerequisite: Senior Standing

BUSM 1343 - Business Statistics

3 credits

An introductory course in statistical analysis and how statistical tools are used to make data-based business decisions. Topics include sampling distributions, probability, statistical inference, relationship between variables and application of Microsoft Excel software and other data analytic tools. (Same as MATH 1343)

Prerequisite: SAT Math score of 480/ACT Math score of 20 or two years of high school algebra.

BUSM 2093 - Business Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introductory course in essential business communication skills. Topics include creating effective business messages; preparing and delivering oral presentations; small group communication; uses of technology to facilitate communication; and essential career skills. The role of faith in the life of a business professional will also be discussed.

BUSM 2553 - Survey of Economics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course covers basic economic concepts of microeconomics and macroeconomics and their application to real world problems. Topics may include consumer and firm behavior, economic growth, market structures, employment, inflation, monetary and fiscal policy.

BUSM 3113 - Information Technology Program Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces students to key business principles and practices to effectively engage with strategic partners to build and ensure onboarding, execution and documentation in a Technical and Business Services organization. This course introduces concepts on developing new programs, defining the strategic roadmaps and executing the initiatives in a fast paced business environment. (Course fee required) (Same as INTC 3113)

BUSM 3123 - International Business

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This faculty-guided study tour course introduces students to the world of international business and management by studying cultural influences, government and business structures in our global economy. Students also learn about trade relations, international finance and how local markets are affected by globalization. Required course fees.

315

BUSM 3163 - Business Leadership

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the theory and practice of organizational leadership, with a special emphasis on assessment, analysis and development of personal leadership skills in a business context.

BUSM 3273 - Business and Professional Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Through the study and preparation of various kinds of documents, students apply and strengthen the critical, thinking, writing, and reading skills developed in ENGL 1013 Composition I: Expository Writing and ENGL 1023 Composition II: Rhetoric and Research Writing. The course acquaints students with the types of writing required in a business environment, usually presenting information and addressing organizational communication needs. At the conclusion of the course, students have a portfolio of their own writing samples. (Same as ENGL 3273)

Prerequisite: ENGL 1013 Composition I: Expository Writing; ENGL 1023 Composition II: Rhetoric and Research Writing.

BUSM 3283 - Introduction to Data Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces database management systems and writing applications that use such systems; data models (e.g., relational, semi-structured), query languages (e.g., SQL, XQuery), language bindings, conceptual modeling, transactions, security, database tuning, data warehousing, parallelism, and Web-data management. The relational data model and the SQL query language. Conceptual modeling:

entity/relationships, normal forms, XML, XPath, and XQuery. Transactions: recovery and concurrency control. (Course fee required) (Same as INTC 3283)

BUSM 3363 - Entrepreneurial Business Planning

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Students learn the process of identifying a business opportunity and turning it into a viable venture through the discipline of drafting a business plan.

BUSM 3403 - Business Law

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the legal aspects of business decision-making, including dispute resolution, torts, contracts, intellectual property and employment law. The course provides students with an understanding of the role of legal rules and their impact on business. (Same as LEGL 3403)

BUSM 3493 - Introduction to Systems Analysis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Principles of systems analysis, business process decomposition and analysis, process analysis, function point analysis, business process improvement, process re-engineering, principles of requirements gathering and specification, methods of mapping business process requirements to information systems requirements, data flow analysis, input-output and GUI analysis. (Course fee required) (Same as INTC 3493)

BUSM 3523 - Group and Organizational Dynamics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of group behavior and how group functioning affects organizational effectiveness. Emphasis is placed on decision-making and resolving conflict in groups. Students develop strategies for efficient and productive group management and determine which tasks are handled by groups or individuals.

316

BUSM 3563 - Accounting for Managers

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An overview of the financial tools available to the manager in decision-making. This course includes a study of income statements, balance sheets, cash flow projections, budgets, changes in financial position, and ratio analysis. Emphasis is on reading and understanding accounting documents, rather than on the mechanical aspects of their preparation.

BUSM 3593 - Intermediate Microeconomics

3 credits

A study of economic models used to explain the behavior of consumers, firms and markets. Topics include consumer behavior, market demand, and cost of production, profit maximization, game theory and competitive strategy.

Prerequisite: BUSM 2553 Survey of Economics.

BUSM 3613 - Managerial Finance

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course in corporate finance first covers the organization-wide use of financial planning within the firm. The adult learner will explore the financial tools available for planning and analysis, as well as how those tools are utilized to manage cash flows and financial resources, and to evaluate future investment opportunities. Next, three primary topics in corporate finance will be developed. These topics include the importance of short-term finance for current operations, the use of capital budgeting tools for investment analysis, and the foundation of long-term finance for defining the organizations cost of capital and optimal capital structure.

BUSM 3663 - Introduction to Entrepreneurship

3 credits

This non-technical, workshop style course presents the basics of writing and presenting a business plan. Students completing this course will submit their plan to the Annual Social Venture Plan Competition. Repeatable for credit
Required course fee

BUSM 4043 - Business Negotiations

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An examination of the negotiation competencies necessary for leaders in the business sector. Students examine persuasion, argumentation and directed conversation to create partnerships and agreements with internal/external customers, suppliers, project teams, external constituencies and superiors.

Prerequisite: Junior or Senior class standing

BUSM 4143 - International Business Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of business practices required to compete successfully in global markets. Topics include: cross-cultural issues, international trade, global financial markets, and managing international operations.

BUSM 4183 - Information Systems Design

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces business management concepts in information systems to solve distributed, large-scale and complex challenges in product design, development, and innovation. (Course fee required) (Same as INTC 4183)

317

BUSM 4263 - Strategic Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a culminating experience where students integrate concepts learned in previous business courses and apply them to strategic business management. Concepts covered include: competitive advantage, strategy formation and execution, external environmental evaluation, resource analysis, and corporate strategy.

BUSM 4293 - Business Data Analytics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Provides an overview of the data analytics tools and techniques as applied in the business environment. It covers managerial statistical tools predictive analytics, including regression models, forecasting, risk analysis, simulation, and decision analysis.

BUSM 4403 - Policy and Ethics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Senior-level capstone course. Students will use theories and data from previous business courses to address organizational and societal issues. Students will describe and defend their choices of strategies in leadership, responsibility, control, change and management. Students will apply insights from biblical and theological studies to issues of faith and ethics through discussion and personal reflection.

Prerequisite: Senior class standing

BUSM 4443 - Conflict Resolution and Negotiation

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the theory and practice of conflict resolution and a related skill, negotiation. Students progress toward becoming effective negotiators through combining intellectual training and behavioral skill development. This course provides students with the tools to understand and develop appropriate conflict resolution and negotiation strategies.

BUSM 4563 - Business Ethics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A review of several major ethical theories. Students examine personal values through readings and workplace analysis in order to formulate management and human rights accountability as well as a responsible lifestyle in the contemporary world.

BUSM 4583 - Managerial Marketing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to marketing concepts from a global perspective. Included is the influence of social, psychological and political factors.

BUSM 4723 - Project Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Project management theory and case applications. Students will learn how to develop an end to end project using a proven Project Management Framework (PMF). Class will introduce real-world application of PMI's five project management processes and nine knowledge areas. Case studies of project management will be shared.

Prerequisite: None.

BUSM 4941 - Business Internship

1 credits

[Meets the Core Curriculum Writing Practice Requirement] An opportunity for students to apply theoretical principles to practice in a functioning business setting. The internship experience includes professional skill development and career path exploration. Students arrange their own internship position in consultation with the internship instructor. An individual student may not receive more than three credits for the same internship experience. The course may be repeated with a different internship position or different employer. May be repeated for credit.

BUSM 4942 - Business Internship

2 credits

[Meets the Core Curriculum Writing Practice Requirement] An opportunity for students to apply theoretical principles to practice in a functioning business setting. The internship experience includes professional skill development and career path exploration. Students arrange their own internship position in consultation with the internship instructor. An individual student may not receive more than three credits for the same internship experience. The course may be repeated with a different internship position or different employer. May be repeated for credit.

BUSM 4943 - Business Internship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An opportunity for students to apply theoretical principles to practice in a functioning business setting. The internship experience includes professional skill development and career path exploration. Students arrange their own internship position in consultation with the internship instructor. An individual student may not receive more than three credits for the same internship experience. The course may be repeated with a different internship position or different employer.

BUSM 4993 - Business Capstone

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides students with an integrative learning

experience which draws from their acquired knowledge and skills gained through prior business courses. Students will be expected to demonstrate understanding of business concepts and theories by completing a real-world service-project in their designated major. Students take this course during their senior year in one of their last two semesters.

Prerequisite: BACT 2253 - Managerial Accounting, BUSM 2093 - Business Communication, LDRS 3033 - Foundations of Leadership, BMGT 3103 - Organizational Behavior, BMGT 3123 - Information Systems Management, BMKT 3303 - Marketing Theory or by instructor permission.

UNIV 1201 - Professional Readiness: Leadership

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students with marketable skills for the workplace. Skills include: Motivating Others, Giving/Receiving Feedback, Collaboration, Problem Solving, Decision Making, and Leading an Organization. Fulfills one credit of the Career Readiness requirement in the Core Curriculum. Sponsored by the College of Business.

LANG 0123 - Grammar I

3 credits

The purpose of this class is to systematically teach and practice foundational elements of beginning English grammar. Students should be concurrently enrolled in LANG 0133: Writing I: Sentences or LANG 0196: Comprehensive English I to demonstrate mastery using the targeted syntactic forms.

Concurrent: LANG 0133: Writing I: Sentences or LANG 0196: Comprehensive English I

LANG 0133 - Writing I: Sentences

3 credits

This course offers the true beginner the building blocks of English written communication. Beginning with the alphabet, students will practice writing basic words and phrases in English. By the end of the course, students will be able to write a simple, grammatically correct sentence. Students should be concurrently enrolled in LANG 0123: Grammar I.

Concurrent: LANG 0123: Grammar I.

LANG 0143 - Reading and Vocabulary I

3 credits

The purpose of this class is to develop the skills necessary to decode and comprehend simple English texts. Emphasis will be placed on vocabulary acquisition (especially high frequency words), phonics, and reading comprehension strategies.

LANG 0163 - Listening and Speaking I

3 credits

This beginning oral communication class focuses on teaching and practicing conversation and discussion strategies. Students will begin building skills and confidence to ask and answer questions and to perform a prepared dialogue. This course provides pronunciation training to help students to hear and produce American English phonemes and extensive listening comprehension practice.

LANG 0196 - Comprehensive English I

6 credits

(Offered to Center for English Language Education students only) This course will support true beginner English language learners with general English language skills focused on functioning in the real world. Students will grow their English grammar and 4-skills (writing, reading, listening, and speaking) in addition to greater vocabulary comprehension. Students will also learn how to use English in everyday situations.

LANG 0223 - Grammar II

3 credits

The purpose of this class is to systematically teach and practice foundational elements of English Grammar at a high beginner level. Students should be concurrently enrolled in LANG 0233: Writing II: Paragraphs or LANG 0296: Comprehensive English II to demonstrate mastery using the targeted forms.

Concurrent: LANG 0233: Writing II: Paragraphs or LANG 0296: Comprehensive English II

LANG 0233 - Writing II: Paragraphs**3 credits**

The purpose of this course is to begin to develop and practice foundational academic writing skills. Students will demonstrate that they understand basic paragraph structure by writing several different types of paragraphs. Students will strengthen their overall sentence structure. This course will introduce process writing: pre-writing, drafting, editing, revising, and publishing. Students should be concurrently enrolled in LANG 0223: Grammar II.

Concurrent: LANG 0223: Grammar II

LANG 0243 - Reading and Vocabulary II**3 credits**

The purpose of this class is to develop the skills to read simple texts quickly and with high comprehension. Emphasis will be placed on finding main ideas and supporting details, identifying cause and effect in reading passages, and continuing to build vocabulary.

LANG 0263 - Listening and Speaking II**3 credits**

This high-beginner oral communication class focuses on conversation and discussion strategies. It provides extensive listening comprehension practice and helps students to understand and pronounce spoken American English. Students will build skills and confidence to participate in class discussions and will give a prepared speech.

320**LANG 0296 - Comprehensive English II****6 credits**

[Offered to Center for English Language Education students only] This course will support high beginner English language learners with general English language skills focused on functioning in the real world. Students will grow their English grammar and 4-skills (writing, reading, listening, and speaking) in addition to greater vocabulary comprehension. Students will also learn how to use English in everyday situations.

LANG 0323 - Grammar III**3 credits**

The purpose of this class is to systematically teach and practice foundational elements of English Grammar at the elementary level. Students should be concurrently enrolled in LANG 0333: Writing III: Introduction to Academic Writing or LANG 0396: Comprehensive English III to demonstrate mastery using the targeted forms.

Concurrent: LANG 0333: Writing III: Introduction to Academic Writing or LANG 0396: Comprehensive English III

LANG 0333 - Writing III: Introduction to Academic Writing**3 credits**

The purpose of this class is to begin developing the academic writing skills needed to participate in university courses. Students will begin to familiarize themselves with the Academic Word List to build academic vocabulary. Students are introduced to different types of academic writing, including the five-paragraph essay, and continue to practice process writing: pre-writing, drafting, editing, revising, and publishing. Students should be concurrently enrolled in LANG 0323: Grammar III.

Concurrent: LANG 0323: Grammar III

LANG 0343 - Reading and Vocabulary III
3 credits

The purpose of this class is to develop the skills needed to read elementary texts quickly and with high comprehension. Emphasis will be placed on finding main ideas and supporting details, identifying key elements of literature, building vocabulary, (including inferring unknown vocabulary from context), and reflecting on personal similarities and differences with characters in a story.

LANG 0363 - Listening and Speaking III
3 credits

This elementary level oral communication class focuses on teaching and practicing conversation and discussion strategies. Students will continue building skills and confidence to participate in class discussions and will give several prepared speeches. This course provides pronunciation training to help students to hear and produce American English phonemes and extensive listening comprehension practice.

LANG 0396 - Comprehensive English III
6 credits

(Offered to Center for English Language Education students only) This course will support elementary-level English language learners with general English language skills focused on functioning in the real world. Students will grow their English grammar and 4-skills (writing, reading, listening, and speaking) in addition to greater vocabulary comprehension. Students will also learn how to use English in everyday situations.

LANG 0423 - Grammar IV
3 credits

The purpose of this class is to systematically teach and practice more complex elements of English grammar at the low intermediate level. Students should be concurrently enrolled in LANG 0433: Writing IV: Essays or LANG 0496: Comprehensive English IV to demonstrate mastery using the targeted forms.

Concurrent: Concurrent: LANG 0433: Writing IV: Essays or LANG 0496: Comprehensive English IV

LANG 0433 - Writing IV: Essays
3 credits

This course builds on the academic writing skills developed in Writing III and focuses specifically on the essay form. Students will continue to acquire vocabulary drawn from the Academic Word List. Students continue to practice process writing: pre-writing, drafting, editing, revising, and publishing. Students should be concurrently enrolled in LANG 0423: Grammar IV.

Concurrent: LANG 0423: Grammar IV

LANG 0443 - Reading and Vocabulary IV
3 credits

The purpose of this class is to develop the skills needed to read low-intermediate texts quickly and with high comprehension. Emphasis will be placed on finding main ideas and analyzing details in comparative written assignments, as well as building academic vocabulary.

LANG 0463 - Listening and Speaking IV
3 credits

The purpose of this low intermediate class is to support students in furthering growth and achievement in speaking and listening in English. Students will express themselves verbally in English with greater fluency, accuracy, and confidence. Students will grow in listening skills by interacting with a variety of audio genres, including academic topics, narratives, and news. This class allows students to participate in and contribute to guided class discussions related to a variety of topics.

LANG 0496 - Comprehensive English IV

6 credits

[Offered to Center for English Language Education students only] This course will support low intermediate English language learners with general English language skills focused on functioning in the real world. Students will grow their English grammar and 4-skills (writing, reading, listening, and speaking) in addition to greater vocabulary comprehension. Students will also learn how to use English in everyday situations.

LANG 0523 - Grammar V

3 credits

The purpose of this class is to systematically teach and practice complex elements of English grammar at the high intermediate level. Students should be concurrently enrolled in LANG 0533: Writing V: Academic Writing Elective or LANG 0596: Comprehensive English V to demonstrate mastery using the targeted forms.

Concurrent: LANG 0533: Writing V: Academic Writing Elective or LANG 0596: Comprehensive English V

LANG 0533 - Writing V: Academic Writing Elective

3 credits

The purpose of this class is to continue strengthening academic essay writing. Emphasis is placed on writing longer and more diverse essay types, including comparison essays, summary essays, and argumentative essays. Students will learn to incorporate more advanced sentence structures into their writing. Paragraph organization and grammar will be reviewed, but foundational skills should already be mastered. Students should be concurrently enrolled in LANG 0523: Grammar V.

Concurrent: LANG 0523: Grammar V

LANG 0543 - Reading and Vocabulary V

3 credits

The purpose of this class is to develop the skills needed to read high intermediate texts quickly and with high comprehension. Emphasis will be placed on students becoming critical readers, identifying points for further academic discussion, and leading in class discussions.

LANG 0563 - Listening and Speaking V: Business English

3 credits

This high intermediate speech course focuses on discussions and formal presentations. Students will research and present data related to business/industry. Students will discuss common topics relating to their chosen company and deliver at least two formal presentations.

LANG 0596 - Comprehensive English V

6 credits

(Offered to Center for English Language Education students only) This course will support high intermediate English language learners with general English language skills focused on functioning in the real world. Students will grow their English grammar and 4-skills (writing, reading, listening, and speaking) in addition to greater vocabulary comprehension. Students will also learn how to use English in everyday situations.

LANG 0623 - Grammar VI

3 credits

The purpose of this class is to systematically teach and practice complex elements of English grammar at the advanced level. LANG 0696: Comprehensive English VI to demonstrate mastery using the targeted forms.

Concurrent: LANG 0696: Comprehensive English VI

LANG 0633 - Writing VI: Bridge Writing

3 credits

The purpose of this class is to continue to strengthen students' academic writing and analysis of literature. This is a hybrid class in conjunction with ENGL 1013. Half of the class is devoted to supporting students enrolled in ENGL 1013. The other half of class is used to continue developing students' writing and presentation skills. Students learn to research, incorporate outside sources into their essays, and properly cite them. Students will research and present on topics related to the authors, culture, and history of texts covered in ENGL 1013.

Prerequisite: LANG 0633: Academic Writing Elective or instructor permission

Concurrent: ENGL 1013: Expository Writing

LANG 0643 - Reading and Vocabulary VI

3 credits

The purpose of this class is to develop the skills needed to read advanced texts quickly and with high comprehension. Emphasis will be placed on students becoming critical readers, participating and leading in class discussions, and leveraging advanced reading strategies in everyday life.

LANG 0663 - Speaking VI: Bridge

3 credits

This advanced level speech course focuses on teaching and practicing discussion and persuasion strategies. Students will build speaking skills to participate in class discussions, structured debates, and prepared speeches. Students will also practice pronunciation and intonation patterns that will make them more readily understood in conversations and presentations.

LANG 0696 - Comprehensive English VI

6 credits

This course will support advanced English language learners with general English language skills focused on functioning in the real world. Students will grow their English grammar and 4-skills (writing, reading, listening, and speaking) in addition to greater vocabulary comprehension. Students will also learn how to use English in everyday situations.

323

LANG 0753 - English for Airport Management

3 credits

This course will give students first-hand English language experience with airport management in the Seattle area. Students will learn about key aspects of local airport management and analyze how they apply to their field of study in their home country. Emphasis is placed on content-specific vocabulary acquisition, as well as experiential learning through a series of field trips to airports, airlines, a factory, a supplier, a museum, and the Japanese consulate. Students will complete "before" and "after" field trip assignments to apply their knowledge, culminating in a Capstone Project. Open only to short-term program students from NU partner universities.

LANG 0821-3 - Grammar for Camps

1-3 credits

This course teaches grammar with customizable outcomes per the camp requirements. Students will learn target grammatical elements, and apply them in creative, interactive activities appropriate to the camp age & audience. Experiential Camp Course.

LANG 0831-3 - Creative Writing: Journaling the Study Abroad Experience

1-3 credits

This lab class uses personal writing to help students process the cultural observations of a short-term Study Abroad experience and coaches students to practice a broad range of writing assignments, including Personal Blogging, Narration, and Creative Writing. Experiential Camp Course.

LANG 0871-3 - Listening: Discovering American Culture Through Media

1-3 credits

This course utilizes classic American movies and TV shows as the texts by which students discover and discuss elements of American Culture and the comparisons or differences with their home cultures. Experiential Camp Course.

LANG 0891-3 - Culture Lab

1-3 credits

This course is a hands-on companion to the Customized Cultural Experiences for the short-term program. Possible topics include Written or Artistic Expression to preview and process fieldtrip content. Experiential Camp Course.

CHIS 2103 - The Story of Christianity

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an introduction and overview of the major eras in the history of the Church from the earliest centuries to the present day. Attention will be given to major developments and individuals in the history of Christianity, as well as the Church's growth and diversity.

CHIS 2413 - History of Christian Missions

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the history of Christian missions and the historical context of the expansion of Christianity. Special emphasis is given to Assemblies of God and other modern missions and the development of effective principles of missions. Biographies of famous missionaries are also studied. (Same as INCS 2413)

CHIS 2523 - History of the Pentecostal Movement

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the modern Pentecostal movement from its roots in the nineteenth century to the present with emphasis on the development of leading Pentecostal denominations. Attention will also be given to the spread of Pentecostalism around the world and to the neo-Pentecostal or charismatic movement.

CHIS 3523 - American Religious History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An in-depth examination of American religious history from the colonial period through the twentieth century examining the relationship between culture, economics, politics, race, gender, theology, and religious experience. The course will highlight Puritanism, revivalism, evangelicalism, civil religion, fundamentalism, denominationalism, Catholicism, Pentecostalism, and church-state issues. (Same as HIST 3523)

CHIS 3603 - Church History I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the Christian church from the post-apostolic fathers to the late medieval church on the eve of the sixteenth century Reformation. Topics include the rise of orthodoxy, the many transformations that took place after the conversion of Constantine, the rise of the papacy, the many forms of medieval religious life, and the emergence of new forms of both lay and clerical piety. (Same as HIST 3603)

CHIS 3613 - Church History II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the Christian church, especially in the West, from the sixteenth century Reformation to the present day. Topics include the leaders and issues of the Reformation, the Catholic Counter-Reformation, the emergence of the many protestant traditions, the modern missions movement, the church in an increasingly secularized society, and the role of the church in U.S. history. (Same as HIST 3613)

CHIS 4183 - Classics of Christian Devotion

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A reading survey of great Christian classics through the centuries, the course will examine the writings of Christian practitioners whose works have had an enduring and profound effect upon the church and the world. Efforts will be made to expose students to a cross-section of Christian devotional thought from different genres and theological perspectives, be they of different church eras, sectarian movements, or ethnicities/regional orientations of the writers. The goal of the class will be to familiarize students with these writers and their works, and to personally appreciate, experience, and practice them in the spirit in which they were written. (Same as RELG/THEO 4183)

CHIS 4553 - Intertestamental History / Early Church Fathers

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course designed to provide an introductory orientation to the periods that climax the Old Testament and frame the New Testament. Attention is given to the history and literature of both the Jews and the early church during these periods and to the significance of these bodies of literature in the history of biblical interpretation and the development of Christian thought. CHIS 3603 Church History I would be useful as preparation.

CMIN 1123 - Spiritual Formation

3 credits

A course designed to assist in the development of biblical and theological foundations of an individual's spiritual formation. Such topics as prayer, Bible reading and memorization, worship, and community are considered.

CMIN 2002 - The Church in Ministry

2 credits

An introductory study of what the church is and what it does. The study includes an overview of the biblical theology of the nature and mission of the church. The biblical teaching concerning ministry, including the giftedness of all believers for ministry and the concept of a divinely called clergy, is examined. The roles of various church leaders are explored and various functions and programs of the church are surveyed.

325

CMIN 2003 - The Church in Ministry

3 credits

[CMIN 2003 Limited to Center for Online and Extended Education students.] An introductory study of what the church is and what it does. The study includes an overview of the biblical theology of the nature and mission of the church. The biblical teaching concerning ministry, including the giftedness of all believers for ministry and the concept of a divinely called clergy, is examined. The roles of various church leaders are explored and various functions and programs of the church are surveyed.

CMIN 2012 - Spiritual Leadership

2 credits

A course emphasizing a biblical theology of spiritual formation including personal application. Spiritual formation links followers of Christ with the Spirit's ministry of shaping lives for the glory of God as revealed in Scripture. Class sessions utilize a variety of learning methods and environments including lecture, dialogue, small groups, readings, and the practice of Christian disciplines such as fasting, prayer, reflection, spiritual gifts, and mentorship both in and out of the classroom. The class blends cognitive appreciation of what others say (essentially Scripture and wisdom from others) with personal discovery through experience and discussion producing greater effectiveness as Spirit-filled leaders.

CMIN 2043 - Ministry Operations

3 credits

A study of the theory and functions of church and parachurch operations, including the call of God to vocational

ministry, leadership styles, staff structure, employee recruitment, personnel supervision, institutional planning, board oversight, committee functions, and resource allocation.

CMIN 2093 - Evangelism, Outreach, and Mission

3 credits

This course focuses on the biblical perspective of mission including the understanding of *missio dei* and holistic evangelism strategies for all ages: children, youth, and adult. In addition, students will gain insights on how the local church should be involved in local, regional and international missions. (Same as INCS 2093)

CMIN 2101 - Life in Ministry

1 credits

Back to back course offerings beginning with a course emphasizing the personal aspects of the minister that are critical to a successful life-long ministry, including the necessity of a divine call and pastor's personal, spiritual, and family life. This is followed by an internship during which students will learn to develop a professional attitude toward constructive criticism, supervision and assessment. Under direct faculty and pastoral mentorship, the students are involved in ministry leadership experience while applying principles gleaned from pastoral and faculty evaluations designed to affirm and enhance their leadership effectiveness

CMIN 2203 - Discipleship and Spiritual Formation

3 credits

An introduction to the systematic training of the Bible to the congregation of the local church. Current models of discipleship; Sunday School, Mid-week service, preaching, seminars and retreats are examined. Special attention is given to small group development. Administration and leadership development are also stressed in the course.

CMIN 2293 - Work of God, Work of Humanity

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that reflects upon and develops the student's understanding of vocation and work in light of the Christian narrative of God's purposes for humanity in relationship to family life, careers, and community. (Same as BIBL 2293)

CMIN 3283 - Family Ministry Development

3 credits

This course equips the student with relevant vision for effective community building within the context of curriculum and training. It will also give attention to the planning and administration of retreats, camps, programming, and special events, emphasizing their importance in evangelism and outreach.

CMIN 3663 - The Church in Contemporary Society

3 credits

This course examines, through a theological and biblical lens, a variety of cultural, moral, and ethical topics relevant to contemporary North American society. These include sexual ethics, gender roles, Christian parenting, divorce and remarriage, wealth and possessions, and the problems of evil, death, and dying.

Prerequisite: THEO 1093 Foundations of Christian Faith.

CMIN 4503 - Lay Leadership Development

3 credits

Christian educators helping persons with hearts oriented toward nurturing and developing the potentials of others. In this course, the theology and practices of people-building, of equipping believers for responsible participation in the body of Christ, are examined. The study includes learning to lead people to discover, develop, and use their God-given ministry gifts. Benefits to individual discipleship and to vibrant church community life are examined.

CMIN 4623 - Management in Christian Organizations

3 credits

The principles of effective management as a learning organization in understanding the church's internal processes as well as its relationship with the environment.

CMIN 4941 - Ministry Internship I

1 credits

A semester experience for ministry students to begin on-site involvement and learning with a church or faith-based ministry leader in a ministry setting. Students will do the pre-internship orientation and field work in preparation for the second semester of the internship experience. Students are required to find and become actively involved in a church, faith based or other approved organization they plan to do their second semester internship with. It is expected that they will engage actively serving in the organization and secure an agreement with the church or organization for the second semester internship. Students should plan to serve a minimum of 45 hours in the course and field experience. (Grade Pass/No Credit)

CMIN 4952 - Ministry Internship II

2 credits

A semester experience where students integrate conceptual aspects of academic training with hands-on practice of ministry in a local church, faith based or other approved organization. Students work in a variety of situations in the organization. Assignments are made with consideration given to the student's gifts, abilities, and growth needs. Students serve under the supervision of an experienced pastor, specialty pastor (youth, children, etc.) or other Christian leader. In addition, they complete assigned readings and submit reports and evaluations of their experiences. Students should plan to serve a minimum of 90 hours in the course and field experience. (Graded Pass/No Credit)

Prerequisite: CMIN 4941 Ministry Internship I

COMM 1003 - Introduction to Human Communication

3 credits

A survey of the field of communication studies, focusing on concepts and principles expressed in each level of human interaction—ranging from intrapersonal, interpersonal, small group, organization, intercultural and mass communication. Practical application of theories is stressed to give insight into how communication studies improve the quality of life. Students are invited to investigate career and life planning from a communication perspective. The course is required for all communication majors.

COMM 1213 - Fundamentals of Speech Communication

3 credits

A basic course in effective public speaking with special emphasis on critical thinking, careful research, and communication strategies that work best in front of an audience.

COMM 1213H - Honors Fundamentals of Speech Communication

3 credits

An honors course in effective public speaking with special emphasis on critical thinking, careful research, and communication strategies that work best in front of an audience.

Prerequisite: Acceptance in the Honors Program

COMM 2053 - Technology and Culture

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to a broad range of current and cutting-edge communication network technologies, and how they impact our society and culture. This topic will be addressed through the lens of basic communication theory, and include discussions of the ethics involved and also how we are to engage these technologies as Christians.

COMM 2243 - Interpersonal Communication 3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course designed as a selected overview of human communication focusing on the various contexts where communication between people takes place. Students will better understand interpersonal communication both as a concept and as something we experience in our everyday lives. Successful understanding of why we communicate (theory) and how we communicate; that is, the behaviors which increase our ability to understand or "make sense" of our environment (skills), will improve the quality of our private and professional relationships with others.

COMM 2413 - Introduction to Media Writing 3 credits

[Meets the Core Curriculum Writing Practice Requirement] Basic writing skills and techniques for a variety of media formats. Students learn to write leads, organize story content, and use stylistic guidelines. Students also learn how to craft questions and prepare for effective interviews. (Same as ENGL 2413)

Prerequisite: ENGL 1013 Composition I: Expository Writing or Instructor Permission.

COMM 2453 - Mass Communication 3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of various types of communication media that conveys a message to a large number of people. Students review mass communication theory, the role mass communication plays in daily life, and methods of becoming better receivers and interpreters of mass media messages. (Same as BMKT 2453)

Prerequisite or Concurrent: Prerequisites or concurrent enrollment in COMM 1003 Introduction to Human Communication.

COMM 2683 - Family Communication 3 credits

[Meets the Core Curriculum Writing Practice Requirement] Interactions with family members are complex - sometimes challenging, sometimes rewarding, and sometimes both challenging and rewarding. This course is designed to develop an understanding of, and ability to analyze, communication within families. The overall goal is for students to analyze how communication impacts the development, maintenance, and disruption of family relationships. The course material is presented from a social scientific perspective that relies on family communication theory and empirical data.

Prerequisite or Concurrent: Prerequisite or concurrent enrollment: COMM 1003 Introduction to Human Communication.

COMM 2711-3 - Student Media: Visual Journalism 1-3 credits

[Meets the Core Curriculum Writing Practice Requirement] Instruction and skills development for students participating in all visual aspects of producing student media online. Organization, management, layout, photography, multimedia, and web design are included. Students will contribute to an annual online visual record of the people and events at Northwest University. Maximum credit allowed toward a degree program is six combined credits of Visual (COMM/ENGL 2711, 2712, or 2713) and Interpretive Journalism (COMM/ENGL 2721, 2722, and 2723). (Graded on a Pass/ No Credit basis) (Same as ENGL 2711, 2712, 2713)

Prerequisite: requires instructor permission.

COMM 2721-3 - Student Media: Interpretive Journalism 1-3 credits

[Meets the Core Curriculum Writing Practice Requirement] Instruction and skills development for students participating in all written aspects of producing student media online. Students learn through practice how to allocate news space, edit copy, and write headlines. Maximum credit allowed toward a degree program is six combined credits

of Visual (COMM/ENGL 2711, 2712, or 2713) and Interpretive Journalism (COMM/ENGL 2721, 2722, and 2723). (Graded on a Pass/ No Credit basis) (Same as ENGL 2721, 2722, 2723)

Prerequisite: requires instructor permission.

COMM 3013 - Introduction to Public Relations

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course surveys the basic concepts and principles of public relations. The study of this field in American society encompasses research, persuasion, public opinion, communication and public relations theories, and ethics. Through class discussion and case studies focusing on both actual and simulated situations, students gain insight into the field through preparation of public relation campaigns, media-relations scenarios, and consumer relation problems.

Prerequisite or Concurrent: Prerequisite or concurrent enrollment: COMM 1003 Introduction to Human Communication.

COMM 3103 - Modern Rhetorical Criticism

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Survey of major rhetorical theories from the early 20th Century through contemporary movements, including application of critical methods to a variety of texts. Students refine their ability to make arguments and critically engage the arguments of others. (Same as ENGL/PHIL 3103)

COMM 3183 - Multimedia Storytelling

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is rooted in the fundamentals of multimedia storytelling: audio, video and still photography. Students will use a variety of tools to edit and produce different types of stories to post to the Web. Work of students and others in the professional realm will be critiqued regularly in order to identify the right communication tools for the task. Throughout the course students will also strengthen those other core journalistic skills: thinking critically, writing clearly, and reporting fairly and ethically.

Prerequisite: Recommended prerequisite: COMM 2053 Communication and Technology Theory

Prerequisite or Concurrent: Prerequisite or concurrent enrollment: COMM 1003 Introduction to Human Communication.

COMM 3263 - Small Group Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Much of human life is spent in small groups, as families, friends, neighborhoods, classmates, and team members - to mention a few. This class explores the dynamics of small groups in a variety of settings, both personal and professional. This course will explore the changing communication dynamics as small groups develop, the roles groups members may enact through communication (including leadership), and the tensions and conflicts that emerge within group communication. Students will execute meetings, participate in group projects, evaluate basic group concepts, differentiate group theories in an applied setting, and apply information by evaluating an external group.

COMM 3433 - Intercultural Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Findings from the fields of communication, psychology, sociology, linguistics, and anthropology are combined with the study of characteristics of various cultures to provide the student with a basis for effective communication in all cultures. (Same as INCS/SOCI 3433)

COMM 3463 - Organizational Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is designed to help you gain a rich

understanding of the issues facing members of organizations from a strategic communication perspective. In this dynamic social, political, and economic landscape, organizations must constantly change and adapt to meet the needs of consumers and citizens. Throughout the semester, this course will help you better understand some of the problems organizational members tackle in our global society. Additionally, you will engage in several activities that will allow you to enhance your own career skills and become a more productive member of any organization.

Prerequisite or Concurrent: Prerequisite or concurrent enrollment: COMM 1003 Introduction to Human Communication.

