Praise God from whom all blessings flow! As we look back over the Minneapolis campaign and review the marvelous way in which the Lord manifested His power in the face of the enemy, we can just praise Him, for He is worthy of praise. We are receiving letters almost daily from those in Minneapolis who were blessed either in soul and body or brought into closer fellowship with their Lord and Savior Jesus Christ, and still the letters come, and we fall on our faces and weep sometimes as we read the tender missives and the pleading words of those who are begging for another campaign in that city. God hasten the day!

We want to thank Miss Wasshausen and Mrs. Bowie, both talented, able musicians, for their splendid, untiring services rendered at the two pianos during the campaign in Minneapolis. We have never had more faithful, efficient musicians than these two consecrated children of God. We also extend our thanks, through the columns of Revival Flame, to the splendid orchestra, who through their efforts for the Kingdom helped to make the meeting the huge success it proved to be. They will not lose their reward. We are grateful for every act of kindness, whether it, was flowers, cakes or pies, or financial help. It all showed the splendid spirit of the Minneapolis people. God bless them! Surely it was the love of God that prompted the loving hands to minister to our comforts and make our stay in their city a pleasant one.

Then, too, the blessed prayer band, who have, promised through the pledge cards handed in to pray for the Clark Party 132 hours daily-well. our hearts are too full for utterance. We wept tears of joy as we read over the names and the time set apart for prayer, and many just said "as the Lord shall direct." And we feel that there1 are a great many more hours added on the books of heaven of which we have no record. How we feel the volume of prayer that is ascending in our behalf. We would urge each of you to at-1 tend the Monday night Clark Prayer Meeting, held at the Tabernacle on Thirteenth Ave., near Lake St. This is an interdenominational gathering for those who are anxious for the salvation of the lost. Don't fail to attend next Monday night. Mr. H. H. Ness in charge. God is blessing these Monday night meetings.

THE CLARK PRAYER BAND, **MINNEAPOLIS**

The tabernacle meetings are drawing to a close and ere this reaches you it will be torn down and the space vacant once again. Great numbers were constantly asking: "Why can't we, who have come together during this campaign from all different churches and learned to love this way, meet together and pray for the Clark Evang listic Party, that God might pour out His Spi it in the other campaigns where he shall 1c 1? I have been praying for my brother in Duluth, Minn., to be saved and last week he came down here for a few days' vacation. I took him along to the Tabernacle the first night, but when Brother Clark gave out the invitation he did not respond. Next day my brother-in-law, Mr. Iver Kjelman, also from Duluth, came to Minneapolis en route to Chicago. I took him to the Clark Tabernacle, too, as my brother refused to go this time. Ed. Eliason, Guitar Player and Song Leader to Assist Sunday September 20

AFTERNOON AND EVENING

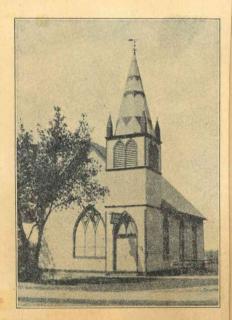

Others to Appear Later Are Evange. lists, Ashcroft, Hardin and Lindquist

Ed. Eliason, well known guitar player and song leader will be at the Full Gospel Assembly, 1/2 A street, Northeast, on Sunday, September 20, for two services, one at 3 o'clock in the afternoon, the other for the eveuing meetings beginning at 8 o'clock.

It is not often that one has an opportunity to hear such a noted guitar-banjo player as Mr. Eliason, who is said to be far above the average exponent of the instrument.

This is to be the beginning of a series of special meetings to be held this fall at the Full Gospel Assembly. according to Rev. H. H. Ness, who is the pastor there. Many noted speakers and singers are expected, including J. J. Ashcroft, who is now holding a campaign in Chicago, T. B. Hardin, well known evangelist from the east, and Rev. F. J. Lindquist, pastor of the Assembly of God, Minneapolis, who originally organized the assembly in Brainerd.

The public is asked to watch the Dispatch for further announcement of meetings.

Success Crowns Efforts of Evangelist Eliason And Rev. H. H. Ness

Evangelist Eliason, together with Rev. H. H. Ness, are holding very successful gospel meetings every night at the Full Gospel Assembly. Large crowds are in attendance each evening and many are being convert-

Splendid songs and other musical numbers are featured for an hour at the beginning of each meeting, and are proving to be an important part of the services.

Those who attend seem very much interested in the old time gospel message. Maurice H. Ness, a brother of Rev. Ness, who also is a singer and accomplished performer on the banjo, came to the city today from Minneapolis to assist in the meetings. Othsingers and players are also expected.

BAPTISM SERVICE

Hal at First Baptist Church on Saturday Evening by Full Gospel Assembly

The special meetings at the Full Gospel Assembly closed with a real successful windup. A baptismal service was held at the First Baptist church which was filled to capacity Saturday night. Twenty-two candidates were baptized in water by the Rev. Henry H. Ness, pastor of the Full Gospel Assembly. Two vocal numbers were given by Miss Mary Raines, accompanied by Miss Karin Flaata from the Full Gospel Assembly. They are both talented musicians and have pleased the crowds every night with their musical num-

bers. Real interest and definite results marked the series of the meetings. Over thirty came forward for salvation and one received the baptism in the Holy Spirit.

These meetings are the beginning | of a series of special meetings which are to be held throughout the year, according to Rev. Ness and he also 1 says that he is looking forward to 1 the day when the church will have meetings every night the year around. "All things are possible with God," said Rev. Ness. Rev. Herman G. Johnson delivered the b sermon Saturday night after the baptism service. He spoke on the subject: "Soul, Judgment, Eternity. The speaker then spoke of Jesus, who bled and died to save sinners, and set them free from condemnation. "He's your best friend now; He'll be your judge then," he concluded.

Sunday afternoon the evangelist spoke on the words of Jesus on the Cross, "Woman, behold thy Son; Son, behold thy mother," and the Spirit of God rested on the service in a precious way. In the evering the Full Gospel Assembly was filled with a record crowd, and the evangelist spoke on "The Crisis at Kadesh,

Pentecestal Movement Growing Fast in Many Countries of World

A string band is being formed at the Full Gospel Assembly, special efforts being put forth by the pastor, Rev. Henry H. Ness, to get this ad-dition to the services of the assem-bly. Already the band has a mem-bership of piece. bership of nine.

The pastor's brother, Maurice H. Ness, will be in charge of the band and the organization will meet every Friday evening at 7 o'clock for rehearsal, at the Full Gospel Assembly, ½ A. street N. E. All interested are invited to come and bring their instruments. Instructions will be given

Rev. H. H. Ness

Rev. Henry H. Ness took charge of the local assembly six months ago, and a great progress in the work has been shown, according to the pastor. This work is part of the great Pentecostal movement which came into prominence about twenty years ago. Rev. Ness states that this move-

ment is the fastest growing among the fundamental churches today, and has some of the largest congrega-tions in the world. The congrega-tion of Mrs. MaPherson, at Los An-geles, numbers 15,000 members according to Rev. Ness. The Los Angeles temple has a seating capacity of 6,-000, and is filled at every service. Sermons are also being broadcasted from their own station, KFSQ.

The movement has not only this country, but Norway, Sweden, Germany, and other parts of the world, many, and other parts of the world, the local pastor states. In Italy alone there are over fifty Pentecostal Assemblies. The General Council of the Assemblies of God, with head-quarters at Springfield, Mo., which is part of the pentecostal movement, has about 2,000 ministers in its fellowship.

The Bible school of the movement, at Springfield, is always filled, and those desiring admittance must send in applications months ahead:

Bible studies are held every Wedlocal assembly, and are conducted by the pastor. lar preaching service every Sunday at 3 and at 7:45 p.m.

Maurice H. Ness, tenor, will sing at the Wednesday night services of the Full Gospel Assembly at 8 3' clock. Mr. Ness is a brother of Rev. H. H. Ness, pastor of this church, and in addition to possession a rich tenor voice is an accomplished performer on the banjo and guitar. He was formerly with the Norwegian singing society, composed of 1,000 voices, which sang at the auditorium, St. Paul, some time ago. He was later converted and is now devoting his time to gospel singing.

BRAINERD, MINN. Brother Ness writes: "I am glad to report that God is wonderfully blessing at Brainerd, Minn. I was called to this place as pastor about seven months ago. I found that much prayer had been offered to God in regard to this place by the saints here, and He is answering their cry, as He always will to those who love Him. The church, which was in great need of repairing, was immediately repaired, and redecorated, both inside and outside, and also new roofing put on, at an expense of \$500, and praise the Lord, the amount has already been covered with cash and pledges. While the church was being fixed, and repaired, we went to Flak, Minn., about 16 miles from Brainerd, and held meetngs there in the schoolhouse. A revival broke out, and about 30 souls were saved, and still are, praise God. A Sunday School was organized, and they now have an assembly of their own, and the Lord is blessing them. They have Sunday school and regular service on Sunday. Prayer meetings on Thursday, and Bible school Saturday night. It certainly touched my heart to see how one night four great, big men came rushing to the altar for salvation. Some had been tobacco users for forty years, and were completely delivered, and have had no desire for it since. Thank the Lord!

Since our Church was finished in Brainerd, we have had some wonderful meetings here. Evangelist F. W. Tyler, from New York was here for a three-week campaign, and was a real blessing to us all. Many souls were saved, and several definite healings. Two young girls received complete healing for their eyes. One had used glasses for over 8 years, but she has put them away for ever, according to her testimony. Last fall some 34 members were taken into the assembly, when it was reorganized, and last Sunday, 8 more were taken in. Special meetings are now in progress with Herman Johnson as the Evangelist. Please remember us in prayer."

SEVERAL SAVED AT GOSPEL ASSEMBLY

People Turn to Christ at Meetings Held on Sunday

SWEDISH SERVICES TONIGHT

Meetings Continue All Week With Evangelist Johnson as Main Speaker

Yesterday was a big day at the Full Gospel Assembly, where revival meetings have been in progress the past week. God blessed the singing and preaching of His Word, and demonstrated its power in saving souls. Truly the gospel of Christ is still the power of God unto salvation to everyone that believeth.

SPECIAL TONIGHT
Swedish service, at 7:45 o'clock, with special singing and
speaking by two missionaries from Canada.

In the afternoon, the evangelist, Herman G. Johnson, spoke on "The Second Coming of Christ."

He laid great emphasis on the fact that this great event is near at hand, and that many are asleep today in regard to the coming of Jesus, and need to be awakened, as were the sleeping virgins, as recorded in Matt 25. "The signs we see today of His coming is a warning, that the event is near, and we need to get ready. If we are not ready, we must be left behind. The only way to be ready is to get saved, have the blood of Jesus applied to the heart, and be born again. It is the blood of Christ, or Hell for every soul," the speaker declared. Two of the greatest signs are the Jews and the outpouring of the spirit, the latter reign, as foretold in prophecy, which it to take place immediately preceding the second coming of Jesus This outpouring of the Spirit is now ing place, which we know by the manifestations of the Spirit as We must protect the men who are to be from the boys who are!

have been held and a great many conversions have taken place. Ness, was a representative for the Standard Oil Co. (Ind.) before entering into the ministry and he still maintains that its gasoline is the best on the market and that the Standard Oil Co. is a good com-pany to work for, but that is not sufficient to bring one to heaven.

Rev. Ness was a very active Christian worker in the Twin Cities among various churches, at street meetings, jail and hospital services. He left his good position to put his full time in Gospel work. He feels Brainerd is in need of a great spirit-ual revival in all of its churches and that it is time to cut out all their chicken dinners, oyster stews and candy sales and get down on their knees and pray. AINERD DAILY DIS

Johnson-Ackerson

A beautiful church wedding occurred Tuesday evening at the Full Gospel Assembly when Miss Ellen Ackerson the popular daughter of Mr. and Mrs. J. Ackerson of Casino was united in marriage to Rev. Herman G. Johnson pastor of the local Assembly by Rev. Henry H. Ness of Fargo, N. D., who was a former pastor of the Brainerd church.

The attendants were Mr. and Mrs. Clarence A. Jackson, Raymond Ackerson, brother of the bride and Miss Opal Brown. The flower girls were the little Misses Jackson and Cofield.

The wedding march was played by Miss Karin Flaata and songs were sung by Miss Mary Raines and Miss Karin Flaata.

The church was beautifully decorated and filled to its capacity by friends from Brainerd, Flak, Casine, Pillager, Ironton and Crosby.

The happy couple left on the 9:45 p. m. train for Bismarck, N. D., where they will spend their honeymoon at the home of the groom's parents.

Practically all the guests were present at the station to see them off and gave them a fitting farewell

Assembly of God Will Open Revival Series

Beginning tomerrow special revival services are to be held at the Assembly of God, basement of the Blakey block, by the Rev. Henry H. Ness of Brainerd, Minn. Mr. Ness will speak at the evening service tomorrow and perhaps in the morning and will conduct all of the revival services which are to be continued indefinitely.

The revivals will open each evening at 8 p. m. and are to be held daily for an indefinite period. There will, however be no service on Monday evening. Mrs. J. H. Mackley, well known Minot vocalist, will give selections at the services.

Mr. Ness is pastor of the Full Gospel Assembly at Brainerd and is said to be a forceful and interesting speaker.

Brainerd Pastor Holds Revival Services Here

The opening last evening of a series of revival services conducted by the Rev. Henry H. Ners of Brainerd, Minn., at the Assembly of God was greeted by a good sized audience. As added attractions Mrs. J. H. Mackley sang several solos and there was a song service led by Evangelist Mable Stake.

Stake.

"A Fool There Was," will be the subject of Mr. Ness' talk this evening and again Mrs. Mackley will assist the vocal solos. Mr. Ness was with the Standard Oil company in Minneapolis before he entered the ministry.

Special Evangelistic Services Draw Crowds

The special evangelistic services which are being held at the Asembly of God in Minot have been well attended, and a number have come forward for prayer and conversion. A number have asked prayer for physical aliments, it is reported, and have stified to a definite touch from God, the healing of their bodies. The meetings are conducted by the Mabel Stake, evangelist, who is song leader. Mrs. J. H. Mackley has contributed several vocal solos.

The special meetings will close Sunday evening, March 28, but the regular weekly meetings will be held as previously.

Large Crowd Attends Evangelistic Service

There will be no service at the Assembly of God mission this evening, but the evangelistic services begun recently will be continued the rest of the week, and tomorrow night, the Reverend Henry H. Ness, Minneapolis evangelist will speak on "Why So Many Different Churches, From One Bible?"

So Many Different Churches, From One Bible?"

The mission hall was packed last night to hear Reverend Mr. Ness speak on the subject, "Separation." He said that a person who becomes a christian should separate himself from the world, in order to serve God with his whole heart. In illustrating he used two candles, one decorated, and the other a plain, useful one. The former, he said, was like some Christians, good only for "decorating" pews, while the other represented the real true type of Christian, whose service stands as a light into the dark world. Mr. Ness was with the Standard Oil company of Minneapolis before becoming a minister, and he gave an interesting history of candle manufacturing.

THE REVIVAL IN FARGO S. DAK.

The saints in Fargo are singing, "The Ark is coming up the road." Not for many days has the prospect of a fine assembly been as good as it is now. Now it is a fact.

For a long time the larger cities of the northwest have been on our hearts, and especially Fargo, which is a center for the eastern N. Dak. God has been answering prayer, and opened a door which the enemy has not been able to close.

A few months ago, a few saints were gathering in house meetings and praying to God for a real visitation. Later Brother Clarence Norman had some meetings, and a number were saved. Not very many weeks ago Brother Henry Ness was traveling through from Minot, and stopped off in Fargo, and plans were made for a meeting.

It is very difficult to get a suitable meeting place, with the limited resources at hand, but the Lord opened the Chapel of the Fargo College. During Brother Ness' meetings 22 or more sought salvation, and many from the churches became interested in the deeper truths. There are hungry souls everywhere.

Plans were made for a permanent work, street meetings were started on prominent down town corners, an orchestra formed, and earnest prayers were ascending to God. So Brother Ness remained to take charge of the work, and resigned from his pastorate in Brainerd. The assembly was fortunate in being able to secure the services of Brother Hardin for two weeks' meeting beginning May 15.

The meetings in Fargo have been a wonderful blessing to all who have been able to attend. The showers of the Latter Rain have been falling, and many hungry souls have been filled with the Holy Spirit. Every evening some are seeking God for salvation and two, three and four are receiving the Baptism in the Holy Spirit.

The meetings have been held in the chapel of the Fargo College, a Congregational institution, and the place has resounded with the praises of God, as perhaps it has never sent forth before. Owing to the distance from the main part of the city, the attendance has not been so great, but those who have become acquainted with the meetings have come back time after time and have experienced that the Lord answers prayer.

The mayor of Fargo was in attendance, as well as the proprietor of a large down town cafe, who testified to the fact that the Lord had touched her body

while sitting in her seat, during a Divine Healing service. Others also have testified that God has healed them.

Evangelist Thos. B. Hardin has brought a forceful message that the audience was delighted to hear. It is refreshing to see the way that the newly converted have moved as soon as opportunity is given to a fine prayer room close to the Chapel, and have immediately gotten down before the Lord and poured out their hearts to the One who baptizes with the Holy Ghost and fire. No need of urging here. Hungry hearts raise their hands and voices to the Lord and in a few minutes the "slain of the Lord are many." From the first of the week two, three, and some times four nightly have received their Baptism.

A good number from the other churches have been attending, at first when they had no meeting of their own, and then some would drop in at the close of their evening service, and when real hungry they seemed to forget about any other place of worship, and come night after night and seek God. Several have received the Baptism at the first meeting they ever attended, or ever heard there was such a thing as a Baptism in the Holy Spirit.

Of course the attitude of the ministers in regard to this, is the same here as in other places. Some have become alarmed, and are broadcasting warnings of false doctrines, and are attempting in their sermons to explain what the Baptism in the Holy Spirit is, also attempting to explain what this is that has come to Fargo. But we know already. "This is That." Some of these people will be able to tell their pastors about the Baptism in the Holy Spirit before they ever preach on the subject, because while the pastor is digging in musty old books to find out about this, the hungry members of their churches are seeking God, sometimes until two and four o'clock in the morning, and are coming through speaking clearly in other tongues, as the Spirit gives utterance.

The saints from the surrounding country have been driving from 15 to 20 miles each way to attend the meetings, and feel that it is well worth while.

The Young people have been taking an active part. Many who are able to play instruments have formed an orchestra under Pastor Ness' leadership, and are taking a splendid part in every serv-

While this is just a beginning, Brother Ness, who is in charge feels much encouraged, and expects to begin a large tent campaign in the near future.

A number of "Investigators" have been in attendance at the prayer room, no doubt looking for some of the straying sheep that have jumped the denominational fence, and gotten into the Lord's green pasture. One of these investigators declared he "wanted to see the eyes of those prostrated under the power, to see if they were happy." He not only could see it but also hear it, as they were praising the Lord.

Another, on seeing a sister whom he knew, and upon whom the Spirit came so that she spake in other tongues, asked,

"Is she sick?" That some of the smug, complaisant religious people have become stirred, is very apparent, and so it was in Ephesus, Acts 19:23, "There arose no small stir about that way."

Sunday evening, the matter of carrying on the work in a better way was presented to the assembly, and in a very little time over six hundred dollars was raised for the building of a tabernacle for the summer. Special meetings are expected to continue all summer, with different workers, supplied as the Lord may lead.

The saints were very much benefited with the ministry of Evangelist Ben Hardin, and are very anxious for him to return for another campaign in a tabernacle or large tent, as he gets results. A combined District effort is being made to establish a work in Fargo, and the results have been very gratifying, thus far, under the splendid leadership of Brother

Brother Hardin has continued to Crosby, N. Dak., where a large campaign is being held in a tent on the fair grounds.

The possibilities of Dr. Price coming to Fargo for a campaign in the near future are very good. Let the saints pray that the Lord will open the way, for a meeting of this nature would be a wonderful thing for Pentecost in the north-

OUR NORTH CENTRAL DISTRICT

The Lord has been gracious enough to give the saints of our District a number of good meetings to attend during this summer season.

Evangelist Ben Hardin has just completed a campaign in Fargo that went over the top for Jesus. A report of this meeting appears elsewhere in this issue. At the present time Evangelist Hardin is conducting a large meeting for the saints of Crosby, N. Dak., and vicinity.

The District tents will be kept busy all summer in various places as announced in the Gospel Herald. The pastors and assemblies will do well to have your announcements of special meetings sent in early for publication, so that our District meetings may become as widely known as possible.

A large interstate camp meeting will be held in Sherburn, Minn., beginning June 18, and continuing for four weeks. Elder D. H. McDowell, of Springfield, Mo. will do the preaching. A fine opportunity for those who desire to attend the SPECIAL SHORT TERM BIBLE SCHOOL in connection with the camp meeting, is also afforded those who attend. Fargo, N. Dak. is expected to have a continuous summer campaign with Pastor Ness in charge. Special workers and dates will be announced later.

One of the District tents is now in Lisbon, N. Dak., where a tent meeting will be conducted by Brother George Jeffreys. formerly of Westernport, Md. This meeting begins June 6th, and continues for two weeks or longer.

From Lisbon, the tent will be moved to a location near Hecla, S. Dak., where a tent meeting will convene June 27th. Let everybody plan to attend at least one of these meetings and get all the good possible.

Dr. Lilian Yeomans is expected to begin a two weeks' meeting in Minneapolis, Minn., at the Assembly of God Tabernacle, 2938 13th Ave. S., June 27th, and continuing for two weeks.

The Gospel Herald:

We wish to thank the Lord for His continued love and blessing upon our District, the meetings, the saints, and the Gospel Herald. The circulation of the paper has been continually growing, and many fine reports have been received, that the Herald has proved a blessing everywhere it has gone.

The object of this paper is to create a closer relationship among the saints, and make possible a fellowship in our District that has not existed before. Herald makes it possible to publish announcements of our special meetings, and reports of the Lord's blessings, so that the saints in Montana can rejoice with the saints of the other states of our District, because the Lord is amongst us.

You cannot possibly have fellowship with saints that you do not know exist. Yet through the Herald we are brought into touch with one another, distance is spanned, we pray unitedly together, we labor for a common cause, and we rejoice together when we read of the Victory God gives the saints in the various assemblies.

Our District is so large, that we cannot get together in person, but the Herald can reach into every town and home, and scatter sunshine, happiness, good cheer, encouragement.

The Herald is well worth supporting, and for a babe, is doing very well. One thousand copies are now printed every month. The work of preparing the copy for printing, and of mailing out, besides bookkeeping is a very large task. Not one cent is paid out for this, and the least that anyone can do, is to take an interest in the work, and let every one do our bit.

The Gospel Herald is our District paper, for the District, and serving the District in every necessary way. We will be glad to have reports of campaigns, meetings and anything of common interest that any of the brethren have to

The subscription price of the paper is seventy-five cents per year. To assemblies in rolls it is five cents per copy.

"Deeper Experiences of Famous Christians"

by Gilchrist Lawson This is a fine book showing how many before us have had the Baptism in the Holy Ghost.

"Jesus is Coming"

by W. E. B.

This is perhaps the best book for its size that has ever been written on the subject of the Lord's return.

"A Text Book on Prophecy"

\$1.25 by James M. Gray

This book is a real authority concerning prophetic subjects. Much that is of special interest for the days in which we live.

"Questions and Answers"

by E. N. Bell \$.50

Scores of perplexing questions, many

touching on Pentecostal subjects wisely answered. A splendid book for the price.

"All About the Bible"

by Sidney Collett \$1.50 A fine book for young Christians answering many perplexing Questions, such as alleged contradictions, scientific accuracy, etc.

"In the Twinkling of an Eye" by Sidney Watson \$1.25

Do you want to get the unsaved to know about the second coming of the Lord? Then buy this book. It is written in story form and will hold attention from beginning to end, and yet give all the scriptural details concerning this great subject, The Coming of Jesus.
"The Mark of the Beast"

by Sidney Watson \$1.40 This book is the sequel of the above mentioned book and sets forth in vivid style the probable scenes that will take place during the tribulation, and after the

We are glad to send greetings d all our friends of the North dntral District. We sure are dthused over our "new" "GOS-1-'L BROADCAST" and we beve that it will be a real sucres for two reasons; first bereise of the new style in which dis prepared and second behise of our new editor, Brothv-Manford Evans.

ntet us all be "boosters" for "Gospel Broadcast." We id glad to report that God's r-ssing is upon us here at vsrgo. The work is making sat progress. Our church, 1gich seats about 400, is filled m Sunday nights and the Sunv- school, under the supervis-

of Miss Esther Isakson and inbel Bergstrom, is making veiderful progress. Our Sunas school attendance last Sunis was 236 with 244 on the

Luther Sherland and Paul Remley are in charge. Then we must not forget to mention our "Sunshine Hour" which we broadcast every Sunday morning from 9 to 10 from our own studio in the church over station WDAY, 1280 Kilocycles, 1000 watt. God is wonderfully blessing our broadcasting. Letters are pouring in from all around this part of the country, especialy North Dakota, South Dakota, Minnesota and also Montana, and Canada, expressing their appreciation for the "Sunshine Hour." We are always pleased to hear from our listeners. Our Radio Department is kept busy answering letters coming in and also with making up programs and securing songs to fill requests. We recently had Helen Campbell with us for a campaign and we had a blessed time. The city Auditorium which seats 2500 was packed to overflowing. We are pressing right on here at Fargo Gospel Tabernacle praying earnestly for a real old time Pentecostal outpouring of the Holy Spirit. Our hearts are hungry for more of the Old time power of the Holy Ghost and I believe that all the saints in this North Central District should pray earnestly together for a fresh outpouring of the Spirit of God.

Pastor Henry H. Ness.

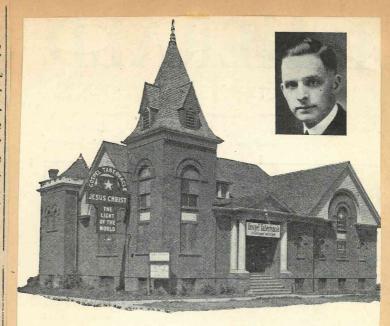

TWO GREAT FORCES

About fifty years ago, Moody and Sankey were holding their powerful spiritual-awakening meetings.

Moody, the preacher could not sing, Sankey, the singer, could not preach—and what a lesson we get out of this!

By the practicability of the preacher and the humility of the singer, tens of thousands of skeptics and sinners changed their course.

One an enthusiastic evangelist, the other a gentle singer, two great forces in combination -just two laymen co-operating. —The Silent Partner.

Fargo Gospel Tabernacle

I certainly want to praise God for the wonderful way that he has blessed our efforts here in Fargo. While holding a campaign early in the spring of 1926 at Minot, N. D., I received a telegram from Brother Marven C. Miller of Fargo, saying: "Need your help at once. Not much money, but lots of faith". Well that sounded like a real call from God, and immediately I answered Yes. At that time there was no pentecostal work in Fargo and only one family namely the Millers to back up the campaign. They had rented the chapel in the old Fargo College, an old Congregational college not in use. Well God blessed our efforts from the very beginning many souls were saved. One of the first ones to give her heart to God was sister Marie Heltney, who latter became Mrs. Marven Miller. Well we kept the meetings going all thru the summer and when winter came we were forcd to look for an other place as there was no way of heating this old college. I leased the leading dance hall for Sundays as it was used for other purposes during the week and we held house meetings during the week. We prayed that God would give us the Hall for all week and God wonderfully answered our prayers by forcing the dancers to give up the lease. We then put on meetings for every night in the week excet Mondays and Tuesdays, and God wonderfully blessed. While we were at the old college God wonderfully poured out the Holy Spirit and a great number received the Baptism with the Holy Spirit. Many were saved and filled with the Holy Spirit in the hall, and many testified to healing. Well, our numbers kept growing right along, sin-sick sinners and hungry saints kept a coming and God wonderfully met with each and every

Well, to make a long story short, God wonderfully lead us onward. The Broadway Methodist Church had been struggling for years, but it was a losing struggle for them and so in the fall of 1927 they decided to quit and so God opened the door for us here and we took the church over immediately. Well we have been having a continuous revival ever since we came to Fargo. Our Assembly is now set in order and incorporated under the name of "The Gospel Tabernacle" Fargo, N. D. We have Sunday school of 189 members and the attendance the other Sunday was 209. The adult membership of our church is now some over 130. Of course, there are many that are attending our services, but as yet they have not become members. Our church will seat some over

There is wonderful unity and love in our minds and we believe that God has great things in store for us here in Fargo.

Another big feature of the Gospel Tabernacle is the "Back Home Hour", which we are broadcasting every Sunday night over station WDAY, from 10 to 11 o'clock. So we have much to praise the Lord for and we do praise him and give Him all the Glory and Honor as we in ourself can do nothing without Him. Amen. Ma.

PORT FROM FARGO, N. DAKOTA

I am glad to report that the Lord is wonderfully blessing here at Fargo. Souls are being saved and baptized with the Holy Spirit at almost every service. Praise the Lord. Twenty-eight have received the baptism in the Spirit so far, and our prayer-room is full of hungry seekers. Last Sunday we held our afternoon service at Detroit, Minnesota. Twenty-one were baptized in water. Our afternoon service was held in conjunction with the saints at Detroit in their tent. A picnic lunch was served after by the saints there. Fargo is a new field, and our expenses have been a little heavy, and we would appreciate any financial help from any one interested in souls' salvation. The Lord will repay you a hundred fold. We are beginning tent meetings here for the rest of the summer and we are going to build a permanent Tabernacle here this sum-

We do hope that we will be able to bring a lot of "Heavenly Sunshine" into the homes and hearts of many.

Thank God, our prayers are being answered, sculs are being saved and the old time "Pentecostal Fire" is burning in the hearts of the saints and some have been filled with the Holy Spirit, praise God forever;

We are glad for the soul stirring and heart searching messages of our dear brother Jackson and thank God it is taking effect. Many has confessed that God has been dealing with them and convicting them of their careless and lukewarm condition and failure to seek God's best. This salvation is not a "plaything" but something for which we are responsible to God for. Paul writes "How shall "WE" escape, if "WE" neglect so great salvation". I want you to notice that this was written to the saints and Paul includes himself also when he says "WE". It is the sin of "NEGLECT" that is so promenant among God's people to day and it is the greatest hindrance to a revival. Remember friends that we are responsible to God for every bit of LIGHT that he gives us and He expects us to walk in all the light He shines upon our path way.

Just a few more days and this year will have gone into history. Shall we not make use of every oportunity that comes along, and work while it is yet day, for the night cometh when no man can work.

hill

W" IS THE TIME 00

Thank God the "FIRE" is falling all around.

Some have gotten saved at their home and one sister received the Baptism with the Holy Spirit saturday morning at 3 o'clock while praying at the home of a sister. God is no respecter of place nor persons.

The special meetings will continue as long as the Lord leads. There will be tary meetings every night and we want to arge every christian to take part and pray. Yes not only pray at church but also during the day.

Not only is God blessing us here but from letters received God is blessing our friends out in Radio land. Wednesday we counted 21 letter in the mail Fox from our radio congregation. Fray also for the Radio.

From the looks of things we are going to have a real fine christmas program. These are bussy days for our sister Esther Isakson.

LARGE AUDIENCE The concluding address by Rev. Henry H. Ness, pastor of the Fargo Gospel Tabernacle who has been giving a series of sermons and lectures here, was given in the high school auditorium here Sunday evening to a packed house. He was brought here by Rev. Christian Hild of the local Gospel Tabernacle.

Rev. Mr. Ness paid Fergus Falls a fine compliment on beauty, its cleanliness and the character of its people. He especially complimented the city on not having Sunday movies and Sunday dances so prevalent in other cities of the state.

The Bible, Mr. Ness asserted, is misunderstood by some for the reason that it has been mistranslated. There are only three original copies of the Bible, Mr. Ness said. One has been in the possession of the Greek church in Moscow, another is owned by the Catholics and the third copy is owned by the Protestants and is kept in London. Rev. Mr. Ness said the Norwegian, Swedish and German Bibles are better translations from the original than the

Many times the fire fell from heaven as hungry hearts waited before the Lord. One night a different kind of fire visited the church. It was not the fire of the Holy Spirit, but real natural fire.

The flames went through the building rapidly and in just a few minutes the interior of the place was so destroyed that holding any more meetings there was out of the question.

The large electric sign flashes on and off every night inviting people to the tabernacle.

Brother Ness accepted the invitation and started the work April 6, 1926. The Lord's rich blessing rested upon the meetings right from the start and the assembly has grown so fast and accomplished so much in a short time, that the city of Fargo has had to marvel at what God has done.

happy one, so they are busy with jail meetings, street meetings, and services in nearby communities.

An important part of the work is the radio service over WDAY every Sunday morning from nine to ten. The broadcasting is done from a well-equipped radio studio in the tabernacle.

The tabernacle is now in the midst of a four weeks campaign being conducted by Evangelist and Mrs. Watson Argue. Last Sunday night, sixteen answered the altar call for salvation and eighteen the Sunday night before. Last Sunday night's crowd was believed to have been the largest in the history of the new build-The audience was estimated at 1200 inside, while a great overflow crowd stood on the steps and sidewalk listening as best they could through open

Everybody seemed to fall in line and feel that God was in the idea. In a few days, the picture of the proposed building appeared in the Fargo Daily Forum. Things moved rapidly. A store building was secured as a temporary meeting place until the tabernacle was ready.

By October 1930, the new place was finished. The corner stone was laid, a large dedication service conducted and since then, the assembly has been meeting in one of the finest Full Gospel Tabernacles in the country.

Although this at first seemed a hard GIVING THANKS TO GOD THE FATHER

By Evangelist A. H. Argue

How important this is!

A very outstanding scripture, of which the first part has been much commented on by a number in the Pentecostal movement, is found in Col. 3:17, where the Apostle Paul exhorts the saints by saying, "And whatsoever ye do in word or deed, do all in the name of the Lord Jesus." Many have stopped here. However, the Apostle Paul did not. He added, "Giving thanks to God and the Father by him.

In the Revised and other versions it reads, "Giving thanks to God the Father by him," omitting the word, "and." Jamieson, Fausett, and Brown, renowned commentators, make special mention that the word "and" is not in many of the older manuscripts. If we quote all of this verse as it is, it will be more easily

HENRY H. NESS

Before his salvation, Brother Henry H. Ness had engaged in the drug business, and also was employed by the Standard Oil Company in the St. Paul territory.

The Christian home and praying mother were strong influences in bringing about his salvation. Having seen the power of the Spirit's outpouring in Norway, Brother Ness was not satisfied with dead formality, and so immediately sought the fellowship of Spirit-filled people as soon as he was saved.

We were glad to welcome Brother Ness into our fellowship in 1924 and immediately he became leader of the Young People's Society, holding a good number of services in various parts of Minneapolis.

The call to Christian service became so strong in his heart, that in the fall of 1925, Brother Ness resigned his splendid position with the Standard Oil Co., and went to Brainerd, Minn. While at Brainerd, he received the baptism in the Spirit, and also became pastor of the church there. God richly blessed his efforts and many souls were saved, and the church was greatly revived.

Brother Ness also spent some time in evangelistic work. Early in 1927 he answered a call to come to Fargo. Just a small number of believers held meetings in a home, but they were praying for revival.

The growth of the church in Fargo has been remarkable. From a small beginning in a home, meetings have been held in five or six different places in Fargo, until in 1930, God gave the assembly a splendid Tabernacle in which to worship God. Today the membership in Fargo is about 225, and a fine building costing about \$30,000 has been erected for a church home.

Brother Ness has also taken an active part in the District work and has been a District Presbyter for a number of years.

CROOKSTON REVIVAL STILL SWEEPING ON TO VICTORY

The Full Gospel Continues to Stir This Minnesota Community

It is commonly reported and it is commonly believed that the day of revival is past. But we beg to differ with that belief and we beg to differ with that report as well. The day of revival is not past for it must ever be remembered that God is no respector of time. place or person.

The Crookston revival, which has been such an evident revival from the very beginning. has turned out to be a continuous shower of blessing. The spiritual tide has not ceased to rise. The interest has not diminished nor has the salvation of souls decreased.

No more had Zelma Argue's campaign drawn to a conclusion when another two week campaign swung under way with Rev. Henry H. Ness of the Fargo Gospel Tabernacle as the acting evangelist.

The latter campaign was more than just an evangelistic revival. It was a combined 1 prophetic and Doctrinal campaign. It was specially used pof the Lord in establishing the new converts and in the laying 2 of a more solid foundation for a the pioneer work begun by to Christian Hild and the three golson sisters.

It was during this campaign that the church proved inadequate to accomodate the vast crowds. The building was packed not only on Sunday onights but on week nights as well. The interest was such that people stood out beyond the sidewalk practically the whole meeting through. On the inside every available space was occupied. People, there were, who even climbed up on the windows and hung there to hear the service.

Even the aisles were crowded with people who stood, on more than one occasion, for two and half consecutive hours. This was due to the fact that some sermons were only fifteen minutes short of being two hours long. Rev. t Ness would say, "Well, I'll o have to close." But the people le protested saying, "Go on, Bro-s ther, Go on." The people have h been so starved out spiritually u by the "Doctors of Divinity". H "Theological Seminary Gradu- W Strawberry Festivals. ta Turkey Banquets and Lute- re fisk suppers that they are throwing them all over board ti and are accepting with open hearts the Pentecostal mes- a sage which is ringing true to w its appointed mission.

Brother Ness' campaign was built up to a "Never to be Forgotten" conclusion. Twelve were saved on this particular occasion, making a total of seventeen converts for the two weeks. One received the baptism of the Holy Spirit, making a total of twelve who have received the baptism since the work began last August.

The large number of converts prompted the arranging property of a combined baptismal service in the Fargo Tabernacle. the Anumber came from Crook-cyston, and not only from Crook-B

ston, but from Fergus Falls and Casselton as well. They were not only baptized in water, but there were those who were baptised with the Holy Spirit as well.

And so may it ever be remembered that the day of revival is not past and Lest we Forget let us give "Thanks unto God who Giveth us the victory through Jesus Christ our Lord."

able in which to hold services, and he began his campaign there April 6, 1926.

From time to time, other evangelists were called in to assist, and that year what is now known as the Gospel Tabernacle was organized and incorporated under the laws of the state of North Dakota.

The first board of deacons was composed of Ole Torkildson, Richard Frye, Marvin C. Miller, Ivan O. Miller and Eddie Holm. Marvin Miller was elected president of the young people's society, and Miss Esther Isaacson, Sunday school superintendent. Myrtis Holm was named secretary of the Sunday school.

The problem of the church for many months was to secure a regular place of worship. For a year services were held in temporary quarters. In the fall of 1927, when services were discontinued in the Broadway Methodist church, the Gospel Tabernacle took a three years lease on that building, continuing there until the structure was ruined by fire Jan. 21, 1930.

The congregation had already purchased a lot, the present site of the new tabernacle, and almost immediately after the fire plans were laid for a permanent church. The services were held in a vacant store building at 406 Broadway until the new building was complete. Nearly \$9,000 was raised in cash and pledges for the new building in the brief time the group met in the Broadway building.

time the group met in the building.

The present board of deacons is composed of Peter Thompson, Eddie Holm, Ben Holm, S. T. Galyen, Luther Sherlund, S. T. Johnson and Andrew Huss. Mr. Thompson is secretary and Eddie Holm treasurer.

Miss Isaacson is still Sunday school cuperintendent, with Miss Mable cuperintendent, with Miss Mable

secretary.

Mrs. Mary Remley is deaconess, and Mrs. Gertrude Hild, assistant deaconess.

Marvin Miller and Ivan Miller, members of the first board of deacons are now pastors, the first at Bismarck, the second at Brainerd, Minn. The Sunday school was organized in May, 1926, with 10 pupils enrolled, a year later, 71, in 1928, to 142, in 1929 to 190, and at the present time, there are more than 300 enrolled. Seven girls have gone from this congregation to Bible schools. Matilda Olson, Inga Olson, Alice Olson and Helen Goodwin are attending the Central Bible institute at Springfield, Mo., while Violet Land, Leora Weed and Mildred Stimmel are registered for work at the North Central Bible institute in Minneapolis.

On Wednesday evening, October 8, over a thousand people gathered for the dedication of the new Gospel Tabernacle at Fargo, North Dakota.

Rev. Henry H. Ness, pastor, was in charge of the service, which opened with a congregational hymn, "Onward Christian Soldiers." Rev. Earl Winburn, Saskatoon, Sask., Canada, then led in prayer, after which the ladies' quartette favored us with one of their good selections.

Several speakers were present, and gave short talks, as follows: Rev. Marvin Miller, Bismarck, N. D., Rev. Ivan Miller, Brainerd, Minn., Evangelist Blanche Brittain, Cavalier, N. D., and Rev. John Thompson, Fargo, N. D.

Miss Evelyn Carvell, member of the Price party, sang, "When They Ring Those Golden Bells For Me and You." Rev. Winburn at this time favored us with one of his splendid tromhone solos, and the ladies' quartette again sang.

Dr. Chas. S. Price then delivered the dedicatory sermon and led the congregation in prayer. Dr. Price emphasized the fact that the church of Jesus Christ is not only a house of brick and mortar but a spiritual house; and the members are living stones in the structure.

"THE NEED OF THE WORLD"

Psalm 107:11-15.

"Because they rebelled against the words of God, and contemned the counsel of the Most High, therefore He brought down their heart with labour; they fell down, and there was none to help. Then they cried unto the Lord in their trouble, and He saved them out of their distresses. He brought them out of darkness and the shadow of death, and brake their bands in sunder. Oh, that men would praise the Lord for His goodness, and for His wonderful works to the children of men."

The Apostle Paul distinctly tells us that the experiences of the children of Israel were recorded for our in-

remember that the experiences of the children of Israel, that is, their troubles, perplexities, distresses and suf-ferings, were oecause their rebellion and their inde-pendent spirit toward Jehovah,

Much has been said in regard to the cause for the great distress, unrest, and de-pression in the world today. If we should hon-estly and sincerely search for the real cause, I believe we will find it in the

general disregard, rebellious, and in-

dependent spirit shown toward God.

