## WHAT'S HAPPENING?

So often I am asked, "What's happening at N.C.?"

Well, I'm glad you asked. Let me tell you.

### **Enrollment is up!**

In the fall we had 671, which was down slightly from the year previous. But in the winter quarter we now have 715. This is an increase of forty-four, *twice as large an increase from fall to winter* as we have had in the last twenty years. Much of the increase is Freshmen . . . thirty-one more than last year.

These are students studying the Word of God . . . gaining knowledge . . . developing skills . . . growing . . . and preparing to serve Christ and His church! *I'm encouraged!*

### **The academic program has been improved.**

As we have reported before, the Elementary Education major is in place . . . approved for the next five years by the State of Washington. Seventy students are enrolled in the program and we had our first graduate last year.

The new Behavioral Sciences major is in place. A total of sixty-seven students are enrolled in this, the first year of the major.

Next year we launch our new Christian Formation program of classes. They will include classes in: *Foundations of the Christian Life, Evangelism in the Christian Life* and *Prayer and Worship*. Also, we have a Women in Ministry course. All Freshmen will take the first two their first year. This program is designed to give direction and experience in Christian growth right in the classroom.

We are converting to semesters next year. Classes will start September 8, right after Labor Day. The first semester will conclude December 18. The advantages of the semester plan to the students are many. One of the chief ones is to get a "jump" on the summer jobs in early May and a full four months of summer in which to work. As a part of the semester conversion process we have made many improvements in the curriculum.

### **The Funding and Endowment Board is developing.**

It had its first meeting in late October. Included were representatives from Montana,

Idaho, Washington and Alaska. Additional members are joining the Board. Materials are being prepared for them. We believe this unique Board will mean much to the churches and to N.C. as they start visiting the churches and working with potential donors.

### **The Endowment is growing.**

As Dr. Randy Barton reports regularly in his column, the endowment is growing as sizeable gifts are being made, especially gifts of appreciated property. This is a way wherein the donor can benefit greatly personally and benefit the school, too.

The total endowment, the Founders Fund, should soon reach one and one-half million. What a blessing it is and will be!

### **The spiritual tide on campus is strong.**

I'm pleased with what is taking place amongst the students. I wish all the friends of N.C. could visit one of the worship chapels and see and participate. I know they would be encouraged, too!

### **Potential students are inquiring about N.C.**

Our Vice President-at-Large, Rich Wilkerson, is telling the story. The District Youth Directors of the Northwest region are, too. And young people are asking about N.C., what it offers, and making decisions to come this way.

The need for ministers, evangelists, missionaries, associates, teachers and trained lay workers has never been so great. The field is the world. The harvest is ripe. As a friend of N.C., *I encourage you to urge young people to ask God if, indeed, He has a place for them in the harvest field.* Who knows? Maybe great things will happen in the lives of young people at N.C. whom you encouraged to enroll next year. It can happen!

*Together we can continue to make good things happen at N.C.*

### **We are reading the Bible.**

Our Vice President-at-Large, Rich Wilkerson, and I challenged all on campus to *read the Bible through during the school year.* He worked out a schedule and we published it. All received a copy (faculty and students). It's

interesting and *helpful* to be involved this way . . . to speak from the portion being read . . . to read sections in chapel services, etc. *And the discussion many times in committee meetings and in personal association goes to the chapters of the day before. Talk about edifying! What could mean more?*

So, good things are happening at N.C. More next month!

## **ED LOTHER NEW DISTRICT SUPERINTENDENT JOINS N.C. BOARD**

REV. EDMUND LOTHER, newly elected District Superintendent of the Wyoming District Council of the Assemblies of God is the newest member of the North-

west College Board of Directors.

Rev. Lotter assumes the duties of retiring Wyoming District Superintendent Rev. E.D. Beard, who has served the N.C. Board of Directors with distinction since 1971. Rev. Beard's council and input will be greatly missed. We pray God's richest blessing upon him during his retirement.

Following service in World War II, Mr. Lotter attended Western Bible College in Winnipeg, Canada, and under the tutelage of Dr. J. Eustice Purdie was equipped and trained for the ministry.

