NORTHWEST COLLEGE PERSPECTIVE

Northwest College is a Christian coeducational undergraduate institution offering baccalaureate college education under the control of the Alaska, Montana, Northwest, Southern Idaho, and Wyoming districts of the Assemblies of God. The Oregon district also cooperates in its operation. All these districts are represented on the college's Board of Directors.

History And Location

Northwest College was founded by the Northwest District Council of the Assemblies of God and opened to students on October 1, 1934. The District Presbytery appointed Dr. Henry H. Ness to be the first president. The college was housed in the facilities of Hollywood Temple, Seattle, Washington, for the first twenty-five years of its existence. Dr. C.E. Butterfield succeeded Dr. Ness in 1949, and Dr. D.V. Hurst assumed the presidency in 1966 and served through 1990. He was succeeded by Dennis A. Davis, who is now serving as the fourth president of the college.

Originally known as Northwest Bible Institute, its institutional name was changed to Northwest Bible College in 1949 and to Northwest College of the Assemblies of God in 1962. Each change represented a stage in its curricular development.

Academically the College progressed from a three- to a four-year curriculum in 1948, and in 1955 a Liberal Arts division was organized. Milestones of academic development and progress were marked by the achievement of professional accreditation by the American Association of Bible Colleges in 1953, and in 1973 by the granting of regional accreditation by the Northwest Association of Schools and Colleges.

In 1958, the College secured a new thirty-five acre campus in Kirkland, in the greater metropolitan area of Seattle. Since then 25 more acres have been added to make the present 60-acre campus. Located at 108th Avenue N.E. and N.E. 53rd Street just ten miles from downtown Seattle, the campus is an ideal setting for study, recreation, and inspiration. The campus is also near to industry and close-at-hand employment opportunities.

6 NORTHWEST COLLEGE PERSPECTIVE

Over the years the College's graduates and former students have engaged in full-time Christian service or in professional, business, or vocational occupation in fulfillment of their training objectives at the College.

Mission

The mission of Northwest College is to provide, in an evangelical Christian context, higher education which will:

1. Develop the whole person through general studies integrated with biblical knowledge;
2. Include professional and vocational skills in the student's preparation for service in the world;
3. Help to fulfill the Great Commission and to propagate the historic faith of the sponsoring church.

Philosophy

Northwest College's concept of education is distinctively Christian in the evangelical sense. It recognizes the authority of the Bible as a divine communication of truth. It views man as having been created by God with intellectual, physical, social, and spiritual potentialities which require development and needs which require fulfillment if he is to be a whole person whose life is useful, complete, and satisfying.

As a morally responsible being whose choices and actions determine usefulness to his Creator and to his fellow men, as well as the ultimate ends of his existence, man has a need to recognize and appreciate righteousness, beauty, and truth wherever he finds them. Education should develop moral, spiritual, intellectual, and aesthetic awareness and values.

As the creature of God, each man is an individual of intrinsic worth and dignity. In a society of free persons it is essential that each learn to respect his fellow men and understand their views while maintaining his own integrity. Man must have knowledge of his culture and of self, in order to solve the complex problems of modern life.

Northwest has a commitment to truth and believes that all areas of true knowledge are ultimately compatible. The accumulative experience of mankind has resulted in a residue of tested wisdom

and knowledge which has continued relevance and deserves to be preserved and communicated. True knowledge may be discovered, too, through the careful and reverent scientific scrutiny of nature and of man himself. Neither the past nor the present has a monopoly on truth.

Educational Goals

In view of its distinctive philosophy, Northwest College seeks to provide education which will introduce the student to the organized fields of learning and will acquaint him with the Christian theistic view of the world and of man and his culture. Such an education is intended to develop the whole person in a balanced and useful manner.

Since Northwest believes that responsible actions in the present are dependent in part upon knowledge of man's past experience, it seeks to communicate to the student what may be known of man's cultural heritage. It seeks to impart knowledge, stimulate awareness, and develop appreciations.

Northwest seeks to cultivate Christian character in its students. It offers a core of biblical and theological studies as the foundation for faith, practice, and spiritual maturation. It desires that each student shall maintain a right relationship to God and to his fellow men, and be prepared to act responsibly and maturely in contemporary society.

Northwest is concerned with the intellectual development of its students. It desires that its students will learn to evaluate and use knowledge, so that they can continue to make new discoveries throughout life.

Northwest recognizes that man is a social being and that each is a debtor to society; no one stands alone or exists without purpose. It seeks to awaken social understanding and concern and to motivate its students to commit their lives to worthy goals of service to God and man. At the same time it endeavors to stimulate in its students a social and moral perceptiveness that will make them worthy and constructive critics of contemporary society.

Northwest realizes the importance of physical and mental fitness, and encourages its students to participate in healthful activities and to develop habits which will contribute to their well being physically. It seeks to give them a better understanding of man's biological and psychological constitution.

Statement of Faith

We believe there is one God, eternally triune as Father, Son, and Holy Spirit; who is Creator and Sustainer of the universe and of mankind, the Savior and Judge of all.

We believe the Bible is God's written word, inspired by the Holy Spirit and thus infallible in all its statements.

We believe God has completely, with finality, and infallibly revealed Himself in His son, Jesus Christ, the living Word, who was both fully God and fully man.

We believe in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection, in His ascension to the right hand of the Father, in His literal return to this earth to establish His millennial kingdom.

We believe the Holy Spirit indwells all who put their trust in Jesus Christ as Savior and Lord, and that through them He demonstrates in the present world the powers of the age to come.

We believe the experience of the baptism of the Holy Spirit is for all believers today and is accompanied by the spiritual manifestation of speaking in other tongues.

We believe mankind exists in a state of sin, which involves moral and spiritual separation from God, but that through repentance and faith they can experience restoration to God in which God declares them free from guilt and gives them eternal life.

We believe the restored person will seek to demonstrate his love for God by a life of obedience and holiness.

We believe there is one true and universal church embracing all true believers of all ages.

We believe in the resurrection of the righteous to eternal fellowship with God and of the unrighteous to eternal separation from God.

Accreditation and Educational Affiliations

Northwest College is accredited by both the Northwest Association of Schools and Colleges (regional) and the American Association of Bible Colleges (professional).

In May, 1992, Northwest College became the eighty-fifth college approved for membership in the Christian College Coalition, an association of Christ-centered colleges and universities of the liberal arts and sciences. The Coalition is committed to cultivating communities of educational excellence in which the Lordship of Jesus Christ is central. Membership in this esteemed association of Christian colleges provides opportunities for personal and professional enrichment for college students, faculty, and administrators.

The College is also approved by the Board of Education and Superintendent of Public Instruction of the State of Washington to prepare elementary education teachers and recommend for certification. It is a member of the American Association of Colleges for Teacher Education.

The College is endorsed by the Department of Education of the Assemblies of God and the Association of Christian Schools International.

The College is approved by the Federal and State Governments for student aid programs and for the training of international students. It is also approved by the State Approving Agency for the training of veterans under the U.S. Code, Title 38, Chapters 30, 31, 32, 34, 35, and Title 10, Chapter 106 and by Washington State for training in Vocational Rehabilitation. It is listed in the current bulletin, "Accredited Higher Education Institutions," published by the U.S. Office of Education.

Institute of Holy Land Studies

Northwest College is affiliated with the Institute of Holy Land Studies in Jerusalem. The Institute offers specialized training in the fields of geography, archaeology, the history of the Holy Land, and Judaeo-Christian studies. Credits earned at the Institute are accepted at Northwest College, where applicable. Details may be secured from the Academic Affairs Office.

Campus and Buildings

The campus is a semi-wooded tract of approximately sixty acres overlooking Lake Washington and the city of Seattle. A view of the snow-clad Olympics graces the skyline to the west.

Nineteen buildings are located on the campus. The administrative offices are in the Ness Administration Building, and many faculty offices are in the adjoining Bronson Hall. Classrooms, laboratories and library facilities cluster around the center of the campus.

Butterfield Chapel provides a spacious and worship-centered setting for the College's daily chapel services. It also contains the classrooms, rehearsal rooms, studios, and practice rooms of the Amundsen Music Center. Williams Hall houses lecture rooms, laboratories, and storage space to support courses offered in chemistry, physical science, mathematics, and biological sciences. Additional classrooms and faculty offices are located in Fee Hall which is adjacent to Williams Hall. Near the middle of the campus is Millard Hall with classrooms, offices, and an auditorium to accommodate lectures and special events. The Pecota Student Center houses student body offices, a snack bar, the College bookstore, a recreation area, and the College radio station.

Northwest Pavilion provides gymnasium facilities for physical education instruction, recreation, varsity and intramural sports, and special convocations requiring seating for up to 1,000 persons. Two large residence hall complexes provide housing for single students: the Crowder-Guy-Perks Residence Halls for women and the Gray-Beatty Residence Halls for men. The cafeteria is located near the residence halls.

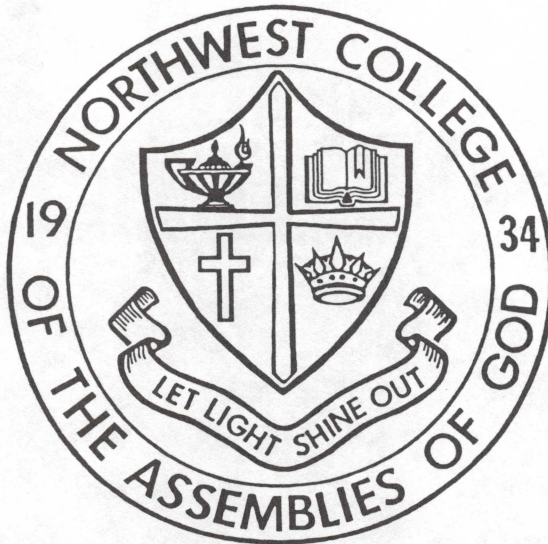

"The Firs" (McLaughlin, Carlson, and Hodges) overlook the campus from the east. The seventy-eight apartment complex is for married students. Some of these apartments are two bedrooms with two baths for families. A small play area is available for children.

Hurst Library is located at the heart of the campus. Library holdings exceed 92,000 catalogued items and additions are made each year. Over 600 periodical titles are regularly received. In order to aid students in the field of education, a curriculum library is maintained. The ground floor of the Library contains the computer laboratory, classroom space and faculty offices. The Librarian is a member of the American Library Association and the Association of Christian Librarians.