The world today is in a sad condition. Effort after effort has been made to lift the world out of its troumade to lift the world out of its troubles and yet there has been little relief so far. While I appreciate the splendid effort put forth by our president in this NRA movement, still I cannot help but feel that the greatest need of America, yea the world, is a return to God by way of repentance of its waywardness and ungodliness. America has forsaken God, has gone pleasure mad, and law defying. gone pleasure mad, and law defying, hence the conditions of today. David said that because Israel rebelled against the word of the Lord, trouble was the result. The Word also informs us that "When they cried upto the Lord in their trouble He unto the Lord in their trouble, He saved them out of their distresses."

The great outstanding sin of the age is the sin of an independent spirit toward God. We have come to the place where we feel self-sufficient, and can get along without God with no thought of looking to Him for help in the matter. I believe it is high in the matter. I believe it is high time for America and the world to recognize that God, who is the Creator of the Universe and all pow-erful, is the greatest source of help in times like these. It is not only necessary for us to recognize that God is fully able, but also to recog-nize our failures and cry to God for foreignness and return to him with forgiveness and return to Him with a serious mind.

CHURCH GROUP TO MEET HERE

Pentecostal Assemblies Of God Will Gather Here Oct. 6

The North Dakota state convention of the Pentecostal Assemblies of God will be held in the Fargo Gospel tabernacle, Oct. 6, 7 and 8 with ministers from North Dakota, South Dakota and Minnesota present. Rev. Henry H. Ness, Fargo, is superintendent of the North Dakota con-

ference.

Report has just been received from the national convention of the Assemblies in San Francisco. Rev. Earnest Williams was elected national superintendent; Rev. N. Evans, secretary, and Rev. J. R. Flower, assistant general superintendent. Rev. Mr. Ness was elected member of the national board of presbytery.

Sentiment at the meeting was that women preachers have exceeded their divine rights in the ministry when they perform marriage ceremonies, administer baptism and communion and bury the dead, except in emergency cases. A resolution to eliminate the power to perform the offices from credentials of ordained women was adopted by a large majority.

A report was given showing growth of the assemblies. At the close of the 1929 fiscal year there was 1,641 ordained ministers in council fellowship. Only July 31, 1931, 23 months later, there were 1,851 ordained ministers enrolled.

Lecture Program Arranged by Gospel Tabernacle Will Start Tonight.

Rev. Henry H. Ness of Fargo will give a series of lectuate on "Signs of the Times" in the Arena rink here beginning tonight and continuing for two weeks, under the auspices of the Grand Forks Gospel Tabernacle, according to Rev. Maurice H. Ness, pastor of the local church and brother of the Fargo

Besides being pastor of the Gospel Tabernacle of Fargo, Rev. Henry Ness is general presbyter of the national church synod of the Assemblies of God, and is superintendent of the North Dakota diocese of the church.

His lectures will be illustrated. The series will begin with addresses at 2:30 P. M. and 7:45 P. M. today and continue with services at the same hour each day. Mr. Ness will discuss "current events as foretold by the prophets," it was announced.

Dr. Henry H. Ness of Fargo will deliver the sermons this evening and tomorrow evening at the Scandin-avian Methodist church for the services being conducted by Christen Hild, evangelist. Dr. Ness, pastor and founder of the Fargo Gospel Tabernacle, delivered a sermon on the subject "Sin" at the services last night and was heard by a capacity audience. The services begin at 7:45 p. m.

Rev. H. H. Ness

Fergus Falls, Minnesota

The revival continues! Fergus Falls is daily seeing the salvation of souls. The Fergus Falls Gospel Tabernacle is becoming a soul-saving light house for God. Men, women, and preachers are saying "What meaneth this?" When Rev. Christian Hild, with the Olson Sisters, began pioneer work in Fergus Falls people said "It will never go," now they say "It will never stop."

On Monday, October 17, Rev.

Henry H. Ness, the pastor of the Fargo Gospel Tabernacle, began a two-week prophetic campaign in the Fergus Falls Gospel Tabernacle. Three souls came to the altar and were saved. The salvation of souls became an every night affair. Conviction became so strong, one young man came to the parsonage in the day asking "What must I do to be saved?"

The week night crowds grew to such an extent that on the Friday night of the first week the largest crowd that ever crowded into the Tabernacle, seating close to 500, was present. For an hour and half to two hours the people listened with marked interest to subjects such as "Russia and Bolshevism in the Light of Prophecy"—"The Religious Conditions Today in the Light of Prophecy"—"The Wandering Jew"—"The End of the World." Rev. Ness illustrated his prophetic lectures with a large chart. Yes! God is blessing Fergus Falls in a marked way—and the miracle of it all is the work is just in its infancy.

united support to defeat the wermovement.

The resolution in part declares "We are anxious to save our state from the added crime and misery which this repeal would bring about . . . we urge upon every friend of truth and righteousness to work for the retaining of the amendment in our constitution by voting no on the repeal measure Nov. 8."

Rev. Henry H. Ness of the Fargo Gospel tabernacle is presiding at the conference. Three meetings are conducted daily with the morning session devoted to business problems and the afternoon and evening meetings to devotional and evangelistic services. Rev. Marvin Miller of Bismarck is secretary.

CHRIST'S AMBASSADOR'S RALLY

A rousing Christ's Ambassador's Rally and Baptismal service was held at the Fargo Gospel Tabernacle on September 30.

Representatives from Fergus Falls, Alexandria, Crookston and other near by Assemblies attended.

There was great rejoicing to see a good number follow their Lord in water Baptism thus showing to the world a determination to walk all the way with Him.

Rev. Henry Ness who is the Pastor of North Dakota's largest Gospel Tabernacle located in Fargo has been giving a series of real interesting Bible Studies on the Tabernacle in the wilderness, during the past two weeks.

NORTHWEST HUNGRY FOR GOD Pastor Christian Hild, Fergus Falls, Minn., reports: "A victorious revival campaign has just been concluded in the Gospel Tabernacle, Henry Ness, Pastor Fargo Gospel Tabernacle, Evangelist in charge. From the outset God blessed with the salvation of souls until the revival became a mighty affair. After an impressive divine healing service many testified to having been healed. The crowds increased to such proportions that at the end of 2 weeks the tabernacle, seating nearly 400 was too small. The city auditorium seating 1000 was leased and this also was soon filled so that some had to stand. Others were turned away. For 2 hours they listened to the message, 'Where Are the Dead?' The people, with the exception of a few, remained throughout the service. Truly there is a great fam-ine for the Word of the Lord."

EVERYBODY WELCOME!!

ONWARD, FOREVER ONWARD NUMBER 11

AT PRESENT there lies around about us a world that is speeding on to the day of its destruction. A world that is rushing madly onward to the day when God will renovate it by fire. A world which, for the larger part, is fairly tingling with the teeming millions which make up the lost humanity of today. Yes, tingling with the great surging, seething mass of humanity which is rushing about in mad fashion, little realizing that we are living in the last days. That the appearing of Jesus in clouds of Glory is coming on apace. They say God has dropped the reins of the universe and lives no more to-day-so they say "Let's go on with the dance---Let's eat, drink and be merry." The thought of religion, to their mind, is second to none. You say "WHAT DOES THIS MEAN?" Why bless your heart, Brother, Bless your heart, Sister, it is just one of the numerous "signs of the times". It fulfills the Bible account of "The last days"---"As it was in the days of Noah -- SO SHALL IT BE IN THE DAY'S OF THE COMING OF THE SON OF MAN." CHRISTIANS--Let's give heed to the impending catastrophe--Let us fight the good fight of faith--Let us "Lay aside every weight and sin which doth so easily beset us and let us RUN, with patience, the race which is set before US". Let us "--rejoice for the day of our redemption draweth nigh." And in closing, Let us set ourselves to the task of WINNING SOULS FOR JESUS BEFORE HE COMES!!!

GRAND FORKS.

The "last days" Revival spirit is sweeping through the land like a prairie fire. The "Showers of Blessings" are falling, copiously, in Grand Forks. Hallelujah. They have caught the vision. They are praying the Prayer that "--changes things." Things are thawing out up there--they are actually melting. Church people, in the habit of singing "Hark from the Tombs of Doleful Sound" are singing with meaning:

"Showers, showers of blessing, Showers of Blessing we need, Mercy drops round us are falling, But for the Showers we plead."

Yes -- they make the song fairly throb with meaning. Rev. Henry H. Ness was there Monday, Tuesday, and Wednesday, --during which time the spiritual tide soared to heights never yet reached before. On Wednesday night the building was filled, all but a few seats. It was a soul -stirring message and during the altar call some fifty hands were raised for prayer. To repeat "Eternity alone will reveal what is being accomplished in Grand Forks."

LAKE GENEVA CAMP

Soon it will be Summer, and with it comes the urge to get away for a good, restful vacation. Let's go to Lake Geneva Camp.Dr. PRICE WILL BE THERE, as well as a countless number of other prominent speakers. YES! it will be a close repetition of "The camp meeting of Forty years ago," Brother Beatty's favorite song. As you no doubt know Brother C. C. Beatty is the originator of the request "MEET ME AT LAKE GENEVA CAMP.

Echoes From the Lake Geneva Camp

Annual Camp at Lake Geneva Fast Becoming Greatest of All Time

By Pastor H. H. Ness

Someone said, "The Camp is over." Yes, in one sense of the word the Camp is over, but in

H. H. NESS

another sense, it is still going

This last summer we had the most glorious Camp meeting that we have ever had. One former Free Methodist brother a member of my assembly here in Fargo who has attended Camp meetings for the past 40 years, came home all bubbling over with joy and enthusiasm and said that it was the greatest Camp meeting that he had ever attended. He told me that he sat down immediately and wrote to all of his Free Methodist friends and told them about the wonderful time that he had at this Camp meeting and urged everyone of them to be there next summer.

One preacher came to me on the Camp grounds after one of the evening services and said, "Brother Ness, I am getting so filled up that unless I get out and get to preaching soon I will burst."

One night last week I was conducting a service in a Pentecostal assembly not affiliated with the Council, and the good brother in charge stood up and told us of the glorious blessing he had received thru He told how he had gone to the lings, as I have said before, is

couraged, but on his way home, he was rejoicing and was filled with enthusiasm over this wonderful Pentecostal way.

Surely, dear friends, the value of a Camp meeting such as we had this summer can never be measured in dollars and cents. True, a splendid Camp like we have with everything as up-to-date as possible is bound to cost a little money, but when we think of what is really accomplished each year at Camp, the cost is not worthy to be mentioned.

Preachers and Christian workers gather here from all parts of the country. Some of them have laboured under very trying conditions, and may feel discouraged over the results they have had, but in coming together with all the brethren and the saints and hearing how God is blessing in many other places and hearing these wonderful, inspiring messages given by Dr. Price, they are once more awakened to the glorious and wonderful possibilities in Christ, and once more leave camp with a new determination and filled with enthusiasm over this wonderful and glorious gospel of Jesus Christ.

Surely, God has been with us in the establishment of this full Gospel Camp. Surely we have much to thank God for in the splendid leadership and management of our dear superintendant, Brother Lindquist.

This camp is the outcme of much prayer , hard work and giving on the part of the saints of God.

While I am rejoicing over the wonderful success in the past Camp meetings, yet I feel that from a spiritual standpoint, the tide has only begun to rise. In these past five years, there has been a great burden upon the board of Presbytery and much time has been required each year during Camp in regard to the business end of the camp, but now we have come to a time when things are well established and well organized from the material standpoint, and I feel that from now on, we shall be able to give more of our time to the spirtual end of the Camp which is the foremost important part of the Camp meeting.

Truly, I thank God for the way He has blessed us, and the the Camp meeting thic summer. value of our annual Camp meet-Camp meeting somewhat dis- absolutely beyond estimation.

Already I am looking toward next Camp meeting which I know beyond a shadow of a doubt will far surpass even the glorious time we had this year.

SCHOOL CLOSING RUMORS UNTRUE

N. D. Superintendent Says Budget Cutting As Yet Unharmful

Through the Parent-Teacher associations of North Dakota it will be brought to the attention of parents of school children that there is a law on the statute books which forbids the sale of magazines known in common parlance as "smutty," and it will be up to those parents to see that the law is enforced in their respec-

tive communities.

Co-operation in the campaign to bar indecent magazines from Fargo news stands was voted by the Fargo Parent-Teacher council at the March meeting Wednesday in the high school study hall, but Mrs. J. W. Snyder, vice president of the state council, said the movement would be amplified to take in the entire state.

A Long Time Principle

Maintenance of high standards in reading matter for children has long been a principle of the P. T. A., Mrs. Snyder said, and in making a statewide project out of the movement developed in Fargo, the P. T. A. simply will be amplifying its present program. She said she believed that not many were aware the law speciically defines and forbids this objectionable type of literature, and from now it will undoubtedly be part of the P. T. A. efforts in the various communities to see that this law is enforced.

Mrs. Snyder, who reviewed state legislation regarding educational matters at the council meeting Wednesday, quoted State Superintendent Arthur E. Thompson of Bis-marck as saying that no child in the state is without educational facilities despite rumors "half the schools in the state are closed."

Thompson said, Mrs. Snyder remarked, that when he took office the first of the year he sent questionnaires to county superintendents asking the status of schools in their respective counties in an effort to

Franklin Group Meeting
The monthly session of the Parent-Teacher association of the Franklin school will also be held in the auditorium Wednesday, at 7:30 p.m. J. G. Moore, superintendent of the Fargo public schools and Rev. Henry H. Ness will speak. Rev. Ness will speak on, "The Wise Use of Leisure Time," which is one of the seven objectives of the national P. T. A. program. Mr. Moore's topic has not been decided. The Gideon Male quartet, comprised of Thomas Greenshields, Robert Gibb, J. E. F. Brown and Ernest Huffman, will sing.

Mrs. P. V. Olson, H. E. Major and R. Rivers and Miss Clara Lobben will be hostesses.

MAGAZINES ARE UNDER BAN

Secret Committee Making Survey of All City's Newsstands

Fourteen illustrated magazines are under the han as "indecent," and a secret committee is now making a check of news stands to report display and sale, it was announced Thursday by Rev. Henry H. Ness who began the campaign against "smutty" literature in Fargo.

Ness said he had turned copies of the list he had drawn up over to City Attorney M. W. Murphy and Chief of Police Charles W. Albright and said the secret committee was to make its reports to States Attorney A. R. Bergesen. Ness was authorized to compile a list by the city commission.

Claiming that the movement against magazines of this nature is spreading throughout the state, Ness cited a letter he had received from States Attorney Jack Adams of Lis-bon who asked for Ness' list of banfind an answer to the theory that schools were closing in wholesale lots because of sharply curtailed revenue.

'I have received a number of congratulatory phone calls and letters from Fargo residents," Ness said, and the campaign is getting wide endorsement. Rev. Ivan Miller of Brainerd who was in Fargo for several days recently advises me he is taking steps to put the movement into effect in his town."

Friday is the "pick up day" for

magazine distributors when they take up the unsold copies from the dealers and it is believed at that time most of the objectionable magazines will be removed.

Moorhead joined Fargo Monday in putting the ban on smutty magazines. James A. Garrity, Clay county attorney, requested Moorhead police to order removal of all "indecent and other printed matter from news stands.

Earlier in the day the Fargo city and county officials issued an ulti-matum and A. R. Bergesen, states attorney for Cass county, made public a statement warning that sale or distribution of this type of litera-ture is contrary to law and punishable as a crime.

Garrity called attention to a Min-nesota statute which makes the of-fense of selling, distributing or giving way indecent literature a gross misdemeanor, punishable by a fine of from \$100 to \$500 or a jail term of from 90 days to one year, or both.

In both counties, Rev. Henry H. Ness, pastor of the Fargo Gospel tabernacle, presented a petition, signed by prominent Fargo and Moorhead citizens of many creeds and denominations asking that action be

They Will Disappear

The deplorable situation with relation to the distribution of a certain character of magazines, brought forcibly to public attention through the work of Rev. H. H. Ness, calls for just the sort of cleanup States Attorney A. R. Bergesen has ordered. Laws governing the display and sale of obscene literature are adequate, and there should be no hesitancy upon the part of news dealers to cleanse their shelves of the objectionable publications.

That the news dealers, themselves, have carried various magazines upon their stands without knowledge of the real character of material offered, has been made clear by a preliminary canvass. Numerous dealers, when their attention was called to the situation, were quick to eliminate them, declaring they had no desire of participating in the vending of the base stuff that makes up the contents of some of the smut magazines.

We do not understand that Fargo is attempting to set up a book censorship, of the type that has fallen into disrepute in some sections. It is goin; after the patently obscene - magazines whose only excuse for existence is the appeal to base instinct.

Offensive in the extreme, the questioned magazines have no place on news dealers' stands. That they will disappear therefrom goes without saying, for now that the type of the magazines has been brought into relief, no reputable dealer would handle them.

SERMONETTE FOR TODAY

"YE MUST BE BORN AGAIN" By Rev. Henry H. Ness, Pastor, Fargo Gospel Tabernacle

The first thing we need, and indeed the one great essential in every life is a real born-again experience. Not an empty, shallow profession of knowledge of scripture, but the possession of a real living Christ who walks and communes with you along life's pathway and tells you that you are His, and that He is yours forever and forever. Many professed Christians know about

with you along the spatinway and tells yours forever and forever. Many professed Christians know about Christ who do not really know Him; many have a form of Godliness but deny the power of a life that is hid with Christ in God. Real salvation is only experienced and can never be explained. No subscription to any code of ethics, no intellectual assent to any assent to any dogma, no mental appreciation of any truth can in itself bring about the salvation of the

Only the simple faith of the man who stakes his all on the ver-acity of the Word and who

Word and who stands upon the integrity of the promises, can ever bring about that wondrous change in the heart that the Bible calls salvation. No amount of reasoning will ever suffice. Spiritual things are only spiritually discerned. No man can see the truth in the Word or behold the glory of a personal saving Christ vho has not a spiritual vision. No man can hear the voice of Jesus, sweet as bells at evening pealing, who has not a spiritual ear. No man can understand the power of redeeming grace who has not had the renewed mind and experience within the confines renewed mind and experience within the confines
of his own life, the transforming power of God.

It took the dynamics of saving grace to change
Saul of Tarsus into the indomitable hero of the

cross defending the faith before Agrippa. It took the magnetism of a love that was divine to draw Peter from the fishing nets of Galilee to the way that the Master went. It took a salvation that was real to transform a Magdalene or to change a heart of stone.

Oh, to forget the world and its cares; to cast aside, if needs be, even reason and our preconceived ideas of God and things and become as the Savior Himself once said, "as a little child." Then to throw yourself in that childlike faith onto the sea of His infinite love and BELIEVE, BELIEVE, BELIEVE.

In these days of morbid materialism and so-

BELIEVE, BELIEVE.

In these days of morbid materialism and socalled rationalism that destroys all vital faith,
the mind and heart of man has been demanding
proof. "The wind bloweth where it listed and
they heareth the sound thereof, but thou canst
not tell whence it cometh or whither it goeth,
so is everyone that is born of the spirit." Proof?
We demand it and, praise the Lord, we can have
it. The proof of the pudding is in the eating.
The proof of salvation is in the experience. With
out the experience it can never be proved and
we shall search in vain for our truth until we
come to Him who said, "I am the way, the truth
and the life."

What a glorious proof it is when at last He

come to Him who said, "I am the way, the truth and the life."

What a glorious proof it is when at last He comes. Bound by fetters of habit and of sin, in our extremities we seek the Lord. We grasp at His golden promise and hardly believe that it can mean us. We have tried the broken cisterns and have found that their waters failed. "This poor man cried and the Lord heard him and delivered him out of all his trouble." What a deliverance. The Lion of the tribe of Juda breaks every chain. Habits are broken and sin fetters are snapped. Through the portal of the heart walks the son of God. The dungeon flames with light. Old things are passing away, and behold all things are becoming new. The heart of stone is changed to a heart of flesh. The glory of the Lord bursts upon the soul until His praises leave our lips and the glory of the Lord is revealed in the land of the living.

One experience may not parallel another. One conversion may not be like another, but one thing is sure: there is taught in God's word a clearcut, definite, concrete experience of sins forgiven and a change of heart and no man should be or rest smugly satisfied with his own condition, until the knowledge of that change is a "real experience" in his life, "Ye must be born again,"

The purpose of the North Central Bible Institute is to promote a thorough knowledge of the Word of God, in order that the lives of those who enter may be conformed to Bible standards and governed by a supreme devotion to the interests of God's kingdom.

For those who do not realize any special call to the ministry, but who feel their need of Bible study, opportunity is given to enter into all or part of the courses of study, as may best suit their needs.

For those expecting to enter the active ministry of the Gospel, the Institute aims to provide a practical course of instruction and training along Full-Gospel Evangelistic lines, in an atmosphere and amid surroundings conducive to keeping the student on fire spiritually and active in the work of soul-winning.

Every student is expected to develop and retain an earnest desire for the salvation of souls, and to become a faithful worker in the Lord's great harvest-field.

The Institute, located near beautiful Powderhorn Park in the City of Minneapolis, is headquarters for the North Central District Council. Minneapolis, as well as the adjoining smaller towns, affords splendid opportunities for students in practical Christian service. Hospitals, jails, reformatories, missions, and small churches provide a field for Gospel work.

"Except a corn of wheat fall into the ground and die, it abideth alone."-Jn. 12, 24.

The process by which God develops in us those virtues with which He has endowed us is quite the reverse of our usual idea. We long for endurance, courage, faith, hope, love, etc., supposing these qualities will be developed by a strong,

aggressive selfeffort. We may add to this our petition for God's help, rather expecting that this will be given in a way akin to one lending his arm to support another. Many do achieve moral strength by this means, but utterly miss the mark and fail to measure up to God's standard.

The strength and growth of our spiritual nature can

only be realized as we, like the corn of wheat, are planted in death, death in Christ and to the selflife. When we have yielded to and have been planted in the likeness of the death of His Son, then begins the divinely beautiful process of selimmolation.

Most of us would be willing for the crucifixion of self if only we could die all at once, but neither in nature nor yet in the spiritual realm is this in accord with the transforming process of God. The corn of wheat must fall into the ground, or be planted in death, and then it continues to die, but how few of us are willing to accept the spirit of crucifixion, which is the willingness to say with the Apostle Paul, "I die daily."

The spirit of crucifixion is the spirit of constant, eternal submissiveness to the will and disposition of God, whether they bring weal or woe, pain or pleasure, sorrow or distress. Gladly the soul signs its own death warrant and in silence accepts the operation of death. Quietly it rests in confidence and faith, its own will is lost in union with God that accepts and embraces the rugged cross and feeds upon suffering as the dying seed of corn feeds upon the disintegrating elements of nature operating by the laws of fertility and dissolution. The spirit of crucifixion is love aflame with a passion for God, that sees in the flery trial the immolation of self that the love tie with Him may be strengthened. It is willing to die over and over again if, by so doing, the fathomless billows of divine love will be deepened and broadened. It will experience as much joy in eating of the bitter herbs of life as of the sweet.

The spirit of crucifixion finds great satisfaction in knowing that when the outer shell and fibre disolve the seed will spring up, that like as Christ died and rose again, even so we "should walk in newness of life." As precious as the apple of His eye is the soul whose life is hid with Christ in God and who is a partaker of the sufferings of Jesus. As such an one suffers with Him here he is worthy to reign with Him in glory. "Except a corn of wheat fall into the ground and die, it abideth alone," but if it die it bringeth forth, first the plant, then the stock, and then the fruit. Except we possess the spirit of crucifixion and willingness to embrace the pathway of suffering, we shall be barren and unfruitful Christians; but if we do this, we shall grow into the fullness of the stature of the image of Christ. It is only as we are willing to die to our own selfishness and selfgratification that we will be fruit-bearing Christians and let us remember the words of Jesus wherein He said that "Herein is my Father glorified that ye bear much fruit; so shall ye be my disciples." Jn. 15,8. Amen.

Today's Sermonette

By Rev. Henry H. Ness, pastor, The Fargo Gospel Tabernacle.

"WHAT MEANETH THIS?"

"And when the day of Pentecost was fully come, they were all with one accord in one place. And they were all filled with the Holy Ghost, and began to speak in other tongues as the Spirit gave them utterance." Acts 2:1,4.

Today is Whit Sunday, or better, the day of Pentecost, the day set apart in commemoration of the initial outpouring of the Holy Spirit in

Jerusalem nearly 2,000 years ago. Ten days previous this glorious outpouring of the Spirit, the Master had told His dishad ciples to "tar-ry" until they had been endued power from on high. About 120 were obedient to the command and received a wonderful baptism with the Holy The day of

Pentecost often referred to as the "birthday" of the church, but this an error. The day of Pentecost was the day of the first outpouring or enduement with power upon the members of the early church. Other like outpourings of the Holy Spirit took place upon Christians at Samaria, Acts 8:14; at Casarea, Acts 10:44; and at Ephesus, Acts 19.1. These phenomenal outpourings have been experienced by Christians in every age up to the present time, why shouldn't it be? Is God a respector of persons? Has there not always been the need of this heaven sent power among Christians of every age as well as among the early disciples? Surely the great need of the church today is not simwhen ply to celebrate a historical Pentecostal outpouring but to seek and pray for a personal experience that will correspond with that of the day of Pentecost.

What the church needs today is more power, more modernism, like a flood have come upon us and it is going to take more than eloquent and flowery sermons and dead ceremonies to counteract it. It is going to take no less than a supernatural power of the Holy Ghost working in and through those who profess to be the followers of Jesus Christ. It is going to take less "supper rooms" and more "upper rooms," less feeding the "stomach" and more feeding the "soul," less "worldliness" and more "Godliness." "Not by might nor by power but by my Spirit, saith the Lord."

Pentecost-not the celebration of a historical but a present day individual experimental Pentecost. On the day of Pentecost at Jerusalem it was not the Apostle Peter's sermon that it is brought about the conversion of 3,000 u have souls but rather what they "saw" and "heard," that is, the outpouring ner su- of the Holy Spirit and the speaking with other tongues. As the multi-tudes gathered, they marvelled and were amazed, and asked, "What meaneth This?" which forced Peter to make an explanation, which really all that Peter's sermon amounted to. Peter said, "This is That.

And what is greatly needed today is some more of "that," the same "that" they had on the day of Pentecost in the city of Jerusalem. Paul writes in I Thess. 1:5: "For our gospel came not unto you in only, but also in power, and in the Holy Ghost, and in much assurance. When there is Pentecostal power manifested it brings about "much asto the listeners. Shall we surance" in the face of the spiritual drought so prevalent today, seek the face of God for a new and fresh Pentecostal experience in our lives?

SAD AND SHORT

dued with" the power of the Holy Ghost, that, need is just as great today.

Some time ago we commented upon the fact

Today we find the church endowed with great financial resources, educational institutions and marvelous church edifices, with beautiful forms of worship: but where is the power? These material blessings are splendid as far as they go, but without the power of the Holy Ghost it becomes all mere form without any power. "Not by might, nor by power, but by my "Spirit," saith the Lord. (Zech. 4:6).

The great need of the hour in the church of Jesus Christ is to follow the original exortation to tarry for the "power of the Holy Ghost." We are living in days when the ministry and the mission of the church of Jesus Christ is more needed than in any other period since its origin; but without the power of the Holy Ghost the church stands as helpless as the once powerful Samson who said: "I will go out as at other times before and shake myself." And he wist not that the Lord was "departed" from him.

The great danger in the church is the failure to recognize whether the Lord is present or not. While we recognize the great benefits from educational programs and other enterprises let u remember that the greatest and most essential all needs is to be "endued" with power from high. Every member of the church ought to a Spiritfilled, member, and every Sunday sch teacher, evangelist, or pastor should be "fil" with the power of the Holy Chost. Amen.

"THE GREAT NEED OF THE CHURCH TODAY" By Rev. Henry H. Ness, Pastor, Fargo Gospel Tabernacle

Text: "Ye shall receive power, after that the Holy Ghost has come upon you."-Acts. 1:8.

After Christ had fulfilled His earthly ministry He established His church to carry on the mission and the ministry that He had begun. In order to fulfill this mission and to carry out this ministry it was

necessary for the church to be endued with the same power through which Christ performed His ministry namely, the power of the Holy Ghost. Realiz ing that without the power of the Holy Ghost they would be unable to carry on His mission, He oom manded them to "tarry

watil ye be endued with power from on high.' (Luke 24:49). If the great need of the church the beginning was to "tarry for," and be "en-

Revival!!

URING the early part of 1926 a group of God's children met in the home of Brother and Sister J. W. Miller praying earnestly that God would send an old fashioned Revival to Fargo. The presence of the Lord was manifested remarkably in these cottage prayer meetings and God laid it upon our hearts to call an evangelist for a Revival Campaign.

Believing this was the will of God and having faith in Him, we decided to call Rev. Henry H. Ness who was then holding a campaign in Minot, North Dakota. A telegram reading something like this was sent, "REVIVAL COMING THIS WAY. PLEASE COME AND HELP US. NOT MUCH MONEY BUT LOTS OF FAITH." After much prayer, God laid it definitely upon Rev. Ness' heart that he should go to Fargo.

FAITH." After much prayer, God laid it definitely upon Rev. Ness' heart that he should go to Fargo.

The only place obtainable for a Campaign was the Chapel of the old Fargo College which had not been in use for some time. In this place, Rev. Ness began a Campaign on April 6, 1926. He preached the gospel without compromise and the Holy Spirit was present to do his work in convicting souls of their sins. During the first two weeks, about 28 came to the altar definitely accepting the Lord Jesus Christ as their personal Saviour. Rev. Ness was at that time pastor at Brainerd, Minnesota, but was finally persuaded to resign his pastorate and come to Pargo to take up the work which had been begun.

God's blessing continued to rest upon the meetings under the leadership of Rev. Ness and many souls were saved and filled with the Holy Spirit. Other evangelists were also called to help.

What is known as The Gospel Tabernacle was at this time organized and incorporated under the State Laws of North Dakota and officers were elected.

One of our greatest difficulties was to get a regular place in which to worship so it was necessary for us to move from one place to another; from the Fargo College to the Lincoln Hall; from there back to the Fargo College; and then to the American Legion Hall, etc. However, God was with us even though we were tremendously handicapped in more ways than one.

In the fall of 1927, we were informed that the services in the Broadway Methodist Church were to be discontinued and we were fortunate enough to lease the building for three years, which seated about 425 people. God blessed in such a way that before long, the building was filled to capacity each Sunday night. A great number of souls were saved and filled with the Holy Spirit and many healings were manifested. We continued our services in this place until the building was destroyed by fire on January 21, 1930.

We are thankful to God for the wonderful way He has blessed not only in our services here in Fargo but also over the Radio. Thousan he should go to Fargo.

At the present time, we are making preparations for our new and permanent Tabernacle. The site has been purchased and steps are now underway for building a Tabernacle that will be suited for our purposes and also large enough to accommodate the crowd.

The Revival fires are still burning in our souls and we are very anxious for the new building to be completed so that we can continue this great work which God has entrusted to us. We ask that you join with us in prayer that God will send a real Holy Ghost Revival into all the parts of this great Northwest. Amen.

Union Baptismal Service

A great baptismal service was conducted Friday, Dec. 2, at the Fargo Gospel Tabernacle. Candidates from Barnsville, Fergus Falls and Fargo followed the Lord in water Baptism. Evangelist Christian Hild brought 24 candidates from Fergus Falls. Evangelist Luther Sherlund brought the ones from Barnsville. This was the second time groups have come from Fergus Falls and Barnsville to be baptized. It is a wonderful evidence of the Faithful work done in these two cities by brethren Hild and Sherlund. Pastor Henry H. Ness of the Fargo Gospel Tabernacle conducted the Baptismal service with about 500 people present.

meetings. Their Gospel tent was located right in the heart of the business section less than a block from the post office on two United States highways.

Meetings began Sunday July 23 and

was to continue for many weeks.
Pastor Thure Johnson of Noonan, N. Dak., with his two daughters were conducting the services for some little time and his ministry was greatly used of God in bringing conviction upon the people. The two girls were used won-derfully in their ministry of song.

Assistant District Supt., H. H. Ness gave them a few nights meeting and while in their midst was much used of the Lord in bringing to them his anointed messages on sanctification and holiness. Brother Ness and his visit was much appreciated by the congregation.

Two important meetings were scheduled to take place soon, one of them under the direction of the Christ Ambassadors which was to be a Young Peoples Rally. A few days later the sectional fellowship meeting was to be held at Dewey.

PRINGLE, S. DAK.

Pastor Thos. B. Thompson and family in charge of the work at Pringle have reported some wonderful progress in their work.

Recently, Brother Henry Ness, Assist. Dist. Supt. visited this work and set the assembly in order. During Brother Ness's visit there were large crowds in attendance.

Pringle is the full gospel center of the Black Hills according to Brother Thompson's report and the work is growing rapidly.

At Dewey, Brother Thompson is also the pastor and this congregation has been set in order. They are expecting to build a log tabernacle very soon. Evangelist Herbert Griepp, recently

graduated from the North Central Bible Institute, has been helping Brother Thompson and recently closed a three weeks revival campaign which proved a great blessing to the work.

Word has been received from Evangelist E. E. Krogstad of Albert Lea, Minn., that he is now in a gracious revival at Mannanah, a country place in the neighborhood of Eden Valley, Minn.

Brother Krogstad reports some blessed services and a number of souls saved.

Climbing fast up the ladder of success was another young man in the Middle West. For awhile he was in business for himself but later accepted a very inviting offer from the Standard Oil Company, as superintendent of all the service stations in Minneapolis and St. Paul. From thence he was promoted into the sales' department where he held a responsible position. It was at this juncture of his life that God crossed his pathway; one of the young lady stenographers in his office was faithful to witness for her Lord and she often spoke to her employer about his soul. Later, upon her invitation Mr. and Mrs. Henry Ness attended the church to which this stenographer belonged and this first visit was repeated again and again. One night Mr. Ness chose the theatre while his wife went alone to the church. And that very night his wife came home with face radiant with a new glory and as she threw her arms about her husband she cried again and again, "I am saved! Oh, I'm saved! You too must be saved. It is so wonderful." Having been in contact with real Christianity in his boyhood days Mr. Ness realized that his wife had a genuine experience and he never opposed her in this. Just two weeks later he surrendered to Christ in his own home and soon after received the Baptism of the Holy Spirit and a call to the ministry. So strong was the call upon him, so urgent the need of winning the lost that he did not long hesitate but resigned his position. A competitive firm, hearing of his resignation, immediately offered a position with a lucrative salary. One of his spiritual advisors, knowing the trials that a minister often faces, rather feared for him and said, "Mr. Ness, you had better think twice before taking such a step. You will never get anything near that money in the ministry"; but Mr. Ness emphatically replied, "It is all settled," for by this time all earthly gains had lost their charms for him and nothing but the salvation of the lost could satisfy him now. So he enlisted in God's army and in the years that have followed the Lord has privileged him to see many thousands saved and brought in definite touch with Christ. He was pastor of the Fargo Gospel Tabernacle which has an average attendance of five hundred and was also Assistant Superintendent of the North Central District until just recently when he accepted a call as pastor of a church

in the State of Washington.

Before coming here Mr. Beatty was for many years dean of the denomination's North Central Bible Institute in Minneapolis.

As an accredited school for the ministry, the Northwest Bible Insti-tute will hold eight-month terms each winter. Three years will be required for graduation and ordination into the ministry. The curriculum also includes training for both home and foreign missionary work. Lay workers will be trained for Bible and Sunday school teaching.

Besides Mr. Beatty and Mr. Ness, the faculty will include Mr. Swanson and the Revs. T. A. Sandall, Frank Gray and C. E. Butterfield. This will be the first school estab-lished by the Assembles of God in

the Pacific Northwest, according to Mr. Ness.

MINISTRY OF REVS. PURDIE AND EVANS ENJOYED

This is the first time that Brother Purdie and Evans have attended Lake Geneva Camp and they received a very hearty invitation to return again. We were also very happy to have in our midst again Pastor Henry Ness now located at Seattle, Wash. Brother Ness was the former pastor at Fargo and his many friends throughout the District were very glad to see him. Brother

Ness spoke at one of the services and manifested his usual interest in the camp meeting. He promised to return in 1935 and bring his whole family with him again. We deeply miss Brother Ness and trust that it may please the Lord to have him return to our District again.

REV. NESS BROADCASTS FROM SEATTLE

Brother Ness reports that the radio program from his Seattle assembly are being heard far away, even back here in our District. We are glad that we can hear our beloved brother as he ministers from afar and may the Lord bless him in his work over the air. Brother Ness will be on the air every Friday night at 11 o'clock Western Standard Time (9 M. C. S. T.) over Station KJR 0 Kilo, 5000 Watt) Seattle, Wash. ne in and enjoy these programs.

Presenting the Story of The Hollywood Temple, Seattle, Washington, and the Salvation and Call to the Ministry of its Pastor

O NE OF THE most thriving churches in Pentecost is the Hollywood Temple of Seattle, Washington. This church was started some six years ago by a group of people from the Elm Swedish and the Norwegian-Danish Bap-

Pastor Henry Ness

tist Churches. The power of God had fallen in a marvelous way in these two churches but opposition from their pastors and some of the Board made it necessary for this group to withdraw and organize a church where they could worship God according to all the light He had given them. This beautiful building was then erected and from the

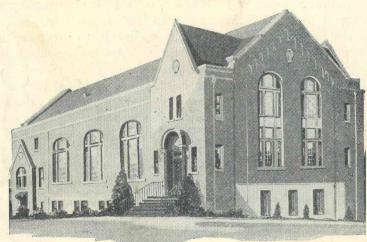

very beginning the blessing of the Lord has rested upon the congregation. It has had a constant growth and a most blessed spirit of unity and fellowship has been continually manifested among the members.

In November, 1933, this congregation called Rev. Henry Ness as pastor. When God first crossed his pathway, Mr. Ness was fast climbing up the ladder of success, as the world counts success. For awhile he was in the drug business but later accepted a very inviting offer from the Standard Oil Company, as superintendent of all the service stations in Minneapolis and St. Paul. From thence he was promoted into the sales department where he held a responsible position. It was at this juncture of his life that he learned there were greater values in life than material success. One of the young lady sten-

ographers in his office was faithful to witness for her Lord and often spoke to her employer about his soul. Later, upon her invitation, Mr. and Mrs. Henry Ness attended the church to which this stenographer belonged and this first visit was repeated again and again. One night Mr. Ness chose the theatre while his wife went

alone to the church. And that very night his wife came home, her face radiant with a new glory; as she threw her arms about her husband's neck she cried again and again, "I am saved! Oh, I am saved! You too must be saved. It is so wonderful!" Having been in contact with real Christianity in his boyhood days Mr. Ness realized that his wife had a genuine experience and he never opposed her in this.

Just two weeks later he surrendered to Christ in his own home and soon after received the Baptism of the Holy Spirit and a call to the ministry. So strong was the call upon him, so urgent the need of winning the lost that he did not long hesitate but resigned his position. A competitive firm, hearing of his resignation, immediately offered a position with a lucrative salary. One of his spiritual advisors, knowing the trials that a minister often faces, rather feared for him and said, "Mr. Ness, you had better think twice before taking such a step. You will never get anything near that money in the ministry"; but Mr. Ness emphatically replied, "It is all settled," for by this time all

Hollywood Temple, Seattle, Washington

earthly gains had lost their charms for him and nothing but the salvation of the lost could satisfy him now. So he enlisted in God's army and in the years that have followed the Lord has privileged him to see thousands saved and brought into definite touch with Christ. He

(Continued on page 21)

was pastor and founder of the Fargo Gospel Tabernacle which has an average attendance of five hundred and was also Assistant Superintendent of the North Central District of the Assemblies of God, when he accepted the call

to Hollywood Temple, Seattle, Washington.

During the past year the work has had a most phenomenal growth; an increase in Sunday School of 92%, a membership gain of 40% and a financial gain of \$3,000 over the previous

An outstanding new feature during the year is the establishment of Hollywood Temple as the home of the Northwest Bible Institute of the Northwest District Council. Pastor Ness was elected principal and Rev. C. C. Beatty the dean. The school has had a most propitious beginning with forty-nine day students.

The Hollywood Temple has many outside activities such as Mission Work, Hospital

Work, Reformatory Work, Street Work, and Radio. They are broadcasting each Sunday afternoon over Station K.J.R., 970 Kilo., 5000 Watt. They have recently purchased a splendid gospel bus which is constantly being used for the activities of the church and also the Bible School.

Hollywood Temple is located in the most progressive and growing part of the City of Seattle and the future of this church seems very bright. They are looking forward to a real revival and outpouring of the Holy Spirit.

At the present time they are contemplating the erection of a large sign on the roof of the building. The church is situated on a slight elevation and this sign will be visible for quite a distance. It will read "Jesus Saves" in red neon with a large blue star at the top. The top letters are to be nine feet high and the lower line six feet. The sign will be approximately thirty-five feet high and forty feet wide. God grant that as this sign flashes out its message "Jesus Saves" it may truly be a light to many wayfaring men and women sinking in the black waters of sin.

New School in Northwest

At the annual district meeting, the past summer, definite plans were made for the opening, of a training school for Christian Workers in the Northwest. Through the efforts of Pastor Henry H. Ness, the Hollywood Temple of Seattle was offered as a home for

As a result of these preliminaries the Northwest Bible Institute was launched October 1st in the splendid building provided by the Seattle congregation.

The intitial enrollment was small due to the limited time between the consummation of plans and opening of the school, but there has been a gradual growth until now we have 48 day students and over 50 attending the night classes, with a large list of prospects for the next term.

Seattle affords a splendid opportunity for girl students to secure part time employment for which they receive board and room, and in most instances \$2.00 per week compensation. There are many missions, small churches, jails, reformitories, etc., which make openings for practical work for the students of the greatest variety. By means of a large modern bus, many points outside of the city are visited by the student body, and by their ministry churches in these outlying places are given a boost, while at the same time the students are being given practical training.

