VETERANS REGULATION CHANGES, effective Dec. 1, 1976, provides that any reductions in credit-hour loads will be adjusted back to the first of the quarter for payments made to veterans. Before that date the VA would allow a cut-off point of 15 days as the point of adjustment. Therefore, Veterans need to be sure that they maintain at all times the minimum credit-hour loads in college to support the level of benefits that they are receiving from the VA.
