DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM NORTHWEST COLLEGE 1996/97

Northwest College of the Assemblies of God (the "College") is required by the Drug Free Schools and Communities Act Amendment of 1989 to adopt and implement a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. Every student shall receive a copy of the program annually in conjunction with registration for classes and every employee of the College shall receive a copy of the program annually through the campus mail. Additional copies of the prevention program can be obtained from the Student Life Office.

A. Policy

The unlawful possession, use, or distribution of illicit drugs is prohibited on College property and in conjunction with College activities. The possession, use, or distribution of alcohol is prohibited on College property and in conjunction with College activities.

Student organizations are under the same legal requirements as individuals concerning local, state, and federal laws. Any violation of these laws in conjunction with a student organization activity constitutes a violation of College policy. Violations of policy could result not only in disciplinary action against the individual(s) involved, but also in suspension or loss of College recognition of the organization.

Students and employees are reminded that the College is owned and operated by member districts of the Northwest region of the Assemblies of God, and that they are expected to abide by the highest standards of Christian ethics. The College, and the Assemblies of God, interpret the Bible to condemn illicit alcoholic beverage consumption in any form, and the possession or distribution of illicit drugs.

B. Definitions

"College activities" are defined as those activities that are sponsored by a College department or are sponsored by a recognized student organization.

"College property" is defined as College-owned or leased grounds, facilities, or vehicles.

D. Health Risks Associated with the Use of Illicit Drugs and the Abuse of Alcohol

The health risks associated with the use of illicit drugs are summarized in Appendix C to this program.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

E. Description of Available Services

1. On Campus

Counseling Services

The counseling program of the College offers a variety of services. The services offered are preventive, redemptive and supportive, and include testing service, vocational counseling, growth groups, academic guidance, pastoral care, drug and alcohol counseling and referral counseling. All counselors are of professional standing. The services are paid for by student fees. If a student is referred to a counseling agency apart from Northwest College, all fee schedules are between the student and the agency to whom referral is made.

The Director of Student Ministries/Spiritual Life can be reached at 889-5307. The Director of Resident Life can be reached at 889-5286. Both of these offices are located in the Pecota Student Center. Appointments can be scheduled through their offices.

Student Life Office, Administrative Center, phone 889-5234

Counseling appointments and referral counseling are made through the Student Life Office. The Student Life Office provides drug and alcohol information for all students and acts as the referral agency for long term drug and alcohol problems. The Student Life Office is responsible for the enforcement of all policies related to drug and alcohol use.

The Health Center, Crowder Lobby 889-5284.

The Health Center is staffed by a registered nurse and is able to provide limited health care to students. The Health Center also provides information on drug and alcohol related problems.

Miscellaneous

Since the College is a Christian educational institution, each faculty and staff member is expected to serve as a "counselor" to both students and employees. This "informal" counseling is commonplace, and typically consists of Biblical instruction and prayer.

2. Community services

Off-campus community counseling and treatment services are available from the following organizations.

Care Unit Hospital of Kirkland, 10322 NE 132nd Street, Kirkland, WA 821-1122 Milam Recovery Center, 14500 Juanita Drive NE, Bothell, WA 823-3116 Eastside Alcohol and Drug Center, 606 120th Ave NE, Bellevue, WA 454-1505 First Step, 14400 NE Bellevue-Redmond Road, Bellevue, WA 746-3888 Kirkland Psychological Associates, 10827 NE 68th, Kirkland, WA 827-5566 King County Extended Care Unit, 16200 227th SE, Maple Valley, WA 392-9467 Solberg Recovery Center, 3209 Colby Ave Suite 107, Everett, WA 258-2255 Washington State Council on Alcoholism, 1882 136th Place NE, Bellevue, WA 643-2244
