WHAT MAKES NC UNIQUE?

# A PLACE WHERE MINISTRY DEVELOPS

## N.C.'s Mission is Ministry

Ministry is Service with Spiritual purpose. It is first Service to Christ and His church; it is then Service to man at home and abroad. Whatever its nature, it is always spiritual in intent; it is redemptive; it is edifying.

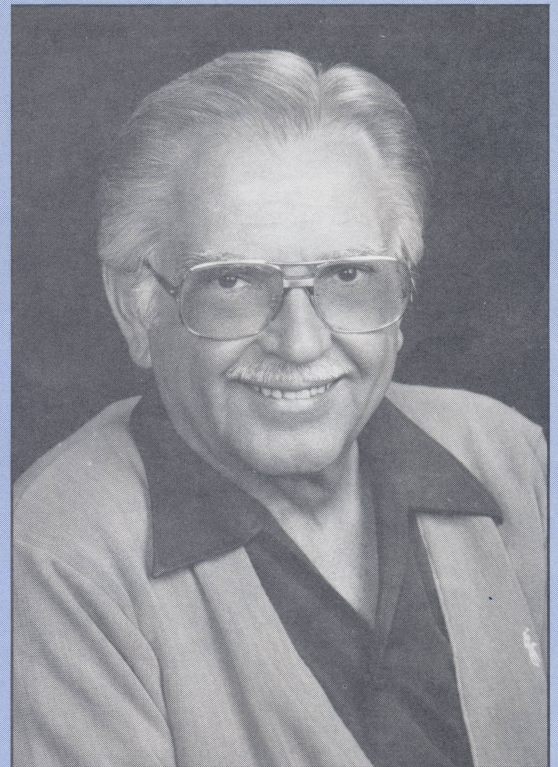

Training ministers who see the spiritual needs of men, however those needs may take shape, is the central point of N.C.'s mission.

Therefore, N.C.'s work still lodges in the heart of its original purpose as stated by its founders in what is now the preamble to N.C.'s Constitution and Bylaws:

- To combine sound scholarship and vital Christian living.
- To study every book of the Bible.
- To gain facility in the basic fields of learning.
- To train pastors and evangelists...in various opportunities for actual ministry.
- To train Christian educators either as full-time workers or as "lay" workers in their home churches.
- To foster missionary interests and help missionary candidates prepare.
- To develop music talents and prepare those who wish to devote their lives to music ministry.
- To assist in preparation of chaplains, teachers, nurses, educators, etc.
- To encourage all to be filled with the spirit, to live consistent lives, and to win men to Christ.
- To help all to form wholesome intellectual, social and spiritual attitudes as basis for citizenship in democracy and for active Christian service.
- To make a distinctive contribution to Christian higher education through its curricular structure.

How interesting to review the heart of the preamble of N.C.'s guiding document--its foundation for being!

How securely N.C., as it is today, rests on these under-pinnings! Those who "dreamed, prayed and worked" N.C. into existence placed it on a sure foundation of purpose. Those who

Northwest College President  
Dr. D.V. Hurst

have labored with it through the years to bring it to where it is today have kept it on that foundation--on deeply driven "pilings" which cannot and should not be moved.

And if one cuts through the statement of purpose and "walks" through N.C.'s curriculum he must agree it all comes down to one word: *Ministry*.

## Service with Spiritual Purpose

I am struck by many things as I go back across the preamble. I could underscore many of the words and "take off" on them.

I am struck by the line: "regulate the academic and spiritual life of the school...to make a distinctive contribution to Christian higher education."

N.C. is doing that!

There is no other college in the entire Northwest of our nation quite like N.C....in its spiritual emphasis and in its academic structure.

N.C. offers four distinct programs: one-year (certificate of Christian studies), two-year (Associate of Arts degrees), three-year (diploma), and four-year (Bachelor of Arts degrees).

*Students can come and prepare for lay service, or secure Christian foundations for studies in many fields in other colleges and universities, or stay right at N.C. and fully prepare for full-time ministry.*

Thus, N.C. does make a distinctive contribution to Christian higher education right here in the great Northwest.

I'm glad to be a part of such a soundly based and spiritually intentioned college!!

## CHOOSE YOUR PROGRAM

### CERTIFICATE IN CHRISTIAN STUDIES

The Certificate in Christian Studies is a one academic year program designed to provide YOU with an opportunity, within the college setting, to expand YOUR knowledge of the Bible and the basic Christian beliefs. It will enrich and enhance YOUR Christian life and enable YOU to better serve in the ministries of the local church.