COMM 3503 - Message Design 3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course uses the building blocks of rhetorical theory as a means for understanding how to design sophisticated persuasive messages. Although you will learn theories relevant to the construction of messages, we will primarily focus on how to understand and develop effective messages. You will have multiple opportunities to develop your skills as a creator of powerful messages for different audiences. Through the practical application of rhetorical reasoning, you will complete the course with a set of skills that allow you to produce strategic communication in any context.

COMM 3543 - Introduction to Rhetoric 3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course offers a theoretical, historical, and practical introduction to rhetoric, the 2,500-year-old art of persuasion and purposeful communication. Students will learn the art of rhetoric by studying its principles and theoretical concepts, analyzing models and real-world experiences, and engaging in reflective practice. Emphasis is placed on developing students' skills of reading, listening, and critical thinking through the introduction of key ideas, texts, and figures from the rhetorical tradition. (Same as ENGL/PHIL 3543)

COMM 3563 - Conflict Resolution 3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is designed to examine conflict from a communicative perspective. We will assess the role of conflict in multiple contexts, including in interpersonal interaction, group communication, and social discourse. Moreover, we will explore methods that help us better understand how to manage and resolve conflict in our private and professional lives. Through the use of case studies, role-playing, and discussion, this course will help you become a better communicator in conflict situations.

COMM 3603 - Research Methods 3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces students to the social scientific research methods in the Communication Studies discipline. In this class, students will learn about ethical principles required in research, along with the methodologies of conducting and analyzing quantitative and qualitative research. In addition, students will have the opportunity to critically analyze and translate empirical studies alongside their learning. The course material provides a better understanding of the process of research and its importance in various career paths.

Prerequisite: COMM 1003 Introduction to Human Communication.

COMM 3673 - Love and Communication 3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the conditions, difficulties, joys, and sorrows of loving and being loved. This course will examine the philosophy, theory, and practice of the art of loving and its connection to communication skills. The course will focus on the functions of communication over the course of a close and intimate relationship. Although the main focus will be on communication, the class will explore close relationships from historical, sociological, psychological, and cultural points of view as well, in addition to placing considerable emphasis on the emotional and spiritual dimensions of loving relationships.

COMM 4233 - Media Ethics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the role of media ethics in a globalized media context. The course examines the tension between traditional media and the emerging participatory practices common in social media, as well as what role students have in shaping the future of media. The purpose of this course is to develop the knowledge and skills involved in recognizing and thinking about the ethical dimensions involved in media communication from a Christian perspective. The course will help students identify and understand legal issues that arise in the media industry, as well as varying approaches to thinking about ethics in media communication. This examination of ethical tensions in a reasoned and systematic fashion will equip students to decide when and how to use media in line with their personal ethical standards.

Prerequisite or Concurrent: COMM 2003 Introduction to Human Communication.

COMM 4323 - Positive Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Positive interpersonal communication studies positive interactions which affect day-to-day connections with other persons. Whenever we talk with family members, friends, co-workers, and acquaintances, opportunities for success or failure occur. When communication is not positive, our communication may fail and cause discomfort, disappointment, stress, or even the end of a relationship. This course is designed to develop insights and skills to help maximize positive communication in interpersonal interactions. Enlarging our repertoire of positive communication skills is one of the main desired outcomes for this course. Topics will include areas of research related to positive psychology, positive interpersonal communication, happiness, gratitude, and positivity in relationships.

COMM 4393 - Communication Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview to the communication discipline and to the major theoretical approaches to the study of communication from social scientific and humanistic traditions. In addition, this course is designed to encourage students to increase their understanding of the research that is guided by these theories and the application of these theories to real-world experiences.

Prerequisite: COMM 1003 Introduction to Human Communication.

COMM 4483 - Senior Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course combines theory, skills and application that students have focused on in their coursework in order to prepare communication majors for entering into their chosen professions. This course emphasizes issues related to leadership, communication law and ethics in order to foster responsibility in the workplace and the public sphere, and integrates Christian faith with the practice of communication through discussion and personal reflection.

Prerequisite: Senior status.

COMM 4921 - Communication Research Topics

1 credits

Select students will conduct original research under the supervision of a faculty member approved by the department. Completion requires the creation of an appropriate written product such as a conference proposal or presentation. May be repeated up to three credits. (Grade Pass/No Credit)

Prerequisite: Instructor's permission

COMM 4922 - Communication Research Topic

2 credits

Select students will conduct original research under the supervision of a faculty member approved by the department.

Completion requires the creation of an appropriate written product such as a conference proposal or presentation. May be repeated up to three credits. (Graded Pass/No Credit)

Prerequisite: Instructor's permission

COMM 4923 - Communication Research Topic

3 credits

Select students will conduct original research under the supervision of a faculty member approved by the department. Completion requires the creation of an appropriate written product such as a conference proposal or presentation. May be repeated up to three credits. (Graded Pass/No Credit)

Prerequisite: Instructor's permission

COMM 4953 - Communication Internship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Practical training through seminar and serving with community organizations or businesses. Includes class presentations and career development simulations that combine knowledge and skill utilization. For three credit hours, students will work in an organization a minimum of five clock hours per week under the supervision of competent personnel, or a summer field education placement experience involving 80 clock hours minimum under supervision of competent personnel, plus one-hour weekly seminar on campus. Students enrolling for four credits will complete a minimum of ten hours per week within the organization, plus extra course work. Students enrolling for five credits will complete a minimum of fifteen hours per week within the organization, plus extra course work. Students integrate the practicum or internship with prior and concurrent course work. Students will produce a practicum portfolio, a paper that provides a critical analysis of the internship experience, and multiple career development assignments. Open only to students majoring in Communication with Concentrations in Organizational Communication, Public Affairs or Media Studies.

Prerequisite: Senior standing and permission of instructor required.

332

ENGL 3720 - Speech and Debate Workshop

0 credits

[Meets the Core Curriculum Writing Practice Requirement] A comprehensive workshop for students who desire to learn civic engagement and community organization as they participate in public speech & debate events, intercollegiate competition, and unique community events. Students work together to study relevant issues at local, state, national, and international levels and seek to engage in ethical discourse to foster empathy and understanding. ENGL 372x courses may be repeated up to a combined total of 4 credits. (Grade Pass/No Credit)

Prerequisite: Instructor Approval

ENGL 3721 - Speech and Debate Workshop

1 credits

[Meets the Core Curriculum Writing Practice Requirement] A comprehensive workshop for students who desire to learn civic engagement and community organization as they participate in public speech & debate events, intercollegiate competition, and unique community events. Students work together to study relevant issues at local, state, national, and international levels and seek to engage in ethical discourse to foster empathy and understanding. ENGL 372x courses may be repeated up to a combined total of 4 credits. (Grade Pass/No Credit)

Prerequisite: Instructor Approval

ENGL 3722 - Speech and Debate Workshop

2 credits

[Meets the Core Curriculum Writing Practice Requirement] A comprehensive workshop for students who desire to learn civic engagement and community organization as they participate in public speech & debate events, intercollegiate competition, and unique community events. Students work together to study relevant issues at local, state, national, and international levels and seek to engage in ethical discourse to foster empathy and understanding.

ENGL 372x courses may be repeated up to a combined total of 4 credits. (Grade Pass/No Credit)

Prerequisite: Instructor Approval

ENGL 3723 - Speech and Debate Workshop

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A comprehensive workshop for students who desire to learn civic engagement and community organization as they participate in public speech & debate events, intercollegiate competition, and unique community events. Students work together to study relevant issues at local, state, national, and international levels and seek to engage in ethical discourse to foster empathy and understanding. ENGL 372x courses may be repeated up to a combined total of 4 credits. (Grade Pass/No Credit)

Prerequisite: Instructor Approval

UNIV 1301 - Professional Readiness: Communication Skills

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students with marketable skills for the workplace. Skills include: Purposeful Communication, Listening, Self-Awareness Interpersonal Awareness, Relational Awareness, and Interviewing Skills. Fulfills one credit of the Career Readiness requirement in the Core Curriculum. Sponsored by the Communication Department.

DRAM 27XX - Special Topics in Dramatic Studies

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] Special topic in a selected aspect of theatre, typically offered in response to declared student interest. Class may focus on stage combat, audition techniques, lighting and sound, scene study, scene design, stage construction, or other aspects related to the craft of theatre and acting. Contract and special fee required.

Prerequisite: instructors permission.

DRAM 2113 - Principles of Acting

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces the essentials of acting in dramatic situations with and without a script. Improvisation, techniques for ensemble, and theatre games for actor development form the foundation of the course.

DRAM 2313 - Voice and Movement

3 credits

This course introduces students to training techniques and exercises designed to help the professional actor most effectively utilize his or her vocal and physical potential. The class will cover basic information about vocal production, articulation, projection, and interpretation as well as physical conditioning, relaxation, character study and synthesis. The course also includes techniques that promote actor safety during rehearsal and performance.

DRAM 2331 - Offstage Practicum

1 credits

This course takes a behind-the-scenes look into the creation of a college dramatic production. The definition of such involvement is flexible, and may include design and set building, technical assistance, production marketing and public relations, musical arranging, makeup or costuming, choreography, or stage management. A primary component of the course is a focus on equipment, materials, and facilities safety.

DRAM 2332 - Offstage Practicum

2 credits

This course takes a behind-the-scenes look into the creation of a college dramatic production. The definition of such involvement is flexible, and may include design and set building, technical assistance, production marketing and public relations, musical arranging, makeup or costuming, choreography, or stage management. A primary component of the course is a focus on equipment, materials, and facilities safety.

DRAM 2441 - Onstage Practicum

1 credits

Acting involvement in a college dramatic production. Participation requires an audition. (Grade Pass/No Credit)

Prerequisite: Instructor permission is required for enrollment.

DRAM 2442 - Onstage Practicum

2 credits

Acting involvement in a college dramatic production. Participation requires an audition. (Grade Pass/No Credit)

Prerequisite: Instructor permission is required for enrollment.

DRAM 3173 - Creative Communication Skills

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Students will acquire and increase basic skills from the world of theatre in direct application to professional settings such as the boardroom, the classroom, and the pulpit, among others. Students will learn techniques in improvisation, team building, role play, vocal acuity, physical presence, and more.

DRAM 3213 - Shakespeare

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The study of selections from Shakespeare's comedies, romances, tragedies, histories, and sonnets in relation to the Elizabethan/Early Modern Age. (Same as ENGL 3213)

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing, ENGL 2133 Survey of British Literature, or instructors permission.

DRAM 3253 - Interpretive Reading

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study in the techniques of oral interpretation, including the analysis and public reading of Scripture, drama, prose, poetry, and children's literature. (Same as COMM 3253)

DRAM 3293 - Stage and Film Directing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course evaluates and applies theories and fundamental skills of directing dramatic works for stage, film, and small screen. Special attention is given to close analysis of a selected script. The course culminates in the directed performance of a final project. (Same as AVPE 3293)

DRAM 4713 - Theatre Arts Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course surveys methods and resources for the teaching of the theatre arts. The course examines curriculum materials and discusses recent developments. It considers the appropriate introduction of the performing arts across developmental stages.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

DRAM 4943 - Drama Internship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A drama internship allows the student a length of time at a specific location where he or she will directly apply the broad-range of theoretical learning previously acquired. Student will be coached under the direct supervision of a professional in the discipline. (A special Internship or Practicum Fee may be required.) (Grade Pass/No Credit)

Prerequisite: Instructor permission.

EDUC 47X3 - Secondary Education Methods for Majors/Endorsement Area

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Exploration of current methodology, research, curriculum trends, and classroom applications will be directed for middle, junior, and senior high school educators. The course will have a content area focus to be determined by the students subject endorsement(s): DRAM 4713-Theatre Arts, EDUC 4713-Secondary Humanities Methods, MATH 4713-Secondary Mathematics Methods, MUSI 4753-Choral Music Repertoire & Methods, MUSI 4773-Instrumental Music Repertoire & Methods, PEDU 4713-Elementary PE & Health Methods, PEDU 4723-Secondary PE & Health Methods, SCIE 4713-Secondary Science Methods

Prerequisite: Admission to the professional sequence. (Students specific schedules are arranged with academic advisor.)

EDUC 1503 - Film School: How Hollywood Gets Education Wrong

3 credits

[Meets the Core Curriculum Writing Practice Requirement] What makes a good teacher? What makes a good student? For years, Hollywood movies and bestselling novels have purported to answer these questions. Unfortunately, they often get it wrong. Using the basics of film, literary, and cultural analysis, this course is designed to help students deconstruct the popular images and myths that surround the work of teachers and students alike. Ultimately, students will recognize how American conceptions of teaching and learning have been conditioned by the media, and they will emerge with a clearer understanding of how they can best participate in educational reality as opposed to merely being voyeurs of educational fiction. Intended for freshmen and sophomores, this class also introduces students to the building blocks and language of film analysis, critical theory, educational studies, and sociology.

335

EDUC 2013 - Schools and Society

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the context of teaching in the United States. The philosophical, historical, and sociological development of education is emphasized. Professional roles and responsibilities teachers assume are considered. Education as local, state, and federal responsibility is examined. Online Portfolio Fee required.

EDUC 2043 - Early Childhood Education

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Explores the history of early childhood education including theoretical models and different approaches to early childhood education nationally and globally. Provides an opportunity for students to analyze current and historical trends in early childhood education with a focus on social justice, culturally responsive pedagogies and anti-bias education. Students will be given the opportunity to develop skills needed for their own career goals including infant and toddler programs, preschool programs, kindergarten and primary education, youth ministry, child psychology, and other careers with children under eight. This course utilizes a balance between examination and application of theory with multiple opportunities for students to develop and practice holistic learning opportunities designed for young children; prepare to get creative and messy.

EDUC 3003 - Culturally Responsive Teaching

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the historical background and theory of multicultural education. Examines the nature of the multicultural social fabric and its effects upon education.

Demographics related to our plural social system and the nature of bias upon equality of opportunity in educational systems is discussed. Issues impacting teacher expectations and achievement of students are considered. Requires participation in the AVID program.

Prerequisite: SOCI 1113 and PSYC 2553.

EDUC 3013 - Instructional Design

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to current theory and practice in effective instruction. Emphasizes lesson planning and delivery that derive from instructional objectives, with attention given to the application of learning theories. Provides micro-teaching experience which develops skills in making instructional decisions.

Prerequisite: Admission to the professional sequence.

Concurrent: Courses taken concurrently for Elementary Education Majors: EDUC 3302, 4012, 4104, 4132, 4182.

Courses taken concurrently for Secondary Education Majors: EDUC 3022, 3032, 3302, 4012. Courses taken concurrently for Music Education Majors: EDUC 3022, 3032, and 4012.

EDUC 3033 - Data-Driven Instruction

3 credits

Designed to help students gain an understanding of global and local components of student assessment. This course addresses the proposition that quality assessment is essential for effective teaching and learning, including data driven differentiation. Class time is devoted to understanding, developing, and then maintaining academic standards and to learning techniques for record keeping, grading, and communication of results to parents. Teacher and parent conferencing skills are addressed throughout the semester.

Prerequisite: Admission to the professional sequence and EDUC 3013. Course taken in sequence as required by the College of Education.

336

EDUC 3092 - Foundations of Learning

2 credits

[Meets the Core Curriculum Writing Practice Requirement] In this course, candidates will explore the philosophical, psychological, and historical foundations of education, considering questions such as: How do humans learn? What are the purposes of education, and how have they changed over time? Why is schooling structured as it is? How have issues of equity and justice shaped the ways that we teach? Ultimately, this course is designed to provide candidates with a theoretical framework for understanding contemporary educational systems and their places within them.

EDUC 3163 - Learning Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the various theories surrounding learning throughout life. Further, theory is compared and contrasted with praxis in various educational settings: K-12 schools, international teaching and learning, corporate settings, and community programming. Students will be prepared to consider various teaching and learning methods applicable to sundry environments.

EDUC 3223 - Faith and Culture

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Modern day schools have become a complex collection site of learners, teachers, staff, administrators, and parents. Teaching effectively requires competency in content matter, sound pedagogy, and, just as important, and understanding of student backgrounds and the lens from which they view the world. This course will explore different worldviews, including those rooted in faith, and how they impact learning and teaching in the classroom. The aim is that students understand the complexity of the classroom, and use this as inspiration for how they will create an environment of learning in their own classroom.

EDUC 3243 - The Moral Classroom

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces spirituality, moral development, ethics, and personal faith, specifically on how they play out in the K-12 classroom.

EDUC 3263 - The Reflective Teacher

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces issues surrounding who the teacher is in the classroom, including a focus on teaching and identity, calling, and teacher/para-educator/student roles as they are negotiated in the K-12 classroom.

EDUC 3272 - Elementary Classroom Management

2 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides prospective teachers with a conceptual framework and a practical knowledge base for proactive and corrective management in the elementary classroom. Topics include the critical role of leadership in the classroom, the power of teacher-student relationships, the strategic set-up of the classroom and its procedures, and disciplinary interventions.

Prerequisite: Admission to the professional sequence. Courses taken in sequence as required by the College of Education.

EDUC 3273 - Elementary Classroom Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides prospective teachers with a conceptual framework and a practical knowledge base for proactive and corrective management in the elementary classroom. Topics include the critical role of leadership in the classroom, the power of teacher-student relationships, the strategic set-up of the classroom and its procedures, and disciplinary interventions.

Prerequisite: Admission to the professional sequence. Courses taken in sequence as required by the College of Education.

EDUC 3282 - Secondary Classroom Management

2 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides prospective teachers with a conceptual framework and a practical knowledge base for proactive and corrective management in the secondary classroom. Topics include the critical role of leadership in the classroom, the power of teacher-student relationships, the strategic set-up of the classroom and its procedures, and disciplinary interventions.

Prerequisite: Admission to the professional sequence. Courses taken in sequence as required by the College of Education.

EDUC 3283 - Secondary Classroom Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides prospective teachers with a conceptual framework and a practical knowledge base for proactive and corrective management in the secondary classroom. Topics include the critical role of leadership in the classroom, the power of teacher-student relationships, the strategic set-up of the classroom and its procedures, and disciplinary interventions. .

Prerequisite: Admission to the professional sequence. Courses taken in sequence as required by the College of Education

EDUC 3302 - Technology in Education

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduction to technology as a tool for enhancing teaching and learning in the classroom.

Prerequisite: Admission to the professional sequence.

EDUC 3891 - Global Field Experience I

1 credits

This course provides the initial trip preparation for the College of Education International Experience. Class sessions will help candidates consider and prepare for trip documentation and initial planning. (Course fee required)

Prerequisite: Admission to professional sequence.

EDUC 3901 - Content Assessment Seminar

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This seminar is a practical guide to prepare students to take the WEST-E/NES content assessment required for Washington State teacher certification. During this course, students will study the assessment structure, will set goals, and gain general and content-specific test-taking strategies.

EDUC 4053 - Educational Linguistics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will explore the relationship between language and culture in educational settings. Topics will include issues of first and second language acquisition, language diversity within the US, and language education.

EDUC 4104 - Reading Theories and Strategies

4 credits

[Meets the Core Curriculum Writing Practice Requirement] The first course in a two semester reading methods sequence: EDUC 4104 and EDUC 4112. This course develops knowledge about the reading process. It introduces the theoretical foundations of reading and presents instructional strategies for the effective teaching of reading in the elementary school. Course topics emphasize phonemic awareness, decoding, vocabulary building, spelling, and utilization of word attack skills in teaching comprehension. Students will use lesson planning skills acquired in their instructional design class to design effective reading lessons, which link specific skills development with appropriate learning activities. Differing approaches, including basal readers, will be addressed. Students will consider strategies and materials focusing on special needs children, cultural diversity, instructional organization, and analysis of available resources.

Prerequisite: Admission to the professional sequence. Courses taken concurrently for Elementary Education Major: EDUC 3013, 3302, 4012, 4132, and MUSI 4712.

EDUC 4123 - Literacy Language Arts Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will provide the student with the current methods and resources to teach elementary literacy and language arts. Included in the study of language arts will be the topics of reading (including study of childhood literature), writing, speaking, viewing, and listening. Knowledge of current theories of language arts methodology will help students construct their own philosophies on how to teach the language arts.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4142 - Science Methods

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Surveys methods and resources for the teaching of science.

Examines curriculum materials and discusses recent developments. Discusses science attitudes, processes, and use of hands-on methodology and curriculum.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4153 - Social Studies and Arts Integration Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of current methods and resources for teaching elementary social studies. Included in the study of social studies will be the topics of history, sociology and geography for the elementary learner. Study of arts integration is designed to prepare the student to incorporate the basic art disciplines into the elementary curriculum at each grade level.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4173 - Technology in Society

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the role of technology in society, especially focused in problem-solving across fields. Touching on the history of technology in social problem-solving (e.g., manufacturing, transportation, etc.), this course will also consider current problems and technological solutions (e.g., electronic security, energy, etc.). In addition, the course will explore the ethics of technology, considering not only question of can we, but of should we as well.

EDUC 4183 - Assessment in English Language Learning

3 credits

Construct and administer tests within ELL classes. Study and evaluate tools for assessing second language proficiency.

339

EDUC 4232 - Middle School Culture and Instruction

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Overview of middle school philosophy, organization, and methods. Includes information about current learning strategies, teaching processes, lesson planning, and curriculum organization appropriate for contemporary middle school environments.

EDUC 4233 - Middle School Culture and Instruction

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Overview of middle school philosophy, organization, and methods. Includes information about current learning strategies, teaching processes, lesson planning, and curriculum organization appropriate for contemporary middle school environments.

EDUC 4291 - Educational Studies Capstone

1 credits

[Meets the Core Curriculum Writing Practice Requirement] The Educational Studies Capstone course helps students to build, execute, and reflect on an internship in their specific field of study. The final product of the course will be a portfolio including documented work, course reflections, and host evaluations.

EDUC 4300 - Technology in Education Seminar

0 credits

Candidates will learn to integrate current technology into teaching in their content areas. This course provides an overview of technology (software and hardware) available to teachers across content areas, helping pre-service teachers build a portfolio of options which will serve them in the field. This seminar is directly linked to the candidates teaching methods courses and field work. (Grade Pass/No Credit)

EDUC 4313 - Elementary Literacy Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Presents theoretical foundations and instructional skills to teach reading and language arts in kindergarten through eighth grade, taking an eclectic approach to programs and practices found in schools. Covers theories, curricular design, lesson planning, and instructional strategies for phonetics, vocabulary acquisition, spelling, listening, oral communication, writing, childrens literature, and whole language. Focuses on special needs, cultural diversity, and Common Core State Standards learning goals.

EDUC 4323 - Elementary Social Studies, Movement and Arts Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Presents methods for teaching the social sciences, movement, and the arts (visual, musical and dramatic) and suggests ways to integrate them with other subjects in the elementary curriculum. Emphasizes American history, citizenship education, Since Time Immemorial curriculum, sociology, economics, and geography. Focuses on lesson and unit planning, special needs, diversity, equity, and Common Core State Standards.

EDUC 4333 - Elementary Science Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Explores elementary science teaching, including research and curricular trends, resources and materials, instructional techniques, the scientific method, and integration with other elementary subjects. Focuses on special needs, diversity, equity, Next Generation Science Standards and Common Core State Standards.

EDUC 4344 - Elementary Education Literacy and Language Arts

4 credits

[Meets the Core Curriculum Writing Practice Requirement] Provides future elementary educators with the necessary content understanding and teaching pedagogy to be successful teachers of reading, writing, speaking, viewing, and listening. The course Introduces the theoretical foundations of reading and presents instructional strategies for the effective teaching of reading in the elementary school. Course topics emphasize phonemic awareness, decoding, vocabulary building, and reading comprehension. Includes knowledge of current theories of language arts methodology that will help students construct their own philosophies on how to teach the language arts.

340

EDUC 4354 - Elementary Education Mathematics

4 credits

[Meets the Core Curriculum Requirements for mathematics FOR ELEMENTARY EDUCATION MAJORS OR MINORS ONLY.] Provides future elementary educators with the necessary content understanding and teaching pedagogy to be successful teachers of mathematics. To do this, the course develops an understanding of the history of mathematics education nationally and globally including the introduction of national standards, critically examines productive and unproductive beliefs about teaching and doing mathematics, and provides students with opportunities to build conceptual understanding of essential elementary mathematics content through exploration and practice of effective teaching methodologies. Mathematics topics included in this course include number systems, number sense, algebra, geometry, measurement, statistics and probability with an emphasis on application in elementary classrooms.

EDUC 4421 - Safety and Legal Seminar

1 credits

Teacher candidates receive training in Washington State child abuse reporting procedures, HIV/AIDS and blood borne pathogens, and CPR/First Aid certification. (Grade Pass/No Credit) Lab fee required. (Same as PEDU 4421)

Prerequisite: Admission to the professional sequence; course taken in sequence as required by the College of Education. Fee required.

EDUC 4503 - Introduction to English Language Learning

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Theory, methods, and practical aspects of teaching English to speakers of other languages. The course is designed for volunteer teachers or tutors both in this country and in foreign countries, as well as giving an overview of the field for those considering TESOL as a career. (Same as LANG 4503)

EDUC 4513 - Methods and Materials for ELL

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examination and critique of methods and materials for teaching English as a second language. Attention is given to principles of assessing student needs and choosing appropriate methods and materials. Practice in developing and adapting ESL materials in the context of specific methodologies form part of the learning experience. (Same as LANG 4513)

EDUC 4563 - Teaching ELL Literacy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examination of the developmental stages in the process of reading and writing, as well as teaching techniques of reading and writing. Written English is analyzed with an emphasis on both structure and style. Each of the levels of literacy is examined from emergent literacy, proficient literacy, and specialized literacy. (Same as LANG 4563)

EDUC 4660 - Candidate Pedagogy Portfolio (CPP) Seminar

0 credits

This course focuses on preparing candidates for the Candidate Pedagogy Portfolio (CPP), measuring pedagogic skill. Candidates will learn the basic structure of the assessment, including scoring rubrics, as well as become familiar with the electronic upload process. (Graded Pass/No Credit)

EDUC 4713 - Secondary Humanities Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Exploration of current methodology, research, curriculum trends, and classroom applications will be directed for middle, junior, and senior high school educators. The course will focus on methodologies pertinent to teaching English Language Arts, English Language Learning, and Social Studies curricula at the secondary level. The course is taken concurrently with EDUC 4961 Part-time Student Teaching in an effort to connect the practical with the theoretical and required for candidates endorsing in English Language Arts, Social Studies and English Language Learning.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4772 - Literacy Across the Curriculum

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Literacy acquisition skills will be presented to the secondary pre-service teacher. Basic reading/writing skill diagnosis, remediation, and assessment methods for content specific instruction will be introduced.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4773 - Literacy Across the Curriculum

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Literacy acquisition skills will be presented to the secondary pre-service teacher. Basic reading/writing skill diagnosis, remediation, and assessment methods for content specific instruction will be introduced.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4783 - Education Capstone

3 credits

[Meets the Core Curriculum Writing Practice Requirement] As a culminating course, EDUC 4783 provides an overview of contemporary issues in education, exploring them from a Christian worldview. The course engages issues related to Christian faith integration within the discipline of education, specifically as applied to current educational theories and P-12 school practices within diverse contexts.

EDUC 4913 - Student Teaching I

3 credits

Full-time field experience, where the candidate continues to observe, assist, and teach along-side a practicing teacher, applies specific subject area methods, tutors and teaches lessons, and develops classroom management skills.

EDUC 4920 - Student Teaching II

0 credits

Full-time field experience, where the candidate continues to observe, assist, and teach along-side a practicing teacher, applies specific subject area methods, tutors and teaches lessons, and develops classroom management skills.

EDUC 4933 - Student Teaching III

3 credits

Full-time field experience, where the candidate continues to observe, assist, and teach along-side a practicing teacher, applies specific subject area methods, tutors and teaches lessons, and develops classroom management skills.

342

EDUC 4940 - Student Teaching IV

0 credits

Full-time field experience, where the candidate continues to observe, assist, and teach along-side a practicing teacher, applies specific subject area methods, tutors and teaches lessons, and develops classroom management skills.

EDUC 4951 - September and Methods Experience

1 credits

[Meets the Core Curriculum Writing Practice Requirement] Includes a required September experience prior to the opening of P-12 schools at an assigned location and observations in partner schools. Addresses the application of specific subject area methods at the classroom level of operations through scheduled observations and participation in local schools. Course taken in sequence as required by the College of Education. (Grade Pass/No Credit)

EDUC 4953 - Student Teaching V

3 credits

Full-time field experience, where the candidate observes, assists, and teaches along-side a practicing teacher, applies specific subject-area methods, tutors, and teaches lessons, and develops classroom management skills. Further, candidate is assessed on his/her ability to implement what has been learned and a demonstration of subject knowledge, pedagogical skill, and positive impact on student learning.

EDUC 4961 - Part-Time Student Teaching

1 credits

[Meets the Core Curriculum Writing Practice Requirement.] Addresses the application of specific subject area methods at the classroom level of operations. Requires a half-day Monday to Friday for six weeks.

Prerequisite: Admission to the professional sequence. (Grade Pass/No Credit)

EDUC 4971 - Professional Seminar

1 credits

[Meets the Core Curriculum Writing Practice Requirement] A seminar focused on preparing candidates for entry into the profession to be taken concurrently with EDUC 4961. Utilizing field personnel, the course touches on issues of employment, professional practice, and certification.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

EDUC 4987 - Full-Time Student Teaching

7 credits

A field experience designed to assess the students ability to implement what has been learned in the professional education sequence.

Prerequisite: Completion of Phase I and Phase II requirements. Course taken in sequence as required by the College of Education.

EDUC 4991 - Global Field Experience II

1 credits

This course provides advanced trip preparation for the College of Education International Experience. Class sessions will help candidates consider and prepare for the cultural and experiential aspects of the trip. In addition, candidates will take part in the COE international experience in May, consisting of classroom observations, educational interaction, readings and reflections, and cultural experiences. (Course fee required)

Prerequisite: EDUC 3891 Global Field Experience I

343

ENGL 494X - English Internship

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] English Internships offer students the opportunity to acquire professional experience in writing and editing and may provide material for students to include in a writing portfolio. Students are responsible for setting up an internship that meets their needs and interests and for selecting a professor to supervise the internship. (Grade Pass/No Credit) An Internship Fee may be required.

Prerequisite: instructor permission.

ENGL 495X - English Internship

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] English Internships offer students the opportunity to acquire professional experience in writing and editing and may provide material for students to include in a writing portfolio. Students are responsible for setting up an internship that meets their needs and interests and for selecting a professor to supervise the internship. An Internship Fee may be required.

Prerequisite: instructor permission.

ENGL 1003 - Foundations of College Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement; does NOT meet a Core Curriculum Humanities requirement; can be used for General Elective credit.] This course prepares students to write at a university level. Students will learn to write clear sentences and effective paragraphs and short essays. Students with ACT scores of 17

or lower, rSAT Evidence-Based Reading and Writing scores of 499 or lower; or SAT Critical Reading scores of 369 or lower will be placed in ENGL 1003.

ENGL 1013 - Composition I: Expository Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course develops the written skills and cognitive processes necessary for the production of effective discourse across the academy. Through the study of short stories and poetry, students will develop critical close reading skills and write formal and informal essays in response to their readings using the MLA style guide. This course will also expand the writing process to include meta-writing, multiple drafts, and revision and editing techniques. In addition to possessing a clear command of the outcomes necessary for successful completion of ENGL 1003, students will participate in in-class activities, reading responses, process drafts, multiple revisions, and other writing-intensive activities.

Prerequisite: ACT scores of 18 or higher, rSAT Evidence-Based Reading and Writing scores of 500 or more, SAT Critical Reading scores of 450 or higher, or successful completion of ENGL 1003 with a grade of C or higher.

ENGL 1023 - Composition II: Rhetoric and Research Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement; General Education Writing option for all majors, including Science majors] A course that enables students to sharpen critical and analytical thinking skills through reading and writing. The course enables students to develop research skills using the Northwest University and other libraries and to develop the ability to analyze and present arguments. Although students compare Modern Language Association (MLA) and American Psychological Association (APA) formats, the writing standard is the APA.

Prerequisite: ENGL 1013 Composition I: Expository Writing.

ENGL 1023H - Honors Composition II: Rhetoric and Research Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement; General Education Writing option for all majors, including Science majors] A course that enables students in the Honors Program to sharpen critical and analytical thinking skills through reading and writing. The course enables students to develop research skills using the Northwest University and other libraries and to develop the ability to analyze and present arguments. Although students compare Modern Language Association (MLA) and American Psychological Association (APA) formats, the writing standard is the APA.

Prerequisite: ENGL 1013 Composition I: Expository Writing, Acceptance in the Honors Program.

ENGL 2043 - Creative Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduction to the craft of imaginative writing: fiction, poetry, drama, and creative nonfiction.

Prerequisite: ENGL 1013 Composition I: Expository Writing.

ENGL 2133 - Survey of British Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] British Literature provides students with a broad survey of the British canon from the Middle Ages through the Twenty-First Century. By semester's end, students will have a working knowledge of the history, aesthetic, and philosophy that inspired the literature of the British Isles.

Prerequisite: ENGL 1013 Composition I: Expository Writing.

ENGL 2203 - Survey of American Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] American Literature examines works of major American authors from the Colonial period to the Present. Including writers diverse in background, ethnicity, and gender, the course relates historic, religious, philosophic, and artistic movements to the literature studied.

Prerequisite: ENGL 1013 Composition I: Expository Writing.

ENGL 2403 - Survey of World Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement; A Non-Western/Diverse Literature requirement] World Literature examines literary works written in languages other than English. Selections span from Antiquity through the Twenty-First Century and have either influenced Western civilization or offered divergent perspectives. By semester's end students will have a working knowledge of the history, aesthetic, and philosophy that informs this diverse canon.

Prerequisite: ENGL 1013 Composition I: Expository Writing.

ENGL 2413 - Introduction to Media Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Basic writing skills and techniques for a variety of media formats. Students learn to write leads, organize story content, and use stylistic guidelines. Students also learn how to craft questions and prepare for effective interviews. (Same as COMM 2413)

Prerequisite: ENGL 1013 Composition I: Expository Writing or Instructor Permission.

ENGL 2711-3 - Student Media: Visual Journalism

1-3 credits

[Meets the Core Curriculum Writing Practice Requirement] Instruction and skills development for students participating in all visual aspects of producing student media online. Organization, management, layout, photography, multimedia, and web design are included. Students will contribute to an annual online visual record of the people and events at Northwest University. Maximum credit allowed toward a degree program is six combined credits of Visual (COMM/ENGL 2711, 2712, or 2713) and Interpretive Journalism (COMM/ENGL 2721, 2722, and 2723). (Graded on a Pass/ No Credit basis) (Same as COMM 2711, 2712, 2713)

Prerequisite: requires instructor permission.

ENGL 2721-3 - Student Media: Interpretive Journalism

1-3 credits

[Meets the Core Curriculum Writing Practice Requirement] Instruction and skills development for students participating in all written aspects of producing student media online. Students learn through practice how to allocate news space, edit copy, and write headlines. Maximum credit allowed toward a degree program is six combined credits of Visual (COMM/ENGL 2711, 2712, or 2713) and Interpretive Journalism (COMM/ENGL 2721, 2722, and 2723). (Graded on a Pass/ No Credit basis) (Same as COMM 2721, 2722, 2723)

Prerequisite: requires instructor permission.

