SUMMER INTERNSHIP:

Students interested in summer internship for credit should be aware of the necessary procedure:

1. Present your proposal for summer involvement to the teacher in the area in which you desire internship credit. If he agrees it is worthy of credit and will act as on-campus instructor, he will outline his requirements.
2. Register for internship at the Registrar's Office before the end of the Spring Quarter.
3. Submit your reports and your field supervisor's reports to your instructor for evaluation. He will make his evaluation and award a grade at the beginning of the Fall Quarter.
4. Please note the necessity for pre-enrollment. Credit will not be awarded for work done without having registered for credit. Also, the approval of your proposal for WOM scholarship does not constitute enrollment for credit. you will still need to follow the steps outlined above.
