### Spring Break Travel Tips

**In general...** Leave contact information, itinerary, and documents with someone. Listen to your senses, if it feels like an uncomfortable situation, leave.

**On the road...** Buckle up. Take turns driving. Whoever rides shotgun should stay awake to keep the driver company.

**In hotels...** Reserve rooms between the 1st and 6th floors. It's hard to break into rooms off the ground floor and fire equipment have an easier time reaching people below the 7th floor. Keep doors locked and use the room safe for valuables.

**At the ATM...** Use during daylight hours and with a group of people. When you approach an ATM, completely scan the area to see if anyone is hanging out where they shouldn't be. When punching in your pin, use your other hand to cover the keypad from cameras and people.

**At the beach...** Stay hydrated. Use sunscreen. Stay within designated swimming areas.

**Leaving the country...** Don't take expensive jewelry and dress conservatively. Do your homework about your destination, keep in mind you are subject to the laws of the country you visit.