ENGL 2843H - Honors Topics in Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This survey course examines challenging literature written from a variety of perspectives but united by a common theme such as Faith & Doubt or Oppression & Freedom.

Prerequisite: ENGL 1023H Honors Composition II, Acceptance in the Honors program.

ENGL 3103 - Modern Rhetorical Criticism

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Survey of major rhetorical theories from the early 20th Century through contemporary movements, including application of critical methods to a variety of texts. Students refine their ability to make arguments and critically engage the arguments of others. (Same as COMM/PHIL 3103)

ENGL 3143 - Children's and Adolescent Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A critical examination of classic and contemporary books for children and adolescents in a variety of genres.

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing or Instructor Permission

ENGL 3163 - History of the English Language

3 credits

A study of the origins of the English language from Old English through the modern dissemination of World Englishes. While covering a wide array of historical events and important literary texts, students will learn about major linguistic changes in pronunciation, grammar, writing, and language politics, with the purpose of better understanding the English language and applying those lessons to other languages.

ENGL 3213 - Shakespeare

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The study of selections from Shakespeare's comedies, romances, tragedies, histories, and sonnets in relation to the Elizabethan/Early Modern Age. (Same as DRAM 3213)

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing, ENGL 2133 Survey of British Literature or instructors permission.

346

ENGL 3253 - African American Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement; A Non-Western/Diverse Literature requirement] Survey course in African American Literature.

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing.

ENGL 3263 - Indigenous American Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Indigenous American Literature surveys the art and literature of indigenous American communities. Students read various genres from indigenous voices with a particular interest in how these narratives challenge and critique the project of European colonialism. By semester's end, students are well versed in this dynamic and evolving tradition.

ENGL 3273 - Business and Professional Writing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Through the study and preparation of various kinds of documents, students apply and strengthen the critical, thinking, writing, and reading skills developed in ENGL 1013 Composition I: Expository Writing and ENGL 1023 Composition II: Rhetoric and Research Writing. The course acquaints students with the types of writing required in a business environment, usually presenting information and addressing organizational communication needs. At the conclusion of the course, students have a portfolio of their own writing samples. (Same as BUSM 3273)

Prerequisite: ENGL 1013 Composition I: Expository Writing; ENGL 1023 Composition II: Rhetoric and Research Writing.

ENGL 3293 - English Grammar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An intensive and practical study of English grammar, including forms and functions of the parts of sentences, editing, and methods of teaching grammar to ESOL students. (Same as LANG 3293)

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing.

ENGL 3363 - Contemporary Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement; A Non-Western/Diverse Literature requirement] This course is a focused survey of literature from 1950 to the present. Students explore the advent of Postmodernity, the preoccupations of modern literary criticism, and the broad diversity of voices this era represents. By semester's end, student should be well versed in the literary, theological, and philosophical modes that define contemporary literature.

ENGL 3383 - Women Writers

3 credits

[Meets the Core Curriculum Writing Practice Requirement; A Non-Western/Diverse Literature requirement] The study of literature written by women and of related issues such as the literary canon, gender representation, and feminist literary theory. Readings will include classic and contemporary women's literature by writers from a variety of cultures.

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing or instructor permission.

ENGL 3453 - Professional Editing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students to work in the publishing industry at various entry points, including book publication, academic journal publication, and business publication. The students learn skills in copy editing, writer feedback, and editing process. They will work with real unedited documents and provide substantive edits and feedback.

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing. Recommended: ENGL 2043 Creative Writing

ENGL 3473 - Writing for Publication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] [Meets the Core Curriculum Writing Practice Requirement.] This course equips students to publish pieces of literary writing for the children's or adult's market. Students will learn about publishing processes and protocols. They will research and evaluate markets for their work, write ancillary marketing pieces, such as query letters, and create publishing plans.

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing. Recommended: ENGL 2043 Creative Writing

ENGL 3543 - Introduction to Rhetoric

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course offers a theoretical, historical, and practical introduction to rhetoric, the 2,500-year-old art of persuasion and purposeful communication. Students will learn the art of rhetoric by studying its principles and theoretical concepts, analyzing models and real-world experiences, and engaging in reflective practice. Emphasis is placed on developing students' skills of reading, listening, and critical thinking through the introduction of key ideas, texts, and figures from the rhetorical tradition. (Same as COMM/PHIL 3543)

ENGL 3553 - C.S. Lewis and the Christian Imagination.

3 credits

[Meets the Core Curriculum Writing Practice Requirement] C.S. Lewis and the Christian Imagination surveys the literature of one of the most influential Christian thinkers of the twentieth century and situates his work within the larger context of Christian imaginative and theological literature. Students read several major works by C.S. Lewis, assess the viability of his Christian apologetic in the twenty-first century, explore his enduring influence, and cultivate their spiritual imaginations through the achievements of other notable Christian writers.

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing or instructor permission.

ENGL 3720-3 - Speech and Debate Workshop

0 to 3 credits

[Meets the Core Curriculum Writing Practice Requirement] A comprehensive workshop for students who desire to learn civic engagement and community organization as they participate in public speech & debate events, intercollegiate competition, and unique community events. Students work together to study relevant issues at local, state, national, and international levels and seek to engage in ethical discourse to foster empathy and understanding; ENGL 372x may be repeated for a total of 4 credits. (Grade Pass/No Credit)

Prerequisite: Instructor Approval

ENGL 3733 - Creative Nonfiction Workshop

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In this writing workshop, students will explore various styles/modes of nonfiction writing, including memoir, cultural critique, literary survey, new journalism, and devotional.

Prerequisite: ENGL 2043 Creative Writing.

ENGL 3743 - Fiction Workshop

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In this writing workshop, students will develop fiction writing skills as they craft short stories and/or sections of a novel.

Prerequisite: ENGL 2043 Creative Writing.

ENGL 3753 - Poetry Workshop

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In this writing workshop, students will write a variety of modes (free verse, formal verse, etc.) and read works from established poets.

Prerequisite: ENGL 2043 Creative Writing.

ENGL 3792H - Honors Thesis

2 credits

This course will help Honors Program students formulate a research question, write a proposal, begin a literature review, and select a faculty adviser for the culminating thesis project that they will complete in order to graduate with honors. Following this course, students will work individually for two semesters with faculty mentors to produce a piece of original research in the form of a Bachelor's thesis.

Prerequisite: Acceptance in the Honors Program.

ENGL 3801H - Honors Thesis Independent Study

1 credits

Honors Program students enroll in this course for two semesters as they develop their Honors Thesis under the direction of a faculty mentor.

Prerequisite: ENGL 3792H Honors Thesis and acceptance in the Honors Program.

ENGL 3863 - Topics in Film

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A topics course, this course focuses on films by director, genre, area of origin or period. This course is recommended for juniors and seniors who have completed some foundation work in the study of communication or literature. For example: for a course on science fiction film, student should have completed at least one literature survey course; communication students should have completed a course in digital media or mass communication. Students will be asked to view each film and to make thoughtful contributions to each discussion. Students may repeat this course so long as the topic of the course differs for each taking. (Same as DRAM 3863-3883)

ENGL 3873 - Topics in Film

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A topics course, this course focuses on films by director, genre, area of origin or period. This course is recommended for juniors and seniors who have completed some foundation work in the study of communication or literature. For example: for a course on science fiction film, student should have completed at least one literature survey course; communication students should have completed a course in digital media or mass communication. Students will be asked to view each film and to make thoughtful contributions to each discussion. Students may repeat this course so long as the topic of the course differs for each taking. (Same as DRAM 3863-3883)

ENGL 3883 - Topics in Film

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A topics course, this course focuses on films by director, genre, area of origin or period. This course is recommended for juniors and seniors who have completed some foundation work in the study of communication or literature. For example: for a course on science fiction film, student should have completed at least one literature survey course; communication students should have completed a course in digital media or mass communication. Students will be asked to view each film and to make thoughtful contributions to each discussion. Students may repeat this course so long as the topic of the course differs for each taking. (Same as DRAM 3863-3883)

ENGL 4401 - English Teaching Assistantship

1 credits

Junior and Senior students serving as teaching assistants. Assistants may be asked to attend class sessions, tutor students, facilitate student study groups, and assist the instructor in class-related projects and assignments. (Grade Pass/No Credit)

Prerequisite: instructors permission.

ENGL 4402 - English Teaching Assistantship

2 credits

Junior and Senior students serving as teaching assistants. Assistants may be asked to attend class sessions, tutor students, facilitate student study groups, and assist the instructor in class-related projects and assignments. (Grade Pass/No Credit)

Prerequisite: instructors permission.

ENGL 4403 - English Teaching Assistantship

3 credits

Junior and Senior students serving as teaching assistants. Assistants may be asked to attend class sessions, tutor students, facilitate student study groups, and assist the instructor in class-related projects and assignments. (Grade Pass/No Credit)

Prerequisite: instructors permission.

ENGL 4413 - Literary Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Exploration of the principles and theories of literary criticism from traditional through contemporary practices. Understanding of these principles and theories as well as skills for evaluating information, finding the theoretical approach for a topic, and strategies for scholarly research and writing are emphasized. (Same as PHIL 4413).

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing and at least one course from the following group: Survey of British Literature, Survey of American Literature, Survey of World Literature, or instructor permission.

ENGL 4441 - Writing Center Tutorial

1 credits

A course in which students further develop their writing skills by tutoring other students in the Writing Center. Under the supervision of the instructor, tutors help various students with their writing problems and concerns on a one-on-one basis for an agreed-upon number of hours per semester. Tutors develop skills that help them discuss effective writing techniques such as development of a main idea, organization, and writing conventions. May be repeated to a maximum of 3 course credits (Grade Pass/No Credit)

Prerequisite: ENGL 3293 English Grammar and instructors permission.

ENGL 4442 - Writing Center Tutorial

2 credits

A course in which students further develop their writing skills by tutoring other students in the Writing Center. Under the supervision of the instructor, tutors help various students with their writing problems and concerns on a one-on-one basis for an agreed-upon number of hours per semester. Tutors develop skills that help them discuss effective writing techniques such as development of a main idea, organization, and writing conventions. May be repeated to a maximum of 3 course credits (Grade Pass/No Credit)

Prerequisite: ENGL 3293 English Grammar and instructors permission.

ENGL 4443 - Writing Center Tutorial

3 credits

A course in which students further develop their writing skills by tutoring other students in the Writing Center. Under the supervision of the instructor, tutors help various students with their writing problems and concerns on a one-on-one basis for an agreed-upon number of hours per semester. Tutors develop skills that help them discuss effective writing techniques such as development of a main idea, organization, and writing conventions. May be repeated to a maximum of 3 course credits (Grade Pass/No Credit)

Prerequisite: ENGL 3293 English Grammar and instructors permission.

ENGL 4843 - Special Topics: in Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In-depth studies of a narrowly-focused selection of literature for juniors and seniors. Students may repeat as many times as they

ENGL 4853 - Special Topics: in Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In-depth studies of a narrowly-focused selection of literature for juniors and seniors. Students may repeat as many times as they

ENGL 4863 - Special Topics: in Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In-depth studies of a narrowly-focused selection of literature for juniors and seniors. Students may repeat as many times as they

ENGL 4873 - Special Topics: in Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In-depth studies of a narrowly-focused selection of literature for juniors and seniors. Students may repeat as many times as they

ENGL 4883 - Special Topics: in Literature

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In-depth studies of a narrowly-focused selection of literature for juniors and seniors. Students may repeat as many times as they

ENGL 4913 - English Capstone

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A capstone course in which students integrate the learning gained in English classes with their faith and create a thesis project.

Prerequisite: ENGL 4413 Literary Theory and Senior standing.

351

UNIV 1401 - Professional Readiness: Job Search Skills

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students with marketable skills for the workplace. Skills include: Understanding a Job App, Understanding a Resume; Interviewing Skills; Ethical Behavior; Anti-Racism; and Professional Writing. Fulfills one credit of the Career Readiness requirement in the Core Curriculum. Sponsored by the English Department.

EXSC 48x3 - Special Topics in Exercise Science

3 credits

Identified with a "TOP" (unless the title includes the type of course) and a code of x84x – x88x. TOP courses are periodically included in the semester schedule to enrich the curriculum and are not listed specifically in the catalog. A professor instructs a semester-length structured class regarding a specific topic. These may be repeated for credit on different subjects.

EXSC 1183 - Introduction to Exercise Science

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces the discipline of Exercise Science and the study of physical activity from the perspectives of experience, research, and professional practice. Students will learn about the professional areas within the field of Exercise Science. In addition, this course introduces the basic principles needed to develop an understanding of human health, fitness, and wellbeing and the role of physical activity in these areas. This course will introduce principles for maintaining health and wellbeing across the lifespan, which include the role that nutrition, exercise, psychological and emotional health, and development of a healthy lifestyle play in promoting health and wellbeing throughout one's life.

EXSC 2193 - Kinetic Anatomy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce students to the fundamentals of human movement. After a survey of the musculoskeletal systems, students will engage in a detailed analysis of the primary articulations and learn the fundamentals of biomechanics to provide an appreciation of movement. Students will be introduced to the integrated study of kinetic anatomy, physiology, and mechanics with emphasis on understanding the anatomical and functional aspects of human movement in the area of health and exercises science, which includes clinical, daily living, and sport applications.

Prerequisite: SCIE 1153/1 Human Biology w/lab or SCIE 2203/1 Human Anatomy and Physiology I w/lab; or instructor permission.

EXSC 3093 - Nutrition for Sports and Exercise

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the role of nutrition in response to acute and chronic exercise. Practice areas will include a detailed study of nutrition for fitness and sport, human energy metabolism during exercise, carbohydrate, fat and protein metabolism and exercise, vitamin and mineral balance and exercise, fluid and electrolyte balance during exercise, and ergogenic substances. This course sorts fact from fiction and helps students and practitioners obtain the knowledge needed to advise athletes and active individuals for optimal health and performance.

Prerequisite: SCIE 1153/1 Human Biology w/lab or SCIE 2213/1 Human Anatomy and Physiology II w/lab.

EXSC 3231 - Applied Exercise Physiology Laboratory

1 credits

An Exercise Physiology laboratory supporting Applied Exercise Physiology.

Concurrent: Requires concurrent enrollment with EXSC 3233 Applied Exercise Physiology.

352

EXSC 3233 - Applied Exercise Physiology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In this course students will deepen their understanding of body responses and adaptations to exercise by examining four major topics: energy metabolism and bioenergetics, cardiovascular and pulmonary physiology, neuromuscular physiology, and body composition. Course content will cover the body's function from the cellular to systematic level during exercise with a focus on training principles and techniques as well as assessment of health and performance. Students will learn about the influence of exercise on long-term health and fitness as well as appropriate adaptations for children, adolescents, and adults, males and females, and people with chronic diseases or disabilities.

Prerequisite: SCIE 1153/1 Human Biology w/lab or SCIE 2203/1 Human Anatomy and Physiology I w/lab; or instructor permission.

Concurrent: Requires concurrent enrollment with EXSC 3231 Applied Exercise Physiology Laboratory.

EXSC 3273 - Exercise and Sport Injuries

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course covers the theory and principles of athletic injury as associated with human performance. Students will apply scientific principles of human growth and development, physical conditioning, injury prevention, emergency care, and rehabilitative procedures. Students will learn the signs and symptoms of injury and the process of first response as well as how to support athletes through rehab. Successful students learn how to incorporate injury reduction techniques into the training programs they will develop for their clients.

Prerequisite: SCIE 1153/1 Human Biology w/lab or SCIE 2203/1 Human Anatomy and Physiology I w/ lab; or instructor permission.

EXSC 3363 - Essentials of Strength Training and Conditioning

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce the student to the essential principles of developing strength, aerobic, and anaerobic fitness for general fitness and health as well as participation in sport. It will integrate kinetic anatomy, physiology, biomechanics, sports nutrition, assessment and program design with a focus on the principles of developing period-based, progressive strength and conditioning programs. Course experiences will emphasize practical application and reinforce training principles for skilled teaching/coaching and personal fitness, health, and sport participation. The course will also help students prepare for certification through the National Strength and Conditioning Association (NSCA). This certification is useful for sports coaches, strength and conditioning coaches, personal trainers, and fitness instructors.

Prerequisite: SCIE 1153/1 Human Biology w/lab or SCIE 2203/1 Human Anatomy and Physiology I w/ lab; or instructor permission.

EXSC 3583 - Psychology in Sport and Exercise

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will cover psychological components of human performance related to sport and exercise as well as provide students with the foundations of applied sport and exercise psychology (e.g., motivation, communication, anxiety, leadership, and applied psychological skills). Students will learn and practice coaching skills, which are incorporated into intervention techniques that lead people to choose and adhere to a wellness lifestyle based on their own resolutions and visions of their own best self. Discussion will include sport participation and psychological assessment, intervention techniques, and a brief introduction to the predominant research methods used in sport psychology. This course will also cover the psychology of the injured athlete/exerciser, and focus on major theories, research, and application in the field of sport and exercise psychology. This course has particular value to coaches, teachers, psychologists, exercise specialists, and other sport-affiliated professions. (Same as PSYC 3583)

Prerequisite: PSYC 1013 General Psychology and EXSC 1183 Introduction to Exercise Science.

353

EXSC 3643 - Exercise Testing and Prescription

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides the student with the opportunity to acquire knowledge and skills for assessing fitness, interpreting, and designing health and activity programs for healthy and special populations, with an emphasis on developing competency in following ACSM guidelines for exercise testing and prescription. In addition, students will acquire leadership skills through the presentation of exercise testing procedures and the development of exercise prescriptions for both healthy and special populations. This class includes both lecture and hands-on practical laboratory sessions.

Prerequisite: EXSC 3233/1 Applied Exercise Physiology w/lab.

EXSC 4913 - Professional Practicum

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Provides students with a practical on-site work experience in which technical skills and abilities are applied to individuals or groups under the supervision of the program coordinator. The instructor will also help guide students through the certification process (optional). (Grade Pass/No Credit)

Prerequisite: EXSC 3643 Exercise Testing and Prescription (may be taken concurrently) and CPR certification.

EXSC 4933 - Professional Issues and Research in Exercise Science

3 credits

[Meets the Core Curriculum Writing Practice Requirement] In this course students will research issues in exercise science and present their findings. The course will also help them to develop an increased understanding of the integration of faith in the academic discipline of exercise science and in their intended careers.

Prerequisite: EXSC 3233 Applied Exercise Physiology (may be taken concurrently with instructor permission)

EXSC 4943 - Professional Internship in Exercise Science

3 credits

This internship offers the student practical experience in administration, techniques, organizational structure and appropriate materials used with health, fitness, or sport-related occupations. Students will gain practical on-site work experience in which technical skills and abilities are applied. Sites are selected by students with the approval of the program coordinator. Students will complete 120 hours over a 15-week period in an approved health/wellness program (hospital, clinic, rehabilitation facility) as a contributing member of the agency staff. (Grade Pass/No Credit)

Prerequisite: EXSC 4913 Professional Practicum; instructor permission; certified criminal background/sex offender check; TB Test; and CPR certification (all costs incurred by student).

BFIN 1152 - Elements of Personal Finance

2 credits

Explores how to make a budget work for practical and ethical living in a complex legal and financial world. Topics include real estate, insurance, taxes, IRAs and social security, saving and investing, education costs, and retirement. A section of the class will cover basic accounting principles, enabling the student to better understand financial documents.

BFIN 3063 - Personal Financial Management

3 credits

An applied course in managing personal finances. Topics include budgeting, credit, income tax, insurance, investments, home ownership, bank accounts, financial planning, consumer purchases, online financial tools and personal financial advisor as a career field. (Same as BMGT 3063)

BFIN 3193 - International Economic Development

3 credits

This course is designed to introduce students to issues related to international economic development. Students will learn theories that explain the economic transformation of developing countries and apply those theories to country case studies.

BFIN 3533 - Real Estate Investments

3 credits

An introduction to purchasing and investing in real estate with a focus on financing and tax issues. Topics include housing markets, financing strategies, accounting tax implications and real estate capital markets. (Same as BACT 3533)

BFIN 3593 - Intermediate Microeconomics

3 credits

A study of economic models used to explain the behavior of consumers, firms and markets. Topics include consumer behavior, market demand, cost of production, profit maximization, and game theory and competitive strategy.

Prerequisite: BUSM 2553 Survey of Economics.

BFIN 3603 - Finance

3 credits

Emphasizes the complexities of financial management, and the business strategies with which we manage financial resources. Discusses budgets, financial reports, financial resources, tax implications, fund raising, and related moral and ethical issues.

Prerequisite: BACT 2203 Principles of Financial Accounting.

BFIN 4133 - Federal Income Tax

3 credits

An introduction to basic federal income taxation principles, concepts, and procedures for individuals, proprietorships, partnerships, and corporations. (Same as BACT 4133)

BFIN 4233 - Money & Banking

3 credits

An examination of managerial issues within banking and other financial services firms. Topics include management functions, The Federal Reserve, domestic and international money supply, monetary systems, monetary and banking history and regulation, investment banking, and commercial and electronic banking.

Prerequisite: BUSM 2553 Survey of Economics

BFIN 4353 - Intermediate Accounting II

3 credits

An advanced accounting course designed to give students knowledge of and proficiency in a widely accepted accounting software program/package. Students demonstrate knowledge of Quick Books and Great Plains accounting software. (Same as BACT 4353)

Prerequisite: Prerequisites: BACT 2203 Principles of Financial Accounting

BFIN 4533 - Investments II: Capital Assets

3 credits

An applied finance course in capital assets. This course covers terminology, legal issues, investment strategies, risk-return tools, and analysis techniques.

355

GEOG 3023 - Geography of Biblical Lands

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Study of the geographical features of the biblical lands with emphasis on the interrelation of the people and events in the Bible with their locations within the topography and geography of the land. (Same as BIBL 3023)

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

GEOG 3213 - Introduction to Geography

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The fundamentals of physical geography are presented through an examination of the relation of people to the planet earth. Attention will be given to the interaction of the human and physical environments.

ENGL 2173 - Religion and Politics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Religion and politics have been closely linked throughout human history. This course seeks to better understand the relationship between religious belief and political thought and action within American and international contexts. Issues may include American civil religion, religious freedom, political Islam, and Christian just war theory. (Same as PSCI 2173)

HIST 1043 - Foundations of History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce students to the study of historical theory and methods. The focus will be on providing students the critical thinking, research, and writing tools necessary to successfully progress through the major.

HIST 1503 - History of World Civilization I: Prehistory to 1500 CE

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course traces the story of civilization from prehistory through the fifteenth century. Through a kaleidoscope of kings and slaves, warriors and philosophers, students will consider how human beings defined themselves through cultural creation, social and political organization, religious development and syncretism, technological innovation, and trade and economic development.

HIST 1513 - History of World Civilization II: The World from 1500 CE

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course traces the story of civilization since the rise of the modern state beginning in 1500 CE. Students explore the world and its peoples, politics, religion, warfare, and cultures that shaped our collective pasts and will serve to define the future.

HIST 1543H - Honors Western Civilization

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the history of the civilization of the West with specific reference to one of its constituent or pervasive themes, such as religion, order vs. freedom, warfare, philosophy, the role of the state, cultural conflict and combinations, empire, artistic expression, Greco-Roman influence, geography, democracy, Christendom, etc. Focused attention on a single theme will allow the wide chronological span of the course to gather focus even as it helps students engage with a central influential topic or idea in the construction of the West. Prerequisite: Acceptance in the Honors Program.

356

Prerequisite: Acceptance in the Honors Program.

HIST 2083 - Global History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This global survey will examine the core driving factors throughout history, such as economics, environment, empire, and migration. This will take the shape of both an exploration of ideas and philosophies, as well as the social, cultural, and geographic contexts that formed and were formed by those ideas and philosophies. Students will examine these concepts in a global context, decentering the narrative from a Western perspective, instead focusing on the connections between a broad spectrum of societies. The goal of this course is to enable students to engage with contemporary global issues through a historical perspective.

HIST 2183 - Introduction to Public History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce students to the field of public history by teaching them the skills to become savvy consumers of the historical narratives they will encounter in the rest of their lives, as well as introducing them to the roles of both professionals and members of the public in creating and responding to works of public history. In contrast to academic research in history, public history seeks to capture the interest of the public in order to engage, entertain, influence, and inspire. Through a combination of lectures, readings, and individual and group projects, this class will explore how public histories are never neutral or apolitical, but instead are always engaged in broader social issues of power, identity, and belonging.

HIST 2403 - Survey of US History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the history of the

American nation, from its founding up to the 21st century. It covers exploration and colonization, the fight for independence, the fight over slavery, the Civil War, industrialization, the Great Depression, World War II, Vietnam, and 9/11. Aside from the usual politics, culture, economics, and wars, this course explores the changing role of religion in the private and public life of the country in light of a growing diversity of practices and a rising tide of secularism.

HIST 2473 - American Government

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to American National Government. It includes a study of the three branches of the federal government. Major public policy issues are also examined, including social welfare, civil liberties, civil rights, and foreign affairs. (Same as PSCI 2473)

HIST 2503 - U.S. History I: to 1877

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the formation of the American nation. It begins with exploration and colonization motives and methods. It explores the transformation of the European social, cultural, and political forms as they adapt to the limits and opportunities of the new world and the colonial experience. We trace how through trial, error, force, and faith, the colonies evolved into a new form of national sovereignty. Finally, we engage the forces unleashed by internal expansion, economic growth, and the regional, political, and cultural differences encapsulated in the fight over slavery.

HIST 2513 - U.S. History II: 1877 to the 1970's

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the reformation of the American nation. It begins with the Civil War and its social, cultural, and political repercussions. It tracks the effects of immigration and internal migrations, the closure of the West, and increasing urbanization and industrialization. We will look at the rise of the Federal government from the initial trust busting of the progressives to the modern corporate statism. Aside from the usual politics, culture, economics, and wars, the course explores the changing role of religion in the private and public life of the country against a growing diversity of practices and a rising tide of secularism.

357

HIST 2733 - Readings in History and Politics

3 credits

Readings in History & Politics is a course designed to allow students to practice the Historical and Political methods in reading, writing, and analysis.

HIST 3093 - History of Science

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines how science has influenced the advancement of the modern world as well as demonstrating how the progression of the modern world has influenced the growth of different branches of science. Rather than focusing on the discovery of science, the class will focus on the contextualization and production of science as part of the historical narrative, with an additional focus on the philosophical underpinnings of the scientific discipline. As part of this contextualization, students will delve into themes of class, ethnicity, gender, nationality, religion and race as they seek to understand the historical production of science, rather than what science has produced. (Same as PHIL 3093)

HIST 3113 - American Empire, 1945-Present

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the reality of the United States as a world superpower in the post-World War II era and the internal developments that accompanied it as the nation crossed "the bridge to the 21st century." Topics will include: the Cold War, Johnson's "Great Society" and the social crises of the 1960s, Vietnam, Ronald Reagan the Republican Revolution of the 1980s, post-Cold War developments, the rise of global terrorism, and the divided age of Bush, Clinton, Obama, and Trump. The course will feature significant attention to primary sources, notable monographs, and related student research as it parses the United States' journey to the present day.

HIST 3223 - Early Modern Europe

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the period of European history from the Reformation to the Enlightenment. The common refrain across European intellectual, political, and even social circles was for reform, but exactly what that meant was up for violent debate. This course will especially focus on the birth of the modern state in the aftermath of Westphalia, and the changing nature of social interaction in the wake of these intellectual and political upheavals.

HIST 3233 - 19th Century Europe

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course tackles the 19th century, from the advent of Napoleonic empire to the imperial origins of World War I. While the 19th century featured a plethora of critical moments in European and world history, this course will specifically focus on the growth of imperialism, both informal and formal. This necessitates understanding economic, social, intellectual, and religious motivations for imperialism, but also provides a lens through which we can understand both cause and effect. This course will also privilege the subaltern perspective, focusing not just on the imperial agenda, but on those affected and oppressed by the age of empire.

HIST 3243 - 20th Century Europe

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course resides in the 20th century, examining the rise of totalitarianism, fascism, and communism, and their extreme ramifications across the world. While the focus will primarily be on Europe, a large portion of the course will focus on the aptly named World Wars, and thus this course includes a global dimension. Thematically, this course will focus especially on the historical context for the growth of the extreme ideologies of the 20th century, and look at the impact of those ideologies beyond strictly the political.

HIST 3293 - The Age of Revolution: 1776-1847

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the Age of Revolution, from 1776 – 1848. Beginning with the question of whether the American Revolution fits the modern model of "Revolution", the course will spend most of its time on the European continent with the French Revolution and its successors. The Industrial Revolution also serves as a critical antecedent and participant in this Revolutionary drama. This is not just a course on political revolutions, but situates revolutionary upheaval and violence in the context of family, religion, and art.

HIST 3353 - Early America to 1763

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the theme of "discovery" in the North American context through 1763. Topics will include: the initial settlement and diverse societies of pre-Columbian peoples, the mutual "discoveries" represented by the meeting of Europeans and existing Native American populations, the age of European colonization, and the growing discovery of a unique set of diverse North American experiences and cultures. The course will feature significant attention to primary sources, notable monographs, and related student research.

HIST 3363 - American Revolutions: 1763-1877

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the theme of "revolution" in the context of the United States from 1763-1877. Topics will include: the coming of the American Revolution, the establishment of a national government, the Jeffersonian transition, the "revolution" of antebellum reform and tensions over slavery in the 19th century, Manifest Destiny, the Civil War, and what historian Eric Foner calls the "unfinished revolution"—Reconstruction. The course will feature significant attention to primary sources, notable monographs, and related student research as it parses the emergence and changes in the United States' self-identity and national development during this era.

358

HIST 3373 - America Comes of Age: 1877-1945

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the United States' development into a major world power from 1877-1945. Topics will include: the continuing development of industry, labor, and finance during the Gilded Age, the closing of the frontier, American efforts at imperialism, the various plans and effects of Progressivism, the Great Depression and New Deal, and both World Wars. The course will feature significant attention to primary sources, notable monographs, and related student research.

HIST 3453 - US Diplomatic History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A focus on foreign policy and international events beginning with the Spanish-American War. The course traces the evolving roles of Congress, the State and Defense Department, and the Presidency through the rise and fall of isolationist tendencies, two World Wars, the rise and fall of Communism and the Cold War era with its numerous foreign engagements, to the evolving wars in the Middle East and against Terrorism. The way in which the various branches of the United States government dealt with those events internally and externally is an important aspect of this course. (Same as PSCI 3453)

HIST 3503 - Pacific Northwest History and Government

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the Pacific Northwest from its discovery by Europeans to the present. Three connected sets of themes provide a focus for the course. One is the changing circumstances of and relationships between the diverse peoples and cultures of the region. Another set of themes revolves around diverse peoples uses for and attitudes toward natural resources. The third set of themes is how a sense of regional identity evolved over time in the Pacific Northwest. The course will also include a description of the government of Washington State.

HIST 3523 - American Religious History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An in-depth examination of American religious history from the colonial period through the twentieth century examining the relationship between culture, economics, politics, race, gender, theology, and religious experience. The course will highlight Puritanism, revivalism, evangelicalism, civil religion, fundamentalism, denominationalism, Catholicism, Pentecostalism, and church-state issues. (Same as CHIS 3523)

359

HIST 3563 - Historical Theory and Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement.] This course surveys current issues facing the historical discipline and contemporary theories that shape present historical inquiry. Additionally, it reviews the historians' processes in writing narratives from primary and secondary sources, which includes citation and formatting appropriate to the discipline. Integrates Christian faith with the practice of history through discussion and personal reflection.

HIST 3603 - Church History I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the Christian church from the post-apostolic fathers to the late medieval church on the eve of the sixteenth century Reformation. Topics include the rise of orthodoxy, the many transformations that took place after the conversion of Constantine, the rise of the papacy, the many forms of medieval religious life, and the emergence of new forms of both lay and clerical piety. (Same as CHIS 3603)

HIST 3613 - Church History II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the Christian church, especially in the West,

from the sixteenth century Reformation to the present day. Topics include the leaders and issues of the Reformation, the Catholic Counter-Reformation, the emergence of the many Protestant traditions, the modern missions movement, the church in an increasingly secularized society, and the role of the church in U.S. history. (Same as CHIS 3613)

HIST 3653 - Women and Gender in the Modern West

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will survey the evolving constructs of gender from the end of the nineteenth century to the present in Western societies. While primary emphasis will be on the changing status and role of women, the broader questions of gender itself will also be explored. This is a seminar course with required reading and participation.

HIST 3723 - Law and Judicial Process

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the judicial/legal process, including the role of the common law, the court system, the lawyer, the police and alternative dispute resolution. (Same as LEGL 3603 and PSCI 3603)

HIST 3763 - History and Politics Workshop

3 credits

Taken during the Junior or Senior year of study, the History & Politics Workshop is designed to develop a History and Politics student's skills in research, writing, and analysis. Student's will select a subject of interest, identify primary and secondary sources, and complete an annotated bibliography based on their research. The course will culminate in a project proposal for the Senior Thesis. This course is a prerequisite for enrollment in Senior Seminar.

HIST 4723 - Topics in African History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Africa or a country within the region. Course content varies to reflect topics of interest to students and faculty. This course may be taken for repeated credit with different topics. This is a seminar course with required readings and participation.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4733 - Topics in African History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Africa or a country within the region. Course content varies to reflect topics of interest to students and faculty. This course may be taken for repeated credit with different topics. This is a seminar course with required readings and participation.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4753 - Topics in American History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of America. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4763 - Topics in American History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of America. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4773 - Topics in Asian History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Asia or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4783 - Topics in Asian History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Asia or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4823 - Topics in Latin American History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Latin America or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

361

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4833 - Topics in Latin American History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Latin America or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4843 - Topics Middle Eastern History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Middle East or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4853 - Topics Middle Eastern History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Middle East or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4863 - Topics in Modern European History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Europe or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4873 - Topics in Modern European History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course focusing on a specific aspect of the history of Europe or a country within the region. Course content varies to reflect topics of interest to students and faculty. This is a seminar course with required readings and participation. This course may be taken for repeated credit with different topics.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4883 - Special Topics in History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses focus on topics of special historical interest to student and faculty including topics such as religion, gender, race and ethnicity, and economic history. Students may take multiple courses designated as Special Topics. Special topics courses are seminar courses with required readings and participation. Depending on the content of the course, courses may be cross-tallied with other disciplines.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4893 - Special Topics in History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses focus on topics of special historical interest to student and faculty including topics such as religion, gender, race and ethnicity, and economic history. Students may take multiple courses designated as Special Topics. Special topics courses are seminar courses with required readings and participation. Depending on the content of the course, courses may be cross-tallied with other disciplines.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4903 - Special Topics in History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses focus on topics of special historical interest to student and faculty including topics such as religion, gender, race and ethnicity, and economic history. Students may take multiple courses designated as Special Topics. Special topics courses are seminar courses with required readings and participation. Depending on the content of the course, courses may be cross-tallied with other disciplines.

Prerequisite: at least one college-level History or Political Science course or Instructors permission.