Seattle Seahawks

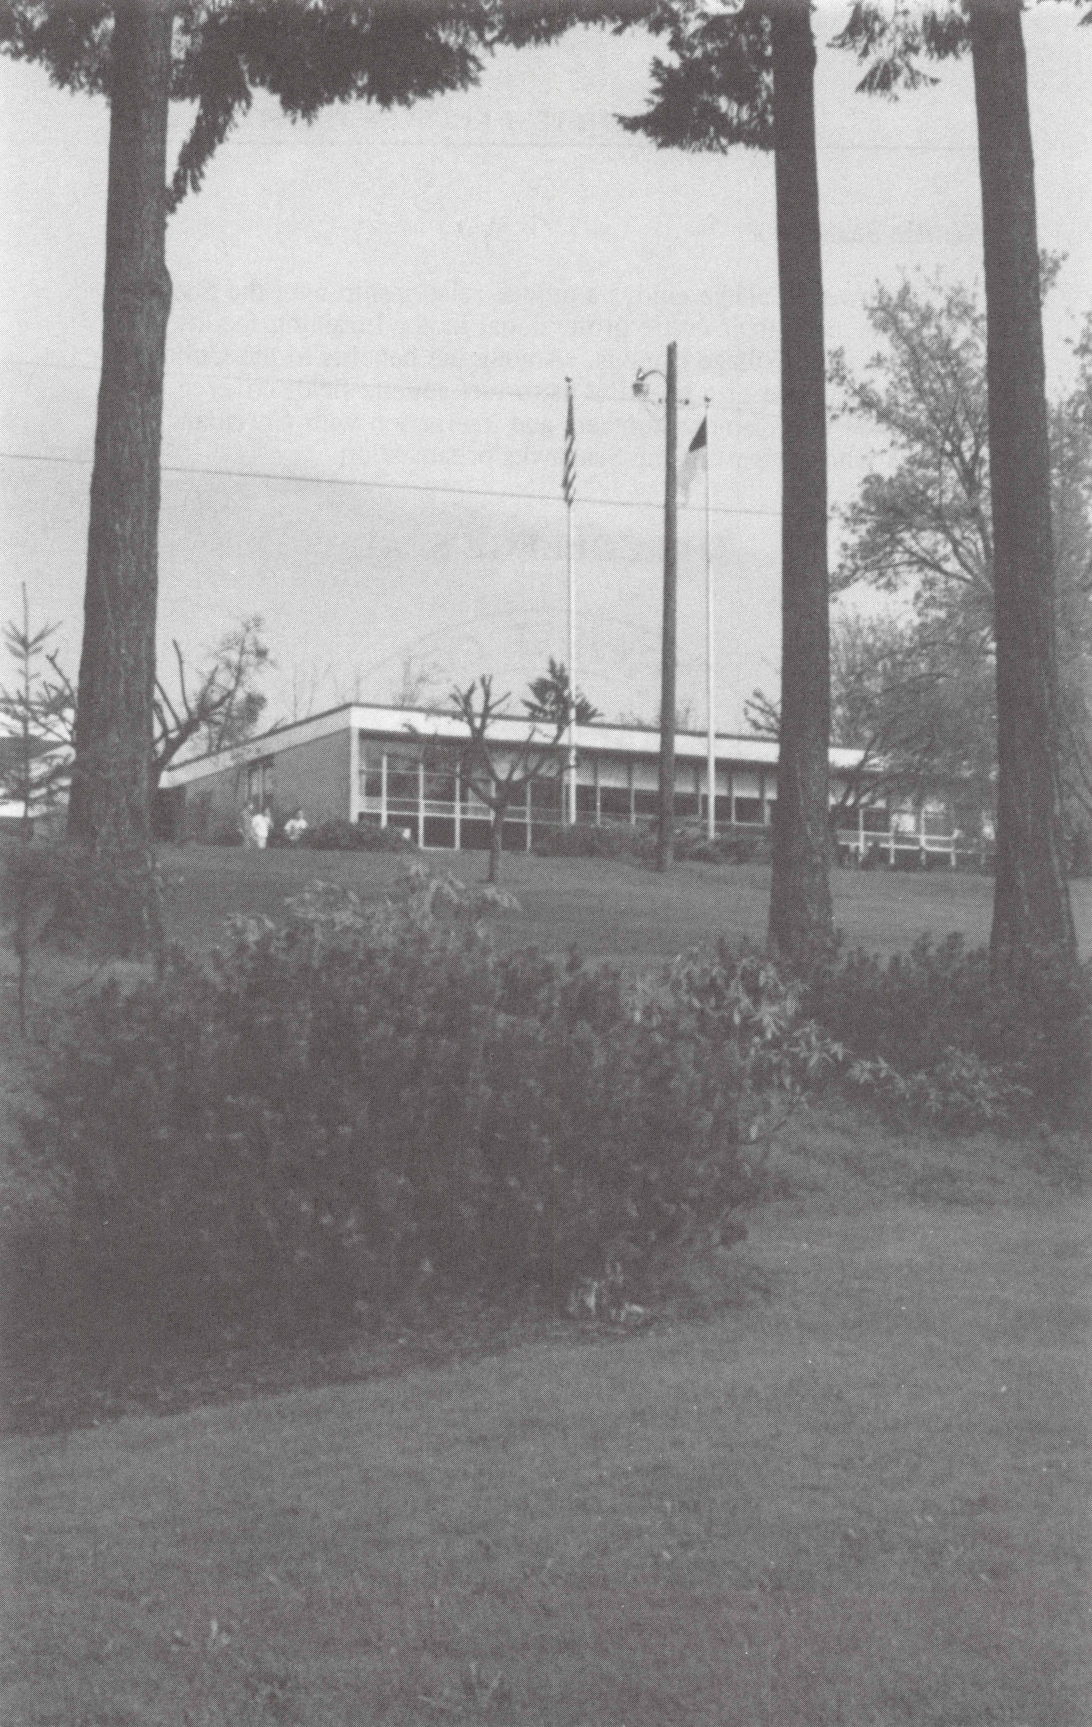

Northwest College enjoys a unique relationship with the Seattle Seahawks since their entire professional football training facility is located on the College campus. Among the benefits to the College is the student use of a beautiful astro-turf athletic field, covered by a "bubble" in inclement weather, and interaction with Christian athletes who are part of the Seahawks organization.

THE COLLEGE SEAL

The institutional seal of Northwest College embodies in the symbol the history, character, and purpose of the College.

It contains nine elements: The legal name of the institution; its year of founding; the Shield of Faith (Ephesians 6:16); the centrality of the Cross denoting the College's message to the world; the Lamp of Learning and open Bible denoting the foundational premise on which its total learning program is based; the small cross and crown denoting temporal and eternal aspects of the Christian life; and underlying the crest is a ribbon on which are inscribed the first words of the College Alma Mater, "Let Light Shine Out," denoting the historical purpose of the College realized in and through its student graduates who carry the Gospel of Christ to the ends of the earth as laymen and full-time Christian workers.

GENERAL COLLEGE REQUIREMENTS **49-52 CREDITS***

The purposes of the General College Requirements are to introduce students to the broad categories of knowledge, provide concepts and skills foundational to their further studies, and help them achieve the College's Educational Goals of understanding and appreciating their world and relating their own lives to it. The College considers these requirements basic and foundational to its baccalaureate majors. Because of special needs, some majors have more prescriptive specifications for General College Requirements.

Except where otherwise indicated, courses cannot count doubly for both the General College Requirements and the major or minor requirements.

Students having completed the General College Requirements should be able to:

1. communicate effectively in English speech and writing, including research writing.
2. understand and appreciate the value of fine arts for recreation, worship, or service.
3. understand how human culture is shaped through language and literature.
4. understand the techniques of discovery employed by science.
5. understand the nature of the contributions made by the social sciences.
6. cultivate a Christian worldview supported by basic biblical and theological knowledge.
7. engage in critical thinking and quantitative reasoning.

DIVISION OF RELIGIOUS AND MINISTERIAL STUDIES

Divisional Coordinator: Daniel B. Pecota

The Division of Religious and Ministerial Studies builds upon the Educational Goals of the College expressed in the General College Requirements and the Biblical Studies Core. We recognize that all truth is God's truth and that persons discover truth by reason, by scientific and aesthetic enquiry, and by revelation. The Division affirms that the Bible is God's unique written revelation, and that the knowledge of biblical truth is the foundation of every genuine search for truth.

Students may choose one of the several majors leading to the four-year Bachelor of Arts degree or may choose a non-degree program in either the Diploma or the Certificate of Christian Studies. The specific objectives of the majors or other programs are listed with their descriptions in the following pages.

The Bachelor of Arts programs within the Division seek to provide educational opportunities to develop persons who are intellectually, spiritually, and functionally ready to engage in Christian ministry. Graduates of the division should be able to:

1. do biblical and theological research,
2. think critically about their world and how world issues impact Christian ministry,
3. communicate effectively the Christian faith, both in the Church and in the world,
4. demonstrate a continuing interest in lifelong learning and in the ability to apply truth to life,
5. approach their own spiritual lives contemplatively and reflectively,
6. express a genuine connection to and a caring for the world.

In addition to the programs offered, the Division provides biblical and religious studies for all students of the College. These studies are intended to help students achieve spiritual and moral character. They also enable students to appreciate and evaluate the religious aspects of their history and culture, and our Pentecostal heritage.

BIBLICAL STUDIES CORE

The College Educational Goals state, "Northwest seeks to cultivate Christian character in its students." Building upon the religious studies requirements in the General Studies Core enables the student to form a foundation for faith and practice. Study of the Scriptures and theology should encourage the student toward comprehension of the revealed nature of God, growth in biblical knowledge, an understanding of Assemblies of God doctrinal positions, and development in spiritual maturity. The growth in maturity resulting from these courses should enable the student to better maintain a right relationship with God and other persons, and to exhibit a Christian character.

The student will take a minimum of 30 credits of Bible and Theology. These credits must include BIBL 101 Exploring the Bible, THEO 121 Christian Doctrine, BIBL 231 Acts and the Expansion of the Church, THEO 250 Pentecostal (A/G) Doctrines, and 18 additional credits of Bible and Theology. These additional courses must include at least one other course in each of the areas of Biblical Introduction, Old Testament, and New Testament. Some majors may require additional credits and/or specific courses or distribution of requirements.

SECOND MAJOR IN BIBLICAL STUDIES

The 30 credits of the Biblical Studies Core may be considered a second major by students who are taking a major that does not require a minor. Those students have the option of declaring on their transcript a major in Biblical Studies as well as their professional major.

MAJOR IN BIBLICAL LITERATURE

Coordinating Professor: Francis C. R. Thee

The Biblical Literature major has at its center the belief that the Bible is the inspired word of God, the only foundation for our faith and practice. Because of this, the major is designed to lead the student into the proper understanding and exposition of the Bible. The major seeks to do this by giving the student a broad knowledge of the background, content, and meaning of the Bible, and by helping the student develop exegetical skills for continuing study and communication of the Bible. Course offerings begin with a survey of biblical literature integrated with biblical history and supporting courses designed to give the student a background and general frame of reference on the Bible. Advanced courses go on to more detailed examination of specific books or sections of the Bible to give the student analytical insight into the representative types of biblical literature.

This major is intended to prepare people for the effective proclamation of the gospel in the church and in the world, both those involved in vocational Christian ministry and those pursuing other vocations. It also seeks to provide a strong foundation for those who are planning to pursue graduate studies. The Biblical Literature major requires a minor.

Completing the Biblical Literature major will enable the student to:

1. possess a bachelor-level mastery of the content and background of the Bible;
2. know the appropriate methodologies for Bible study;
3. be able to apply properly the methodological tools in the interpretation of the Bible;
4. possess a sound biblical theology;
5. possess greater analytical skills in discriminating between competing views of what is truth;
6. apply biblical truth in one's own personal behavior;
7. have a greater confidence in the proclamation of biblical truth.

MAJOR IN CHURCH MINISTRIES

The Church Ministries major is designed to prepare students for vocational ministry in the church both locally and globally. The core courses will help the student formulate concepts of the church and ministry and develop general skills needed to engage in ministry. The ministry concentrations will facilitate a particular emphasis in ministry.

In addition to the achieving the general goals of the College, completing this major provides learning opportunities which enable the student:

1. to understand a biblical theology of the nature and mission of the church, and of a divine call to ministry that embraces both vocational ministers and the ministry of all believers;
2. to comprehend the purpose and structures of the various ministry programs usually found in local churches;
3. to facilitate ministry to people in the various stages of life;
4. to understand the nature and function of leadership, organization, administration, and relationships as applied to the ministry of the church,
5. to pursue maturity in Christlikeness with a heart oriented toward winning, maturing, and developing others;
6. to develop skills needed to engage in vocational ministry with particular emphasis in a chosen concentration;
7. to be creative and innovative in meeting culturally relevant needs under the guidance of the Holy Spirit;
8. to continue lifelong development of one's potentials and ministry gifts.

Recognizing that effective ministry depends upon competent understanding and skillful use of the Scriptures, the Church Ministries major requires a strong component of Bible and theology. Completing these courses provides learning opportunities which enable the student:

1. to understand the central message of the Bible and accept the Scriptures as the standard for Christian faith and practice;
2. to know hermeneutical principles and Bible study methods needed to interpret correctly the Scriptures, including knowing how to use Bible study tools;
3. to know how to apply biblical teaching to personal life and contemporary situations;
4. to understand the central issues of evangelical Christian doctrine and know how these are formulated from biblical teaching.

MAJOR IN CHURCH MUSIC

Coordinating Professor: William R. Swaffield

The Church Music major is designed to prepare the student for music ministry in the local church. The development of skills in conducting, arranging, voice, and piano are emphasized, together with the study of music theory, history, and literature. The practical aspects of church music ministry including worship leading, administration, and education are also a vital part of the program.

Since church music ministry also involves certain non-musical skills, the curriculum includes biblical and general studies. Courses such as counseling, psychology, and sociology, for example, help the church musician relate to individuals within musical groups in ways that often go beyond musical responsibilities.

When the Church Music major has been completed, it should be possible for the student to:

1. serve effectively as a minister of music in a local church;
2. administer a church music program;
3. develop various types of church music ministries, including choral, instrumental, and congregational;
4. implement various methods and materials in a church music education program for all ages;
5. demonstrate the comprehensive musicianship required for effective church music ministry;
6. understand the proper function and importance of music in the total ministry of the church;
7. work as a member of a pastoral staff, submitting to the leadership of a senior pastor;
8. transfer to other institutions which offer more advanced music programs such as music education or post-graduate degrees in music;
9. minister in areas of church life other than music, in which general and biblical studies associated with the music major would prove helpful.

FOURTH YEAR

MAJOR IN RELIGION AND PHILOSOPHY

Coordinating Professor: Darrell Hobson

The Religion and Philosophy major is designed to prepare the student for entrance into a seminary or graduate school of religion. It will provide a broad liberal arts base along with an emphasis on biblical, theological and philosophical study. It will enable the development of a balanced Christian world view through integration of the liberal arts, religious and philosophical studies. The Religion and Philosophy major requires a minor.

Upon completion of the Religion and Philosophy major, it should be possible for the student to:

1. have a working knowledge of the fields of religion and philosophy in preparation for graduate theological education;
2. integrate the liberal arts with religious and philosophical thought;
3. develop a balanced Christian world view.

TOTAL 31

This major requires a minor. The total number of "Minor Requirements" will vary with the particular minor chosen. Consult requirements for each minor. The number of General Elective credits will also vary according to the number of requirements for the minor.

*Supporting Electives must be selected from the following areas: English, History, Language, Communication, or Music Appreciation.

MINORS

Minor in Biblical Languages

The Biblical Languages minor supplements a Biblical Literature or Religion and Philosophy major by acquainting the student with the original languages of the Bible: Old Testament Hebrew and New Testament Greek.

The minor requires 20 credits in Biblical languages, specifically, 10 credits in Biblical Hebrew and 10 credits in New Testament Greek. The student may not use these credits to satisfy the language arts electives required of all B.A. graduates.

Minor in Church Music

The purpose of the Church Music minor is to provide instruction and experience which will help prepare the student for music ministry. The course offerings will broaden and enrich the student's understanding and appreciation of church music, and will develop musical talents through enhancement of skills.

The minor in Church Music emphasizes the study of Music Theory and the development of practical skills required in music ministry. Music minors must earn 24 credits in music, including 8 credits in Music Theory (111, 112, 113, 114), 3 credits in Conducting I, 3 credits in the Philosophy of Church Music, 3 credits in Church Music Administration, 2 credits of Private Music Lessons (1 piano, 1 voice), 2 credits in Ensembles, and 3 elective music credits (not including Music 101, 102, 201, or 203). The successful completion of Piano Proficiency Test I is required.

