Player Profile

Volleyball? "It's a blast," exclaimed Marla Johnson. "I love slamming the ball down on the opponents side of the net and feeling the rush, but I'm humble about it!"

Marla plays the Quick Hitter position (Middle), a transition from her earlier years as an Outside. She is a Junior transfer student-athlete from Bellingham, Washington and doubles her time with the Northwest College's Women's basketball team.

"If I never get the chance to play, I will still push the other team members. I always try to find something encouraging to say to uplift someone.... especially in their spiritual lives." Marla is currently averaging 2.153 kills per game, .241 attack percentage and .644 blocks per game.