HIST 4923 - Research Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This is the first semester course (typically taken in the fall semester of a student's senior year) in a two-semester sequence that culminates (typically in the spring semester of a student's senior year) in a senior project involving original research of some kind. In this course students will be taken through the research process, including but not limited to a prospectus, a bibliography, and literature review. This course will also require students to consider the relationship between the Christian faith and history and politics, through a major integrative assignment.

Prerequisite: HIST 1043 Introduction to History and Politics

HIST 4933 - Research Seminar II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This is the second semester course (typically taken in the spring semester of a student's senior year) in a two-semester sequence that culminates in a senior project involving original research of some kind. In this course students will focus on the creation of the final project, possibly including the writing and editing of drafts and a public oral presentation.

Prerequisite: HIST 4923 Research Seminar I

HIST 4942 - History Internship

2 credits

History Internships offer students the opportunity to get practical, hands-on experience using the skills they have learned as a History major in the real world. Students are responsible for arranging their own internships in consultation with a professor. Internships can be in the field of public history, such as museums or archives, but can also involve research, writing, and/or digital humanities. An Internship Fee may be required.

Prerequisite: HIST 3563 Historical Theory and Method, and instructor's permission.

363

BMGT 3113 - Information Technology Program Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces students to key business principles and practices to effectively engage with strategic partners to build and ensure onboarding, execution and documentation in a Technical and Business Services organization. This course introduces concepts on developing new programs, defining the strategic roadmaps and executing the initiatives in a fast paced business environment. (Same as INTC 3113)

BMGT 3283 - Introduction to Data Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces database management systems and writing applications that use such systems; data models (e.g., relational, semi-structured), query languages (e.g., SQL, XQuery), language bindings, conceptual modeling, transactions, security, database tuning, data warehousing, parallelism, and Web-data management. The relational data model and the SQL query language. Conceptual modeling: entity/relationships, normal forms, XML, XPath, and XQuery. Transactions: recovery and concurrency control. (Same as INTC 3283)

BMGT 3493 - Introduction to Systems Analysis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Principles of systems analysis, business process decomposition and analysis, process analysis, function point analysis, business process improvement, process re-engineering, principles of requirements gathering and specification, methods of mapping business process requirements to information systems requirements, data flow analysis, input-output and GUI analysis. (Same as INTC 3493)

BMGT 4183 - Information Systems Design

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces business management concepts in information systems to solve distributed, large-scale and complex challenges in product design, development, and innovation. (Same as INTC 4183)

BMGT 4673 - Web-based Business Technologies

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces online technologies used in business, including: search engine optimization, web metrics and analytics, data exchange standards, XML, HTML5, social networks technologies, mobile applications and high performance cloud based systems. (Same as INTC 4673)

INTC 2053 - Introduction to Computer Science

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This foundational course presents the basic concepts, terminology, and brief history of computers and computing. Topics include an introduction to software development, the theory of algorithms, and the basic building blocks of computer systems. (Course fee required)

Prerequisite: (Students have the option to take a placement exam to test out of this class.)

INTC 3063 - Computer Organization

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces fundamental concepts of computer science and computational thinking. Includes reasoning, problem solving, data representation, abstraction, operation of computers and networks, effective Web searching. Examines fundamentals of logic, set theory, induction, and algebraic structures with applications to computing; finite state machines; and limits of computability. Structure and components of hardware and software systems. Machine organization, including central processor and input-output architectures; assembly language programming; operating systems, including process, storage, and file management. (Course fee required) (Same as BUSM 3063)

INTC 3083 - Computer Programming I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduction to programming concepts including procedural programming (methods, parameters, return values), basic control structures (sequence, if/else, for loop, while loop), file processing, arrays and an introduction to defining objects. This class will include hands-on programming in some simple programming languages. (Course fee required)

Prerequisite: INTC 3063 Computer Organization

INTC 3103 - Computer Programming II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Continuation of programming and problem solving, including abstract data types (ADTs), dynamic memory, linked lists, stacks, queues, and introduction to software testing. (Course fee required)

INTC 3113 - Information Technology Program Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces students to key business principles and practices to effectively engage with strategic partners to build and ensure onboarding, execution and documentation in a Technical and Business Services organization. This course introduces concepts on developing new programs, defining the strategic roadmaps and executing the initiatives in a fast paced business environment. (Course fee required) (Same as BUSM 3113)

INTC 3193 - Programming Languages

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of basic concepts of programming languages and programming paradigms, such as functional, object-oriented and logic programming. (Course fee required)

INTC 3223 - Compiler Construction

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the implementation of modern programming languages by looking at issues that arise in the design and construction of translators for programming languages. Topics include scanning, parsing, semantic analysis, code generation, garbage collection and optimization. (Course fee required)

INTC 3243 - Data Structures and Algorithms

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Covers the design, analysis, and implementation and application of data structures and algorithms. Topics include elementary data structures (such as arrays, stacks, queues, and lists) and more advanced data structures (including trees and graphs) as well as the algorithms used to manipulate these structures. (Course fee required)

INTC 3263 - Introduction to Artificial Intelligence

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce basic principles of Artificial Intelligence. This will include a study of the core topics of knowledge representation, reasoning, and learning, all from the perspective of probabilistic methods. Also included will be a study of the application of AI in systems for Natural Language Processing, Perception, and Robotics. (Course fee required)

INTC 3283 - Introduction to Data Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces database management systems and writing applications that use such systems; data models (e.g., relational, semi-structured), query languages (e.g., SQL, XQuery), language bindings, conceptual modeling, transactions, security, database tuning, data warehousing, parallelism, and Web-data management. The relational data model and the SQL query language. Conceptual modeling: entity/relationships, normal forms, XML, XPath, and XQuery. Transactions: recovery and concurrency control. (Course fee required) (Same as BUSM 3283)

INTC 3413 - Software Testing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course presents concepts and techniques for testing software and assuring its quality. Topics cover software testing at the unit, module, subsystem, and system levels, automatic and manual techniques for generating and validating test data, the testing process, static vs. dynamic analysis, functional testing, web application testing, and reliability assessment. (Course fee required)

INTC 3423 - Inference and Modeling

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce the foundational statistical concepts and models that find wide applications in data analytics. Topics covered include common distributions, Bayesian statistical models, linear models, logistic regression, etc.. We will explore tools and statistical programming language, like R, and attempt to predictive analytics modeling tasks with social applications. (Course fee required)

INTC 3433 - Professional Software Engineering

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Explores the principles and theory of software engineering and development including: requirements analysis, design and prototyping, system analysis, testing, project and version management, software and system metrics, and software development processes and lifecycles. (Course fee required)

INTC 3493 - Introduction to Systems Analysis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Principles of systems analysis, business process decomposition and analysis, process analysis, function point analysis, business process improvement, process re-engineering, principles of requirements gathering and specification, methods of mapping business process requirements to information systems requirements, data flow analysis, input-output and GUI analysis. (Course fee required) (Same as BUSM 3493)

INTC 3803 - Special Topics in Computer Science

3 credits

A course providing undergraduate students with new, one-time, and developing courses not yet available in the regular curriculum. Examples of topics include: Introduction to Artificial Intelligence, Foundations of Cybersecurity and Privacy, and Programming Language Concepts. Students may repeat this course as new topics are introduced.

INTC 4183 - Information Systems Design

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces business management concepts in information systems to solve distributed, large-scale and complex challenges in product design, development, and innovation. (Course fee required) (Same as BUSM 4183)

INTC 4273 - UX Computer Architecture

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduction to concepts around computer and microprocessor architecture including assembly and machine language, microprocessor organization, computer arithmetic, memory systems and caching, etc. (Course fee required)

INTC 4303 - Foundations of Cybersecurity and Privacy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to cyberthreats, hacking, and privacy issues from the standpoint of developing software systems. This course will include discussions and examples of network, operating system, data and internet vulnerabilities, introduction to cryptography, and examples of successful attacks and intrusions. (Course fee required)

INTC 4343 - Computer Architecture

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the organization of computer system hardware. Topics include transistors, logic gates, basic processor components, memory systems, input/output device, and low-level machine instructions. (Course fee required)

INTC 4353 - Distributed Systems

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the main principles underlying distributed systems: processes, communication, naming, synchronization, consistency, fault tolerance, and security. (Course fee required)

INTC 4363 - Introduction to AI and Machine Learning

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce basic principles and techniques in the fields of AI and machine learning. We will explore key algorithms, methods and tools with motivating applications in our daily lives and in our society. Using algorithms to create machine learning models, students will discover how to load and prepare data, evaluate models, and implement a suite of linear and nonlinear algorithms. (Course fee required)

INTC 4383 - Operating Systems and Networks

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to basic concepts to understand and evaluate operating systems and network technologies. This course introduces issues impacting operating system design, implementation and selection. This course also provides an understanding of the technologies underlying the Internet and the WWW. (Course fee required) (Same as BUSM 4383)

INTC 4393 - Advanced Computer Science Lab

3 credits

A course devoted to practicing computer science knowledge and skills in small group project teams. Students will have the opportunity to participate in project activities in each of the various roles required within software development teams including design, programming, project management, etc.

INTC 4503 - Machine Learning Concepts and Applications

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce basic principles and techniques in the field of machine learning. We will explore key algorithms, methods and tools with motivating applications in our daily lives and in our society. Using algorithms to create machine learning models, students will discover how to load and prepare data, evaluate models, and implement a suite of linear and nonlinear algorithms. (Course fee required)

367

INTC 4513 - Legal and Ethical Issues in Information Technology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A review of legal and ethical challenges in the Information Technology field. Topics include privacy, security, ownership, federal and state law, and liability. Students will apply insights from biblical and theological studies. (Course fee required)

INTC 4533 - Data Mining and Analysis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The core endeavor in data mining is to extract knowledge from data, the knowledge is captured in human understandable structures, patterns and relationships. We will introduce the end-to-end data mining process and the core components for the discovery of the patterns: data pre-processing, exploratory analysis, choices of algorithms and inferences, evaluation of models, interpretation and visualization of the results that are actionable. We will explore tools suitable for different types of data, methods for discovering different kinds of knowledge, with motivating applications. (Course fee required)

INTC 4573 - Big Data Analytics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will introduce the essential concepts of big data engineering. We will explore tools for distributed data storage and processing, with motivating applications in analytics that are essential to decision support systems, particularly applications for public interest. (Course fee required)

INTC 4673 - Web-based Business Technologies

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces online technologies used in business, including: search engine optimization, web metrics and analytics, data exchange standards, XML, HTML5, social networks technologies, mobile applications and high performance cloud based systems. (Course fee required) (Same as BUSM 4673)

INTC 4793 - Capstone Project

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Students work on instructor approved projects to design and implement a software application or utility involving multiple areas of the CO curriculum. (Course fee required)

INTC 4913 - Computer Science International Experience

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Covers theory, research, and approaches for data analysis in an international setting. Topics will be subject to the trip and any options which might reflect the area of specialization chosen by the student as appropriate to the international opportunities. (Course fee required)

INTC 4943 - Computer Science Internship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will provide experience in working with outside companies by working in a specific area of computer science, data analytics, machine learning, etc. We will strive to partner with companies and organizations to identify internship projects which allow our students to exercise their calling and express Christian ethos of Northwest University. (Course fee required)

INTC 4963 - Computer Science Capstone

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an opportunity for a culminating Computer Science, Data Science, or Machine learning projects, highlighting the use of design, development and testing strategies. In addition, some percentage of this course will allow the students to demonstrate a tangible spiritual integration expression in their final project. (Course fee required)

368

INCS 2093 - Evangelism, Outreach, and Mission

3 credits

This course focuses on the biblical perspective of mission including the understanding of *missio dei* and holistic evangelism strategies for all ages: children, youth, and adult. In addition, students will gain insights on how the local church should be involved in local, regional and international missions. (Same as CMIN 2093)

INCS 2413 - History of Christian Missions

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the history of Christian missions and the historical context of the expansion of Christianity. Special emphasis is given to Assemblies of God and other modern missions and the development of effective principles of missions. Biographies of famous missionaries are also studied. (Same as CHIS 2413)

INCS 3043 - Teaching in a Multicultural World

3 credits

This courses design targets teacher, ministers, and workers in multicultural or cross-cultural contexts. The course focuses on the teacher being the Christ-like curriculum, living as a model for students in any cultural setting, as well as theories of multicultural and cross-cultural education and how contextual diversity affects education. Students learn and plan effective multi-cultural lessons in harmony with students learning styles.

INCS 3073 - International Development in Missions

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on international development/compassion ministries within the context of missions. It looks at the biblical mandate for compassion ministries, discusses the root causes and definition of poverty and then examines best practice methodology and responses. Students will gain insights on how to implement holistic ministries that empower and transform communities, with an emphasis on the local church and local sustainability.

INCS 3353 - Planting Innovative Churches

3 credits

An overview of the biblical mandate for an effective approaches to planting churches. Through biblical study, readings, modeling, and guests, including many of the leading church planters in the region, students gain skills to assess their own fitness for church planting and develop a holistic plan for planting an evangelistically effective congregation. (Same as PMIN 3353)

INCS 3423 - Cultural Anthropology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is an introductory study of the cultural values and differences of the various peoples of the world. The study seeks to develop an understanding of and an appreciation for the ways people of various cultural backgrounds perceive reality and relate to each other. Particular application is made on how these insights prepare individuals for cross-cultural living and ministry. (Same as SOCI 3423)

INCS 3433 - Intercultural Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Findings from the fields of communication, psychology, sociology, linguistics, and anthropology are combined with the study of characteristics of various cultures to provide the student with a basis for effective communication in all cultures. (Same as COMM/SOCI 3433)

Prerequisite or Concurrent: COMM 1003 Introduction to Human Communication.

INCS 3503 - Introduction to World Religions

3 credits

An introduction to the major living world religions and sects. Such matters as the genesis, historical development, cultural expansion, and salient features of the belief system of each religion are considered. Particular attention is given to the encounter of the Christian faith with these religions, both domestically and abroad. (Same as RELG/SOCI 3503)

INCS 3603 - Area Studies

3 credits

(Offered in various regions) This course will examine a region's geopolitical, historical, religious, economic, and social realities and will be taught on-site during the international semester abroad. Sample course title: Peoples and Cultures of the Middle East. May be repeated.

INCS 3613 - Area Studies

3 credits

(Offered in various regions) This course will examine a region's geopolitical, historical, religious, economic, and social realities and will be taught on-site during the international semester abroad. Sample course title: Peoples and Cultures of the Middle East. May be repeated.

INCS 3623 - Area Studies

3 credits

(Offered in various regions) This course will examine a region's geopolitical, historical, religious, economic, and social

realities and will be taught on-site during the international semester abroad. Sample course title: Peoples and Cultures of the Middle East. May be repeated.

INCS 3633 - Area Studies

3 credits

(Offered in various regions) This course will examine a region's geopolitical, historical, religious, economic, and social realities and will be taught on-site during the international semester abroad. Sample course title: Peoples and Cultures of the Middle East. May be repeated.

INCS 3643 - Area Studies

3 credits

(Offered in various regions) This course will examine a region's geopolitical, historical, religious, economic, and social realities and will be taught on-site during the international semester abroad. Sample course title: Peoples and Cultures of the Middle East. May be repeated.

INCS 3653 - Area Studies

3 credits

(Offered in various regions) This course will examine a region's geopolitical, historical, religious, economic, and social realities and will be taught on-site during the international semester abroad. Sample course title: Peoples and Cultures of the Middle East. May be repeated.

INCS 4773 - Integrative Seminar in Intercultural Studies

3 credits

This is the culmination of the Intercultural Studies program which utilizes class projects from selected Intercultural Studies Core classes to develop a realistic plan for career goal achievement. Included are planning for debt retirement, fund raising, finding a platform for ministry, identifying steps to actualize ministry goals and other topics. The class is tailored to the students career aspirations.

370

INCS 4943 - International Intercultural Studies Internship

3 credits

An opportunity for students to engage in ministry in a semester-long, international cross-cultural setting. Internship allows the application of knowledge and skills gained in academic study to practical ministry under the supervision of experienced missionary personnel. Mentoring which occurs during the internship allows the student to further develop the skills and the character necessary for engaging in missionary activity. (Graded on a Pass/ No Credit basis)

Prerequisite: instructor permission.

INCS 4953 - US Intercultural Studies Internship

3 credits

An opportunity for students to engage in a domestic (United States-based) cross-cultural experience. Internship allows the application of knowledge and skills gained in academic study to practical Christian service under the supervision of experienced personnel. Mentoring which occurs during the internship allows the student to further develop the skills and the character necessary for engaging in a variety of intercultural ministry/service activities. (Grade Pass/No Credit)

Prerequisite: Admission to College of Ministry; INCS 2413 History of Christian Missions; INCS 3453 Multi-cultural Evangelism; INCS 3433 Intercultural Communication or INCS 3423 Cultural Anthropology; PMIN 3303 Ministry Life and Calling.

IDIS 3913 - Cross-Cultural Experience

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This cross-disciplinary trip provides students with a short-term study-abroad experience to expand their understandings of culture, scholarship, and Christian faith. The course

will thoughtfully prepare students to conceive of themselves as pilgrims--people who will encounter God in new, potentially life-changing ways through their interactions with course curricula, with the places and people they visit, and with each other. A travel fee is required.

LANG 1003 - Pre-Academic Writing

3 credits

This writing bridge course provides preparatory academic writing skills for students with language backgrounds other than English. Specific attention will be given to grammar, spelling, and punctuation as well as sentence and paragraph-level writing. Students who complete this course will be prepared for ENGL 1003 Foundations of College Writing.

LANG 1013 - Elementary Spanish I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is for beginners or students who have had 1 year of high school Spanish. Students will develop the ability to interpret aural, written, and visual messages in Spanish. In the course, students will interact by speaking and writing, and learning to present information in Spanish. The study of language aims to promote cultural understanding by leading students to investigate the practices, products, and perspectives of Spanish speaking cultures.

LANG 1023 - Elementary Spanish II

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Modern Language] This course is for students who have successfully completed Elementary Spanish I or two years of high school Spanish. The course emphasizes development of the students ability to speak and write in Spanish through a focus on conversation, grammar and vocabulary building. Students will read the Spanish Bible and further engage with the music and art of the Spanish speaking cultures.

LANG 1053 - Elementary French I

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Modern Language] French I is for beginners or students who have had one year of high school French. Students will develop the ability to interpret aural, written, and visual messages in French. In the course, students will interact by speaking and writing, and learning to present information in French. The study of language aims to promote cultural understanding by leading students to investigate the practices, products, and perspectives of French speaking cultures.

LANG 1063 - Elementary French II

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Modern Language] This course is for students who have successfully completed Elementary French I or two years of high school French. The course emphasizes development of the students ability to speak and write in French through a focus on conversation, grammar and vocabulary building. Students will read the French Bible and further engage with the music and art of the French speaking cultures.

LANG 2013 - Intermediate Spanish I

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Modern Language] This course for students who have had three or four years of high school Spanish or have successfully completed Elementary Spanish II or have the instructors approval, focuses on advanced grammar, further vocabulary building, written composition and conversational exercise. Hymns, the Bible and prayer are enjoyed.

LANG 2023 - Intermediate Spanish II

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Modern Language] This course teaches more advanced grammar with complex syntax along with further vocabulary building in specific contexts. The student will tell Bible

stories and pray in Spanish.

Prerequisite: Successful completion of LANG 2013 or approval of instructor.

LANG 2113 - Biblical Hebrew I

3 credits

Students learn to read the Bible in Hebrew by means of practices adapted from Second Language Acquisition and are introduced to basic vocabulary, grammatical forms, and linguistic principles of Biblical Hebrew. Students may use this first course to fulfill the 3-credit additional requirement in the Humanities section of the Core Curriculum requirements.

LANG 2123 - Biblical Hebrew II

3 credits

A continuation of LANG 2113. Students devote more attention to translation and exegesis, particularly of narrative texts. Together, these two courses equip one to understand Biblical Hebrew and make judicious use of academic commentaries and other resources dealing with the Hebrew text. Since the focus is on Old Testament texts, students may use this second course as a 2/3000 Bible Elective or, where specified, a 2/3000 Old Testament Bible Elective.

LANG 2213 - New Testament Greek I

3 credits

Students learn to read the New Testament in Greek by means of practices adapted from Second Language Acquisition and are introduced to basic vocabulary, grammatical forms, and linguistic principles of New Testament (Koin?) Greek. Students may use this first course to fulfill the 3-credit additional requirement in the Humanities section of the Core Curriculum requirements.

LANG 2223 - New Testament Greek II

3 credits

A continuation of LANG 2213. Students devote more attention to translation and exegesis, particularly in 1 John. Together, these two courses equip one to understand New Testament Greek and make judicious use of academic commentaries and other resources dealing with the Greek text. Since the focus is New Testament texts, students may use this second course as a 2/3000 Bible Elective or, where specified, a 2/3000 New Testament Bible Elective.

LANG 3073 - Hebrew Reading and Exegesis

3 credits

Readings of selected Old Testament passages, with special attention given to development of advanced exegetical skills. (Same as BIBL 3073)

Prerequisite: LANG 2123 Biblical Hebrew II.

LANG 3083 - Greek Reading and Exegesis

3 credits

Readings of selected New Testament passages, with special attention given to development of advanced exegetical skills. (Same as BIBL 3083)

Prerequisite: LANG 2223 New Testament Greek II.

LANG 3293 - English Grammar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An intensive and practical study of English grammar, including forms and functions of the parts of sentences, editing, and methods of teaching grammar to ESOL students. (Same as ENGL 3293)

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing.

LANG 4023 - Phonetics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is the study of speech sounds and their articulatory features, as well as sound patterns. The course is intended for those who expect to teach a language, especially English as a Second Language.

Prerequisite: LANG 4013 and junior standing or permission of instructor.

LANG 4221 - New Testament Greek Tutorial

1 credits

[Meets the Core Curriculum Writing Practice Requirement] A course in which students further develop their New Testament Greek skills by tutoring first-year Greek students in the Library and/or grading their assignments. Under the supervision of the instructor, tutors help first-year New Testament Greek students with their Greek problems and concerns on a one-on-one basis for an agreed-upon number of hours per semester. Tutors develop skills that help them recognize and discuss various fundamental grammatical issues. May be repeated to a maximum of three course credits.

Prerequisite: instructors permission.

LANG 4503 - Introduction to English Language Learning

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Theory, methods, and practical aspects of teaching English to speakers of other languages. The course is designed for volunteer teachers or tutors both in this country and in foreign countries, as well as giving an overview of the field for those considering TESOL as a career. (Same as EDUC 4503)

LANG 4513 - ELL Methods and Materials

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examination and critique of methods and materials for teaching English as a second language. Attention is given to principles of assessing student needs and choosing appropriate methods and materials. Practice in developing and adapting ESL materials in the context of specific methodologies form part of the learning experience.

LANG 4553 - ELL Assessment

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Constructing and administering tests in ESOL classes. Evaluation tools for assessing second language proficiency are studied.

Prerequisite: LANG 4563 Teaching ELL Literacy

LANG 4563 - Teaching ELL Literacy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examination of the developmental stages in the process of reading and writing, as well as teaching techniques of reading and writing. Written English is analyzed with an emphasis on both structure and style. Each of the levels of literacy is examined from emergent literacy, proficient literacy, and specialized literacy.

LANG 4950 - Language Learning Practicum

0 credits

The student will enroll in a modern language course and work with both the language teacher and the TESOL teacher. In addition to experiencing the language learning process, the student will be required to keep a journal and write a paper from a highly intentional observation and reflection focus for the TESOL teacher. Taken in conjunction with second semester of modern language.

LANG 4951-3 - Practicum in Tesol

1-3 credits

[Meets the Core Curriculum Writing Practice Requirement] Field service involving 2 to 3 hours a week minimum of teaching TESOL to a class of ESOL students or tutoring ESOL students. This is to be done under the supervision of the faculty who teach TESOL courses. In addition a one-hour weekly seminar on campus is required. The student integrates methods from prior or concurrent course work with the practicum. He or she prepares the lessons and materials for the teaching sessions under the direction of the faculty supervisor.

Prerequisite: LANG 4503 Introduction to ELL and LANG 4513 ELL Methods and Materials.

LDRS 3033 - Foundations of Leadership

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An overview of the personal characteristics and professional competencies that contribute to effective leadership in organizational settings. Students participate in several personal assessments, investigate leadership theories, and review leadership characteristics, all leading to a personal approach to leadership.

LDRS 3123 - Children and Youth in Crisis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Children and youth are especially susceptible to the traumatic effects of natural and human-made disasters. Because of their higher level of innocence, minimal experience, and the vulnerable place they have in many societies, relief actions and strategies must identify actions and strategies as quickly as possible. Students identify stress symptoms and emotional suffering in order to help as fully as appropriate and then to direct individuals to qualified support specialists. This course is not intended for professional or trained counselors, but for those who are on site immediately following natural or human caused disasters.

LDRS 3233 - Domestic Disaster Services

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Domestic Disaster Services presents the foundation principles and skills necessary to plan and conduct services for the four phases of disasters: Preparation, Mitigation, Response, and Recovery. Emphasis is upon coordination of services between governmental, non-governmental, and religious-based organizations.

LDRS 3293 - Leading Compassion Projects

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Providing disaster and humanitarian relief is a complex process involving individuals from diverse backgrounds, locations, languages, preparation, involvement, and commitment. Leadership in these settings requires both skills in leading multifaceted projects, delegating responsibilities, inspiring volunteers, and managing funds. This course prepares students for leadership within the field of community relief and development.

LDRS 3413 - Refugee and Migrant Populations

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Populations of refugees and migrating groups undergo deep physiological, psychological, and economic challenges. Whether human-made or natural causes behind the disaster, those who experience these traumas are affected to varying degrees based on local, language, age, gender, support structures, and socioeconomic dynamics. Students review the forces at work, current research, and individual and community-based approaches to serve these groups with compassion and effectiveness.

LDRS 3513 - Poverty and Its Impact

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Students review the existence of and consideration for

those who are experiencing poverty and suffering in both domestic and international settings. Multiple views are presented, including political, social, geographical, climatic, biblical, and religious. Various solutions are examined, including historical and contemporary, with an emphasis on programs' motivation and effectiveness. Approaching strategies from a community approach is a special focus of this course.

LDRS 4193 - Leading Effective Teams

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the essential aspects involved in forming, leading, and sustaining an effective team. Students review the theory and practical aspects of team dynamics, including member selection, group interactions, leadership styles, goal setting, progress monitoring, and results dissemination.

LDRS 4233 - Organizational Leadership and Change

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the various leadership skills and components necessary for groups and organizations to implement effective change efforts. Topics addressed include change theory, vision casting, scheduling, communication, and leadership responsibilities in successful change.

LDRS 4313 - Applied Sustainability

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Applied sustainability prepares students to meet the challenges of those in need through compassion, cutting edge technology, sustainable processes, and financially viable methods. Students investigate approaches to the provision of clean water and adequate food resources to the Least Developed Countries and to people most impacted by physical and economic disaster. Students will specifically be prepared to pass the Certified Crop Advisor Exam.

LDRS 4353 - Health Management in Global Settings

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Providing support through humanitarian outreaches can become physically, spiritually, mentally, and psychologically demanding on the caregivers. Preventative healthcare and self-care practices are critical, especially in the demanding environments often associated with disaster mitigation or relief. Students learn to monitor themselves and fellow relief participants to ensure sustained activities in a variety of settings.

LDRS 4523 - International Disaster Services

3 credits

[Meets the Core Curriculum Writing Practice Requirement] International Disaster Services presents the foundation principles and skills necessary to plan and conduct services for the four phases of disasters: Preparation, Mitigation, Response, and Recovery. Emphasis is upon coordination of services between international governmental, non-governmental, and religious-based organizations.

LDRS 4563 - Public Policy and Advocacy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Governments use public policy to address social problems such as housing and welfare, to counter threats such as crime and illegal drugs, and to pursue other objectives, including revenue generation. A nation's regulatory, distributive, and redistributive policies have direct impact to prevent, mitigate the impact, and to recover from natural and created disasters. This course prepares students to interact with and influence decision makers at all governmental levels. Special focus is on the advocacy for those people who often have a weaker voice to the decision process.

LDRS 4593 - Crisis Psychological Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The first few days through which individuals experience

crisis are critical to their physical and psychological survivability. Support personnel must understand the foundational aspects of acute distress in both those experiencing crisis and those providing relief and support. Students are trained to identify stress symptoms and emotional suffering in order to assist as much as appropriate and then to direct individuals to qualified support specialists. This course is not intended for professional or trained counselors, but for those who are on site immediately following natural or human caused disasters.

LDRS 4933 - Humanitarian Leadership Practicum

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The Compassion Leadership Practicums and Internships allow students to apply the theory and course-based learning to real-life situations through actual operation organizations and agencies. Students are responsible for procuring their practicum and internship sites, with the assistance of their academic advisor. Hope Education Network partners are available along with the university's own practicum and internship partners.

LDRS 7773 - Faith, Ethics and Leadership

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the relation of religious faith and ethics with leadership theory and practices. Christian faith, social ethics, and moral philosophy will be studied, and attention given to the integration of resources from faith traditions with moral practices in leadership. Notions of power, culture and cultural differences, justice, virtue ethics, human dignity and human purposes, and the nature and purpose of communities will be examined in relation to leadership and the formation of leaders.

LEGL 3403 - Business Law

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the legal aspects of business decision-making, including dispute resolution, torts, contracts, intellectual property and employment law. The course provides students with an understanding of the role of legal rules and their impact on business. (Same as BUSM 3403)

376

LEGL 3513 - The American Presidency

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the American political system, one of the most unique and successful institutions in history, as it comes to focus in the presidency. This course studies the creation and development of the American Presidency, including Presidential powers, policy-making, leadership style, limitations, and current trends. (Same as PSCI 3513)

LEGL 3523 - Legal Issues in the Church

3 credits

A study of business and legal matters related to the local church, e.g., records and minutes; tax exemption; incorporation procedures; and laws of contracts, deeds and bonds. Criminal laws pertaining to ministerial malpractice, sexual harassment, discrimination and child-abuse are also examined. Christian responsibility for deferred giving and estate planning are considered. Attention also is given to polity (forms of church governance) with special emphasis on the Assemblies of God. (Same as PMIN 3523)

LEGL 3643 - Legislative Process

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the national legislative process, including the role of Congress and the way in which it operates, presidential leadership, and administrative participation in formulation of policy. (Same as PSCI 3643)

LEGL 3703 - International Security and Terrorism

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course deals with International Security, National

Security, Terrorism, and Intelligence gathering (spying). We examine various aspects of deterrence theory as well as various theories of war fighting in order to understand the behavior of nation-states as they attempt to secure themselves. The events of 9/11 have changed the primary focus of security issues to the war on terrorism, but have not changed the need of traditional security in the nuclear age. This is a thinking class that will require you to think outside of your normal understanding. Students will need to think in military terms and from the point of view of political leadership. It is hoped that you will achieve an appreciation of the complexity of international security issues and that you will desire to learn more as both a student and a citizen. (Same as PSCI 3703)

LEGL 3723 - Law and Judicial Process

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the judicial/legal process, including the role of the common law, the court system, the lawyer, the police and alternative dispute resolution. (Same as HIST 3723 and PSCI 3723)

LEGL 4743 - Senior Thesis

3 credits

A study in which the student applies learning gained in the core courses to a specific problem or area of interest in the Politico-Legal field. This course is intended to be a culminating, learning experience in which the student demonstrates politico-legal comprehension and expression through a supervised project.

LEGL 4943 - Legal Studies Internship

3 credits

An introduction to the politico-legal setting through supervised work for a complete semester or an equivalent summer term. Students may be placed in a variety of settings: governmental offices, law firms, the court system, or research organizations.

BMGT 2003 - Survey of Music Business

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An Introductory overview of the music industry business, including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities. (Same as AVPE/MUAR 2003)

BMGT 2013 - Survey of Audio Technology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the major areas of recording technology as related to the music industry. Topics include recording live instruments and voices, mixing recorded tracks and the skills needed to create a final master for CD, DVD, MP3 type files or sound files for internet delivery. (Same as AVPE/MUAR 2013)

BMGT 3063 - Personal Financial Management

3 credits

An applied course in managing personal finances. Topics include budgeting, credit, income tax, insurance, investments, home ownership, bank accounts, financial planning, consumer purchases, online financial tools and personal financial advisor as a career field. (Same as BFIN 3063)

BMGT 3103 - Organizational Behavior

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is an introduction to the fundamental concepts of organizational behavior. Techniques for how organizations can be more effectively managed and methods for increasing the quality of employees' work life are explored.

BMGT 3123 - Information Systems Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examines the processes for collecting, verifying, and processing information to assist management in making decisions to achieve the organization's goals. Software, hardware, networks, and electronic data interchange are reviewed.

BMGT 3153 - Startup and Small Business Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course applies business management concepts to the unique challenges of starting and operating a small business. Topics include funding an entrepreneurial venture, sustainability, scalability, managing risk, as well as running a family business, franchise opportunities and exit strategies.

BMGT 3183 - Leadership and Management

3 credits

This course studies the dynamics of leadership and its relationship to management, particularly focusing on the skills and styles required for effectiveness in organizations and small groups. Students will identify their own leadership capacities through feedback, reflection and practice.

BMGT 3193 - Principles of Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is designed to help students understand the major functions of management (planning, organizing, leading, and controlling) and the significance of each function in relationship to the existence of an organization. Emphasis is placed on the competencies and skills need for managers in the current business environment.

378

BMGT 3203 - Human Resource Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Study of the provision and coordination of human resources inside and outside of the organization. Learning to relate these resources to the environment and objectives of the organization. Includes training, labor relations, unions, compensation, planning, staffing, technology transfer and other human resource development planning.

BMGT 3433 - Professional Sales and Sales Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the theory and fundamental frameworks of professional sales and the roles of the sales manager within the organization. Students will learn sales skills through class discussion and activities leading to the practical application of selling strategies. (Same as BMKT 3433)

BMGT 3463 - Workforce Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that focuses on two major and interrelated human resource management issues: Traditional Supervisory Management and E-Business Workforce Management. Both segments of this course examine the role and responsibilities of first line/supervisory managers, one in the traditional work environment and the other within a distributed and electronic work environment.

BMGT 3713 - Artist and Repertoire

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the role of the manager in representing the recording, touring, and brand management of a music artist. Topics include the role of the artist's manager, the impact a manager has upon the career/brand of a music artist, and past and current management trends

impacting today's artists. (Same as MUAR 3713)

Prerequisite: BMGT/MUAR 2003 Survey of Music Business

BMGT 3901 - Professional Music Industry Tour

1 credits

This course studies the commercial and retail music industry by visiting music recording studios in the Los Angeles area and attendance at the National Association of Music Merchants (NAMM) annual show in Anaheim. (Additional travel fee required) (Course fee required) (Same as AVPE/MUAR 3901)

BMGT 4023 - Operations Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An analysis of the design and implementation of the process of business operations in manufacturing and services sectors. Topics include: forecasting, business process analysis, facilities planning and layout, inventory and manufacturing process design.

Prerequisite: junior or senior level student.