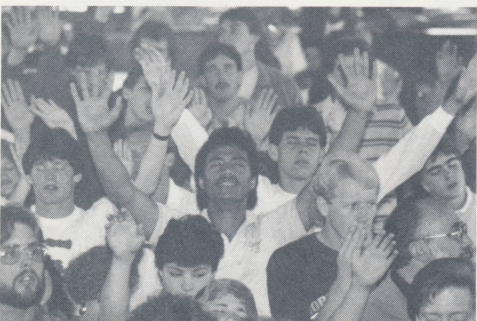

Rev. Lotter was an instructor at Bethel Bible College and later at Western Bible College before entering pastoral service.

Rev. Lotter has pastored churches in North Dakota and Minnesota, where he also served the state as Youth Director as well as churches in Wisconsin, Michigan and Wyoming.

For three years Rev. Lotter served the Assemblies of God on the Foreign Missions Board, and is currently the District Superintendent in Wyoming. We welcome Rev. Lotter to the N.C. Board.

# Northwest College is...

## W O R S H I P . . .

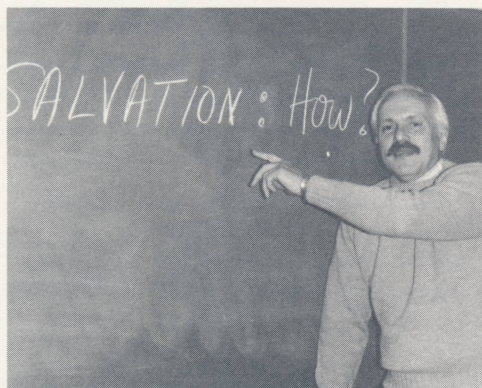

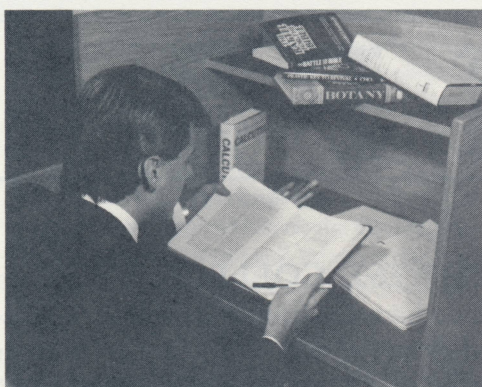

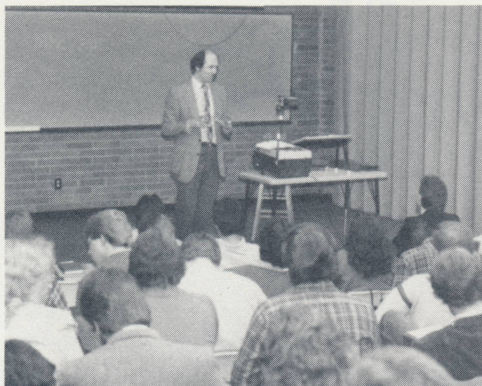

**N**ORTHWEST COLLEGE provides a quality education from a distinctive Christian perspective. We are dedicated to helping you . . . the student . . . “give yourself completely to God, every part of you,” Romans 6:13b (LB).

Learning about God should not be exclusive from serving God. They walk hand in hand.

At Northwest, we concentrate on helping you develop your Christian walk with God. From the focal point of the daily chapel services . . . the spiritual emphasis weeks . . . the prayer in classes . . . the special guest speakers . . . the prayer cells in the dorms . . . the individual times with the professors . . . the scripture study times . . . to your time alone with God, the atmosphere is designed to help you grow spiritually.

The goal of Northwest College is to provide the worship atmosphere and the spiritual challenges to develop a dynamic well-rounded Christian attitude for life and service.

# ACADEMICS

**N**ORTHWEST COLLEGE is dedicated to academic excellence. The teaching in all majors will always have the highest priority.

The academic quality and spiritual depth of the faculty provides the greatest strength for Northwest College to continue to be a unique institution among Christian colleges in the country.

Northwest College is accredited by the Northwest Association of Schools and Colleges and by the American Association of Bible Colleges. The elementary education major is certified by the Washington State Board of Education for the granting of teaching credentials. Northwest is being looked to as a leader in the development of new education and related programs.

Northwest College offers programs in Religious and Ministerial studies, and General and Professional studies. Associate of Arts degrees are available in a number of areas of study: Business, Education, Communication, History, Political Science, English and Literature, and many others. Majors are offered in Behavioral Science, Elementary Education, and of course a full range of Religious and Ministerial study areas. These include areas like Biblical Literature, Christian Education, Missions, Pastoral Ministries, Sacred Music, Youth Ministry and others.

