H A P P Y N E W Y E A R !

FROM THE REGISTRAR:

A recent Selective Service bulletin to Registrars and admissions officers of colleges in Washington State hints that if manpower calls continue to remain at a high level more "restrictive standards" are imminent. One specific consideration now being studied concerns the 15 credit-hour minimum for "full-time" status. The implication here is that --it is quite possible that a new directive will come out calling for automatic loss of student classification if a draft-eligible student drops below fifteen credits at any time! In view of this bulletin we are again urging our young men students to keep their academic loads in college up to a 15-credit minimum.

FROM THE ANNUAL STAFF:

Foreign Students:

Please meet in the lounge of the men's dorm, in national dress, for a group yearbook picture, Canadians included. 7:00 p.m. Thursday, January 6, 1966.

Memo: To all students of Northwest College

From: The College Administration

It has come to our attention that there have been some violations of certain of the standards of conduct held by the College, standards which we believe to be based upon Biblical principles. Thankfully in most cases there have been only rumors. In others there has been verification by the student's own testimony.

We wish you to be informed that the use of alcoholic beverages or tobacco, attendance of theaters or dances, or stealing will subject the student to immediate dismissal from the College.

The Administration recognizes that there are certain denominations represented on this campus and perhaps some Assembly of God youth who do not hold to all of these same principles. We are not asking for a judgment as to the rightness or wrongness of them. We only want you to know that these are standards held by this College.

If a student finds himself unable to conform in these matters he should find it in his heart as a Christian to seek the grace and power of the Holy Spirit to bring his own inclinations under subjection. It is fully expected that each student will give his fullest co-operation.

"And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through Him."
