Summer College - Start Planning Now

The Summer College class schedule will be distributed next week. As you are making summer plans, consider these:

1. Smaller classes - more discussion
2. A couple of hours a day for two or three weeks - you're finished!!
3. Tuition will be \$260/credit. This reflects a rolled-back to the 95/96 summer rate!!
4. You can choose a payment plan, allowing the costs to be spread out through the end of June.
5. Summer College allows you to have a lighter load during fall and spring semesters - your roommate will appreciate your not being so grumpy.
6. Summer College may allow you to graduate earlier!
