

STUDENT BULLETIN
January 10, 1978

How do you account for the difference between those who "make it" and those who "bomb out" in any effort in life?

Talent isn't the whole answer. Nor is luck. There's another element that helps separate the winners from the losers.

More often than not it's attitude.

When a winner makes a mistake he says, "I was wrong." Then he'll take what steps he can to avoid repeating it.

When a loser makes a mistake, he says, "It wasn't my fault." Sure, he's not always to blame, but he's not always right either. Unfortunately, he doesn't know or refuses to recognize the difference.

DAY OF PRAYER - The chapel will be open from 7:00 a.m. to 12:00 p.m. Monday, January 16th for a day of prayer. This will be a great way to start the Spiritual Emphasis Week.

Prayer is not always the bending of the knees, the bowing of the head, or the moving of the lips, but may be the sincere desire of one's heart. If one is sincere in his heart desires and his praying is in the will of God, then he should be persistent and hold on with importunity. Some of my greatest answers to prayer, that I am realizing in these days, are the results of many years of persistent desire. — R. C. Flexon