Minor in Communication and Preaching

The Communication and Preaching minor is designed to supplement a Biblical Literature or Religion and Philosophy major. Its purpose is to provide instruction and experience in oral communication which will help prepare the student for those ministries that place an emphasis on public speaking.

The minor requires 16 credits (in addition to all General College Requirements) selected from communication and homiletics, including COMM 224 and PMIN 331, 332. The remaining credits can be selected from any other communication courses. COMM 343 is highly recommended.

Minor in Educational Ministries

The Educational Ministries minor complements a Biblical Literature or Religion and Philosophy major. It seeks to (1) familiarize the student with the educational ministries of the local church, and (2) develop basic skills for such ministry.

The minor in Educational Ministries requires the completion of 18 credits including CMIN 200, EMIN 220, 351 and CMIN 430, plus electives selected from other Educational Ministries courses or EDUC 201; COMM 433; PSYC 252, 253 or 255; MISS 443; PMIN 431.

Minor in Missions

The purposes of the minor in Missions are: (1) to assist Christian workers in developing an understanding of and appreciation for the Church's missions for worldwide evangelism and church planting, (2) to prepare Christian workers to develop and oversee missionary programs in the local church they serve, and (3) to help students develop basic skills needed in cross-cultural missionary ministry.

The minor in Missions requires the completion of 18 credits in Missions including 240, 320, 342 or 343, and 440.

Minor in New Testament Greek

The minor in New Testament Greek complements a Biblical Literature or Religion and Philosophy major by providing the student with foundational knowledge and skills to study the New Testament in its original language.

The minor requires 16 credits in New Testament Greek, including 6 credits in Greek Exegesis or Hellenistic Greek. The student may not use these credits to satisfy the language arts electives required of all B.A. graduates.

Minor in Pastoral Care

The minor in Pastoral Care seeks to: (1) familiarize the student with the ministry of pastoral care, (2) develop basic skills of pastoral care, and (3) provide the student with an integrated understanding of human nature and behavior from biblical and scientific insights. The minor is generally taken with a major in Biblical Literature.

The minor in Pastoral Care requires a sequence of 19 credits including PSYC 251, 350, and 351, PCAR 353, and one credit of field education practicum in pastoral care (unless a internship/practicum is required in the major). Electives may be selected from course work in Pastoral Care, Psychology, Sociology, and Behavioral Science.

It is strongly recommended that the student in the Pastoral Care minor consider the following courses as supportive electives: PMIN 331 and 332; THEO 421 and 422.

Minor in Pastoral Ministries

The Pastoral Ministries minor is designed to complement the Biblical Literature major. It will familiarize the student with the pastor's philosophy of ministry, duties, and relationships. The minor in Pastoral Ministries requires the completion of 18 credits in Pastoral Ministries including PMIN 330, 331, 332, 350 and CMIN 430.

Minor in Youth Ministries

The Youth Ministries minor is designed to complement the Biblical Literature major. The student will be exposed to ministries for youth in the local church and community.

The minor in Youth Ministries consists of 18 credits including the following courses: CMIN 200, YMIN 231, 331, 332 and CMIN 430; and electives from Youth Ministries, Educational Ministries, Pastoral Care, and/or Pastoral Ministries.

DIVISION OF GENERAL AND PROFESSIONAL STUDIES

Divisional Coordinator: LeRoy D. Johnson

The Division of General and Professional Studies includes subject matter in the humanities, behavioral and social sciences, natural sciences, mathematics, education, and business. Students can receive instruction in the communication skills necessary for effective writing and speaking in the English language and in reading, speaking, and writing in modern foreign languages. They can develop understanding and appreciation for literature and the fine arts, and cultivate their skills in those disciplines. They can become acquainted with past and present social forces which shape their community, in order to better understand people and exert a positive influence upon society. They can gain enhanced appreciation of God's workmanship in the physical universe, and some basic understandings of the methods of science.

DIVISIONAL OBJECTIVES: The Division of General and Professional Studies builds upon the college's Educational Goals and the General College Requirements objectives. Students may choose one of the several majors leading to the four-year Bachelor of Arts degree, or one of the options leading to the two-year Associate in Arts degree. The specific objectives of the majors or options are listed along with their descriptions in the following pages.

The Bachelor of Arts programs instruct students in the specific skills and knowledge needed to develop successful career capabilities. Graduates should be able to integrate a Christian worldview into the practices of the careers emerging from their studies, make practical applications of theoretical foundations and principles, seek out sources for research and continuing development, and engage in lifelong learning.

The Associate in Arts provides preparatory work for transfer into other degree programs, or serves as a terminal degree for students wanting only two years of college. Associate in Arts students complete the General College Requirements, and select additional course work to fulfill their own particular purposes. Success is expected in meeting the General College Requirements objectives, and in the continuation of studies at transfer institutions.

BIBLICAL STUDIES CORE

As a foundation for lifelong Christian character and service, this core seeks to enable the student to grow in biblical knowledge, in understanding Assemblies of God doctrines, and in spiritual maturity.

The student will take a minimum of 18 credits of Bible and Theology. These credits must include BIBL 101 Exploring the Bible, THEO 121 Christian Doctrine, either BIBL 161 or 262 Methods of Bible Study or Principles of Interpretation, at least one 200-level Old Testament and one 200-level New Testament course, and at least one elective in Bible or Theology. It is strongly recommended that BIBL 231 Acts and the Expansion of the Church or THEO 250 Pentecostal (A/G) Doctrines be included in the courses chosen.

Persons who plan to seek ministerial credentials with the Assemblies of God or who wish to complete a second major in Biblical Studies must include the 30-credit Religious and Ministerial Biblical Studies Core (p. 17) in their program.

SECOND MAJOR IN BIBLICAL STUDIES

The 30-credit Religious and Ministerial Biblical Studies Core may be considered a second major by students who are taking a major that does not require a minor. Those students have the option of declaring on their transcript a major in Biblical Studies as well as their professional major.

CHRISTIAN COLLEGE COALITION ACADEMIC PROGRAMS

Because Northwest College is a member of the Christian College Coalition, an association of more than 80 private liberal arts Christian colleges and universities, a number of off-campus learning opportunities exist. These include an American Studies Program in Washington, D.C., a Latin American Studies Program in Costa Rica, the Los Angeles Film Studies Center, an environmental studies program, and a summer study program at the University of Oxford. Descriptions of these offerings are listed in the Courses of Instruction under Interdisciplinary Studies.

MAJOR IN BEHAVIORAL SCIENCE

Coordinating Professor: Robert Parlotz

The major in Behavioral Science provides undergraduate education in the behavioral sciences for those students who are planning to attend graduate school or enter ministries in which a deeper understanding of human behavior is necessary. It seeks to prepare students for:

(1) ministry not requiring graduate study in theology and pastoral counseling; (2) graduate professional education in pastoral care and counseling (such as hospital chaplaincy, military chaplaincy, institutional chaplaincy, pastoral counseling); (3) immediate employment in one of the human services occupations not requiring graduate study (such as case management positions, residential treatment centers); and (4) graduate professional education in the behavioral sciences (such as counseling, social work, rehabilitation).

The Behavioral Science major is built upon course work in general education and theological studies. It encompasses an interdisciplinary perspective drawing heavily from the fields of Psychology, Sociology, Behavioral Science, Pastoral Care, Biblical Studies, and Theology. The areas studied within this program include methodology of studying human behavior, human development and personality, counseling, marriage and family relationships, abnormal behavior, and assessment.

In addition to achieving the general goals of the college, completing this major provides learning opportunities which enable the students to:

1. exhibit an undergraduate knowledge of the content and scientific methodology of the behavioral sciences;
2. exhibit an undergraduate knowledge of the content and methodology of the study of biblical literature and theology;
3. identify and articulate the major theories of personality and development;
4. identify the major elements of human growth and development;
5. employ effective skills in helping relationships;
6. exhibit insight into human needs, motivation, cognitive functions, affective dynamics, and behavioral manifestations;
7. understand the context of effective helping relationships in the service of Christ and of people;
8. integrate and possess an understanding of the relationship between the behavioral sciences and a theological world view.

MAJOR IN BUSINESS MANAGEMENT AND ADMINISTRATION

Coordinating Professor: John McMillin

The major in Business Management and Administration is designed to prepare competent individuals who can perform managerial functions in the public and private sectors. The focus of the curriculum provides an educational experience for students who seek leadership positions in the business and professional world, and in various business ministries within the church and in church-related, service-oriented institutions. The Christian value system and perspective, particularly as it relates to the modern business environment, will be integrated throughout the academic program.

In addition to achieving the general goals of the college, and of the Division, completing this major provides learning opportunities which enable the student to:

1. understand and apply principles of management and business administration, finance, analytical accounting, marketing, and business law;
2. become aware of oneself as a Christian leader and a manager; and of others, such as superiors, associates, and subordinates in the midst of a decision-making and problem-solving environment;
3. demonstrate professional management skills required for effective leadership in business and church organizational environments;
4. identify, apply, and evaluate ethical standards in settings which encourage economy and effectiveness in thought and deed.

MAJOR IN ELEMENTARY EDUCATION

Coordinating Professor:

Northwest College is committed to graduating men and women who will have an understanding of Christian philosophy as related to the teaching profession. The major in Elementary Education is a Bachelor of Arts degree program designed to prepare students for initial certification by the State of Washington. This certification qualifies the student to teach in public and/or private schools.

Students seeking formal admission to the Elementary Education program must meet the following criteria:

1. a score at or above the state average for the previous year in a college entrance exam (ACT, SAT, or Washington Pre-College Test).
2. a passing score in a pre-professional screening exam.
3. a grade point average of not less than 2.67.
4. a passing score on a speech outlining the candidate's reasons for wanting to become a teacher.
5. a passing score on an oral interview based on a written self-analysis. The self-analysis will give the interviewing committee opportunity to ascertain the candidate's suitability for the teaching profession from a number of perspectives in addition to academic skills.

Certification is granted by the Superintendent of Public Instruction. Included is a moral fitness test. Students seeking admittance to the program must be aware that if they have a prison record or have been convicted of a serious crime, they may possibly not be granted certification by the State. The individual is advised to speak with the Elementary Education Coordinator if they need clarification in this matter.

All students who major in Elementary Education will take the General College Requirements, the Biblical Studies Core, Professional Studies in Education, and an Academic Focus. Careful planning is essential to complete course work and other requirements in their proper sequence. An average of 17+ credits per semester will be

needed to finish in eight semesters. For most students in this major, graduation will involve attendance in summer school sessions or an additional semester.

Following the Professional Studies sequence, the student will be given a semester-long student teaching assignment in a public or private school. The purpose of student teaching is twofold: meeting the College course requirements and meeting the knowledge and skills requirements for certification as established by the State of Washington.

In addition to achieving the general goals of the college, completing this major provides learning opportunities which enable the students to:

1. qualify for initial certification as an elementary school teacher in the State of Washington;
2. manage an elementary classroom;
3. apply the principles of current educational psychology and learning theories in the classroom;
4. design and present appropriate age level instruction;
5. articulate a personal education philosophy;
6. plan further professional development.

ELEMENTARY EDUCATION: 124 credits

The baccalaureate degree requirements are satisfied when the student completes 124 academic credits. The Washington State Teacher Credential Program requirements are met when the Student Teaching experience is completed.

MAJOR IN INTERDISCIPLINARY STUDIES

Coordinating Professor: LeRoy D. Johnson

The Interdisciplinary Studies major provides students with the opportunity to explore a broad range of knowledge from a biblical world view. Areas of study include foreign languages, English (including TESL studies) and literature, communication, history and political science, philosophy, and religion. This degree equips students who feel called to careers other than vocational ministry. The comprehensive nature of the major may also help students prepare for graduate studies in a chosen field of interest.

Official admission to the Interdisciplinary Studies major occurs only when the student has developed a course of study in consultation with a program advisor. Students should not consider themselves to be an Interdisciplinary Studies major until a program contract has been filed with the Registrar's Office.

In addition to achieving the general goals of the college, completing this major provides learning opportunities which enable the students to:

1. demonstrate proficiency in oral and written communication skills;
2. reason and think critically;
3. evaluate, integrate, and apply knowledge from a biblical world view;
4. apply strategies for life-long learning.

The Interdisciplinary Studies major is comprised of these components:

General College Requirements	52 credits
Biblical Studies Core	12 credits
Major (core courses)	45 credits
Electives	15 credits
(can be taken in any area of study)	

The Interdisciplinary Studies core consists of 45 credits in the breadth of disciplines of the liberal arts. Students must select one of two tracks in pursuing this degree. In either of the tracks at least 20 credits must be from upper division classes. Courses taken within the major cannot duplicate courses taken in the General College Requirements.

COURSE SEQUENCE

Courses to be taken in the freshman and sophomore years are the same as the General College Requirements for all majors at Northwest College. (See page 15 for the 49-52 credit sequence.)

The course sequence for the junior and senior years will depend upon the student's interests. The student and his/her advisor will work together to design a sequence of study that fulfills the requirements of the Interdisciplinary Studies major. Students are advised to use their 15 credits of electives to strengthen their interdisciplinary studies.

MINORS

Minor in Business Management and Administration

The minor requires 23 credits including BUSM 210, BUSM 220, BUSM 230, BUSM 310, BUSM 330. The elective courses may be selected from other Business curriculum offerings.

Minor in History

History is a desirable foundation for various courses of study in college as well as for life. Persons with a greater understanding of history have a larger perspective from which to view events of their own times.

A History minor consists of 16 semester hours in history, excluding the three-credit General College Requirement and any major requirements. At least six hours must be upper division level and must include course work from both history and church history.

