What can summer school do for you ????

If you have changed majors and therefore need additional credits, or are in Elementary Education, or need to keep your class load smaller during the school year, or simply enjoy the summer school format look closely at the following options:

Need Bible credits? Study the Book of Galatians, or the Parables of Christ, or delve into the subject of Wisdom Ethics. Methods of Bible Study may be required in your major. It is being offered this summer.

Summer is an excellent time to take the General College Requirement Fundamentals of Speech Communication or fill your Music requirement by taking Music Appreciation.

Are any of you making History your focus of study? History of the Pacific Northwest (an upper division history) is being offered.

Need additional Language Arts credits? Both Greek-English Studies and Creative Communication with Adolescents can help you with them.

Doctrine of Man & Sin can be taken in place of Systematic Theology I for Behavioral Science students. It is also open to anyone needing elective credit in Bible/Theology (both THEO 421 and THEO 451 cannot be taken).

Need credits in either General Electives or Psychology Electives? Psychology of Religion would be a great class to take.

Check the Summer Schedule for other specialty courses, times, dates, etc. Registration is open until the day the particular course begins. Payment is due in full by the first day of the class.

SEE YOU THIS SUMMER