BMGT 4173 - Advanced Professional Selling

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This class will seek to more fully prepare students for excellence in an entry-level professional selling position. Specifically, students will gain advance instruction and development in interpersonal communication skills (especially in team selling situations), career management, personal productivity, deal negotiation, and coordination with other functional areas. (Same as BMKT 4173)

Prerequisite: BMKT 3433 Professional Sales and Sales Management

BMGT 4503 - Management of Nonprofit Organizations

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course presents the broad range of possibilities in creating and operating a nonprofit system. Examples of small and large systems will be examined. Each student will describe and define a nonprofit system.

BUSM 4333 - Business Strategy and Planning

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that discusses the knowledge and skills required to lead and implement new strategies, thought and operations processes and technologies in business and organizational environments. Students examine the means to create and sustain innovation and competitive advantage.

Prerequisite: BMKT 3303 Marketing Theory.

BMKT 2453 - Mass Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of various types of communication media that conveys a message to a large number of people. Students review mass communication theory, the role mass communication plays in daily life, and methods of becoming better receivers and interpreters of mass media messages. (Same as COMM 2453)

Prerequisite or Concurrent: COMM 1003 Introduction to Human Communication

BMKT 3023 - Social Media Marketing Strategies

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will examine several key strategic and tactical processes and activities necessary for utilizing social media to engage customers, develop markets, and support business strategies.

BMKT 3223 - International Marketing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines the theory and application of international marketing from a global, rather than a U.S.-centered viewpoint. International management issues are examined both from the perspective of small and midsized businesses, as well as multinational firms. The course also focuses on ethical issues concerning the global diversity of customs and morals, environmental issues, and the impact of trade.

BMKT 3293 - Advertising

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the skills and concepts involved in the development and function of advertising, including design concepts, copywriting and the production process.

BMKT 3303 - Marketing Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examination of marketing activities such as defining, locating, acquiring, moving, promoting, assessing, financing, monitoring, and selling of goods and services required or desired by society. The study of marketing provides the opportunity to assess the possibility of achieving personal goals through the field of marketing while providing needed goods and services.

BMKT 3413 - Online Marketing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course presenting the principles and practices of marketing goods and services in an online environment. Students learn how to create, maintain, and evaluate customer relationships in an online market space.

Prerequisite: BMKT 3533 Web Design and Layout.

BMKT 3433 - Professional Sales and Sales Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the theory and fundamental frameworks of professional sales and the roles of the sales manager within the organization. Students will learn sales skills through class discussion and activities leading to the practical application of selling strategies. (Same as BMGT 3433)

BMKT 3503 - Market Research

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An investigation of the components that determine the readiness of the marketplace to accept new, and/or modified services and products. Marketplace research tools, government and industry marketing resources are reviewed.

Prerequisite: BMKT 3303 Marketing Theory.

BMKT 3533 - Web Design and Layout

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course devoted to teaching how to construct websites that are user-friendly and well designed. Site definition, audience research, structure and design are included. Students will also learn how to access free or nearly-free options which provide web hosting and templates. Course projects will

include building a website and designing websites that are effective for clients. Participants should have basic computer/operating system skills, and be familiar using the Internet.

BMKT 4053 - Consumer Behavior

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Examines how consumers make choices about what, how and when they buy. Special emphasis will be placed on behavioral and ethical concepts in the study of consumer behavior and the relationships of consumer behavior with marketing strategies.

BMKT 4173 - Advanced Professional Selling

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This class will seek to more fully prepare students for excellence in an entry-level professional selling position. Specifically, students will gain advance instruction and development in interpersonal communication skills (especially in team selling situations), career management, personal productivity, deal negotiation, and coordination with other functional areas.

Prerequisite: BMKT 3433 Professional Sales and Sales Management.

BMKT 4423 - Advanced Topics in Marketing

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course offers an in-depth study into current marketing trends. Topics to be discussed will include Word of Mouth (WOM), Buzz, and Viral marketing, social responsibility in marketing, the impact of technology on marketing and the impact of globalization on marketing efforts.

Prerequisite: BMKT 3303 Marketing Theory

BMKT 4483 - Marketing Analytics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course applies data science to marketing decisions. Students will study various tools for generating marketing insights. Topics include forecasting, data analytics, sales analytics, competitive analysis and ethical issues related to data analysis.

MATH 1003 - Intermediate Algebra

3 credits

[Does NOT meet the Core Curriculum Requirement for mathematics; can be used for General Elective credit; recommended as a preparatory course for those wanting a better foundation of math and for classes such as Pre-Calculus.] A course directed toward developing an understanding of and a proficiency in elementary algebraic processes. Comparable to second year high school algebra. Not available for credit if a higher level or higher numbered math has been taken.

MATH 1103 - Mathematics for the Liberal Arts

3 credits

[Meets the Core Curriculum Requirement for mathematics.] A foundational course designed for the liberal arts students. Emphasis is upon application of math to everyday problems, developing reasoning ability, and using technology appropriately. Topics include problem solving techniques in algebra, geometry, consumer applications, probabilities and statistics. Not available for credit if a higher level or higher numbered math has been taken, except MATH 1313 Introduction to Statistics.

Prerequisite: SAT MATH score of 480/RSAT MATH score of 510/ACT MATH score of 20, or two years of high school algebra, or a satisfactory score on a math placement exam, or MATH 1003 Intermediate Algebra.

MATH 1203 - Pre-Calculus

3 credits

[Meets the Core Curriculum Requirement for mathematics.] A study of linear, quadratic, exponential, polynomial, rational, and logarithmic functions with applications to problems in mathematics, science, and business. This course prepares students for Calculus I. Not available for credit if a higher level or higher numbered math has been taken.

Prerequisite: SAT MATH score of 500/RSAT MATH score of 530/ACT MATH score of 22, or a minimum two years of high school algebra with a grade of "B-" or above or equivalent, or MATH 1003 Intermediate Algebra with a grade of at least "C"; or successful completion of a math placement test for Pre-Calculus.

MATH 1243 - Calculus I

3 credits

[Meets the Core Curriculum Requirement for mathematics.] The first course in the calculus series. Topics covered include: trigonometry, graphing of functions, logarithmic functions and their inverses; limit of functions and derivatives; rules of differentiation and their application; definite and indefinite integrals including Logarithmic, Exponential and other Transcendental Functions.

Prerequisite: MATH 1203 Pre-Calculus (or high school equivalency with B or better); or pass a Math Placement Exam at level three.

MATH 1313 - Introduction to Statistics

3 credits

[Meets the Core Curriculum Requirement for mathematics.] An introductory course in descriptive and inferential statistics emphasizing procedures commonly used in measurement, evaluation, and research in the social and behavioral sciences, as well as in business, education, and theology. Includes the basic concepts of sampling distributions, probability, statistical inference, t-tests, ANOVA, Chi-square, correlation, and regression. Use of Microsoft Excel and web-site statistical calculators are integrated throughout the course.

Prerequisite: SAT MATH score of 480/RSAT MATH score of 510/ACT MATH score of 20, or two years of high school algebra, or a satisfactory score on a math placement exam. Center for Online and Extended Education students may satisfy this prerequisite by successful completion of MATH 1103 Mathematics for Liberal Arts or its equivalent.

382

MATH 1343 - Business Statistics

3 credits

An introductory course in statistical analysis and how statistical tools are used to make data-based business decisions. Topics include sampling distributions, probability, statistical inference, relationship between variables and application of Microsoft Excel software and other data analytic tools. (Same as BUSM 1343)

Prerequisite: SAT Math score of 480/ACT Math score of 20 or two years of high school algebra.

MATH 1523 - Mathematics for Elementary Education I

3 credits

[Meets the General Education Requirements for quantitative reasoning FOR ELEMENTARY EDUCATION MAJORS ONLY.] This is a foundation course for students majoring in Elementary Education. This course includes developing an understanding of number systems, number sense and algebra. Equally important, the course emphasizes a look at problem solving, reasoning and communicating and the building of positive mathematical attitudes.

Prerequisite: Instructor Permission if not an Elementary Education major, SAT MATH score of 480/RSAT MATH score of 510/SAT MATH score of 480/ACT MATH score of 20, or two years of high school algebra, or a satisfactory score on a math placement exam, or MATH 1003 Intermediate Algebra.

MATH 1533 - Mathematics for Elementary Education II

3 credits

[Meets the General Education Requirements for quantitative reasoning FOR ELEMENTARY EDUCATION MAJORS ONLY.] This is a foundation course for students majoring in Elementary Education. This course covers geometry,

measurement, statistics, and probability. In addition, students will be encouraged to develop their problem solving, reasoning and communicating skills in mathematics while building positive mathematical attitudes.

Prerequisite: Instructor Permission if not an Elementary Education major, SAT MATH score of 480/RSAT MATH score of 510/ACT MATH score of 20, or two years of high school algebra, or a satisfactory score on a math placement exam, or MATH 1003 Intermediate Algebra.

MATH 2243 - Calculus II

3 credits

Application of integration for volumes, work, and areas; advanced techniques of integration; Trigonometric integrals, Improper integrals; advanced application of integration.

Prerequisite: MATH 1243 Calculus I

MATH 2402 - Discrete Mathematics

2 credits

A course designed to study graph theory including networks, voting systems including game theory and fair apportionment, and patterns.

Prerequisite: MATH 1243 Calculus I

MATH 3003 - Probability and Statistics

3 credits

Frequency interpretation of probability, axioms of probability theory, discrete probability and combinatorics, random variables, distribution and density functions, sampling theory and limit theorems.

Prerequisite: MATH 1243 Calculus I.

383

MATH 3213 - College Geometry

3 credits

Surveys foundations of Euclidean, non-Euclidean and projective geometries from an axiomatic approach. Comparison is made with the transformational approach.

Prerequisite: one General Education level MATH course (or equivalent high school math with B or better).

MATH 3243 - Calculus III

3 credits

Infinite sequence and series; Conics parametric equations and polar coordinates; Vectors and geometry of space including cylindrical and spherical coordinates; vector functions and space curves with vector calculus.

Prerequisite: MATH 2243 Calculus II

MATH 3263 - Calculus IV

3 credits

Functions of Several variable, partial derivatives with directional derivatives and applications; multiple integrals with various coordinate systems with application; Multiple Integration and Vector Analysis.

Prerequisite: MATH 3243 Calculus III

MATH 3302 - History and Structure of Mathematics

2 credits

[Does NOT meet the Core Curriculum Requirement for mathematics.] An introduction to the history of mathematics

from ancient times to the twentieth century, with applications to elementary mathematics through calculus. Integrates Christian faith with the practice of mathematics through discussion and personal reflection.

Prerequisite: One college level MATH course.

MATH 3322 - Linear Algebra

2 credits

Systems of linear equations, vector spaces, linear mappings, matrices and matrix algebra, eigenvectors and eigenvalues, Cayley-Hamilton theorem, quadratic forms, and applications.

Prerequisite: MATH 1243 Calculus I.

MATH 3423 - Number Theory

3 credits

Divisibility properties of integers, prime numbers, the Euclidean algorithm, the unique factorization theorem, congruencies, Fermats theorem, Wilsons theorem, Diophantine equations, number-theoretic functions, and the quadratic reciprocity theorem.

Prerequisite: MATH 1243 Calculus I.

MATH 3513 - Ordinary Differential Equations

3 credits

First and second order ordinary differential equations.

Prerequisite: MATH 2245 Calculus II

MATH 4213 - Introduction to Modern Algebra

3 credits

Studies of algebraic structures including groups, rings and fields.

Prerequisite: MATH 1243 Calculus I.

MATH 4323 - Advanced Calculus

3 credits

The fifth course in the calculus series. This course extends the concepts of integral representations of functions using Gamma and Beta integrals; Laplace and Inverse Laplace Transformations; Solving systems of differential equations with IVP using Laplace transformations and Fourier Transformations.

Prerequisite: MATH 3263 Calculus IV

MATH 4333 - Complex Analysis

3 credits

The study of complex functions, their derivatives, and planar mappings. Topics covered include analytic and harmonic function, Cauchy- Goursat Theorem, Taylor and Laurent series, calculus of residues and contour integrations.

Prerequisite: MATH 3263 Calculus IV

MATH 4433 - Numerical Analysis

3 credits

Methods of computing numerical data. This course covers solutions of linear and nonlinear equations, approximation of functions, numerical integration and differentiation, introduction to analysis of convergence and errors, pitfalls in automatic computation, one step methods in the solutions of ordinary differential equation.

Prerequisite: MATH 3263 Calculus IV

MATH 4523 - Mathematics Content and Methods I

3 credits

(ELEMENTARY EDUCATION).[Meets the Core Curriculum Requirements for mathematics FOR ELEMENTARY EDUCATION MAJORS ONLY.] This course includes developing an understanding of number systems, number sense and algebra. Equally important, the course emphasizes a look at problem solving, reasoning and communicating and the building of positive mathematical attitudes. Current methodology, research, and curriculum trends relative to the teaching of mathematics for elementary educators will be addressed. The application of manipulatives, technology, motivational techniques, and resources will be emphasized and demonstrated through presentations and micro-teaching units.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

MATH 4533 - Mathematics Content and Methods II

3 credits

(ELEMENTARY EDUCATION).[Meets the Core Curriculum Requirements for mathematics FOR ELEMENTARY EDUCATION MAJORS ONLY.] This course covers geometry, measurement, statistics, and probability. In addition, students will be encouraged to develop their problem solving, reasoning and communicating skills in mathematics while building positive mathematical attitudes. Current methodology, research, and curriculum trends relative to the teaching of mathematics for elementary educators will be addressed. The application of manipulatives, technology, motivational techniques, and resources will be emphasized and demonstrated through presentations and micro-teaching units.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

385

MATH 4713 - Secondary Mathematics Methods

3 credits

Exploration of current methodology, research, curriculum trends, and classroom applications will be directed for middle, junior, and senior high school educators. The course will focus on methodologies pertinent to teach Mathematics at the secondary level, including the integration of technology in instruction.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

MATH 4941 - Math Internship

1 credits

An opportunity for students to apply Mathematical Principles and to put their analytical and problem-solving skills to smart use in Business, Government and non-profit settings. Students arrange their own internship position in consultation with the Professor. (Grade Pass/No Credit)

MSCI 1011 - Military Science and Leadership Development

2 credits

(3 quarter / 2 semester hours) Introduction to challenges and competencies critical for effective leadership. Students learn how critical thinking, goal setting, time management, and stress relate to leadership. Develops knowledge and comprehension of leadership dimensions. Lessons include history and mission of the Army and Leadership, Personal Development, Values and Ethics, and Tactics and Techniques discussions.

MSCI 1021 - Military Science and Introduction to Tactical Leadership

2 credits

(3 quarter / 2 semester hours) Overviews leadership fundamentals of problem solving, listening skills, briefings, providing feedback, and effective writing. Explores dimensions of leadership values, attributes, skills, and actions in the context of practical, hands-on, and interactive exercises. Introduction of effective oral communication. Develops skills in map reading, land navigation, and tactical maneuvering at team levels.

MSCI 1031 - Military Science and Introduction to Applied Basic Leadership

2 credits

(3 quarter / 2 semester hours) Final introductory of series on leadership. Students apply leadership fundamentals emphasizing attributes, skills, and actions. Students assess capabilities while simultaneously considering their personal leadership style. Lessons apply leadership to military tasks of map reading, navigation, and tactics. Students produce oral and written products and participate in small groups to solve complex problems.

MSCI 1101 - Military Science Leadership Laboratory

Variable, max 3 credits

Evaluates the challenges of leading teams in complex contemporary environments. Students apply critical thinking skills using challenging scenarios related to small unit operations. Provides feedback on the 16 Army leadership attributes, skills, and actions. Focuses on leadership development. Credit/no credit only. Credits do not count towards graduation.

MSCI 2011 - Military Science and Innovative Team Leadership

2 credits

(3 quarter / 2 semester hours) Explores dimensions of innovative tactical leadership strategies and styles. Personal motivation and team building are practiced through planning, preparing, and executing group exercises. Develops knowledge of leadership values and attributes through an understanding of Army leadership examples. Lessons include Leadership, Personal Development, Values and Ethics, Officership, and Tactics and Techniques.

MSCI 2021 - Military Science and Foundations of Tactical Leadership

2 credits

(3 quarter / 2 semester hours) Explores creative and innovative tactical leadership strategies and styles by examining team dynamics and leadership theories. Examines challenges of leading teams in complex contemporary environments. Practical exercises focus on dimensions of terrain analysis, patrolling, operation orders and cultural awareness. Lessons include fundamentals of Leadership, Personal Development, and Tactics and Techniques

MSCI 2031 - Military Science and Transformational Leadership

2 credits

(3 quarter / 2 semester hours) Continues study of the theoretical basis of Army leadership and framework and dynamics of transformational leadership in the context of military operations. Students develop greater self-awareness by assessing their own leadership styles and practicing oral and written communication skills. Enables students to progress to applied and advanced tactical leadership study.

MSCI 3011 - Military Science and Tactical Leadership

2 credits

(3 quarter / 2 semester hours) Requires students to study, practice, and evaluate adaptive leadership skills. Develops self-awareness and critical thinking skills using challenging scenarios related to small unit operations. Students analyze and evaluate their own leadership values, attributes, skills, and actions. Lessons focused on leadership, land navigation, oral and written presentations, tactics, and physical fitness.

MSCI 3021 - Military Science and Applied Leadership

2 credits

(3 quarter / 2 semester hours) Continues adaptive approach to leadership applying situations necessary to build skills required in complex scenarios. Develops proficiency in evaluating, decision-making, persuading, and motivating peers

through practical exercises. Students evaluate individual leadership values, attributes, skills, and actions, and receive specific feedback on their leadership abilities based on written and oral presentations.

MSCI 3031 - Military Science and Advanced Tactical Leadership

2 credits

(3 quarter / 2 semester hours) Finalizes M SCI 301 and 302 leadership skills that are necessary to successfully lead others while solving complex problems. Explores, evaluates, and develops decision-making skills required in contemporary environments. Reviews critical aspects of combat, specifically stability and support operations. Provides specific leadership feedback and prepares for advanced leadership and management.

MSCI 3051 - Practicum-Techniques of Military Instructions

Variable, max 3 credits

Analysis, review of techniques used in military training and instructions. Students plan, rehearse, deliver, provide written critique on block of military instruction from the Military Qualification Skills Manual. May not be repeated if received a grade of 2.0 or higher.

MSCI 3101 - Military Science Advanced Leadership Laboratory

Max 6 credits

Evaluates the challenges of leading teams in complex contemporary environments. Students apply critical thinking skills using challenging scenarios related to small unit operations. Provides feedback on the 16 Army leadership attributes, skills, and actions. Focuses on advanced leadership development. Credit/no credit only.

Prerequisite: M SCI 110.

MSCI 4011 - Military Science and Developmental Leadership

2 credits

(3 quarter / 2 semester hours) Develops proficiency in planning, executing, and assessing complex problems, functioning as a staff member, and providing leadership-performance feedback. Students receive situational opportunities assessing values, risk, and ethical decisions. Performance measured by abilities to give and receive systematic, specified feedback on 16 leadership attributes, skills, and actions focusing advanced leadership development.

MSCI 4021 - Military Science IV: Advanced

2 credits

(3 quarter / 2 semester hours) Explores dynamics of leading in complex situations of contemporary environment. Students examine differences in customs and courtesies, military law, principles of war, and rules of engagement. Lessons review aspects of interacting with nongovernmental organizations, civilians, and host nation support with case studies examining complex ethical and practical demands of leadership.

MSCI 4031 - Military Science and Advanced Leadership

2 credits

(3 quarter / 2 semester hours) Completes fundamental learning of advanced leadership attributes, skills, and actions that effectively prepare students for careers in military or civilian leadership. Examines Army modularity, unit organization, joint operations, and the role of junior leaders. Focuses on case studies, situational exercises, student presentations, and battlefield analysis to develop insights in leadership.

MUSI 1033 - Introduction to Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Limited to students planning to progress to the Music Theory sequence.] This course introduces the student to western music notation and music dictation in preparation for the Music Theory sequence. As a result of completing this course with a grade of B- or higher, the student should be able to progress normally through the entire theory sequence. (Placement based on the students score on the music

theory placement exam. The course is limited to students planning to continue into MUSI 1133 Written Theory I and MUSI 1131 Ear Training & Sight-Singing I)

MUSI 1053 - Music and Culture

3 credits

[Can be used to fulfill Core Curriculum: Humanities credit.] Survey of non-Western music with an emphasis on musical history, style, and social context.

MUSI 1113 - Music Theory I

3 credits

Surveys the elements of music: notation, scales, tonality, key, modes, intervals and transposition, chords, cadences and non-harmonic tones, and voice-leading.

Prerequisite: 80% score on Music Entrance Exam or a grade of C+ or higher in MUSI 1033 Introduction to Theory.

Concurrent: Concurrent enrollment in MUSI 1131 Ear Training & Sight-Singing I required.

MUSI 1123 - Music Theory II

3 credits

Emphasizes basic skills in the analysis of music, and focuses on the rules for four-voice writing. Core concepts include the dominant and non-dominant 7th chords, traditional harmonic progression and its application in popular music, secondary chord practice, and melodic organization.

Prerequisite: A grade of C+ or higher in MUSI 1113 Music Theory I or permission of instructor.

Concurrent: Concurrent enrollment in MUSI 1141 Ear Training & Sight-Singing II required.

MUSI 1131 - Ear Training & Sight-Singing I

1 credits

Sight-singing (solfe), ear training and melodic dictation. Reading and singing of intervals, triads and rhythm in simple and compound meters are included.

Concurrent: Concurrent enrollment in MUSI 1113 Written Theory I required.

MUSI 1141 - Ear Training & Sight-Singing II

1 credits

Second in a series of four that deals with the aural recognition, transcription and production of melodic, rhythmic and harmonic concerns in music.

Prerequisite: MUSI 1131 Ear Training & Sight-Singing I or permission of instructor

Concurrent: Concurrent enrollment in MUSI 1123 Written Theory II.

MUSI 2113 - Music Theory III

3 credits

Surveys Renaissance, Baroque, and classical forms including Renaissance polyphony, 18th century two voice counterpoint, the fugue, variation form, and sonata form. Topics covered included the concepts and application of secondary chords, modulation, borrowed chords, the Neapolitan 6th, augmented 6th chords. Specific attention is given to the application of these concepts in contemporary music composition and arranging for piano, instrumental music, and accompaniment.

Prerequisite: A grade of C+ or higher in MUSI 1123 Music Theory II or permission of instructor.

Concurrent: Concurrent enrollment in MUSI 2131 Ear Training & Sight-Singing III and MUAP 2582 Basic Computer Notation (unless already completed).

MUSI 2123 - Music Theory IV

3 credits

This course applies concepts and skills from prior courses in the theory sequence to topics such as 9th, 11th, and 13th chords, altered dominants, and chromatic mediants. It also equips students to analytically study the techniques of arranging music with chromatic harmony.

Prerequisite: Prerequisite: MUAP 2582 Basic Computer Notation; a grade of C+ or higher in MUSI 2113 Music Theory III or permission of instructor.

Concurrent: Concurrent enrollment in MUSI 2141 Ear Training & Sight-Singing IV.

MUSI 2131 - Ear Training & Sight-Singing III

1 credits

Third in a series of four that deals with the aural recognition, transcription and production of melodic, rhythmic and harmonic concerns in music.

Prerequisite: MUSI 1141 Ear Training & Sight-Singing II or permission of instructor

Concurrent: Concurrent enrollment in MUSI 2113 Written Theory III.

MUSI 2141 - Ear Training & Sight-Singing IV

1 credits

Last in a series of four that deals with the aural recognition, transcription and production of melodic, rhythmic and harmonic concerns in music.

Prerequisite: MUSI 2131 Ear Training & Sight-Singing III or permission of instructor

Concurrent: Concurrent enrollment in MUSI 2123 Written Theory IV.

MUSI 2203 - History of Jazz

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the development of jazz highlighting its influence on music and culture today. This course includes an exploration of individuals who were innovators in the development of jazz.

389

MUSI 2313 - History of American Popular Music

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides a survey of American Popular Music beginning in the late 19th century and ending in the early 21st century. Students will examine the people and institutions that have produced music as well as the history behind its songs and composers. They will also examine the evolution of technology, its impact on popular music, and how it has transformed the role music plays in contemporary society. Listening to popular music so as to better examine its composition, cultural significance and historical development, will be a significant element of the class.

MUSI 3183 - Orchestration

3 credits

This course covers the fundamentals of instrumentation (the timbres, ranges, transposition, technical characteristics of orchestral instruments) and scoring for each instrumental family as well as for the entire orchestra. Orchestral families of sound and orchestration challenges and solutions are examined for various repertoire. This class will equip students with the primary tools needed to create musical arrangements for a variety of instrumental ensembles. It will also prepare students for study of advanced orchestration techniques.

Prerequisite: MUSI 2123 Written Theory IV, MUSI 2141 Ear Training IV, and MUAP 2582 Basic Computer Notation.

MUSI 3193 - Jazz Theory and Composition

3 credits

This course explores the advanced harmonic principles of jazz and jazz composition. Additionally, students will be able to understand jazz rhythms, chord symbols, and jazz orchestration. Students will be able to produce and read jazz lead sheets and big band music.

Prerequisite: MUSI 3183 Written Theory V.

MUSI 3213 - Music History and Literature I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Study of the development of art music in the Western world from 500 B.C. through the Baroque period. Representative instrumental and vocal literature is studied and analyzed.

Concurrent: Prerequisite/Concurrent Recommendation: MUSI 1113 Music Theory I, ENGL 1023 Composition II: Rhetoric and Research Writing

MUSI 3223 - Music History and Literature II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Study of the development of art music in the Western world from Classical Era to the 20th Century. Representative instrumental and vocal literature is studied and analyzed. Prerequisite: MUSI 1123 Music Theory II or permission of instructor. Although MUSI 3213 Music History I is not a prerequisite for this course, it is recommended that MUSI 3213 Music History I be taken first

Concurrent: Prerequisite/Concurrent Recommendation: MUSI 1113 Music Theory I, ENGL 1023 Composition II: Rhetoric and Research Writing.

MUSI 3343 - Songwriting

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This class examines the fundamentals of songwriting and is designed for both first time and experienced songwriters. It includes the study of chord progressions, lyrics, rhythm, and the form and structure of songs. Students will learn, analyze, and apply the foundational and structural elements of songwriting, as well as have the opportunity to write and perform original music.

MUSI 3413 - Current Issues in Worship Ministry

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Develop an understanding of the heritage and foundations of church music from Old Testament times to the present. This course considers persons and social factors that have affected the formation of church music theory and practice. Students are helped to develop their own philosophy of church music. This course covers the organization, administration, supervision and direction of a church music program. Topics include: the role of the music minister, rehearsal techniques, the music library, the instrumental program, professional ethics, service planning, the music committee, church music facilities, public relations, time management, repertoire and musical productions.

Prerequisite: MUSI 1123 Written Theory II or permission of instructor.

MUSI 3443 - Worship Leadership

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course engages the students in the study of the variety of worship styles in the contemporary churches, and the role of music in the facilitation of worship. Students develop service plans and worship repertoire and gain skill in organizing and developing worship teams and working with vocalists, accompanists, and other musicians in the church.

MUSI 4253 - Foundations of Teaching Music

3 credits

Addresses the selection of music and direction of choral instrumental music in the classroom and concert settings. Additionally, students are taught the Kodaly method of teaching rhythm syllables and movement, sight-singing, intonation, hand signals and solfeggio.

MUSI 4753 - Choral Music Methods & Repertoire

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Explores the philosophy of choral music education, development of the singing voice, and vocal pedagogy techniques. Current teaching methods, rehearsal techniques and choral repertoire suitable for grades K-12 are included. Includes sources of repertoire for a wide variety of sacred choral ensembles. This is a systematic course examining choral literature from the medieval period through the twentieth century.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

MUSI 4941 - Music Ministry Internship

1 credits

[Meets the Core Curriculum Writing Practice Requirement] An internship in church music administration. This course provides first-hand experience in practical aspects of administering a church music program. Interns are involved in as many church music experiences as possible. Attendance at a weekly seminar is required. This course may be taken as a summer class depending on the setting. (Grade Pass/No Credit)

Prerequisite: MUSI 3413 Current Issues in Worship Ministry, junior status, and approval of the supervising professor

MUSI 4951 - Music Internship

1 credits

An opportunity for students to use their musical knowledge in a workplace environment. Students will complete a 1 credit internship equal to 50 working hours. (Graded as Pass/No Credit)

MUAP 1021 - Concert Choir

1 credits

A 50-60-voice choir consisting of music majors and other students - by audition only. The repertoire is collegiate sacred choral including major works. There are two to four fall engagements, two to four spring engagements, and one extended spring tour. Members are expected to enroll for the entire year and maintain a 2.00 grade point average, demonstrate satisfactory citizenship and financial records. (Course fee required)

Prerequisite: Instructors permission.

MUAP 1031 - Northwest Choralons

1 credits

A touring ensemble of approximately 100 voices. Students are chosen by audition at the beginning of the fall semester. Requirements: purchase of music and outfit; enrollment in both fall and spring semesters; 2.0 semester and cumulative grade point averages; continued good standing with the Student Development and Student Financial Services Office. (Course fee required)

Prerequisite: Audition and subsequent permission by the director.

MUAP 1051 - Wind Ensemble

1 credits

A course designed to provide an instrumental performance experience for Northwest University brass, woodwind and percussion students. Students are exposed to a variety of musical genres and stylistic variations on traditional and

contemporary themes. (Course fee required)

Prerequisite: permission of instructor.

MUAP 1081 - Chamber Orchestra

1 credits

An ensemble which provides string players with an opportunity to perform a variety of musical selections. (Course fee required)

Prerequisite: permission of instructor

MUAP 1101 - Northwest Drum Line

1 credits

An ensemble comprised of marching percussion which provides players an opportunity to perform at athletic and music events. (Course fee required)

MUAP 2131 - Brass and Percussion Methods

1 credits

Knowledge of fingering or slide positions on all brass instruments. Learn to play one brass instrument at elementary level including simple maintenance of instruments. Matching students with appropriate instrument choices is also included. Knowledge of percussion rudiments. Percussion instruments and percussion notation is overviewed. Learn to read snare drum parts with practice played on a practice pad.

Prerequisite: Ability to read treble and bass clefs and ability to read rhythmic notation.

MUAP 2181 - String and Woodwind Methods

1 credits

Knowledge of hand positions and bowing techniques. Learn to play one stringed instrument at an elementary level, including simple maintenance of instruments. Understanding viola clef is included. Knowledge of fingering on all woodwind instruments. Learn to play one woodwind instrument at elementary level, including simple maintenance of instruments. Matching students with appropriate instrument choices is also included.

Prerequisite: Ability to read treble and bass clefs.

MUAP 2582 - Basic Computer Notation

2 credits

A course designed as a hands-on course to assist the student in the understanding and execution of computer notation. Students learn the basics of the latest version of Finale via the state-of-the-art MIDI lab. A lab fee is required.

Prerequisite: MUSI 1113 Written Theory I or instructors permission.

MUAP 3312 - Choral Conducting

2 credits

Conducting techniques and principles of interpretation in choral conducting.

Prerequisite: MUSI 1113 Music Theory I and MUSI 1131 Ear Training & Sight Singing I.

MUAP 3323 - Instrumental Conducting

3 credits

Conducting techniques, principles of interpretation, and score study in instrumental conducting.

Prerequisite: MUSI 1113 Music Theory I and MUSI 1131 Ear Training & Sight Singing I.
Corequisite: MUSI 1123 Music Theory II and MUSI 1141 Ear Training & Sight Singing II.

MUAP 3401 - Ensemble Sound Production

1 credits

Manage the sound production for music ensemble groups in both on campus and off campus settings

Prerequisite: Complete two credits of 1000 level ensembles, MUAR 2013 Survey of Audio Technology with a grade of C or higher, and ensemble directors permission.

MUAP 4932 - Full Recital

2 credits

A culminating performance of substantial proportions, presented in a public forum, undertaken in the senior year (or last semester as an AA holding transfer student). Students will perform several works of varying styles from various musical eras, generally lasting for 45 minutes to an hour total. Students may perform as part of a chamber ensemble for one piece. Students must write their concert program, complete with program notes. (Grade Pass/No Credit) (Course fee required)

Concurrent: MUPL 4xxx Applied Music Lessons in primary instrument

MUAP 4941 - Half Recital

1 credits

In lieu of one full recital, Music Performance concentration students may choose to perform two half recitals. Half recitals are a culminating performance of substantial proportions, presented in a public forum, usually performed at the end of junior and senior years, or twice during the senior year (2nd and 4th semesters, or 3rd and 4th semesters as an AA holding transfer student). Students will perform several works of varying styles from various musical eras, generally lasting for 20-30 minutes total. Students may perform as part of a chamber ensemble for one piece. Student must write their concert program, complete with program notes. Students are encouraged to partner with another Performance Concentration student to present 2 half recitals together. (Grade Pass/No Credit) (Course fee required)

Concurrent: MUPL 3xxx or 4xxx Applied Music Lessons in primary instrument

MUAR 2003 - Survey of Music Business

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An Introductory overview of the music industry business, including songwriting, live performance, the record industry, music merchandising, contracts and licenses, and career opportunities. (Same as AVPE/BMGT 2003)

MUAR 2013 - Survey of Audio Technology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the major areas of recording technology as related to the music industry. Topics include recording live instruments and voices, mixing recorded tracks and the skills needed to create a final master for CD, DVD, MP3 type files or sound files for internet delivery. (Same as AVPE/BMGT 2013)

MUAR 2213 - Recording Engineering I

3 credits

Fundamentals of the recording arts including basic audio signal and acoustics theory, recording consoles, microphone design and technique, and signal processing. Students work in on-campus studios to complete lab assignments and projects. (Same as AVPE 2213)

Prerequisite or Concurrent: MUAR 2523 Digital Audio Workstations I.

MUAR 2223 - Recording Engineering II
3 credits

Multi-track studio production techniques are developed through class discussion, demonstration, and project assignments. Theory and application of MIDI technology and its integration into music production is emphasized. Students use the studios for assignments and individual projects. (Same as AVPE 2213)

Prerequisite: MUAR 2213 Recording Engineering I.

MUAR 2523 - Digital Audio Workstations I
3 credits

[Meets the Core Curriculum Writing Practice Requirement] Introduces basic audio for use in video and computer media applications. Topics include basic sound characteristics, microphones, single and multi-track recording techniques, and sound reinforcement and enhancement. Students work on a production team to complete audio productions. (Same as AVPE 2523)

MUAR 2533 - Digital Audio Workstations II
3 credits

Continuation of Digital Audio Workstations I. Advance Techniques in video and computer media applications. (Same as AVPE 2533)

MUAR 3103 - Live Sound
3 credits

Live Sound Production enables the student to develop understanding of the basic principles of live sound for concerts and stage production. The student will have direct experience with audio consoles, various types of microphones and signal processing, the use of monitor systems and other devices for producing sound for live events. The student will participate in simulations and actual live productions. (Course fee required) (Same as AVPE 3103)

Prerequisite: MUAR 2013 Survey of Audio Technology, or instructor's permission.