Northwest College offers you the high level of academic training you desire and the spiritual surroundings and support that will prepare you for the future.

# SOCIAL TIMES

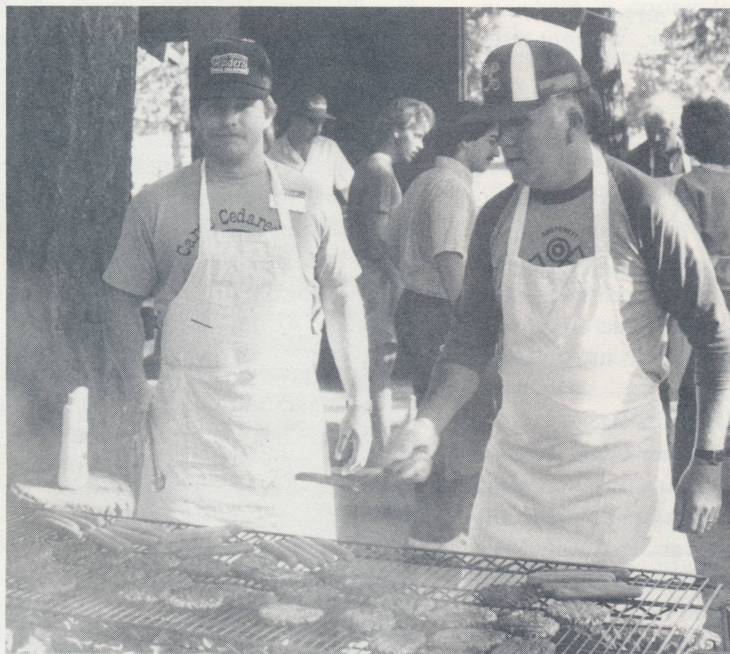

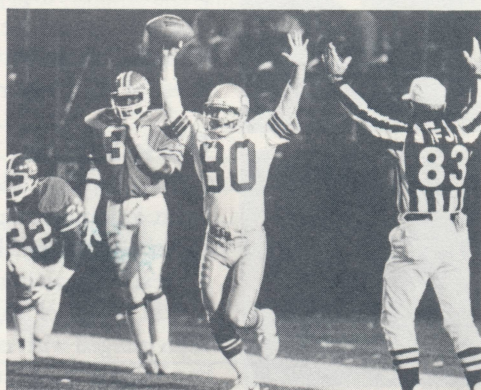

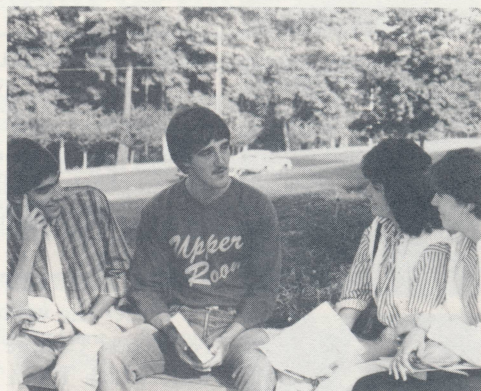

**NORTHWEST COLLEGE** is located in the beautiful Seattle area where there are unlimited opportunities for fun and fellowship. From the beautiful Cascades to the Olympics and throughout the Seattle area there is everything from water sports to outstanding cultural and educational events to attend.

Northwest will also be the new home of the Seattle Seahawks football team. The new multifield complex will be completed this year and available for school use, in addition to the fun of watching the Seahawks practice on campus.