This Institute offers a full three year course, a short two year course and a special one year course. The Hollywood Temple provides ex-cellent quarters for the class work, and the moderate climate of Seattle presents a very inviting situation for young men and women of this district who wish to prepare themselves for any kind of Christian service.

Pastor Henry H. Ness is principal of the school and Elder C. C. Beatty, formerly of the North Central Bible Institute of Minneapolis, Minn., is the dean. These brethren are ably assisted by Pastor Thomas A. Sandall, District Secretary, Pastor Charles E. Butterfield of Bethany Temple, Everett, Wash. Prof. Delbert L. Increased Enrollment Marks New Year's Start

Among rapidly developing institutions of North Seattle is the Northwest Bible Institute. Two years ago the Institute opened its first session in the Hollywood Temple, E. 69th and 18th N. E., with 25 students. A year later, enrollment had grown to 140 and now the third season is opening with approximately 250.

Hollywood Temple is now constructing a \$15,000 addition to accommodate the growing congregation, as well as the increasing enrollment of the Bible Institute.

The Northwest Bible Institute, while offering some academic work, is primarily a preparatory ic school for ministers, missionaries m and other Christian workers. The Institute is the official school of the Northwest District of the As- | ec semblies of God, comprised of pe Washington, Oregon, Idaho, Utah is and a part of Montana and Alaska The school is not confined to this territory or one denomination.

"Meet Your Pastor"

REV. HENRY H. NESS

Came to Seattle in 1933 to accept the pastorate of the Hollywood Temple at E. 69th and 8th N.E., from Fargo, North Dakota, where as a result of his ministry he left behind a beautiful tabernacle with a large congregation.

Under the Lord's blessing, and upon an uncompromising stand for the full Gospel, the Hollywood Temple has continued to grow with Pastor Ness in charge, until now it has a membership of over four hundred. In March, 1937, a \$25,000 addition to the building was completed, adding offices and seven more Sunday School class rooms. Before the year ended, however, the Temple was being used to capacity. The Sunday School enrollment is more than 600 and the average attendance exceeds 400 per Sunday for the 23 classes.

Expanding the scope of its ministry, the Hollywood Temple purchased the building formerly used by St. Mark's Lutheran Church, at 15th Ave. N.E. and E. 92nd St., renamed it the Gospel Chapel, and opened May 1 of this year for regular services.

Pastor Ness became principal of the Northwest Bible Institute when it was opened Oct. 1st, 1934, housed in the Hollywood Temple. The institute closed its fourth year last month with 236 students and a graduating class of 57.

Dedication of the new \$20,000 addition to Hollywood Temple, 8th Ave. N. E. and E. 69th St., will take place at 2:30 o'clock tomorrow afternoon under the leadership of the pastor, the Rev. Henry H. Ness.

The dedicatory sermon will be delivered by the Rev. T. A. Sandall, district superintendent of the Northwest District of the general council of the Assemblies of God. Other speakers will be the Rev. Frank Gray of Tacoma, the Rev. C. E. Butterfield, Everett, and the Rev. P. S. Jones and the Rev. Ralph Sanders, Seattle.

GROWN IN STRENGTH

Hollywood Temple was organized in 1927 with thirty-eight members, moved into a new modern building the following year and has grown steadily in membership since the Rev. Mr. Ness took over the pastorate three years ago. The new addition will increase the seating capacity of the main auditorium to 1,000 and provide more space for Sunday School classes and other activities.

The church also serves as the home of the Northwest Bible Institute, which has an enrollment of 221 day time at the church as th

231 day time students.
At the regular worship at 11 a. m. tomorrow the Rev. Harry E. Bowley of Belleville, Ill., will begin a three-week revival campaign. Services will be held every night except Saturdays.

My Dear Brother Ness:

Loving greetings in the name of the Lord Jesus Christ.

It gives me great pleasure to convey to you the Resolution passed by the District Presbyters June 26th, 1935, in which they unanimously expressed their most sincere thanks and appreciation for your untiring labors of love and devotion in promoting and fostering, under the loving guidance of the Holy Spirit, the Northwest Bible Institute. Under your direction, and splendid spirit of co-operation, the many problems and burdens have been overcome and the School now stands as a monument to what God is able to do through channels that are yielded to Him.

Please accept our most sincere thanks and expression of gratitude for your untiring labors of love, and the loving co-operation of your whole church, who have been so willing to sacrifice to make the school a success under the hand of God. We trust and pray that you will have the joy of seeing great results and fruit from the school in this world and in the ages to come.

We are praying God's richest blessings upon you for the coming year, and may His divine grace strengthen you to both body and soul, as you shoulder the many burdens and cares. Num. 6:24-26.

Yours in the bonds of His love,

A turn toward more ancient, basic faiths from the highly socialized church of today, in the words of Rev. R. R. Carmichael, the Gospel Tabernacle is one of many churches or the Assemblies of God, a new, yet old denomination, founded in 1914.

As its mission it has less of community activity and stresses evangelism, the spiritual touch, personal visitations and prayer. Prayer bulks large in its program of worship, together with spirited sermons and spiritual work.

A community need, however, is filled by two organizations, the Christ Ambassadors, or young people, and the City Sisters. The Christ Ambassadors carry on a major part of the work outside of the church, visiting jails to present services and carrying on extension work in surrounding towns. The City Sisters, a group of 12 women, superintend the church's charities and visit and minister to the sick.

Hollywood Temple Annual Report

Shows Remarkable 5-Year Progress

through God's blessing, for much of the expansion of the Temple's Spiritual ministry throughout the city. In addition to their own Sunday evening services, the young people take the scriptural Gospel of Jesus Christ into missions, jails, outside Sunday schools, and other localities.

At least 19 children, responding to their own desires, publicly accepted the Lord Jesus Christ as their personal Savior in Hollywood Temple's new Gospel Chapel during 1938, the Chapel Sunday School super-intendent, C. E. Spencer, reported. Total Sunday School attendance was 481 for the 33 Sundays since the Chapel was opened last May 1 as the Northeast district branch of Hollywood Temple. God also has blessed the Sunday morning and Friday evening worship services held there.

That "God is no respecter of persons" has been strikingly demonstrated by the yellowers.

been strikingly demonstrated by the valuable work carried on in the Filipino Mission Sunday School. Last year's attendance was 513, made up of Filipinos, Japanese, Chinese, Negroes, and white children, who received the same Gospel and worshipped the same God—the living God, Jehovah. Sister Peterson, who is in charge, "has the hardest of the hard jobs of Hollywood Temple," said Pastor Ness in lauding the work in that slum mission.

In the five months since it was opened last July 24, the Cottage Lake or Avondale Sunday School has had a total attendance of 593, an average of 26 each Sunday, Brother William A. Wright reported.

Not only have many boys been definitely converted by Christ during the Sunday School services at the parental school on Mercer Island during the last year, but the youngsters have been holding their own mid-week prayer meetings and many have testified of their regeneration through the power of the Spirit and of positive healings by the Lord in response to prayer. Brother Fritz Peterson has been in charge of the Mercer Island work approximately 20 years. It now is supported by three North End

Pentecostal churches.
Submitting their final report, the Hollywood Temple's Visiting Committee, headed by Mrs. Malcolm Johnson, told of the group's making at least 1267 visitations to sick persons at home and in hospitals during 1938. "We have sought to comfort the bereaved and sorrowing aid the despendent ing 1938. "We have sought to comfort the bereaved and sorrowing, aid the despondent financially or with food and clothing, encourage and pray with the weak and weary, tried to help solve difficult problems," and in many other ways to "bear ye one another's burdens, and so fulfill the law of Christ."

"As we are closing this year's work with apparent success, let us not forget to give God all the honor and glory," urged Brother Forland in his report. "May we ever keep humble before Him and acknowledge that it is He, the Blesser, who gives the blessWITH thanks and praise to God from whom all blessings flow, another year of

Report of the church secretary, L. M. Forland, which was read at the annual meeting in the Temple New Year's Eve, included the following comment: "Just five years ago at this time, our pastor, the Rev. Henry H. Through his wise leadership and initiative outstanding progress has been made, for which we thank God. In these five years we have received 325 into membership."

(To be eligible for membership in Hollywood Temple, a person must have been definitely converted—born again or regenerated—by the power of the Spirit of the Lord, and also baptized—immersed—in water.)

The Hollywood Temple has also made wonderful progress financially. The income for the two years prior to the coming of Pastor Ness was, in 1932, \$6,704.63; in 1933, \$6,379.27. In 1934 it jumped to \$9,388.80; in 1935, \$10,844.90; in 1936, \$15,389.88; in 1937, \$19.067.12; and 1939. \$19,067.12; and 1938 closed with a total in tithes and offerings of \$20,384.64.

Looking Forward to Christmas

Traditional holidays! Traditional music! The one suggests the other, and over all the world the thought in the mind of man is contained in the simple story of the birth of Jesus and Christmastide. Christmas music! A world at war! But we must singundying music has been made in the world; let us use it-even as a weapon, for wherever there is music sung from the soul, there is harmony, order and proportion.

Our own Christmas music this year will be especially beautiful for the need is greater. The coming performance of Handel's "The Messiah" should be the keynote for the holiday season. This is to be sung on the afternoon of December 13th in the Civic Auditorium by a large united choir under the sponsorship of the Seattle Council of Churches.

Handel had one thought when his wonderful work had been sung for the first time (April 18th 1742) that his effort would make men better; and how wonderfully his hope has been fulfilled!

Dr. Moats will introduce Rev. Ness and will preside during the worship service.

Our Junior Church

Our Junior Church was organized in September, 1917 and has continued without interruption for a period of over twenty-five years.

Its purpose is to provide a regular Sunday morning worship service adapted to the capacities and needs of child life. The service follows very closely the ritual of the morning service of the adult congregation, one exception being that a story is substituted for the sermon. Story material is found in many places ranging from the Bible to modern juvenile books. The stories selected for use always contain the very highest moral, ethical, and religious values. Use is also made of the treasures of sacred literature, religious art and hymnology to vary and enrich the service.

The Junior Church affords wonderful opportunities, not only for training in worship, but for instruction, inspiration and evangelism. At the same time, the children are unconsciously acquiring the habit of regular church attendance which will probably stay with them through life.

The Junior Church is a practical demonstration of the thot that if we are to grow Christian men and women for the church of the future, we should grow them in the formative period of life ...childhood and youth!

Religion in our Camps

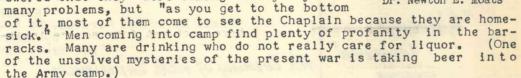

In reporting to you on the Preaching Mission at Fort Lewis sponsored by the Federal Council of Churches, November 15 through the 20th, one of my first impressions was of the men standing in line at the Reception Center, still in their civilian clothes, with large tags fastened around their necks by a string. Men in their 40's and young lads in their 20's, drafted, confused, expectant, not soldiers, still civilians, tagged for service and inquiring, "What is it all about? Where do we go from here?"

Talking with a Major in the Medical Corps, I asked him: "How do you take these men from the corners of the country and mold them into a unified, fighting army?" He replied:

"These boys soon make their adjustments. Once they are in uniform and under the discipline of training, most of their problems disappear. We feed them well three times a day. When they come to their barracks at night, they are too tired to think and ready for sleep. We see to it that they get plenty of rest."

But there are other adjustments. As a visitor in camp I was much concerned for the spiritual adaptations that were taking place or failing to take place in Army life.

I asked the Chaplain's Corporal if there were many men coming for interviews. He answered that they were coming every day with many problems, but "as you get to the bottom

With these problems facing them, the men, I noticed, were not coming to chapel. Outstanding leaders from over America were sent by the Federal Council to speak to the men, but the response was discouraging. I speak frankly in order that you may know the truth. The men were busy, many of them on the firing range all day, coming back wet and tired. Every effort was made to get their attention, but the response was meager.

Many of the boys from church homes who attended regularly in their local communities are not going to church in the Army camp. Home church religion is not carrying over into new surroundings. Their religion is not based upon a great experience in their heart. It is a community religion—a hearsay religion—not personal enough to carry over into camp life.

Returning from Fort Lewis, I am most concerned that we shall prepare our boys for the atmosphere of camp life. They must find Christ. Their spiritual experience must be deep, and as they go to camp, they must carry with them the resolution that regardless of the new surroundings, they will not let go of God.

I would not give the wrong impression concerning the success of the preaching mission at Fort Lewis. It was a most encouraging experience. We did not create the conditions we found, but with the help of the Chaplains--they are God's own--made the most of them.

It was a great experience, humbling yet satisfying. During the months to come, whenever we unite in prayer for our men in service and for our Chaplains, I shall better understand their problems. When boys leave this church, it will be possible to advise with them more intelligently. The outlook is bright. God will still be found in the heart of the Army.

Youth Give thanks

The Methodist Youth of Seattle shared their Thanksgiving with others by participating in the Harvest Festival, which was held at the Deaconess Settlement Tuesday evening.

This gift-sharing of food was entered into whole heartedly with a true Christian spirit by helping those who are so much in need at this time. First church was well represented and contributions amounting to \$28.50 were presented besides the many donations of food generously given by Sunday School children, University of Life members and adults.

Each church represented displayed their donations in keeping with the theme of the festival, "For the Living of These Days". Green Lake Methodist youth took first place while First Methodist booth came in a close second.

Our First church display was centered by Elliott Dunning, a Service man, reverently kneeling Bible in hand, with his eyes toward the heavens as though uttering the words, "for Thou art with me". This was an exact replica of the Whitmore and Stone painting. Those in charge of the festival booth included Ralph Cole, general chairman, Helen Solid, Troy Strong, and Margaret Ludwig.

A most inspirational Thanksgiving Service took place Wednesday evening at the young adult mid-week meeting under the
direction of Jim Randle. Illustrated slides were shown accompanied by harmonious strains from
our Chapel organ, each young
adult entered a private sanctuary and kneeling gave thanks,
enjoying a spiritual meditation
in his own individual way.

It is a service such as this that not only gives inspiration, but shows that the youth of First Church are taking time out from a busy world to meditate and willingly give their services in Christian devotion and loyalty to their church. V.M.

OPEN HOUSE FOR NEW MEMBERS

Have you become a member of First Church since September 1st? Dr. and Mrs. Moats extend an invitation to all new members to come to the "Open House" at the parsonage December 8. Mrs. Ralph Earnest, church visitor has made interesting plans for the evening. Among those present to greet our new friends will be Mrs. George Osborn who will tell the story of "Old First", presenting our rich heritage and our work of today. Mrs. G. Harold Thompson in keeping with the coming holiday season will tell a Christmas story.

Those of you who are desirous of uniting with the church and have not yet done so are invited to take advantage of the opportunity to be given Sunday, December 6, and to come to the recention at 8:00 P.M. Tuesday. The parsonage address is 3333-Lakewood Avenue.

MOBILIZATION

We are asked to announce that on Monday, December 7th at 9:10 P.M. there will be a practice mobilization of the protective forces of Seattle. All pedestrian and motor traffic will stop for ten minutes from 9:10 to 9:20p.m. Air Raid Wardens connected with the Civilian Protection Division will be on duty. Knocks at Your Door

"Not by bread alone"

N these troubled days, we are learning the meaning of these words, wrung from the lips of Jesus when He was hard pressed by temptation. We are overwhelmed by the material. The stratospheric totals of the instruments of war are beyond our comprehension. Yet we know that they alone are vain; that they must be bolstered by spiritual qualities of faith and hope and love; of integrity and steadfastness; of patience and longsuffering; else, though winning the battles, we may lose the war.

Hence we shall lean heavily on the ministrations of our church. In the quiet of the worship hour, we may see the face of the Christ, also suffering—with us. The beauty of music will quiet our emotions and lift our spirits. The great passages of Scripture which have stirred the faith and brought peace to a thousand generations, will strengthen us. And the thoughtful counsel of our understanding pastor will give us wisdom, courage and steadiness, and help us to find the way.

There is unceasing strength, also, in a sense of fellowship with the great body of Christians around the world. "The Christian Advocate" is the medium of expression of the millions of Methodists in America. It will come into your home each week, if you will open the door, with its Christian outlook upon a world in chaos. It will bring comfort, and ease burdens. It will interpret events which to us are mysteries. It will turn the light of research and experience upon the very problems with which we are at grips. It will come, not with sensational headlines of destruction and death, but quietly, with a constructive philosophy of human relationships which will banish war. How much we need this between-the-Sundays influence during the fateful weeks of this present year!

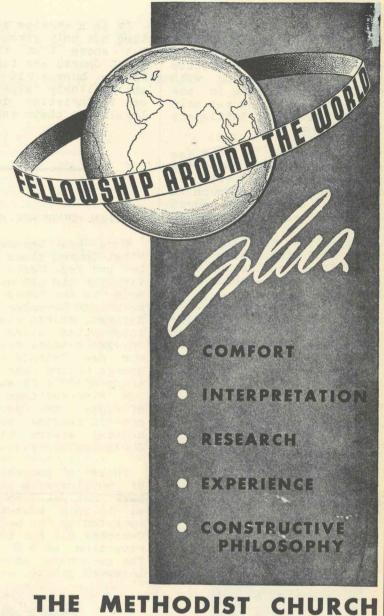

The cost is small—a club rate of \$1.50 if five per cent of the membership subscribes. Give your name and money to your pastor or the "Advocate" representative.

Presenting Gideon Bibles to Jail

One hundred copies of the Gideon Bible were presented to the city and county jails last Saturday afternoon. Taking part in the presentation are: (from left to right) Ray Anderson, chairman of the Bible distribution committee of the Gideons; Melvin Anderson, president of the Gideons; Harlan S. Callahan, county sheriff; Ray Starwich, superintendent of the county jail, and the Rev. Henry H. Ness, pastor of Hollywood Temple and newly-appointed jail chaplain and deputy sheriff.

The Rev. Henry H. Ness, pastor of Hollywood Temple, told the council he wished he could "have here mothers with children whose fathers have been drinking and gambling in clubs and coming home without money for their family, as I have seen them."

"I used to drink and gamble," the Rev. Ness confessed. "I know that when a man has had a few drinks, he spends money recklessly and often at gambling. It's a shame for a city to lower its dignity by becoming a partner in this illegal business."

By THOMAS D. POTWIN, JR.

The City Council by unanimous vote today killed its ordinance that would have legalized and taxed slot machines in private clubs in Seattle.

Closes in Uproar

The session closed in uproar as James M. Ballard, lodge man, and the Rev. Henry Ness of Hollywood Temple sought to exchange bitter debate.

Ballard told the Council the city might as well forget it is a seaport and "might as well require bathing suits to come six inches below the knee" as to kill the slot-machine bill. He accused the churches of being unfair in their presentation.

Mr. Ness tried hard to get the floor, but Levine refused him. Levine then asked the Council if it would hear him.

"Send them both out in the hall," said Mitchell, and Carroll called for a vote on the ordinance.

Ballard and Mr. Ness argued out in the hall awhile and finally closed their dispute peacefully.

Rev. Ness Named Jail Chaplain

Gideon Bibles will be distributed to all "tanks" in the King County jail tomorrow morning by the Rev. Henry H. Ness and Melvin Anderson, representative of the Gideon Society, Sheriff Harlan S. Callahan said yesterday. The sheriff also announced appointment of the Rev. Mr. Ness as jail chaplain.

Rev. Henry H. Ness

On Friday, October 15th, the general public will have an opportunity of joining in the celebration of the beginning of the 10th year of activity at the Northwest Bible Institute, as part of the two-day observance of this event. In 1934 the Institute opened with 18 students, and closed that year with 49, which number was increased students, and closed that year with 49, which number was increased to 150 before the close of the second term, and the spring closing in 1943, found 263 enrolled. During the past nine years, more than a thousand pupils have studied there, over 300 of whom have completed the three-year course and graduated. These are now in the ministry, in this country, with 15 in foreign lands. When the new term opened on Oct. 4, pupils were registered from a large number of states, as far distant as New York, Florida, and even Alaska. Another student is now enroute from his home in the Canal Zone.

The Institute is endorsed by the General Council of Assemblies of God in America, and also by the U.S. Government. It is one of 13 such schools in America, and ranks third in scholastic achievement and envolument. ment and enrollment.

Heading the Northwest Bible Institute is the Rev. Henry H. Ness, P. the principal; and the Rev. C. C. S. Beatty, dean. On the teaching staff are Rev. J. A. Bogue, Rev. S. E. V. Bronson, Rev. J. J. Clement, Prof. Delbert L. Cox, M. A.; Mrs. Helen Giles, B. S. R. N.; Mrs. Beryl Busby, and Miss Frances Knowlton. Knowlton.

In addition to a very special In addition to a very special course for the training of missionaries in foreign lands, the Institute offers a complete course of study in Hygenics, Effective Speaking, Doctrine, New Testament, Church and Mission History, Typology, Sunday School Organization, Hermaneutics, Homiletics, Conducting meneutics, Homiletics, Conducting Bible Schools, Children's Work, and Pioneering in Bible Schools.

Dr. Newton E. Moats, pastor of the First Methodist Church and chairman of the committee, said.

Committee Members

Members of the church-coopera-

tion committee are: Catholic churches: The Rt. Rev. Monsignor John F. Gallagher, V.G., St. James' Cathedral, chairman; the Rev. Gerald Fitzgerald, St. Anthony's, and the Rev. William

Jewish: Rabbi Raphael Levine, Temple de Hirsch, chairman; Rabbi Franklin Cohen and Rabbi S. P. Wohlgelernter, Bikur Cholum Syn-

Evangelical: The Rev. Henry H. Ness, Holly Temple, chairman; the Rev. Erik Gustafsen, Covenant Tabernacle, and the Rev. E. H. Edwards, Church of the Nazarene.

Northwest Bible Institute Growth Is Phenomenal

On October 1, 1934 the North west Bible Institute opened its doors for the first time to eighteen young men and young women to prepare themselves for the gospel ministry. Some of these are now serving as missionaries in foreign countries, some as pastors of churches in the homeland and some as traveling evangelists

The Institute has had a phen omenal growth. The past year the enrollment reached three hundred and eighteen, and the indications ara that this year will pass the three hundred mark.

Students have been enrolled from as far east as New York, south as far as Florida, and Alaska on the north. Applications have been received this year from Jamalica and inquiries from South Africa.

The school is a theological semin ary, designed primarily to train ministers and missionaries, but has courses that prepare laymen and laywomen for every type of Christian service. It is fully accredited by the General Council of the Assemblies of God.

The faculty is composed of seasoned and aggressive veterans in the field of Christian endeavor: Rev. Henry H. Ness, D. D., Principal; Rev. C. C. Beatty, Dean; Rev. E. V. Bronson; Rev. Allan S. Ellis; Rev. J. J. Clement; Prof. D. L. Cox, B.A., M.A.; Helen Giles, B. S., R.N., Dean of Women; Beryl Busby, Dorothy Sonnichsen, Registrar; and Jean Munson, Office Secretary. They have been successful pastors, evangelists, and missionaries, and are now giving their ripe experience to the devel-

For Use of Inmates Plans for establishment of a library for inmates of King County jail was announced yesterday by the Seattle Council of Churches and Christian Education.

The council will appoint a com-

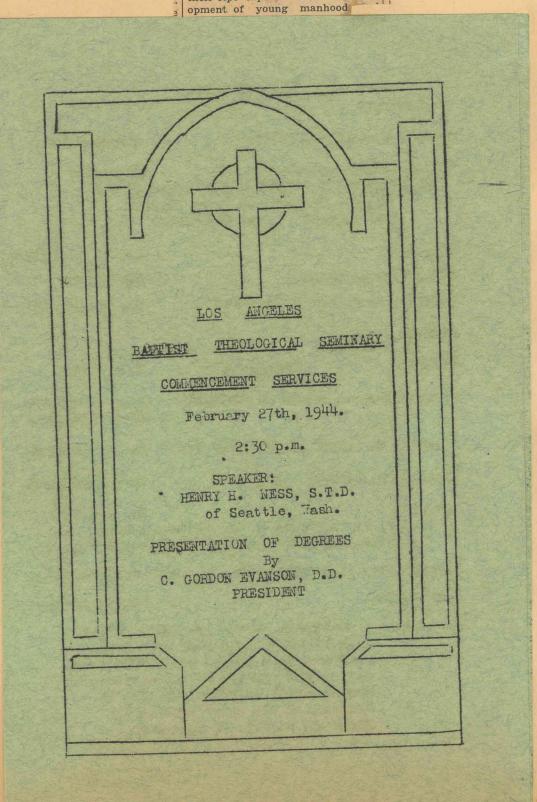

mittee to work with the Rev. Henry H. Ness, pastor of Holly-wood Temple, who has started the

project in cooperation with Sheriff Harlan S. Callahan. The minister said it is hoped to place between 2,500 and 3,000 books c of a character and spiritual build-ta ing nature. His own church board (s has authorized \$700 for bookcases, y he said.

Books Wanted For County Jail Library

Anyone wishing to contribute books, or money to buy books, for a new library at the King County jail should notify the Rev. Henry th. Ness, jail chaplain and pastor of Hollywood Temple, Mr. Ness said today.

Plans for the establishment of a library, first suggested by Sheriff Harlan S. Callahan and Mr. Ness were sanctioned late yesterday by the Seattle Council of Churches, which will work with Mr. Ness in this project this project.

Dear Mr. and Mrs. Ness:

It is a pleasure to join with your many friends in extending sincere felicitations to you upon the occasion of your Silver Wedding Anniversary. May the years ahead be ones of continuing happiness and good health for you both.

Your devotion to Christian service and the work you have done together through the years in building spiritual influences into the lives of so many people - young and old - has been an invaluable contribution to the welfare of our city, state and nation, for Christian citizenship builds free, representative government on a foundation so strong that it can not fail. May your work continue under His direction.

With sincere regards, I am

Cordially yours,

Kristne massemøter over hele U.S.A. med opptil 57.000 unge deltagere.

Dr. theol. Henry Ness representerer 17 kirkesamfunn som vil hjelpe der nøden er størst.

Dr. Henry Ness.

Dr. theol. Henry Ness som tydeligvis er en kraft av de sjeldne i den protestantiske verden i Amerika, er kommet til Oslo for å forhøre seg om nøden her hjemme er så stor som ryktene lyder i Amerika. Ved siden av mange andre verv i sitt hjemland, som for eksempel å tale i kringkastingen hver dag og å virke som fengselsprest i et stort fengsel, er dr. Ness ansatt som professor ved et stort teologisk seminar i Seattle.

Etter besøket i Norge, skal dr. Ness reise gjennom så å si hele Europa for å undersøke hvor de 17 amerikanske kirkesamfunn som han representerer, kan yte sin hjelp i mat og penger, mest mulig effektivt. Et annet formål dr. Ness har med sin reise, er å gjøre det første arbeid på å knytte de evangeliske samfunn i de forskjellige land sammen med dem i Amerika til en verdensbevegelse.

På Continental treffer «Morgenbladet»s medarbeider dr. Ness, - en meget vital herre, akkurat slik nordmenn flest tenker seg en amerikaner. Ikke desto mindre taler dr. Ness en noe usikker Oslodialekt, og er forteller han, født like her borte i Holbergs gate 6. Han reiste fra landet som liten gutt.

- Er det i Amerika tegn som tyder på en stigende religiøsitet under og etter krigen, slik vi har sett det i andre

- Jeg kan ta et eksempel fra mitt eget seminar, forteller doktoren. I år har det meldt seg dobbelt så mange studenter i forhold til i fjor, størstedelen hjemvendte soldater, for å bli prester og misjonærer. Alle seminar

over hele Amerika oversvømmes av ungdom

- Gjøres det meget i Amerika for å få ungdommen interessert i hva kristendommen kan by den?

- Vi har en sammenslutning av forskjellige kirkesamfunn som heter The Youth for Christ International. Denne organisasjonen arrangerer massemøter hver lørdag over hele Amerika. Rekorden ble satt i Chicago på et møte med 57,000 deltagere. Vi har leid Madison Square Garden i New York flere ganger og fylt den til randen med ung-

Men så kan vi også by ungdommen kristendom med liv i. Det står ingen gammel inntørket prest på talerstolen på disse møtene. Det er unge entusiastiske menn som preker og vi tilkaller de beste sangere og musikere for å stimulere interessen.

Vi har en annen bevegelse som organiserer grupper ved hvert eneste universitet og college på vårt konti-

En av våre folk blant akademikerne var med på å finne opp atombomben. Det er herlig å ha slik ungdom med oss, sier dr. Ness begeistret.

Den som vil oppleve dr. Ness kan besøke Filadelfia-samfunnets sal i kveld.

Den som er stor, tar ikke den ære som tilkommer Herren

Under sin audiens hos kong Håktn ga pastor Henry H. Dess fra Seattle, USA, kongen kompliment for hans dyktighet og snarrådighet da Tyskland angrep Norge. Men kongen sa skarpt:

- Nei, jeg ønsker ingen ære, fra oss. jeg vil gi æren til ham som fortjener den. Da jeg så hvordan hen- amerikanernes øyne, kanskje høyere enn delsene utviklet seg, ba jeg til nenes holdning under krigen, og vi hå-Gud, og Han ga meg en sikker tro per at dere også i fremtiden vil gjøre så at alt skulle vende seg til det gode, og at jeg skulle komme tilbake til Oslc. Det var et mirakel hvordan Gud beskyttet meg, min familie og dem som var med meg da vi prøvde å redde oss unna tyskerne. Derfor skal Gud først og fremst ha takk som ga oss seieren, dernest det trofaste norske folk for deres store offer.

Skal menneskene ha en tremtid

må verden styres etter kristendommens moralprinsipper. Amerikansk misjonsleder om verdenssituasjonen

Dr. Henry Ness.

Skal menneskene ha en fremtid, har politikerne bare én ting å gjøre: lede verden etter kristendommens eviglede verden etter kristendommens eviggyldige moralprinsipper, ikke etter
maktbegjærets umettelige krav, sier den
amerikanske teolog, dr. Henry Ness,
som fulgte med siste Skymaster fra New
York og som er kommet til Europa
for å treffe statsmenn og ledende personligheter og forelegge dem de retningslinjer «The national comittee of
christian leadership» vil verden skal
styres etter. christian le styres etter.

— Sammen med Abraham Vereide, en av mine amerikanske kolleger, skal vi reise Europa rundt for ved selvsyn å konstatere hvilke land som trenger hjelp og hva Amerika kan gjøre for å lindre nøden. Amerikanerne er villig til å sende penger, klær, mat og hva som helst. Men amerikanerne vil samtidig utbræ kiennskapet til den bevægles som helst. Men amerikanerne vil samtidig utbre kjennskapet til den bevegelse som i disse dager har grepet ledende menn innen politikk og forretningsliv, bevegelsen hvis mål det er å få de styrende i alle land til å innse at verden må ledes etter kristne prinsipper, skal menneskene ha en fremtid. «The national committee of christian leadership» har mange innflytelsesrike tilhengere i Amerika, de finnes inner alle kirkesamfunn mange innflytelsesrike tilhengere i Amerika, de finnes innen alle kirkesamfunn. Men religionen har ikke bare grepet folk med innflytelse. Den har også grepet ungdommen. «Youth for Christ» er en massebevegelse som holder møter over hele landet. I Seattle, hvor jeg hører hjemme, arrangerer vi regelmessige lørdagsmøter og lokalet, som rommer 3000, er alltid fylt til siste plass. En gang hver måned leier vi et lokale som tar dobbelt så mange, og som heller aldri har en ståplass ledig. I andre deler av landet arrangeres veldige friluftsmøter med 15—20—25.000 tilhørere hver gang. Det er en opplevelse bare å være til stede ved dem.

Dr. Ness, som for 35 år siden forlot Oslo og fremdeles taler et rent og tyde-Oslo og fremdeles taler et rent og tydelig norsk, representerer det amerikanske forbund av evangeliske kirker og skal på Europareiser også forsøke å knytte forbindelse med kirker i alle land. Målet er et verdensforbund av evangeliske kirker. Han er Norgesvenn og filantrop. Under krigen sendte han personlig 9 tonn klær til Filadelfiakirken her i Oslo.

I Amerika svirrer det med rykter.

I Amerika svirrer det med rykter, sier han, men amerikanerne vil selv undersøke forholdene og danne seg et bilde av situasjonen. Det er derfor jeg er sendt til Europa. Jeg skal registrere nøden, den åndelige og den materielle, reise hjem og holde foredrag og starte de innsamlinger som det måtte være behov for. Trenger ikke nordmennene behov for. Trenger ikke nordmennene vår hjelp, er der nok av dem, hvis frem-tid avhenger av den hjelpen de kan få

Norge står i øyeblikket meget høyt i noe annet land. Vi beundrer nordmen-

dere fortjent til vår beundring. Men vi har én bekymring: at dere skal sovne inn i den prøvelsens tid som utvilsomt forestår, at dere ikke skal holde den demokratiske ånden levende og se hva som går for seg i verden. I Amerika sov vi lenge. Altfor lenge. Nu er vi våknet. Vi har i etterkrigstiden lært å innse hvilke land vi kan stole på, og hvilke som vil arbeide for verdensfreden. Vi har også oppdaget hvem som står den imot. Den bevegelse jeg representerer, har tilslutning fra 17 forskjellige kirkesamfunn som teller 60 millioner medlemmer. Vårt mål er høyt. Vi vil at vår politikk i fremtiden skal ledes etter kristendommens prinsipper, som eneste basis for virkelig fred og forståelse menneskene og nasjonene imellom. Og vi vil få andre nasjoner til å følge vårt eksempel.

Vi spør om han tror oppgaven vil lykkes. Der vil alltid oppstå tvil når man påtar seg en stor oppgave, svarer doktoren, men tvilen skal ikke ta motet fra oss, for ett vet vi alle: får vi ikke lederne i alle land til å arbeide etter kristendemmens marelaringingen. etter kristendommens moralprinsipper, har ikke menneskene noen fremtid len-

nar ikke menneskene noen fremtid lenger det er vår eneste chanse.
Fra Norge drar dr. Ness til Sverige, Danmark, Nederland, Belgia og Frankrike, videre til Sveits og Italia og til de øst-européiske land, så sant han kan få visum, før han i midten av oktober via London vender tilbake til Amerika. Før han forlater Oslo vil han tale på et møite i «Filadelfia».

There is a definite fear in Europe that Russia feels this is the oppor-tune time to "take advantage of the situation and carry out a communistic policy throughout the world," the Rev. Dr. Henry H. Nell, pastor of Hollywood Temple, said today.

New Temple Of Worship

By E. J. Mitchell

Plans are being completed by Hollywood Temple for construction of a new edifice at an estimated cost of \$175,000, with a worship auditorium seating capacity of about 1,800, the pastor, the Rev Dr. Henry H. Ness, announced yes-

Four houses are to be moved to make room for the structure, which will be built on 8th Ave. N. E., at E. 69th St., directly a cross the street from the present temple, the minister said. An innovation in lo-cal church plans will be an under-ground passageway connecting the old and new buildings.

The Northwest Bible Institute, operated under supervision of the Northwest District Council, Assemblies of God, which has been con ducted in Hollywood Temple, will continue to use the present build ing as well as the lower auditorium of the new structure, Dr. Ness

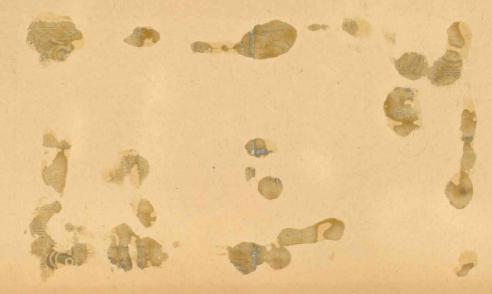

said. To be built as soon as materials are available, the edifice will feature a Christ Ambassadors' Room, with a large fireplace and other fa cilities, for the young people's fellowship periods, social functions and other activities. A pastors' study, church offices and Sunday school and other departmental classrooms will be included.

The firts unit of Hollywood Tem ple, Seattle headquarters of the Assemblies of God, was built 15 years ago at a cost of about \$35,000, and the second unit in 1935 at a cost of \$30,000, and has a seating capacity of about 1,000.

The institute for training of ministers, missionaries and other Christian workers, of which Dr. Ness is principal, was founded 12 years ago. It has grown from a small enrollment to a membership that includes students from every state in the Union as well as from parts of Canada and Mexico. This year's class was the largest in the history of the seminary, with many servicemen in the student body, the minister said.

The Rev. C. C. Beatty is dean of the institute, which will hold its graduation exercises at 8 p. m. next Wednesday in Roosevelt High School auditorium.

REV. HENRY H. NESS

About twelve years ago the Rev. Dr. Henry H. Ness, pastor of Hollywood Temple, saw the need of a training school for prospective preachers, missionaries and Christian workers and with help from other Christian leaders, launched the Northwest Bible Institute. The enrollment now has reached over 300 theological students per year. During the life of the school nearly 500 students have graduated and gone out over the country into Christian service, as missionaries; to Africa, China, Dutch East Indies, the Philippines, Bolivia and different parts of United States, Canada and Mexico.

The year just closing has been the best year in the history of the seminary. The enrollment has been large and the type of students has been exceptional, according to Dr. Ness. There have been a goodly number of GI's in the student body and many others are expected for fall enrollment. Because of the phenomenal growth of the Institute and the Hollywood Temple, a new building is to be convected on the property just across Eighth Avenue. It is estimated that the new structure will cost about \$175,000 and will accommodate about 1500 people. This will be connected with the present building by an underground passageway. Both buildings are to be used jointly for the various activities of the Bible Institute and the Hollywood Temple congregation. Four houses are to be removed to make room for the new edifice.

The Northwest Bible Institute is owned and operated under the supervision of the Northwest District Council of the Assemblies of God, the organization which is promoting the new publishing house and Bible and book enterprise in the Green Lake District.

or not the churches still exist. He is also representing the National Association of Evangelicals inasmuch as this spiritual organization expects to extend its activities across the waters in a concerted effort to unite the evangelical forces of the world in an all-out effort for the salvation of souls.

THE GOSPEL VISITOR

Pastor Ness expects to be gone until October 1 and during the intervening time will visit Norway, Sweden, Denmark, Belgium, Holland, Germany, France, Italy, England, and Switzerland.

Hollywood Temple rejoices in this

great door of opportunity which is open to its pastor, believing that God has called him to this particular work and praises God for the opportunity given to a minister of the Assemblies of God to bear uncompromising testimony and bring the appeal of Christ directly to members of royal families and those in high places in the governments of the world.

It is impossible to fully predict the results which might accrue if those in leading positions today could be won for Christ and, in turn, call their people to repentance and prayer. It is definitely the only remedy for the chaotic condition in which the world finds itself at this hour. Peace conferences and treaties are only engendering future wars and strife which in due time will break out in open con-

flict. What the world need at this hour is Christ, the Prince of Peace. God, who

spared Ninevah when its king called the people to repentance and prayer, lives today and who can tell what He will do? everyone Let earnestly pray for Pastor Ness and this committee that God mightily use them as they

word of God without compromise.

The letters of recommendation which were accorded Rev. Ness without solicitation from men in high places have made it possible for him to contact the leaders of nations as well as ecclesiastics and he can truly say with Paul, the Apostle, "A great and effectual door is opened unto me."

During the pastor's absence, the services at Hollywood Temple continue on the regular schedule under the leadership of the Associate Pastor, Rev. E. Elsworth Krogstad, and God's belssing is resting upon the church as it faithfully carries on its ministry in Seattle while sharing its blessings with others across the waters by giving of its leadership to this important mission.

s Goes to Europe!

Rev. Henry H. Ness

Accepting an invitation from the National Committee for Christian Leadership of Washington, D. C., Rev. Henry H. Ness, pastor of Hollywood Temple, left Seattle on Sunday evening, July 28, for New York, the first stop on his journey to a number of European countries.

Several hundred friends and members of Hollywood Temple gathered at Boeing Field as the time neared for the departure of the giant transport. Voices were member him in prayer in their daily devotions. It is impossible to fully estimate the effect upon nations which would result from leaders turning to God, whole-heartedly calling the people to prayer and to take a definite stand against the onrushing tide of atheism and Communism which are engulfing the world and already threatening with another war more terrible than anything we have yet witnessed.

The history of this venture for God reads like fiction and, yet it is true, for "with God all things are possible." It was only three weeks previous that the invitation came to Pastor Ness to serve on the Committee which would visit European capitals with a direct evangelistic appeal to the governmental leaders of nations to turn to God and take a positive stand for Christianity as a means out of the chaos in which the world now finds itself. We have just received a letter from Brother Henry H. Ness, written from Oslo, Norway. We quote from this letter. "I am leaving tomorrow for Sweden. God has wonderfully blessed. Have 'had several meetings with prominent leaders in government, church and business. Today I spent one-half hour with the King and we had prayer together.

"Later we met with the Crown Prince and talked with him about the Lord and we then prayed together. Praise the Lord. God certainly is in this trip, it is all beyond the natural."

Learning of Rev. Ness' prospective journey, our Missionary Department at Springfield, Missouri, requested him to officially represent the Assemblies of God in his travels and endeavor to make contacts with our churches in these various lands, especially Germany and Italy, where all contact has been lost with the full gospel church since the war and it is not known whether they are existent or not.

The National Association of Evangelicals, upon learning of Brother Ness' intended trip, also requested that he represent it and learn the possibilities of extending this interdenominational evangelical association beyond the waters in the near future for the closer cooperation of all Chrisians of evangelical faith and doctrine.

Heading the National Committee for Christian Leadership, is Rev. Abraham Veriede whom God has blessed and greatly used in reaching men in high places, especially government leaders, and winning them to Christ. That this mission is fraught with tremendous possibilities is clearly evident, and Pastor Ness has requested God's people everywhere to re-

Issues in Seattle's mayoralty campaign were raised yesterday in churches of the city as several pastors devoted their Sunday sermons to the race between Mayor William F. Devin and Allan Pomeroy.

