BUSINESS OFFICE: To expedite and simplify the registration procedure this week, students are not being directed through the business office for billings. Billings will be done by the Business Office and sent through the mail to each winter quarter registrant. Please CHECK YOUR BOXES to pick up the billing as soon as it is sent you. Together with the billing will be instructions on the payment for arrangements for payment for your winter quarter fees. Please read these carefully and prepare accordingly. Satisfaction of your account for the winter quarter will be necessary in order to validate your registration when the quarter starts. Please see Mrs. Hayman in the accounting office, if you have any question about your billing for the winter quarter or the payment of your account. She will be glad to help you in any way possible.

FROM DEAN LACKEY: In order to facilitate the registration process each teacher has posted an appointment schedule on his office door. Students should go by the office to sign up for an appointment to avoid last day rush.

Student now in residence not registered by 1:00 p.m. next Wednesday will be charged a late registration fee.