ASSOCIATE IN ARTS DEGREE

Coordinating Professor: Frank B. Rice

The Associate in Arts degree is awarded for the successful completion of a two-year program (sixty-two semester hours of applicable college courses) which includes the major components of the forty-nine hours of the General College Requirements. Its shorter curriculum concentrates on subject matter which is general or vocational. There are three options available for the student's academic focus:

General Studies Associate in Arts (62 credits)

Completion of the General Studies A.A. allows students to:

1. Experience two years of foundational courses in community with other Christian students and teachers as part of their life preparation.
2. Emphasize a subject area of particular interest through judicious choice of elective courses.
3. Achieve the objectives of the General College Requirements listed on page 14.

Transfer Associate in Arts (62 credits)

The Transfer A.A. option allows students to:

1. Complete two years of general education courses for the purpose of transfer to another four-year college or university.
2. Achieve the objectives of the General College Requirements listed on page 14.

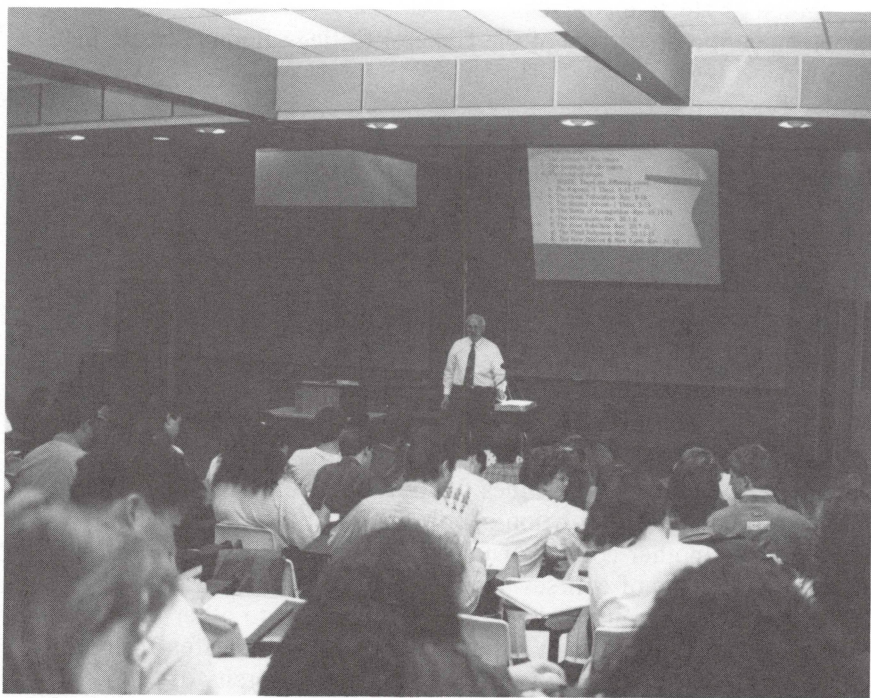

The program is designed to comply with the Inter-College Relations Commission guidelines for transfer within the State of Washington. While completion of this option does not guarantee admission to another college or university, it helps to ensure that a proper distribution of courses have been taken prior to transfer. Graduates with a Transfer A.A. who are admitted to other four-year colleges or universities in Washington will usually transfer with junior standing. Students planning to transfer to the University of Washington, however, should check with the Northwest College Registrar for further information.

Health Science Transfer Associate in Arts (62 credits)

The Health Science Transfer A.A. allows students to:

1. Complete two years of general and introductory courses for the purpose of transfer to another institution.
2. Achieve the objectives of the General College Requirements listed on page 14.

In this program students engage in introductory studies for the purpose of transferring to an institution which provides the finishing studies in nursing or other health-related fields. This degree does not guarantee acceptance into such programs, and students should make every effort to conform their course selections here to specific program requirements of their intended transfer institutions. They need to work closely with the College faculty monitoring the option, with the College Registrar, and with the representatives of the institution to which they will transfer.

CERTIFICATE IN TEACHING ENGLISH AS A SECOND LANGUAGE

The Teaching English as a Second Language (TESL) program provides students with training to teach English to speakers of other languages. It is designed to (1) serve as a focus in the Elementary Education major; (2) augment the Missions program by providing the student with a skill he or she can use on the mission field as a bridge to witnessing; (3) meet the requirements for Track B in the Interdisciplinary Studies major.

Certification by the Superintendent of Public Instruction is offered only to Elementary Education majors for completion of a focus in TESL.

A Basic Certificate will be given by the College for the completion of an introductory program in TESL. Students who wish to prepare as tutors and volunteers to teach basic oral English will benefit from this certification. This basic program is also valuable for those who are considering a career in TESL. To receive this certificate the following courses must be completed in the order listed or taken concurrently:

ENGL	401	Structure of English	3
ENGL	410	Introduction to TESL	3
ENGL	411	Methods and Materials for TESL	3
ENGL	492	Practicum	1-2

A Standard Certificate will be given by the College to students who complete the full TESL program. This will prepare the student to teach professional and business English in addition to oral English. The following courses are required for this certification and must be completed in the order listed or concurrently:

Modern Foreign Language			10
ENGL	401	Structure of English	3
LANG	401	Linguistics	3
COMM	343	Intercultural Communication	3
ENGL	410	Introduction to TESL	3
ENGL	411	Methods and Materials for TESL	3
ENGL	415	Teaching Reading to ESL Students	2
ENGL	420	Teaching Writing to ESL Students	2
ENGL	492	Practicum	2-3

A Standard Certificate will be awarded only to those who have a Bachelor of Arts degree, or to those who complete a Bachelor of Arts degree concurrently with their TESL studies.

CERTIFICATE IN CHRISTIAN STUDIES: 30 credits

The purpose of the Certificate in Christian Studies is to provide opportunity within the college setting for those students who desire to expand their knowledge of the Bible and Christian theology. It seeks to enrich and enhance the students' lives and thus enable them to serve in local church ministries.

The Certificate in Christian Studies can be completed in a single academic year consisting of thirty credit hours. The hours will be distributed as follows:

Bible - 18 credits

BIBL 101	Exploring the Bible	3
BIBL 161	Methods of Bible Study	3
BIBL 262	Principles of Interpretation	3

COURSES OF INSTRUCTION

BEHAVIORAL SCIENCE

BSCI 200 Behavioral Science Research Methods 3 credits

Introduction to the logic of the scientific method as applied to research in the behavioral sciences; a beginning understanding of the interrelated steps in the conduct of a research study; and development of skills in the critical consumption of behavioral science research and the relationship of this research to therapeutic practice. (Topics include hypothesis testing, influence of paradigms, experimental design, techniques of scientific writing, research techniques, ethical issues in behavioral science research, bias, and expectation problems.) Required for all Behavioral Science majors.

Prerequisite: MATH 200; PSYC 101 and/or SOCI 111.

BSCI 342 Cultural Anthropology 3 credits

This course is an introductory study of the cultural values and differences of the various peoples of the world. The study seeks to develop an understanding of and an appreciation for the ways people of various cultural backgrounds perceive reality and relate to each other. Particular application is made on how these insights prepare individuals for cross-cultural living and ministry. (Same as MISS 342) [*]

BSCI 343 Intercultural Communication 3 credits

Findings from the fields of communication, psychology, sociology, linguistics, and anthropology are combined with the study of characteristics of various cultures to provide the student with a basis for effective communication in all cultures.

Prerequisite: SOCI 111. (Same as COMM 343, MISS 343 and SOCI 343) [*]

BSCI 396 Student Development Training 1 credit

Peer counseling, relation building, leadership training, administration of discipline and other areas of student development will be studied. (Open only to Resident Assistants or with permission of the instructor.)

BSCI 452 Leadership 3 credits

A seminar course which focuses upon managerial leadership, leadership of social movements, and informal leadership in peer groups. The course content concentrates on leadership behavior within organizations, on the interaction of people, motivation, and leadership and on the integration with theological insights. (Same as BUSM 452)

BSCI 455 Principles and Techniques of Assessment 2 credits

Theory of assessment and psychological measurement; survey of individual and group tests used to measure general abilities, aptitudes, interests and personality characteristics. Special attention is given to the principles and techniques of assessment in the behavioral sciences. [*]

72 BIBLICAL LITERATURE

BSCI 488/489 Advance Seminar in Behavioral Science 2/3 credits

Advanced study of a topic in behavioral science. [*]

BSCI 492 Behavioral Science Senior Project 3 credits

A culminating, synthetic learning experience in which students apply the learning gained in the General College core, the Biblical and Theological core, and the Behavioral Science core courses to an integrated study project in the field of behavioral science. Students will meet in a seminar format for on-going discussion of their individual projects. Required for Behavioral Science majors in Track B. Permission of the professor and senior standing are required.

BSCI 493 Practicum in Behavioral Science 3 credits

Field education placement involving 12 clock hours minimum weekly under supervision of competent personnel plus one-hour weekly seminar on campus, or a summer field education placement experience involving 180 clock hours minimum under supervision of competent personnel living with the student. Student integrates behavioral science practicum with prior and concurrent course work. The course includes class presentations and simulations or practice situations that combine knowledge and skill utilization. Open only to students with major in Behavioral Science. Senior standing and permission of professor required.

BSCI 494 Advanced Practicum in Behavioral Science 3 credits

Additional field placement experience. Same requirements as BSCI 493. May not be taken concurrently with BSCI 493. Open only to students with major in Behavioral Science. Senior standing and permission of professor required. [*]

[*] sometimes offered only on alternate years

BIBLICAL LITERATURE

BIBLICAL INTRODUCTION

BIBL 101 Exploring the Bible* 3 credits**

A course designed to acquaint the student with the structure of the Bible and its essential literary features, historical background and central themes. The course will help the student understand the plan of redemption evident in both testaments.

***This course must be completed as a prerequisite for all other Bible courses. (Students with extensive prior knowledge of the Bible may waive this course by special examination, but this must be done before other Bible courses are taken.)

APPLIED MUSIC

Applied music is offered in voice, piano, organ, guitar, and orchestral instruments. Thirteen thirty minute lessons with a minimum of five hours of practice per lesson are evaluated as one unit of credit. Registration in applied music carries with it a lesson contract engaging an instructor's time for the semester. An extra fee is required.

Private lessons are designed to meet the individual needs of the students. Instruction is offered at the beginning, intermediate, and advanced levels. The appropriate level of instruction is determined by the instructor at the beginning of each semester.

The Applied Music specialization is offered in piano and voice only. Private instruction for performance majors will be offered at the intermediate and advanced levels only.

A. PIANO**APMU 101 Beginning Piano****1 credit**

A maximum of 4 credits may be earned at this level. If a student wishes to continue instruction at this level, he/she may do so on a non-credit basis. Instruction begins with the reading of basic pitch and rhythm notation and continues until the student can read and perform easy classical and sacred literature. Keyboard harmony includes all scales, cadences, inversions, and arpeggios that are part of the Piano Proficiency Exams I and II.

APMU 201 Intermediate Piano**1 credit**

Appropriate classical and sacred literature will be studied with emphasis on stylistic interpretation and technical proficiency. Both sight reading and performing skills will be encouraged. Technique development will include four-octave scales, and diminished and dominant seventh chord inversions and arpeggios.

APMU 301 Advanced Piano**1 credit**

Complex piano literature will be studied in-depth and performed in a polished manner. Technical proficiency will include an emphasis on velocity.

B. VOICE

Private voice study explores correct singing technique and breath control. This includes the literature of other languages (no previous experience necessary) and of various styles and periods of vocal music. The ability to read music is a prerequisite. Students judged deficient in this area by their instructor will be required to complete MUSI 112 and MUSI 114 before registering in voice courses.

APMU 102 Beginning Voice**1 credit**

Requires an ability to read at least the staff of one's voice (treble for women; bass for men.) Also needed are a basic understanding of rhythmic values and pitch intervals.

APMU 202 Intermediate Voice**1 credit**

The student must possess the above abilities in addition to demonstrating his/her ability to sing a basic English and Italian Art Song. (Language coaching is given by the instructor.)

APMU 302 Advanced Voice**1 credit**

The student must be skilled in all of the above, and in addition be able to sing a piece from the German Lieder repertoire. No student will be classified as advanced unless he/she demonstrates a definite ability to continue growth musically and vocally.

C. ORGAN

A piano requirement of two semesters or its equivalent is required for admission to organ study.

APMU 103 Beginning Organ**1 credit**

Basic organ touch and pedal technique. Acquaintance with general organ terms and specifications. Also basic hymn playing technique.

APMU 203 Intermediate Organ**1 credit**

Expansion of the above with the development of skills in organ literature and service playing. Included are early studies of Bach.

APMU 303 Advanced Organ**1 credit**

Continuation of 203 with advanced studies of Bach and exposure to the works of other composers. Organ construction and comparison is optional to interested students.

Survey of principles from mechanics, heat, light, sound, electronics, electricity, and astronomy to give the student a better understanding of our physical universe and civilization.

SCIE 119 Physical and Earth Science II 3 credits

Surveys of principles from chemistry, geology, meteorology, energy and environment.

SCIE 120 College Chemistry I 4 credits

Study of atomic and molecular structure, equations, stoichiometry, solutions, equilibrium and some descriptive chemistry. Recommended for terminal science studies or for non-science majors. Three hours lecture and one two-hour lab per week.

SCIE 121 College Chemistry II 4 credits

A study of elementary organic chemistry and biochemistry. Three hours lecture and one two-hour lab per week. Prerequisite: SCIE 120 or permission.