The Rev. Dr. Newton E. Moats, pastor of the First Methodist Church and chairman of the civic-rights committee of the Seattle Council of Churches, raised several

questions which he said he would like to see answered by Pomeroy. The Rev. Dr. Harold V. Jensen, pastor of the First Baptist Church, praised the administration and called for a large vote for Mayor

Devin.
The mayor was described by the Rev. Dr. Henry H. Ness, pastor of Hollywood Temple, as "an honest, sincere public servant."
Dr. Moats asked Pomeroy to answer questions as to whether it is true that gambling interests have put up \$150,000 to defeat Mayor Devin; whether "big time" gamblers who left town because of present law enforcement now of present law enforcement now are back to help defeat Devin; whether Pomeroy supporters include the political machine which supported Lieut. Gov. Victor A. Meyers in the past election; whether some members of the Meyers in the past election; whether some members of the Police Department's "old gold-braid clique" are campaigning against Devin, and if so, why, and whether the "leading lobbyist for the slotmachine gang in Olympia is help-

ing the campaign strategy to beat the present city administration." Insisting that a large vote is needed to reelect Mayor Devin, Dr. Jensen told his congregation: "The indifference of thousands

of good citizens was indicated by the small majority which the pres-ent administration received in the primaries. The majority of the people of Seattle want a clean city, but unless we register ourselves at polls we could easily lose by default.'

'The forces of evil are now at work to get Mayor Devin out of the way so that corruption may once again find its way into Seattle," said Dr. Ness. "This coming election is a fight between right and wrong, and be-

tween a clean administration and a corrupt administration. Mr. Pomeroy is making the wildest and most impossible promises and pretentions to be elected.

"For the sake of the future welfare of all citizens of Seattle, both young and old, and for the sake of good, clean, progressive govern-ment, let us do all we can to re-elect William F. Devin."

Issues in Seattle's mayoralty campaign were raised yesterday in churches of the city as several pastors devoted their Sunday sermons to the race between Mayor William F. Devin and Allan Pomeroy.

The Rev. Dr. Newton E. Moats, pastor of the First Methodist pastor of the First Methodist Church and chairman of the civic-rights committee of the Seattle Council of Churches, raised several questions which he said he would like to see answered by Pomeroy. The Rev. Dr. Harold V. Jensen, pastor of the First Baptist Church, praised the administration and

called for a large vote for Mayor

The mayor was described by the Rev. Dr. Henry H. Ness, pastor of Hollywood Temple, as "an hon-

of Hollywood Temple, as "an honest, sincere public servant."
Dr. Moats asked Pomeroy to answer questions as to whether it is true that gambling interests have put up \$150,000 to defeat Mayor Devin; whether "big time" gamblers who left town because of present law enforcement now gamblers who left town because of present law enforcement now are back to help defeat Devin; whether Pomeroy supporters include the political machine which supported Lieut. Gov. Victor A. Meyers in the past election; whether some members of the Police Department's "old gold-braid clique" are campaigning against Devin, and if so, why, and whether the "leading lobbyist for the slotmachine gang in Olympia is helping the campaign strategy to beat machine gang in Olympia is helping the campaign strategy to beat
the present city administration."
Insisting that a large vote is
needed to reelect Mayor Devin, Dr.
Jensen told his congregation:
"The indifference of thousands

of good citizens was indicated by the small majority which the pres-ent administration received in the primaries. The majority of the people of Seattle want a clean city, but unless we register ourselves at polls we could easily lose by default."

"The forces of evil are now at work to get Mayor Devin out of the way so that corruption may once again find its way into Seattle," said Dr. Ness.

"This coming election is a fight between right and wrong, and between a clean administration and a corrupt administration. Mr. Pomeroy is making the wildest and most impossible promises and pretentions to be elected.

"For the sake of the future welfare of all citizens of Seattle, both young and old, and for the sake of good, clean, progressive govern-ment, let us do all we can to re-elect William F. Devin."

As president of the Herzl Congregachairman, tion, I wish to thank you from the bot-tom of my heart for the beautiful talk that you gave at the Protest Meeting. Your quotations from the Bible and the Prophets are well-known to me personally, but I hope that some of our Jewish Zionist Co people learned from you. I am sorry to say that a good many of them haven't got port to the the time to read the Bible, and they do man Jame not know our own history. That is the Pomeroy, tragedy of the so-called modern world of today. The world is more interested in atomic bombs and bacteria to destroy the world, rather than in taking a lesson from the beautiful scriptures that have been gational Cr given to us with the beginning of the Ten ter, Westm Commandments.

You quoted from the Prophecy that John J. St whoever blesses a Jew will be blessed, and whoever has cursed a Jew will be ing Halvars cursed and destroyed. How true that statement is. Just think of all the socalled great empires in the history of the Spangled B world that have tried to destroy the Jew, Leo Levir and eventually have been destroyed by on Palestine themselves. The words that you quoted the Jewish were well-spoken and timely.

Hearing you was a great cause for re-joicing—that we still have Christian friends like yourself. But I wish we would have many, many more men like you, as Security Col the world needs them more than ever.

I hope to meet you in person some day, as it will be my pleasure so to do.

County Jail Chapel Under Way

Construction of a chapel in King County jail to serve prisoners of all religious faiths was under way yesterday.

Preliminary work on a 50x30-foot room on the jail's top floor has been in progress two weeks. Labor, materials, fur-nishings and religious accouter-ments are being donated. The chapel, which is expected to be completed in about five

weeks, has been for many years the dream of Dr. Henry H. Ness, jail chaplain and pastor of Hollywood Temple.

Several weeks ago, County Commissioner Dean C. McLean, after conferring with Sheriff Harlan S. Callahan and Jail Super-intendent Walter Callahan, who concurred in the plan, decided to make the move for a jail chapel a community affair.

McLean addressed the Plymouth Congregational Church's men's club, and that organization delegated Frank G. Moran to organize a jail chapel committee. After a meeting yesterday, the

committee - Moran, chairman;

man, Seattle Council of Churches; Norton Key, Baptist; Dr. Ness and Commissioner McLean — an-

and Commissioner McLean — announced dedicatory services probably will be held in the completed chapel in about 60 days.

"Here we have all religious faiths joining together to provide a chapel suitable for all forms of religious worship,"

Moran pointed out. "We need help, however, and all contribuhelp, however, and all contribu-tions will be accepted, grate-fully."

A chapel for prisoners in the King County jail is being constructed on the top floor of the County-City Building, it was announced today.

The chapel, to serve persons of all religions, is being constructed with the aid of church groups, service clubs, women's clubs, boy's clubs, unions and interested citizens, committee members in charge

reported.

First to suggest such a project was the Rev. Dr. Henry H. Ness, jail chaplain, and pastor of the Hollywood Temple He gained approval from Sheriff Harlan S. Callahan, who also is jail superintend-

ent.
County Commissioner Dean C. McLean suggested the chapel be a project for all faiths at a meeting of the Plymouth Congregational Church Men's Club, which appointed Frank G. Moran to work

with other church groups.
Yesterday a committee headed
by Moran reported it had received enthusiastic support from church groups, and that other organiza-tions have offered full support.

The committee estimated the chapel will be ready for use within 60 days.

Committee members are Moran, chairman; McLean; Harold C. Herman, of the Council of Churches; Dr. Ness; the Rev. G. E. Budd, of the Fourth Church of Christ Scientist and the Rev. Norton Key. Others will be appointed later.

New Chapel to Be Dedicated At County Jail

Several prisoners will be in the audience when the new interfaith chapel of the King County jail on the ninth floor of the County-City Building is dedicated at 3 p. m.

Completely equipped, including an altar, and with a seating ca-pacity of 200, the chapel is the result of many persons and organizations working together through a general citizens' committee representing the Seattle Council of Churches, Jewish congregations, Roman Catholic churches, Seattle Evangelical As-sociation, Churches of Christ, Sci-

entist, and county commissioners.
Frank C. Moran is chairman of the committee. Other members are Dr. C. E. Budd, Harold C. Herman, Samuel G. Holcenberg, R. L McDonald, Dean C. McLean and the Rev. Dr. Henry H. Ness.

Equipment was provided through contributions from churches and Sunday Schools, men's clubs of churches, Seattle Council of Church Women, Roman Catholic organizations, men's clubs of Jewish congregations, Central Labor Council Painters' Union, Amalgamated Association of Street and Rail-road and Motor Coach Employes.

Bars Concealed by Velvet Drapes; Candles Glow

Steel bars hidden with crimson velvet drapes, the new interfaith chapel at King County Jail was dedicated esterday.

Before an altar decorated with hite chrysanthemums, with gleaming candles shining from seven pointed candelabra, men and women jail prisoners sat quietly and listened.

Sitting with them were King County Commissioners Dean C. McLean, and William Sears, Sheriff Harlan S. Callahan, and church men of different faiths.

Detailing the problems of his ministry, Dr. Henry H. Ness told of the problems he had faced in his six years of service as chap-lain of the jail, holding services in jail corridors.

They heard how Commissioner McLean, had enlisted the aid of church groups throughout the city to establish the new chapel. And how the people of all religions had rallied with service and funds to equip it.

All three men have recently spent some time in Europe.

Hollywood Temple To Commemorate 20th Anniversary

The Twentieth Anniversary of Hollywood Temple will be observed in the church on Thursday evening, May 1, at 8 o'clock. Members and friends will join in a time of worship and fellowship to celebrate this special occasion.

Hollywood Temple had its beginning twenty years ago when a small group of people met together for worship in the American Legion Hall on E. 50th and Roosevelt Way. The church was organized on May 1, 1927 with thirty-eight members under the name of Hollywood Temple Full Gospel Baptist Church. The name, Hollywood, was given to the church because it was located near the Hollywood District. When the church was incorporated on January 21, 1928 the name was changed to Hollywood Temple Full Gospel Assembly.

A few months after organization, the members began the construction of a brick church edifice on the southwest corner of E. 69th and 8th Ave. N. E. The dedication of the church took

Hollywood Temple has had three pastors since its organization. Rev. Garfield Unruh, who served the church about two years, was the first minister. Rev. and Mrs. Cecil Perks were pastors of the church from 1930 to 1933. On December 1, 1933, the Rev. Dr. Henry H. Ness, the present pastor, began his ministry in Hollywood Temple which has been successful and far-reaching in its scope. Several branch churches have been established: The Northeast Gospel Chapel, 15th Ave. N. E. and E. 92nd St.; Weller Street Mission, 651 Weller Street; Brighton Gospel Taber nacle, 44th South and Graham St.; Victory Tabernacle, 3215 California Ave., and Avondale Mission, Avondale, Washington. Instrumental and choral emphasis in worship is a major attraction at Hollywood Temple on Sunday morn-

It is one of the few large churches of Seattle which has an orchestra as a part of the services. Numbering 35 members of high school and college age, the aggregation supplements the congregations. A brass quartet, xylophone, organ and piano complete the instrumental ensemble.

HOLLYWOOD TEMPLE had its beginning twenty years ago when a small group of people met together for worship in the American Legion Hall on E. 50th and Roosevelt Way. The church was organized on May 1, 1927 with thirty-eight members under the name of Hollywood Temple Full Gospel Baptist Church. The name, Hollywood, was given to the church because it was located near the Hollywood District which was later changed to the Roosevelt District. When the church was incorporated on January 21, 1928, the name was changed to Hollywood Temple Full Gospel Assembly.

Great courage and faith were displayed by this small group when, a few months after organization, the members began the construction of the present brick building at the approximate cost of \$40,000. The dedication of the church edifice took place June 24, 1928. Hollywood Temple became affiliated with the Assemblies of God in 1934.

Hollywood Temple has had three pastors since its organization. Rev. Garfield Unruh, who served the church from 1928 to 1930, was the first minister. Rev. and Mrs. Cecil Perks, who were pastors from 1930 to 1933, laid the foundation for a good spiritual work. In December, 1933, our present pastor, Rev. Henry H. Ness, began his ministry which has been successful and far-reaching in its scope.

Several branch churches have been established: The Northeast Gospel

Twelve foreign missionaries are supported by Hollywood Temple besides several in the homeland: Miss Lillian Bach, Nigeria, British West Africa; Rev. and Mrs. R. A. Harry Pennington, Belgian Congo, Africa; and Rev. and Mrs. Robert Tangen, China.

In 1937 a new addition was built to the church at a cost of \$28,000 to take care of the pressing need for more Sunday School rooms and auditorium space. Our present church building, all branch churches, and real estate are free and clear of indebtedness.

Hollywood Temple is anticipatin further extension of its building program as plans are now nearly completed for the construction of a new church building to meet the need of an over-crowded condition. It is expected that the building of this edifice which will cost over \$200,000, will be under way sometime the latter part of this year.

The present membership of the church is 660, and the Sunday School has an enrollment of 662 and average attendance of 511.

The Northwest Bible Institute, o which Rev. Ness is principal, has been housed in Hollywood Temple since the fall of 1934. There are 375 students enrolled in the seminary this year, and classes are conducted each day, from 8:00 a.m. to 12:30 p.m.

God's blessing and favor have been upon this church from its inception and a spirit of unity and cooperation has prevailed throughout these twenty years which has contributed much to its spiritual success.

Rev. Ness To Speak To Z.O.A. Nov. 8

The Rev. Dr. Henry H. Ness, who returned last month from an extensive tour of Israel, will relate his experiences at an open meeting of the Zionist Organization of America to be held Monday, November 8, at the Temple Center, it was announced by Benjamin Asia, newly elected president of the Seattle

Well known throughout the Northwest for his pro-Zionist stand, Dr. Ness has made many speeches before non-Jewish groups supporting Jewish claims for Palestine. In his speeches, Dr. Ness refers extensively to the old and new testaments prophecying the rebirth of

the Jewish state.

He was aided by the Z.O.A. in contacting leaders of the Zionist organization in this country and in Israel where he met with leaders of the government and the army. Dr. Ness came back to Seattle visibly impressed with Jewish efforts in Israel. He called the Jewish state "a fulfillment of the prophecies that will have a profund effect upon the entire world."

The Rev. Ness is director of the Northwest Bible Institute and the spiritual leader of the Hollywood Temple. "The entire community is invited to hear Seattle's outstanding Christian Zionist," said Asia.

ZOA See Dr. Ness Report On Israel

Calling the birth of the Jewish state a "miracle," Dr. Henry H. Ness, president, Northwest Bible Institute, told a Zionist Organization of America open meeting last week that Israel has been reborn and that it will endure.

Dr. Ness quoted prophecies from the Bible as proof of Jewish pos-session of Palestine and the return session of Palestine and the return of the Jews to the land. He castigated the enemies of Israel. "Those who attack the Jew," he said, "will perish. That prophecy has been fulfilled in Spain, in Egypt, in Germany, and also in Great Britain. England is undergoing punishment from God for her assistance to the enemies of Israel."

GREATER LIBERTY FOUND IN ITALY

"The Italian believers are enjoying much more freedom to hold services than in the past," reports Henry H. Ness, after his third visit to Europe this summer. "In fact, in the larger cities there is no persecution at all. The Assemblies of God of Italy are making great progress, and the blessings of the Lord are upon them in a marked way."

Brother Ness held Bible conferences in Rome for the Italian pastors. He also conducted evangelistic meetings, and many souls in Rome found Christ as their Savior. He preached at a baptismal service held in the Tiber River. He also attended the National Convention of the Italian Assemblies of God, which was held at Catania, Sicily. There he preached at a baptismal service on the shores of the Mediterranean Sea, when 34 believers were baptized.

Baron William Frary Von Blomberg joined Brother Ness in Rome, and together they conferred with political and religious leaders of Italy, continuing their efforts to obtain complete religious liberty for all Protestants, and especially the Assemblies of God.

He spent nine weeks in Europe, traveling under the auspices of the International Council for Christian Leadership. He visited England, Switzerland, Spain, Portugal, and the new state of Israel, as well as Italy. While traveling from Haifa to Tel Aviv, the car in which he was riding was fired upon by Arab snipers, but no one was injured. Jewish rabbis escorted him through parts of Palestine. They showed him Arab villages and Jewish colonies. They also took him to Mount Carmel and pointed out the place where Elijah challenged the prophets of Baal, and the cave where they said Elijah lived.

The last stop on their journey was Lisbon, Portugal, where Brother Ness and Baron Von Blomberg were received by His Majesty, King Umberto of Italy; by King Carol of Roumania; and by several high officials. Brother Ness feels that a good foundation has been laid for future work relative to the securing of greater religious freedom for the Protestants of Europe.

Europe On Powder Keg

After a nine-week tour of several countries, the Rev. Dr. Henry H. Ness of Seattle is convinced that Europe is "sitting on a powder keg."

Visiting Palestine, he was told that Israel is not pleased with

the stand of the United States, and will "fight the Arabs to the finish."

Dr. Ness disclosed that he had one "thrill" he did not appreci-ate—snipers' bullets flying over his car one night on a road to Tel Aviv.

Dr. Ness Finds Greek, Italian Persecution

Complaints of religious persecution in Greece and Italy, which Dr. Henry H. Ness, pastor of Hollywood Temple, investigated, are true, he said yesterday when he returned

"While I was conducting a ministers' conference in Rome, I received a telegram from a pastor who said he couldn't come to the conference because he had been jailed for preaching the gospel,"

Dr. Ness said.

As a representative of the Assemblies of God, Dr. Ness, who is also principal of the Northwest Bible Institute and Seminary, investigated the economic situation as well as the complaints of religious persecution. He conferred with political and church leaders, includ-ing Archbishop Damascinos and Pope Pius XII and was assured of cooperation in the future.
"When I was in Athens, Greece,

the situation was very tense," Dr.
Ness said. "Streets were filled
with truckloads of soldiers. Police
stopped civilians. Cars were
searched for weapons.

"The attitude of the Greek people—and I talked with many from all walks of life — is that

Britain has utterly failed them.
"They are looking to America
as the only means of salvation," and they are definitely fearing an invasion by Russia unless we can save the situation.

Dr. Ness said that everywhere he went the Marshall plan was approved but with "fear that the money might go into the wrong hands and only benefit a few."

"It is my earnest conviction that the plan is an important issue," he continued, "It must be strictly under American supervision. We must see that it is taken care of, in the right hands, or it will be a waste of money."

Dr. Ness will relate his experi at both the morning and evening services at Hollywood Temple tomorrow—at 11 a.m. and 7:30 pm. He will speak on "Greece in the Balances" in the morning and "Italy's Politicial, Religious and Spiritual Condition" in the evening.

He plans to report his findings to the Assemblies of God, the Coun-cil of Churches, the National Association of Evangelicals and other groups.

"I will recommend," he said, "That they contact the state department at Washington, D.C., and request that no aid be sent to any country where there is no religious freedom."

THE Bible Conference in Rome made very satisfactory progress. The brethren rented a large public meeting place for our Sunday night evangelistic service. This public meeting place, which had a large capacity, was packed out with many people standing. I spoke on the subject, "What must Italy do to be saved?" Pastor Parli, of Tessin, Switzerland, interpreted for me. When the invitation to be saved was given, hands went up everywhere, and about one hundred came forward asking prayer for salvation. Several priests were present in the meeting. One of

them came forward and expressed appreciation for the message. There were also Communists and police present but we had no disturbance whatso-

Two Bible Conferences were conducted each day. Approximately 150 to 200 pastors and Christian workers were in attendance. For a few days I dealt with the subject of church government and organization and

the interest grew every day with many expressing their desire for an Assemblies of God organization in Italy. The matter will be taken up at the national convention which will be held in Naples. We are praying that something definite will be accomplished at that time.

Pastor Parli has arranged for several days of Bible conferences in Tessin, Switzerland, where all the Swiss brethren are expected to

INTERVIEWS POPE

My audience with Pope Pius the XIIth was a most interesting one. He gave me thirty minutes, which according to Myron Taylor's assistant, was the longest interview in his experience. I talked with the Pope about the matter of religious persecution.

Rev. H. H. Ness Back From Trip to Europe

Dr. Henry H. Ness, pastor of Hollywood Temple and principal of the Northwest Bible Institute and Seminary, returned recently from a tour of Southern Europe, as a representative of the Assemblies of God.

While in Rome, Dr. Ness had a 30-minute private audience with Pope Pius XII and conferred with members of the Italian Government and church leaders

Dr. Ness will relate his experiences at both the morning and evening services at Hollywood Temple.

TESTIFYING TO THE POPE

A few weeks ago Pastor Henry Ness of Seattle, Wash. was in Italy and was afforded a personal interview with the Pope. Probably Brother Ness is the first and only Pentecostal minister ever to have the privilege of testifying to the Pope. After conversing with him for some time regarding religious liberty and persecution throughout the world, Brother Ness

"Although I am not a Catholic, I know that I am saved, that I am a child of God, that my name is written in heaven, and that I have been born again of the Spirit of God, because the Spirit of God bears witness with my spirit to this fact. Not only have I been saved, but the Lord has baptized me with the Holy Spirit with the speaking in other tongues as they did on the day of Pentecost. Not only I, but hundreds of thousands of others have a like experience throughout the world today.

The Pope listened very attentively and replied, "You have had a remarkable experience, and I must believe you because you appear to be a very sincere man."

Can we not pray that God will speak to the Pope's heart, showing him the truth, and pray that Brother Ness' interview may benefit the Pentecostal people of Italy and other Catholic lands in their struggle for religious liberty.

Dr. Ness Returns From Europe Tour

Dr. Henry H. Ness, pastor of Hollywood Temple and principal of the Northwest Bible Institute and Seminary, has just returned from a tour of Southern Europe. As a representative of the Assemblies of God, Dr. Ness held Bible conferences in Rome, Naples and Pompeii, Italy; Athens, Greece; and Geneva, St. Morritz, Locarno, and Bellinzona, Switzerland.

While in Rome, Dr. Ness had a thirty minute private audience with Pope Pius XII and conferred with prominent members of the Italian government.

In Athens, Greece Dr. Ness and Baron von Blomberg, son of former German Reichmarshall and Minister of War, met with such political leaders as Mr. Tsaldaris, vice-president of the present government; Hon. Mr. Tsellos, director-general of the Kanellodoulos Party; Mr. Kyrou, editor of "Hestie", largest newspaper of Greece; and with the following prominent church leaders; Hon. Mr. Papadinos, Minister of Education and Religion: Bishop Klouthatos, Secretary-General for the Greek Orthodox churches; Bishop Kotchias; and His Grace Archbishop Damascinos, former regent of Greece and present supreme head of the Orthodox Church of Greece.

Dr. Ness will relate his experiences at both the morning and evening services at Hollywood

Il fratello HENRY H. NESS, Presidente del Northwest Bible Institute e Pastore dell'Assemblea Pentecostale « Hollywood Temple » di Seattle (Washington), senza badare alle spese e ai sacrifici di un lunghissimo viaggio e rinunziando al suo periodo di riposo, si è volenterosamente prodigato nei laboriosi Studi Biblici e nei gloriosi culti tenuti nella nostra Chiesa di Roma, per l'avanzamento del Regno di Dio in questa nazione.

A lui vada il nostro grazie più affettuoso. Il Signore, che solo può farlo, lo ricompensi in tutto con sovrabbondanza di grazie e di benedizioni e lo usi continuamente per la Sua maggior gloria e per il bene delle anime di tutto il mondo. Amen.

Uguale ringraziamento ed augurio vada al carissimo fratello HERMANN A. PARLI, Pastore della Chiesa Pentecostale di Bellinzona (Svizzera), collaboratore ed interprete fedele dei messaggi del fratello Ness. Il fratello Parli, anche precedentemente ed in diverse occasioni. ha dimostrato vivo interesse ed amore cristiano per l'Opera d'Italia.

THE LOCAL GROUP BACKGROUND

It was by the sea of Galilee, about 1900 years ago, that the Breakfast Groups had their start. A new life of freedom, fervour and a sense of future was born. Business men and workers at their trade had a meeting with Jesus. That morning they received instruction in how to do their business. They found an enriching fellowship, physical warmth, and a new challenge of life.

The birth of the Breakfast Groups in this later era began with 19 business executives in Seattle, Washington, in April of 1935. As these men continued in their weekly meetings here, too, was born a new vision of a life of service, with sanity, success, and security, in the acceptance of Jesus the Christ and the desire to follow Him and practice His precepts. A new Passion was born in the realization of God's plan, in us, through us and among us, for His Kingdom on earth. A new Purpose for living was recognized, as the agents of God's plan in our personal, business and community life. New Power came as men believed and obeyed God.

The contagion of the new life established new groups in shops, homes, the Church, schools, and clubs. Men on business trips made it a missionary opportunity. The politician became the Ambassador of Christ, the Labor leader, a minister of reconciliation. The Group became a troop for action. The stream of the new life was expressed in teams bringing the message to other cities. The transformation of men brought transformation in home, business and government. The solution to all problems was found. The atmosphere was produced whereby economic, social and political change was affected.

A great change in city and state awakened the interest in other states. The Christian way was found to be the workable, practical way. Groups were formed across the country and in cities along the Atlantic Seaboard, including weekly meetings in the Senate and House of Representatives in Washington, D. C. Other countries saw new hope through men united for Christian action and in a common faith and devotion to Jesus Christ. In 1947 an International Conference was held in Zurich, Switzer-

land with representatives from the U. S. Congress and leaders from other walks of life in U. S. and Europe.

direction of Seattle Council of

THE PRESENT

Following the example of the first group, most units find 7:45-8:45 o'clock in the morning a good time to meet. Others, however, meet for lunch, dinner or around an evening fireside. The meetings usually include prayer, scripture lesson, a round table discussion, silent meditation, and audible prayer, or the Lord's prayer in unison. Leadership rotates. This is a layman's movement — a movement in which men can share their experience and translate theory into action, thus producing Christian leadership by precept and example.

THE NATIONAL PROGRAM

The work throughout the country is coordinated through a national committee. Membership in this organization is open both to groups and individuals whose aims and objectives are the rekindling of the Christian faith and the application of the Christian teachings and spirit to all problems and relationships. This membership provides for a missionary fund and operating expenses. Rather than merely isolated units or individuals, we are strengthened through the larger comradeship transcending party, sect and other barriers. The National Corporation sponsors publications, the News Letter, monthly study outlines, speakers, conferences, retreats, exchange of information and united action.

THE INTERNATIONAL ORGANIZATION

Individuals, groups, and specific national bodies are linked together through the International Council for Christian Leadership. International trade, finance and government officials find understanding, confidence and hope for the future in an expanding Christian faith and in the climate of human relations that Jesus makes possible. Successful global cooperation becomes practical and inevitable as the teachings of Jesus are known and practiced.

We have enlisted in a global offensive with a song

in our hearts and victory in our lives—certain of the eventual establishment of the world-wide reign of Jesus Christ. We believe "that God was in Christ, reconciling the world unto himself, not imputing their trespasses unto them; and hath committed unto us the word of reconciliation. Now then we are ambassadors for Christ, as though God did beseech you by us: we pray you in Christ's stead, be ye reconciled to God." (Corinthians 5: Verse 19 and 20).

IT ALL STARTS WITH YOU

BEING GOOD is not enough. The solution of today's troubles—individual, community, national, and world—requires constructive action by men and women with a vital faith, a contagious spirit, and a practical knowledge of how to help the other fellow.

TO START WITH, this requires acknowledgement that our lives are not what they ought to be and faith that God can accomplish in us what we can not do for ourselves.

TO DEVELOP THE NEW LIFE so that we can become adequate in meeting today's troubles calls for a sevenfold program progressively applied.

- 1. To check our lives frequently against God's Word and purpose for us, to admit promptly our faults, to seek God's forgiveness and to accept it gratefully in Christ's name (Acts 13:37-39, Romans 5:8-11 and chapter 10:9, John 1:12).
- 2. To institute a regular regiment of private devotions with unhurried time for Bible and other religious reading, prayer, praise, and the search for and reliance on God's guidance in all affairs.
- 3. To engage in regular public worship and action in some Christian church. To pass on the good news and invite others into the fellowship with Him.
- 4. To meet every problem, relationship, temptation, and opportunity in a Christlike manner with God's help.
- 5. To set aside a portion of our income of sacrificial dimension to be used in advancing the Kingdom of God.
- 6. To participate in group meetings regularly in order to increase our spiritual power to aid others through sharing of experiences in Christian fellowship, and to learn to apply Christian principles in every area of life.
- 7. To refuse any compromise in the application of the basic spiritual imperatives in the teachings of Christ.

Multiplicity Of Parties Hit By Norse Guest

The stable democracies of United States, Canada and Britain are the envy of European nations who, through their multiplicity of parties, are unable to achieve workable democratic governments, in the opinion of Hon. Christian Oftedal, Liberal member of the Norwegian parliament and chief editor of the Stavanger Aftenblad.

He told The Daily Province today he was greatly impressed by the "fair play" in political life of the British and American systems.

Here under auspices of the Interational Council of Christian Leadership, Mr. Oftedal will address a meeting tonight in First Baptist Church, Burrard and Nelson. He arrived from Seattle accompanied by Dr. Henry H. Ness and Carl F. Christopherson, officers of the ICCL.

"I don't think the tragedy of Europe between the wars was so much the strength of Hitler," he said, "but in the weakness of democracy. They are starting on the same track today.

Mr. Oftedal was arrested by the Germans as an underground worker. His death sentence was commuted to imprisonment.

The editor agrees that morals in Europe are at the lowest ebb. "But," he says, "I also believe in the American saying—it isn't Christianity that is wrong, but the Christians. CHURCHES DIVIDED

The religious revival is already to be seen, says Mr. Oftedal. "You can see it in the political parties. The one criticism is that the churches, which ought to teach us to be good enough Christians, are divided against each other. We have got to have Christianity in spite of the Christians, in fact."

World morals are at a low ebb after any wars, he stated. "But there is hope today because the problems are being seriously dealt with. There are no neutrals today-we have all got to

face the dangers.
"In England, I see the finest spirit I have ever seen—there you can see the Dunkirk spirit still in existence, to win the peace now that the war is won.'

One matter brought no reply from Mr. Oftedal. He will not comment on what he has seen in the United States and Canada. "I am here to learn, not to teach," he said. "I don't believe in persons who give an opinion have been only a few country."

L'AIGLE ET LES AIGLONS

Dr. Henry H. Ness, Pasteur à Seattle (U.S.A.)

La Bible nous présente une riche variété de symboles et d'images qui illustrent et gravent à la fois dans nos cœurs les divers aspects et caractéristiques de la vie chrétienne. L'enfant de Dieu doit être le sel de la terre et la lumière du monde; ailleurs il se voit comparé à l'aigle et à la brebis, ailleurs encore au soldat ou au pêcheur. Ce soir, nous voulons nous entretenir des «Chrétiens-Aigles».

Dieu se compare a l'aigle

Exode 19, verset 4: «Vous avez vu ce que j'ai fait à l'Egypte, et comment je vous ai portés sur des ailes d'aigle et amenés vers moi».

Il est de notre devoir, en tant que chrétiens, de ressembler à notre Maître, ce «Dieu-Aigle» dont les ailes puissantes se sont étendues pour délivrer son peuple d'Israël de l'Egypte, maison de servitude, pour le transporter jusqu'à lui. Autrefois nous vivions dans cette terre ingrate et fangeuse de péché et de mort, mais notre Dieu a déployé ses ailes fortes et protectrices et nous a transportés dans son Royaume de lumière et de vie. Nous n'avons pu opérer nous-mêmes notre propre délivrance: ce sont les ailes souveraines et libératrices de notre Dieu qui nous ont portés. Comme il est précieux de se reposer sur ses ailes divines et toutes-puissantes!

Tendresse de l'aigle pour ses aiglons: symbole de l'amour de Dieu pour ses enfants

Deutéronome 32, versets 10, 11, 12:

«Il l'a entouré, il en a pris soin,

Il l'a gardé comme la prunelle de son œil, Pareil à l'aigle qui éveille sa couvée,

Voltige sur ses petits,

Déploie ses ailes, les prend,

Les porte sur ses plumes. L'Eternel seul a conduit son peuple».

Quand les aiglons soigneusement nourris par leur mère ont atteint un certain développement, on les voit s'ébattre dans leur nid et essayer gauchement leurs ailes. Pendant des semaines, jour après jour, face à l'abîme, ils déploient leurs ailes maladroites sans jamais oser quitter leur sûr refuge. Le jour suivant c'est encore le même exercice qui se renouvelle avec le même résultat. Cependant l'œil vigilant de la mère veille sur sa nichée, elle voltige et, dans son langage, les exhorte à bannir la peur et à s'élancer dans le précipice béant, à faire confiance à leurs ailes et surtout à s'attendre à elle qui ne les abandonnera pas. Mais sa voix n'est pas assez persuasive et la crainte prévaut; alors elle doit agir. Tandis que le jeune aiglon, agrippé au bord du nid, déploie en vain ses ailes malhabiles, la mère pousse sans pitié son propre enfant dans le gouffre redoutable. Mais, ô miracle! les ailes de l'oiseau apeuré s'éten-

dent largement et pendant un certain temps, il brasse royalement l'atmosphère qui a perdu en un instant toute sa terreur... Mais le nid est encore tout en haut et le pauvre aiglon, incapable encore de mesurer sa force, se sent soudain envahir de faiblesse et les ailes, si majestueusement déployées tout à l'heure, battent bientôt lamentablement tandis que l'oiseau vole toujours plus bas. La mère attentive a le regard sur son petit, elle s'élance tout à coup, fendant l'air avec puissance et vient déployer ses larges ailes juste audessous de l'aiglon fatigué qui s'y réfugie et s'v repose avec la même sécurité que s'il était tout là-haut au bord du nid dans le creux du rocher. Cependant la lecon continue, il faut que les ailes encore faibles et débiles acquièrent cette souplesse et cette vigueur que seul l'exercice leur communiquera. Et la mère, encore une fois, précipite son petit dans l'atmosphère; elle vole avec lui, l'encourage et s'il est encore trop faible, le reprend à nouveau sur ses ailes... plusieurs fois elle recommence, sans jamais se lasser, jusqu'à ce que l'aiglon devienne à son tour un roi de l'air, ayant vaincu pour toujours la crainte et l'effroi de l'abîme.

N'en est-il pas ainsi pour l'enfant de Dieu? Il arrive que le Seigneur doive secouer le nid dans lequel nous nous blottissons égoïstement. Il fait souffler dans le ciel serein de notre vie spirituelle quelque vent contraire, précurseur d'ouragan et de tempête... Nous nous sentons précipités dans l'abîme; un deuil soudain vient détruire notre nid si douillet; une persécution sans merci sape d'un coup notre réputation et nous nous vovons couverts d'opprobre et de honte; une tentation insurmontable s'abat sur notre âme et nous succombons lamentablement, nous sombrons, toujours plus bas... Y a-t-il encore de l'espoir pour nous? C'est alors que du fond de l'abîme nous faisons monter vers Dieu notre ardente requête, notre supplication angoissée... Et tout à coup nous sentons audessous de nous les ailes puissantes de notre Dieu, largement déployées, dans lesquelles nous n'avons qu'à nous abriter jusqu'à ce que l'orage ait cessé et que nous puissions reprendre notre vol interrompu. Avez-vous

déjà fait cette expérience? Vous êtes-vous senti sombrer dans un gouffre terrifiant et soudain retirer du danger par le bras fort du Tout-Puissant? N'a-t-il pas dit dans sa Parole: «Je ne te laisserai point et ne t'abandonnerai point?» et encore: «Ne vend-on pas deux passereaux pour un sou? Cependant, il n'en tombe pas un à terre sans la volonté de votre Père. Et même les cheveux de votre tête sont tous comptés. NE CRAIGNEZ DONC POINT: vous valez plus que beaucoup de passereaux». Matthieu 10, 29-31. C'est par les luttes et les victoires successives que notre foi diviendra profonde, solide, inébranlable.

L'aigle bâtit son nid sur le roc élevé Job 39, versets 30 et 31.

«Est-ce par ton ordre que l'aigle s'élève, Et qu'il place son nid sur les hauteurs?

C'est dans les rochers qu'il habite et qu'il a sa demeure,

Sur la cime des rochers, sur le sommets des monts».

L'aigle ne se pose jamais sur les branches d'un arbre, dans la plaine, son royaume ce sont les hautes cimes, les sommets vierges que l'homme n'a jamais gravis, la brèche osseuse des monts, le roc abrupt surplomblant l'abîme, le creux de quelque paroi de rocher escarpée et inaccessible: là, solitaire, sur le roc solide où l'arbre a cessé de pousser, il construit le nid de sa future nichée.

Amis chrétiens nous sommes comparés à l'aigle. Quel est le fondement de notre foi? Sommes-nous ballottés à tout vent de doctrine, hommes irrésolus et inconstants dans toutes nos voies? ou avons-nous jeté résolument l'ancre de notre foi sur le Rocher spirituel: JESUS (I Corinthiens 10, verset 4), le Rocher de notre refuge (Psaume 94, verset 22), le Rocher de notre salut (Psaume 89, verset 27)? Si oui, nous n'avons rien à craindre, notre barque n'ira jaumais à la dérive et le fondement de notre foi ne sera jamais ébranlé car il est en Christ: le Rocher des Ages.

L'aigle, le plus fort des oiseaux s'élève au-dessus des tempêtes

Esaie 40, verset 31.

«Mais ceux qui se confient en l'Eternel renouvellent leur force. Ils prennent leur vol comme les aigles; Ils courent, et ne se lassent point, Ils marchent, et ne se fatiguent point».

La plupart des oiseaux construisent leurs nids dans les rameaux hospitaliers des arbres et trouvent un refuge dans leur abondante frondaison. Tant que le soleil brille et qu'une brise légère vient agiter les feuilles, l'oiseau se sent heureux et gazouille joyeusement, insoucieux du lendemain qui peut amener un changement subit et concevoir en un instant l'orage inattendu et terrifiant. C'est alors la désolation, le froid, la misère et sans doute la mort qui s'abattent sur le pauvre nid exposé à toutes les intempéries! Il n'en est pas de même de l'aigle. Comme nous venons de le voir, il bâtit sa demeure, sur la roche sauvage et élevée, et ne redoute pas les hauts sommets. Il est doué d'une force supérieure à celle des autres oiseaux, aussi, à peine voit-il approcher la tempête et l'orage menaçants, qu'il s'élève d'un coup d'aile et vole à travers l'espace, plus haut, toujours plus haut, jusqu'à ce qu'il plane enfin au-dessus des nuages et de l'ouragan, là où le ciel est bleu. l'atmosphère calme et sereine et où les rayons du soleil percent les épais nuages et les transforment en un tapis étincelant. L'aigle vole au-dessus de l'orage qui ne peut l'atteindre car dans sa force il s'élève toujours plus haut.

Quelle est notre attitude spirituelle? Nous laissons-nous assujettir par les circonstances ou nous élevons-nous au-dessus d'elles? Essayons de prendre notre vol au-dessus des contingences!

«Ceux qui se confient en l'Eternel renouvellent leur force, ils prennent leur vol comme les aigles» nous dit la Parole. L'unique secret pour acquérir de nouvelles forces est donc de se confier en l'Eternel, de glorifier son Nom, de l'adorer, de le louer, c'est alors qu'Il nous communique la vigueur de l'aigle et que nous pouvons nous élever au-dessus des violentes tempêtes de cette vie et jouir pleinement du repos de la foi, de ce climat doux et calme qui règne au-dessus des bourrasques de ce monde, où brille le «Soleil de Justice» et d'où nous pouvons dominer les nuages!

Je voudrais ici apporter un témoignage personnel.

Quand je quittai la Norvège pour entreprendre mon premier voyage en Amérique, j'étais un jeune garçon de 15 ans, fils d'un pauvre cordonnier, et qui ne connaissais pas encore la joie d'être appelé enfant de Dieu. Mon père était alors diacre dans l'Eglise du Pasteur Barratt. C'était un chrétien convaincu dont le témoignage m'avait bien souvent frappé quoique je fusse alors rempli du désir de goûter aux joies du monde. Un soir en particulier, tandis que je rentrais à la maison après avoir passé la soirée en compagnie de mes camarades, je trouvai mon père tout joyeux, chantant des cantiques en s'accompagnant à la guitare. Son air paisible et heureux parla à mon cœur plus et mieux que bien des ser-

«Comment», pensai-je, «comment peut-il se réjouir ainsi dans sa solitude et trouver un plaisir si grand à chanter des hymnes religieux!»

Le jour du départ arriva enfin; mes amis étaient tous là pour me saluer une dernière fois et me glisser dans la main un dernier souvenir... Mon père était là aussi et, le dernier, me remit un petit paquet: «Henry», me dit-il, «prends ce souvenir et ne t'en sépare jamais, qu'il t'accompagne partout où tu iras!».

Seul sur le pont du bateau, je m'empressai de regarder à mes petits trésors, me réservant la surprise de défaire le paquet de mon père en dernier lieu. Il contenait un Nouveau Testament. Alors je me souvins de la promesse que je venais de faire à mon père. Je n'ai jamais manqué à cette promesse depuis lors, et au cours des années qui suivirent, jamais mon Nouveau Testament ne me quitta. Mon père est maintenant auprès de son Dieu, mais la Parole qu'il mit entre mes mains le jour de mon départ porte encore des fruits à Sa gloire.

Au cours de ce long voyage, une tempête violente s'abattit sur la mer et notre bateau était terriblement ballotté. Oh! comme j'avais peur de cette houle menaçante qui faisait si fortement tanguer le vaisseau! Je n'avais aucun refuge en ces jours de détresse et j'étais en proie à une grande angoisse.

L'année passée, en 1946, de nombreuses années après mon premier voyage, je fus appelé à traverser une deuxième fois l'océan, mais dans des conditions matérielles et spirituelles bien différentes!