MUAR 3233 - Recording Engineering III
3 credits

This 3rd course in the recording engineering sequence focuses on critical listening and mastering. Student engineers will develop a musical, artistic, and technical awareness of issues involved in mastering projects for commercial release. (Course fee required) (Same as AVPE 2223)

Prerequisite: MUAR 2223 Recording Engineering II

MUAR 3413 - Sound Design
3 credits

This course introduces students to the principles of mechanics and acoustics necessary to understand the generation, propagation, and perception of sound. Through projects and other applied learning activities, students will develop the basic skills and knowledge necessary to the performance of sound design professions, and be able to identify and describe the sonic elements necessary for the soundtracks of animation movies, games, interactive computer based applications, and multimedia presentations. (Course fee required) (Same as AVPE 3413)

MUAR 3713 - Artist and Repertoire
3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the role of the manager in representing the recording, touring, and brand management of a music artist. Topics include the role of the artist's manager, the impact a manager has upon the career/brand of a music artist, and past and current management trends impacting today's artists. (Same as BMGT 3713)

Prerequisite: Prerequisite: BMGT/MUAR 2003 Survey of Music Business.

MUAR 3901 - Professional Music Industry Tour

1 credits

This course studies the commercial and retail music industry by visiting music recording studios in the Los Angeles area and attendance at the National Association of Music Merchants (NAMM) annual show in Anaheim. (Additional travel fee required) (Course fee required) (Same as AVPE/BMGT 3901)

MUAR 4593 - Advanced Audio Production/Capstone

3 credits

Building on the theory and practical skills developed in previous classes, this course will equip students to create a capstone project that meets the standards of the industry, such as producing or recording a live event or an album, and prepare a professional portfolio for use on the job market. The course will also integrate Christian faith with the practice of Contemporary Music Industry through discussion and personal reflection. (Course fee required) (Same as AVPE 4593)

MUAR 4932 - Audio Production Practicum

2 credits

Students are given an opportunity to practice audio production skills in an on-campus setting. Special focus is on practical application. (Course fee required) (Same as AVPE 4932)

MUAR 4942 - Audio Production Internship

2 credits

An opportunity for students to practice theoretical principles in a functional production environment. (Course fee required) (Same as AVPE 4942)

Prerequisite: MUAR 4932 Audio Production Practicum

MUPL x241 - Any Level Brass Instrument

1 credits

Private instruction on a brass instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL x251 - Any Level Percussion Instrument

1 credits

Private instruction on a percussion instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL x261 - Any Level Stringed Instrument

1 credits

Private instruction on a stringed instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL x271 - Any Level Woodwind Instrument

1 credits

Private instruction on a woodwind instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 22x1 - Second Level Instruction

1 credits

Second level private instruction in any instrument or voice. The third digit of the course number will correspond to the third digit of the first level. Prerequisites: first level instruction or demonstrated equivalent and permission of instructor. Contract and special fee required.

MUPL 32x1 - Third Level Instruction

1 credits

Third level private instruction in any instrument or voice. The third digit of the course number will correspond to the third digit of the first level. Prerequisites: Second level instruction or demonstrated equivalent and permission of instructor. Contract and special fee required.

MUPL 42x1 - Fourth Level Instruction

1 credits

Fourth level private instruction in any instrument or voice. The third digit of the course number will correspond to the third digit of the first level.

Prerequisite: Third level instruction or demonstrated equivalent and permission of instructor. Contract and special fee required.

MUPL 1211 - First Level Piano

1 credits

Private instruction in piano. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 1221 - First Level Voice

1 credits

Private instruction in voice. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 1231 - First Level Guitar

1 credits

Private instruction in guitar. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 1241 - First Level Brass Instrument

1 credits

Private instruction on a brass instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 1251 - First Level Percussion Instrument

1 credits

Private instruction on a percussion instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 1261 - First Level Stringed Instrument

1 credits

Private instruction on a stringed instrument. Contract and special fee required.

Prerequisite: Instructors permission.

MUPL 1271 - First Level Woodwind Instrument

1 credits

Private instruction on a woodwind instrument. Contract and special fee required.

Prerequisite: Instructors permission.

NURS 3102 - Promoting the Health of Populations

2 credits

Introduces foundational theory in health promotion, disease and injury prevention, and risk reduction and disease detection. Includes identification of risk factors, priority nursing interventions, and appropriate health teaching strategies for clients and families at all stages of the lifespan. Focuses on at-risk and vulnerable populations to promote health equity in the community.

Prerequisite: Admission into Nursing Program.

NURS 3202 - Introduction to Professional Nursing Practice

2 credits

Introduces nursing as a profession and a discipline that encompasses a commitment to service and leadership. Focuses on nursing as a unique theoretically based discipline that integrates critical thinking, nursing theory, and evidence-based practice. Explores the historical development of nursing, and examines the role and scope of practice of the professional nurse.

Prerequisite: Admission into Nursing Program.

NURS 3321 - Integration of Faith, Service, and Nursing as Ministry

1 credits

Discusses the foundation of nursing as ministry and the characteristics of a Christian nurse. Utilizes the nursing process to provide care from a Christian worldview. Focuses on the development of a personal commitment to nursing as ministry. A one-time, non-refundable RN pre-testing package fee is required. See Tuition and Fees for required fee amount.

Prerequisite: Admission into Nursing Program

Corequisite: NURS 3946 Therapeutic Nursing Interventions I

NURS 3346 - Fundamentals of Nursing

6 credits

Introduces foundational nursing concepts and principles for the professional nurse. Explores fundamental nursing knowledge, skills, and attitudes to promote physical, mental, cultural, and spiritual health and wellness in the care of individuals across the health continuum. Introduces decision-making and prioritization skills to assist students in developing and applying clinical judgment principles based on best practice required for delivery of individualized person-centered care.

NURS 3355 - Adult and Gerontologic Health

5 credits

Study of health and health care needs of adult through gerontologic populations. Emphasizes population-focused assessment and interventions as the context for nursing care management of persons experiencing health problems across the health continuum. Integrates an understanding of pathophysiology, pharmacology, and medical therapeutic interventions with nursing care needed by adults and aging clients as they cope with health issues. Includes family, social, and environmental systems affecting client needs.

Corequisite: NURS 3956 Therapeutic Nursing Interventions II.

NURS 3362 - Bio-Psychosocial Nursing

2 credits

Analyzes psychosocial issues, human emotions, and theories related to the development of mental health and illnesses. Psycho-pharmacological and other therapeutic interventions are considered in the nursing care of patients/clients experiencing mental health concerns. Care management includes ethical issues faced by clients and their caretakers, use of self and other therapeutic communication methods, understanding the influences of social support systems.

Prerequisite: NURS 3346 Health Assessment, Pathology, and Nursing Interventions and NURS 3946 Therapeutic Nursing Interventions I.

NURS 3372 - Global and Intercultural Health Care

2 credits

Explains the changing trends in world health problems, care needs, primary health resources, and service delivery modes. This course recognizes the influences of cultural and ethnic diversity on health behavior and care practices, and uses self as a professional nurse to promote an exchange of ideas and actions. It considers nursing in context of service organizations and as a way to achieve a higher quality of health care for people in different parts of the world. See Tuition and Fees for required fee amount.

Prerequisite: NURS 3102 Promoting Health of Populations and NURS 3346 Health Assessment, Pathology, and Nursing Interventions or instructor permission.

NURS 3432 - Health Care Systems, Care Management, & Nursing Leadership

2 credits

Provides an overview of effective leadership and management theories and behaviors. Introduces quality improvement, care management, and complex health care organizational processes. Emphasizes the nurse's role in caring, safety, delegation, communication, professional collaboration, ethical reasoning, and critical thinking strategies.

Corequisite: NURS 3355 Adult and Gerontologic Health.

NURS 3946 - Therapeutic Nursing Interventions I

6 credits

[Practicum] Promotes the application of theory studied previously or concurrently in junior semester 1 courses into a beginning professional nursing practice, primarily with adult clients in a variety of locations. Course fosters development of planning, implementing, and evaluating care using therapeutic nursing and pharmacological interventions supported by research and professional literature. This course includes concepts related to evidence-based nursing practice. (Graded on a Pass/No Credit basis) See Tuition and Fees for required fee amount.

Prerequisite: Admission into Nursing Program.

Corequisite: NURS 3346 Health Assessment, Pathology, and Nursing Interventions.

NURS 3956 - Therapeutic Nursing Interventions II

6 credits

[Practicum] Application of concepts related to the care management of adult and gerontologic clients experiencing acute, sub-acute, chronic, and terminal health problems. A variety of client-centered individual and interprofessional health care models are practiced, in multiple settings, using quality, effectiveness, and efficiency outcome criteria for

evaluation. This course continues building on Therapeutic Nursing Interventions I. (Graded on a Pass/ No Credit basis.) See Tuition and Fees for required fee amount.

Corequisite: NURS 3355 Adult and Gerontologic Health.

NURS 4102 - Issues of Graduate Nursing Practice

2 credits

Combines content review of professional nursing roles, responsibilities, and the expanded scope of practice expected of beginning baccalaureate nurse graduates. This course introduces the process of health policy formation using current literature, internet resources, case studies, and interviews with guest experts. Appreciation for professional memberships in and contributions to official nursing bodies, health advocacy groups, and selected political-legal health legislative actions are also addressed. This course assists the learner to generate an effective presentation of self for entry-level registered nurse positions, to investigate application requirements for advanced nursing degrees, and to evaluate health and nursing educational resources for self-directed and continued learning. Students produce a series of mini documents reflecting professional growth plans of future employment and further education/continued learning that are reviewed and approved by faculty advisors and filed in their professional portfolio.

Corequisite: Senior Nursing Majors; NURS 4562 Nursing Research: Methods & Applications.

NURS 4303 - Issues of Quality Improvement, Health Care Finances & Strategic Planning

3 credits

Identifies standards, analyzes quality of performance, and evaluates care outcomes in selected aspects of healthcare including various types of health delivery systems and personnel. Attention is given to working with health care costs, trends and financial constraints, other resource limitations, parent organizations and nursing budgets, generation and allocation of new and redesigned resources, and associated ethical issues. Students interface principles of strategic planning and action implementation with clinical health concerns. Synthesis of nursing curriculum theory and practice is demonstrated by completion of a comprehensive predictor examination and a strategic proposal.

Prerequisite: NURS 3432 Health Care Systems, Care Management, and Nursing Leadership

399

NURS 4322 - Health of the Childbearing Family

2 credits

Applies concepts of nursing to childbearing individuals and families with a focus on the family as the context of care. Emphasizes use of physiological, psychological, developmental, cultural and environmental theories and evidenced based care, for health promotion, disease preventions and nursing therapeutics.

Corequisite: NURS 4921 Nursing Care of the Childbearing Family: Therapeutic Interventions.

NURS 4352 - Health of the Childrearing Family

2 credits

Emphasizes family as the client, and considers the health and health care needs of children in families. Focuses on growth and development theories, health promotion, assessment, interventions, and evaluation as the context for nursing care management of children. Integrates an understanding of pathophysiology, pharmacology, and therapeutic interventions with nursing care needed by the pediatric population.

Corequisite: NURS 4932 Nursing Care of the Childrearing Family: Therapeutic Interventions.

NURS 4442 - Nursing Across the Health Continuum and Lifespan

2 credits

Synthesizes previous learning specific to the identification of real and potential disruptions in selected organ systems. This capstone course uses diagnostic reasoning and systematic analyses to differentiate between normal and pathological health parameters, and organizes nursing care based on clinical data. Evaluates evidenced based therapeutic interventions appropriate across the health care continuum and the lifespan showing integration and application of learning that demonstrates student readiness for baccalaureate nursing practice.

Corequisite: NURS 4552 Advanced Medical-Surgical Nursing and NURS 4973 Focused Senior Nursing Practice.

NURS 4452 - Communities & Diverse Populations As Clients

2 credits

Emphasizes analysis strategies and macro-level interventions that guide and influence the health of communities and their sub-populations. This course stresses development of collaborative community partnerships and healthy environments that promote effective client/population interactions. Students consider the broader social, economic, political, and environmental determinants of health in developed and developing nations, including the growing concerns related to immigrants and refugee populations. See Tuition and Fees for required fee amount.

Corequisite: NURS 4953 Community/Population-Focused Nursing Practice.

NURS 4552 - Advanced Medical-Surgical Nursing

2 credits

Assumes a basic level understanding of pathophysiological concepts and related nursing interventions. This course utilizes a body systems approach and teaches senior nursing students how to approach advanced pathophysiological concepts utilizing a critical thinking, higher level, integrative approach. Students will integrate and apply pharmacology, physical assessment, clinical decision making, and health promotion skills as they learn to more effectively care for medically complex adults.

Corequisite: NURS 4442 Nursing Across the Health Continuum & Lifespan and NURS 4973 Focused Senior Nursing Practice.

NURS 4562 - Principles of Research and Scholarly Inquiry

2 credits

Examines the research process and scholarly inquiry common to health care and nursing practice. Focuses on identifying, critiquing, incorporating, and evaluating evidence-based findings into ethical nursing practice. Immerses the learner in the strategic inquiry of information, development of scholarly communication skills, design, and dissemination of a nursing research proposal.

400

NURS 4603 - Professional Nursing Concepts & Applied Critical Thinking

3 credits

Guides the development of investigating, analyzing, and evaluating scholarly works that define the essence of nursing and the professional nurse's role in health care management and practice. Uses concepts of critical thinking, reasoning, and judging and scientific inquiry to improve care with all client populations. Learner establishes a Contract of Study, and portfolio to document progression in the RN-BSN Program. (This is the required first course in the program of studies).

NURS 4643 - Health Assessment, Pathophysiology, & Pharmacotherapeutics

3 credits

Comprehensive review of human health by assessing normal physical and physiological conditions, functional health patterns & health history, and common diagnostic studies. Uses selected case studies to analyze the client's clinical pathophysiologic and functional status, various pharmacotherapeutics interventions, and nursing care.

NURS 4653 - Culturally Responsive Nursing: Theory and Practice

3 credits

Prepares learners to appreciate culturally defined values and behaviors that influence health, health care, and nursing. Theory is practiced by engaging with a person and/or population from a cultural background different than the learner, and completing a Project paper assignment.

NURS 4664 - Principles of Research and Scholarly Inquiry

4 credits

Examines methods and applications of research and scholarly projects common to health care and nursing practice. Immerses the learner into strategic inquiry of information, development of scholarly communication skills, and designing a research project.

NURS 4673 - Global Health: Practicing Community Wellness

3 credits

Focuses on contemporary issues of wellness, health promotion, disease prevention, and healing practices advised by world health agencies. Learners analyze data to find efficient and effective ways that improve care of diverse populations, their unique environments, and their distinctive health threats.

NURS 4723 - Values-Based Health Care: Ethics, Legal, Faith, and Social Policies

3 credits

Studies the individual sources of health values and their interrelationships with each other in providing a holistic approach to health care. Emphasizes examination of personal beliefs about justice, faith formation, truth, quality, human rights, moral distress, and multi-cultural/multi-level social factors. Provides a foundation for leadership accountability in professional nursing practice.

NURS 4734 - Leadership Quality Management, and Shared Coordination

4 credits

Provides an overview of effective leadership and care management for health consumers across the wellness continuum. Introduces strategic planning, management of human and financial resources, interprofessional collaboration, information technology, and evaluation of evidence-based outcomes. Examines leadership roles of the professional nurse-advocate. Includes practice of leadership competencies in a selected health care environment to design, manage, and evaluate health care outcomes in a selected population.

NURS 4754 - Health in Community Based Populations

4 credits

Introduces community based nursing practice for individuals, families, communities, and populations. Emphasizes assessment, management, and evaluation of health determinants in a variety of settings. Examines how socio economic, political, cultural, demographic, and epidemiological factors affect health care from promotion through disease prevention. Community nursing practice includes immersion into a public health agency that provides a variety of care approaches to community clients.

NURS 4763 - Contemporary Health Care Systems & Health Policy

3 credits

Introduces the structure, operations, and regulation of healthcare systems in the United States. Examines the impact of current political, economic, and cultural processes of healthcare delivery on population health and healthcare systems. Studies the ethical framework of healthcare delivery based on human rights, diversity, health equity, and social justice. Examines how nurses lead health policy and health systems with interprofessional cooperation, collaboration, communication, and respect.

NURS 4921 - Nursing Care of the Childbearing Family: Therapeutic Interventions

1 credits

[Practicum] Provides opportunity for supervised nursing of childbearing families. Emphasizes expanding nursing process skills, including health assessments, interventions, and health promotion. Applies clinical diagnostic reasoning and ethical decision-making. (Graded on a Pass/ No Credit basis) See Tuition and Fees for required fee amount.

Corequisite: NURS 4322 Health of the Childbearing Family.

NURS 4932 - Nursing Care of the Childrearing Family: Therapeutic Interventions

2 credits

[Practicum] Applies concepts of health assessments and interventions specific to healthy and at-risk families as learned in NURS 4352 Health of the Childrearing Family. Experiences include care management of growing infants and children during illness episodes and wellness. Combines clinical diagnostic reasoning, ethical decision-making, and therapeutic monitoring skills acquired in previous nursing courses with a multi-complex scope of client interactions. (Graded on a Pass/No Credit basis) See Tuition and Fees for required fee amount.

Corequisite: NURS 4352 Health of the Childrearing Family.

NURS 4953 - Community/Population-Focused Nursing Practice

3 credits

[Practicum] Mentored internship promotes the application of concepts studied in NURS 4452 Communities and Diverse Populations as Clients and previous nursing courses with communities and their multiple populations. This course emphasizes a broad range of communication skills to carry out negotiating client care management, such as interdisciplinary referrals and effective access to health resources. Students produce a collaborative project that raises the health of a defined community, group, or sub-population. (Graded on a Pass/No Credit basis) See Tuition and Fees for required fee amount.

Corequisite: NURS 4452 Communities and Diverse Populations as Clients.

NURS 4963 - Nursing Practice As Ministry

3 credits

[Practicum] Builds on the foundation of Christian nursing through cross-cultural ministry in a global context. Provides opportunities to apply transcultural nursing theories among global populations. Practice experiences are designed to maximize student learning and serve the needs of the population at each site. Locations of the sites may change from year to year. See Tuition and Fees for required fee amount.

Prerequisite: Second semester senior standing.

NURS 4973 - Nursing Capstone

3 credits

[Practicum] Emphasizes holistic assessment, diagnostic reasoning, and prescriptive therapeutic interventions for individuals and populations in one's area of clinical concentration/focus. This course promotes confidence in the performance of professional nursing by practicing in complex and challenging health care situations. It offers clinical rotations to refine and advance one's nursing expertise. This capstone course, in concert with NURS 4442 Nursing across Health Continuum and Lifespan and NURS 4552 Advanced Medical-Surgical Nursing, requires completion of a professional nursing portfolio, including a critique of one's clinical knowledge and practice skills, level of clinical confidence, and preparedness to enter a graduate nursing practice. See Tuition and Fees for required fee amount.

PCAR 2543 - Marriage and Family

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the emphasis on the modern family and constructive ideals for a successful marriage and parenthood. Attention will be given to the dysfunctional family including intervention strategies. (Same as PSYC/SOCI 2543)

PCAR 3513 - Pastoral Care and Counseling

3 credits

Theological perspectives and psychological resources for care and counseling in the context of the local congregation. (Same as PMIN 3513)

PCAR 4532 - Pastoral Care in the Hospital

2 credits

Basic therapeutic principles of hospital ministry with special emphasis on problems related to pastoral care of the physically ill and dying. This course explores psychological, sociological, and spiritual components of illness and of death and dying. It also includes consideration of suffering and the will of God, pain, grief, anger, and adjustment.

PCAR 4543 - Response to Crisis Situations

3 credits

Intensive study of selected crisis problems and intervention strategies.

PCAR 4951 - Practicum in Pastoral Care

1 credits

[Open only to students with minor in Pastoral Care.] Field education placement involving 4 clock hours minimum weekly under supervision of competent personnel plus one-hour weekly seminar on campus, or summer field education placement experience involving 60 clock hours minimum under supervision of competent personnel. Student integrates pastoral care practicum with prior and concurrent course work. Includes class presentations and simulations or practice situations that combine knowledge and skill utilization. (Graded on a Pass/ No Credit basis)

Prerequisite: Senior standing and permission of instructor required.

PCAR 4961 - Elective Practicum in Pastoral Care

1 credits

[Open only to students with minor in Pastoral Care.] Additional field education placement experience. Same requirements as PCAR 4951. (Graded on a Pass/ No Credit basis)

Prerequisite: Senior standing and Permission of instructor.

Concurrent: May not be taken concurrently with PCAR 4951 or PCAR 4972.

PCAR 4972 - Hospital Ministry Practicum

2 credits

[Open only to students with minor in Pastoral Care] Field education placement in a hospital setting involving 8 clock hours weekly under the supervision of a competent hospital chaplain. Special emphasis on pastoral care to the terminally ill and their families. (Graded on a Pass/ No Credit basis)

Prerequisite: PCAR 4532 Pastoral Care in the Hospital.

PMIN 3303 - Ministry Life and Calling

3 credits

This course emphasizes the necessity of a divine call, a biblical philosophy of pastoral ministry, and the skills, habits, and lifestyle necessary for an effective ministry. Attention will be given to professional and personal issues related to ministry. Additionally, this course will provide an introductory overview in the practice of specific pastoral functions, ceremonies, and rites in the local church.

PMIN 3343 - Effective Preaching

3 credits

A study of the preparation, construction, and presentation of sermons designed to communicate the Gospel effectively to today's modern context. Preaching forms utilizing word pictures and images and other techniques to communicate the story as sermon will be developed.

Prerequisite: BIBL 1053 The Christian Scriptures, BIBL 2563 How to Read the Bible, and COMM 1213 Fundamentals of Speech

PMIN 3353 - Planting Innovative Churches

3 credits

An overview of the biblical mandate for and effective approaches to planting churches. Through biblical study, readings, modeling, and guests, including many of the leading church planters in the region, students gain skills to assess their own fitness for church planting and develop a holistic plan for planting an evangelistically effective congregation. (Same as INCS 3353)

PMIN 3363 - Global Pastoral Perspective

3 credits

This course is designed to broaden the student's perception of the church's mission in ever-changing U.S. pluralist cultures. The focus of the course is a 3-week intensive at sites such as India, Singapore, Africa, or the Philippines. Students participate in and present lessons at pastoral training schools and experience exposure to ethnographic analysis, indigenous pastoral perspectives, and cross-cultural strategies for discipleship training and leadership development in local churches. The course concludes with a written project applying principles learned abroad to church ministry in diverse U.S. cultures. The course is in two segments: (1) Spring semester preparation, and (2) a three-week on-site summer experience. There is a course attachment fee. There is a course attachment fee.

PMIN 3513 - Pastoral Care and Counseling

3 credits

Theological perspectives and psychological resources for care and counseling in the context of the local congregation. (Same as PCAR 3513)

PMIN 3523 - Legal Issues in the Church

3 credits

A study of business and legal matters related to the local church, e.g., records and minutes; tax exemption; incorporation procedures; and laws of contracts, deeds and bonds. Criminal laws pertaining to ministerial malpractice, sexual harassment, discrimination and child-abuse are also examined. Christian responsibility for deferred giving and estate planning are considered. Attention also is given to polity (forms of church governance) with special emphasis on the Assemblies of God. (Same as LEGL 3523)

404

PMIN 4213 - Preaching I

3 credits

A comprehensive overview of the development and delivery of biblical sermons. Students gain preaching skills through learning effective methods of sermon preparation, the delivery of three in class sermons, and visiting several area congregations. This course examines many models of preaching including exegetical, topical, textual, biographical, and narrative sermons.

Prerequisite: BIBL 1053 The Christian Scriptures, BIBL 2563 How to Read the Bible, and COMM 1213 Fundamentals of Speech.

PMIN 4223 - Preaching II

3 credits

This course builds on the skills developed in Preaching I and provides students enhanced skills for the development and delivery of biblical sermons that effectively reach both and non-churched listeners. Field-trip experiences and seminars in several of our nation's largest and most effective churches are a part of this course.

Prerequisite: Prerequisites PMIN 4213 Preaching I

PMIN 4263 - Ministry Leadership

3 credits

A study of the theory and functions of leadership, motivation, strategic planning and change applied to the church and other ministry organizations. Special attention is given to the examination of the styles of leadership, theories of motivation, strategic planning processes, and methods of effective personal and organizational change.

PMIN 4303 - Strategic Leadership of Ministry Organizations

3 credits

A study of the theory and functions of leadership, organization, administration, and management applied to the church and other ministry organizations. Special attention is given to the examination of the styles of leadership and the roles and responsibilities of ministry leaders such as boards and committees. Also covered are administrative processes; human relations and communication; the recruitment, training, and management of vocational and volunteer staff members; and the budgeting and allocation of resources.

PMIN 4563 - Ministry Administration

3 credits

A study of the theory and functions of organization, administration, management, and legal issues applied to the church and other ministry organizations. Special attention is given to the roles and responsibilities of ministry leaders such as boards and committees. Also covered are administrative processes; human relations and communication; the recruitment, training, and management of vocational and volunteer staff members; and the budgeting and allocation of resources.

UNIV 1601 - Professional Readiness: Christ in the Workplace

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students with marketable skills for the workplace. Skills include: Humility; Imagination; Worldview; Discipleship; and Anti-Racism. Fulfills one credit of the Career Readiness requirement in the Core Curriculum. Sponsored by the Ministry Department.

PHIL 2703 - Introduction to Logic

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Meets the Core Curriculum requirement for mathematics.] A study of orderly and consistent thinking. This course includes a presentation of the nature of logic emphasizing Aristotelian and Symbolic logic systems.

405

PHIL 2753 - Introduction to Philosophy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the basic problems of life and existence, such as the nature and scope of knowledge and of its objects, the nature of reality, the nature of value and criteria by which values may be judged. The course assists the student in developing a personal philosophy of life.

PHIL 2763 - Ethics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the moral principles which underlie and govern human conduct. Particular attention will be given to normative ethical theory, including utilitarianism, deontological and virtue theories.

PHIL 3013 - History of Philosophy I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A historical study of Ancient Greek philosophical thought. Particular attention will be given to the writings of the Pre-Socratics, Plato, and Aristotle.

PHIL 3023 - History of Philosophy II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A historical study of philosophical thought in the Medieval Era. Particular attention will be given to the writings of Augustine, Anselm, Aquinas, Scotus and Ockham.

PHIL 3033 - History of Philosophy III

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A historical study of philosophical thought in the Modern Era. Particular attention will be given to the writings of Descartes, Spinoza, Leibniz, Locke, Berkeley, Hume and Kant.

PHIL 3043 - History of Philosophy IV

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A historical study of philosophical thought from the 19th century and the Contemporary Era. This course includes a survey of the major philosophers in the existentialist, phenomenological, pragmatic, and analytic traditions.

PHIL 3093 - History of Science

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines how science has influenced the advancement of the modern world as well as demonstrating how the progression of the modern world has influenced the growth of different branches of science. Rather than focusing on the discovery of science, the class will focus on the contextualization and production of science as part of the historical narrative, with an additional focus on the philosophical underpinnings of the scientific discipline. As part of this contextualization, students will delve into themes of class, ethnicity, gender, nationality, religion and race as they seek to understand the historical production of science, rather than what science has produced. (Same as HIST 3093)

PHIL 3103 - Modern Rhetorical Criticism

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Survey of major rhetorical theories from the early 20th Century through contemporary movements, including application of critical methods to a variety of texts. Students refine their ability to make arguments and critically engage the arguments of others. (Same as COMM/ENGL 3103)

PHIL 3543 - Introduction to Rhetoric

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course offers a theoretical, historical, and practical introduction to rhetoric, the 2,500-year-old art of persuasion and purposeful communication. Students will learn the art of rhetoric by studying its principles and theoretical concepts, analyzing models and real-world experiences, and engaging in reflective practice. Emphasis is placed on developing students' skills of reading, listening, and critical thinking through the introduction of key ideas, texts, and figures from the rhetorical tradition. (Same as COMM/ENGL 3543)

PHIL 3703 - Epistemology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A critical examination of classical and contemporary theories and problems of knowledge, such as the possibility, origin, foundation, limits and validity of knowledge.

PHIL 4223 - Bioethics

3 credits

The study of ethical questions surrounding health care and biological research. Specifically medical practice, biomedical research and ethics of health and well-being of local and global communities. (Same as SCIE 4223)

PHIL 4413 - Literary Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Exploration of the principles and theories of literary criticism from traditional through contemporary practices. Understanding of these principles and theories as well as skills for evaluating information, finding the theoretical approach for a topic, and strategies for scholarly research and writing are emphasized. (Same as ENGL 4413).

Prerequisite: ENGL 1023 Composition II: Rhetoric and Research Writing and at least one course from the following group: Survey of British Literature, Survey of American Literature, Survey of World Literature, or instructor permission.

PHIL 4842 - Special Topics in Philosophy

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Courses that focus on either particular topics of interest, or on a particular philosopher. The course syllabus developed by the professor for each course determines the scope and content.

PHIL 4883 - Special Topics in Philosophy

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Courses that focus on either particular topics of interest, or on a particular philosopher. The course syllabus developed by the professor for each course determines the scope and content.

PEDU 1012 - Fitness and Wellness

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Overview and analysis of the role and place lifestyle and wellness play in society (past, present, and future). The course focuses on health-related fitness components and issues in health, fitness, and leisure.

PEDU 1051 - Aerobics

1 credits

(Meets 2 days per week) A class teaching a lifestyle approach to fitness, highlighting aerobic activity as the primary fitness component. It is accompanied by muscular flexibility, strength and endurance training. (Grade Pass/No Credit)

407

PEDU 1061 - Weight Training

1 credits

(Grade Pass/No Credit)

PEDU 1081 - Varsity Basketball Men

1 credits

(Grade Pass/No Credit)

PEDU 1161 - Varsity Soccer Men

1 credits

(Grade Pass/No Credit)

PEDU 1171 - Varsity Soccer Women

1 credits

(Grade Pass/No Credit)

PEDU 1211 - Varsity Cross-Country

1 credits

(Grade Pass/No Credit)

PEDU 1221 - Varsity Track**1 credits**

(Grade Pass/No Credit)

PEDU 1281 - Varsity Volleyball Women**1 credits**

(Grade Pass/No Credit)

PEDU 1291 - Varsity Basketball Women**1 credits**

(Grade Pass/No Credit)

PEDU 2523 - Health Issues**3 credits**

[Meets the Core Curriculum Writing Practice Requirement] Identifies major health issues and provides familiarization with programs dealing with these issues. Home, school, community and church resources are included.

PEDU 2613 - Physical Education Activities**3 credits**

[Meets the Core Curriculum Writing Practice Requirement] Basic skills, rules and teaching strategies for various individual/dual sports, (e.g., tennis, badminton, pickle ball, golf, bowling, etc.) and team sports (e.g., softball, football, volleyball, basketball, etc.). Lab fee required. Lab fee required.

Prerequisite: EXCS 1183 Principles of Lifetime Fitness and Health; at least sophomore status.

408

PEDU 3012 - Elementary PE and Health Methods**2 credits**

[Meets the Core Curriculum Writing Practice Requirement] (For Elementary Education majors only) Curriculum and methods for integrating physical activity into the course subject curriculum, and current methods and materials used in developing elementary curriculum for teaching appropriate health education activities for each grade level.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

PEDU 3023 - Secondary Physical Education**3 credits**

[Meets the Core Curriculum Writing Practice Requirement] Curriculum and methods of secondary physical education. Practical applications of educational theory and sports content and emphasis on preparation of resource units and directed teaching. This course introduces principles that focus on the development of physical, social, emotional, and mental skills for the secondary student. Includes theory and practice of adaptation in teaching strategies, curriculum, and service delivery for special needs populations.

Prerequisite: admission into the Teacher Education program.

PEDU 3302 - Principles of Coaching**2 credits**

[Meets the Core Curriculum Writing Practice Requirement] Philosophy, techniques, and current practices in coaching youth sports.

PEDU 3722 - Scientific Foundations for Health & Fitness

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Anatomical and mechanical fundamentals of human motion and practical aspects of exercise physiology related to teaching and coaching.

Prerequisite: SCIE 1153/1 Human Biology with Lab

PEDU 3752 - Motor Learning and Development

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Principles of motor learning in the acquisition of movement skills. Theories and principles of motor control and skill acquisition, as it relates to human movement, are included.

Prerequisite: PSYC 2563 Lifespan Psychology.

PEDU 4421 - Safety and Legal Seminar

1 credits

Teacher candidates receive training in Washington State child abuse reporting procedures, HIV/AIDS and blood borne pathogens, and CPR/First Aid certification. (Grade Pass/No Credit) Lab fee required. (Same as EDUC 4421)

Prerequisite: Admission to the professional sequence; course taken in sequence as required by the College of Education.

PEDU 4602 - Organization and Administration of Sport and Exercise Programs

2 credits

[Meets the Core Curriculum Writing Practice Requirement] Administrative policies and practices as they relate to program development, budget, facilities, equipment, personnel management and public relations in directing health/fitness, intramural, and interscholastic programs.

409

PEDU 4611 - Event Management

1 credits

[Meets the Core Curriculum Writing Practice Requirement] Practicum in sports event management.

PEDU 4713 - Elementary Health and Physical Education

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Curriculum and methods for teaching physical education and health in the elementary school. Current methods and materials used in developing the elementary curriculum and in teaching appropriate activities for each grade level. Class management, class discipline and directed teaching are practiced.

Prerequisite: admission into the Teacher Education program. Course taken in sequence as required by the College of Education.

PEDU 4723 - Secondary Health and Physical Education

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Curriculum and methods of secondary physical education and health. Practical applications of educational theory, health and sports content with emphasis on preparation of resource units and directed teaching. This course introduces principles that focus on the development of physical, social, emotional, and mental skills for the secondary student. Includes theory and practice of adaptation in teaching strategies, curriculum, and service delivery for special needs populations.

Prerequisite: admission into the Teacher Education program. Course taken in sequence as required by the College of Education.

LEGL 3593 - Constitutional Law

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the constitutional law of the United States. This course examines the powers of government, including judicial power, legislative power, and executive power. It also examines the relationship between the national government and the state governments, election systems and representation, and economic rights. It likewise considers the broad areas of constitutional rights and liberties, including religion, speech, and privacy. (Same as PSCI 3593)

PSCI 1103 - Introduction to Political Science

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The student examines the concepts of Political Science as well as the various fields of the discipline including American politics, comparative politics, international politics and political philosophy and the origins of our political values. Students analyze political ideas, theories, ideologies, systems and policies in order to focus on and investigate political problems on a national and global level as well as define central concepts related to the study of political science.

PSCI 2173 - Religion and Politics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Religion and politics have been closely linked throughout human history. This course seeks to better understand the relationship between religious belief and political thought and action within American and international contexts. Issues may include American civil religion, religious freedom, political Islam, and Christian just war theory. (Same as HIST 2173)

PSCI 2473 - American Government

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to American National Government. It includes a study of the three branches of the federal government. Major public policy issues are also examined, including social welfare, civil liberties, civil rights, and foreign affairs. (Same as HIST 2473)

410

PSCI 2543 - Comparative Politics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] While the world is a dynamic and ever changing place, much of the way humans interact with each other (politics) has changed little. The world is both a place of danger and of hope. People either govern themselves (democracy) or rule over each other in some form or another (often Tyranny). We will loosely look at the way the world is interconnected and specifically at the way different systems of government interact with their people and with each other. We primarily focus tyranny and democracy and the reasons why both forms of government exist along with the strengths and weaknesses of both. We also examine the impact of religion and religious nationalism on national governments.

