SIMPSON TROUNCES NBC

That's Take it away. just the fellows from Simpson what Bible Institute did as they met the NBC basketball team. They were all out for revenge. Harry Leid played cente rbut it seemed if his long arms didn't do as much good on the first tipoff at Both teams were scrambcenter. ling for the ball trying to beat the other one in making the first basket.

Chuck Travers broke the ice and dumped the ball in for one point on a foul shot. With cow bells ringing and the students cheering, the fellows kept up a good fight. Several nice long shots were made by Loyd Hinkle rolling the score up a little higher. Al Gisselberg was seen flying through the air, but not with much ease, at least not when he hit.

NBC was in the lead until late in the third quarter when Simpson slipped in a few extra baskets and let by one point. The fourth quarter was rough and Simpson walked away with the ball. The ball was set up several times only to be taken away by the worthy opponents.

John Butterfield and Watson Argue, Jr. came into the game full of vim and vigor and worked the ball down the floor for one neat basket. None of the fellows were really clicking. Their man to man defense just didn't hold the Sinpson players in check. The Simpson players spurred on to victory and trounced NBC 51-42. \* SIDERES.

## STUDENT COUNCIL NEWS

"I move that we amend the ammendment to read as follows..." Those in favor of the motion to amend the amendment, signify by raising the right hand."

In this manner the Student Council labored over the policy that was drawn up for the use and care of the projectors and recorders. This policy will eliminate disputes and questions regarding those who may use the motion picture projector and recorders. The last meeting was spent entirely on this important matter.

Another project undertaken by the Student Council was the deci sion to participate in the sollection of books for foreign lands which is known as "Sharing Week." The students will be notified more specifically concerning this plan later. Meanwhile it would be well for the students to look for books they don't want anymore. These books will be distributed to people in foreign landswho do not have access to reading material as we do in the United States.

The Student Council still represents the individual students and they need your suggestions. There are projects yet to be considered and the Council trusts that the students will talk to their representatives about projects undertaken and decisions made by the Student Council.

### IT HAPPENED ON MONDAY

On Monday the students who were at chapel heard one of the best tenor soloists ever to visit NBC. Harold Dixon was introduced by Kenneth Redguard after which he sang two songs, accompaning himself at the piano. Mr. Dixon is majoring in economics at the University of Washington.

After chapel he went to several of the classes of the school. He was much impressed and mentioned the high spirituality of the school.

# APPROACHING THE GOSPEL

And they shall not teach every man his neighbor, and every man his brother, saying, know the Lord: for all shall know me, from the least to the greatest. Hebrews 8:11.

We see in these words the appeal of, and the approach to the new covenant God has established with man. Gone are the external shadings and forms which were at most only phantoms, not showing the true outline of the covenant written in hearts, and put into the minds of men.

The appeal of the new covenant is dual: God speaks to the understanding, giving men reason for their faith in Him; the affections are stimulated, for the Gospel captives the heart of man. The new appeal is such that when mcn know God's law they love it, and when they love it, they also know it.

The approach is far from the approach of Moses. "They shall not teach every man his neighbor." It is the life lived without motivated by the life within that is the teaching force given to the fellow citizen of whom the writer has spoken. Under the law ritual must be taught, under the covenant of grace God will be understood. Jesus said that if one loves Him he will keep His commandments. This them is the spproach to the Cospel of Christ

# CHOIR SINGS AT EVANGLE TEMPLE

On Sunday evening, February 8, the choir made a guest appearance at Evangel Temple. Many came to hear and see the Choir as they presented a wide variety of choir "Lead Me Gently Home numbers. Father," was one of the outstanding numbers of the evening. There were other numbers in addition to A number the choral numbers. from the trumpet trio was followed by the male quartet singing "My Anchor Holds." The sextet also played and sang. The theme of Brother Butterfield's message was the signs of the times.

In addition to working for the school as custodian, Don is also active in student affairs. He is president of the junior class and by virtue of his office is a member of the Student Council. Don is also business manager for the Courier.

## MESSAGE OF TRUTH CARRIED FORTH

A young man was saved at Bellevue Sunday night. The entire service was crowded with God's presence. Don Strong brought the evening message. The gospel in music was brought by Shirl Tumer, Don Strong, Ron Johnson, instrumental trio and a duet by Georgia Dirks and Charlotte Selig.

Another group of students took the gospel in song and testimony to Sumner. The congregation enjoyed Ron Reem's violin and June's solo. Rodger Dane led the service and Del McLaughlin preached on the soon coming of the Lord.

JUNIORS SEE SLIDES

CALCER BOOK

During the monthly class meeting the juniors had a special treat. Ross Senff showed the pictures that he took on the Junior Ski Party at Stevens Pass. Every one agreed that these shots were very good. Ross, a photographer at heart, seemed able to capture the interesting aspects of t h e party--the funny, practical, and beautiful.

The juniors enjoyed seeing these pictures and thank Ross for showing them. CHOIR IS ON THE MOVE

The NBC Choir, as of Monday, February 16, will be as the wanderers of the Nomadic lands. The wanderers of those lands usually did not have a reason for their wanderings, but our choir does. The members of the choir are going to accompany the C. A. Rallies that are being held in verious towns of the Northwest. Their itinerary is stiff, but the Div-.ne sustaining power of God is sufficient for all needs.

It would be well for the entire student body to stand by in prayer, for the choir is out to win souls.