Tandis que je volais au-dessus de l'océan et me réjouissais de voir «d'en-haut» les vagues en furie, sans éprouver les mouvements d'angoisse d'un bateau prêt à tout moment à aller à la dérive, et de pouvoir contempler ce spectacle unique... c'est en vain que mon regard chercha à sonder les nuages, en vain qu'il chercha à découvrir les flots!... J'élevais les yeux... quel merveilleux tableau! La lune et les étoiles brillaient au-dessus de l'avion et au dessus des nuages. Leur douce clarté se réflétait sur eux et les rendait brillants. Je ne pouvais que louer Dieu et magnifier son nom! Je ne voyais rien de l'orage, je ne ressentais aucun de ses effets: l'atmosphère était calme et lumineuse. L'angoisse qui étreignait le jeune garçon de 15 ans autrefois, avait fait place à la paix de l'enfant de Dieu qui se sait sauvé par le précieux sang de Jésus!

Confions-nous en l'Eternel et Il renouvellera nos forces comme celles de l'aigle! Il nous élèvera au-dessus des nuages, des angoisses, des épreuves, des tourments de la vie et au lieu d'avoir de sombres et terribles nuages au-dessus de nos têtes, nous les trouverons lumineux à nos pieds. Oh! ne nous laissons pas émouvoir, agiter ou troubler par les circonstances: Jésus est maître des circonstances!

C'est Dieu qui te délivre du filet de l'oiseleur

Psaume 91, verset 3 et 4.

«C'est lui qui te délivre du filet de l'oise-leur...

... Il te couvrira de ses plumes,

Et tu trouveras un refuge sous ses ailes».

Il est bien rare que les aigles soient pris dans le filet de l'oiseleur, car ils vivent dans les réigions élevées de la terre où il serait bien difficile à l'homme d'aller poser ses pièges. Nous avons vu que notre Dieu est comparé au Grand Aigle et nous, les chrétiens, aux aiglons. Quand l'aigle voit ses petits voler trop bas et qu'il perçoit quelque danger, il vole au-dessous d'eux, les met sous ses plumes et les élève en un instant audessus du péril.

L'oiseleur est le symbole du diable qui pose habilement ses filets et présente aux enfants de Dieu des tentations subtiles et apparemment innocentes dans lesquelles ils tomberont sûrement s'ils ne font appel à Celui qui seul peut les secourir. Quelle merveilleuse promesse nous avons!: «Il te délivre DU filet de l'oiseleur». Il t'empêchera même de te laisser prendre, Il te fera éviter ce filet trompeur. Si toutefois ton pied a glissé et qu'alléché par les appâts du malin, tu as connu la chute et sa honte, courage! A ton appel, Ton Dieu penètre dans le filet et vient t'en libérer!

J'ai une confiance totale en Dieu! Satan ne peut nous toucher sans Sa permission. Je n'oublierai jaumais la leçon que donna un ami chrétien dans l'avion qui nous amenait en Europe l'année dernière. La «Stewardess» expliquait longuement à chacun l'usage de la bouée de sauvetage en cas d'accident. Quand elle arriva auprès de cet ami chrétien, il l'interrompit gentiment: «Pour moi c'est inutile, je n'en aurai pas besoin!»

- «Qu'en savez-vous?», lui répondit la stewardess étonnée.
- «J'ai demandé à Dieu de nous donner un bon voyage et je sais qu'Il le fera!»

Avant de quitter l'avion, après notre atterrissage en Irlande.

— «Voyez-vous», dit-il à cette dame, «ne vous avais-je pas dit que nous arriverions sains et saufs!».

La Jeunesse de l'aigle est renouvelée

Psaume 103, versets 1 à 5:

«Mon âme bénis l'Eternel!...

... C'est lui... qui te fait rajeunir comme l'aigle».

A la fin de sa vie, l'aigle devient paresseux et se refuse même à manger toute nourriture. La partie supérieure et recourbée de son bec croît d'une façon démesurée, obstruant ainsi entièrement l'ouverture buccale. Il ne lui

reste alors qu'à mourir de faim: il est «prisonnier de son bec!» Quand les aiglons voient un de leur noble parent en cet état lamentable, ils vont à la recherche de quelque mets favori et étale aux pieds de l'aigle infortuné une délicieuse nourriture qu'il ne peut que sentir et contempler. Alors, dans un acte de désespoir, l'aigle se tourne contre le rocher et se met à battre du bec sur le granit avec une telle force que la partie supérieure du bec s'effrite et tombe, laissant voir un nouveau bec, normal comme l'était le premier au temps de sa jeunesse. L'aigle alors se jette sur la nourriture succulente et, à partir de ce moment, sa jeunesse est renouvelée, il peut manger à nouveau et acquérir de nouvelles forces.

Il y a deux pensées essentielles dans les quelques versets que nous avons cités:

- «Mon âme, bénis l'Eternel» et

— «C'est lui qui te fait rajeunir comme l'aigle».

Certains chrétiens ne savent plus ce qu'est bénir l'Eternel, ils ne rendent plus témoignage, depuis si longtemps ils ont la bouche close qu'elle semble fermée à jamais. On ne les entend jamais louer Dieu à haute voix dans les réunions de prière, ils ne savent pas dire: Alléluia! ou Gloire à Dieu! Ils sont devenus «Prisonniers leur bec», «Prisonniers de leurs lèvres closes!» Ils ne peuvent plus manger, ils ne peuvent plus parler, ils sont entrain de mourir spirituellement.

Chers amis, voici le remède: Comme l'aigle bat du bec contre le rocher et l'aiguise jusqu'à ce qu'enfin il puisse l'ouvrir, qu'ainsi le chrétien vienne auprès de Jésus, le Rocher des Ages, et lui demande d'ouvrir sa bouche fermée et de la remplir de Ses paroles! Vos lèvres deviendront alors exercées et vous pourrez enfin rendre témoignage à Celui qui vous a sauvés. D'un chrétien mourant, vous serez transformé en un chrétien vivant et bouillant et vous sentirez en vous le feu du premier amour brûler à nouveau dans votre cœur!

«Où sera le corps, là s'assembleront les aigles»

Luc 17, verset 37.

Un jour nous prendrons notre vol et nous nous envolerons jusque vers la demeure de l'aigle et plus haut encore, beaucoup plus haut!

- «Où sera-ce, Seigneur?» demandèrent les disciples de Jésus tandis qu'Il leur parlait de l'enlèvement de l'Eglise, de ceux-là seuls qui lui auront été fidèles (Versets 34 à 36).
- «Où sera le corps, là s'assembleront les aigles».

Là où sera le corps de Christ, nous les chrétiens, «les chrétiens-aigles» de toutes les parties du monde, de Naples, d'Italie, de Suisse, d'Amérique, etc... nous nous assemblerons et nous envolerons vers Jésus afin d'être toujours avec lui. «Consolez-vous donc les uns les autres par ces paroles» nous dit l'apôtre Paul!

Mon ami connais-tu ce soir la joie d'avoir des ailes d'aigle, symbole de la puissance de Dieu? Es-tu sauvé? Tes péchés sontils lavés dans le sang de Jésus? Si tu ne le sais pas encore, ce soir même tu peux en avoir le certitude! Dieu... a donné son fils unique afin que quiconque croit en lui ne périsse point, mais qu'il ait la vie éternelle! Quiconque invoquera le nom du Seigneur sera sauvé! Fais le ce soir!

Ami chrétien, voles-tu au-dessus des circonstances de cette vie, au dessus des nuages? Mets toute ta confiance en Ton Dieu et il te fera planer dans ce climat de victoire et de triomphe où les nuages deviendront lumineux. Notre espérance ne sera point déçue: un jour nous volerons tout là-haut, vers notre Patrie où nous serons avec Jésus pour tou-jours!

Dr. Ness Returns

Dr. Henry H. Ness, Pastor of Hollywood Temple and Principal of the Northwest Bible Institute and Seminary, Seattle, Washington, has just returned from a tour of Europe. Rev. Ness spent approximately four months out of the past thirteen in Europe, where he visited Norway, Sweden, Denmark, Switzerland, Italy, Greece, France, England, Ireland and Iceland.

Dr. Ness will be speaking at the Benson high school auditorium, Tuesday, November 25, at 7:30 p.m. The meeting is sponsored by the Assemblies of God and Foursquare Gospel churches.

When pastor henry ness, of Seattle, Washington, was in Italy, he interviewed the Pope. After conversing about religious liberty and persecution throughout the world, Ness said: "Although I am not a Catholic, I know that I am saved, that I am a child of God, that my name is written in heaven, and that I have been born again of the Spirit of God, because the Spirit of God bears witness with my spirit to this fact. Not only have I been saved, but the Lord has baptized me with the Holy Spirit, with the speaking in other tongues as they did on the day of Pentecost. Not only I, but hundreds of others have a like experience throughout

the world today."

The Pope listened very attentively and replied, "You have had a remarkable experience, and I must believe you because you appear to be a very sincere man."

REV. NESS RETURNS FROM THIRD EUROPEAN TRIP

Rev. Henry H. Ness recently returned from his third trip to Europe where he spent nine weeks traveling in the interest of religious liberty. His itinerary included England, Switzerland, Italy, the new state of Israel, Spain, and Portugal. In London Rev. Ness held a confer-

In London Rev. Ness held a conference with Lady Alice Preston, Baronness Ravensdale, and Sir Phillip Dunsdas, leaders of the International Council for Christian Leadership. In Geneva he attended the international convention of the National Association of Evangelicals where he met such prominent Christian leaders as Dr. Torrey Johnson, Youth for Christ; Dr. Bob Jones, Jr., Bob Jones College; Dr. Elwin Wright and Dr. R. E. Decker, National Association of Evangelicals.

From Switzerland Rev. Ness went to Rome, and there he held Bible conferences for the pastors of the Assemblies of God of Italy, the organization which he was instrumental in formulating last year. He also held evangelistic meetings in the church at Rome, and many souls found Christ as their Saviour. He witnessed and preached at a baptismal service held at the Tiber River in Rome. Rev. Ness reports that the revival is still going on in Italy and that the church in Rome is filled beyond its capacity at every service.

Rev. Ness conferred with political and religious leaders in Italy continuing the effort for complete liberty for all Protestants of that country, especially the newly formed organization of the Assemblies of God. The following are some of the persons with whom he conferred for that purpose: the Right Rev. Monsignor Tardini, Vatican Secretary of State; His Excellency Monsignor Joseph Gawlina, Bishop of Mariamme and Master of Chamber of His Holiness, the Pope; His Excellency Minister Marazza, Minister of Interior; Hon. Mr. (Continued on Page 14, Col. 2)

Cardemone, Director of Cults, Minister of Interior; Hon. Franklin Gowen, Assistant to Hon. Myron Taylor, Personal Assistant of the President of the United States to His Holiness, the Pope; Hon. Homer Byington, Charge d'Affairs of United States Embassy in Rome; His Excellency, the Marquis of Alcyune, Spanish Ambassador to the Vatican; and Hon. Jacques Isaac Cohen, Charge d'Affairs of Greek Embassy in Rome.

The Italian Christians are enjoying much more freedom to hold services than in the past; in fact, in the larger cities there is no persecution at all. The Assemblies of God of Italy is making great progress, and the blessing of the Lord has been upon it in a marked way.

Rev. Ness attended a very impressive service in a Jewish synagogue in Rome. It was the annual service of lamentation at which the Jewish people are commemorating the destruction of Jerusalem and the temple. At the close of the service, Rev. Ness met the rabbi in charge of the ceremony and told him of his plans to go to Israel and of his interest in Zionism. The rabbi was surprised that a Christian minister could be a Zionist and expressed with emotion the hope that this would be the last service of this type to be held because the Jews were looking forward to complete victory in Israeli by this time next year.

Before leaving for Europe, Rev. Ness was given letters of introduction and recommendation by several Zionist organizations in Seattle and New York and one from the vice-consul of the new state of Israel in New York. Since there was no commercial plane service from Rome to Israeli, Rev. Ness went to the leaders of the Zionists in Rome and presented his problem. With their courteous cooperation he was given a seat on a special chartered plane from Rome to Haifa which carried Jews only. From Haifa to Tel-Aviv, the temporary capital of Israeli, Rev. Ness traveled by a car provided by Jewish officials. Arab snipers fired at the car as they were traveling, but happily none were injured.

In Tel-Aviv Rev. Ness met Yaakov Dori, commander in chief of the army of Israel, and Rabbi Ebba Silver, chairman of the international World Zionist conference which was held in Israeli at the time Rev. Ness was there. Several Jew-

ish rabbis escorted him through the new state of Israel and showed him Arab villages and Jewish colonies. They also took him to Mt. Carmel where they pointed out the place where Elijah challenged the prophets of Baal and the cave where Elijah lived.

Rev. Ness returned to Rome and then went to Catania, Sicily where he attended the National Convention of the Assemblies of God of Italy. Here he preached at and witnessed a baptismal service on the shores of the Mediterranean Sea when thirty-four persons were baptized. He also preached in the Waldensian Church in Catania.

Madrid was the next place which Rev. Ness visited, and there he consulted with the mayor of the city, His Excellency, Joseph Moreno Torres; Hon. Ivan Ramon Parellada, Secretary of the Embassy in Madrid, and His Excellency, Count Pototski, Plenipotentiary Minister of the Polish Government in Exile. He also attended a reception at the American Embassy in honor of Senators Lucas, Barkley, and Hatch. He met Senor Jose Flores Espinosa, Spanish Representative of the British and Foreign Bible Society, and all the Protestant ministers in Madrid. Rev. Ness preached in the Full Gospel Church on Sunday evening.

From Madrid Rev. Ness went to San Sebastian, headquarters for all government offices in the summer, and there he conferred with several prominent church leaders and government officials, such as, His Excellency, Monsignor Louis Maria de Lojendio, Technical Chief of the Office of Diplomatic Information of the Minister of Foreign Affairs; His Excellency, the Bishop of Vitoria; His Excellency, the Bishop of Calahorra and Calzada; the Papal Nuncio; Dr. Antonio Carneiro Pacheco, Special Plenipotentiary Ambassador of Portugal; and His Excellency, Paul Culbertson, American Charge d'Affairs in Spain.

The last stop on his journey was Lisbon, Portugal where Rev. Ness was received by His Majesty, King Umberto of Italy; His Majesty King Carol of Roumania; His Excellency, Nicholas Franco, Ambassador of Spain to Portugal and brother of Generalissmo Franco; His Excellency, Gustave Potoworowski, Plenipotentiary Minister of the Polish Government in Exile; and His Excellency, Lincoln MacVeagh, American Ambas-

sador in Lisbon.

Rev. Ness feels that a good foundation has been laid for future work relative to more freedom for the Protestant people of these countries which he visited.

Church Has Grown

During the 15 years of his ministry as pastor, Hollywood Temple has grown from a membership of 150 to more than 700. It is the largest Assembly of God Church in the Northwest.

Dr. Ness and family came to Seattle in December, 1933, from Fargo, N. D. Less than one year after his arrival, Dr. Ness founded the North-west Bible Institute and Seminary of which he has been president since its beginning. Because of the rapid growth of the church, an ad-dition was built in 1937 to provide more space for Sunday School and for a larger auditorium. Hollywood Temple is again planning further extension of its building program, and plans are under way for the construction of a new church edi-fice which will cost approximately \$300,000.

GOVERNOR LANGLIE APPOINTS REV. NESS TO STATE POSITION

Rev. Henry H. Ness was appointed chairman of the State Board of Prison Terms and Paroles by Governor Arthur B. Langlie on January 13. In this capa-

Rev. Ness' new position presents a great challenge to establish a parole system which

will be based upon righteous principles and which will serve as a pattern for other states.

NBI has indeed been fortunate in having Rev. Ness as its founder and leader. It was because of his vision and faith that the school came into existence in 1934, and because of his unusual administrative ability that it has progressed to its present state. The blessing of the Lord has been upon the school from the very beginning, and God has crowned the sacrifice and labor of its leader with success.

We pray that God's blessing shall continually rest upon Rev. Ness and that He shall grant him wisdom and guidance in his new undertaking.

Rev. Henry H. Ness Gets Parole Board Appointment

Thursday, January 13, Rev. Henry H. Ness, principal of the Northwest Bible Institute, received notice from Governor Arthur B. Langlie, that he had appointed him as chairman of the State Board of Prison Terms and Paroles. This was quite a surprise to Brother Ness as well as to all of us.

The new office to which Brother Ness has been appointed is a full-time position, therefore it has become necessary for him to resign as principal of the Northwest Bible Institute. As chairman of the State Board of Prison Terms and Paroles, Brother Ness will be over all the penal institutions of the state including chaplains and the spiritual welfare of the inmates. This does not mean he will be withdrawing from the ministry. He informs us that he will be free to minister as opportunity affords.

Let us all unite in prayer for our governor and Brother Ness at this time that God shall enable them to rehabilitate the unfortunates behind the bars as never beJANUARY, 1949 FEBRUARY, 1949

DR. NESS APPOINTED TO HEAD STATE BOARD OF PRISON TERMS, PAROLES

On Thursday, January 13, Dr. Henry H. Ness was appointed to become the chairman of the State Board of Prison Terms and Paroles by the Honorable Governor, Arthur B. Langlie.

We, who are acquainted with Rev. Ness, know of his ability and his great experience in dealing with human nature. Also, we know of his knowledge in the field of psychology and penology—a man with vision who can aim at a special point and attain success through his capabilities. We should give thanks and praise to God because this appointment is a great honor for the entire district. It is also proof that our new governor is establishing righteous leadership.

In olden times it was considered a condemnation for a nation when the leaders were ungodly and worldly people. Many of the troubles of our days are due to the fact that we, as the people of God, forget our duty of praying for good men of authority as our leaders.

I sincerely believe Rev. Ness will be the most notable chairman of the parole board in the history of the State of Washington. If there has been anyone in our district deserving such a great power and honor, it is Brother Ness. He is a man who can meet the public-he can meet the lowest class of people as well as the President of our great country with dignity.

Dear friends, especially those who have had relatives serving sentences in our institutions, do not expect unreasonable changes—remember that, the law is the law. Do not overload our new chairman with suggestions, expectations and unreasonable requests.

In our prayers, let us all include our new governor as well as Brother Ness and ask our Great Shepherd to take them under his keeping

The church's ministers, officers and members held a joyful groundbreaking ceremony after the morning worship service Sunday, January 2, led by the new pastor, the Rev. Watson Argue, and the former pastor, the Rev. Henry H. Ness. The dozen hand shovels used in this event were sold on the spot for large sums which were placed in the building fund. Two of the shovels went for \$100 each. The power dirt-removers took up their chore the next day.

The new Temple, designed in a modern adaptation of Tudor Gothic of face brick and cast stone, will provide accommodations for a congregation of 1750. With a large assembly hall or lower auditorium and many class rooms, facilities will be provided for a Sunday School of 1000 members in graded classes for all ages from 3 years to the oldest adults.

THE CHRISTIAN LEADERSHIP PROGRAMME

"THE MORE I PRAY AND THINK OVER THIS PROGRAMME, THE MORE I AM CONVINCED THAT THIS IS GOD'S MOVEMENT IN THIS HOUR OF GREAT CRISIS, AND WE MUST NOT LIE DOWN ON THE JOB BUT REALLY SACRIFICE OUR LIVES AND MONEY FOR THIS GREAT CAUSE."

The above is taken from a letter received from the Rev. Dr. Henry Ness, of Seattle, U.S.A., after he had spent nine weeks on a tour of investigation of EUROPE and PALESTINE on behalf of the International Council for Christian Leadership. During this period he interviewed many of the Statesmen and Leaders of several countries and laid the foundation of our work in them.

He has opened an I.C.L. Office in Seattle and is resigning his appointments as Principal of a Seminary and Leader of a Church, to become an International Representative of I.C.L. This is Dr. Ness's third European tour.

On another occasion he flew from Seattle to New York and back, 6,000 miles, at his own expense, to attend an I.C.L. Committee Meeting, because, he said, he believed this was God's call. Dr. Ness is proving his words by his action, and

NEW PAROLE BOARD IS TOUGH ON ESCAPES; 231 CASES ARE EXAMINED

With a calendar of 231 cases staring them in the face, Washington's State Board of Prison Terms and Paroles convened at the penitentiary Tuesday, March 22, and dug into its bi-monthly task of unraveling the threads accounting for social misbehavior. By the following Saturday noon the board had completed examinations of all scheduled cases.

It was the board's first meeting here under the chairmanship of Dr. Henry H. Ness, one of newly elected Gov. Arthur B. Langlie's first appointments. Associated with Dr. Ness on the board were John J. Quine, former chairman, and Jack E. Fitzgerald. According to recently released news reports, this board is very tough on escapes—meting out minimums ranging from 7½ to 20 years.

The members' first chore was cleaning up 102 parole cases, including eight with detainers from other states, and one who was already on a governor's leave of absence. The disposition of parole cases are more or less routine, unless irregularities are found in the parole plans such as unsuitable employment or transporta-

A list of 105 admission cases was the largest category to come under the board's scrutiny. This, according to observers, is where Dr. Ness and his associates made it clear to the prisoners that a policy of fairness and firmness would be adhered to by the board and that the board in turn expected the same policy from the prisoners and parolees toward society. Dr. Ness impressed many, that, as far as he was concerned, Washington was not going to be a happy haven for those who have no regard for law and order.

On the Sunday following completion of his work at the penitentiary, Dr. Ness accepted invitations to speak to the congregation of a local church during the morning and evening services. Having just returned from his third annual trip to Europe and

During his stay in Europe, he contacted the very top leaders in religious as well as political service. SUBJECT:

"Karisma"

I feel very much complimented and appreciate your sending me a copy of "Karisma", the publication of the Northwest Bible Institute and Seminary. The book has been very atractively done. The layout and the printing are of the first order. It is particularly interesting to me because of my close connection with the University of Washington "Tyee", which is published under my direction.

Thank you again for your thoughtfulness.

Dr. Henry H. Ness, Chairman Board of Prison Terms & Paroles Social Security Building Olympia, Washington

Dear Dr. Ness:

Enclosed is our cordial invitation for you to be guest of the Olympia Chamber of Commerce at its Second Annual State Officials Dinner to be given at the Olympia Country & Golf Club, 6 p.m., on the evening of June 16, 1949.

Following the custom established last year at the first annual banquet, you and your fellow directors and commission or board members will be introduced personally by the Governor. To ease your mind as you are reading this letter, you will not be expected to make any response to the introduction Governor Langlie has prepared for you. Speech making and responses to introductions are confined by tradition to the Governor, the elective officials and members of the Washington State Supreme Court.

We must apologize to you for not extending this invitation to your wife or members of your family, but we know you will understand that this official dinner taxes the limit of dining facilities in our city.

We are looking forward to meeting you personally at the Country Club on the occasion of this banquet, and we know that you will be agreeably impressed by the hospitality there displayed by the members of the Olympia Chamber of Commerce and the citzenry of Olympia

Area's Attractions to Be Seen at Chicago

The first of the big national travel expositions in which Spokane and the Inland Empire will have representation this year, through affiliation with the Pacific Northwest Travel Association, is scheduled for Chicago, February 10-19.

This is a Chicago Tribune sponsored event, and Sam Wallace, the newspaper's travel editor, says there will be a quarter of a million

paid admissions.

Our Publicity Department is arranging to send a good supply of literature descriptive of this area's scenic attractions for distribution to travel prospects.

We are sending stories and pictures to the Chicago Tribune for use before and during the show.

Twenty-seven Eastern Washington Chambers of Commerce, including the Spokane Chamber, belong to the Pacific Northwest Travel Association and actively support its effective program of travel promotion.

California Magazine To Feature This City

Spokane is to be included in a series of survey stories highlighting western community development to appear in Pacific Coast Review, a business magazine published in San Francisco.

The editor has asked our News Bureau to submit an article of approximately 800 words, built around the progress of Spokane and the Inland Empire during the past year and stressing long-range prospects in the offing for 1950.

The story will be illustrated with Spokane and area scenes.

"Of course, the series would not be complete without Spokane," writes the editor, "and we thank you for your fine cooperation." West to Benefit From Freight Rate Increases

C. O. Bergan, in discussing the effect of recent freight rate increases at the meeting of the Industrial Development Bureau last week, pointed out some of the advantages to the West. These freight rate increases actually provide an umbrella of market security for the western manufacturer. Mr. Bergan explained that we would see more and more eastern manufacturers locate branch plants in the West. However, he said, it would mean a hardship on the producers of agricultural products until the population of the West had increased to such an extent that the major portion of their production would be consumed in the western market. He also discussed the change in classrate structure initiated by the Interstate Commerce Commission.

In discussing the effect of the recent steel case decision by the U. S. Supreme Court, he told the bureau of the huge savings it meant to the steel fabricators in Spokane. For example, prior to this decision there was a \$17 differential between Boston and Spokane. Today it is \$1.06.

Set 100 Memberships As This Year's Goal

President W. Otto Warn last week attended a meeting of the Chamber of Commerce sales force, the Membership Committee, and for the second time left the gathering minus a pair of shoes.

Membership workers pegged the 1950 goal at 100 new members in addition to the annual membership roundup. President Warn agreed to present a pair of shoes to the committee if the goal is reached.

Verd Edwards won the shoes in 1949.

Plan Story Book Parade For Next Holiday Season

Members of the Parade Committee of the Retail Trade Bureau met with E. E. Baldwin, Baldwin Neon Sign Company, last Thursday and viewed the completed float depicting the "Old Woman who lived in a Shoe." This float is approximately 12 feet long and 10 feet tall, and is one of a series to be built and used in connection with a Story Book Parade planned for the 1950 Holiday Season.

Last year the Giant Balloon Parade was featured. The Story Book theme this year promises to be more colorful, and much larger and will be of great interest to the children because of their association with nursery rhymes.

The Parade Committee will report back to the Executive Committee next Friday, and make recommendations as to the sponsorship of such a parade.

coverage

Full coverage will be given by our news writer to the sessions of the annual convention of the Washington State Auto Dealers' Association, meeting here April 20-22. This service, which will include digest of speeches, adopted resolutions, new officers and group pictures, will be supplied at the request of Peter Wemhoff, Editor of Automotive News, Detroit.

big

This year promises to be a big construction year in the Inland Empire. One of the biggest projects in the United States will be at Richland, Washington. The Atomic Energy Commission has just announced a \$200,000,000 construction program for 1950 that will employ 12,000 construction workers.

Dear Reverend Ness:

The first birthday of the establishment of the State of Israel will be observed in Seattle on May 15, 1949, at a citywide public meeting at the Moore Theatre, at 8:30 p.m.

The proclamation declaring this independent State one year ago was an historic event. This past year has seen the development of diplomatic relations by this young State with all the major countries of the world. Israel will eventually be accepted into the family of nations.

As one of the outstanding men in our city and a true friend of the Jewish people, the Committee would deem it an honor and a privilege to have you present on the podium at this meeting.

Invitations are being extended to the Mayor of Seattle, Governor of the State, and officials of cities in the adjacent vicinity.

The Committee is anticipating your affirmative response.

Dedication of Church in Rome - Oct. 1949

Pastor Roberto Bracco of Rome

man was walking through the streets of Rome. Much concern was written on his face. Leaving a large family in the United States in obedience to a divine command he had crossed the ocean and gone directly to the capital of his homeland. Many months had passed, and his money was all gone. He had tried to accomplish his mission, but he had had no success. He was puzzled. He had heard clearly the voice of God, and the order had been definite: "Go to Rome and testify of my grace," but how about the results? A number of times he had been thrown from the places where he had attempted to give testimony. "Was I mistaken?" he humbly was asking the Lord, and, "Why are you not working?"

While thinking thus there witnessed in his soul a sweet voice, the same that had led him into the ministry. The message was unmistakable. "Do you see that old gentleman walking in front of you?" The man looked and replied, "Yes, Lord." "Well," said the voice, "go, and speak to him of Me."

It was not difficult for a man who had left his wife and six children and had crossed the ocean in obedience to the voice of God to approach a man and say to him, "I beg your pardon, sir, but God has ordered me to speak to you of Him." The old gentleman was startled when thus approached but he answered kindly, "I will not refuse to listen to a man who comes to me in the name of the Lord."

The first man, the one from the United States, was Giacomo Lombardi, the founder of the Pentecostal church in Rome; and the old gentleman was Mr. Sforza, the first believer of the congregation. Both men are with the Lord now, but their story which testifies of the greatness, and faithfulness of God, still lingers with us. We are mentioning the incident because it is customary upon reaching a goal to

remember what has gone before, and that was the beginning of the assembly in Rome.

On October 2, this year, we dedicated our new church structure here in Rome, a beautiful building of four stories—the first Pentecostal church in Rome since the days of the apostles. The believers crossed the threshold of the new, dignified edifice with the same enthusiasm that an athlete crosses the goal line upon winning a race. No one considered himself to have come in last. Everyone felt the joy of victory, and we had a joyful dedicatory service.

From 1908 until October 2, 1949 was a long, hard way for the Pentecostal believers in Rome. It seemed at times during the interval that the joy which is so real to us now in having a permanent place of worship, and one that is accorded recognition, would never be ours. Even private meetings in homes were forbidden. The believers endured great hardships. They were driven from building to building in their efforts to worship together. There were days in prison, days of banishment, days of threatenings. Having gone through such circumstances it would have been strange indeed if they had not been joyous because of the new building. Our last place of worship before moving to the new building was a small, dark, damp basement under the street. Everyone called it "the catacomb." It had received many believers and unbelievers. It had often been filled with the blessings of God, but there never was any freedom even there.

The Lord provided everything for the building of our permanent place of worship. He moved upon His servants. He opened hearts to the need. He raised up friends. (It is true that we do not have all that is necessary to pay for the building, but we feel that the needed funds will be provided soon.) To Him be the praise and honor!

We feel it our duty to remember with deep Christian gratitude all those who have been instruments of God in this wonderful work. We want to remember dear and beloved Ernest S. Williams who, on his first visit to Rome, upon seeing our condition and where we were having to hold our meetings, was deeply touched, and gave words of encouragement, and assured us that he understood our need and would do everything he could to help. He has fulfilled his promise as a faithful servant of God. We want to remember Noel Perkin, his traveling companion, who manifested great interest in our cause and also gave us words of encouragement. A special place on our list also belongs to Henry H. Ness of Seattle, who not only gave us the vision of the goal which we have now reached, but furnished suggestions and practical helps by which we achieved the goal. For the past four years he has made annual trips to Rome to conduct Bible conferences and evangelistic meetings, and to meet with government officials in our behalf that we might have more religious freedom. He also aided us in the organization of the Assemblies of God of Italy. And then we want to remember Nello Umberto Gorietti, who willingly gave his time to visit America to raise funds for the church. Finally we want to remember all the pastors, all the churches, and all the believers of the Assemblies of God and other Pentecostal movements who have contributed in any way to the appeal of the Christians in Rome. To all we want to express our gratitude, and our deepest affection.

The church was crowded for the dedicatory service. All of the pews were filled. Representatives of a number of evangelical movements of Rome were present. Henry H. Ness had come directly from Seattle for the occasion, and Pastor Thomas-Bres of the Assemblies of God of Nice was present. The service began with songs and prayer. Mario Moreschini, representative of the Waldensian Church, spoke first, offering his congratulations, then Lieutenant Figliola of the Salvation Army spoke, followed by Bob Evans of the Youth for Christ organization and Pastor Thomas-Bres. The last speaker was Henry H. Ness. He closed the meeting with an altar call, and many raised their hands and then came up to kneel in prayer.

Now there remains with the Pentecostal congregation of Rome an important task, and that is to carry on in such a manner that this new church may be a precious instrument of evangelization. Pray for all the saints in Rome.

A Christian Diplomat

Baron von Blomberg visits the British Isles

L. F. W. Woodford

(Missionary Secretary of the British Assemblies of God.)

A T a special meeting held in the Memorial Hall,
Farringdon Street, London, on the 31st
December, 1949, the British Pentecostal
Fellowship had the privilege of according a welcome to Baron von Blomberg on the occasion of
his short visit to the British Isles in the interests
of his Christian work on the Continent of Europe.
The Baron is a well-known Christian diplomat
and an authority on international minority
problems.

The afternoon session, reserved for pastors and leaders, was ably convened by H. W. Greenway (Elim), and was addressed by Baron von Blomberg and Sir Paul Dukes. The Baron's address was extended and amplified in the evening session, the afternoon proceedings including a profitable question and discussion period. The evening public meeting, largely attended, was led by John Carter (A.G.), the Elim Crusader Choir taking part under the direction of Douglas Gray with much acceptance and blessing.

Baron von Biomberg, who has been a Public Relations officer of the U.S.A. for twenty years, was first drawn to dedicate his life and service to Christ through a meeting in Athens with the Pentecostal leader, Henry Ness, of Seattle: both were serving on the Board of the International Council for Christian Leadership, of which the Baron is Vice-Chairman. Thus, for the past three years Baron von Biomberg has been concentrating upon the promotion of what he describes as "a spiritual Marshall Pian" for Europe.

Helping our Persecuted Brethren.

He described in illuminating fashion some of the particular problems he had been facing in the course of his travels. There were the persecuted Christian bodies, among them the Pentecostals in Italy—but who, thanks to his efforts and those of Dr. Ness, were now winning their way through to legal recognition by the Italian Government; the Protestants of Spain, to alleviate whose lot General Franco and the R.C. Bishops had been interviewed; the problems of youth who, as in Italy, were turning from politics, but who were still seeking for something to fill its place; the problem of the D.P.'s of the Baltic States, many thousands of whom were now in Finland and Sweden and subject to Soviet pressure to induce them to return to their original homelands; the tragedy of the Greek refugees and the 28,000 children of that country dispersed abroad.

In seeking to assist in solving such problems as these, the Baron had interviewed high person-

ages in the counsels of Europe, including ex-kings Carol of Rumania, George of Greece and Umberto of Italy, Franco (above-mentioned) and the Swedish Crown Prince. Several of these had expressed to him their strong desire for a spritual awakening among their peoples.

The pian of action being pursued by the International Council for Christian Leader-

Frary von Blomberg

ship is to establish such Councils in key placesin Washington, where 100 Congressmen have formed themselves into an active group; in Paris, among the members of the Chamber of Deputies; in Bonn, centre of the new West German Federal Republic, and in similar centres of legislation and administration. Here, groups of influential Christian men, by personal discussion, contacts, action and example can bring Christian principles to bear upon their legislative and public work. There is no set form or method of conducting these groups, and the proceedings are informal in character. The membership includes, as far as possible, representative leaders and officials responsible for the various civic and administrative affairs within their respective communities. Declaring that Europe had "lost its soul," the Baron stressed that the great need was for a spiritual dynamic to take hold of the present situation. There was a great cry for Christian leadership. That cry must be answered, for the sake of Europe and of the world.

British Tour Under Auspices of the B.P.F.

The afternoon session also heard an interesting talk by Sir Paul Dukes, a British diplomat with long Continental experience, who cordially endorsed the work of Baron von Blomberg, declaring that he also considered all political activities must have a sure spiritual basis and be permeated with the spirit of Christ.

The completely materialistic philosophy of Russian Communism can only be countered by faith in Christ and a stress upon the spiritual values of life, leading to a true freedom of thought and expression.

This London meeting initiated a four weeks' tour of the British Isles by Baron von B'omberg, under the auspices of the British Pentecostal Fellowship, in furtherance of the work upon which he had spoken so earnestly and impressively.

Dr. Henry H. Ness, 4749 Latona ave., Seattle, 5, Wash.

Dear Dr. Ness:

This will convey to you the appreciation of Ionic Lodge No. 90 and my personal thanks for your most interesting and informative address at our dinner meeting last Wednesday evening.

We hail you as a Brother for you have Masonry in your heart and the thoughts you left with us are thoroughly in harmony with the Masonic belief of the "Fatherhood of God and the Brotherhood of Man." Your review of world events was most timely and revealed much to us of which we were previously unaware. The rapt attention given by your audience evidenced their interest. The fact that the opening of our regular meeting was delayed more than half an hour shows our appreciation of your presence and the importance of your message.

You were speaking to a larger audience than you realized for the fifteen Worshipful Masters of Lodges in King County will carry your message back to their membership comprising several thousand Masons. These Masters were present by special invitation and like all others present they were deeply impressed by your address which was a call to action by the Fraternity in general.

Again we extend our sincere thanks and hope to have you again as a guest at some future meeting. With best wishes,

Sincerely,

David A. Green,
Worshipful Master

Luncheon—April 21st

A FINE and enthusiastic attendance. In the absence of Illustrious Potentate Kendall L. Howe, Chief Rabban James H. Fletcher ably presided.

Introductions followed.

Noble Lazier had the pleasure of introducing three Nobles from Anchorage, Alaska. Major Lawrence Nelson, for three years General Supt. Railway Mail Service there. Has just been transfered to California. Travelled the hot sands in Anchorage, Sept. 19, 1944. Confessed he hadn't been troubled with cold feet since. Noble George E. Anderson, Past Master of the Blue Lodge there and active in the Commandery and Shrine Club, and Noble Ray Rasmusson, whom we had the pleasure of welcoming to our luncheon about a month ago. A goodly number of local guests were introduced, among them a Noble from Abou Saad Temple, Balboa, Canal Zone, and another from Al Kader Temple, Portland Ore., all of whom were most graciously welcomed by presiding officer Fletcher.

Then the drawing, with a continuous roar of laughter, and vociferous cries of "NO," when asked if everybody was happy. A joy to listen to them.

Noble Hollis Davenny, in charge of music, introduced Bonnie Douglas, a grand artist on the violin, who effectively entertained us with several selections. all capably rendered. Her very capable accompanist on the piano was Lockrem Johnson.

Then Noble Howard Hall, Entertainment Chairman, introduced the speaker of the day, Rev. Henry Ness, Chairman of the State Board of Prisons and Paroles. An eloquent and impressive speaker, who, lately, has spent three years in Europe, and has interviewed the highest officials in nearly every country in Western Europe. A most remarkable and enlightening experience. His subject: "Shall America recognize General Franco of Spain." His first reply "Yes," because most of the Spaniards are anti-communistic, and would be useful in the Atlantic Pact. His second reply "Positively No," unless he is willing to enter into a solemn contract with us to give us everything we are willing to give him. Spoke in the highest terms of the Atlantic Pact, calling it a master stroke. Although born in Norway, he is a sincere American at heart, and was very earnest and sincere in his support of American Democracy.

The Rev. Dr. Henry H. Ness, chairman of the State Board of Prison Terms and Paroles, will speak on "Shall Generalissimo Francisco Franco Be Recognized?" at a meeting of the Shrine Luncheon Club in the Gowman Hotel tomorrow noon.

PROGRAM

June 20, 1951

This week your program chairman DICK DIBBLE has secured a speaker, who is an outstanding personality in the State of Washington; It is none other than DR. HENRY H. NESS, Chairman of the Board of Prison Terms and Paroles for the State of Washington. He will speak on the subject "WHY RUSSIA WILL NOT FIGHT THE UNITED STATES". Our speaker has actually been an international figure. He has just recently returned from his 4th annual trip to Europe, where he visited 15 countries. He has been in conference with the leading dignitaries of Europe. He is an excellent speaker, has some positive ideas on Europe, and the relation of Europe with the United States and Russia. This is certainly one program you cannot afford to miss; bring a prospective member or a guest.

ENOS BRADNER, Wild Life Editor of the Seattle Times, made a very interesting presentation of his subject. He said four billion dollars has been spent on outdoor equipment of all types in the United States, during the past year; thirty-three billion dollars on hunting and fishing alone. He advocated that Green Lake should be made a kids lake for fishing; that we

Hunted Man Lays Mesh Of Misdirection

Federal Bureau of Investigation agents, responding to a four-state alarm, spread a new web Saturday night for the elusive ex-convict accused of the murder of an elderly Tacoma couple.

The ex-convict, John Edward Summers, 32, is charged with the slaying of Howard Easley, 62, and his wife, Elizabeth, 67, in their Tacoma home July 16.

Summers, paroled May 16 from Washington's state penitentiary, is named in a first-degree murder warrant. Late Saturday, he was named in a federal warrant, charging violation of the Dyer

Rented their home, stole their automobile, sold their rifle, drove the automobile to Portland, sold it and then vanished.

VANISHED—

Summers has been traced until 3:30 p. m. Friday when he van-ished from Portland's Central Bus Depot, after telling a taxi driver he was heading for Seattle.

Portland police stressed, however, that only 30 minutes previously he had told another taxi driver to take him to the Union (Railroad) Station in Portland.

Summers, in an evident desire to call attention to himself, gave the first cab driver a hotel room key and told the driver he was leaving hastily for San Francisco.

Ex-Convict Is Suspect In Bizarre Murders

Police of two states went on ip-tangents Saturday in vain efforts to pick up the trail of an dusive ex-convict, hunted on a first degree murder warrant for the slaying of an elderly Tacoma couple.

Strongest lead in the Washington-Oregon manhunt for John Edward Summers, 32, failed Saturday when Oregon State police halted a Salt Lake City-bound bus, only to discover the suspect was not aboard.

This lead developed when bus company employes identified a picture of Summers as that of a man they had seen boarding a bus in Portland. Officers halted the vehicle at Maupin, Ore.

Summers, paroled May 16 from Washington's state penitentiary is charged with the double mur der of Howard Easley, 62, and his wife, Elizabeth, 67, his suburban Tacoma neighbors.

DESCRIPTION—

Summers is described as white, 5 feet 8½ inches tall, weighing 160 pounds, with black hair and hazel eyes, of medium build and complexion, and with a two-inch

scar on the back of his left hand. In Olympia, meanwhile, Dr. Henry H. Ness, chairman of the board of prison terms and paroles. called a special board meeting, with these developments:

1-The board formally revoked Summers' parole, charging two violations—that he had been drinking and that he has disappeared. All parole officers were asked to join the hunt.

2-The board issued a statement in justification of its action in paroling Summers after he had served 18 months of a 20-year sentence. The statement said in

"He wasn't angry," Paulson said, "He'd just pace up and down. He complained continually about being returned to Illinois. I remember just a few days before the murder, he was explaining how well he was doing with his rabbits."

Paulson emphasized that he told Summers that his office could do nothing about rescinding the parole board's orders.

"But we weren't pressing him. He could have stayed at Mrs. Garrison's until he was ready. We weren't in any hurry."

Dr. Henry Ness of Seattle, parole board chairman, characterizes Summers' story as "a sympathy plea."