PSCI 2573 - International Relations

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The world is a dynamic and ever changing place. The events of September 11, 2001 have forced America into a "war on terrorism" that spans the globe. In this course we examine the role of the U.S. in international politics in light of international relations theory and world events. We pay special attention to terrorism and the U.S. role in combating terrorism. We also study the role of religion in world politics and globalization, along with other issues.

PSCI 2583 - Political Theory

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Political Science has a literature that dates back over 2000 years. Much of it is Western in origin, but a substantial amount also comes from Asia. In this course we will survey and

discuss the various major western political theories. Given the breath of the literature we will survey the notable thinkers and writers of each of the major ideologies. Reading and participation will be crucial to success in this class.

PSCI 2613 - Crucial Issues in Contemporary Society

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course looks at controversial political issues in contemporary society, such as welfare, war, immigration, and abortion. The course will offer an in-depth examination of the problems in the chosen policy area and will explore potential solutions to those problems. Special attention will be given to a distinctively Christian perspective on the issues at hand.

PSCI 3013 - Research Methods in Political Science

3 credits

This course teaches the basics of political (and social) science research. Upon completion the student will be able to design and write out a political science research design that is ready for testing. This class will be unlike other political science classes in that students will have weekly assignments and tasks to perform. Each assignment will build on the previous and lead to a final research proposal. This course integrates Christian faith with the practice of political science through discussion and personal reflection.

PSCI 3453 - US Diplomatic History

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A focus on foreign policy and international events beginning with the Spanish-American War. The course traces the evolving roles of Congress, the State and Defense Department, and the Presidency through the rise and fall of isolationist tendencies, two World Wars, the rise and fall of Communism and the Cold War era with its numerous foreign engagements, to the evolving wars in the Middle East and against Terrorism. The way in which the various branches of the United States government dealt with those events internally and externally is an important aspect of this course. (Same as HIST 3453)

411

PSCI 3513 - The American Presidency

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the American political system, one of the most unique and successful institutions in history, as it comes to focus in the presidency. This course studies the creation and development of the American Presidency, including Presidential powers, policy-making, leadership style, limitations, and current trends. (Same as LEGL 3513)

PSCI 3593 - Constitutional Law

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the constitutional law of the United States. This course examines the powers of government, including judicial power, legislative power, and executive power. It also examines the relationship between the national government and the state governments, election systems and representation, and economic rights. It likewise considers the broad areas of constitutional rights and liberties, including religion, speech, and privacy. (Same as LEGL 3593)

PSCI 3643 - Legislative Process

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the national legislative process, including the role of Congress and the way in which it operates, presidential leadership, and administrative participation in formulation of policy. (Same as LEGL 3643)

PSCI 3663 - International Law and Human Rights

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This class examines the history, nature, and types of international law and organizations that exist in the world. We will especially focus on the United Nations and the

largest regional organization, the European Union. We will examine the vision and potential of world government and the problems that it presents. The student should come away from the class with a greater appreciation of what people can accomplish by working together and the problems and dangers that the centralization of power presents. The origins of human rights and the problems faced in implementing human rights on a global scale is a primary focus for the courses study of the growing field of International law.

PSCI 3703 - International Security and Terrorism

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course deals with International Security, National Security, Terrorism, and Intelligence gathering (spying). We examine various aspects of deterrence theory as well as various theories of war fighting in order to understand the behavior of nation-states as they attempt to secure themselves. The events of 9/11 have changed the primary focus of security issues to the war on terrorism, but have not changed the need of traditional security in the nuclear age. This is a thinking class that will require you to think outside of your normal understanding. Students will need to think in military terms and from the point of view of political leadership. It is hoped that you will achieve an appreciation of the complexity of international security issues and that you will desire to learn more as both a student and a citizen. (Same as LEGL 3703)

PSCI 3723 - Law and Judicial Process

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the judicial/legal process, including the role of the common law, the court system, the lawyer, the police and alternative dispute resolution. (Same as HIST 3723 and LEGL 3723)

PSCI 4103 - Developing World Politics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The so-called "Third World" is one of the most dynamic and yet unchanging areas of our world. The nations of the developing world struggle constantly in an ever-changing global environment with unchanging issues that tie it down and keep it from achieving the development that it desires and needs to alleviate the pervasive poverty that exists. During the course we examine the issues that the nations of the developing world face. We will look at potential solutions and the barriers to these solutions. We survey a multitude of issues rather than probe in depth only one or two issues. It will be the task of the student to explore issues in depth.

412

PSCI 4743 - Senior Thesis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study in which the student applies learning gained in the core courses to a specific problem or area of interest in the Politico-Legal field. This course is intended to be a culminating, learning experience in which the student demonstrates politico-legal comprehension and expression through a supervised project.

PSCI 4923 - Senior Research Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course furnishes students with the opportunity to conduct an extended research project. In consultation with a faculty advisor, students write a 10 page minimum piece of scholarly historical research that advances an original interpretation of a political science problem. The student will also prepare a minimum 15-minute presentation of this research using visual/audio media format. This may take the form of film, blog, theatre, or other mixed art media.

Prerequisite: instructors permission.

PSCI 4941 - Political Science Internship

1 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the politico-legal setting through

supervised work for a complete semester or an equivalent summer term. Students may be placed in a variety of settings: governmental offices, law firms, the court system, or research organizations.

PSCI 4942 - Political Science Internship

2 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the politico-legal setting through supervised work for a complete semester or an equivalent summer term. Students may be placed in a variety of settings: governmental offices, law firms, the court system, or research organizations.

PSCI 4943 - Political Science Internship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the politico-legal setting through supervised work for a complete semester or an equivalent summer term. Students may be placed in a variety of settings: governmental offices, law firms, the court system, or research organizations.

PSCI 4990 - Major Field Exam in Political Science

0 credits

All Political Science graduating seniors are required to take the ETS Major Field Exam in Political Science. See Department Chair for further details.

PSAD 3043 - Public Safety in the 21st Century

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the nature of criminal justice and fire agencies and the current benefits and issues confronting them. Students will examine the processes involved in administering public safety organizations.

413

PSAD 3113 - Public Safety and Local Government

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines how strong leadership in public safety organizations partners with the community to enhance the quality of life. An understanding of how the political, financial, and cultural aspects of public safety influence the organization is examined and illustrated.

PSAD 3143 - Ethics in Public Safety Administration

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course identifies and discusses ethics and values in public safety organizations, as well as remediation strategies when ethical dilemmas arise.

PSAD 3183 - Statistics in Public Safety Administration

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides students with a focus on the use of statistics for public safety. The course demonstrates the difference between inferential and descriptive statistics, emphasizing data analysis, probability, and root causation.

PSAD 3223 - Leadership in Public Safety Organizations

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course focuses on the leader's specific roles, responsibilities, behaviors, and skills that are needed to operate effectively in an organization. Students will learn culture, organizational structure, change management, succession planning, and quality.

PSAD 3373 - Public Safety Administration

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines the elements necessary to successfully manage a public safety organization. Topics include the political, financial, and cultural/environmental aspects involved in administration.

PSAD 3483 - Criminal Procedure

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is an overview of Constitutional requirements pertaining to the investigation, detention, prosecution, and adjudication of criminal suspects.

PSAD 3533 - Crisis Intervention

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will familiarize students with the different aspects of crisis intervention, including an examination of various crisis situations; crisis assessment; intervention strategies, models, and techniques; and a critical analysis of developmental, situational, and existential crises.

PSAD 3623 - Business Skills for Public Safety Administration

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces students to the application of proven business principles and skills to successfully manage a public safety organization. Lean Six Sigma, Business Intelligence as a Decision Support System, and Community Involvement creating real partnerships to address public safety issues.

PSAD 4023 - Budget Development and Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides students with an overview of the process and politics of public safety budget development and management. The course explains revenue sources and distribution, followed by building, managing, and evaluating it. The use of the budget as a forecasting tool is demonstrated.

PSAD 4073 - Terrorism and Counterterrorism

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines terrorism philosophies, strategies, and tactics, as well as the intended objectives of terrorist groups. Students will identify and analyze counterterrorism strategies and discuss where terrorism fits as a foreign policy issue.

PSAD 4133 - Organizational Development for Public Safety

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course discusses the preparation of individuals to assume positions in leadership and as organizational development practitioners through organizational transformation in response to changing demands and the organization's adaptability and performance.

PSAD 4173 - Investigations: Cyber and Forensic

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Students will identify the relevant components of successful investigations, emphasizing more contemporary investigative priorities, and the use of applied science to cases. The various types of cases, evidence associated with each, and proper reporting will be summarized.

PSAD 4313 - Personnel Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Students in this course will be introduced to the legal issues associated with personnel management, including hiring, retention, training, discipline, development, and labor relations.

PSAD 4323 - Crisis Management

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course identifies and develops managerial skills in crisis identification, preparedness, recovery, and management. Students will learn how to respond to various man-made and natural crises.

PSYC 490X - Research Laboratory

Offered for Variable Credit credits

An application course which provides students with hands-on experience in research methods. Emphasis is placed, depending on the semester, on different aspects of the research process including study design, methodology, literature review, data collection, data coding and analysis and writing. Students meet regularly with the instructor and spend most of their time participating in the various elements of the research process. (Grade Pass/No Credit)

Prerequisite: Instructors permission.

PSYC 1013 - General Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the basic principles of human behavior and to elementary principles of human development, awareness, learning, motivation, personality, and social influence.

PSYC 1013H - Honors General Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This honors course explores the foundations of the human psyche. As well as examining core principles such as development, awareness, learning, motivation, personality, psychological disorders, and social influence, it also requires students to apply psychological principles in diverse settings and to explore the relationship between the psychology and faith.

Prerequisite: Acceptance in the Honors Program.

PSYC 2313 - Cultural Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is an introduction to the relationships between psychology, culture, and social justice. The course will cover the nature of culture and its applications to psychology and human functioning. Students will examine their own and other cultures, as well as cultural influence on their thought, behavior, relationships, and society.

PSYC 2383 - Personality and Counseling Theories

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a survey of the field of counseling psychology including an introduction to the major theoretical schools of counseling and how these theories aid in the construction of personality theory. At times, this course will involve the synthesis of important elements of theory and Scripture. The student will also be exposed to various fields where counseling skills are applied: Career, School, Grief/Bereavement, Substance Abuse, Groups, etc.

Prerequisite: PSYC 1013 General Psychology

PSYC 2413 - Theories and Process of Counseling

415

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a survey of the field of counseling psychology including an introduction into the major theoretical schools of counseling. The student will also be exposed to various fields where counseling skills are applied: Career, School, Grief/Bereavement, Substance Abuse, Groups, etc.

PSYC 2543 - Marriage and Family

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Study of the family as a social institution including an emphasis on the modern family and constructive ideals for a successful marriage and parenthood. Attention will be given to the dysfunctional family including intervention strategies. (Same as PCAR/SOCI 2543)

PSYC 2553 - Educational Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An exploration of how educational and psychological principles come together in the classroom and other settings where learning occurs. Emphasis is given to cognitive, moral, and social development; learning problems; student and teacher motivation; and introductory issues in multi-cultural education. Knowledge gained in the course is applied directly to the students future work environment and to his/her spiritual growth. Implications for parenting, counseling, pastoring, coaching, and other positions of leadership in the community are also considered. Correspondence work or CLEP tests are not accepted for this teacher education requirement.

Prerequisite: PSYC 1013 General Psychology.

PSYC 2563 - Lifespan Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Surveys human development from conception through death. This course focuses on the interacting processes of physical, cognitive, social, emotional, and moral development within sociocultural contexts, including parent-child relationships and the tasks and transitions associated with developmental stages. Includes an introduction to the observation, measurement, and evaluation of children and adolescents.

Prerequisite: PSYC 1013 General Psychology.

PSYC 2603 - Industrial Organizational Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of organizational behavior, selection procedure, performance appraisal, human factors, engineering, and consumer behavior. Students undertake a significant research project.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3003 - Introduction to Counseling

3 credits

This course will take a preliminary look at the counseling field. An overview of the foundational concepts of counseling along with a focus on broad counseling approaches that are seen in specializations such as: group, addictions, career, and school counseling. This course is designed to have the undergraduate student be exposed to the vastness of the counseling world and the intricacies within some of the specializations.

PSYC 3013 - Research Methods for the Behavioral Sciences

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An emphasis on general research methodology at both

conceptual and applied levels. Consideration is given to topics such as the presuppositions involved in the scientific study of human behavior, the formulation of research problems and hypotheses, quantitative and qualitative research designs. Writing an APA-style manuscript based on data from an in-class experiment is required. (Same as SOCI 3013)

Prerequisite: PSYC 1013 General Psychology.

PSYC 3023 - Statistics for the Behavioral Sciences

3 credits

An emphasis on inferential statistical analysis, inference, and interpretation. Topics include probability, t-test, ANOVA, correlation, regression, and nonparametric statistics. SPSS or other high-level statistical packages are also taught.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3103 - Psychological Testing and Measurement

3 credits

A foundational course for anyone who, with additional training, intends to use educational or psychological tests or evaluations. This course develops concepts and skills used in the development, selection, administration and interpretation of psychological tests and non-testing means of evaluation.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3183 - Community Psychology

3 credits

Community psychology examines social problems and community well-being by integrating applied psychology with sociology, ecology, community development, public policy, prevention science, and cultural anthropology. Specific attention is given to environmental influences, situational-contextual factors, mental health, social justice advocacy and action, and empowerment of local populations.

Prerequisite: PSYC 1013 General Psychology

PSYC 3353 - Abnormal Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of etiology, assessment, diagnosis and treatment of various forms of abnormal behavior from various psychological perspectives.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3403 - Developmental Disabilities

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An overview of the identification, etiology, course, and treatment of human developmental disabilities. Students are given opportunity to meet and interact with people with various developmental disabilities.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3443 - Social Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the theories and methods of social interactions in the development of personal and group behavior. Topics include attitudes, communications, pro-social, and anti-social behaviors.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3453 - Neuropsychology

3 credits

An introduction to research on the brain and physiological processes that have become very important in psychology. The course explores the physiological roots of perception and consciousness, learning and memory, sleep, emotion, sexuality, neurological disorders and psychopathology. The course includes an introduction to the work of clinical neuropsychologist and cognitive neuroscientists.

Prerequisite: PSYC 1013 General Psychology.

PSYC 3583 - Psychology in Sport and Exercise

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will cover psychological components of human performance related to sport and exercise as well as provide students with the foundations of applied sport and exercise psychology (e.g., motivation, communication, anxiety, leadership, and applied psychological skills). Students will learn and practice coaching skills, which are incorporated into intervention techniques that lead people to choose and adhere to a wellness lifestyle based on their own resolutions and visions of their own best self. Discussion will include sport participation and psychological assessment, intervention techniques, and a brief introduction to the predominant research methods used in sport psychology. This course will also cover the psychology of the injured athlete/exerciser, and focus on major theories, research, and application in the field of sport and exercise psychology. This course has particular value to coaches, teachers, psychologists, exercise specialists, and other sport-affiliated professions. (Same as EXSC 3583)

Prerequisite: PSYC 1013 General Psychology and EXSC 1183 Introduction to Exercise Science.

PSYC 3673 - Advanced Topics in Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a seminar-style study of the many disciplines that fall under the scope of psychology (learning, biological basis, sensation and perception, language and intelligence, abnormal behavior, social behaviors, human development, personality and motivation, and emotion) being brought together, critically analyzed and evaluated in order to sharpen student readiness for post-baccalaureate employment, graduate school or professional school. A group project will result from the culmination of review of psychology literacy, personal post-baccalaureate goals and NU mission.

Prerequisite: Junior standing as a psychology major. Seniors from other majors may seek instructor permission to take this course.

PSYC 4003 - Child and Adolescence

3 credits

This course explores how children grow, behave, and develop from infancy through adolescence. Exploration will also include how children interact with the environment around them, as well as their emotional, physical, and social well-being, through a survey of field research and case studies. Special consideration will be given to how cultural environment impacts child development and how childhood development impacts family and educational systems.

PSYC 4143 - Human Sexuality

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course introduces basic aspects of human sexuality: Biologically how the reproductive system works; psychologically how males and females view their sexuality; and sociologically how sexual values and behaviors affect the society as a whole. Specific attention is given to the place and function of sexuality in the life of the Christian.

PSYC 4203 - Cognitive Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of research and theory in the study of human cognition. The course covers the acquisition, representation, and use of knowledge with emphasis on the processes of

memory, language, and decision-making.

Prerequisite: PSYC 1013 General Psychology.

PSYC 4303 - Theories of Personality
3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a survey of past and current theories of personality. An integrative approach, this course will involve synthesis of important elements of each theory and Scripture. Finally, consideration will be given for the application of these personality theories to the field of counseling.

Prerequisite: PSYC 1013 General Psychology.

PSYC 4333 - History and Systems of Psychology
3 credits

[Meets the Core Curriculum Writing Practice Requirement] An historical review and philosophical analysis of the development of psychology as a discipline. Emphasis is given to the relationship between specific historical antecedents and contemporary trends in psychology.

Prerequisite: PSYC 1013 General Psychology. Requires concurrent enrollment in PSYC 4973 International Field Study

PSYC 4403 - Seminar in Psychology
3 credits

[Meets the Core Curriculum Writing Practice Requirement] A seminary style course designed to consider contemporary and controversial issues in psychology as they relate to the Christian individual.

Prerequisite: PSYC 1013 General Psychology and senior classification.

419

PSYC 4453 - Seminar in Eco-Psychology
3 credits

[Meets the Core Curriculum Writing Practice Requirement] A research course focusing on the integration of ecology and psychology and the historical and contemporary issues that are currently impacting us today. There is an emphasis on looking at how third world developing countries are impacted by man and the environment. Migration patterns and the formation of super cities in developing countries will be evaluated and researched.

Prerequisite: PSYC 1013 General Psychology and instructors permission.

PSYC 4563 - Psychology of Religion
3 credits

[Meets the Core Curriculum Writing Practice Requirement] An examination of the relationships between psychology and religion. This course includes discussions of how several major psychologists have attempted to explain religious faith and practice. Students examine frameworks that have been proposed for relating Christian beliefs about persons and psychological explanations. Consideration is given to students own Christian faith (Same as RELG 4563)

PSYC 4653 - Psychology Capstone
3 credits

[Meets the Core Curriculum Writing Practice Requirement] The final course in the Center for Online and Extended Education Psychology sequence, this course provides a practical application and synthesis of the constructs of psychology, culture, and social justice from a Christian worldview. The course focuses on Christian faith integration with the discipline and practice of Psychology in an intercultural context.

PSYC 4673 - Capstone in Psychology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a seminar-style study of the major worldviews and presuppositions underlying psychological theories and practices. Emphasis is given to the different philosophical perspectives by which psychology can be understood and applied, including the integration of faith and psychology. Original classic works in psychology and faith, essays on the philosophy of science, and contemporary applications of modern psychological theories, are read. Students meet once per week for discussion sessions. Seat-time for the second of weekly classes is spent viewing a video or listening to an audio that is relevant to the current topic and then writing a reflection/analysis.

Prerequisite: Senior standing as a psychology major. Seniors from other majors may seek instructor permission to take this course. PSYC 3673 Advanced Topics in Psychology

PSYC 4743 - Psychology Thesis

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A culminating, synthetic learning experience in which students apply the learning gained in the core courses to an integrated study project in the Psychology field. Students meet individually with the instructor throughout the semester for on-going discussion of their individual projects. (Grade Pass/No Credit)

Prerequisite: instructors permission

PSYC 4941 - Psychology Internship

1 credits

A students practical training through local agencies. In Psychology Internship, students receive preparation for and are placed in their practicum sites in local mental health or social service agencies in order to obtain training in specific psychological skills. The specific site is coordinated through the Psychology Department. (Grade Pass/No Credit)

Prerequisite: Instructors permission.

420

PSYC 4942 - Psychology Internship

2 credits

A students practical training through local agencies. In Psychology Internship, students receive preparation for and are placed in their practicum sites in local mental health or social service agencies in order to obtain training in specific psychological skills. The specific site is coordinated through the Psychology Department. (Grade Pass/No Credit)

Prerequisite: Instructor permission.

PSYC 4943 - Psychology Internship

3 credits

A students practical training through local agencies. In Psychology Internship, students receive preparation for and are placed in their practicum sites in local mental health or social service agencies in order to obtain training in specific psychological skills. The specific site is coordinated through the Psychology Department. (Grade Pass/No Credit)

Prerequisite: Instructors permission.

PSYC 4973 - Cultural Psychology thru International Field Study

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a faculty-guided, study tour which explores the field of psychology in international settings. The course will encourage students to examine the relationship between psychology, culture, and social justice. Students will examine their own and other cultures, as well as integrate, among other aspects, the social, cultural, and historic aspects of psychology in the selected international setting. Additional travel expenses are involved.

Concurrent: Requires concurrent enrollment in PSYC 4333 History and Systems in Psychology

UNIV 1101 - Professional Readiness: Emotional Intelligence

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students with marketable skills for the workplace. Skills include: Stress Management, Resilience, Empathy, Reflective Learning and Growth Mindset. Fulfills one credit of the Career Readiness requirement in the Core Curriculum. Sponsored by the Psychology Department.

UNIV 1501 - Professional Readiness: Grit

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This course prepares students with marketable skills for the workplace. Skills include: Accomplishing Goals; Re-framing Failure; Time Management; Perseverance; and Self-Awareness. Fulfills one credit of the Career Readiness requirement in the Core Curriculum. Sponsored by the Psychology Department.

RELG 3033 - Archaeology of Biblical Lands

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of archaeological history, methods, terminology, and the significance of archaeological discoveries relating to the people and cultural environment of Bible lands. Emphasis will be given to how archaeology sheds light on the truth and historicity of the Bible. (Same as BIBL 3033)

Prerequisite: BIBL 1053 The Christian Scriptures and BIBL 2563 How to Read the Bible

RELG 3293 - General Apologetics

3 credits

A study of the various bases for the Christian faith. This course explores the relationships between faith and reason and helps the student develop a sound and biblical defense for the Christian world view.

RELG 3503 - Introduction to World Religions

3 credits

An introduction to the major living world religions and sects. Such matters as the genesis, historical development, cultural expansion, and salient features of the belief system of each religion are considered. Particular attention is given to the encounter of the Christian faith with these religions, both domestically and abroad. (Same as INCS/SOCI 3503)

RELG 4183 - Classics of Christian Devotion

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A reading survey of great Christian classics through the centuries, the course will examine the writings of Christian practitioners whose works have had an enduring and profound effect upon the church and the world. Efforts will be made to expose students to a cross-section of Christian devotional thought from different genres and theological perspectives, be they of different church eras, sectarian movements, or ethnicities/regional orientations of the writers. The goal of the class will be to familiarize students with these writers and their works, and to personally appreciate, experience, and practice them in the spirit in which they were written. (Same as CHIS/THEO 4183)

RELG 4503 - Methods in the Study of Religion

3 credits

A focuses on the various methods employed in the study of religion. Special attention is given to the study of the classical theorists in the study of religion.

RELG 4563 - Psychology of Religion

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of religious characteristics, problems, and needs of the individual as viewed from a psychological and theological perspective, with attention given to integrative study.

Consideration is given to the history of the subject and role of religious attitudes, beliefs, and practices in personality development and adjustment. (Same as PSYC 4563)

RELG 4662 - New Religious Movements in America

2 credits

An examination of religious groups in America started in 19th and 20th centuries. The history, sources of authority, methods, practices and beliefs of select groups are compared with orthodox Christianity. (Same as INCS 4662)

SOCI 1113 - Survey of Sociology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introductory study of the basic concept of societal groups, institutions, and interrelationships. Some consideration is given to problems of contemporary society.

SOCI 2133 - Social Problems

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of problem areas in society such as poverty, hunger, inadequate health care, child abuse, delinquency, crime, and mental illness.

SOCI 2543 - Marriage and Family

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the family as a social institution including an emphasis on the modern family and constructive ideals for a successful marriage and parenthood. Attention will be given to the dysfunctional family including intervention strategies. (Same as PCAR/PSYC 2543).

SOCI 3013 - Research Methods for the Behavioral Sciences

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An emphasis on general research methodology at both conceptual and applied levels. Consideration is given to topics such as the presuppositions involved in the scientific study of human behavior, the formulation of research problems and hypotheses, quantitative and qualitative research designs. Writing an APA-style manuscript based on data from an in-class experiment is required. (Same as PSYC 3013)

Prerequisite: PSYC 1013 General Psychology.

SOCI 3423 - Cultural Anthropology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is an introductory study of the cultural values and differences of the various peoples of the world. The study seeks to develop an understanding of, and appreciation for, the ways people of various cultural backgrounds perceive reality and relate to each other. Particular application is made on how these insights prepare individuals for cross-cultural living and ministry. (Same as INCS 3423)

SOCI 3433 - Intercultural Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Findings from the fields of communication, psychology, sociology, linguistics, and anthropology are combined with the study of characteristics of various cultures to provide the student with a basis for effective communication in all cultures. (Same as COMM/INCS 3433)

Prerequisite or Concurrent: COMM 1003 Introduction to Human Communication.

SOCI 3503 - Introduction to World Religions

3 credits

An introduction to the major living world religions and sects. Such matters as the genesis, historical development, cultural expansion, and salient features of the belief system of each religion are considered. Particular attention is given to the encounter of the Christian faith with these religions, both domestically and abroad. (Same as INCS/RELG 3503)

SOCI 3843 - Anthropology of Northwest Native Peoples

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores contemporary Native American groups of the Pacific Northwest, paying particular attention to expressive forms as "lenses" into multiple dimensions of culture. The course relies heavily on fieldwork, including observation of cultural art and artifacts. In particular, the course is oriented around these issues: How do native peoples communicate essential components of their cultures - to themselves and to people outside their culture group - through traditional expressive forms? How does art reflect, reify, and re-create worldview, and how is this significant in our globalizing, postmodern cultural context? Travel fee required

SPED 4043 - Introduction to Special Education

3 credits

The course explores the philosophical, historical, and legal foundations of special education. Furthermore, candidates will analyze the roles of inclusion and collaboration when working with students with exceptionalities.

SPED 4163 - Collaboration and IEP Teams

3 credits

This course instills the collaboration skills need for working with general education teachers, specialists, paraprofessionals, families, and community members to promote the students receiving special education support services.

SPED 4433 - Teaching Students with Mild to Severe Disabilities

3 credits

This course provides methods for effective instruction to students with mild to moderate and severe disabilities.

SPED 4443 - Teaching Students with Autism Spectrum Disorder

3 credits

This course examines methods for effective instruction to students with Autism Spectrum Disorders.

SPED 4453 - Teaching Students with Behavioral Disabilities

3 credits

This course provides methods for effective instruction to students with behavioral disabilities.

SPED 4533 - Classroom Assessment

3 credits

This course helps candidates to plan for and incorporate classroom assessment, both formative and summative when teaching students receiving special education support services.

SCIE 1033 - Multidisciplinary Science

3 credits

[This course does not fulfil the Science with Lab core curriculum requirement for Traditional Undergraduate programs] This course is a survey of the sciences of physics, astronomy, and biology with an emphasis on understanding and applying the scientific method. The class focuses on case studies of the scientific method and includes designing, implementing, and presenting a scientific study. Lab is integrated within the course.

SCIE 1041 - Integrated Science Laboratory**1 credits**

A laboratory supporting SCIE 1043 Integrated Science.

Concurrent: Requires concurrent enrollment in SCIE 1043 Integrated Science.

SCIE 1043 - Integrated Science**3 credits**

This course is a survey of the sciences of physics, astronomy, and biology with an emphasis on understanding and applying the scientific method. The class will focus on case studies of the scientific method and include designing, implementing and presenting a scientific study.

SCIE 1101 - Principles of Biology Laboratory**1 credits**

A laboratory supporting SCIE 1103 Principles of Biology.

Concurrent: Requires concurrent enrollment in SCIE 1103 Principles of Biology.

SCIE 1103 - Principles of Biology**3 credits**

Study of biological principles relating to living organisms. Basic chemical structure, cellular and subcellular morphology, energy utilization, reproduction and development, and ecological interrelationships are examined.

Concurrent: Requires concurrent enrollment in SCIE 1101 Principles of Biology Laboratory.

SCIE 1151 - Human Biology Laboratory**1 credits**

A human biology laboratory supporting SCIE 1153 Human Biology.

Concurrent: Requires concurrent enrollment in SCIE 1153 Human Biology.

SCIE 1153 - Human Biology**3 credits**

A survey course on the basic biology of human life. Includes an overview of microscopic and gross anatomy, physiology of major body systems, and familiarization with growth and development, sexuality and genetics, and common illnesses and their courses.

Concurrent: Requires concurrent enrollment in SCIE 1151 Human Biology Laboratory.

SCIE 1201 - Survey of Chemistry I Laboratory**1 credits**

A laboratory supporting SCIE 1203 Survey of Chemistry I. (Fall semester)

Concurrent: Requires concurrent enrollment in SCIE 1203 Survey of Chemistry I.

SCIE 1203 - Survey of Chemistry I**3 credits**

An introductory inorganic chemistry course. Topics examined include elements, atoms, the periodic table, electronic structure of the atom, chemical bonding, molecular structure, the concept of the mole and stoichiometry, principles and types of chemical reactions, and acid-base chemistry. (Fall semester)

Prerequisite: SAT MATH score of 480/RSAT MATH score of 510/ACT MATH score of 20 or higher, or two years of high school algebra with a grade of B- or higher in the second year, or MATH 1003 Intermediate Algebra, or permission of instructor.

Concurrent: Requires concurrent enrollment in SCIE 1201 Survey of Chemistry I Laboratory.

Prerequisite or Concurrent: If a student does not meet at least one of the above prerequisites, concurrent enrollment in MATH 1003 Intermediate Algebra is required.

SCIE 1211 - Survey of Chemistry II Laboratory

1 credits

A laboratory supporting SCIE 1213 Survey of Chemistry II. (Spring semester)

Concurrent: Requires concurrent enrollment in SCIE 1213 Survey of Chemistry II.

SCIE 1213 - Survey of Chemistry II

3 credits

An introductory organic and biochemistry course. Topics discussed include alkanes, alkenes, alkynes, aromatics, alcohols, thiols and sulfides, phenols, ethers, aldehydes, ketones, carboxylic acids and their derivatives, amines, lipids and fatty acids, proteins and enzymes, RNA and DNA. (Spring semester)

Prerequisite: SCIE 1203/1 Survey of Chemistry I or permission of instructor.

Concurrent: Requires concurrent enrollment in SCIE 1211 Survey of Chemistry II Laboratory.

SCIE 1301 - Geology Laboratory

1 credits

A laboratory supporting SCIE 1303 Geology.

Concurrent: Requires concurrent enrollment in SCIE 1303 Geology.

425

SCIE 1303 - Geology

3 credits

A course dealing with the origin, composition, and structure of the earth. This course deals with the composition and structure of the Earth's interior; identification of common minerals and the three major rock groups; the concepts and processes of the evolution of various surface features of the Earth.

Concurrent: concurrent enrollment in SCIE 1301 Geology Laboratory.

SCIE 1331 - General Chemistry I Laboratory

1 credits

A laboratory supporting SCIE 1333 General Chemistry I. (Fall semester)

Concurrent: Requires concurrent enrollment in SCIE 1333 General Chemistry I.

SCIE 1333 - General Chemistry I

3 credits

Inorganic chemistry topics discussed include nuclear chemistry, quantum mechanics and atomic structure, the periodic table, theories of chemical bonding, stoichiometry and the concept of the mole. (Fall semester)

Prerequisite: SAT MATH score of 480/RSAT MATH 510/ACT MATH score of 20 or higher, or two years of high school algebra with a grade of B- or higher in the second year, MATH 1003 Intermediate Algebra, or permission of instructor. If a student does not meet at least one of the above prerequisites, concurrent enrollment in MATH 1003 Intermediate Algebra is required.

Concurrent: Requires concurrent enrollment in SCIE 1331 General Chemistry I Laboratory.

SCIE 1341 - General Chemistry II Laboratory

1 credits

A laboratory supporting SCIE 1343 General Chemistry II. (Spring semester)

Concurrent: Requires concurrent enrollment in SCIE 1343 General Chemistry II.

SCIE 1343 - General Chemistry II

3 credits

Topics discussed include thermodynamics and calorimetry, chemical equilibrium, chemical kinetics, electrochemistry, the gas laws, the structure of liquids and solids, acid-base chemistry, and coordination chemistry. (Spring semester)

Prerequisite: SCIE 1333/1 General Chemistry I or permission of instructor.

Concurrent: Requires concurrent enrollment in SCIE 1341 General Chemistry II Laboratory.

SCIE 1393 - Survey of Environmental Science

3 credits

This course focuses on the study of our relationship to the world around us. Specifically the class will apply science concepts and skills to develop solutions to human problems in societal context including the interaction of culture and science through the lens of technology, society, the workplace, and the environment. The class will focus on case studies of the scientific method and will include designing, implementing and presenting a scientific study.

SCIE 1521 - Astronomy Laboratory

1 credits

A laboratory supporting SCIE 1523 Astronomy.

Concurrent: Requires concurrent enrollment in SCIE 1523 Astronomy.

426

SCIE 1523 - Astronomy

3 credits

An introduction to both the theoretical and practical aspects of astronomy. Major topics are the night sky, the solar system, stars, galaxies, cosmology, the scientific method, and the history of astronomy.

Concurrent: Requires concurrent enrollment in SCIE 1521 Astronomy Laboratory.

SCIE 1841H - Honors Topics in Science Laboratory

Laboratory supporting SCIE 1843H Honors Topics in Science.

Prerequisite: Acceptance in the Honors Program.

Concurrent: Requires concurrent enrollment in SCIE 1843H Honors Topics in Science.

SCIE 1843H - Honors Topics in Science

3 credits

The topics of this course will vary but will include an interdisciplinary look at a particular topic in science. Topics could include Neuroscience, Ecology, or Cancer.

Prerequisite: Acceptance in the Honors Program.

Concurrent: Requires concurrent enrollment in SCIE 1841H Honors Topics in Science Laboratory.

SCIE 1980/1 - Survey of Chemistry Review Section

0 or 1 credits

This class provides support for Survey of Chemistry II. Students will receive guided review of class topics as well as additional help with difficult areas. May be taken for zero or one credit. (Spring semester) Grade is a Pass/No Credit.

Concurrent: Students who earn less than a C+ in SCIE 1203 Survey of Chemistry I are required to enroll in this class concurrently with SCIE 1213 Survey of Chemistry II.

SCIE 2051 - General Biology: Ecology/Diversity Laboratory

1 credits

Biology Laboratory supporting SCIE 2053 General Biology: Ecology/Diversity. (Fall semester)

Concurrent: concurrent enrollment in SCIE 2053 General Biology: Ecology/Diversity.

