This has been an incredible year at Northwest College!

We saw completion of our first new buildings in nearly 20 years – 14 duplexes that are now occupied by staff and faculty.

We saw the inauguration of our first Master's Degree – a Master of Arts in Counseling Psychology.

We saw a record enrollment this fall. But more exciting than

the **quantity** of our students is their **quality**. For example, our women's Cross Country team was ranked Number One, and won the NAIA Region I Cascade Conference Championship. And our debate team continues its tradition of excellence, often defeating teams from much larger universities, including Harvard, Stanford, and even Oxford!

But our growth brings increased demands in many areas – we need more faculty and academic programs, new buildings, and additional funds for student scholarships.

We are training a generation of young men and women to **Carry the Call...** to share the Gospel around the world.

Your support helps make this possible. And we thank you.

A handwritten signature in blue ink, appearing to read "Don Argue".
