

Dear NU Community,

1 John 4:19 says, "We love because He first loved us". In Paul David Tripp's *New Morning Mercies*, he comments on how challenging it is to carry out this truth. He reflects, "It is so easy to forget how profound your need for grace is, and it is equally easy to forget the amazing grace that has been freely showered on you...we all need to be given grace right at the very moment when we are called to be a tool of grace in the life of another. The God of grace is working his grace into everyone in the room". I pray that you would receive grace and be empowered to show others grace, in whatever circumstances arise this week.
