Shalom

Marjorie,

Most of the information you requested
of me is in the data sheet. I wrote
out a sheet called "Reflections" in addition
which might be of help to you.

Dear Amos,

It was good to talk a bit with you the other day. You have contributed so much to the college and I do want to give you credit in the history for your contributions. In order to do so, I would appreciate any information you can give me.

Following are questions I would like answers to:

I know you graduated from Northwest Bible Institute a year or two after I did. ✓
When did you go on staff and in what position?

I would like a chronological listing of positions you held at NC. ✓

When did you retire from full-time employment here? How many years of ✓
service does that add up to?

What subjects did you teach at NC? Did you develop as new courses any of those ✓
subjects?

When did you start the Israel trips? ✓

What inspired you do that? ✓

How many trips did you make under the auspices of the college? 35

In your own words what were the benefits to individuals who took the trips and to the college?

Where have you taught short courses in the U.S? ✓

Where have you taught overseas and what subjects? ✓

Is it true that at Commencement you could recall all the names of the graduates as ✓
they walked up to receive their diplomas?

Could you give me some of the highlights of your career at NC? As you look
back over the years, what experience gives you the greatest satisfaction?

Thank you for your help in this project.

Sincerely,

Marjorie

Daniel, Engineer, Bellevue, WA
Donald, Business proprietor, Heating and air-conditioning, Kirkland, WA
David, Commercial artist, Redmond WA
Dean, Technical Services The Safeway Co., Bellevue WA
Seven grandchildren.

REFLECTIONS

ON MY YEARS AT THE COLLEGE

Perhaps the most sacred memories I have of my 55 years of association with Northwest College is the brooding Presence of God which I experienced first as a student in NBI and during the subsequent years that I served on staff of the College.

The wonderful fellowship among the faculty and the students was related to this wonderful Spirit of prayer that rested upon the school day and night during those early years of the college. I can yet hear in memory the voices of the students in their prayer vigils in different parts of the old Hollywood Temple building which housed the school in those early days. Attesting to this hovering spirit of prayer were evangelists who had trained for the ministry in Moody Bible Institute remarked that they had never in all travels experienced such an atmosphere of prayer as they observed in old NBI in those days. Above all else this was the genius of NBI as it was indeed true of the Pentecostal movement in the Pacific Northwest.

As a student I was impressed and influenced by the faculty ..men and women of superb character and great dedication.

It is said that water can not rise higher than its source . Hence the faculty of old NBI set a high standard for their students in godly character and self sacrificing spirit.

My years at NC were to see many changes. One innovation that particularly ^{involved} called my attention was the Flying Seminar Holy Land travel program starting in 1970. I can not but view this program as a prophetic extension that dates from what is the most significant event in 2000 years of the church's history- the rebirth of the State of Israel, preparing the way for the coming of Jesus, the Messiah of the Jews and Savior of the world. It was during a chapel service on May 14, 1949 that Dr. Ness came and announced what had just come over the radio, the creation of the State of Israel. I was among the students in that chapel where Dr. Ness announced, "Prophecy has just made, students."

Little did I realize that I would be given the opportunity to make almost 40 trips to that land, 35 of which were to be under the auspices of what we called the Flying Seminar Holy Land travel educational program. It was through these trips that we were to see first the dynamic of Biblical Prophecy in fulfillment. Like Simeon who awaited the Redemption of Israel of old so the Lord has given me the wonderful opportunity in my years at NC to witness the redemption of Israel in the most exciting and climactic time of Redemption.

Amos D. Millard.
