DEGREE COMPLETION PROGRAM

Northwest
COLLEGE

Bachelor of Arts Degree Organizational Management

LEAP's Organizational Management major meets the needs of today's business leaders.

Choose from three concentrations:

Organizational Dynamics

This comprehensive management concentration focuses on the dynamics of an effective organization in the New Economy. Classes emphasize:

- ◆ Effective communication
- ◆ Organizational behavior
- ◆ Management theories
- ◆ Human Resources skills
- ◆ Ethical decision making

Computer Systems Engineering Windows 2000

This cutting edge concentration will prepare students for the examinations required to become a Microsoft Certified Systems Engineer. The concentration equips students with both technical (computer network design and support) skills and the people skills necessary for today's leaders in IT management. *The CSE concentration requires classes that meet twice each week.*

Health Care Administration

This study prepares students to lead institutions that specialize in long-term health care.

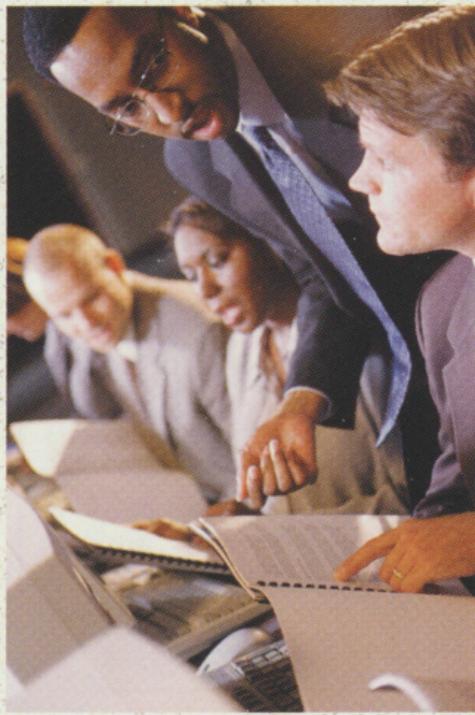

Is LEAP for me?

Leadership Education for Adult

Professionals (LEAP)

is for people who have complicated lives that require a unique solution to complete a degree. It is for men and women who desire to launch into new career heights in today's work world.

LEAP is especially for you if you want to experience greater insight into your own potential with confidence in your abilities. It is best if you have completed 40-60 semester hours with at least a 2.3 grade point average.

Consistent

Learn with the **same cohort** of adult students throughout the program. This consistency results in a strong sense of **campus community**.

Convenient

Most classes meet only one evening per week and focus on one course at a time... **no scheduling surprises!** Cohorts meet the same night, place and time for all 18 months. With LEAP you are from your **car to class** in two minutes.

Collaborative

You will learn in a seminar style in which **shared** and collaborative learning is facilitated by instructors who understand and are **involved** in today's environment.

Committed

LEAP faculty and the entire College **community** strive to engage biblical **Christianity** with every aspect of life and learning. LEAP graduates are equipped to make ethical decisions in their various vocational settings.
