IMPORTANT NOTICE: Effective November 1, 1985, the Registrar's Office is suspending the method of giving CLEP tests as in the past. In the future, all students wishing to take any CLEP test will do so on one day per month, rather than on an individually scheduled day.

From now on, CLEP tests will be given on the afternoon of the second Thursday of each month from 1:00 to 3:00 pm. Students wishing to take the tests will be required to come in to the Registrar's Office prior to the test to indicate their interest in the test, and give the receipt showing payment for the test so the office will know which tests to plan for and how many students.

This change of policy also will affect those students signed up for tests on an individual basis throughout November, and those students are asked to come back into the Registrar's Office. As a courtesy for those specifically signed up for tests in November, there will be a second testing date offered.

If there are any questions, please be sure to contact the Registrar Office.

The Chapel is reserved for organ students between 3:00 pm and 7:00 pm Daily. Please do not use the upstairs part of the Chapel during these times. At earlier hours, please do not disturb those who are practicing the organ. Thank you!
