Reverend Henry H. Ness
4749 Latona
Seattle, Washington

Dear Reverend Ness:

I am enclosing a letter of introduction which I hope will be helpful to you on your trip. I also hope that your trip will be a most pleasant one.

The following are European royalty who have visited our City and whom I have had the pleasure of meeting and entertaining: Lord and Lady Halifax and their son; Earl of Athlone, former Governor General of Canada and his wife Princess Alice; Princess Juliana of the Netherlands; Grand Duchess Charlotte of Luxembourg; and last but not least, that grand old Norwegian Abraham Vereide.

If you see any of them abroad, I wish you would give them my warmest greetings and tell them that I have not forgotten the pleasant times we had together.

Cordially yours,

MAYOR
