Effective with the new quarter, the library opening time will be at 8:15 a.m., surveys indicate that this change will affect very few students who use the library during the morning hours.

ABSENCES:

Caution to all students. This is the quarter in the school year to conserve your absences in view of the absence limitation policy. Weather conditions and winter illness may impose absences upon you, so be prepared for these possibilities. This principle is especially critical as it relates to traveling groups who must reckon with absence limitations in application to travel as well as for other reasons.