SCIE 210 Microbiology 4 credits

A study of microscopic organisms. Includes study of viruses, bacteria, fungi, algae, protozoans, and parasitic worms. Focuses primarily on their structure, physiology and how they interrelate with other organisms in beneficial and/or harmful ways. Study will be given to understanding how modern microbiologic techniques can be used to protect and benefit living things. Three lectures and three two-hour labs per week. Prerequisites are previous or concurrent enrollment in SCIE 120 and 121 (College Chemistry), and SCIE 220 (Anatomy I), or previous science experience and permission of the instructor.

SCIE 211 General Botany 4 credits

An introduction to plant taxonomy, morphology, energy processes, reproduction, and ecological interrelationships. Three lectures and one two-hour lab per week. SCIE 110 is recommended as background for this course. [*]

SCIE 212 General Zoology**4 credits**

An introduction to the animal kingdom. An overview of tissue, organ and organ system operations. Includes morphological, taxonomic, and ecological relationships. Three lectures and one two-hour lab per week. SCIE 110 recommended as background for this course.

SCIE 220 Human Anatomy and Physiology I**4 credits**

Studies the design and functions of the human body. Begins with cell, tissue, and membrane functions and continues with the integumentary, skeletal, muscular, and nervous systems. Three lectures and a two hour lab per week. SCIE 110 recommended as prerequisite.

SCIE 221 Human Anatomy and Physiology II**4 credits**

Continues the study of the systems of the human body. Includes the circulatory, lymphatic, respiratory, digestive, endocrine, renal, and reproductive systems. Three lectures and a two hour lab per week. Prerequisite: SCIE 220 or permission of instructor.

SCIE 314 Genetics and Man**2 credits**

The study of the chemical basis of heredity and the resultant genetic patterns will be studied as the basis for an examination of the effects of heredity on man. Man's use of this knowledge to better himself and his world will be discussed. SCIE 110 is recommended as background for this course.

SCIE 315 Ecology and Man**3 credits**

An introduction to the ecological principles especially as they relate to man. Man's role in nature will be examined, giving emphasis to cause and effect of behaviors and to the interrelationships in nature. SCIE 110 is recommended as background for this course.

SCIE 316 Northwest Ecology**5 credits**

Offered during summer session. This course surveys local Puget Sound issues, rain forest ecology, nuclear power plant ecology, and the volcano ecology of Mt. Saint Helens. Includes half day field trips to local sites and multi-day trips to the Olympic Rain Forest and Mt St Helens. Requires extra fees to cover travel, food, lodging, and lab supplies. Includes lab experience.

Prerequisite: permission of instructor.

SCIE 317 Urban Area Ecology**2 credits**

Offered during summer session. This course surveys ecological issues of the Greater Seattle area. Includes half day field trips to local sites. Requires extra fees to cover travel and supplies.

Prerequisite: permission of instructor.

SCIE 377 or 378 Special Topic 1 or 2 credits

SCIE 381 or 382 Directed Study 1 or 2 credits

SCIE 413 Theories of Evolution 3 credits

A course designed to acquaint the student with some modern evolutionary theories of the origins of the universe and man. Comparison is made with biblical creation.

SCIE 110 and 118 and/or 119 are recommended as background for this course.

[*] sometimes offered only on alternate years

SOCIOLOGY

SOCI 111 Survey of Sociology 3 credits

An introductory study of the basic concept of societal groups, institutions, and interrelationships. Some consideration is given to problems of contemporary society.

SOCI 213 Social Problems 3 credits

A study of problem areas in society such as poverty, hunger, inadequate health care, child abuse, delinquency, crime, and mental illness.

SOCI 343 Intercultural Communication 3 credits

Findings from the fields of communication, psychology, sociology, linguistics, and anthropology are combined with the study of characteristics of various cultures to provide the student with a basis for effective communication in all cultures.

Prerequisite: SOCI 111. (Same as BSCI 343, COMM 343, and MISS 343) [*]

SOCI 354 Marriage and Family 3 credits

A study of the family as a social institution including an emphasis on the modern family and constructive ideals for a successful marriage and parenthood. Attention will be given to the dysfunctional family including intervention strategies. (Same as PCAR 354).

[*] sometimes offered only on alternate years

THEOLOGY

THEO 121 Christian Doctrine

3 credits

A study of basic Christian doctrines as found in the evangelical expression of the Church, with which the Assemblies of God in broad perspective, identifies itself. The statement of Fundamental Truths of the Assemblies of God constitutes the overall frame of reference for the course. This course is a prerequisite to all other theology courses.

THEO 250 Pentecostal (A/G) Doctrines

3 credits

This course is intended to follow the basic Christian Doctrine and precede the Systematic Theology courses offered at Northwest. It will focus directly on pneumatology, the doctrine of the Holy Spirit; and on eschatology, the doctrine of last things. It will also function as a defense of the classical pentecostal and/or Assemblies of God beliefs in these areas.

THEO 421 Systematic Theology I

3 credits

An introduction to the study of theology and an examination of the doctrines of the Scriptures; of God, especially His nature and Godhead; of angels; of man, in particular his creation, nature and fall; and of sin, its nature and consequences. Prerequisite: THEO 121.

THEO 422 Systematic Theology II

3 credits

An examination of the doctrines of Christ, His nature and work; of salvation, provided only by Christ and experienced by man through faith; of the Church, its nature, ordinances, and mission; and of eschatology, including the Second Coming of Christ, the Millennium, and the judgments. Prerequisite: THEO 121.

[*] sometimes offered only on alternate years

YOUTH MINISTRIES

YMIN 231 Foundation for Youth Ministry

3 credits

The learner is introduced to adolescent culture and psychology, the role of adult leadership, and the purposes and program structures of youth ministry. (Same as EMIN 231)

YMIN 235 Youth Ministry Design

3 credits

This course is a study of the process of planning, organizing, and leading a ministry. The study provides opportunities for the student to develop skill in designing ministry structures that are based on biblical purposes, and congregation and community needs. Prerequisite: EMIN 200 or YMIN 231.

YMIN 331 Church Camping and Recreation

2 credits

These are two of the most popular and perhaps the most powerful tools an individual can use in shaping the life of a young person. The student will learn how to design and conduct church camping and recreation ministries. (Same as EMIN 331)

YMIN 332 Evangelism and Discipleship

3 credits

The student will develop strategies for training and implementing evangelism and discipleship in the local church youth ministry. Prerequisite: CFOR 102.

YMIN 461 Pastoral Use of Computers

2 credits

This course is an introduction to the resources available in the area of computers, both in hardware and software. (Same as EMIN 461, CSCI 461, MISS 461, and YMIN 461)

[*] sometimes offered only on alternate years

STUDENT LIFE

Student Handbook: The Student Handbook is issued yearly by the Dean of Students in cooperation with student leaders. This book contains the policies and guidelines for students attending Northwest College.

Student Housing: Northwest College is a residential campus. All students 21 years of age and under are required to live on campus except those commuting from their parents or relatives home. The College maintains five residences on the campus, two for housing men, and three for housing women. Furnished for two students each, all rooms have single beds, mattresses, desks, chests of drawers, book shelves, and chairs. One of the five residences is designed as an upper division dorm. This dorm is specifically designed for students who are 23 years of age or older or academic junior status and above. These are designed as private rooms only. Application can be made through the Dean of Students' Office. There is an additional private room charge (see financial statement). Students provide their own bedding, pillows, rugs, and other items. Each residence has automatic coin-operated laundry facilities. (A room reservation deposit is required.)

Married Student Housing: The College maintains seventy-eight resident student apartments designed for married students with or without children. They consist of thirty-six units with 1 bedroom/1 bath, twelve units with 2 bedroom/1 bath, and thirty units with 2 bedroom/2 bath. Application can be made through the Administrative Services Office. The College also assists married students in finding suitable housing in the community.

Health Service: The College provides a nurse and health center. The nurse is available at regular times and by special appointment. A group insurance program is required of all students unless they have an adequate private hospitalization plan.

Special Diet (Special consideration requested for medical reasons): When, because of medical or health conditions, students are required to have a special diet, they should submit a written notice from their doctor to the Dean of Students Office. The doctor's statement should provide all information regarding restrictions/requirements. Every

effort is made to meet the special requirements of diet when health is a factor. The College reserves the right to charge for special diet provisions if necessary.

Automobiles: Permits are necessary for the operation and parking of student vehicles on campus. Vehicles must be registered with the Dean of Students Office. Violation of vehicle regulations may result in fines and/or cancellation of the permit. It is expected that students bringing cars on campus will have them properly insured and properly licensed with the state in which they are registered. Drivers must be familiar with the Washington State Driver's Handbook.

Guidance and Counsel: The College maintains a counseling program to assist the students' development academically, vocationally, socially, and spiritually. Each student is assigned to a faculty advisor and is also free to meet with other members of the counseling staff. (All personal counseling appointments are made through the Dean of Students office.)

Marriage: Inasmuch as marriage involves new adjustments to life and many added responsibilities, students under 22 years of age will not be allowed to marry during the academic year without special permission. To do so subjects the student to disciplinary action.

PRINCIPLES AND PRACTICES OF CHRISTIAN CITIZENSHIP

As an institution of the Assemblies of God, Northwest College has standards for student behavior based on biblical precepts and principles, the doctrinal statements of the church, and on widely-held practices within the fellowship.

The student handbook is published to acquaint students with the way of life at Northwest College. It will tell them what they can expect of the College and what the College expects of them as they seek to prepare themselves for a life of Christian service.

Christian maturity involves more than adherence to explicit scriptural statements of right and wrong. It involves a total commitment to the Lordship of Christ and a life of dynamic discipleship. The mature Christian recognizes scriptural principles that govern conduct and he applies these principles to every area of attitude, conviction, and behavior.

The Scriptures establish basic principles which should guide the development of Christian character and govern all Christian behavior. These include:

1. The Lordship of Christ over all of life and thought.
This involves wholehearted obedience to the moral law of God as taught in the Bible and exemplified in the life of Christ; the careful stewardship of mind, time, abilities, and funds; opportunities for intellectual and spiritual growth; and the care of the body as the temple of the Holy Spirit.
2. The responsibility to love God with all our being and to love our neighbor as ourselves. This means that unselfish love should be the motive in all of life's decisions, actions, and relationships.
3. The responsibility to seek after righteousness, to practice justice in all dealings with one another, in social institutions, and to help those in need.
4. The need to exercise freedom responsibly, lovingly, and sensitively within the framework of God's moral law in relationship to the Assemblies of God fellowship at large and to other communities.
5. Access through Jesus Christ to the forgiveness of God and to the help of the Holy Spirit in doing heartily what God requires (Romans 14:4-10, 15:1-3; Phil. 1:20-27; 1 Cor. 8:7-10; Col. 3:23; 2 Cor. 6:14-18; James 1:27, 4:4; 1 John 2:15-18).

The College affirms Paul's description of behavior unfitting for a Christian: "The acts of the sinful nature are obvious: sexual immorality, impurity and debauchery [indulgence in sensuality]; idolatry and witchcraft, hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions and envy, drunkenness, orgies and the like" (Galatians 5:19-21a, NIV).

When students apply for admission, they must indicate that they have made a personal commitment to Jesus Christ as Lord and Savior and that they are willing to live by the community rules adopted by the College. This means abstaining from practices morally wrong such as stealing, use of profane, vulgar language, sexual sins, and dishonesty including cheating.

It means that the student will abstain from gambling, pornographic literature, the possession or use of tobacco or illegal drugs, social dancing, the possession or use of alcoholic beverage, and other behaviors detrimental to community life. It is recognized that in all things the principles of selectivity, Christian testimony, and avoidance of appearance of evil must be exercised.

While attitudes are difficult to detect, they are as important to God as are outward forms of conduct. The College community is responsible to repudiate these and help in seeking forgiveness so that each individual may grow in grace and righteousness. In keeping with the College's goal of guidance toward holy living the following are attitudes and actions affirmed and encouraged: "But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control" (Galatians 5:22-23b).

The College will promote Christian citizenship in instruction, corrective confrontation, and discipline, when necessary for the purpose of development of Christian lifestyle in the students.

An acceptable citizenship record also includes financial responsibility to the College and must be maintained in order to qualify for graduation or participation in student offices or extra-curricular assignments.

The College reserves the right to modify and amplify the standards and dates set forth in the Student Handbook and to use its discretion in the interpretative enforcement of all ideals and standards of conduct, however communicated.

The College Administration also reserves the right to require any student who is considered to be out of harmony with the goals and the spirit of the College to withdraw, including involuntary administrative withdrawal.

Northwest College is committed to a policy of non-discrimination with regard to race, color, national origin, sex, age, marital status, or physical disability. Persons having questions regarding College policies relating to these matters should contact the Vice President for Academic Affairs.

STUDENT ACTIVITIES

"And Jesus increased in wisdom, and stature, and in favor with God and man" Luke 2:52.

Northwest College, through its programs and activities, seeks to develop the whole man--mental, physical, spiritual, and social.

All School Banquet: An evening in springtime is set aside for a semi-formal gathering at which students, faculty, and staff enjoy social and spiritual fellowship.

International Students Banquet: An evening in the Fall semester is set aside for an informal gathering of the College's international students for a time of fellowship with faculty, administration, and students from missionary families.

Associated Married Students: All married students are members of this organization which provides opportunities for social, intellectual, and spiritual growth for married students and their spouses.

Associated Men Students and Associated Women Students: These include all Northwest College men and women respectively. They seek to promote social, intellectual, and spiritual growth of the student through their activities.

Associated Student Body: Each student is a member of the Associated Student Body. Membership of the Student Council includes the officers of the Associated Student Body, the officers of each class, the Associated Men Students, the Associated Women Students, Married Student Association, KCNR (the College radio station) President, and the KARISMA (yearbook) Editor. The Council guides and promotes student activities and projects.

