ANNOUNCEMENTS

SPRING SEMESTER

OWEN HODGES ASSUMES POSITION OF ACTING VICE PRESIDENT FOR BUSINESS AFFAIRS: "Our brother Richard Garrison has determined that it would be best for him to engage in full time studies in his master of arts program with Fuller Seminary extension during the next few months. Hence, he terminated his service to the College effective the end of January. The President and Mr. Garrison had been talking concerning this possibility for some time and it seemed this was the best time for it to occur since it would permit Mr. Garrison to take a heavier load during the current term and complete his program earlier.

We are pleased that Brother Owen Hodges, our long time business manager is available and has accepted the responsibility to serve as Vice President for Business Affairs on an acting basis. Brother Hodges served in an excellent way as our business manager for over 20 years. He then chose to go into partial retirement and serve as our director of off campus employment and housing. He is fully conversant with all the affairs of the Business Office. He will direct these affairs towards serving the students as they have been served. He along with the entire administration is dedicated to work at improving efficiency continually. We desire that the student's needs in all aspects of the relationship with the College be met.

Brother Owen Hodges will continue to serve as Vice President for Business Affairs on an acting basis until the new president determines who he would like to have serve in that position on a long term basis and a transition is effected.

The faculty and staff had a lovely time of "blessing" Dick Garrison as we sent him on his way. He will be missed for his happy and friendly manner which he exhibited to all. We do believe that with Owen Hodges stepping in the students will sense that their needs and relationship to the Business Office are being handled in a fine way." D.V. Hurst, President
