1983-84 FINANCIAL AID APPLICANTS!

In answer to several questions that are being asked, please note the following information:

1. Your Financial Aid Form should be completed only after you know exactly what your income was for 1982 and how much income tax you will pay (not what was withheld from your checks) on that income. Do not file your FAF using estimated income! It creates more problems that it solves even though you may file it a couple of weeks earlier.
2. Guaranteed Student Loan applications for 1983-84 will not start being processed by lenders until approximately April or May. The GSL Needs Test which accompanies the GSL application is not yet available for distribution. Students interested in a GSL for next year should plan to apply during the coming spring quarter - not before that time.
3. Special Condition Forms (special Pell Grant application) will not available until March.

Thank you for your concern! It's great to see your interest in applying early this year!