"He's trying to avoid the noose," Dr. Ness said.

"Summers has been our greatest disappointment," Dr. Ness continued. "He was given every conceivable break. He was satisfied with the arrangements we made. His protests at this late date are just maneuvers to escape hanging."

To his foster mother, Mrs. Maud Garrison, Summers was a son who took a burden from her when she needed solace. To chance acquaint-ances he was a good drinking companion. To the parole board he was a promising prisoner still within the pale of rehabilitation.

To those who probed beneath these ever-changing surface patterns he was something else.

"He probably will be led into further difficulties if returned to his original environment." said Charles W. Leonard, superintendent of the St. Charles juvenile home in Pontiac, Mich. It was here that Summers began his criminal career at the age of 8.

"We feel that the best interest of the boy and the community will be his commitment to an institute for the feeble minded," Leonard concluded.

How Summers, who actually was committed to a mental institution, managed to escape in 1934 and never be recommitted, although he was arrested eight times since that date, has never been explained.

Dr. Ness Backs **State Hiring** Of Parolees

The Rev. Dr. Henry H. Ness, chairman of the State Board of Prison Terms & Paroles, today defended the hiring of parolees

by the State. Dr. F. E. Shovlain, director of Western State Hospital, had been criticized for employing an exconvict as a ward attendant.

"How can we ask private enterprise to employ qualified parolees if the state will not?" Dr. Ness asked.

Dr. Ness pointed out that about 80 per cent of the men paroled "make good." He also suggested a plan for taking care of the 20 per cent who do not succeed on the outside."

"I think the state should have farms, factories and canneries in which these men-when they are ready for parole—could live with their families, get paid a support-ing salary, yet remain under supervision until they have made the mental adjustments necessary for their release," he said.

Dr. Henry H. Ness, chairman of the state board of prison terms and paroles, joined the director of Western State Hospital in defending the employment there of an ex-convict.

Dr. F. E. Shavlain, director of Western State Hospital, was criticized Tuesday by a spokesman for State Auditor Cliff Yelle for the hiring of an ex-convict as a ward attendant at the mental hospital at Steilacoom.

"How can we ask private enterprise to employ qualified paroles if the state will not?" Dr. Ness asked.

He said he was not familiar with the case in question, but added:

"I am sure Dr. Shovlain would not have hired the man unless he was worthy and well qualified for the position.'

PAROLE BOARD CHAIRMAN **DEFENDS HIRING EX-INMATE**

Dr. Henry H. Ness, chairman of the State Board of Prison Terms and Paroles, championed the cause of the exconvict last month, in his defense of Dr. F. E. Shavlain for the hiring of a parolee as a ward attendant at the Western State Hospital.

"How can we ask private enterprise to employ qualified parolees if the state will not?" Dr. Ness asked.

In his defense of Dr. Shavlain, Dr. Ness pointed out that 80 per cent of the parolees make good. He offered a commendable tentative plan for the 20 percent who find adjustment more difficult. He suggested units including living quarters, farms, factories and canneries where the men could live with their families, be paid a supporting wage, yet remain under supervision until they have made the adjustment necessary for their release.

Parole Board May Move to Seattle

Possibility that the Olympia headquarters of the State Board of Prison Terms and Paroles might be merged with the Seattle office was disclosed today when the Rev. Dr. Henry H. Ness, Parole Board chairman, asked the Board of County Commissioners for additional space in the County-City Building.

Dr. Ness explained the complated merger of the two offices "would be made in the interests of efficiency and in line with Governor Langlie's recent request that all state departments cut expenditures at least 10 per cent." He said his department already has eliminated the posts of parole officers in Spakene and Olympia.

Dr. Henry Ness said the expanded office would a require virtually double the press zero cut with a space occupied by the Parole to Board office on the seventh floor of the County-City Building.

role system was praised here today by Dr. Henry H. Ness of Seattle, chairman of the board of prison terms and paroles.

Eighty per cent of those paroled from the state prison at Walla Walla and the reformatory at Monroe are making a satisfactory rehabilitation, he said.

"We would require housing for 3000 additional prisoners in the two institutions "if it were not for the parole system," he said. "The cost of caring for a man in prison is between \$500 and \$600. The average cost of supervision of men on parole is \$68 a year."

There are more than 1600 men and women in the state prison and between 500 and 600 men at the reformatory.

Ness discussed work of his board at the Chamber of Commerce membership meeting at noon to-day.

Functions Explained

He explained that the major functions of the three-man parole board, which includes Frank M. Dallam of Spokane, are the setting of minimum sentences and the granting of paroles.

The board moved its office late last year from Olympia to the county-city building in Seattle. It has offices in Spokane, Wenatchee, Walla Walla, Yakima and elsewhere in the state.

Superior court judges, he said, fix maximum sentences when a prisoner is convicted of a crime. The minimum sentence is set by the board during the first six months of imprisonment.

The board has jurisdiction, Ness said, to reconsider and shorten minimum sentences in all cases except those involving treason, first-degree murder and carnal knowledge of a child under 10 years of age.

Prisoners are up for reconsideration of sentences after seven years at Walla Walla and five years at Monroe. A prisoner may demand a hearing once every five

The board may reconsider sentences of persons under 21 years of age at any time for purposes of rehabilitation.

There are a few mandatory sentences. If a deadly weapon is involved in a crime, the minimum sentence may not be less than five years, and if there is a prior felony record the minimum may not be less than 714 years than 7½ years.

Minimum sentences, Ness said, may be lengthened for cause.

After two-thirds of a minimum sentence has been served, Ness said, a prisoner may be placed on parole.

"Paroles are never automatic," he asserted.

Before a prisoner is paroled, he must have a job to go to and he must have money for transportation. His name also is referred to a church of his own selection. a church of his own selection.

Ministers and priests of Christian faiths are showing a willingness in Italy and Greece to work together to combat communism, Dr. Henry H. In these strife-torn countries there is a "hunger for a dynamic spiritual approach," even in the face of religious persecution, he said.

"Because of the unsettled conditions, the people do not know from one day to the next who will be running their countries and the result is hunger and chaos," Dr. Ness reported. "The black market is no longer undercover. It is called the free market. Anything is available to those who have money.

He found people in all walks of life looking to the United States for help and fearing invasion by Russia if America did not act.

"It is my conviction that supervision of the spending of the money we send is as important as money itself," Dr. Ness said.

Greetings!

The Doings

Sir,

I am sending you my very sincere thanks for your kind Christmas and New Year wishes as well as for your letter of Dec. 13-th 1948. I take this opportunity of reciprocating my best wishes to you for the year 1949.

I am quite convinced that, as you say so rightly, the application of Christian principles in the affairs of men of leadership is the only solution to the world's problems of to-day. Even men of great political experience do not seem to realise sufficiently that just to proclaim principles is quite insufficient. One must apply them in international politics and one must realise that to tolerate evil in international affairs brings about the same sad effects as to tolerate misdeeds in the life of a community. The world crisis of to-day is just as much the effect of bad forces acting openly in the name of their own principles as the result of the moral and psychological weakness of Christian communities.

Let us hope and pray that this year may bring a better understanding of these facts througout the Christian world.

I much appreciated your kind visit last summer and with my best regards - believe me

yours sincerely

Mr.Dr.Henry H.Ness International Representative of International Council for Christian Leadership 4749 Latona Avenue - Seattle 5 Washington . -

Judge Changes His Mind On **Parolee Rights**

By Associated Press.

TACOMA, May 18.—Superior Judge W. A. Richmond said today he was preparing to withdraw his action in ordering a restora-tion of civil rights to a convicted forger who served nearly four years in the state prison.

The judge's announcement came

only an hour after the head of the State Parole Board chal-lenged his action. The precedent-shattering move has stirred up a

legal storm among lawyers here.
"It is not the desire of this court to interfere with the rights of the Parole Board or the governor," Judge Richmond said. "I made the action yesterday with-out due deliberation. I'm very sympathetic to Wingard—and I let my heart rule my head." The order restored full rights

as an American citizen to Lemuel L. Wingard of Tacoma.

The action was believed with-out precedent in the state's legal history. It constitutes, in effect, a pardon—a power normally exercised only by a governor or President, depending upon whether the crime is a violation of state or federal law.

Legal Opinion Asked

In Seattle, Dr. Henry Ness, chairman of the State Parole Board, said board members "do not believe the judge has the au-thority for such action. We think only the governor can do it. This is the first time in history that we have had such a case." He said the board is awaiting a legal opinion from Olympia.

Restoration of full rights as a citizen permits a person to vote or to hold public office. State law denies both rights to persons convicted of a felony.

Wingard was sentenced in June, 1946, to serve a maximum prison term of 20 years upon his con-viction of first-degree forgery. He appeared before the State Board of Prison Terms and Paroles Tuesday and was granted a conditional parole.

Woman Parolee Tells Of Gullibility In Seattle

By Russell Holt

A startling tale of gullibility on the part of Seattle merchants was told Monday by Gayle Anderson, 22-year-old mother and parolee from the Washington State Penitentiary.

She was arrested Friday in San Francisco and returned to Seattle after cashing more than \$1,000 in bad checks during a four day spending spree here, pius an undisclosed amount in San Francisco.

PLANE TICKET—

In questioning by Dr. Henry H Ness, chairman of the state board of prison terms and paroles; John J. Quine, board member; Lou Kessler, chief parole officer, and Mrs. Ruth Huggett, women's parole officer, the quiet, attrac-

tive young woman explained:

"I knew I could get by with
just signing a piece of paper.

"I would just go into a store like any other customer, tell them what I wanted, let them fuss over me, make small talk and then ask if I could sign a check," she said.

"Sometimes I even asked and got permission to write a check larger than the bill and got change in cash."

She said she even bought an

airlines ticket to New York from a major airline, and got her bad check approved by the airline's floor manager.

Quine called the easy-going practices of Seattle merchants an invitation to disaster," and

Dr. Ness added:

"We don't condone what
Gayle has done. But if stores would cooperate, investigate and cross-check their custom-ers, we could eliminate the lit-

tle crooks.
"If Gayle were a clever criminal with forged credentials, this story wouldn't surprise me, but she's just an amateur."

DIVOCREE—

Miss Anderson, a divorcee, was apprehended in San Francisco while staying at the exclusive St. Francis Hotel and outfitted in an expensive wardrobe acquired by passing the bad checks.

She had been paroled only since December 29, after serving little more than a year on a forgery conviction carrying a maximum

of 20 years. She told parole officers she returned to crime because "I guess I just have too big ideas." She added that she really had not hoped to get away with her check

Her parole will be revoked and her case reopened by the parole board, Dr. Ness said. She also faces new charges by Prosecutor Charles O. Carroll.

Merchants' Laxity Makes Officers' Job Harder

Criticism of the easy-going practices of Seattle merchants in cashing checks was again leveled Wednesday by two members of the Washington State Board of Prison Terms and Paroles.

Dr. Henry H. Ness, chairman, and John J. Quine emphatically explained they were not trying to pass the buck, but insisted failure of merchants to investigate checks more carefully before cashing them "makes our job tougher."

CRITICISM—

They agreed wholeheartedly with Lou Kessler, chief parole officer, that merchants are most

easygoing on women.
"Women check artists get by on their looks," Kessler said.

The criticism was occasioned by the arrest of Betty Davin, attractive 26-year-old Spokane woman, who had been here only a few weeks on her second parole before she was picked up Monday on another bad check charge.

She is, Quine and Dr. Ness admit, one of the parole board's failures—one of the 15 per cent of parolees who seemingly can't go straight. This is her second parole on a forgery charge and her second failure to click on the

"Not until Monday did the shopkeeper find out the checks were no good. Then he called the police."

When it becomes that easy to cash a check, Dr. Ness and Quine agreed, the temptation for check artists to write bad ones is increased, and some parolees who might otherwise not repeat their mistakes go wrong again.

Miss Davin, herself, can't explain her penchant for writing bad checks except that:

Ruling on Bad Checks Won't Free Many

Few if any prisoners who were sentenced to the state penitentiary from King County on bad-check charges will be freed as a result of a review now being made of such cases, Prosecutor Charles O. Carroll said today.

The question arose after the State Supreme Court ruled that persons convicted on the statute, which specifically refers to "issuing" a bad check, are guilty of a gross misdemeanor, and can be sentenced to a maximum of only one year in the county jail.

\$25 Minimum Set

Most check passers, however, are charged with the statute which covers "obtaining money or goods" in excess of \$25 by fraudulent means. The statute carries a penitentiary sentence.

Carrol said several men who were sentenced from King County on the "issuing" charge now are awaiting hearings.

In a joint statement, Carroll and Dr. Henry H. Ness, chairman of the State Board of Prison Terms & Paroles, said that in cases where there is a previous record of lawlessness the prosecu-tor will file a new information based on another of the offenses

Another Charge Planned

If that cannot be done, the prosecutor will file the "small" habitual-criminal charge, which carries a maximum of ten years in the penitentiary.

In either case, the prosecutor will recommend, with agreement of the Parole Board, that the minimum sentence on the new charge be the same as the pre-vious one, with credit for time served.

In that way the defendant neither will lose nor gain any-thing by trying to obtain his re-lease, Carroll pointed out.

Dr. Ness emphasized that no prisoner will suffer as a result of asking his freedom on the basis of the Supreme Court ruling.

How The State's Parole Program Works

bation System too lax?

Do many paroled prisoners return to crime?

These and other questions were answered by Rev. Henry Ness, chairman of the Washington Board of Prison Terms and Paroles, before the League Law Enforcement Committee at a recent meeting.

Highlights of Ness' enlightening talk were:

Eighty percent of the parolees make good and do not "repeat".

It is far more economical to parole prisoners at a cost of about \$68 per year outside prison walls than to keep them in penal institutions at \$500 to \$600 a year.

No prisoner ever is "forgotten". His case must be reviewed every five years at least.

The State Board of Prison Terms and Paroles consisting of three appointed members, has two prime functions — to fix minimum prison terms of persons convicted by Superior Courts and to administer the parole system.

Upon conviction of a defendant, the judge fixes the maximum term of the prisoner. The Parole Board after a thorough investigation including psychiatric tests, can establish a minimum term to be served inside prison walls, the balance of the maximum sentence to be served under parole. This is done at monthly sessions of the Board conducted at the various state penal and reform institutions. Inmates can earn onethird off of their minimum sentences by good behavior while in the institution.

Parole Procedure—After the prisoner has served the minimum term in prison he can be released by the Parole Board to serve the remainder of his maximum sentence—fixed by the judge-on parole.

There are a number of parole board offices throughout the state with headquarters in Seattle, which are manned by 16 officers. There are now 3,000 persons in the state out on parole or probation (many in Seattle) besides several hundred parolees from other states handled here under an interstate compact.

Is the State's Parole and Pro- Average case load is 240 persons per parole officer which is too large for effective supervision.

> Cases of prisoners considered for parole are carefully investigated as to the applicant's mental and physical condition, his likelihood of getting a job and other factors in order to determine whether or not he or she is a good parole risk.

After a parole is granted, the parolee is required to report monthly to his parole officer. Among other restrictions, he is not permitted to drink or frequent taverns. Ninety percent of crimes are committed while the criminal is under the influence of liquor. The parolee must sign an agreement accepting these conditions. Violation results in revocation of parole and recommittment

Following good behavior on parole, the parolee is released from monthly reporting to Parole Officer, but still is under parole until his maximum term is served when his civil rights are restored.

The Parole Board can grant paroles for all crimes except first degree murder, treason or carnal knowledge of female child under 10

Pardon-Pardons can only be granted by the Governor who refers the case to Parole Board for investigation and recommendation.

Probation—Superior Court judges can place a prisoner on probation by deferred or suspended sentence during which he virtually "serves his sentence on the outside". He reports to local Parole Officer under the same restrictions as under Parole from prison.

State parole officers are not under any merit system but can be appointed by each incoming governor.

NEW PAROLE BOARD IS TOUGH ON ESCAPES; 231 CASES ARE EXAMINED

CHIEF EDITORIAL WRITER FOR SPOKESMAN-REVIEW **NEW BOARD MEMBER**

OLYMPIA. (AP) — Appointment of Frank M Dallam, 69, Spokane newspaperman, to the state board of prison terms and paroles, effective May 1, was announced Tuesday night by Governor Langlie.

Dallam, chief editorial writer for the Spokane Spokesman - Review, will succeed Jack Fitzgerald, whose term expired April 15.

The new board member served as secretary to three governors from 1905 to 1913 - Governors Arthur E. Mead, Samuel G. Cosgrove and Marion E. Hay.

His newspaper experience, beside publishing a weekly, also includes work as a reporter in Seattle.

He accepted the appointment in Austin, Texas, where he is visiting his daughter.

He had resigned early this month from the Spokesman-Review, which his father founded as a weekly publication.

With a calendar of 231 cases staring them in the face, Washington's State Board of Prison Terms and Paroles convened at the penitentiary Tuesday, March 22, and dug into its bi-monthly task of unraveling the threads accounting for social misbehavior. By the following Saturday noon the board had completed examinations of all scheduled cases.

It was the board's first meeting here under the chairmanship of Dr. Henry H. Ness, one of newly elected Gov. Arthur B. Langlie's first appointments. Associated with Dr. Ness on the board were John J. Quine, former chairman, and Jack E. Fitzgerald. According to recently released news reports, this board is very tough on escapes—meting out minimums ranging from $7\frac{1}{2}$ to 20 years.

The members' first chore was cleaning up 102 parole cases, including eight with detainers from other states, and one who was already on a governor's leave of absence. The disposition of parole cases are more or less routine, unless irregularities are found in the parole plans such as unsuitable employment or transporta-

A list of 105 admission cases was the largest category to come under the board's scrutiny. This, according to observers, is where Dr. Ness and his associates made it clear to the prisoners that a policy of fairness and firmness would be adhered to by the board and that the board in turn expected the same policy from the prisoners and parolees toward society. Dr. Ness impressed many, that, as far as he was concerned, Washington was not going to be a happy haven for those who have no regard for law and order.

On the Sunday following completion of his work at the penitentiary, Dr. Ness accepted invitations to speak to the congregation of a local church during the morning and evening services. Having just returned from his third annual trip to Europe and Palestine, he reported his observation on religious, political and economic postwar conditions of Europe.

During his stay in Europe, he contacted the very top leaders in religious as well as political service. He personally met such outstanding leaders as Pope Pius XII, at Rome; Monsignor Tardini, papal secretary of state, at the Vatican; Archbishop Damaskinos of Athens, Greece; the top leaders of Israel, in Tel-Aviv; King Umberto, of Italy; King Carol, of Rumania; Nicholas Franco, Spanish ambassador to Portugal, as well as other kings and various parliaments throughout 14 European countries.

Seated at his desk, Superintendent John R. Cranor, center, discusses problems with Dr. Henry H Ness, right, and Frank M. Dallam, left. Others standing from left to right; W. A. Story, John J. Quine, and State Supervisor of Public Institutions, Van. R. Hinkle.

THE PAROLE BOARD Helps Restore the Wrongdoer to a Place of Respect Again

By Kathleen O'Sullivan
"Confronted with the evidence,
the arrested man admitted the
theft. He voluntarily told sheriff's
deputies that he was wanted on the
Coast for parole violation."

"The young woman, accused of committing grand larceny in the last month of her probation on a forgery charge, was sentenced to not more than 20 years in the penitentiary."

When Washington state's parole and probation officers see statements like these in their daily newspapers about men and women under their supervision, they already have entered a black mark on their records.

The mark is not so much against the parole or probation violator as against themselves. It is their business to keep such people out of trouble.

Since stories of the downfall of a

His comments may run something like this: "Once a crook, always a crook. The courts and parole boards are too easy. What they ought to do with these guys is lock 'em up and keep 'em locked up!"

But Washington's courts, its law-makers in the legislature, its state board of prison terms and paroles and its district parole and probation offi-

They know that for every news account of a parolee's or probationer's failure there are countless unpublished "success stories."

Frank Dallam, former Spokane

newspaper man who is one of the three members of the state board of prison terms and paroles, said the other day

This is the Washington state board of prison terms and paroles. From left: John Quine, Dr. Henry Ness, chairman of board, and Frank Dallam.

They had their problem children, they admitted, but on the whole the picture in their area was not discouraging. was not discouraging.

Mr. Murphy and Mr. Johnson are responsible for the behavior of a good many humans—397 just now—in a good-sized chunk of the state of Washington—five counties. Their district extends, roughly, from Grand Coulee dam to the Idaho border and from Pullman to the Canadian border. It includes Spokane, Stevens, Whitman, Lincoln and Pend Oreille counties.

The district officers are "Dr

That situation comes about in this way. Washington's laws provide that a person who has been convicted of his first felony may, at the court's discretion, be placed on probation for one or a few years instead of being sent to the reformatory or penitentiary. While on probation, he must not only observe the laws, but must meet certain requirements of conduct designed to keep him out of trouble. To give the first-offender a sample of what awaits him if he doesn't behave, a short term in the county jail may be made a condition of probation.

The probationer must make a written and oral report to a representative of the probation office once a month. In these personal conferences, the officer has an opportunity to help the probationer with his problems, such as finding a job, or to warn him that he is putting too much strain on his wallet-and incidentally on his resistance to temptation—by extravagant For his further protection, the probationer is given some special commandments in the form of general rules for his conduct during the probationary

He learns that he must not associate or correspond with anyone who is or has been in a penal institution; must has been in a penal institution; must not carry a deadly weapon; must not drink intoxicating liquor or use narcotics or associate with a drug addict; must not frequent improper places of amusement or loiter upon the streets at night; must not incur any unnecessary debts; must not purchase a car without consent of the probation officer; must make every effort to support legal dependents; must not change residence or employment without written approval of the probation officer.

If he meets the probation rules reasonably well and does not violate the law, the court may, at the end of the period, cancel the charge and conviction, leaving the record clear so long as good behavior continues.

as good behavior continues.

The probation system would be more successful if some of its beneficiaries took it more seriously, Mr. Murphy

The young lawbreaker who thinks he is going to get by with a mere 'handslapping' by the court because it is his first felony is making a bad mistake," he warns.

"The court doesn't have to give him probation even though it is his first offense. Probation is given only after careful consideration and to those who seem sinceré in their pleas for 'another chance' and in their promises to avoid crime.

"Those who get probation by making promises without a real determination to observe the law are cheating the court, but most of all they are cheating themselves. The court doesn't have to give probation for the first felony.

After the second felony, it can't."

The Rev. Dr. Henry H. Ness, chairman of the State Board of Prison Terms and Paroles, explained the board's plans and policy for next year to the state's 16 parole and probation officers at a meeting yesterday in the Parole Board's Seattle headquarters.

Chairman Ness said parole officers have been given more leeway and allowed more time in the field to make possible closer supervision of persons on parole from the state reformatory and penitentiary.

Dr. Henry H. Ness, Chairman Board of Prison Terms and Paroles 700 County City Building Seattle, Washington

Dear Doctor Ness:

Because of the difficulties that have beset us during the year now drawing to a close, it is my feeling that my New Year's Greeting should be more than the usual formal good wishes.

I am deeply grateful to you and to the members of your department for the manner in which you have endeavored to meet these difficulties. Sometimes, in the rush and bustle to get each day's work done, it appears that the human side of our endeavors is forgotten and that the people who perform these necessary daily tasks are being overlooked.

During the holiday season, as I have surveyed the accomplishments of the past year, I have felt a deep sense of gratitude for the loyalty and initiative of you and the members of your staff in assisting the efforts of this administration to bring good government to the State of Washington.

Not often in public service are people called upon to face more serious problems, but I am confident that the same devotion to duty which has brought us successfully through the past year will enable us to meet the obligations of the immediate future with equal success.

With all good wishes for the coming New Year, I am

Sincerely yours,

WEDNESDAY NOON, OCTOBER 25, 1950 - at 12:15 Washington Athletic Club -- 1325 6th Ave.

DR. HENRY N. NESS, Chairman of the Washington State Parole Board,

will be our speaker on Wednesday. Sir Peter Hostmark, Chairman of the Program Committee, sponsors the program. Dr. Ness will speak on a subject something alien to what his title might indicate, but none the less of great interest. It is:

"AMERICA'S INTERNATIONAL BLUNDERS"

The title is obvious and needs little explanation. The speaker will give us inside information he has gathered from his contacts with many leading diplomats in the world today. He has spent his past four summers in Europe, visiting the Pope, kings (Greece and Sweden) and many other prominent people in the principal countries of Europe. His comments and views on the subject should prove most interesting to every Knight. Bring a guest.

THE ATTENDANCE CONTEST goes on apace. Just think what it will mean to the Kiddies on Thanksgiving! As you know, losers are kicking in to the kitty (not kicking the kat) and we have already emptied the portable bank vault twice this month.

KNIGHTLY KNOTES -- Sir Lloyd Brown is visiting the eastern Tables. Saw where he was in Washington, D.C. a week or so ago... Sir Alfred Nielsen returned this week from his summer abroad. He will tell about it at a forthcoming meeting... We hear that Sir Bert Owen is spending some time downtown at his desk. Hope he'll get around to visit us soon. He just won't let the Democrats down... Sir Reuel Barker sends his regards to all of us from Salt Lake City--having a wonderful time as usual on his trips.

LADIES DAY coming up. We have set November 8 as Ladies Day with Sir Vic Nutley sponsoring a very outstanding speaker. Watch for the bulletin announcement which will also go to your Lady.

"It is my opinion," Dr. Ness said, "that Sheriff Callahan has done all that is possible under the present set-up. He has fostered boys' clubs, because he feels that is the best way to keep the boys is the best way to keep the boys out of detention homes, and we have worked together to try to

make conditions at the jail better.

"In the first place, when the sheriff took over, the boys had sheriff took over, the boys had absolutely nothing to take up their time. So we strrted a library project, and have done quite well, with the assistance of citizens and churches. However, the place is crowded, the sheriff is without sufficient help and besides, the boys should not be near the jail. There should be other quarters for them."

Auditorium Urged

Dr. Ness said he has urged the need of an auditorium, where the need of an auditorium, where the prisoners might receive instruction and where church services could be held. Fifteen groups from the various churches are now required for the Sunday church services at the jail, he said, and at times the boys scuffle and cause so much disturbance services cannot be held.

"It is easy to understand why the boys were not heard Tuesday when they had their fight. It is impossible to keep them quiet, and sometimes their playful scuffles sound as if they were tearing down the place," Dr. Ness said. "I think the public in general has the wrong impression about that point."

Dr. Ness said that this year the Board of County Commissioners had cut the budget for outside juvenile work by \$10,000.

"This problem of juvenile delinquency is not alone a local problem," the minister said. "It is a problem the national and state governments should do something about right now.

Arvid Ohrnell was installed there, the \$250-a-month salary paid him has come from the Northwest District Council of Assembles of God."

Dr. Ness said that some "fine work" is now coming out of the efforts of the Monroe chaplain, as he stressed the point that the state should take a greater part in juvenile work.

Jail Chaplair To See Mayor, **Defends Sheriff**

Sheriff Harlan S. Callahan's management of the King County jail was defended strongly today by the Rev. Henry H. Ness, jail chaplain and pastor of the Hollywood Temple and Northwest Bible Institute, as he prepared to confer with Mayor William F. Devin "to explain the complete county jail picture—both inside and out."

The Seattle minister said he also will meet at 11 o'clock tomorrow with Gov. Mon C. Wallgren to confer on state-wide problems and fer on state-wide problems and especially on conditions among juvenile prisoners that led to the torture-death of 16-year-old John Emberg in the King County jail.

Rev. Dr. Ness Outlines Aims Of Jail Library

Telephone calls from persons wishing to contribute to the library project at the King County jail prompted the Rev. Dr. Henry H. Ness, principal of the Northwest Bible Institute and official jail chaplain, to outline the aims of

the project today.

"There is an urgent need for reading material at the jail," he said, "and we welcome this aid. We need about 1,500 books for the women's side and another 1,500 for the men's side. We have the book cases completed at a cost of about \$700 and one unit is supplied about \$700, and one unit is supplied with books.'

Dr. Ness said a committee has Dr. Ness said a committee has been appointed by the Seattle Council of Churches to select the reading material for the jail, and the entire project is carried on through that body and supervised by the chaplain. Money and books may be contributed at the Council of Churches officer in the Old Times Churches offices in the Old Times Building.

... Condensed History

By LAWRENCE M. FORLAND, Secretary.

CALVARY TEMPLE, formerly Hollywood Temple, was organized May 1, 1927, with 27 members. The former church building just vacated by the congregation was dedicated June 24, 1928. The assembly became affiliated with the Assemblies of God in 1934. Calvary Temple has had four pastors since organized.

Rev. Garfield Unruh became the first pastor of the church on September 29, 1927. He served about two years with a small group of faithful people, determined to go on with God in the Full Gospel way. The faith and courage of these early pioneers of this church had much to do with the new CALVARY TEMPLE of today.

Rev. and Mrs. Cecil Perks became the second pastors and served from 1930 to 1933. They laid the spiritual foundation of the assembly which was reflected throughout the coming years. The assembly increased in numbers and grew spiritually under their ministry. The three years of service was fruitful and successful. Brother Perks was promoted to glory January 25, 1949, and Sister Perks

now serves as Dean of Women in Northwest Bible College.

In December, 1933, Rev. Henry H. Ness began his ministry as the third pastor of the assembly. The work prospered and increased under his ministry and in a short time it became necessary to build an addition to our former

church building. He soon organized and founded the Northwest Bible College, which has had its quarters in the church building since the college was organized. The college has now taken over the entire former church building.

It was shortly before the end of Rev. Ness' ministry here that a plan came into being to build a new church building. A building fund was started and plans were formulated for the new building project in which he was much interested and worked for. He was successful in raising the large amount of money required to begin construction on the new building. Pastor

Ness resigned from his ministry in May, 1948, and had served as pastor of CALVARY TEMPLE for approximately fifteen years. We deeply appreciate his faithful and untiring ministry.

Rev. Watson Argue became the fourth and the present pastor of CAL-VARY TEMPLE. Pastor and Mrs. Argue began their ministry December 1st,

1948. About two months later ground was broken for the new building. It has been two years of financial struggle to keep a building project of this size going. However, the pastor has done much to keep the congregation spiritual which has resulted in cheerful giving and cooperation in so many ways. His unique and spiritual way of presenting the need from time to time has been a big factor in raising large sums of money for this project. Pastor and Mrs.

Argue have won the love and confidence of our people and their devotion to the Lord's work has made them true shepherds of the flock. In the comparatively short time of two years the Lord has blessed and prospered their ministry.

Mr. J. A. Johnson, who formerly was head of a large construction company of this city, has supervised the construction of the new church building. The congregation was very fortunate in obtaining the services of Mr. Johnson. For two years he has given to the limit of his strength in the best interest of the assembly in supervising the construction of this large project. He has done a splendid job and his wide experience and knowledge of construction work has saved the assembly considerable money. Mr. Johnson is a charter member of Calvary Temple

and for several years served as president of the organization. He is now a member of the Official Board and has been a leader in the assembly from the very beginning and up through the years of progress and expansion.

Mrs. Malcolm Johnson is the church Home Missionary and has served in that capacity for about ten years. Her work has been invaluable to the assembly as she day by day is visiting in homes that need spiritual help and guidance in many home problems. She is at the bedside of the sick and afflicted in homes and hospitals. Through these many years of service she has been a blessing to many and by many will be called a "Mother in Israel." Mrs. Johnson is also a charter member of Calvary Temple and has been very active in the work from the beginning.

THE REV. PAUL S. ALLEN, president of Simpson Bible Institute, says the demand for its graduates exceeds the school's ability to fill all requests.

By THE REV. ERLE HOWELL First Methodist Church

HURCH leaders trained in Seattle are making a significant contribution toward the advancement of Christian civilization in many parts of the world. This fact was brought to light in conversations with heads of local Bible-training schools.

Pioneering in the field of educating Protestant workers for the advancement of the Christian world mission is Simpson Bible Institute, 101 W. 58th St., which was established as a regional training school by the Christian and Missionary Alliance, in 1921. Its president is the Rev. Paul S. Allen, who took the post in 1951. Previously he served as a missionary in Palestine and Iran, as well as pastor of churches in Ohio and superintendent of the Central District of his denomination, covering seven Midwestern states.

As set forth by its president, the purpose of the school is twofold.

"Primarily," said Mr. Allen, "this is an institution for the training of full-time Christian workers in the field of theology, missions, Christian education and sacred music. Secondarily, it serves as a medium for a solid Biblical foundation for those taking other training specialties or employed in secular fields of service. It aspires not only to give mental training, but to surround its students with an atmosphere of missionary and evangelistic fervor, and to develop well-rounded personalities capable of effective Christian leadership."

SIMPSON students are from every Western state, Canada, Switzerland, Hawaii and Formosa. With 173 enrolled last year, 21 received diplomas authorizing them to enter service as pastors, missionaries and Bible teachers. Although there is available no complete record of activities of graduates, it is known that 125 have engaged

Seattle-Trained Christian Leaders

in missionary work in the Philippine Islands, South America, Africa, China, Indonesia, Mexico, Iraq, Iran, Alaska, Haiti, Indo-China and Japan.

Experiences of some of these Christian leaders are as filled with spectacular achievements as those of any missionaries in the history of the church,

Mr. Allen told of Arthur Mow, a Simpson graduate, who went into a section of Borneo never before reached by Christianity, founding a church which now has more than 1,000 members, converted from paganism. He also told of Mrs. G. W. Rose, who led a group of missionaries into the Wisel Lake region of New Guinea, hitherto unexplored by white men, and amid almost-insuperable obstacles established a Christian church among savages previously living in a Stone Age culture.

MINISTERS who received all or a part of their training at the school serve churches, great and small, in Seattle and throughout the West.

The school is financed by tuition, fees, gifts and donations from friends. It has seven buildings: Administration, two dormitories, music hall, two classroom buildings and the chapel.

Simpson Bible Institute, Mr. Allen said, arose out of a need for a school in the Pacific Northwest dedicated to specialized training in various branches of Christian service, especially for those unable to spend four years in college and further years in training for their specialty.

"Increasing enrollment indicates that we are meeting a need in the religious life of the Pacific Northwest," said President Allen. "However, we are unable to fill all requests coming to us for graduates."

FOLLOWING Simpson in length of service, but leading in enrollment, is Northwest Bible College, at East 69th Street and Eighth Avenue Northeast. This school was founded in 1934 by the Northwest District of the Assemblies of God, with Dr. Henry H. Ness as president. The first year's enrollment of 48 has grown to more than 200 annually and the initial faculty of four has increased to 14. The original two-year course has expanded to four and studies are offered leading to baccalaureate degrees. Three buildings now house the student body.

The Rev. Charles E. Butterfield has been president of the school since 1949. He took the position after serving 22 years as pastor of the Assemblies of God congregation at Everett.

Some of the objectives of Northwest Bible College, as set forth by the president, are: To combine sound scholarship with vital Christian living; to offer a thorough course in God's word; to help students form wholesome intellectual, social and spiritual attitudes that they may be better prepared for college life, for citizenship in a democracy and for effective Christian service; to train students to become pastors and evangelists; to foster missionary interests and help missionary candidates prepare for their fields of

It is also the purpose of the school to train lay people for service in local churches.

THE 900 graduates of Northwest Bible College are at work in most of the mission fields of the world. More than 100 are serving churches in the Pacific Northwest and eight are in Seattle.

Students at the school come from as far away as South America, Jamaica, the Philippines and the Fijis. Typical of foreign students is Miss Jean Shah, who was born at Suva, capital of the

Fijis. Seeking educational opportunities, she went to New Zealand and later to Jamaica, where she learned of Northwest Bible College from a former student who knew President Butterfield. Entering the institution two years ago, she enrolled in the four-year missionary course. She now is secretary to the president and expects to be graduated in 1954.

Graduates of the school are making good in hundreds of positions in the church and some have rendered distinguished service. The Rev. Donald Scott, of Bremerton, is missionary superintendent of the Assemblies of God

verted at the mission, after studying at the school have returned to their native islands to evangelize their people. Some years ago six such men were enrolled at one time. One of these, the Rev. Rudy Esperanga, now is superintendent of the mission of the Assemblies of God in the islands. Another, the Rev. Servallano Obaldo, is missionary secretary there.

ANOTHER Seattle school training students for full-time service through the church is the Lutheran Bible Institute at 13016 Greenwood Av., which was organized in 1945 as a

work in Peru, including a school and 30 churches. The Rev. Robert Tangen did outstanding work in China after graduation from college. Forced to return to America by conditions in the Orient, he now is teaching at his alma mater and is pastor of the Brighton Gospel Tabernacle.

The Rev. Philip Gallardi, after completing the course at the school, established a large congregation at Kamloops, B. C., and is a member of Parliament and minister of public works for his province. Traveling by plane, he spends four days each week at his office in Victoria and three days with his church.

The Bible College for years has conducted a mission in First Avenue, in downtown Seattle. Many Filipinos, con-

branch of the school of the same name in Minneapolis.

The intersynodical school enrolled 80 students last year and 60 in the past summer. It specializes in Biblical literature and interpretation. Its dean is Pastor Eugene V. Stine, and the dean of women is Mrs. J. Lemstrom.

St. Edward's Catholic Seminary at Kenmore annually enrolls 250 students in its 12-year course. Its graduates are ordained to the priesthood.

Graduates of Christian schools and colleges in Seattle constitute an army of Soldiers of the Cross, who, convinced that they are laying the only foundation for peace, work day and night to establish the spirit of brotherhood in the hearts of common people around the world

FROM FAR-OFF FIJI came Miss Jean Shah, left, to attend Northwest Bible College, where she is seen with the college president, the Rev. Charles E. Butterfield. Miss Shah serves as secretary to the president. She expects to become a missionary after being graduated in 1954.

Parole Board Criticized Over Lax Supervision

By ROBERT HEILMAN Times Staff Correspondent

MONROE, June 28.—Hosts to almost 60 law-enforcement officers in Western Washington, members of the State Board of Prison Terms and Paroles took a couple of sharp verbal pokes on the chin from some of their guests late yesterday.

Eight speakers addressed the forenoon session of the conference, sponsored by the Parole Board and the State Department of Public Institutions in the state reformatory here.

Then-fortified by a pot-roast luncheon - delegates turned the open discussion session into a roasting period.

"To some persons being re-leased, the word 'parole' means nothing," said Police Chief James D. Skaggs of Longview. "I have talked to some who think that reporting to the board is the most ughable thing they ever heard

More Supervision Sought

Skaggs told board members a stepped-up program of supervision of parolees would be a great help. The Longview chief said he knew of one parole officer called on to check 216 cases each month.

Charles F. Stafford, Jr., deputy prosecuting attorney of Skagit County, insisted on receiving reports on individuals paroled. Stafford complained of a woman released to his county with no advance report to officials, who later was given a job involving the handling of money.

In a short time the temptation had proved too great, funds were stolen and the young woman was back in custody.

Sheriff Frank C. Tamblyn of Thurston County tossed several shafts at the parole system.

"I have heard that parolees feel if they just get out of Washing-ton, they're all right," said Tam-blyn. "They figure that the state doesn't have enough money to go after them and brink them back."

FIRST LIFERS RELEASED UNDER NEW SENATE BILL 62

A little more than 34 years ago, W. Y. Lee became a number instead of a name and was swallowed up behind prison walls. As a lifer, it was behind prison walls he expected to die.

Last week he was one of seven lifers to be released on parole under the newly enacted Senate Bill 62. This bill empowers the state board of prison

terms and paroles to release under parole conditions those having served twenty years for a conviction of first degree murder.

Lee entered the prison here in 1916 and at the time of his release last week was 74 years old. Lee spent nearly all of his time in prison working in the laundry.

Warden John R. Cranor arranged to have the aging Korean ride through Walla Walla a few days prior to his release to marvel at the changes to which he would have to become accustomed.

The remaining six lifers who were paroled are also advanced in years. They are Frank Weaver and Emil Karhu, 61, with 32 years served; Pat Ryan, 74, with 27 years; Jim Bates, 63, who started the athletic movement among the inmates and for whom Bates Field is named, 26 years; Robert Davis, 65, with 21 years served: and the youngster and only woman of the group, Mrs. Ethel Willis, 46, who has served twenty years.

Dr. Norman S. Hayner, member of the parole board, said the first seven released lifers are "guinea pigs" whose success in adapting themselves as "rehabilitated citizens" will have bearing on how many more of 135 life-termers eligible under S. B. 62 will be paroled. Dr. Henry Ness, board chairman, stated another half dozen or so are to be considered in September.

The love of freedom's bliss is strong, Though liegemen of the state, They lived to rise above their wrong And conquer over Fate.

The "Mystery of Life" they learned While expiating sin, But with the freedom they have earned— O where does life begin?

"O where does Life begin?" they ask. Then freedom's cymbal rings, 'Forget the cruel prison's task; The mind of man has wings.'

Rudolph Otto, who was sentenced to life imprisonment for the dynamite murder of his wife in Cowlitz County in 1924, has been released from the state penitentiary on parole, the Rev. Dr. Henry H. Ness, chairman of the State Board of Prison Terms and Paroles, said here today.

Dr. Ness said Otto, who was 25 when he was sentenced, was released under a 1950 law permitting life-term prisoners to be freed after serving 20 years, less one third for good behavior.

State to Free Ten Life-Term Prisoners

By Associated Press.

WALLA WALLA, Sept. 20. The gates of the state penitentiary will swing open this week for ten inmates serving life terms for murder. A new state law is giving them their first taste of freedom in more than 20 years.

The law, passed by the 1951 Legislature, provides that men and women sentenced to life terms for first-degree murder may be paroled after 20 years.

Dr. Henry Ness, chairman of the Board of Prison Terms and Paroles, said the board is studying the cases of more than 150 inmates eligible for parole under the law.

Many old-timers at the prison were among the first group set free early in August. Dr. Ness said their records since their release have been excellent.

The board is withholding names pf the ten being freed this week. Warden John Cranor said the action is being taken under an old law which prohibits use of names of individuals released from prison through special consideration.