### ASSOCIATE IN ARTS DEGREE

Northwest College seeks to provide an opportunity to begin YOUR college studies in a Christian environment. The program encourages both academic and spiritual growth in preparation for YOUR future educational and vocational goals. The College believes that such an education is unique and available.

Northwest is accredited by both the American Association of Bible College and the Northwest Association of Schools and Colleges. This allows for the transfer of credits to other institutions of higher learning in either biblical or secular studies. YOU are encouraged to include in your degree program as many of the receiving institution's requirements as possible, and to include in YOUR program an emphasis in a subject area that relates to YOUR vocational or educational goals.

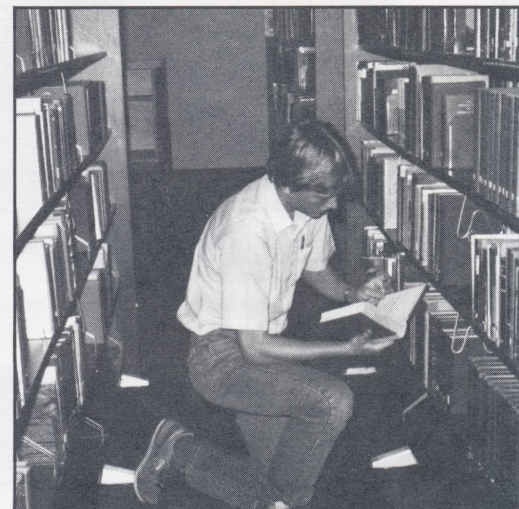

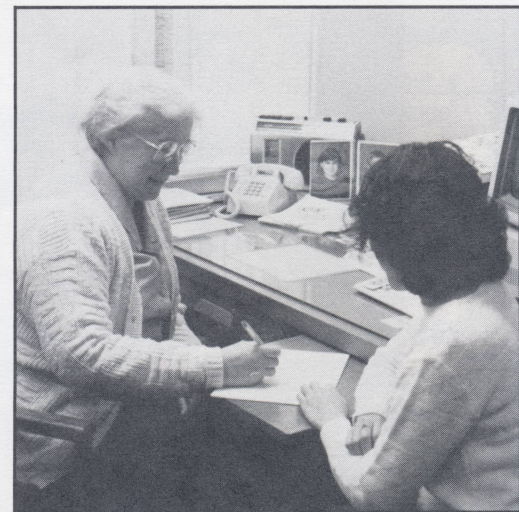

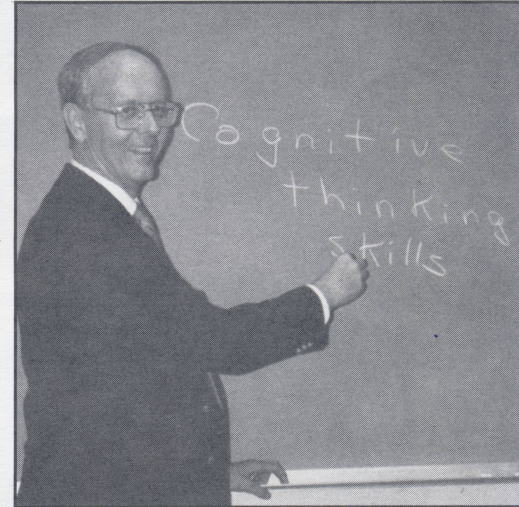

### DIPLOMA

Northwest recognizes that not all students who would desire a biblical and ministerial education will fit into the traditional setting of the Bachelor of Arts programs. Some due to circumstance, such as a late in life call to ministry, will not feel the need to give four years to preparation for ministry. Since it requires three academic years the diploma program is designed to aid YOU in ministerial preparation while requiring limited "general education" courses.

### BACHELOR OF ARTS DEGREE

Northwest offers four-year Bachelor of Arts degrees in nine majors. All are accredited by both the Northwest Association of Secondary Schools and Colleges and the American Association of Bible Colleges. As a result, the Bachelor of Arts degree at Northwest has not only a strong academic emphasis, but also has at its core in all majors a Biblical and Theological focus that will prepare YOU to provide needed ministries in the local church. It is the integration of learning that makes the Northwest College Bachelor of Arts program valuable and enriching, regardless of YOUR choice of profession upon graduation.
