leave your mark

9/29-10/3

Hi Friends,

Last week we had the incredible privilege of hearing from two of our very own faculty members. I was once again reminded how blessed we are as an institution to have faculty and staff that are passionate about faith integration.

Attached with you find the message from Dr. Stallman on Psalms 136. You can find MP3s of all of our services at <http://www.northwestu.edu/numa/chapel/>.

Also attached are the prayer requests and praise reports from last week. As a reminder, a prayer/praise/comment line is always available to you as you go throughout your day. We have a team consistently checking it and responding as necessary: 206-486-4656

Scripture Focus: "When I said, "My foot is slipping," your unfailing love, Lord, supported me. When anxiety was great within me, your consolation brought me joy." Psalm 94:18