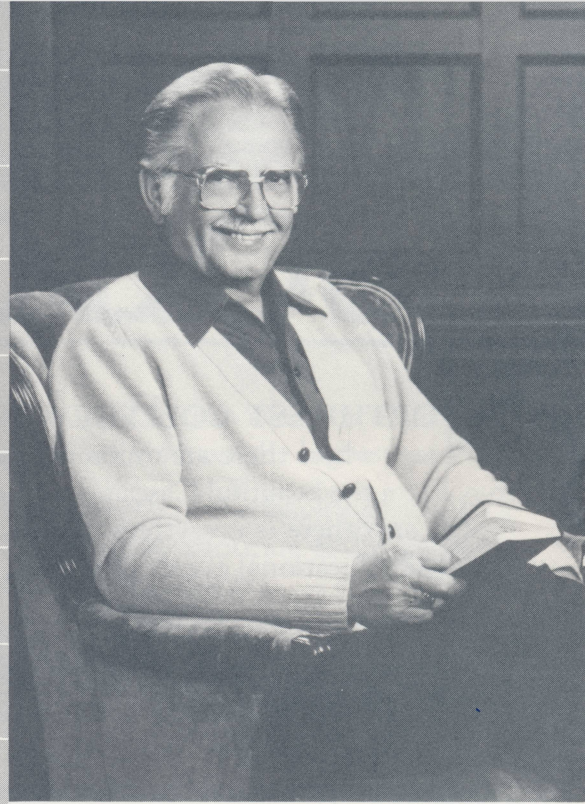

Students from around the world are always impressed by the beautiful surroundings of the spacious modern campus. There are five residence halls, and a 36-unit married student housing complex.

Northwest provides many opportunities for involvement. The multiple student clubs include mens', womens', and married students' groups. Relationships and friendships are established that will last a lifetime.

Northwest is a member of the Pacific Northwest College Conference and the National Little College Athletic Association. The competitive team sports for men are basketball and soccer, and for women, basketball and volleyball. There are also intramural programs in which students can become involved. Both mens' and womens' teams have won post-season tournaments which qualified them for national Christian college championships.

PRESIDENT, NORTHWEST  
COLLEGE

### **Rich Wilkerson, EVANGELIST**

"At Northwest College, we are, with God's help, preparing men and women to be pioneer pastors, evangelists, and missionaries. We need you to join with us and change the world for Jesus."

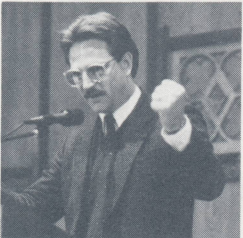

### **Tom Hinton, PASTOR**

"Northwest College has a very wholesome atmosphere where students can be touched by the power of God. There is an excellent combination of academics and emphasis on allowing God to speak. Without reservation, I recommend the school."

### **Dave Roeber, EVANGELIST**

"Under the wonderful direction of Dr. D. V. Hurst, Northwest College holds high those *spiritual standards* with which I can align myself. My annual visits to Northwest College speak for themselves. I love the college and enjoy the spiritual climate I find there. The beautiful campus at Northwest College ranks among the finest of *any* University or College campus in America."

### **Rick Enloe, YOUTH DIRECTOR**

"Northwest College is a place where God's voice is given a dominant platform over man's voice. Knowing about God in the classroom finds its proper place in the context of knowing Him in worship at Northwest.

Add to all of that the academic expertise that has been merged with communication to bring students the best quality instruction and social activities."

Dear Student:

I'm pleased to share Northwest College with you in this way. You have learned about us before through NC students, through your pastor or associate minister, through alumni, through one of our Summer Ministry teams or some other way . . . or perhaps you have never heard about us.

As you read through these pages, I believe you will get a glimpse of how you can fit into the exciting life of NC. God has a place for you on our campus and in our classrooms. You can **make** it your place! You may want further information. If so, write us, or better yet, visit our beautiful campus. Or, even apply for admission right away. Many helpful items of information will come to you immediately. We'll send them!

I am praying for you that God will guide you and unfold before you the wonderful life He has planned for you.

Yours and His,

Dr. D. V. Hurst  
President

### IT'S NOT THE AMOUNT OF THE GIFT BUT THE AMOUNT OF THE SACRIFICE

Large gifts are important to any endowment program for a College. However, the greatest percentage of gifts come from those who cannot make a large donation. Jesus Christ taught us that the "greatest" gift is one that involves a sacrifice. Many give sacrificially to Northwest College and we would like to recognize one such gift. Recently a long time contributor to Northwest College wrote: "My husband and I have given \$20.00 faithfully to Northwest College for many years because we believe in its ministry and purpose. As you know, all I have is social security and my husband just passed away this month. The Lord willing I will do all I can to continue to support the College. Enclosed is my check for \$20.00." We praise God for sacrificial giving like this and we want to thank all our contributors and supporters for their dedication to Northwest College.