10 More Lifers **Granted Paroles**

Another ten inmates of the Washington State Penitentiary, serving life terms for murder, were dispatched to the "free" world this week after being favored with paroles, recently made possible by the passing of S.B. 62.

This is the second group of lifers to leave the prison under the law which provides that men and women serving life terms for murder are eligible for parole after serving twenty years of their sentence, less good time.

The first group left the prison early in August. Not one has in any way violated the terms of his release. All are making excellent records on their jobs and in their communities, Dr. Henry Ness, board chairman, said Wednesday

The identity of the lifers released this week will not be revealed. It? felt their chances for success can be be improved by affording them the consideration of being returned to their communities anonymously.

DAROLE systems and parole officers are subjects that break into public discussion for the most part only when something goes wrong. A parole violator figures in the crime news and right away every tongue wags in condemnation of the system and all identified therewith. Thus it was a welcome relief to have the subject break into the news from a happier approach. Special emergency funds will enable the state parole board to plug up some of its weak spots-which are the basic causes of trouble when the parole system sometimes appears not to function properly. With added personnel to handle office work and bookkeeping chores, the actual parole officers now will have opportunity "to get out in the field," as the board chairman put it. That means a state parole system built more on factual realities of life and less on theories. It shouldn't be long before that in turn will mean fewer occasions for tongues to wag in condemnation of parole practices.

Parole Officers Must Have College Degree

A new policy of requiring college degrees in social sciences for parole officers of this state was announced Wednesday.

Dr. Henry H. Ness, who made the announcement for the Board of Prison Terms and Paroles as its chairman, said it has the approval of Gov. Arthur B. Langlie. Also required will be three years of probation or law-enforcement experience.

NEW CHIEF-

Under the new policy, Vincent I. O'Leary, four months a parole officer here, becomes chief parole officer for the state. He has a degree from San Francisco State College. He was hired away from the University of Washington, where he was a teaching fellow.

O'Leary succeeds Lou Kessler, who had been chief parole officer three years. It was announced Kessler has been promoted to 'assistant interstate compact administrator.'

In this job, it was explained, his duties will consist of supervising parolees here from other states, and those of this state in

other states. Also announced were: Promotion of Robert G. Austin to be assistant chief parole offi-cer; appointments of Francis R. Donati to be supervisor of the Seattle district, and A. R. Little and Scott Irvine as district pro-

bation and parole officers.

Donati is a graduate of Santa
Rosa Junior College, California,
the others of the University of Washington.

Prison Board Changes Parole Officer Rule

SEATTLE (AP) — The state pard of prison terms and paroles has revised its educational re quirements for parole officers and shifted some of its personnel.

Dr. Henry H. Ness, board chairman, said yesterday the new educational policy requires all parole officers to have a college degree in social sciences or the equivalent in education and experience.

Ness said Vincent I. O'Leary was named chief parole officer succeeding Lou Kessler who becomes assistant interstate compact administrator. Robert G. Austin, former parole officer at the McNeil Island federal penitentiary, was named assistant to O'Leary.

State Parole Staff to Be Increased

By ROBERT HEILMAN

Washiington State's under-staffed and much-criticized parole system will be given more than \$45,000 for added personnel, it was announced today.

Emergency funds of \$45,140 have been granted by Gov. Arthur B. Langlie to bolster the understaffed State Board of Prison Terms and Paroles, said the Rev. Dr. Henry H. Ness, board chairman.

The money will provide for one more officer in Yakima, and of-fice secretaries in Walla Walla, Everett, Port Orchard, deen, Olympia and Wenatchee.

"The emergency grant is a fine thing," said Dr. Ness. "We now will have 16 parole officers. The secretaries enable officers to get into the field, relieved of book-keeping. They'll be able to do more in the field."

Added stenographic help will enable officers to interview their charges personally, instead of depending on mail and telephone

reports, Dr. Ness said.

The board chairman declared the grant will be of great help for the remaining year and a half of the biennium, but the board will ask more operating funds at the next session of the Legislature.

New Standards Set for State Parole Officers

The State Board of Prison Terms and Paroles will require all parole officers to have a college degree in social sciences or the equivalent in education and experience, effective January 1.

Changes resulting from this new policy were announced today by Dr. Henry H. Ness, chairman of the board.

Vincent I. O'Leary, attached to the division of probation and paroles, will be promoted to chief parole officer. He succeeds Lou Kessler, who has held the position three years.

Kessler will take over the position of assistant interstate com pact administrator to Dr. Norman S: Hayner, member of the board O'Leary is a graduate of San

Francisco State College and a former teaching fellow in sociol-ogy at the University of Washington

Robert G. Austin, former parole officer at the McNeil Island federal penitentiary, will become assistant chief parole officer. He is a University of Washington grad-

Francis R. Donati, holder of a master's degree in socialogy from the University of Washington, was appointed parole supervisor for the Seattle district.

Dr. Ness said the appointees have had practical experience in probation work. Scott Irvine and A. R. Little recently were named as district probation and parole officers for Seattle, Dr. Ness said.

It is hoped the new standards will increase the capacity of officers "to analyze and deal with cases involving the social adjustment of criminal offenders," the chairman said.

In co-operation with the University of Washington, Dr. Hayner is conducting monthly seminars for students of the social sciences as well as personnel of the Parole Board.

Idleness of State Prisoners Assailed by Parole Board

Two-thirds of the 1700 prisoners in the state penitentiary at Walla Walla sit idly in their cells because there's no work for them to do.

Yet without work no rehabilitation program is possible and men in prison can change only "for the worse."

This is the opinion of members of the state board of prison terms and paroles.

Dr. Henry H. Ness of Seattle, chairman; Frank Dallam, former Spokane newspaper man, and Dr. Norman S. Hayner of Seattle, chairman; Frank Dallam, former Spokane newspaper man, and Dr. Norman S. Hayner of Seattle stopped over in Spokane today en route from Walla Walla where they reviewed parole classes this week.

route from Walla Walla where they reviewed parole classes this week.

"Imagine two-thirds of the men at Walla Walla not having any work," said Dr. Hayner, "If people on the outside had nothing to do they'd blow their tops, too."

Dr. Hayner, newest member of the board appointed last April 6, is on leave of absence from the University of Washington where has been professor of sociology for the last 26 years.

Governor A. B. Langlie has asked the board to study state penal institutions and make recommendations.

They said the percentage of idle men in the state reformatory at Monroe was somewhat less than in the state prison, but still "very high."

"More work, better educational facilities and vocational training are needed," said Dr. Ness.

Laizure To Retire As Parole Officer

After 38 years with the Washington State Board of Prison Terms and Paroles, Paul M.

man, presented Laizure with a gold badge, ap pointing him honorary chief parole officer "for life." During his 38 years with the

parole board, Laizure estimates he has handed more than 10,000 parolees, helping them "go straight" after serving prison terms or keeping first offenders 'on the straight and narrow" and

out of prison. Chairman Ness praised

Laizure's work as he presented him with the gold badge. "His work has been of tre-mendous value throughout the years and is largely responsible for building up the parole depart ment to what it is today," Ness said.

Unique Experiment Started Parole Officers Meet Charges

Parole officers of Eastern Washington waited at the penitentiary

Wednesday to meet the parolees to come under their supervision.

In a unique experiment the state board of prison terms and paroles, in session here now, will bring the parole officer to the man he is to "take under his wing," Dr. Henry Ness, chairman of the board, said.

"In the past the parolee has been placed on a train or bus and sent to the county he is paroled to. There he was to look up the parole officer and report to him regularly.

"The report part will not be changed but starting now the officers will get acquainted with the men at the institution just before there are released."

The chairman said the board felt the officers would get a better insight into the men's problems at the institution. They will be given an apportunity to discuss the parole plans with the subject who, at the same time, can ask questions that may prevent future trouble, Dr. Ness said.

The same system is to be used at the state reformaory on

alternate months. While the officers waited for the board to complete the parole docket Wednesday they conferred with officials of the prison in a special seminar.

Starting Thursday the board will consider the cases of several lifers under legislation making it possible for them to be released after serving 20 years of a first degree murder sentence.

Dedication of New Sunday School Building

The dedication of the new Sunday School building of the Minneapolis Gospel Tabernacle will take place May 4th to the 7th, with appropriate celebration by the church.

The speakers for the various meetings are as follows:

May 4th, Friday, at 8:00 p.m.: Governor Luther Youngdahl and the Rev. Henry Ness, from Seattle.

Sunday, May 6th, the Rev. Wesley Steelberg, General Superintendent of the Assemblies of God, will speak at the morning and evening services.

Monday, May 7th, Twin City Fellowship meeting at 2:30 p.m. and at 7:30 p.m., with various speakers, including the Rev. Wesley Steelberg, the Rev. Raymond Carlson, and the Rev. Ivan O. Miller. Many of the District ministers are expected to attend. The ladies of the church will serve a supper between the two services.

The new Sunday School building cost \$153,000.00, and will provide room for 500 more Bible students; and with both buildings in operation, at least 900 students of the Word can be accommodated in Sunday School.

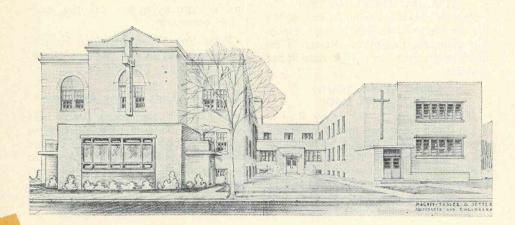

The facilities include an apartment of five rooms and bath for the custodian, pastor's study, church office, Sunday School office, heating plant, kitchen, large assembly room, four smaller assembly rooms, nursery and individual class rooms. On the second floor there are 20 individual rooms for classes.

New furnishings for the building have

been donated through gifts and memorials, totaling over \$1500.00. The new building is of fire-proof construction and thoroughly modern in every detail. Pastor F. J. Lindquist will have his 27th anniversary as the leader of the Minneapolis Gospel Tabernacle this month.

Convict Gives Self Up After 8 Free Years

years ago-Or back to his wife, whom he married during his years of freedom, and his two stepchildren—

Which is to be the fate of Thomas Curtis Nelson, now 42, who fled from a state penitentiary cannery in September, 1943, and whose conscience finally com-pelled him to give himself up to authorities here?

That was the heavy problem facing the State Board of Prison Terms and Paroles Tuesday as it weighed the case of Nelson who apparently has led a respectable life during his uneasy years as an escaped convict.

SURRENDERED-

Nelson, a Tacoma man, sur-rendered himself to the Rev. M. M. Flint, pastor of Bethesda Bap-tist Church in Tacoma, who took him to parole officers to tell his

story.

"I've been sick in heart, soul, and mind," Nelson said. "You can't live a lie. If they want to send me back, I'll go. My wife will wait for me."

Nelson said he walked away from the penitentiary cannery at Wanato, eigh' miles from Yaki-

He said he went to Helena, Mont, after his escape and got a job as icing foreman for the Northern Pacific.

COLLECTED JUNK—

"It happened that the man who had the desk facing me the railroad detective," Nelson said. "Every time he looked at me I got the shakes.

Move Launched To Aid Escapee

Steps will be taken to try to avoid the necessity of sending back to prison Thomas Curtis Nelson, 42, escaped convict who surrendered Tuesday, Dr. Henry Ness, Parole B said Wednesday. Parole Board chairman,

Dr. Ness went to Olympia Wednesday to confer with state officials there and ascertain whether some means can be worked out to avoid the board's being required to return Nelson to prison.

The board members feel that he has proved himself by his apparently blameless behaviour since he escaped in 1943, and by his voluntary return, and they would like to avoid returning him to prison if possible, it

Meanwhile, Nelson remained at liberty in custody of the Rev. M. M. Flint of Tacoma, to whom he first surrendered himself on his return here from Michigan, and State Parole Officer John A. Paulson in Tacoma.

Gov. Arthur B. Langlie Thursday notified Dr. Henry H. Ness, chairman of the State Parole Board, that he is accepting the board's recommendation that Nelson be left at liberty on parole for the next 12 months.

If at the end of that time Nelson's rehabilitation is continuing, the board will recommend resto-ration of Nelson's civil rights, the chairman said.

Nelson, now 42, went to Iona, Mich., after his escape. He married, and got a job. Last month he returned to his home town, Tacoma, and gave himself up to the Parole Board to await the board's decision regarding the seven months and 26 days he "owed" the state on his sentence when he walked away.

Board Seeks To Free Man Who Gave Self Up

The State Board of Prison Terms and Paroles "will do everything in its power" to keep from sending Thomas Curtis Nel-son back to the state peniten-tiary, the Rev. Dr. Henry H. Ness, board chairman, said today.

Nelson, 42, gave himself up yesterday after escaping from a penitentiary cannery at Wapato, Yakima County, about eight years ago. He was serving a term for

ago. He was serving a term for second-degree burglary committed in Pierce County in 1942.

Dr. Ness said Nelson had eight months remaining of his minimum term when he escaped September 4, 1943.

Record Is Clear

"Technically, Nelson would have to make up the eight months, then serve a year or two as punishment time," Dr. Ness said.

"But we don't want to send him back. We feel he has earned his freedom by having a clear record since his escape. He is entitled to a 'break,' and the board will do everything in its power to give him a chance."

Dr. Ness went to Olympia to-day to confer with officials about legal processes necessary to give Nelson his freedom.

"Our hearts tell us to let him go," Dr. Ness added. "However, we must do it according to law or we will be in the 'doghouse'."

Nelson married a widow with two children in Ionia, Mich., July

2, 1949.
"My wife knew all about my prison escape and everything before we married," Nelson told Dr.

Nelson said his only brush with the law since his escape was a single traffic ticket for overtime parking. His conscience bothered him, however, Nelson said, add-

ing:
"You can't live with a lie." Nelson said he and his wife decided to bring the family West so he could surrender.

MINIMUM TERM DEFENDED

Editor, The Sun: I have read, with interest, your article "Sex Offense Minimized by State Parole Board in 'Overruling' Judge", dated Jan. 7. It is too bad that criticism, not based on facts, is passed on to the public.

Judge Sutton wrote me a letter Dec. 28, regarding this case. On Jan. 3, I wrote him in reply, part of which I quote:

"Regarding the above named in-nate: You seem to be under the impression that he will only serve five months in the state reforma-tory. This is incorrect. The board gave him a minimum term of nine months actual, jail time considered. The word 'actual' means he must actually serve nine months with no good time allowance. The words 'jail time considered' mean that in the fixing of his minimum term, his jail time was taken into consideration and hence could not be deducted from the nine months actual given him. Therefore, this man's actual term of confinement is nine months plus the, according to your letter, nearly four months which he served in the county jail, making a total of 13 months. If we had followed strictly to the recommendation of two years, he would have earned one-third off for good behavior which would make his actual term of confinement 16 months. So, in reality, we are only three months apart. I might add that the nine months' actual confinement which we gave him, plus the time he served in the county jail, is called 'mini-mum'. This can always be in-creased if so deemed advisable.

"As for the reasons of our minimum term, we took into consideration the facts as found in his file. First, there were four men arrested in this case. Two of them received sentences of six months in the county jail. The third received a one-year county jail term, of which he will serve 10 months. In the light of this, we felt that 13 months would be justifiable in this man's case. Further, according to the information we have, these girls volunteered to go with these men on drinking parties, and on the last two occasions, willingly submitted to sex relations.

"Inasmuch as the above named has no record of sex crimes, we felt he could not be considered a sexual psychopath. It seems he was a member of quite a group who would have these beer parties, get drunk, and conduct themselves in disorderly fashion. I agree with you, judge, that we are living in days when the moral standard of society is at a very low ebb. How-ever, I cannot help but wonder what kind of parents these girls have, who would allow them to run around with married men on drink-ing parties. It seems to me it simmers down to parent delinquency rather than juvenile delinquency. "I am sure you realize that this

board has a tremendous task in endeavoring to do justice to both the criminal and his family, as well as to society in general. We do appreciate whatever recommendations we can get from the judges and prosecutors, as it is a great

help to us.
"Thank you for your interest in this case, and I trust that this letter has explained our position and the reason for the above named inmate's minimum term.

My reaction to the article criticizing the board is this. First, this was such a terrible case, then why did Judge Sutton recommend a low minimum of two years? Secondly, the true facts in the case were not presented. Third, if the parole board is to follow exactly, all recommendations from the judges and prosecuting attorneys. then there would be no sense in

having a parole board.

We find judges and prosecutors vary quite a bit in different parts

PAROLE OFFICERS TO SEE CHARGES

WALLA WALLA, Jan. 16. (A)— Eastern Washington parole offi-cers assembled at the state prison today and arranged to meet parolees who will come under their supervision.

they are released."

The same system, he added, will be used at the state reformatory at Monroe on alternate months.

Starting tomorrow, the board will consider the cases of several men and women serving life terms for murder. Legislation now makes it possible to consider these cases after they have served 20 years of a life sentence.

Convict Gives Up to Minister

A fugitive from justice, Thomas Curtis Nelson (left) is shown in Tacoma, Wash., with Rev. Dr. Henry Ness, one of two ministers to whom he surrendered. Now married and the stepfather of two children, Nelson told clergymen that he escaped in 1943 from a state penitentiary cannery at Wapato, Wash. Since that time he has lived a model life. Parole officers are studying the case.

Staff Member Of State Parole **Board Resigns**

Lou Kessler resigned today from the staff of the State Board of Prison Terms and Paroles. His resignation, submitted to the Rev. Dr. Henry H. Ness, board chairman, is effective May 30.

"I leave with justifiable pride in the contributions I have been

able to make over the past three years to the administration of the board's responsibilities," Kessler declared.

"In recent months I have not felt that the atmosphere of congeniality and confidence in which I prefer to work has existed in the premises and accordingly I now feel that I should devote more time to my personal affairs than is available were the employment to be continued."

Long active in Republican and veterans' circles, Kessler is a veteran of both World Wars and the 1916 Mexican Border campaign. He is married and has a son, Robert L. Kessler. The family home is at 3610 King St.

No Parole For Husband In Bathtub Death

The State Board of Prison Terms and Paroles has no plans to release Dell Richardson, the Rev. Dr. Henry H. Ness, chairman, said today after announcement that Richardson's former wife, Claire, had been paroled to California authorities May 6.

The Richardsons were sentenced to life imprisonment in 1938 for the bathtub-scalding murder of a 19-year-old woman in a Pike Street hotel room. They

were divorced in 1948.

Mrs. Richardson, 42, was freed under a law passed by the 1951 Legislature permitting parole of life-term prisoners after they

have served 20 years, less one third off for good behavior. Dr. Ness said John R. Cranor, warden of the state penitentiary, had recommended Mrs. Richard-son's release. Cranor reported Mrs. Richardson had been a model prisoner.

Women's Claims Voiced At Crime Hearing

By Stub Nelson

A Seattle woman's fantastic story of how she had paid out hundreds of dollars on unful-filled "promsies" to get her husband released from the State Penitentiary at Walla Walla unfolded dramatically when she took the stand at the crime hearings here late Thursday afternoon.

The woman, Mrs. Louis P. Haviland, offered Western Union money order receipts and a canceled check in evidence as she testified the money had been paid to alleged "ministers." She said her husband was still in prison, serving a 10-year term.

BUNCO GAME?

Before Mrs. Haviland began her testimony, both Sen. Albert D. Rosellini, chairman of the Legislative Crime Investigating Committee, and George Kahin, committee examiner, publicly stated there was not a shred of evidence involving any member of the State Board of Prison Terms and Paroles.

Rosellini announced that the witness probably had been made with the victim of a "bunco game," but said she had the right to be heard.

In another phase of the hearing, Police Chief George Eastman testified at the morning session that he "suspected" certain members of the Police Department might have accepted pay offs, but stated he had no direct evidence of possible bribes.

were indications the hearing woul dend Friday afternoon. Important witnesses yet to be heard include Mayor William F. Devin and Sheriff Harlan S. Callahan.

Concluding his appearance on the stand at the Legislative Crime Investigating Committee's local probe, Eastman said he had referred several names of policemen to the Federal Bureau of Investigation for income tax study.

He asserted, however, he had not asked any department to sub-mit a copy of an income tax return to his office.

Now through as head of the department, Eastman, who recently resigned, prepared to fly East Thursday night to take up his work with the National Safety Council.

WILLING

The general opinion was that Eastman had proved a very willing and sharp witness, notwith-standing a number of loaded questions fired at him by State Sen. Albert D. Rosellini, committee chairman, and George Kahin, committee examiner.

All hands were friendly as Eastman finished, with Rosellini and Kahin shaking hands with the chief and thanking him for his "cooperation."

Eastman testified that the matter of payoffs to policemen was an ever-present problem in all po-

Eastman also remarked it is hard to rationalize gambling, saying the state legislature has authorized such gambling ventures as slot machines in certain places and open horse race betting. *Yet some people raise hands

Eastman recommended the establishment of a state crime commission to "act as a watchdog and coordinating agency for the various state, county and local level enforcement agencies."

A state senator was ejected from the Seattle crime hearing this forenoon after a violent oral altercation with Sen-ator Albert D. Rosellini, chairman of the Legislature's Crime Investigating Committee.

The flare-up came as a climax to the testimony of Mrs. Louis P. Haviland, who related a long fight to get her husband released from a ten-year term in the state penitentiary.

Goodloe Asks to Talk

As Mrs. Haviland completed her testimony, her attorney, State Senator William C. Goodloe, told Rosellini:

"I would like to forsake my role as attorney and make certain remarks as a state senator."

Rosellini replied that the committee would prefer that Goodloe put his views in writing.

"I would like to know, from the viewpoint of a Republican, whether, you are running for governor and" Goodloe began.

Rosellini rapped his gavel and

Prison Parole Head Suggests **Changes in State Regulations**

Changes in an "outdated" deadly weapon law and juristdiction over minors were suggested by Dr. Henry H. Ness, chairman of the state board of prison terms and paroles, when he appeared before the legislative crime investigating committee.

Law Outmoded

The words "deadly weapon" as used in the law are defined to include any instrument known as a tion over minors sentenced to the clude any instrument known as a blackjack, sling shot billy, sand club, sand bag, metal knuckles, any dirk, dagger, pistol, revolver or any other firearm, any knife having a blade longer than three

committee.

Dr. Ness said here Wednesday that the deadly weapon law was obsolete and he suggested several recommendations.

Law Outmoded Under terms of this law, Dr. Ness explained, a person carrying a bag of sand or a sling shot, could be unjustly charged. He asks that the list of weapons be reduced to

state reformatory, it has no such jurisdiction over minors sentenced to the penitentiary, with the excep-

tion of girls.

Dr. Ness would change the law to give the board the same jurisdicto give the board the same jurisdiction at both institutions. An attorney general's ruling gave the board authority as far as minor girls are concerned since all girls are sent to the women's prison at the penitentiary. There is no state reformatory for girls.

"Two 19-year-old girls appeared before the board this week and I feel girls should be given the same break as boys," Dr. Ness said.

Need Power to Change

In the case of minor boys at the penitentiary, Dr. Ness explained that the board feels it should have the same authority and power as over the youths in the reformatory.

over the youths in the reformatory. As it stands now, he said, the board can do nothing to aid minors

sentenced to the prison.

The age limit at the reformatory has been reduced from 35 years to 26 and under, Dr. Ness said, Most of the minor boys are sent to that institution but there are some cases, where the youths are sent to the Walla Walla institution.

Parole Changes Suggested In State Regulations

Changes in an "outdated" deadly weapon law and jurisdiction over minors were suggested by Dr. Henry H. Ness, chairman of the state board of prison terms and paroles, when he appeared before the legislative crime investigating committee.

Dr. Ness said that the deadly weapon law was obsolete, and he suggested several recommendations.

The words "deadly weapon" as used in the law are defined to include any instrument known as a blackjack, sling shot, billy, sand club, sand bag, metal knuckles, any dirk, dagger, pistol, revolver or any other firearm, any knife having a blade longer than three inches, any razor with an unguarded blade and any metal pipe or bar intended to be used as a club, any explosive and any weapon containing poisonous or injurious gas.

Under terms of this law, Dr. Ness explained, a person carrying a bag of sand or a sling shot could be unjustly charged. He asks that the list be reduced to cope with modern times.

Although the board has jurisdiction over minors sentenced to the state reformatory, it has no jurisdiction over minors sentenced to the penitentiary, with the exception of girls.

Dr. Ness would change the law to give the board the same jurisdiction at both institutions. An attorney general's ruling gave the board authority as far as minor girls are concerned since all girls are sent to the women's prison at the penitentiary. There is no state reformatory for girls.

"Two 19-year-old girls appeared before the board this week and I feel girls should be given the same break as boys," Dr. Ness said.

In the case of minor boys at the penitentiary, Dr. Ness explained that the board feels it should have the same authority and power as over the youths in the reformatory. As it stands now, he sald, the board can do nothing to aid minors sentenced to the prison.

The age limit at the reformatory has been reduced from 35 years to 26 and under, Dr. Ness said. —Union-Bulletin

Photographs of men being paroled are being taken for forwarding to the police departments of the cities to which they are returning, Dr. Henry H. Ness declared Thursday.

The statement by the chairman of the State Board of Prison Terms and Paroles was in answer to a complaint by James D. Skaggs, past president of the State Association of Police Chiefs and himself chief at Longview.

Skaggs told The Post-Intelligencer he was advised by the Parole Board recently that it would take "a number of months" to establish the system asked by the police chiefs last June, of having the penitentiary take pictures of men being released on parole and forwarding the pictures to their cities' police departments.

COMPLAINED-

Skaggs also complained that the Parole Board gave few law enforcement officers information about release of inmates, with the result that police departments often do not know that freed exconvicts are settling in their ommunities.

Dr. Ness answered that he has had no correspondence whatsoever with Skaggs, but that the Parole Board did promise last June to take up with state penal inst' utions the request that they supply photographs of men being released.

ACCESS-

"That is being done for the Seattle and Everett police departments and for most other places," Dr. Ness said. "Most institutions are taking those pictures to be sent to the place the man is being paroled to.

"Furthermore, every police chief has access to our files and can get all the information that he wants. I have recommended to Chief Skaggs that he institute an order requiring the parolees to register with the police department as is done in Seattle and Everett and most places."

Head of Prison Board to Speak At Kiwanis Meet

DR. HENRY H. NESS To Speak Here

Dr. Henry H. Ness, chairman of the Board of Prison Terms and Paroles in Washington, will address the Everetb Kiwanis Club at its regular meeting on Thursday, August 7, at the Elks Home, on the subject, "The Functions and Operation of the Parole Board."

Dr. Ness was born in Oslo, Norway, and came to America as a young man. He studied pharmacy in Illinois and, after managing several stores, operated his own drug store in Minnesota. Later he entered the ministry and in 1933 came to Seattle where he founded the Northwest Bible College and served as its president for twelve years. Following World War II, he made several trips to Europe to study economic, political and religious conditions.

The Rev. Elroy Shikles will be in charge of the program.

Board Criticized Over Lack Of Data on Parolees

A letter criticizing the State Board of Prison Terms and Paroles for failing to provide promised information on former prisoners was on its way today to the Rev. Dr. Henry H. Ness, chairman of the board, from Police Chief James D. Skaggs of Longiew.

Skaggs said reports on the whereabouts of parolees was promised by the board a year ago, at a meeting of law-enforcement officers and board officials held in Monroe.

Police chiefs and other lawenforcement officers have asked the board for pictures of parolees in their civilian clothing, and information on the former inmates. The request of a year ago has been renewed on several other occasions since last June.

"The thing is on the move—that's for sure," said Dr. Ness today. "We are not bound by procedure or law to furnish such information, but we did promise to do what we could. And that we are doing. The thing is in process."

Dr. Ness said it would be impossible for the Parole Board to furnish pictures to every police department when a parolee changed residence from one city to another. He suggested that pictures be obtained from individual institutions, at the request of chiefs of police.

Weeping Mother Gives Self Up At Prison

Weeping, hysterical Mrs. Joseph Valela, 33, Seattle housewife and mother of two children, dramatically applied at Walla Walla State Penitentiary early Friday morning for readmission as a selfreturned escapee.

Discovery that his wife, who led a life of respectability and decorum at their home, 1103-23d, Ave. S., was a fugitive from justice came as a great surprise and shock to her husband. He held Mrs. Valela in high esteem as a conscientious and hard-working help-mate and loving mother of their two young children.

"My husband didn't know about my prison record," Mrs. Valela told Warden John Cra-nor. "I wanted to tell him and then the children came, and then I didn't want to.... Then I had to tell him and he said we should face it and I should go back.

"He said he would always love me, and wait."

Valela drove his wife from Seattle to Walla Walla's downtown district. There she engaged a cab in which she arrived at the prison at 5:20 a. m.

Slight Drop In Crimes Here Reported

A slight decrease in crime here in recent years was reported yes-terday by the Rev. Dr. Henry H. Ness, chairman of the Washington State Board of Prison Terms and Paroles.

Dr. Ness bases his conclusions on a comparison of major crimes committed by persons whose cases have been handled by his department since 1948.

From 1948 to 1950, there were 107 assaults called to the attention of Dr. Ness' office. There were 87 from 1950 to 1952, an 18.7 per cent decrease, Dr. Ness said

Other crimes in the same two periods include auto theft, 15.8 per cent decrease; burglary, 5.7 per cent increase; forgery and lareeny of all kinds, 5.1 decrease; manslaughter, 6.2 increase; murder, second-degree, 15 per cent increase; robbery, 2 per cent decrease, and sex crimes, 10.1 decrease.

TO DE

Showing no leniency, the State Board of Prison Terms and Paroles gave Bill Smith Jr. a 99-year minimum sentence Thursday.

Smith, 28, convicted slayer of Noreen McNicholas, Tacoma beauty school student, had been sentenced to life imprisonment following his trial, last June on the change of second degree were the charge of second degree mur-

Dr. Henry H. Ness, chairman of the board, said the minimum was based on the "very strong" recommendations of Superior Judge Bertil E. Johnson of Tacoma, and Pierce County Prosecutor John J. O'Connell.

DIFFERENCE-

The judge and prosecutor asked for a life minimum—to coincide with the maximum sentence. The difference is that after the control of the cont life minimum allows no time off for good behavior, while a 99-year-minimum allows up to one-third, or 33 years, off.

Thus, were the minimum to

stick, and were Smith to live that

long, he could serve 66 years, or until the age of 94, and be freed. However, the minimum can be reconsidered after Smith has served 7 years, under state law, Dr. Ness pointed out. He quickly added that it is impossible now to determine whether the board then would have any reason for changing the minimum, should Smith ask for reconsideration.

Smith was arrested in Novem-

ber, 1951, 3½ years after the Mc-Nicholas girl was brutally slain, when the "blocked memory" of Ella Mae Cooper, 18, was jarred loose by an accidental return to the scene of the killing.

NAMES SMITH—

The Cooper girl sobbed out a story of how she had been present at the slaying, and named Smith as the guilty one.

Arrested in California, Smith was returned to Tacoma to stand trial. In January, 1952, he was found guilty of first degree murder, and sentenced to death.

Convict 34 Years Asks Freedom 'Before | Die'

By Lucille Cohen

Early last spring Wong Y. Lee, who is Convict No. 03 at Washington State Penitentiary, wrote from his

"I have been here 34 years and I want very much to get out of here before I die."

And Tuesday it appeared likely that Lee, 71, serving life for first degree murder, might get his wish through the intercession of Warden John R. Cranor of the penitentiary and the State Board of Prison Terms and Paroles.

FRIENDLESS—

Dr. Henry H. Ness, chairman, and Frank Dallam, a member, disclosed that the parole board is taking steps to give Lee, a Korean, his freedom. The board is attempting to work out a plan for Lee which will assure him employment and a home. If a plan can be worked out, the board will ask Gov. Arthur B. Langlie to give Lee a conditional pardon, Dr. Ness said.

"The board is taking this action because Lee is friendless," Dr. Ness explained. "He has no one to go to bat for him."

Rehabilitating the Erring

By JOHN H. REID

To properly guide and reestablish persons who indulge in crime of one sort or another is the function of the State. This important task has been placed in the hands of the Board of Prison Terms and Parole. Before this body of men must come the personal problems of every convict. It is an unending job of this Board to watch and prepare every parolee for free and useful citizenship. Each erring individual is carefully guided to resume his place in society, free from embarrassment and prejudice.

It has always been extremely difficult for one who has been caught transgressing the law and placed in prison to be re-established in the community, to feel free to search for a job and resume a normal life. In this effort this board of experts has been chosen by the State to help rehabilitate the person who has made a grievous mistake to a point where he again can successfully look for a job and lead a natural life. Once the custom had been to let the prisoner out of custody to shift for himself.

Now, the state of Washington, through this Board, pe forms this most important program of adjusting both the prisoner and the community to the fact that the person who has once made a mistake can, with help from the State and the community, become not only a useful but a good Amer-

An important phase of this work is the fact that the personnel of this Board is outstanding. It is headed by the Rev. Dr. Henry H. Ness as chairman, assisted by Norman S. Hayner, a professor on leave from the University of Washington, and Vincent O'Leary, chief parole officer. They, with a corp of parole officers throughout the State, take charge of this task as the prisoner from Monroe or Walla Walla prison is placed on parole. This Board is composed of men who are especially educated and trained to help the man who has erred, back to a normal life.

In an address before the University Lions Club, Dr. Ness appealed for help from every citizen to dispel the clouds which always hover over one who has spent time in a penal institution. It was admitted that it is not an easy job but that it is being successfully performed, and that scores of individuals and families have been restored to a life of happiness in place of frustration and defeat. This parole venture is not costing the State a great deal, but the Board could readily use additional funds, and such an investment will save millions of dollars, because it is a costly business to keep convicted men in prison, while his dependents must have help

Parole Board 'Smear' Victim, Langlie Hints

Seattle Stayer Succumbs In State Prison

John J. O'Donnell, one of two brothers involved in a Seattle murder case in 1935, has died in

the state penitentiary at Walla Wall, the Rev. Dr. Henry H. Ness, chair-man of the State Board of Prison Terms and Paroles, was notified yesterday.

The brother, O'DONNELL Joseph R O'Donnell, was hanged in November, 1938, for his part in the killing of two Seattle policemen, Trent A. Sickles and T. E. Stevens. The policemen were shot when they found the O'Donnells rifling slot machines in a North End tavern.

Ness said John O'Donnell had sought a parole several times in the past few years. His wife, Gladys, was sentenced to the penitentiary in 1941 for theft of a fur coat, and is sought as a parole violator, Dr. Ness said.

Prison Terms Board to Hold Hearings Here

With the prison population here reaching an all time high, the board of prison terms and paroles Monday prepared to start hearings on the largest number of parole cases in history, Dr. Henry Ness, board chairman, said.

The board will open the every-other-month session here Tuesday and 123 prisoners will be up for parole consideration.

One reason for the large num-ber is that the board does not re-lease prisoners on parole during the late fall and winter when work is harder to obtain, Dr. Ness ex-

"It is easier for the men to get jobs in the spring and summer," Dr. Ness pointed out.

Last week the penitentiary reached a record high in inmate population, officials said. The pri-son now houses about 1,766 inmates of which 49 are women.

The population is expected to increase during the next two months and will drop some when parole

of the 123 men starts.
"The place is fairly bursting at the seams," officials said.

Police Killer Dies In Prison

John O'Donnell Has Heart Attack

John James O'Donnell, a principal in a notorious and tragic attempted slot machine hijacking of 18 years ago, is dead.

Dr. Henry H. Ness, chairman of the State Parole Board, was notified Wednesday of O'Donnell's death from a heart attack in the State Penitentiary, where he had served 16 years of a life sentence for murder. He was 62.

HIGHJACK ATTEMPT

He and his brother, Joseph R. O'Donnell, were convicted of the killings of Seattle Police Patrolmen Trent A. Sickles and Theodore E. Stevens, shot when they entered a darkened tavern in the North End early November 26, 1935, where the O'Donnells were hijacking slot machines.

Joseph O'Donnell, said to have fired the shots, was hanged at the State Penitentiary November 21, 1938.

John O'Donnell had sought parole several times over the years. But prison psychiatric examinations were unfavorable to him. He had always claimed an alibi: that he was elsewhere at the time of the killings.

WIFE INMATE

John O'Donnell's wife, Gladys, now 47, was an inmate with him at the same penitentiary at times, serving a sentence of up to 15 years imposed in 1941 for stealing a fur coat from a downtown department store to get money for her narcotics habit.

She has been sought since January of last year for failure to keep in touch with parole authorities, Dr. Ness said.

He urged churches to take new interest in rehabilitation and prevention of crime. He also outlined the procedure of the threeman board and told of cases where injustices had been uncovered. Dr. Ness is a minister in the denomination and has served as jail chaplain for the King County

The board chairman said a police force cannot prevent crime.
"Police forces are important, but police work or sentencing is not rehabilitation," Dr. Ness asserted. He urged churches to take new interest in rehabilitation activities.

Dr. Ness reviewed policies of the three-man board for his audience and pointed to progress in the field through recent legislation.

Each prisoner is brought before the board within six months after commitment to an institution. It is the board's job to fix the minimum term to be served. Approximately 80 cases are reviewed each

Dr. Ness said the board members study each file exhaustively and in their investigations often turn up information that was not

"We do not re-try a man. But many times he will declare his innocence until we confront him with new evidence. Then he pleads guilty before the board," the speakexplained.

The board chairman said roughly 75 prisoners are released every month. Their names are forwarded to police agencies and ministers in their communities. "Who, would be better qualified to help them than ministers and church people?" he queried.

Each parolee remains under dia minimum of two years. After that time he can earn a conditional or "word of honor" discharge. But jurisdiction holds until his maximum term expires.

No Forgotten Men

Dr. Ness said there are no forgotten men in Washington's penal institutions. The law requires that inmates must come before the board every five years. He de-scribed this as "a wonderful law." Another statute provides that

prisoners can be considered for parole after they have served either three years at the reformatory or seven years in the penitentiary. Inmates sentenced to life imprison-ment are eligible for similar consideration after 20 years.

Inquiry Into Crime In Seattle Closes On Political Tone

Rosellini Hits At Devin

By Stub Nelson

The Seattle crime hearings closed late Friday afternoon on a political tone, with State Sen. Albert D. Rosellini, chairman of the legislature's vice probing committee, obviously firing heavy verbal guns in an attempt to embarrass Mayor Wil-Ham F. Devin, one of the final witnesses.

Adjourning the week-long sessions, Rosellini said this had been a "preliminary" Seattle hearing and indicated that the committee might return for a repeat performance when the decision on the group's scope has been handed down. The State Supreme Court has the matter under advisement.

Both while Devin was on the stand and in his closing summation, Rosellini charged that Devin his former police chief, and his former police chief, George Eastman, who resigned this week, had "defied" state laws by allowing a so-called "tolerance" policy in respect to gambling.
Rosellini asserted that Devin

and Eastman had taken the "fa-talistic" view that the suppression of gambling is impossible.

Tough Policy Faces Pen Esca

Parole Board GivesInmates Full Warning

Men who escape from the Washington State Penitentiary in the future will feel the wrath of the State Board of Prison Terms and Paroles under a new "tough policy" adopted by the board here

Tuesday.
Dr. Henry Ness, board chairman, said he was told by Warden John Cranor that "unwise" inmates at the prison are taking advantage of an administration that believes humanity and other factors go along with rehabilitation.
"These inmates are in the minority but nevertheless cause a great deal of trouble," Dr. Ness said.

Under the policy the board can extend a minimum term to the full maximum and will extend the inimum "considerably" as punishment for all escapees. This, the chairman said, es effective now.

The board can also take away any earned "good time" credits from the so-called "conwise" men. Where the board does this the warden later can ask to have the case reviewed if, in his opinion, conditions warrant it.

The board took the action after considering the recent attempted break via the 200-foot tunnel.

Parole Board **Denies Charge** Of 'Leniency'

The chairman of the State Board of Prison Terms and Paroles replied today to criticism by Whatcom County officials of "leniency" in fixing minimum terms and said "we do not apologize for the way the department is operating."

THERE HAVE been any number of prison riots about I the land in recent months, and the troubles at our own Washington State Penitentiary do seem mild by comparison.

Still we did have the tunnel at "The Walls," as the place is popularly known, and the bomb, that last intended, we would guess, to blow the last steel door that bars the way to freedom from its very hinges.

Today we should like to tell you of a man who loves this old pile of brick and stone as some seem to hate it. Who wanted back in every bit as badly as some who were in wanted out.

* * * JE WANDERED into the Washington State Parole Board offices the other morning, and Chairman Dr. Henry Ness happened to be standing at the counter. Perhaps we looked desperate for something to write about as we always do on Mondays, Tuesdays and Wednesdays, and often the four other days of the week.

Anyway, Dr. Ness invited us in for a chat, and presently

"You won't be able to use this man's name," he warned us

to start. "Our relations with him are confidential, and he's having a rough go of it, anyway."

So WE SHALL CALL THE MAN "John Doe Doakes," and we will guess that he is about 35. That some time ago, at least, he was known as a "paper-hanger," a "short story writer," a man who wrote and passed bum checks.

writer," a man who wrote and passed bum checks.

That he paid for his sins in Walla Walla, and was released on parole. Got himself a job, and that the board was rather surprised to get this letter from him via the prison, since he is a smart man, and can do right well on the outside when he puts his mind to it.

The letter was addressed to Warden John Cranor, and we shall quote parts of it—

"I hope you will forgive me for writing you, but at times, when I have so many troubles, I get homesick to be back where I would have peace and quiet.

"I often wonder why anyone wants to get out, and would give anything to be back there."

JOHN DOE DOAKES said that he had been to see his parole officer about getting back, and without satisfaction from that worthy. He said that he even thought of committing

another crime, but decided against it.

"Don't be surprised if you wake up some night to hear me knocking on your door," Doakes wrote then. "Or if that would not work I might try tunneling myself IN."

Warden Cranor sent the note to Dr. Ness, and the doctor had the man come in. Nothing much happened to Doakes—far as we could see—that doesn't happen to the rest of us.

