In 1934, visionary pastors identified the need for a school to train church leaders for the Great Northwest. From this, Northwest College was mothered by the church, and was raised to serve the church as we do today.

Today, there is still a need for visionary pastors. That's why I am thrilled to invite you to **Vision Northwest 2002**.

Please plan to join us as hundreds of evangelical church leaders from throughout this region come together to share, learn, pray, worship, and strategize.

God will increase our vision, and together we will make an even greater impact on the Northwest!