Chapel: Chapel at Northwest College is held daily and attendance is required. A grade of "S" or "F" is given depending upon the attendance record. Students who plan to work during the school term should plan their schedule to include chapel.

Church Attendance: While at Northwest College, students are expected to make a choice of a church home where they will be available for participation. Students are encouraged to become an active part of their home church.

Christian Service: Students at Northwest College are preparing themselves to help others through Christian ministry. All students are encouraged and expected to participate in some aspect of the Student Ministries and Missions programs, and in local church ministry.

Convocation: Traditionally, the new school year is formally opened at this time. Officials, ministers, alumni, and friends join faculty and students for this occasion.

Cultural Series: The Cultural Series is sponsored by the Administration and the Associated Student Body to enlighten the students' understanding of the world in which they live. Professionals are brought to campus to share their wisdom, knowledge, and skill learned through experience and travel.

Fall Social: In the fall of each year, the Associated Student Body sponsors an informal evening of fun, related to seasonal themes such as harvest time.

Intercollegiate Athletics: Northwest College is a member of the Pacific Northwest College Conference (PNCC) and the National Christian College Athletic Association (NCCAA). Sports offered include men's basketball and soccer, and women's basketball and volleyball.

Intramurals: The Administration and the Associated Student Body jointly sponsor a strong intramural program for men and women. The intramural program seeks to give positive opportunity for athletic competition within the college life setting. The campus facilities include the gymnasium, tennis courts, and an athletic field.

Missions Convention: The annual Missions Convention provides missions emphasis and fellowship. Missionaries from the area and on deputational assignment are invited as special guests. This function is an Associated Student Body activity with special arrangements being under the supervision of the Student Missions Council.

The Karisma: The College yearbook is produced by a staff chosen by the Student Council and approved by the Administrative Council.

Student Ministries: This organized student outreach consists of a variety of ministry opportunities - Children's Ministry, Campus Ministry, Community Ministry, Evangelism Ministry, Gospel Team Ministry, Prison Ministry, Youth Ministry, and Airport Ministry. Included in this outreach of Student Ministries are Internship

opportunities providing practical experience in specific areas of Christian Education, Missions (including MAPS and AIM), Pastoral Care, Pastoral Ministry, Church Music and Youth Ministry. Student teams selected and approved for summer ministry also provide an outreach of service for interested and qualified students.

World Missions: Northwest College students are given opportunity and encouragement to be active in World Missions. This ministry provides outreach and counsel for projects, fairs, brunches, conventions, prayer groups and internships, all related to World Mission Ministry.

Spiritual Emphasis: Every day spiritual values are emphasized in chapel. In addition several weeks are set aside for special emphasis and growth. The Fall Spiritual Emphasis Week emphasizes commitment. The Spring Missions Convention highlights world evangelization. Other special emphases are scheduled through the year such as the Staley Lectures and the Pastoral Lectureship Series.

POLICIES AND PROCEDURES

ADMISSIONS

Admission to Northwest College is granted to applicants meeting the College admissions requirements without regard to race, color, religious affiliation, or national origin. However, admissions are made on a selective basis according to the following criteria:

All applicants must give evidence of sound moral character. Evidence of that character includes a vital experience of salvation through faith in Jesus Christ. Applicants are admitted only upon satisfactory recommendations from sources specified on the College Admissions Application form.

Applicants must be graduates of a recognized high school with a minimum of sixteen units. The following distribution of preparatory work is recommended: English, 3 units; History, 1 unit; Mathematics, 2 units; Science, 1 unit; and Foreign Language, 1 unit. Applicants may be admitted on the basis of satisfactory scores on the General Educational Development Tests as established by State Competency Standards.

All international students whose primary language is not English will be required to submit a TOEFL (Test of English as a Foreign Language) score as a part of the application process. A score of 500 is needed for admission to the College.

A limited number of mature persons who are not graduates of a high school may be admitted on a selective basis as special students. Degrees, diplomas or certificates of graduation will be granted to high school graduates only.

Admissions Standings

A regular student is a student who meets all admissions requirements for matriculation into a degree program at the College. Regular standing is granted approved applicants who have achieved a C average in college preparatory courses, attained a class rank in the upper one-half of their graduating class, and achieved satisfactorily in a college ability test.

Provisional standing is granted to a limited number of selectively admitted students who do not qualify for regular standing but who, in the judgment of the Enrollment Services Committee, show promise of benefit from the opportunity to pursue work at Northwest College.

A non-matriculated special student is a student who enrolls for a limited course load (not more than nine hours) and who is not pursuing a degree at the College. He may take courses for audit or for credit after regularly-enrolled students have registered.

A non-matriculated Certificate in Christian Studies student is the same as a non-matriculated special student except he may take a full load in the Christian Studies program. To qualify for the certificate, however, he must meet the same requirements as regular students.

Application Procedure

Application for admission is made on the form provided by the College. Forms may be secured by addressing the Office of Enrollment Services. Applications should be received by the College one month prior to the term for which the applicant desires to enroll. However, applications will be received and processed thereafter on a space-available basis. No assurance of acceptance should be assumed until the applicant receives a letter of approval from the Office of Enrollment Services. The application fee must accompany the application before it will be considered. The applicant will send or deliver reference forms provided by the College to the appropriate persons.

It is the responsibility of the applicant to see that his high school transcript and transcripts for any college work completed are sent to the Office of Enrollment Services. This may be done by filing a letter of request with the schools concerned. After the reference forms and transcripts have been received, the Enrollment Services Committee will evaluate the application. Applicants will be notified by mail whether or not they are accepted. The application fee is non-refundable.

Approved applicants are to complete and return certain health forms: an emergency authorization form is to be completed in all cases and turned in together with a medical history report. The College reserves the right to require a medical report from the applicant's physician where questions about physical or mental health emerge.

An enrollment confirmation deposit must be submitted by all students accepted for admission. Residence hall students must submit an additional deposit to hold a room. Deposits and confirmations of enrollment plans should be submitted as early as possible. Deposits for fall semester enrollment are refundable upon written notice of cancellation or deferral received by August 15th. Those canceling for the spring semester must give written notice of cancellation or deferral at least one week prior to the beginning of classes to receive a refund. Thereafter refunds are granted only for reasons of illness or emergency. In the event that an applicant falsifies or withholds information on the admissions application, the College reserves the right to revoke, suspend, or modify an admissions approval.

Re-application. Former students who have been out of enrollment for at least one semester must complete an Application for Re-Entry and submit one current reference. They will not be required to obtain new transcripts other than for college work taken during the interim away from Northwest College.

Entrance Tests

For purposes of admissions evaluation, guidance, scholarship eligibility, and counseling, applicants will be required to take the ACT (American College Tests, College Code: 4466) or the SAT (Scholastic Ability Tests, College Code: 4541). If neither is available, the student must take the ACT on campus prior to registering. There is a nominal testing fee.

Normally these tests are available at high schools on a set schedule. Arrangements should be made to take them as early as possible. Transfer students coming in with a minimum of 20 semester credits from an accredited college or university are exempted from the tests.

Advanced Standing

Northwest College accepts credits earned through the Advanced Placement Testing Program (AP), the College Level Examination Program (CLEP), and Running Start. Recommendations regarding college credit are made by the Registrar. For credits earned through testing while a matriculated student refer to page 154-155.

Transfer of ICRC Associate in Arts

Northwest College accepts the A.A. degree from those colleges in the state of Washington whose degree requirements conform to the guidelines of the Intercollege Relations Commission. The degree will cover many of the College's general studies requirements, and will confer 60 semester units of work in transfer to Northwest College.

Transfer of Credit From Accredited Colleges and Universities

Students desiring to transfer to the College from another institution of recognized collegiate rank must follow the general instructions for admission and must see that transcripts of previous college work are sent to the Office of Enrollment Services. Course work in parallel courses or areas of instruction will be considered for transfer provided that they show a grade of C or better and that the transcript shows that the student is entitled to honorable dismissal.

A limit of 20 semester credits from extension and correspondence courses may be applied to a four-year program at the College or a pro-rata thereof to programs less than four years in length. All credits earned through correspondence must be completed prior to the beginning of the final semester preceding graduation. Students should take no more than two correspondence courses concurrently, and correspondence courses taken during the academic year should be considered to be part of the student's total academic load.

Transfer of Academic Credit From Unaccredited Sources

Northwest College considers work presented from unaccredited sources on an individual basis. When accepted, such work must be validated by completion of a minimum of two semesters enrollment and 30 credits at Northwest College with grades of 2.0 (C) or better, and possibly by examination. Only evaluations and commitments made in writing will be considered as applying in each case. College-level work considered occupational or remedial is not recognized for transfer.

A maximum of 60 credits will be accepted from unaccredited sources to apply to a Bachelor of Arts degree at Northwest College. Acceptance of such credits will be dependent upon Northwest College's evaluation of the equivalency of coursework and level of instruction.

Residency Requirements

At least one academic year (with a minimum of 30 semester credits) must be completed at Northwest College, and the final semester of work before graduation must be taken on campus irrespective of the amount of previous work completed at Northwest College. One-fourth of the Bible/Theology requirements, and one-third of the major requirements, must be completed in residence at Northwest College.

A student registered at Northwest College may not receive credit for a concurrent enrollment at another institution without approval. Students interrupting their programs at the College may, upon returning, complete the requirements in force at the time of their matriculation (subject to the availability of courses in the academic program, and in consultation with the Office of Academic Affairs) or may complete the requirements in force at the point of their re-entrance, or those in force during the year of graduation, but not in combination.

FINANCIAL INFORMATION**Costs**

Northwest College is a private, church-related college. Therefore, no operating funds from taxes or public funds support its operation. Each student is charged tuition and certain fees which cover about eighty-five percent of the cost of his education. The remainder of the costs are provided by gifts from friends of the College, supporting districts, endowment income, and other earnings.

For a list of the tuition charges and fees, see the Fee Schedule insert on pages 139-140.

Room And Board Information

The board/room charge is required of all students living in the residence halls, and entitles students to meals beginning on the evening preceding registration and expiring with the noon meal the day after final examinations each semester.

The College reserves the right to change the rates during the year if it is deemed necessary.

Educational Benefits

Northwest College is approved as an educational institution for the training of veterans or their children. Application should be made at their local Veteran's Administration Office for certificates of eligibility. Those qualifying under the extended Social Security Act should apply for benefits at their local offices of the Social Security Administration. The College will make the proper certifications as to enrollment and attendance after the student has enrolled in the College.

Financial Policy

Recognizing the necessity for the prompt payment of all school fees, not only as a good business principle but for the sake of character development, the Department of Education of the Assemblies of God has set forth the following financial policy:

In order to improve our present educational institutions and to guarantee their future, each student is expected to reimburse the school for the full amount of his obligation on or before the close of each semester. No final examinations will be taken until a satisfactory arrangement has been made with the Administrative Services Office. No diplomas, certificates, degrees, or transcripts shall be expected or received until satisfactory payment is made for all school obligations.

Payment of Accounts

The regular school year is divided into two semesters of approximately four months each, and tuition is based on the semester. It is our policy that there can be no outstanding past due account at registration. All old accounts must have been settled or alternate arrangements must have been agreed to with the Administrative Services Office prior to Fall registration day. Negotiations other than full payment cannot be handled in the registration line since it would create unnecessary delays for the other students.

It is our policy that tuition, fees, and room and board charges are paid in full before the first day of classes each semester unless arrangements are made with the Administrative Services Office prior to arriving on campus. All tuition, fees, long-distance phone charges, rent, and room and board charges must be paid in full in order to take final exams.

Dependent upon evidence of ability to pay, we have established a more flexible, but certain deferred Payment Plan. It is available each semester, and a promissory note for the deferred balance must be signed in the Fall prior to registration. The promissory note must be signed in the Spring prior to attending first day of classes. The payment schedule for each percentage of the total semester's bill remaining after all government and school financial aid is applied is as follows:

SCHEDULE:

FALL

40% - prior to first day of classes
20% - Sept. 25*
20% - Oct. 25*
20% - Nov. 25*

SPRING

40% - prior to first day of classes
20% - Feb. 25*
20% - Mar. 25*
20% - Apr. 25*

*Each of the 20% installments is considered PAST DUE on the first of each following month and there will be a late payment fee for each past due installment equalling 4% of the amount due for that payment. The Deferred Payment Plan carries a finance charge of 1.25% on the outstanding balance on the second Friday of classes and 1.25% on the outstanding balance at the end of each subsequent month. These charges will be added to the 20% installment.

Students failing to meet the payment schedule will not be eligible to continue in classes. No scholarships or discounts will be awarded to any student who does not have all prior accounts cleared by the first class day of the semester. Students are required to pay in advance for the summer sessions.

Unpaid balances at the end of the semester must be secured by an interest-bearing promissory note (co-signed by the parents if the student is a minor). A student must clear his previous account before starting classes in an ensuing semester. A student whose account falls ten days in arrears may be suspended from classes or school. The payment of accounts policy, also applies to those qualifying for V. A. benefits.

The College reserves the right to assign delinquent accounts to an agency for collection. Failure to respond could affect the individual's credit rating.

