

Dear Friends,

For those of you who are traditional students in Kirkland, you are just returning from spring break. Hopefully, you enjoyed some relaxation! I travelled to Phoenix, Arizona on the Choralons ministry tour and we had an amazing experience.

Among many outstanding personal experiences, there was one particularly profound moment. At the conclusion of a performance, I felt the Holy Spirit speak clearly to me about a person in the audience who had a heart condition and needed prayer. I was nervous to share this word because the audience consisted mostly of older people and any one of them could have a heart condition. I wrestled for several minutes in my mind before the Holy Spirit gave me boldness to speak. To my surprise, there was a 20-year old man attending the church for the first time. He suffered from a similar condition as one of our choir members, who had shared her story during the performance. That day, the young man accepted Christ and received prayer. I am so thankful for the Holy Spirit who spoke to me and gave me the boldness to say what God wanted for that young man. The Holy Spirit works in us the same way He worked in the apostle Peter when he was "filled with the Holy Spirit and spoke with boldness" ([Acts 4:7-8](#)).

This week we are beginning a new series in our chapel services, discussing the important role the Holy Spirit plays in our lives. As a believer, you and I have the Holy Spirit in our lives. He gives us power to do more than we can do in our own strength. Every day, I am learning more about His important role in my life and how much He wants to use me to impact people. It is certainly a humbling reality.

*Lord, Thank you for the gift of Your Spirit who works in us and gives us power to do Your work. Flood our community with Your presence and open our hearts and minds as we learn more about how You want to use us. Amen.*