SCIE 2053 - General Biology: Ecology/Diversity

3 credits

This class is part of a year long sequence which covers the major concepts in biology. It focuses on the mechanisms of evolution, taxonomy and the diversity of plants and animals, ecological relationships and conservation. (Fall semester)
(Fall semester)

Concurrent: Requires previous or concurrent enrollment in SCIE 1203 Survey of Chemistry I or SCIE 1333 General Chemistry I, and SCIE 2051 General Biology: Ecology/Diversity Laboratory, or instructor permission.

SCIE 2061 - General Biology: Cell/Molecular Laboratory

1 credits

General biology laboratory supporting SCIE 2063 General Biology: Cell/Molecular (Spring semester)

Concurrent: Requires concurrent enrollment in SCIE 2063 General Biology: Cell/Molecular

SCIE 2063 - General Biology: Cell/Molecular

3 credits

This class is part of a year long sequence which covers the major concepts in biology. It focuses on the scientific method, chemistry of living organisms, cellular morphology and physiology, DNA and gene expression, biotechnology, and genetics. (Spring semester)

Prerequisite: SCIE 1203/1 Survey of Chemistry I or SCIE 1333/1 General Chemistry I.

Concurrent: Requires concurrent enrollment in SCIE 2061 General Biology: Cell/Molecular Laboratory.

SCIE 2111 - General Botany Laboratory

1 credits

Botany laboratory supporting SCIE 2113 General Botany.

Concurrent: Requires concurrent enrollment in SCIE 2113 General Botany.

SCIE 2113 - General Botany

3 credits

An introduction to the identification of plants, structure, energy processes, reproduction, and ecological interrelationships.

Concurrent: Requires concurrent enrollment in SCIE 1111 General Botany Laboratory.

SCIE 2201 - Human Anatomy and Physiology I Laboratory

1 credits

An anatomy and physiology laboratory supporting SCIE 2203 Human Anatomy and Physiology I. (Fall semester)

Concurrent: Requires concurrent enrollment in SCIE 2203 Human Anatomy and Physiology I.

SCIE 2203 - Human Anatomy and Physiology I

3 credits

Advanced study of the design and functions of the human body beginning with cell biology, tissue, and membrane functions and continuing with the integumentary, skeletal, muscular, and nervous systems. (Fall semester)

Prerequisite: SCIE 1213/1 Survey of Chemistry II, or SCIE 1343/1 General Chemistry II, or one year of major's biology (SCIE 2053 and SCIE 2063, or equivalent) and instructor permission.

Concurrent: SCIE 2201 Human Anatomy and Physiology I Laboratory.

SCIE 2211 - Human Anatomy and Physiology II Laboratory

1 credits

An anatomy and physiology laboratory supporting SCIE 2213 Human Anatomy and Physiology II. (Spring semester)

Concurrent: Requires concurrent enrollment in SCIE 2213 Human Anatomy and Physiology II.

SCIE 2213 - Human Anatomy and Physiology II

3 credits

Continues the advanced study of the systems of the human body including the special senses, endocrine, cardiovascular, lymphatic/immune, pulmonary/respiratory, digestive, renal/acid-base, and reproductive systems. (Spring semester)

Prerequisite: SCIE 1213/1 Survey of Chemistry II or SCIE 1343/1 General Chemistry II, and SCIE 2203/1 Human Anatomy and Physiology I or instructor permission.

Concurrent: Requires concurrent enrollment in SCIE 2211 Human Anatomy and Physiology II Laboratory.

SCIE 2230 - Introduction to Geographic Information Systems (GIS) Laboratory

0 credits

A laboratory supporting SCIE 2234 Introduction to Geographic Information Systems (GIS).

Corequisite: Requires concurrent enrollment in SCIE 2234 Introduction to Geographic Information Systems (GIS).

SCIE 2234 - Introduction to Geographic Information Systems (GIS)

4 credits

GIS is a computer-based software that uses geographic data to solve real-world problems. The software can be applied to various disciplines including real estate, marketing, church planting, education, medicine, social justice, and wildlife conservation. This course introduces students to the broad applications of GIS. Lectures will cover the concepts, principles, and applications of GIS and mapping. During labs, students will collect, enter, store, analyze and communicate geographic data in ArcGIS (a common GIS program). The final project requires students to analyze and communicate a real-world problem in their discipline using GIS.

Concurrent: Requires concurrent enrollment in SCIE 2230 Introduction to Geographic Information Systems (GIS) Laboratory.

SCIE 2281 - Physics I Laboratory

1 credits

A laboratory supporting SCIE 2283 Physics I. (Fall semester)

Concurrent: Requires concurrent enrollment in SCIE 2283 Physics I.

SCIE 2283 - Physics I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Topics include motion, force, conservation laws, energy

and work. (Fall semester)

Prerequisite: SAT MATH score of 480/RSAT MATH score of 510/ACT MATH score of 20 or higher, or two years of high school algebra with a grade of B- or higher in the second year, or MATH 1003 Intermediate Algebra, or permission of instructor. If a student does not meet at least one of the above prerequisites, concurrent enrollment in MATH 1003 Intermediate Algebra is required.

Concurrent: Requires concurrent enrollment in SCIE 2281 Physics I Laboratory.

SCIE 2291 - Physics II Laboratory

1 credits

A laboratory supporting SCIE 2293 Physics II. (Spring semester)

Concurrent: Requires concurrent enrollment in SCIE 2293 Physics II.

SCIE 2293 - Physics II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Topics include energy and work, waves, optics, electricity and magnetism, current, resistance and circuits. (Spring semester)

Prerequisite: SCIE 2283/1 Physics I or permission of instructor.

Concurrent: Requires concurrent enrollment in SCIE 2291 Physics II Laboratory.

SCIE 2401 - Environmental Science Laboratory

1 credits

A laboratory supporting SCIE 2403 Environmental Science.

Concurrent: Requires concurrent enrollment in SCIE 2403 Environmental Science.

429

SCIE 2403 - Environmental Science

3 credits

Study of the concepts of Stewardship as it relates to our environment. Understanding of ecological principles is attained as a foundation for the discussion of sustainability and servant hood. Personal and ethical behaviors are examined.

Concurrent: Requires concurrent enrollment in SCIE 2401 Environmental Science laboratory.

SCIE 2431 - Organic Chemistry I Laboratory

1 credits

A laboratory supporting SCIE 2433 Organic Chemistry I. (Fall semester)

Concurrent: Requires concurrent enrollment in SCIE 2433 Organic Chemistry I.

SCIE 2433 - Organic Chemistry I

3 credits

Organic chemistry topics discussed include structure and bonding in organic compounds, naming organic compounds, identifying functional groups, stereochemistry, spectroscopy and its use in compound characterization, and mechanistic organic chemistry. (Fall semester) (Fall semester)

Prerequisite: SCIE 1343/1 General Chemistry II, or permission of instructor.

Concurrent: Requires concurrent enrollment in SCIE 2431 Organic Chemistry I Laboratory.

SCIE 2441 - Organic Chemistry II Laboratory

1 credits

A laboratory supporting SCIE 2443 Organic Chemistry II. (Spring semester)

Concurrent: Requires concurrent enrollment in SCIE 2443 Organic Chemistry II.

SCIE 2443 - Organic Chemistry II

3 credits

Reactions in organic chemistry. Topics include substitution/elimination reactions, electrophilic aromatic substitution, nucleophilic aromatic substitution, redox transformations, Diels-Alder reactions, carbonyl chemistry, organometallic chemistry, diazo chemistry and the chemistry of amines. (Spring semester) (Spring semester)

Prerequisite: SCIE 2433/1 Organic Chemistry I, or permission of instructor.

Concurrent: Requires concurrent enrollment in SCIE 2441 Organic Chemistry II Laboratory.

SCIE 2452 - Genetics and Society

2 credits

A study of the chemical basis for heredity and the resultant patterns in humans. Issues and implications of new technologies on society are discussed. SCIE 1103 Principles of Biology, SCIE 1153 Human Biology, SCIE 2203 Human Anatomy and Physiology I, or SCIE 2063 General Biology: Cell/Molecular are recommended as background for the course.

SCIE 2613 - Diet and Nutrition

3 credits

Studies the biomedical applications and biochemistry of nutritional science. Diet and exercise principles with application to special needs such as encountered in disease prevention and rehabilitation are emphasized.

Prerequisite: SCIE 1213/1 Survey of Chemistry II or SCIE 1343/1 General Chemistry II or instructor permission.

SCIE 3021 - Zoology Laboratory

1 credits

A laboratory supporting SCIE 3023 Zoology.

Concurrent: Requires concurrent enrollment in SCIE 3023 Zoology.

SCIE 3023 - Zoology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course investigates the comparative biology and morphology of organisms in the kingdom Animalia. Student will explore the form and function of animal adaptations through the study of anatomical structures, physiological systems, natural history, and the scientific method.

Prerequisite: SCIE 2053 General Biology: Ecology/Diversity, SCIE 2063 General Biology: Cell/Molecular and SCIE 1343 General Chemistry II or SCIE 1213 Survey of Chemistry II.

Concurrent: SCIE 3021 Zoology Laboratory.

SCIE 3100 - Microbiology Laboratory

0 credits

A laboratory supporting SCIE 3104 Microbiology

SCIE 3104 - Microbiology

4 credits

A study of microscopic organisms, including viruses, bacteria, fungi, algae, protozoans, and parasitic worms. Focus primarily on their structure, physiology and how they interrelate with other organisms in beneficial and/or harmful ways. Study will be given to understanding how modern microbiologic techniques can be used to protect and benefit

living things.

Prerequisite: SCIE 1213 Survey of Chemistry II or SCIE 2433/1 Organic Chemistry I, or instructor permission.

Concurrent: Requires concurrent enrollment in SCIE 3100 Microbiology Laboratory

SCIE 3141 - Genetics Laboratory

1 credits

A laboratory supporting SCIE 3143 Genetics.

Concurrent: Requires concurrent enrollment in SCIE 3143 Genetics.

SCIE 3143 - Genetics

3 credits

The study of the chemical basis for heredity and the resultant patterns are examined. Reproduction technologies, genetic engineering, biotechnology uses and implications of these technologies also are discussed.

Prerequisite: SCIE 2063 General Biology: Cell/Molecular and SCIE 1343 General Chemistry II.

Concurrent: Requires concurrent enrollment in SCIE 3141 Genetics Laboratory.

SCIE 3163 - Northwest Ecology

3 credits

A course that studies the volcano geology and ecology of Mt. Saint Helens. Includes field trips to local sites and multi-day trip to Mt. Saint Helens. Fulfills laboratory science course. Requires extra fees to cover travel, food, lodging, and lab supplies.

SCIE 3164 - Northwest Ecology w/ Laboratory

4 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that studies the volcanic geology and ecological recovery of Mt. Saint Helens. Includes field trips to local sites and a multi-day trip to Mt. Saint Helens. Fulfills laboratory science course. (Summer only) Requires extra fees to cover travel, food, lodging, and lab supplies.

SCIE 3165 - Northwest Ecology

5 credits

A course that studies the volcano geology and ecology of Mt. Saint Helens. Includes field trips to local sites and multi-day trip to Mt. Saint Helens. Fulfills laboratory science course. Requires extra fees to cover travel, food, lodging, and lab supplies.

SCIE 3401 - Cell Biology Laboratory

1 credits

A laboratory supporting SCIE 3403 Cell Biology.

Concurrent: Requires concurrent enrollment in SCIE 3403 Cell Biology.

SCIE 3403 - Cell Biology

3 credits

A survey of cell structure and function with focus on individual cellular organelle, as well as the interaction of cells with the extracellular environment and with other cells. Material presented in context of experimental questions and answers to incorporate concept of scientific method and recent advances in cell biology research.

Prerequisite: SCIE 2053 General Biology: Ecology/Diversity, SCIE 2063 General Biology: Cell/Molecular and at least Junior standing as Biology (all tracks), Environmental Science (all tracks), or Exercise Science major.

Concurrent: Requires concurrent enrollment in SCIE 3401 Cell Biology Laboratory.

SCIE 3463 - Molecular Physiology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Advanced study of the form and function of biological systems at the molecular level.

Prerequisite: SCIE 2053 General Biology: Ecology/Diversity, SCIE 2063 General Biology: Cell/Molecular and SCIE 1343 General Chemistry II.

SCIE 3483 - Ecosystems and Ecophysiology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the relationships between an organism's physiology and ecology. Students will study a variety of ecosystems (e.g. deserts, intertidal zones, temperate forests) and the organisms found within while taking a deeper look at the physiological adaptations necessary to survive in each habitat.

Prerequisite: SCIE 2053 General Biology: Ecology/Diversity, SCIE 2063 General Biology: Cell/Molecular and SCIE 1343 General Chemistry II.

SCIE 3711 - Community Development and Environmental Sustainability Laboratory

1 credits

Laboratory supporting SCIE 3713 Community Development and Environmental Sustainability. This laboratory explores appropriate technology in agriculture, horticulture, water treatment, and energy and natural resource management.

Concurrent: SCIE 3713 Community Development and Environmental Sustainability

SCIE 3713 - Community Development and Environmental Sustainability

3 credits

432

An introduction to the principles of sustainable development while examining ecologically sustainable communities in the context of environmental degradation, injustice, and impoverishment to peoples and cultures. Importance of effectively serving the poor through scientific technology lays a foundation for the application of ethics, and ecologically sound solutions.

Concurrent: SCIE 3711 Community Development and Environmental Sustainability Laboratory

SCIE 4151 - Ecology Laboratory

1 credits

A laboratory supporting SCIE 4153 Ecology.

Concurrent: Requires concurrent enrollment in SCIE 4153 Ecology.

SCIE 4153 - Ecology

3 credits

The study of relationships between organisms and their environment. Including environmental relationships between individual organisms to factors influencing the entire state of the planet.

Prerequisite: 16 credits of science and MATH 1313 Statistics.

Concurrent: Requires concurrent enrollment in SCIE 4151 Ecology Laboratory.

SCIE 4223 - Bioethics

3 credits

The study of ethical questions surrounding health care and biological research. Specifically medical practice, biomedical research and ethics of health and well-being of local and global communities. (Same as PHIL 4223)

SCIE 4421 - Biochemistry Laboratory

1 credits

A laboratory supporting SCIE 4423 Biochemistry.

Concurrent: Requires concurrent enrollment in SCIE 4423 Biochemistry.

SCIE 4423 - Biochemistry

3 credits

Structure of proteins, carbohydrates, and lipids; enzyme catalysis and principles in metabolism, including glycolysis, citric acid cycle, oxidative phosphorylation and photosynthesis.

Prerequisite: SCIE 2053 General Biology: Ecology/Diversity, SCIE 2063 General Biology: Cell/Molecular and SCIE 2443 Organic Chemistry II.

Concurrent: Requires concurrent enrollment in SCIE 4421 Biochemistry Laboratory.

SCIE 4661-3 - Undergraduate Science Teaching Assistant

1-3 credits

These courses involves a student assisting faculty in performing instructional tasks. (Grade Pass/No Credit)

Prerequisite: Junior standing and instructor permission

SCIE 4671 - Undergraduate Science Lab Assistant

1 credits

These courses involve working in the lab to prepare for classes, research or upkeep of the lab. (Grade Pass/No Credit)

Prerequisite: Permission from Lab Supervisor and Department Chair

SCIE 4672 - Undergraduate Science Lab Assistant

2 credits

These courses involve working in the lab to prepare for classes, research or upkeep of the lab. (Grade Pass/No Credit)

Prerequisite: Permission from Lab Supervisor and Department Chair

SCIE 4673 - Undergraduate Science Lab Assistant

3 credits

These courses involve working in the lab to prepare for classes, research or upkeep of the lab. (Grade Pass/No Credit)

Prerequisite: Permission from Lab Supervisor and Department Chair

SCIE 4713 - Secondary Science Methods & Lab Management

3 credits

Exploration of current methodology, research, curriculum trends, and classroom applications will be directed for middle, junior, and senior high school educators. The course will focus on methodologies pertinent to teach Science at the secondary level, including the integration of technology in instruction.

Prerequisite: Admission to the professional sequence. Course taken in sequence as required by the College of Education.

SCIE 4782 - Science Capstone I

2 credits

[Meets the Core Curriculum Writing Practice Requirement] The first semester Capstone course focuses on building skills in curriculum vitae writing, giving presentations, peer-led scientific article discussions, and reviewing scientific literature. The final project requires students to write a literature review which prepares them for the Science Capstone II course. (Fall semester)

Prerequisite: Senior standing as Biology (all tracks) or Environmental Science (all tracks) major.

SCIE 4791 - Science Capstone II

1 credits

The second semester Capstone course requires students to use the knowledge they have learned from Science Capstone I to write a Science Project Proposal and present it at Spring NU Science Colloquium. (Spring semester)

Prerequisite: SCIE 4782 Science Capstone I

SCIE 4921 - Research Topics

1 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses involve original research in the biological sciences under the supervision of a faculty member approved by the department. Completion requires a research proposal, scientific report and oral presentation of the results in a symposium, such as the Spring NU Science Colloquium or a national conference. No more than four credits may be taken in any semester and senior standing is required.

Prerequisite: Faculty member permission.

SCIE 4922 - Research Topics

2 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses involve original research in the biological sciences under the supervision of a faculty member approved by the department. Completion requires a research proposal, scientific report and oral presentation of the results in a symposium, such as the Spring NU Science Colloquium or a national conference. No more than four credits may be taken in any semester and senior standing is required.

Prerequisite: Faculty member permission.

SCIE 4923 - Research Topics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses involve original research in the biological sciences under the supervision of a faculty member approved by the department. Completion requires a research proposal, scientific report and oral presentation of the results in a symposium, such as the Spring NU Science Colloquium or a national conference. No more than four credits may be taken in any semester and senior standing is required.

Prerequisite: Faculty member permission.

SCIE 4924 - Research Topics

4 credits

[Meets the Core Curriculum Writing Practice Requirement] These courses involve original research in the biological sciences under the supervision of a faculty member approved by the department. Completion requires a research proposal, scientific report and oral presentation of the results in a symposium, such as the Spring NU Science Colloquium or a national conference. No more than four credits may be taken in any semester and senior standing is required.

Prerequisite: Faculty member permission.

SCIE 4941 - Science Internship and Certification

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This (paid or unpaid) internship offers the student practical experience in science-based occupations. Students will gain practical on-site work experience in which technical skills and abilities are applied. Sites are selected by students with the pre-approval of your advisor and the science department. Successful completion of Certifications such as Phlebotomy, Woofer, Medical Transcription, Wilderness Guide, Naturalist and Scuba may be counted as credits towards this class. Two credits are the maximum allowed. Students are required to formally present their experiences to the science department. (Grade Pass/No Credit)

Prerequisite: Instructor permission

SCIE 4942 - Science Internship and Certification

2 credits

[Meets the Core Curriculum Writing Practice Requirement] This (paid or unpaid) internship offers the student practical experience in science-based occupations. Students will gain practical on-site work experience in which technical skills and abilities are applied. Sites are selected by students with the pre-approval of your advisor and the science department. Successful completion of Certifications such as Phlebotomy, Woofer, Medical Transcription, Wilderness Guide, Naturalist and Scuba may be counted as credits towards this class. Two credits are the maximum allowed. Students are required to formally present their experiences to the science department. (Grade Pass/No Credit)

Prerequisite: Instructor permission

INCS 1063 - Gospel and Culture

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that focuses on the central aspects of the Christian faith. It begins with the Apostles' Creed as a clear and concise statement of the essentials of Christian faith in light of who God is: Father, Son, and Holy Spirit. This course will further unpack the meaning of this Trinitarian, gospel-centered early summary of the Christian faith and its implications as a foundation for a life of Christian discipleship in community. (Same as THEO 1063)

THEO 462X - Contemporary Pentecostal Studies

Offered for Variable Credit credits

[Meets the Core Curriculum Writing Practice Requirement] A seminar course providing students with an opportunity to engage in supervised reading and research on Pentecostal topics. Readings (with associated research and writing requirements) on Pentecostal history, theology, and praxis are assigned. Conference attendance and subsequent assignments are included under the direction of the faculty when possible. Additional fees are required based upon the conference requirements, and are listed in the respective Semester Course Schedule. (Same as BIBL 462x)

THEO 1063 - Gospel and Culture

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course explores the contours of a gospel-centered, Spirit-empowered Christian faith, mind, and worldview, and the ways in which these intersect with the values and perspectives of prevailing society and culture. Significant emphasis will also be given to engaging key cultural and religious expressions such as secularism, consumerism, and naturalism. Attention will also be paid to topics such as racism and human sexuality. The goal of this course will be to encourage students to articulate a biblical framework for cultural and religious engagement, both as individuals and as a Christian community. (Same as INCS 1063)

THEO 1093 - Foundations of Christian Faith

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that focuses on the central aspects of the

Christian faith. It begins with the Apostles' Creed as a clear and concise statement of the essentials of Christian faith in light of who God is: Father, Son, and Holy Spirit. This course will further unpack the meaning of this Trinitarian, gospel-centered early summary of the Christian faith and its implications as a foundation for a life of Christian discipleship in community.

THEO 1093H - Honors: Foundations of Christian Faith

3 credits

[Meets the Core Curriculum Writing Practice Requirement.] A course that focuses on the central aspects of the Christian faith. It begins with the Apostles' Creed as a clear and concise statement of the essentials of Christian faith in light of who God is: Father, Son, and Holy Spirit. This course will further unpack the meaning of this Trinitarian, gospel-centered early summary of the Christian faith and its implications as a foundation for a life of Christian discipleship in community.

Prerequisite: Acceptance in the Honors Program.

THEO 1093H - Honors: Foundations of Christian Faith

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A course that focuses on the central aspects of the Christian faith. It begins with the Apostles' Creed as a clear and concise statement of the essentials of Christian faith in light of who God is: Father, Son, and Holy Spirit. This course will further unpack the meaning of this Trinitarian, gospel-centered early summary of the Christian faith and its implications as a foundation for a life of Christian discipleship in community.

THEO 2323 - Jesus the Messiah

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course draws from both testaments of the Bible to examine the person, teaching, and mission of Jesus as promised Messiah who uniquely and decisively fulfills God's purposes. It traces the nature and shape of Israel's story to appreciate the significance of Jesus of Nazareth in his own time as well as the pivotal role of Jesus as Lord in early Christianity. It considers contemporary understandings about Jesus and the message of Good News in the contexts of popular culture and Christian experience. In these ways, the course illuminates Jesus as the central and defining character of the Christian faith.

436

THEO 2413 - Developing a Biblical Worldview

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of philosophical worldviews and life narratives as a background for developing ones own worldview. This course explores the challenges involved in developing a theology and ethic accountable to the biblical witness but contextual in a given culture. Theological currents leading to postmodernity are explored through the lens provided by the questions and encounters that emerge from both western and nonwestern Christian perspectives.

THEO 2503 - Pentecostal Spirituality

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course examines Pentecostal beliefs regarding the personal triune God and the gracious activities of the Holy Spirit at work eschatologically, relationally, and missionally. The course will consider particular spiritually formative practices, including Spirit baptism, in light of these beliefs.

Prerequisite: THEO 1093 Foundations of Christian Faith

THEO 3043 - Biblical Theology of Mission

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the biblical foundations for the Christian mission. It begins with the Old Testament antecedents to the Christian mission and examines how they prepared the

way for the coming of Jesus Christ and for the proclamation of the Christian gospel. (Same as BIBL 3043)

Prerequisite: THEO 1093 Foundations of Christian Faith

THEO 3193 - Theology of Compassion

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Compassion for others, especially for those in need, is a fundamental tenet of biblical theology. Compassion for humankind was the motivation for Christ's mission to earth, as He mentions at the inauguration of his ministry in Luke 4: "The Spirit of the Lord is on me, because he has anointed me to proclaim good news to the poor. He has sent me to proclaim freedom for the prisoners and recovery of sight for the blind, to set the oppressed free, to proclaim the year of the Lord's favor." This course reviews the biblical foundation for compassion and traces the Church's theological interpretation and practical application of compassion throughout history.

THEO 3213 - Systematic Theology I

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a more advance examination of theological methodology, the doctrine of God, and the doctrine of humanity and creation.

Prerequisite: THEO 1093 Foundations of Christian Faith and THEO 2503 Pentecostal Spirituality

THEO 3223 - Systematic Theology II

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course is a more advance examination of three traditional areas of systematic theology: the person and work of Jesus Christ, the doctrine of the Church, and the doctrine of last things.

Prerequisite: THEO 1093 Foundations of Christian Faith and THEO 2503 Pentecostal Spirituality; Recommended: THEO 3213 Systematic Theology I

THEO 3403 - Christianity and Postmodern Thought

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An examination of the philosophical and theological background of postmodernism. Common traits of postmodern thought, theology, and church practice are compared to orthodox Christianity; both will be explored in light of biblical teaching. Includes a survey of current major authors and ideas in the emerging church movement as well as other postmodern theological issues.

Prerequisite: THEO 1093 Foundations of Christian Faith.

THEO 3413 - Theology of Ministry Essentials

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course grounds the local church ceremonies and ordinances of infant dedication, water baptism, communion, weddings, and funerals in a biblical theology and guides the vocational minister in how to prepare for and conduct them. The course includes labs plus field trips to local churches and a mortuary.

THEO 3433 - Theology of Worship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an overview of the significant theological issues related to the topic of Christian worship. Attention is directed to the major statements on worship and descriptions of worship practices found in both the OT and NT. The appropriation and elaboration of this biblical material by various traditions over the centuries is examined with a view to what can be learned to inform and enhance Pentecostal worship. (Same as BIBL 3433)

THEO 4053 - Survey of Contemporary Theologies

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A survey of the history and doctrines of theological groups in America started in 19th and 20th centuries. This course examines the basic theologies and histories of major denominations in the US. The sources of authority, methods, practices and beliefs of select groups which are active or influential today are compared with orthodox Christianity.

Prerequisite: THEO 1093 Foundations of Christian Faith

THEO 4183 - Classics of Christian Devotion

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A reading survey of great Christian classics through the centuries, the course will examine the writings of Christian practitioners whose works have had an enduring and profound effect upon the church and the world. Efforts will be made to expose students to a cross-section of Christian devotional thought from different genres and theological perspectives, be they of different church eras, sectarian movements, or ethnicities/regional orientations of the writers. The goal of the class will be to familiarize students with these writers and their works, and to personally appreciate, experience, and practice them in the spirit in which they were written. (Same as CHIS/RELG 4183)

THEO 4203 - Ecclesiology and Eschatology

3 credits

[Meets the Core Curriculum Writing Practice Requirement] A study of the doctrines of the church and of "last things." The nature, life, and redemptive work of the people of God throughout history are considered in light of how prophetic calling and ultimate hope may shape the present existence of communities of faith.

Prerequisite: THEO 1093 Foundations of Christian Faith

THEO 4653 - Theology Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

THEO 4663 - Theology Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

THEO 4673 - Theology Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

THEO 4683 - Theology Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

THEO 4693 - Theology Seminar

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Seminar classes are intended to guide the students into scholarly research and critical thinking. They will typically involve presentations by the lecturer and research by the students, issuing in the writing of a research paper and class presentation of this material to stimulate discussion by fellow students in a specialized field of knowledge. Therefore, the number of students in this seminar is limited to 16 students.

THEO 4723 - The Church and Contemporary Christian Issues

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Exegesis and discussion of selected New Testament passages relevant to a variety of personal issues and contemporary life, including sexual ethics, gender roles, Christian parenting, divorce and remarriage, wealth and possessions, and the problems of evil, death, and dying.

Prerequisite: THEO 1093 Foundations of Christian Faith

ARTE 2183 - Introduction to Design Thinking

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the basic concepts of Design Thinking. This course will provide a practical introduction to Design Thinking skills, along with opportunities for practicing those skills. (Same as UXDE 2183)

439

UXDE 2143 - UX Design Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Explores fundamental design concepts and methods for a variety of types of user interfaces, including software and hardware interaction, physical device interfaces, visual communication design, and industrial design. The overall design process will be explored, and design collaboration will be introduced. Students will have opportunities to explore contextual research, ideation, conceptual design, design variations, design iteration, and design communication.

UXDE 2183 - Introduction to Design Thinking

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introduction to the basic concepts of Design Thinking. This course will provide a practical introduction to Design Thinking skills, along with opportunities for practicing those skills. (Same as ARTE 2183)

UXDE 2213 - Information Visualization

3 credits

[Meets the Core Curriculum Writing Practice Requirement] The purpose of this course is to enable students to design, construct, and evaluate various techniques for data visualization with an emphasis on user-centered design and system development. By combining aspects of design thinking, computer graphics, HCI, and data science, the student will gain hands-on experience with creating visualizations, using exploratory tools, and architecting data narratives.

Prerequisite: ARTE 2183 Introduction to Design Thinking.

UXDE 3233 - Human Factors/Ergonomics

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Through lectures and "hands-on" experiments, this course will challenge the student to explore objects and environments as sensory and psychological experiences that effect human comfort, efficiency, function and emotion. Emphasis will be put on empathizing with the user with particular attention to those individuals with special physical, cognitive or occupational needs. (Course fee required)

UXDE 3253 - Discovering User Requirements for UX Design

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This practical, hands-on course will lay the groundwork for understanding of the needs of the user. It will provide an insight into the psychology of user behavior and lay the foundation for students who are pursuing careers designing, evaluating, or marketing products for people. It will also cover a set of research tools to discover user needs, and enhance the user experience by deriving design recommendations. (Course fee required)

Prerequisite: UXDE 3233 Human Factors/Ergonomics.

UXDE 3313 - Designing the User Experience

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course covers the design and evaluation of the human-computer interface in interactive computer systems including desktop, laptop, mobile and audio-only devices. Among the topics covered are design specs and wire-frame models, prototype techniques, and design approaches such as menus, commands, use of voice control, etc. Students are expected to design interface mockups and evaluate them. (Course fee required)

Prerequisite: UXDE 2213 Information Visualization or instructor permission

UXDE 4353 - Advanced UX Design Lab

3 credits

Exploration of various approaches to designing user interfaces. Students learn advanced UX research and design methods and create high-fidelity models and prototypes. This course is platform-independent and encourages students to experiment with new and emerging technologies. (Course fee required)

Prerequisite: UXDE 3313 Designing the User Experience and INTC 3083 Computer Programming.

UXDE 4373 - International User Experience and Communication

3 credits

[Meets the Core Curriculum Writing Practice Requirement] Covers theory, research, and approaches for creating digital media for international audiences. Topics include cultural schemata and contrastive rhetoric, content, and text types and corresponding translation and localization strategies, market relevance and adaptation, international user research and usability, international politics and geopolitics, and cross-cultural business management and team work. This class will include an international trip to help understand the cultural differences affect the design of user experiences. (Course fee required)

Prerequisite: UXDE 3253 Discovering User Requirements for UX Design

UXDE 4413 - UX Research Methods

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will teach students a set of quantitative tools to understand user needs and evaluate the user experience. Students will receive an overview of the different quantitative methods being used in industry and academia, such as eye-tracking, big social media data analysis, and physiological tests. (Course fee required)

UXDE 4443 - UX Design Internship

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course will provide experience in working with outside companies on solving real-world UX problems. (Course fee required)

Prerequisite: UXDE 4413 Usability Testing & Measuring UX

UXDE 4453 - UX Design Capstone

3 credits

[Meets the Core Curriculum Writing Practice Requirement] This course provides an opportunity for a culminating UX project, highlighting the use of design, development and testing strategies. In addition, some percentage of this course will allow the students to demonstrate a tangible spiritual integration expression in their final project. (Course fee required)

Prerequisite: UXDE 3253 Discovering User Requirements for UX Design

XXXX 2xx3H - Honors Special Topics

3 credits

[Meets the Core Curriculum Writing Practice Requirement; General Education Writing option for all majors, including Science majors] In this course students examine and explore issues related to the course topic. Topics rotate depending on the expertise of the instructor.

Prerequisite: Acceptance in the Honors Program.

UCOR 1053 - Life Calling

3 credits

As a Christian learning community, Northwest University seeks to encourage students to develop a strong sense of personal identity and vision, embarking on their collegiate journey (academic excellence). This course will explore such topics as: what it means to be created in the image of God and what it means to recognize and develop ones specific giftings and strengths (spiritual vitality). The ultimate purpose of the course is to help students come to a better understanding of Gods specific calling in their lives, informing their potential career choices (empowered engagement with human need).

UNIV 1001 - Academic Success

1 credits

A course providing students with the self-awareness, academic skills, and individual direction to succeed within the educational environment of a college. This course is structured to offer students practical, proactive approaches to success within the classroom.

UNIV 1003 - Foundations for College Success

3 credits

[Meets the Core Curriculum Writing Practice Requirement; Limited to Center for Online and Extended Education students only.] A course designed to assist adult learning in the transition to a successful college experience. Adult learners develop the self-awareness and academic skills needed to complete their college degree and become life-long learners.

UNIV 1211 - Professional Readiness: Designing Your Life

1 credits

[Meets the Core Curriculum Writing Practice Requirement] This is a one credit course that prepares students with marketable skills for the workplace. Content is focused on equipping students to be ready for the beginning of their professional life after graduation. Skills for the Career Readiness Initiative include: Purposefulness and Workplace Engagement.

UNIV 1703 - Introduction to Online Learning

3 credits

This course is an introduction to learning in the online environment. Topics include the learning management system, library resources, and other support mechanisms within the program.

UNIV 1791 - Introduction to Prior Learning Assessment

1 credits

Introduction to a conceptual analysis of prior learning and how to demonstrate in writing the theoretical and experiential knowledge gained outside the classroom. Course is required prior to submission of a portfolio for Prior Learning assessment. (Grade Pass/No Credit)

UNIV 1941 - Career Exploration Internship

1 credits

An opportunity for students to explore a career field or work experience related to an academic discipline through a hands-on, structured and supervised experience. This one credit course is repeatable in different fields for up to three credits. Student must register for the course and have their internship approved before beginning internship hours. This course does not meet internship requirements for a major. (Graded Pass/No Credit)

UNIV 3561 - Student Development Training

1 credits

Peer counseling, relation building, leadership training, and administration of discipline and other areas of student development will be studied. Open only to Resident Assistants or with permission of the instructor. May be repeated for a total of 4 credits. (Grade Pass/No Credit)

UNIV 3571 - Student Leadership Seminar

1 credits

A seminar designed to train student leaders in leadership philosophy and skills related to student positions. Basic leadership skills are applied to specific tasks. Open to students who desire a University leadership position. (Grade Pass/No Credit)

442

YMIN 2313 - Foundations of Youth, Children, and Family Ministries

3 credits

[Meets the Core Curriculum Writing Practice Requirement] An introductory study of the essentials of ministry to young people from birth through late adolescence. This course explores ministry during these significant stages of growth and formation and the unique challenges and opportunities provided. Special attention will be given the place of family structures, as well as emerging cultural and societal trends. This course will help students to frame the relevant issues and develop a holistic and theologically-based approach to ministry to young people.

YMIN 3273 - Studies in Youth Culture

3 credits

This course will deeply consider current youth and young adult culture, including: student world views and their historical construction, a deeper discussion of North American culture and church response, a broad analysis of the postmodern student in both high school and college, and a theoretical/theological perspective regarding outreach to postmoderns. Attention will be paid to methods of addressing youth culture by the gospel of Christ rather than mere awareness of its current state of being.