FIRST OF ALL, he said, his mother had been ill. Then she passed on, and there were the doctor bills and hospital bills and funeral bills to pay. That put him behind in his

regu The week before he had written the letter a creditor had slapped a garnishment on him. Another such paper loomed in the offing.

Dr. Ness said that he pointed out that most of us live from hand to mouth and day to day. That Doakes was merely staggering under the usual.

DOAKES WEIGHED THAT BRIEFLY, and then went off on D another tack. Said that when he went to the pen they put him to work in the dental office. Said that he got pretty good at it, too. Said that he whipped up fillings, made plates and bridges, even extracted teeth in emergencies.

Said that he had his own room in the prison hospital. A small room, true, but his very own. Felt like a steak for dinner — well, sometimes he could have himself a steak.

"They looked up to me," Doakes summed it up. "Every.

Needs and functions of the Washington State Board of Prison Terms and Paroles were outlined at the meeting of the Kiwanis Club at Hotel Chinook this noon by Dr. Henry Ness, chairman of

The guest speaker referred to the parole department as one of the neglected departments of the state. Its needs, he said, are to be presented to the next session of the legislature.

In order to cope with the everincreasing number of parolees in the state more parole officers are needed, Dr. Ness pointed out. When he came to the board four years ago there were 250 parolees to each parole officer as against recommendations of the national association for a ratio of 50-75 to each officer. The ratio has been whittled down to 180 to each officer, and the board hopes to bring it down to 90-100.

There are now 19 parole officers working for the board in the state and 3,000 parolees and probationers, according to the

Slight Drop In Crimes Here Reported

A slight decrease in crime here in recent years was reported yes-terday by the Rev. Dr. Henry H. Ness, chairman of the Washing-ton State Board of Prison Terms

and Paroles.
Dr. Ness bases his conclusions on a comparison of major crimes committed by persons whose cases have been handled by his department since 1948.
From 1948 to 1950, there were

107 assaults called to the attention of Dr. Ness' office. There were 87 from 1950 to 1952, an 18.7 per cent decrease, Dr. Ness

Other crimes in the same two periods include auto theft, 15.8 per cent decrease; burglary, 5.7 per cent increase; forgery and arceny of all kinds, 5.1 decrease; manslaughter, 6.2 increase; murder, second-degree, 15 per cent increase; robbery, 2 per cent decrease, and sex crimes, 10.1 decrease.

CONFERRING with Dr. Henry H. Ness Wednesday was Sheriff Calvin Baird. Dr. Ness, chairman of the Washington State Board of Prison Terms and Paroles, was here for a short visit with his son-in-law and daughter, Mr. and Mrs. Paul Peterson, 1115 Rose Lane. Dr. and Mrs. Ness and children, Eugene and Carolyn, were to start their return trip to Seattle Thursday. Dr. Ness, recently reappointed by Gov. Arthur B. Langlie for a six-year term, has been board chairman for four and one-half years, handling about 5,000 criminal cases in that time. Discussing the conditions of penal institutions in Oregon and Washington, Dr. Ness said no inmate is released without coming under the board's supervision. There are 10,000 to 12,000 ex-cons under jurisdiction in Washington now, he said. (Picture by Paul Jenkins).

Enforcement Officers Meet Parole Board

Law lorcement officers and prosecuting attorneys from Yakima and Walla Walla counties have been guests of the State Board of Prison Terms and Paroles this week at the regular meeting in Walla Walla.

Dr. Henry Ness, board chairman, said this is the start of a policy that will take in officials from many of the state's counties in an effort to acquaint them with the

effort to acquaint them with the operation of the board.
Sheriff Bert Guns, Yakima, along

with the prosecuting attorney and a deputy from that county, attended sessions Tuesday and Wednesday. Sheriff J. R. Cummins, Chief A. L. Watts and Prosecutor Murray Taggart, all of Walla Walla, attended meetings Wednesday and Thursday

After the sessions the officials commented that the experience was educational and that they could find

ways in which the various agencies can aid the board.

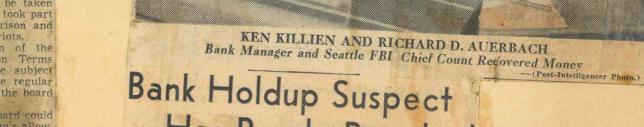

Dr. Ness said that judges will be invited to attend later sessions held at both Monroe and the Washington State Prison here.

The board has completed sentence cases at the prison for this meeting and is now working on an extremely heavy parole docket.

The parolee, of course, has definite problems when he returns to society, Dr. Hess pointed out.

"He feels that as an ex-con he is a marked man. He sometimes meets with the attitude that he is not wanted and this often results in discouragements and frustration and often leads to drink. This in turn leads to the parolee violating his parole or committing another crime and subsequently being returned to the institution."

Voice Of The People

Readers Give Bible Interpretation Views

To The Post-Intelligencer:

Jerome K. Kuykendall of Olympia criticized Billy Graham for recommending reading and obeying the Bible as a safe guide through life.

It is quite clear that Mr. Kuykendall is ignorant of the teachings of the Bible. All three of his quotations are from the Old Testament, the Mosaic Law in particular, a law which was given by God to the Israelites to govern their conduct during a specific period of their history.

The Mosaic Law was applicable to only the Hebrews and aliens who resided with them, not to the Gentile world. However, with the coming of Christ, the Mosaic Law became invalid. With these facts in mind, I should like to discuss the points Mr. Kuykendall brought up.

1. "It's all right to feed an alien impure meat, and it's all right to sell it to a foreigner, but don't eat it yourself. (You might get ptomaine poisoning.) See Deut. 14.21."

It was not a matter of the meat being pure or impure. The meat was all right to eat and would not cause ptomaine poisoning. It was a matter of ceremonial law, applicable to only Hebrews which would not allow them to eat "anything that died of itself." Since the Gentiles were not obligated to obey the law of Moses, they could buy and eat any kind of meat. The New Testament

CAN THE STATE OF THE STATE OF

instructing its duration. The Mosaic Law jealously guarded human life and liberty was sacred.

It is quite significant that Jewish Hebrew slavery terminated at the Captivity about 700 B. C. In the time of Christ, Hebrew slavery of both Jews and Gentiles, was utterly eradicated.

3. "Of course witch burning was all right when witches were available, and the admonition to kill them still stands in 22 Exodus 18: 'You shall not permit a sor-ceress to live.'"

This is not so strange since we have in our country capi-tal punishment for various crimes, including treason and the deliberate smuggling of secrets to enemy nations.
Sorcery was considered a

major violation of the law of God because it was gross deception which led to disastrous consequences, including causing the Hebrews to turn away from God. Hence, capital punishment was imposed on sorcerers as well as the offenders of other major violations of the Mosaic Law.

I should like to commend the P.-I. on its publishing daily the articles of Billy Graham. The Bible does have the answer to the problems of the world, the nation, and the individual.

Dr. Ness Finds The U.S. Still

A Land Of Opportunity

By THE REV. ERLE HOWELL

First Methodist Church

S Americans again celebrate the anniversary of their country's birth they can take heart in the realization that the United States still is a land of opportunity.

Among thousands of Seattle residents of foreign birth who have availed themselves of advantages offered by American democracy is the Rev. Dr. Henry H. Ness, chairman of the State Board of Prison Terms and Paroles. Before his appointment to this position in 1949, Dr. Ness was minister of Hollywood Temple in Seattle. He also founded and was for 15 years president of the Northwest Bible College, operated by the Assemblies of God Church.

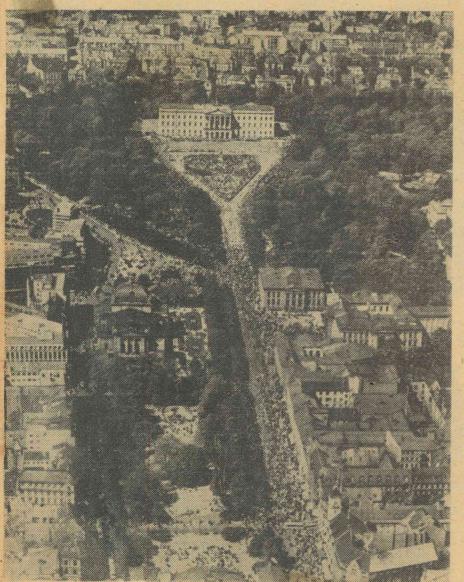

Dr Ness was born in Oslo. His

father's shoemaker shop was a half block from the King's palace on Karl Johan Street. As a boy Henry sold newspapers on the streets of the Norwegian capital. From the sidewalks leading to the King's residence, young Ness saw the coming and going of rulers of many nations visiting Haakon VII., then a young ruler.
"One of the outstanding experiences

of my boyhood," Dr. Ness recalls, "was the day in 1910 when I watched former President Theodore Roosevelt ride along Karl Johan Street in the King's carriage.

"The visitor differed from others. Former occupants of the royal carriage sat soberly erect, bowing with dignity to the crowds. But Roosevelt stood up, holding a ten-gallon hat in his hand, waving to the spectators, shouting, 'Hurrah! Hurrah! Hurrah!'"

I turned to a companion and said, 'I like that. I want to live in his

AN AERIAL VIEW of throngs in Oslo's Karl Johan Street following a procession to the King's palace. Dr. Ness sold newspapers on this street as a boy. Years later he traveled it to stay in the palace as the King's guest.

THE REV. DR. HENRY H. NESS

THE following year, young Ness borrowed money from an uncle and came to America. Studying pharmacy, he became a drugstore clerk. Before many years he owned his own business in Minneapolis. Later, he became a Standard Oil Co. sales executive.

Materially, young Ness was doing well, but in 1924, facing his spiritual needs, he experienced what he calls a "sound conversion to Christ." He decided to enter the ministry.

"I came to Seattle in 1933," Dr. Ness says, "and took over Hollywood Temple, a church with 75 members." Before he resigned in 1949 it had become necessary to begin construction of a sanctuary seating 1,400 to accommodate the congregation.

While pastor of the church and president of the Bible College, Dr. Ness took an interest in civic and social problems of the city and state. He still is chaplain of the King County jail and of an American Legion post.

The clergyman has made four trips to Europe since the Second World War in the interest of religious liberty and inter-church relief. He met with political and religious leaders in several countries. He had a private audience with Pope Pius XII. He met the late King Carol of Romania and for several years corresponded with him.

THE most memorable experience of the 1946 trip to Europe was Dr. Ness' visit to Norway. Being on official business for Church World Service, he was invited to be a guest of King Haakon VII. in the palace. It was the same Haakon who had been host to Theodore Roosevelt in 1910.

"Imagine the thrill I experienced," says Dr. Ness, "when I, a former newsboy, rode down the same street over which I had seen rulers and princes travel to stand before the King!

Dr. Ness was granted a private conference with the Norwegian monarch. At the close of the audience the minister asked Haakon if he might pray with him. The King accepted. Afterward, with tears in his eyes, Haakon gripped the hand of his guest, saying:

"You are the first visitor who ever offered to pray with me in my palace."

Then the King pointed to the floor near the throne and said: "Shortly before the Nazis overran my country, I knelt on that spot and asked God to save Norway and the King. I arose with positive faith that my country would be saved and that I would return."

Dr. Ness believes the challenge of the Christian faith and American democracy is the greatest blessing that could come to any man.

"Two things account for all I have been able to accomplish," he says. "The first is my conversion to Christ in Minneapolis, and the other is the unlimited opportunities offered by the American way of life. Naturally, I want all my fellow American citizens to enjoy to the full the privileges of these blessings.

WHILE pastor at Hollywood Temple, Dr. Ness sought through his pulpit and community effort to lead men into the Christian life, which he considers essential to one who would make the most of American citizenship.

Similarly, since becoming chairman of the Board of Prison Terms and Paroles, the minister has sought to rehabilitate persons who have forfeited citizenship through crime.

Dr. Ness has dealt with some 6,000 prisoners. It is the duty of the board to fix minimum terms of all persons sent to Washington's penal institutions. He thinks of every criminal as a potential good citizen.

One convict, in and out of prison for 20 years, came before the board for a parole violation. Legally, the man was entitled to no further consideration.

"The poor fellow begged us to give him one more chance," Dr. Ness re-calls. "Although he had made the plea many times before, I felt inclined to grant his request. He was paroled to a minister who found employment for him. Later the man was converted.

"In time the ex-convict married a sincere Christian woman. Now the community has accepted the man as a good citizen.

"I shall never forget the day when presented him with a document, signed by the governor, granting full pardon and restoring his citizenship. Having known the joy of that moment that man will not again commit crime."

Thus, Dr. Ness seeks to repay his debt to God and American democracy by bringing to Washington's forgotten men the light of Christian faith as an all-important incentive to make full use of advantages effered by this land of opportunity.

Juvenile Delinquency And Its Basic Cause*

HENRY H. NESS

UVENILE delinquency is a topic which is much on the lips and minds of people today. It is discussed by civic groups, clubs, and various organizations, and, frequently, the subject of newspaper articles and editorials.

In an effort to control juvenile delinquency, committees have met and discussed the problem. Boys' clubs have been organized; recreational facilities have been made available; youth centers have been built; schools have provided counsellors and advisers to guide and help youth with their problems; psychologists and psychiatrists have been consulted.

From my personal experience with programs of reform schools, I am convinced that the juvenile courts have grossly overestimated the contribution which such institutions can make to delinquency prevention and control. We often refer to them as being graduate schools to crime. I have seen them graduated from youth centers to the Washington State Training School, then Luther Burbank School, then the Washington State Reformatory, and, finally, the Washington State Penitentiary.

You know, as well as I, that some children are sent to training schools for educational purposes, and others to learn a trade, while most commitments are made because the child has a poor home or bad associates. There is scarcely a training school in the USA which does not include in its population a group of children who are committed because there are no more suitable places provided for them.

Thus, the mentally retarded are housed with those of normal capacity. The emotionally disturbed, the mentally and chronically ill, and the physically handicapped are placed in the same program with the normal youth who has a behavior problem.

*A sermon delivered by Dr. Henry H. Ness, chairman of Washington State Board of Prison Terms and Paroles, at University Temple Methodist Church, Seattle, Washington.

6 (314)

The judge who commits a boy to a reform school to remove him from a bad gang must realize that instead of a gang of, say four, the child will have four hundred such associates. The judge who commits a boy because he has an impossible home situation must recognize that the youth will not be in a normal environment while in reform school.

As to academic education, more and better schools are available to children in a community than are to be found in the average institution. Moreover, it is a serious indictment against our school system, if a boy must be sent to a training school to obtain vocational training.

Finally, as to discipline, I have very little confidence that institutional discipline will carry over into community life. A boy may continue to say, "Yes, Sir," and "No, Sir," long after he has left the reform school, and yet retain the motivations which caused him to steal a car in the first place. We have found that many of those who are the best behaved in the institution are the worst behaved when released to society. These are classified as being con-wise.

Much time, effort, and money have been expended in an effort to combat juvenile delinquency, yet the crime rate among juveniles is soaring. J. Edgar Hoover of the FBI predicts an even greater increase in juvenile delinquency in the future. This alarming situation needs a very serious and thorough study. Let us face it. Organized community effort has failed to cope with the situation. I believe, that thus far, the basic underlying causes have not been recognized.

What is the basic cause of the Problem?

I.

The juvenile problem is not primarily economic, physical, psychological, or educational, but basically moral. Moral problems can only be solved by moral law. Moral concepts can only be derived from the moral law of God, the Bible.

For either preventative or curative purposes, the child must be exposed to the moral law of God, the Bible. I am afraid many of us have failed to realize that the Bible, which is the Word of God, possesses unlimited creative and transforming power. I quote from Hebrews 4:12: "For the word of God is quick, and powerful (living and active, RSV), and sharper than any twoedged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart."

"For I am not ashamed of the gospel of Christ: for it is the power of God until salvation to every one that believeth" (Rom. 1:16).

"And they went forth, and preached every where, the Lord working with them, and confirming the word with signs following" (Mark 16:20).

It was God's Word in the beginning which created the world and all that it contains. God said, "Let there be," and it was. It was God's Word which transformed Saul of Tarsus to Paul the Apostle, and an alcoholic baseball star to Billy Sunday, the great evangelist.

Regarding juvenile problems, whether preventative or curative, the most powerful and effective therapy is that of being exposed to the power of God's moral law, the Bible.

The matter of juvenile problems is not for the police, the courts, the school system, or even the church to solve, but for the home. The initial responsibility falls upon the parents.

"Train up a child in the way he should go: and when he is old, he will not depart from it" (Proverbs 22:6).

"Wherewithal shall a young man cleanse his way? By taking heed thereto according to thy word. Thy word have I hid in mine heart, that I might not sin against thee" (Psalm 119:9, 11).

There is a prevailing disrespect for and defiant attitude toward parents. The Bible says, "Honor thy father

UEA

Also, in Prov. 20:7, we read: The just man walketh in his integrity: his children are blessed after him."

Of all those who come before the Washington Board of Prison Terms and Paroles, the percentage from solid Christian background is practically nil. I do not recall the son of an ordained minister in good standing ever coming before the Board. Christian parents must not only advocate Bible training for their children, but they must themselves exemplify the Christian life in the presence of their children to make it effective.

The time has come when parents, especially fathers, must take their stand like Joshua of old when he said, "As for me and my house, we will serve the Lord." We are all familiar with the proverb "Charity begins at home," but a far more important proverb would be

Parents Who Take Their Children to Church Have Solved the Problem of Juvenile Delinquency.

used effectively to bring men to Christ.

When I visited Greece, I found that country has a law which forbids proselyting by what is called "bribery." Two ministers were in jail, arrested and charged under this law. When I discussed their predicament with the late Archbishop Damiscinos, he informed me that they had given a Bible to a young man; and, as a result, he was converted to the Protestant faith. The Archbishop said that the authorities interpreted the act as being bribery. He further explained that this law was put into effect because the Roman Catholic Church had gone into Greece, establishing hospitals and orphanages, and thereby gaining converts to its faith. Kind deeds toward the poor, the sick, and the orphan can be a powerful weapon for good.

and mother, and it shall be well with thee." It also says, "He that spareth his rod hateth his son." That was one of the favorite Scriptures of my father, and he proved to me more than once that he loved me. He did not spare the rod.

As we have already discovered, the Word of God is alive, active, quick, and powerful. It is of utmost importance as a preventative measure that the child be exposed to this powerful, divinely-given medium. It becomes the responsibility of the parents to see that the Bible is read and taught in the home from the child's earliest age.

The second most powerful force in the prevention of juvenile delinquency is the spiritual influence of a Christian father and mother. The Scriptures refer to the effect of a consistent Christian life within the family. I Peter 3:1 speaks of the influence of a Christian wife upon the unbelieving husband, and I quote from Phillips translation: "You married women should adapt yourselves to your husbands, so that even if they do not obey the word of God they may be won to God without any word being spoken, simply by seeing the pure and reverent behaviour of you, their wives."

In I Cor. 7:14, we read of the effect of the life of a Christian husband upon the unbelieving wife, and the result upon the children. I quote from Phillips translation: "For the unbelieving husband is, in a sense, consecrated by being joined to the person of his wife; the unbelieving wife is likewise consecrated by the Christian brother. If this were not so, then your children would bear the stains of paganism, whereas they are actually consecrated to God."

Also, in Prov. 20:7, we read: "The just man walketh in his integrity: his children are blessed after him.

Of all those who come before the Washington Board of Prison Terms and Paroles, the percentage from solid Christian background is practically nil. I do not recall the son of an ordained minister in good standing ever coming before the Board. Christian parents must not only advocate Bible training for their children, but they must themselves exemplify the Christian life in the presence of their children to make it effective.

The time has come when parents, especially fathers, must take their stand like Joshua of old when he said, "As for me and my house, we will serve the Lord." We are all familiar with the proverb "Charity begins at home," but a far more important proverb would be

"Religion and moral influence begin at home.

Originally, Christianity was a religion of the home, like that of Judaism. In Judaism, each family had its own altar. The Passover Feast was celebrated in each household, as it is even today, when the father gathers the entire family around the table, takes his place as priest, and reads the Scriptures with explanation and prayer.

The church should not substitute but rather supplement religion in the home. While we all appreciate the great work done by the church in the Sunday School, the Sunday School must never become a substitute for religion in the home.

Too often parents have a tendency to shift the responsibility of bringing up their children to the Sunday School, public or private schools, boys' clubs, Boy Scouts, Campfire Girls, etc. That is the basic cause of our juvenile prob-

Iuveniles do not have minds mature enough to guide themselves. They are definitely in need of the right guidance by parents in the home. What can we expect of juveniles today when they have no parents to whom they can look for guidance, help, and love; where parents are divorced; or both parents are working and are more concerned about making money than providing the proper home life; hiring baby sitters so they can be free to attend dances, clubs, taverns, and what not for their selfish enjoyment's sake?

Parents Who Take Their Children to Church Have Solved the Problem of Juvenile Delinquency.

In the past five years, as chairman of this Board, I have had thousands of these delinquents come before me; and, to my amazement, I have discovered that only a fraction of one per cent has any concept of vital Christianity.

Unless our family life is restored upon Christian principles, all efforts to stem the rising tide of juvenile delinquency will be in vain. How, you may ask, can this be brought about?

III.

The church must now take the initiative and sponsor a "home evangelism" program, having as its goal to bring religion into the home. Parents should be invited for a special program of religious education, training, and consultation.

I would recommend that each church formulate special seminars with instruction and training as to how Christianity might be brought into the home as well as aiding parents who seem unable to handle their own problems.

Churches must strengthen their Sunday School and Christian youth programs with diversified activities with the emphasis on Bible education and Christian ethics.

Poor economic conditions, although not basic, are definitely a contributing factor in the matter of juvenile delinquency. Churches should be more concerned about the economic needs of the local community. It is by far and large left up to the state and local welfare agencies to provide for the indigent. Great drives are being made for the destitute in Korea, Formosa, India, etc., while the church apparently has given little thought to the economic conditions at home. Interest in the material welfare of people can be a powerful approach to their spiritual needs. The loaves and fishes can be used effectively to bring men to Christ.

When I visited Greece, I found that country has a law which forbids proselyting by what is called "bribery." Two ministers were in jail, arrested and charged under this law. When I discussed their predicament with the late Archbishop Damiscinos, he informed me that they had given a Bible to a young man; and, as a result, he was converted to the Protestant faith. SEATTLE, WEDNESDAY, JULY

CAIRO, July 27 .- (AP) - Britain and Egypt signed an agreement tonight for removal of all 33,000 British troops from the Suez Canal Zone sa defenses, but providing that the West may still m use the great base against aggression.

Under the agreement the foreign troops will be pulled out within 20 months.

After the announcement of agreement, Col. Anwar Sadat, a member of the ruling council of the revolution told a reporter:

"There is an agreement in principle that Britain and the United States also will provide Egypt with military aid."

American aid in the past has been withheld from Egypt partly as a move to induce agreement with Britain on the future of the Suez base and partly to stall the Arab States' efforts to build up armed force against enemy Israel.

U. S. Envoy In Close Touch

As in the delicate negotiations on the future of the Anglo-Egyptian Sudan last year, U. S. E Ambassador Jefferson Caffery has been in fi close touch with both sides during the recently renewed Suez talks.

Caffery was given a large measure of credit for the Sudan settlement. He conferred with both British and Egyptians privately when the Supez negotiations suddenly were resumed over two weeks ago.

Tonight's accord was entitled "heads of agreement" and a communique said it embodied "the principles upon which it is proposed to draw up an agreement in regard to the Suez

Mystery Shrouds Reason For Action

Nearly 1,400 prisoners of the State Penitentiary at Walla Walla went on a full-scale hunger strike Tuesday, but the cause was shrouded in a cloud of conflicting statements.

Warden John Cranor told The Post-Intelligencer over long distance phone he has not been able to determine why the men have not been eating. He said that no "organized demands" have been made to I

The Warden was quoted by the Associated Press as saying that it was a "passive resistance" in a demand for improvement in "certain conditions" ranging from food to the Board of Prison Terms and Paroles.

INMATES 'GRIPED'

A Walla Walla reporter quoted a prisoner he interviewed as saving that the inmates "are griped" with the Board of Prison Terms and Paroles because they are keeping men in prison beyoud their terms.

Dr. Henry H. Ness, chairman the Parole Board, said it is possible that some of the men are protesting the impending change of wardens, fearing they will lose favors when Cranor retires September 1

"We have had our 'spies' checking on why the men are not eating," the Warden said, "but they haven't been able to come up with anything."

ON SMALL SCALE

But he said he thought idleness was a principal reason. Only 62 per cent of the prisoners are employed and the idle ones are "beefing," he said.

The hunger strike started on a small scale Monday in the laundry. By noon it had spread to virtually all the men zithin the walls. The minimum security prison outside the walls and

Dr. Ness Denies Charge Parolees Being Detained

Dr. Ness declared that in fact, not 97, but only 16 prisoners are being held in the peniten-tiary slightly past the dates on which they were due to be pa-

"Of these," the parole chairman said, "11 are held because of infractions of prison regulations or for unfavorable psychiatric reports.

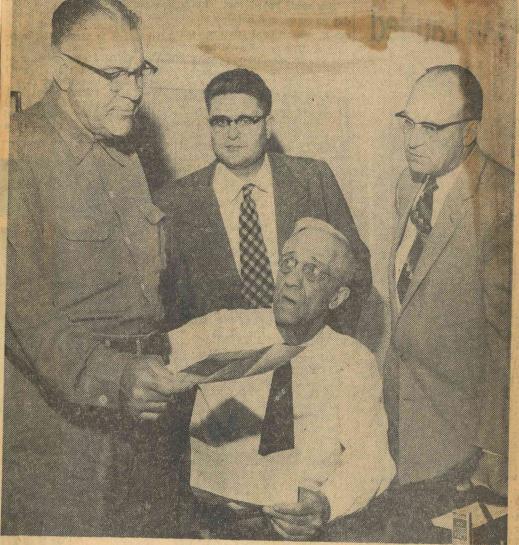

Five of the 16 are held back because a proper parole plan has not been formulated for them. Specifically, we haven't been able to find jobs for them. Turning a prison inmate loose without a job is a dangerous thing to do."

In New York State, Dr. Ness said, a prison inmate cannot be released unless he has a job.

MUST FIND JOBS

"We're the ones who have to find them the jobs," Dr. Ness declared. "You try to find a job for just one exprison inmate, and then imagine what kind of a time we have trying to find jobs for 1,000 a year. We're asking the next Legislature for one full-time employment-finding man for our staff.

"At present, our 26 staff members for the whole state have to find the jobs besides supervising 3,000 parglees and probationers. We will also ask the next Legislature to increase our staff from 26

of the recording was intelligible by assuring all counsel that if the jury could understand any of the words they would be in a position to decide for themselves if it were Lyskoski's voice; a voice they heard two days on the witness stand, speaking from the tape.

"Counsel says the recording is unintelligible," Judge Findley amplified. "Is he to decide that? Is the prosecuting attorney to decide that? Am I to decide that? It is a matter for the jury to decide if it is the voice of the de fendant at the time and place the witness on the stand said he was with him."

Edwards, on the witness stand as a state's rebuttal witness, testified that he recorded three conversations with Lyskoski last April 20-two telephone conversations and the meeting outside the China Pheasant.

Lyskoski, who has not yet testified on the matter, but who has denied out of court that his voice is on the tape, told the jury during his appearance as a witness for himself that he was "working on Pike Street" from about 9:30 p. m. on the 20th until after 1 a. m. on April 21, in company with two deputy sheriffs, a personal friend and Dr. Henry Ness, chairman of the State Board of Prison Terms and Paroles, who is under subpoena as a state rebuttal witness.

EX-WIFE TESTIFIES

Edwards, questioned by Deputy Prosecutor James Andersen Jr., told the court that he received the recording device from the prosecutor's office. Edwards went to Prosecutor Charles O. Carroll to charge Lyskoski with accepting bribes last April 19.

Mrs. Patricia Edwards, Clyde Edwards' divorced wife, testified she was with her former husband when he went to the China Pheasant to meet Lys-kaski. She said she saw Lyskoski arrive and that she saw Edwards, the recording device under his shirt, join Lyskoski in

"Will you state if you were
with Lyskoski the evening of April 20 or in the early morning hours of April 21?" Andersen asked.

"Positively no," the Rev. Dr. Ness shot back.

Cross-examined by one of Lyskoski's attorneys, Andrew Ulvestad, the Rev. Dr. Ness agreed that he had been with Lyskoski on April 16 and 17 as well as the 18th. The two men were engaged in trying to locate a parole violator suspected of being involved in serious crime, the Rev. Dr. Ness said.

FREMONT TABERNACLE HOLDS THIRTIETH ANNIVERSARY

Fremont Tabernacle served as host for a homecoming banquet and a series of meetings which marked its 30th year as an established Assembly of God church.

The church was started from a revival in 1923, when many were saved and baptized in the Holy Spirit. The year following in 1924, a wooden tabernacle was built to house the newly formed congregation, and several years later the Stoneway Tabernacle was constructed, now known as Fremont Tabernacle. In 1930, Fremont became the first church in Seattle to become affiliated with the Assemblies of God.

It has progressed from year to year until at the present time a new Sunday School annex has been built to accommodate the growing Sunday School. The Assembly has recently purchased a new brick parsonage, and the interior of the church has been re-decorated.

In April of 1954, Rev. Milton Barfoot called as pastor to succeed Rev. Ralph Harris who had resigned to become editor of Sunday school publications in Springfield, Missouri.

FREMONT TABERNACLE, INC.

The beginning of Fremont Tabernacle was much the same as that of many other Assembly of God Churches. In the year 1923 when there was a great hunger for God in the hearts of many people, Elim Baptist Church called Evangelist Frank L. Lindblad to hold meetings. A mighty revival was born in which scores of people were saved and baptized in the Holy Spirit. Following these meetings Evangelist Lindblad went to the Bethany Baptist Church of which the Rev. Antrin Nickel was the pastor.

It was necessary to find a suitable place in which to accommodate the large crowds; so, the following year (1924), a wooden tabernacle was built in Ballard at West 65th and 23rd N. W., where the Trinity Methodist Church is now located, and the revival continued week after week. Hundreds were baptized in the Holy Spirit. The time for the building permit lapsed and the tabernacle had to be torn down; therefore the Ballard Hall was rented on 22nd N. W. and Market Street where the Sears & Roebuck store is now located.

During this time many cottage prayer meetings were also held. Children's church was conducted each Sunday evening before the main service by Anna Youngberg and Edith Beckman. Many outside activities were started—street meetings at First and Pike, jail services, services at the immigration station, etc. It was at this time that he thought of a permanent church building began to be formulated in the minds and hearts of various ones. The church incorporated on June 18, 1925 under the name of Pacific Northwest Evangelistic Association.

In the Spring of 1926 construction of Stoneway Tabernacle began at 3825 Woodland Park Avenue. Today that location would be in the middle of Wallingford Way. During this time the Swedish Methodist Church, located at North 36th and Aurora, was rented for the services and our first Sunday school was started.

We moved into our new church in August, 1926. The church was of frame construction, having a full basement and a seating capacity of 750. A new activity was now taken on by the young people, that of going once a month to the Luther Burbank School for Boys on Mercer Island. Almost thirty years later, our young people are still going out there on the second Sunday of every month.

In 1931 the city planned to make Wallingford Way the approach to Aurora Bridge; so our building was purchased by the city. This time we rented the Odd Fellows Hall at North 35th and Fremont Avenue, in which to hold our services. The name of the church was then changed to Fremont Pentecostal Tabernacle.

We moved into our present location at 753 North 35th Street on Christmas Day, 1931. Adolph Peterson was the builder of our church.

- 1932: Northwest District Council Convention held in our church.
- 1939: Purchase of our first parsonage at 6208 Kirkwood Place.
- 1941: Church name changed to Fremont Tabernacle Assemblies of God.
- 1947: Property west of the church was purchased and converted into a parking lot.
- 1952: Annex was built by Emil Beck.
- 1954: Sold parsonage and purchased a new one at 815 West 83rd. God alone is to be praised for what has been accomplished through the years.

This was the opinion expressed here last evening by Dr. Henry H. Ness of Seattle, retiring chairman of the State Board of Prison Terms and Paroles. He spoke to an inter-church men's dinner attended by 230 persons in the youth recrea-

Seated beside Dr. Ness at the dinner was former Chief of Police James Skaggs of Longview who has been appointed by Gov. Langlie to succeed Ness as chairman of the beard

The other members, Dallam and Dr. Norman Hayner have also submitted resignations but Gov. Langlie has not announced successors.

F EVERY person convicted of crime in this state served the maximum prison term prescribed by law, at least three other prisons like the one at Walla Walla would have to be built. As it is more than 15,000 former convicts are at large, under the supervision of the parole board, making a new start in life, instead of continuing to be expensive burdens on the public behind

The trouble is, according to Dr. Henry Ness, retiring chairman of the parole board, who spoke here last evening, the Legislature has not permitted a staff of parole officers large enough to do an adequate job of supervising this army of parolees. The whole 15,000 don't require close supervision. Only 3,200 at present are classed as active parolees and probationers, but a staff of only 26 keeps an eye on them. That is about 110 per officer. The recommended maximum is between 50 and 60.

There may be some who think the parole laws are too lenientthat offenders get off too lightly after they are found guilty of serious crimes. The purpose of the law, of course, is both to punish and provide penalties severe enough to restrain those tempted to commit a crime. But the purpose of the law also is to correct those defects in a person's makeup that caused him to commit a crime in the first place. Parole and probation make this second purpose possible, but only if such a program can be properly administered by competent, trained personnel.

20 Bible Reasons For Speaking With Tongues

ROM THE CHURCH'S VERY INCEPTION the unique manifestations of the outpouring of the Holy Spirit has been the speaking in tongues as the Holy Spirit gives utterance. Down through the centuries until the present time this phenomenon has continued to be identified with the true Church. Speaking in other tongues has been identified with some of the greatest revivals through the centuries, and rightly so, because it was this unique gift in operation on the Day of Pentecost that brought about the first great revival in Church history.

The doctrine of speaking with other tongues has its opponents, as do other doctrines of the Church. This is largely due to prejudice or ignorance. These opponents claim that tongues passed away with the apostles, and they are fond of quoting 1 Corinthians 13:8, "Charity never faileth: but whether there be prophecies, they shall fail; whether there be tongues, they shall cease; whether there be knowledge, it shall vanish away." I am in complete agreement that tongues shall cease; but I do not see that tongues shall cease any sooner than prophecy or knowledge, for this same verse which states that tongues shall cease also states that prophecy shall cease and knowledge shall vanish away. The logical conclusion, therefore, is that so long as prophecy and knowledge have not ceased, neither have tongues. A study of the history of the Christian church shows that speaking in other tongues has been in evidence in great revivals and spiritual awakenings from the Day of Pentecost to the present

Another common objection is this: "What good are tongues anyway?" Since speaking in tongues is a gift of the Holy Spirit, it is obvious that it has value. As we search the Scriptures, we find that the gift of speaking in tongues as the Holy Spirit gives the utterance is of tremendous value to the individual believer, and to the church, and to the world. A careful study of this subject will reveal many valuable reasons, some of which are as follows:

1. Speaking in tongues as the Spirit gives utterance is the unique spiritual gift identified with the Church of Jesus Christ. All other gifts, miracles, and spiritual manifestations had been in evidence during Old Testament times. On the Day of Pentecost this new phenomenon came into evidence and became uniquely identified with the Church. 1 Corinthians 12 and 14.

2. Speaking in tongues was ordained by God for the Church. 1 Cor. 12:28.

- 3. It is a specific fulfillment of prophecy. Isa. 28:11; 1 Cor. 14:21; Joel 2:28; Acts 2:16.
- 4. Jesus mentioned it as an evidence of the faith of believers. Mark 16:17; John 7:38, 39.
- 5. It is a sign to the unbeliever. 1 Cor. 14:21, 22.
- 6. It is a proof of the resurrection and glorification of Jesus Christ. John 16:7; Acts 2:32, 33.
- 7. It is the initial evidence of the baptism of the Holy Spirit, as shown by the fact that tongues accompanied the Baptism in each scriptural case where evidence is recorded. Acts 2:4; 10:46; 19:6.
- 8. It provides communication with God in worship. 1 Corinthians 14:2.

BORROWED CAPITAL

"Men's consciences are uneasy. Much that seemed built on the rock has shifted as if the foundations were sand. But beneath that sand is one solid layer which nothing has been able to break. All that was best in us came from that layer, from the habits and wisdom bred by centuries of Christianity. Today we are living largely on borrowed capital, inherited from previous generations, and bearing no increase now. Our children will suffer if we have nothing more, nothing fresh to offer them."—Queen Elizabeth II of Great Britain.

by HENRY H. NESS Oakland, California

9. It is a means by which the Holy Spirit intercedes through us in prayer. Rom. 8:26; 1 Cor. 14:14.

10. God declares tongues to be edifying. 1 Cor. 14:4, 5; Jude 20.

11. It is a medium for "singing in the Spirit." Eph. 5:18, 19; 1 Cor. 14:15.

12. It is one of the nine gifts deliberately chosen by divine wisdom as the full equipment for the Church. 1 Cor. 12:10.

13. The apostle Paul said, "I thank my God, I speak with tongues more than ye all." 1 Cor. 14:18.

14. Paul, speaking by divine inspiration, said, "I would that ye all spake with tongues." 1 Cor. 14:5.

15. The Word commands, "Forbid not to speak with tongues." 1 Cor. 14:39.
16. When the gift of tongues was in full operation all the statements.

full operation, all the other gifts were in evidence, too. 1 Cor. 1:5-7.

17. The first member of the most

17. The first member of the most spiritual church in the New Testament spoke in tongues when filled with the Spirit (Acts 19:6), and the members of that church were all said to be sealed with the Spirit in that way. Eph. 1:13.

18. Speaking in other tongues is the point of the overflow of the Spirit. Acts 2:4; Eph. 5:18, 19.

19. It is accompanied by a larger vision for God. Matt. 7:20.

20. It follows as a confirmation of the Word of God when it is preached. Mark 16:17, 20.

These are twenty Bible reasons why I believe in speaking in other tongues; they should convey to the reader the full value of the gift. However, the only way a person can fully appreciate the glorious blessing and value of speaking in other tongues as the Holy Spirit gives utterance is by having the personal experience himself. It is my desire that you, Friend, may become an earnest seeker for this marvelous God-given spiritual experience and that you will be filled to overflowing with the Holy Spirit.

Langlie Says Parole Board On Way Out

3 Resignations To Be Accepted

BY STUB NELSON Post-Intelligencer Political Writer

OLYMPIA, Feb. Washington's entire threemember state parole board, sharply criticized in the past two years, is on the way out, Gov. Arthur B. Langlie revealed today.

The Governor said all members either have submitted their resignations or asked to be relieved before their present terms expire.

A complete new board will be appointed in the next year or so and the incumbents have agreed to serve until their successors are named.

No replacements have been lined up for any of the trio, the Governor said.

NESS RESIGNATION

Langlie said the resignation of the board chairman, the Rev. Henry H. Ness of Seattle, is on his desk. His term expires in April of this year. Dr. Ness has borne the brunt

of criticism.

There is some doubt that the Senate would have reaffirmed his appointment.

The Governor said, however, that he had planned to send Ness' name to the Senate for confirmation to the \$8,500-ayear job.

He asserted he was aware of the opposition to Ness that had developed in the Senate.

Langlie added that Ness wanted to return to religious

OLYMPIA, Feb. 25.—Gov. Ar thur B. Langlie's appointmen of James D. Skaggs to the Stat Board of Prison Terms and P roles was sent for confirmation to the Senate today.

The Governor had appointed Ness to a term running through April, 1959, subject to Senate confirmation.

Frank Dallam of Spokane, whose term expires April 15 of this year, told the Governor he did want reappointment because of his age. Dallam is 75.

The third member, Dr. Norman Hayner of Seattle, whose term expires in April, 1957, informed the Governor that he wants to be relieved to return to he University of Washington, where he has been a professor in social science

Langlie said Hayner is on leave of absence from the University and had taken the Parole Board position with the understanding that he related derstanding that he might not be available to serve an entire

CRITICISM INVESTIGATED

The Governor canceded that the board, especially the chair-man, had beensubjected to severe criticism during the past biennium in conncetion with riots and trouble at the Monroe State Reformatory and Walla

Walla State Penitentiary.
But, Langlie added, the parole Board would have been criticized regardless of who was serving.

The Governor said he had investigated some of the criticism directed at Ness and added:
"I never felt the criticism

had any real substance. "Dr. Ness is a fine Christian

man who worked his heart out on the board." He declared Ness and other

board members had done a remarkable job and expressed gratitude for their work.

TWO-WAY CITICISM

Langlie said the Parole Board was criticized on one side for being "too tough" and an an-other side for being "too lenient" in their setting up of mini-mum terms for prisoners, and in their recommendations of paroles and conditional pardons for convicts.

He said a complaint from law enforcement officers that they were not being notified when parolees were returned to their homes had been corrected.

"Personally, I feel Dr. Ness and other board-members did a very good job," Langlie con-cluded.

The present Legislature ex-pected to pass a number of laws aimed at prison reforms.

Improvements To Parole System Urged

Washington can have the best parole system in the United States if the State Legislature acts on three recommendations of the State Board of Prison Terms and Paroles, the Rev. Dr. Henry H. Ness, retiring board chairman, said today.

Dr. Ness asserted that the board's "standard of operation" is equal to or superior to that in any state. To improve the board's operations, said the off-criticized retiring chairman, the Legislature should:

1. Double the number of parole and probation officers. 2. Put the department under

civil service to provide job security for employes, 3. Empower the board to reconsider minimum terms for offenders who have served one year and are not charged with crimes involving deadly

weapons.

Dr. Ness said criticism had nothing to do with his resigna-

The state needs 54 officers to meet standards recommended by the National Association of Parole and Probation, Dr. Ness

In reply to criticisms that the board has been either too lenient or too severe in setting terms Dr. Ness said the average length of terms set by the board closely matched the recommendations of judges and prosecutors.