Withdrawals

Adjustments will be made on the accounts of students who withdraw during the semester subject to the following conditions:

- (1) he/she must have officially withdrawn from college;
- (2) scholarship credit will not apply during the semester of withdrawal;
- (3) exit clearance from Resident Hall Personnel is required for on-campus students;
- (4) fees other than the general fee are non-refundable;
- (5) tuition and the general fee will be charged as follows from the first day of classes:

Per day for the first 5 days	2.5%
First full week	12.5%
During second week	25.0%
During third week	37.5%
During fourth week	50.0%
During fifth week	62.5%
During sixth week	75.0%
During seventh week	87.5%
After seventh week	100.0%

- (6) residence hall deposit not refunded if in-term withdrawal;
- (7) room and board charges are pro-rated by the day from the official opening of the residence hall;
- (8) when a student reduces his load but does not withdraw from college, tuition and fees will be adjusted through the second Friday of classes. After that, there is no reduction of tuition or the general fee for classes dropped.

Students withdrawing during summer school will be charged tuition and general fee as follows:

For sessions that are longer than three weeks, the charge is 20% of tuition and general fee for withdrawal on the first or second day. The charge is 40% for withdrawal on the third or fourth day and 60% for withdrawal on the fifth or sixth class day and 80% for withdrawal on the seventh or eighth class day and 100% after the eighth class day.

For sessions of three weeks or less, the charge is 20% of tuition and general fee for withdrawal on the first day of classes. The charge is 40% for withdrawal on the second day and 100% after the second day of classes.

LOANS

There are a limited number of need-based loans available through the College. Information may be obtained through the Business Office.

FEDERAL AND STATE GRANTS

Northwest College participates in the following federal and state grant programs:

Federal Pell Grant

These grants are direct grants from the government to undergraduate students who demonstrate financial need. Grants range from \$400.00 to \$3,700.00 per year for full-time students. Grants are also available to part-time students. (The amount of the grant is determined by the number of credits for which the student is enrolled and the student's need.)

Federal Supplemental Educational Opportunity Grant (SEOG)

These federal grants are for students demonstrating exceptional financial need. Students submitting required applications by March 1 for the following academic year will be given first consideration for this grant. Awards range from \$200.00 to \$4,000.00 per year. The average award per year at Northwest College is \$500.00.

Washington State Need Grant (WSNG)

Student eligibility is determined by the Financial Planning Office as per Washington State regulations. Eligible students must be Washington State residents and enrolled in the Division of General and Professional Studies. Information is available upon request concerning the State Need Grant programs for students from each of the fifty states.

FEDERAL LOANS

These loans are need-based for students who will be responsible to repay them after they leave school. Northwest College participates in the following student loan programs:

Federal Perkins Loan (formerly known as National Direct Student Loan)

Student eligibility is determined by the Financial Planning Office. This loan is repayable to Northwest College at 5% interest per year. The size of the loan depends on financial need and availability of funds. The aggregate loan limit for undergraduate students is \$15,000.

Repayment for new borrowers begins nine months after graduation or after a student is no longer enrolled on at least a half-time basis. Previous National

Direct Student Loan borrowers will continue to have a six-month grace period. Repayment of principal may be extended over a ten-year period (depending on the amount of the loan) with a minimum payment of \$30.00 per month.

Repayment may be deferred for three years while the borrower serves in the Armed Forces, Peace Corps, or as a VISTA volunteer. This loan provides for full or partial cancellation benefits for teaching in certain areas. If a student is delinquent in his/her Perkins Loan payment, he/she will not be eligible to receive or have a transcript sent to anyone.

Federal Stafford Loan Program

A Stafford Loan is a low interest loan made by a lender such as a bank, credit union, or savings and loan. The interest rate is variable rate based on the average 91-day Treasury bill rate plus 3.1%, not to exceed 9%.

First year students (0-29 credit hours)	\$2,625
Second year students (30-59 credit hours)	\$3,500
Students who have completed two years (60 cr. & over)	\$5,500

The maximum loan indebtedness allowed for undergraduates is \$23,000. Repayment begins six months after the student leaves school or ceases to be enrolled on at least a half-time basis.

Unsubsidized Federal Stafford Loan Program

The Unsubsidized Federal Stafford Loan Program has the same provisions as above with the following differences:

All students, regardless of income, are able to obtain a student loan.

Interest payment begins on the day the loan is disbursed.

Student is responsible for interest accrued during in-school and deferment periods.

Interest payments can be paid monthly, quarterly, or be capitalized by the lender and added to loan principal.

Student pays a 6.5% origination/insurance fee collected by the lender.

Borrower can receive subsidized and unsubsidized loans for the same period.

Combined total of both programs cannot exceed Federal Stafford Loan Program annual limits.

Students must apply for subsidized loans first.

Federal PLUS Loan Program

This loan is intended for parents of undergraduate students not qualifying for the Stafford Loan program. Repayment begins sixty days after proceeds are disbursed to borrowers. Interest rate is a variable rate based on the average 91-day Treasury bill rate, plus 3.1% with a cap at 10%. Applications are available in the Financial Planning Office. The annual limit is cost of education minus other financial aid.

Federal Supplemental Loans For Students (SLS)

This loan is intended for independent students who do not qualify for the Stafford Loan program. Repayment begins sixty days after the proceeds are disbursed to borrowers. Arrangements can be made (at lender's option) to pay interest only while the student is enrolled, or to have the outstanding interest added to the loan principal when student leaves school. Interest rate is variable and is calculated on the same formula used for the PLUS program described above.

EMPLOYMENT

An employment service is offered to the student through the Office of Off-Campus Housing and Employment. Considerable time and attention are given to the placement of, and counseling with, students who need employment. In addition to the employment service offered for the student, the College participates in federal and state funded employment programs.

Federal College Work Study (CWS)

This federally funded program provides on-campus jobs to students with financial need as demonstrated on the Financial Aid Form (FAF). Students work an average of 12-15 hours per week (depending on the position filled). Positions filled by student College Work Study employees include custodial, cafeteria, grounds maintenance, and library. Applications are available in the Financial Planning Office. An interview with area supervisors is also required for placement. Contact the Financial Planning Office for more detailed information.

Washington State Work Study (SWS)

This program, funded by Washington State, provides a limited number of off-campus employment opportunities to students with financial need. Students applying for employment in the program must be enrolled in the Division of General and Professional Studies. Position descriptions vary from year to year. Interested students should contact the Financial Planning Office when arriving on-campus.

Application for Aid

To apply for financial aid at Northwest the following forms must be submitted:

- Application for Admission to Northwest
- Northwest College Aid Application
- Free Application For Student Aid
- Financial Aid Form
- Financial Aid Transcripts (if a transfer student)

Applications are available in the Financial Planning Office at Northwest College. Applicants submitting the required documents by March 1st will be given first consideration for available funds. Note: Applications must be submitted for each year of attendance.

Eligibility

To be eligible for financial aid a student must be a citizen or national of the United States or be a permanent resident of the U.S. A student must have financial need as determined by information from the College Scholarship Service or the Pell Grant Center. A student must not owe a refund on previous grants or be in default on a Perkins Loan, Federally Insured Student Loan or Stafford (GSL), and must maintain satisfactory academic progress. Full-time students receive priority consideration for campus-based funds.

Disbursement of Aid

The Financial Planning Office notifies the Administrative Services Office of aid offered the student, providing all requested documents have been submitted. Pell Grants, Supplemental Educational Opportunity Grants and Perkins Loans are credited directly to the student's account. Perkins Loan recipients must also sign a promissory note for each disbursement. Washington State Need Grant, Stafford Loan and College Work Study checks may be claimed at the cashier's window in the administration building.

Students are notified by the Financial Planning Office of the arrival of Washington State Need Grant and Stafford Loan checks, and when they are available for claim.

Repayment and Refund Policies

A student may be eligible for a refund if he/she withdraws from college and/or the residence halls when he/she presents a written application to the Administrative Services Office.

A complete refund/repayment policy statement is available in the Financial Planning Office upon request.

Satisfactory Progress

A student must complete a minimum of 75 % of the credit hours attempted during an academic year, with a minimum cumulative GPA as follows: Freshman 1.7, Sophomore 1.8, Junior 2.0, and Senior 2.0. Failure to meet the above requirements will result in the student being placed on financial aid probation for the following year.

Students who are terminated from financial aid eligibility can re-establish their eligibility for financial aid after successfully completing at least 12 credits and maintaining the required GPA.

A complete satisfactory progress statement is available on request from the Financial Planning Office.

Information

Requests for further information and/or application forms may be submitted to the Financial Planning Office, Northwest College, P.O. Box 579, Kirkland, WA 98083.

REGISTRATION

Registration Procedure

All students must register on the scheduled registration dates. A fee is charged for late registration. Students are not permitted to register for credit after the first week of the semester except by special permission of the Admissions Committee.

No one will be admitted to classes until his registration is completed and approved by the Registrar's Office, and tuition and fees have been paid or satisfactory arrangements have been made with the Administrative Services Office.

Orientation

New students, including transfer students, are to meet at the time and place indicated in their enrollment instructions. New students will be given certain preregistration examinations for purposes of appraising scholastic aptitudes, proficiency in certain basic skills and personality traits as an aid to guidance and counseling.

Class Eligibility

Before enrolling in any course the student is responsible to ensure all prerequisite courses or requirements have been fulfilled.

In general, Freshmen take courses numbered 100-199, Sophomores those numbered 200-299, Juniors 300-399, and Seniors those numbered 400 and above. A student is permitted, however, to take courses below, and one level above, his academic standing. For example, a Sophomore may take courses numbered 100-399.

Any exceptions to prerequisites or eligibility for a specific course must be approved by the instructor.

Change in Registration

A student may add or drop courses by filing a properly completed Change of Course Form in the Registrar's Office. A change of course fee is charged for each change (defined as adding, dropping, or both). New courses may not be added after the second Friday of any given semester.

Withdrawal from the College

Withdrawals from college may be made by obtaining the proper form from the Registrar's Office, completing it, securing appropriate signatures, and filing it with Registrar. If the student finds it impossible to follow this procedure because of illness or emergency, he must notify the Registrar within one week after leaving college. The College reserves the right to require a letter of consent of parents or guardians for students under twenty-one years of age. A student who is absent for more than two weeks consecutively without contacting the College to explain the reason for his absences will be dropped from enrollment with a grade of "F".

ACADEMIC POLICIES AND INFORMATION

Academic Load

College instructors assume two hours of outside study for each hour in class. Thus, a student carrying a fifteen-credit academic load has a forty-five hour work week. Students who must continue employment while attending college should, therefore, reduce their loads to maintain a manageable work week. A student working more than twenty-five hours per week should limit his academic load to 13 credits. If he is working more than 33 hours, he should limit his academic load to 10 credits. A student is classified full-time if he is carrying 12 or more credits per semester. A student is classified part-time if he is carrying 11 or less credits per semester.

Academic Standing

A cumulative grade point average of 2.0 or above in credits earned at Northwest College is required for graduation. Students who enter Northwest College with records reflecting grade averages below C level (2.0) are admitted on academic probation. Students otherwise are placed on probation if their cumulative grade point averages fall below the following levels:

Freshmen	(1-30 credits)	1.7
Sophomores	(31-61 credits)	1.9
Juniors	(62-92 credits)	2.0
Seniors	(93+ credits)	2.0

Academic Honesty

Northwest College expects complete honesty from students in all areas including their academic life. Any kind of academic dishonesty is a serious violation of Christian standards, which may result in the student receiving an "F" for the course, dismissal from the course, or possibly being dismissed from the College.

Academic dishonesty includes cheating on assignments or examinations, plagiarizing (misrepresentation of another's work as one's own original creation), submission of the same (or essentially the same) paper in more than one course without prior consent of all professors concerned, and sabotaging another student's work. Any student disciplined by a faculty member for alleged academic dishonesty has the right to appeal the disciplinary action.

Academic Probation

Probation is not intended as a punitive measure but as a warning with opportunity for improvement. Probationary students are under the supervision of the Vice President for Academic Affairs or his representative during the period of probation. In order to ensure their concentration upon academic work during the probationary period, students on probation are restricted in their academic loads (no more than twelve hours plus P.E. activity), are restricted in their participation in certain college activities, and may be restricted in their work loads. To aid them in reaching their potential, they may be required to attend special classes or counseling sessions. (Any student averaging below 2.0 might be restricted.)

When their cumulative grade point averages rise above the stated levels, the students are removed from probation. After the spring semester, all probationary students are evaluated to determine their eligibility for further enrollment at Northwest College. If their cumulative grade point averages have been below the stated levels for two or more semesters, they are disqualified. (Exceptions may be made if the last semester's grades indicate a clear improvement and average above 2.0.)

Appeals for reinstatement after disqualification may be directed to the Vice President for Academic Affairs on forms provided at the receptionist's desk. Normally, at least one semester must elapse after disqualification before students will be considered for reinstatement,

during which time they should have reevaluated their educational plans or taken steps to improve their scholastic skills. Disqualified students may also petition for permission to enroll as Special Students to take selected courses for personal benefit.

Alternate Ways to Earn Credit

Credit for Prior Experience Learning. Northwest College has established programs whereby matriculated students may earn college credit for learnings that have occurred outside the traditional college classroom. Brief descriptions of these programs appear below. Additional information and credit limitations are identified in the Prior Experience Learning policy manual available from the Enrollment Services Office, Office of Academic Affairs, and/or the Registrar's Office.

1. Proficiency Examination Procedure (PEP): Must be completed before the end of the sophomore year. The Registrar's Office acts as the information office about all proficiency testing.

A. Advanced Placement (AP). Students who have completed college-level studies in high school under the Advanced Placement Program may be granted credit in comparable College courses upon matriculation.

B. College Level Examination Program (CLEP). Students may take the CLEP general examinations in the humanities, sciences and social sciences. Students who believe they have advanced levels of knowledge equivalent to course offerings may contact the Registrar's Office for details concerning these tests. Not more than 30 credits of CLEP can be applied to any degree. All credits earned through CLEP must be completed prior to the start of the junior year. Transfer students entering with junior standing will be allowed one semester to earn CLEP credits. Northwest College will accept for transfer credit, upon admission to the College, the successful completion of CLEP general examinations by students.

