**REGISTRATION BEGINS SEPT. 2**

**STILL TIME TO APPLY**

# From the President:

## Thank You ...

### We Made It!

We looked at the reports for last year and then we stopped. We just had to take time to *praise God!*

When we started the year we needed \$258 per student in additional subsidy in order to balance the books and once again close the year in the black. We set a goal of \$150,000 and called it Mission 600. We shared the need with the friends of Northwest College, openly and precisely.

Hundred of friends responded...individuals and churches. Some gave subsidy for one student...some for two...some for four. Many gave \$25, \$50 or \$100. When we totaled the gifts we discovered we had a total of \$151,408.19. We made it!

What's more, our initial calculations were correct and we were able *because you responded* to close the year in the black...once again!

In a day when colleges are struggling..and some are even closing their doors...it can be said that NC is alive and well.

So we owe all of our friends who prayed...and who gave...a great big "Thank You." And we want you now to Praise God with us!

## They're Coming Back...

### And We're Looking For Another Great Year!

Now we look to next year. The students are coming back...and hundreds more new students will join them.

What an *exciting time* those first days are...as well as the entire year.

Friends see each other again. New roommates are met. Class schedules are set. Jobs are found. And in many cases tearful good-byes to parents are

said. There are thoughts of orientation...of academics...of prayer and devotion times...of Fall Revival...and hundreds of other things...including *new* friends and perhaps even "someone special". So it *is* exciting.

But what have we planned for the students?

The Administrative Council met in a two-day retreat at the first of June. We call the retreat "Dream Days." We prayed and talked. In one prayer time *two hours sped by*. Its been sometime since I was in a prayer time like that one. We cried and called on God.

Then we talked of the special things planned for next year, of the Fall Revival with Vice President Rich Wilkerson. Of the youth ministers conference and the hundreds of youth workers who will join us for it. Of the missions convention and Rick Seaward

Dr. D.V. Hurst  
President

who will preach it and the 5,000 member church he started in Singapore ten years ago and the great missions work of that church. Of Paul Goodman, who will lead our pastors workshop. Of Bill Menzies and his special week on the great issues of life, of Dick Eastman and his School of Prayer. Of the worship teams and the great worship we experienced in the chapel last year and our hopes for the same this year. And we talked of much more.

And we selected a theme for next year, too. It is: "Whatever It Takes." It speaks to commitment and challenges one to probe the depths of his spirit--am I willing "whatever it takes?" I am praying the students will feel the challenge of this...all year...and on.

In the midst of all these activities of enrichment each student will be in a fine, very special quality academic program preparing for a life calling...many of them for full-time church ministry.

As we left the retreat we felt good about next year. We have a great year planned for the students!

We said, "Now let's go put all that in motion."

So, Friend of Northwest, I ask you to *join with us* in prayer...even now as you read these lines mention NC (as the Apostle Paul would say) "before the throne of God". *Ask with us* that God will move by His Spirit on the students and *make* it a great year. Without His moving presence all our efforts are empty. "Unless the Lord build..." there's nothing. But when He does, great things are accomplished!

## Owen Hodges

### to Retire

*Rev. Owen Hodges*

Rev. Owen S. Hodges has announced his retirement and will pass on the responsibilities of the Vice President for Business Affairs to his successor Mr. Richard H. Garrison in August.

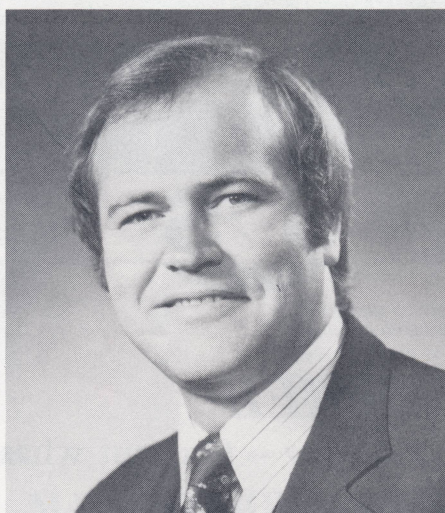

Rev. Hodges, a twenty-year veteran at the college, has held this post since 1967. Prior to that for fourteen years he served on the College's governing board while serving as District Secretary-Treasurer for the Montana District Council of the Assemblies of God. He has given thirty-four years to NC.

Though Mr. Hodges is retiring as Vice President for Business Affairs, he will continue with the college on a part-time basis as Director of Campus Maintenance, currently one of his duties.

The son of a Methodist minister who crossed the threshold into the Pentecostal movement, Rev. Hodges belongs to a vintage of Assemblies of God ministers that has "pioneer" roots in the movement. His early ministry was largely developed in Colorado and Montana. It was in Montana that Rev. Hodges was elected to one of the District's top executive positions as Secretary-Treasurer of the District, a post in which he served fourteen years. The Montana District Council was distinguished as the first district outside of the Northwest District Council of the Assemblies of God to join in the regional governance of the College.

Commenting on the significance of Brother Hodges and his long record of association and service to Northwest College, College President D.V. Hurst said..... "I have often characterized Owen Hodges a princely man. He manifests total sterling character, beautiful loyalty and commitment at all times. His long tenure speaks for itself. He is deeply appreciated by all who have served with him."

## New Vice President for Business Affairs Selected

*Mr. Richard H. Garrison*

Picking up the Vice President for Business Affairs duties will be Mr. Richard H. Garrison, another minister's son, who currently resides in Centralia, Washington. Mr. Garrison received his Bachelor's degree from Aurora University in Illinois with a major in business and economics. He holds the Master of Business Administration degree from the University of Washington with a major in marketing and administrative organization. His professional experience over the past twelve years has given him diverse marketing and administrative experience in both corporate and non-corporate environments.

Mr. Garrison's associations in the business and financial world have included Rainier National Bank in Seattle, First Interstate Bank of Idaho, Bellingham National Bank, where he was Vice President in charge of the Administrative Division, Direct Response Associates, Inc. in Seattle, where he was co-owner of the firm. Since 1983 he has been a member of a consulting firm for banks, based in Olympia.

Commenting on Mr. Garrison's coming to NC, President Hurst said: "In coming to Northwest College, Mr. Garrison is following the Lord's leading, which he has sensed for sometime, to move his life in the direction of ministry. He has been involved in ministering in Christian Stewardship and his presentations have been greatly appreciated. His joining NC as Vice President for Business Affairs represents a deep commitment on his part and his business expertise will be a great blessing to the College."