C. Other standardized proficiency examination(s).

Standardized tests which can be used to show proficiency in areas that are not covered by AP and/or CLEP may be available.

2. Course Challenge Procedure (CCP).

A formally admitted student may challenge certain College courses by examination without actually registering in the courses. The student is allowed only one opportunity to qualify for credit by examination in any given course. Credit by examination may not be counted toward the satisfaction of the residence requirement. Special fees are charged.

3. Learnings Assessment Procedure (LAP).

A formally admitted student may apply for College credit by the documentation of learnings acquired in nontraditional manner(s). Applicants for one (1) to sixteen (16) credits of LAP must register for ENGL 201, Documentation Writing, two credits, to receive instruction and assistance in how to document learnings for evaluation. If it is decided to attempt more than 16 credits, the student must also register for ENGL 301, 1 cr., in order to get the faculty assistance needed for the additional documentation and writing. Special fees are charged.

Attendance

Classes are conducted with a view to helping students develop in knowledge and character, and the student's attendance is assumed. If absences occur, the student is responsible for work missed. Because classes differ in purpose and character, individual teachers determine their specific requirements in course syllabi. All faculty are to include their attendance policies, if any, and to define absences, tardies, and early exits, and the effect, if any, that these will have upon grades. Appeals relating to attendance should be addressed first to the teacher.

Class absences necessitated by required participation in college-sponsored activities are excused through the Academic Affairs Office. The faculty or staff member submits a list of students participating, and the Academic Affairs Office informs teachers of times the students are to be excused.

Auditing Courses

An auditor is a person who wants to sit in a class but not be held responsible for the course work. At no time will an auditor have space priority over an enrolled student. Out of courtesy, the auditor will not participate in discussions except as allowed in consultation with the professor. Enrolling as an auditor is done during the registration

period and requires the prior permission of the professor. An audit is not recorded on the transcript.

Class Schedules

Classes are scheduled in fifty minute periods beginning at 8:00 a.m. and running until 9:20 p.m. A chapel service, during which no classes meet, is scheduled at mid-morning each day. The student arranges his schedule according to the requirements of his own program.

The College reserves the right to cancel any courses for which there is not sufficient registration.

Continuing Education Unit

The College awards the continuing education unit to adults who participate in non-credit continuing education activities administered by the College. CEU's are not to be equated with the college credits applicable toward a degree. One CEU is equal to ten contact hours of participation in an organized continuing education experience. CEU credit is placed on the National Registry for Continuing Education and is useful where employment or professional training requirements may prescribe it.

Eligibility for Special Groups and Student Leadership

All participants of special groups (e.g. varsity athletics, traveling choirs, speech team) and student leadership must maintain a 2.0 g.p.a. to qualify for membership in the group. In addition, the College reserves the right to establish minimum credit loads each semester for these students.

Evening Classes

A limited number of classes are scheduled during certain evenings of the class week so as to be available to non-matriculated students and to a limited number of regular students who cannot schedule them during the day.

The evening school classes are college level. They may be taken with or without credit and may be taken in combination with day classes or may be taken on an evening class schedule only. Courses

offered are generally selected courses in the areas of Bible, Business Management, General Education and special topics.

Prospective students desiring further information about the evening classes should contact the Registrar's Office. Formal admission to the College is not required to enroll in evening classes unless students wish to matriculate into regular student status at the College.

Grading

GRADE	EXPLANATION	GRADE POINTS
A	Excellent Attainment	4.0
A-		3.7
B+		3.3
B	Highly Satisfactory Attainment	3.0
B-		2.7
C+		2.3
C	Satisfactory Attainment	2.0
C-		1.7
D+		1.3
D	Incomplete Attainment but with credit allowed	1.0
F	Incomplete Attainment with no credit allowed	0.0
W	Withdrawal	0.0
WS	Withdrawal Satisfactory (given during last half of semester if student was earning C or above)	0.0
WU	Withdrawal Unsatisfactory (given during last half of semester if student was earning D or below)	0.0
I	Incomplete	0.0
S	Satisfactory	N.A.
P	Pass	N.A.

Grade Points

Grade Points (or quality points) are the numerical equivalent of letter grades and are assigned for each credit earned with a given grade according to the scale indicated above. For example, an "A" in a five-credit course would give the student twenty grade points. These points express the quality of a student's performance in numerical terms for the purpose of determining scholastic achievement, rank in class, and individual and graduation honors.

Grade Point Average

A student's grade point average is determined by dividing the total number of grade points earned during a given period by the number of credits for which the student was enrolled and received a regular grade during the same period. For example, if a student earns forty-five grade points during a semester in which he is enrolled for fifteen credits, his g.p.a. for the semester will be 3.00. A student's grade point average is calculated both by semester and cumulatively.

Grade Reports

Grade reports are mailed to all students at the close of each semester. The grade reports are sent to the mailing address supplied by the student at the time of registration. To ensure delivery of grades, changes in the mailing address should be reported to the Registrar's Office by the last day of instruction.

Honors

Students who earn a current grade average of 3.5 or better, while carrying twelve credits or more, are placed on the Dean's List, which is published at the conclusion of each semester. Full-time students with a current g.p.a. of 3.3 to 3.499 are placed on the Honors List.

Incompletes

Incompletes may be given at the discretion of a professor for reasons of illness or emergency. When an incomplete is turned in to the Registrar's Office it must be removed by the end of the succeeding semester. Otherwise, the grade automatically converts to an "F" on the student's record.

Independent Study Program

Any student who has achieved junior or senior standing and has completed at least eight credit hours within an academic major may request permission to meet a course requirement through independent study. This program permits the student with a schedule conflict between courses required for graduation to pursue these requirements through specialized study arrangements.

The program also allows the student a format for pursuing advanced study not currently offered as a part of the regular curriculum. The procedures for registering for an independent study are as follows:

1. The student should discuss the proposed topic of study with the advisor and the instructor, and obtain their signatures of approval. The instructor and the student should finalize a written proposal or syllabus of study and attach it to the "Request for Independent Study" form.
2. The student will submit the independent study form and syllabus to the Vice President for Academic Affairs for approval.
3. If approved by the Vice President for Academic Affairs, the Academic Affairs Office will send copies of the independent study form to the student, the instructor, and to the Registrar's Office. Once approval has been secured, the student must officially register in the Registrar's Office in order to receive academic credit.

Complete information regarding the independent study program is documented on the "Request for Independent Study" form, available in the Academic Affairs Office.

Military Credit

Those having had military service may petition the Registrar's Office for physical education credit upon presenting appropriate documentation.

Student Records

The Family Educational Rights and Privacy Act of 1974 (FERPA) specifies rights and privileges regarding student records. The written institutional policy adopted by Northwest College in compliance with FERPA is available from the Registrar's Office. Annual notice regarding FERPA rights is provided in the College's Student Handbook and Catalog.

In accordance with FERPA, you are notified of the following:

1. **RIGHT TO INSPECT:** You have the right to review and inspect substantially all of your education records maintained by or at this institution.
2. **RIGHT TO PREVENT DISCLOSURES:** You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allow disclosure without prior written consent.
3. **RIGHT TO REQUEST AMENDMENT:** You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if this institution decides not to alter the education records according to your request.
4. **RIGHT TO FILE A COMPLAINT WITH THE U.S. DEPARTMENT OF EDUCATION:** You have the right to file a complaint with the Family Policy and Regulations Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C., 20202, concerning this institution's failure to comply with FERPA.

5. **RIGHT TO OBTAIN POLICY:** You have the right to obtain a copy of the written policy adopted by this institution in compliance with FERPA. A copy may be obtained in person or by mail from: Northwest College, Registrar's Office, 5520 - 108th Ave. NE, Kirkland, Washington, 98033.

Summer College

The Summer College session is designed to provide courses in areas of selected interest for enrichment and acceleration of students' progress toward graduation.

The schedule is designed in a concentrated manner so as to be contained within one- to four-week time frames. A student may earn up to eight semester credits in a summer session. From time to time shorter seminars and workshops are scheduled with guest lecturers who have expertise in special topics of current significance or professional value. Summer internship programs are also registered as part of the summer session.

For specific information, a summer session schedule may be obtained from the Registrar's Office. The regular admissions process is not required except for students who wish to matriculate into the College to pursue a degree program or into regular daytime studies.

Transcripts

An official copy of a student's academic record at Northwest College that bears the official seal of the college and the signature of the Registrar is referred to as a transcript. Requests for transcripts must be accompanied by the student's signature and a \$3.00 fee for one copy or a \$5.00 fee for multiple copies. Phone orders for transcripts cannot be accepted. **NOTE:** Financial indebtedness to the college will prevent the release of a student's transcript. A student must be current in his/her Perkins Loan payments.

GRADUATION

Requirements

1. Credit hour requirements. Candidates must complete the minimum total credit hours for the degree, diploma, or certificate prescribed by the program or major in which they are enrolled.
2. Grade requirements. Candidates must achieve a minimum 2.0 (C) grade point average on all courses taken at Northwest College.
3. Residence requirements. Residence refers to course work completed at Northwest College. Transfer students must complete a minimum of 30 semester credits at Northwest College. One-fourth of the Bible/Theology requirements, and one-third of the major requirements, must be completed in residence at Northwest College. The final semester of course work must be completed at Northwest College.
4. Course requirements. Candidates must complete all General College Requirements and those of their program, major, and minor fields as specified in the catalog in effect at the time of their matriculation into Northwest College or those in effect at the time of their graduation. They can not take a combination of the two.
5. Citizenship requirements. Candidates must have attained a satisfactory citizenship record, including chapel attendance requirements, as of the date of their graduation.
6. Financial requirements. All accounts with the College must be paid in full to be eligible to graduate and participate in Commencement activities.

7. **Limitations.** Not more than 20 semester credits of the student's total program may be taken by extension or correspondence work. Not more than 12 credits in ensemble music may be credited to a four-year degree and not more than 8 to a two-year degree. Not more than four credits in physical education may apply towards graduation in either a two-year or a four-year program. Not more than 30 credits of CLEP credit can be applied to any degree. Students may receive only one degree at a time. A double major is allowed only if no course is used to satisfy a requirement for both majors.
8. **Second B.A. Degree.** Northwest College will grant a second Bachelor of Arts degree only if the student's second degree is substantially different from the first Bachelor of Arts degree earned at Northwest College. A minimum of 30 additional semester hours will be required for the second B.A., will include all major requirements, must be taken in residence at Northwest College, and will not include any correspondence work and CLEP credit. Admission into a second B.A. program will be granted only when a program contract has been formulated by the student in consultation with the student's advisor and the Vice President for Academic Affairs. Course work taken prior to approval of the program contract may not be allowed to count toward the second B.A.
9. **Student Responsibility.** While the College provides advisement services to its students through faculty advisors, the Registrar's Office, and other sources, the final responsibility shall rest with the student for fulfilling all requirements for graduation, including those identified in official program audits. This shall include requirements resulting from program modifications affecting course offerings as may be adopted by action of the faculty.

Procedures

1. Applicants for graduation must file for graduation in writing with the Registrar's Office not later than the end of the second week of the school year in which they plan to graduate or within the first week of the spring semester if not enrolled in the fall semester.
2. It is the responsibility of the student to arrange for an audit of his records in the Registrar's Office to verify his remaining graduation requirements. This is to be done within the first two weeks of the initial semester of enrollment in the year of graduation.
3. When an audit has been made and documented, it is the responsibility of the student to satisfactorily complete all course work and grade point average requirements specified by the audit report.
4. All applicants for graduation will be assessed a fixed graduation fee to cover the costs connected with Commencement. The fee is assessed whether the student participates in the public Commencement ceremonies or not. In the event of cancellation a portion of the fee will be retained to cover set-up costs.
5. No person will be presented for the public graduation ceremonies who has not been certified by the respective college officers as having satisfied each of the foregoing requirements as of the graduation in the spring semester with the exception of pre-enrolled summer school students who will complete their requirements in the summer school session or for those cross-enrolled in another institution in an approved enrollment where the terminus point overlaps that of the College.
6. Degrees are conferred each semester (including summer session). The deadlines for completion of all work in order to have the degree conferred are:
 Last Day of Finals in Fall and Spring Semesters
 August 31 for Summer Session

Graduation Honors

1. Cum Laude

Those who have maintained a 3.5 to 3.6 grade point average will have their degrees conferred *cum laude*. Those who have an average of 3.7 to 3.8 will have their degrees conferred *magna cum laude*. Those who have achieved an average of 3.9 to 4.0 will have their degrees conferred *summa cum laude*.

2. Delta Epsilon Chi

Graduates are eligible for nomination for membership in Delta Epsilon Chi, the national honor society of the member schools of the American Association of Bible Colleges. Qualifications for membership in the society are a minimum of 3.3 grade point average, a citizenship record of high standing and the demonstration of Christian leadership. Nominations for membership are made by the faculty.

3. Who's Who In American Colleges and Universities

Selected students from the junior and senior classes are nominated by the faculty for inclusion in this national publication each year. Selections are based on character, leadership, and academic record.

**You have been fashioned
by the Great Designer.**

**You have been handcrafted
by the mind that made
the universe.**

**Your destiny has been
planned by love.**

**Knowing this is the basis of
faith, wisdom, and success.**

**NC is in existence to
glorify God.**

**That's why we're
totally committed to
God's design for you.**

**We live to unlock
the dreams God has
placed within you.**
