

For a number of years we have had with us in the Green Lake district the Hollywood Temple and for the past dozen years under the capable leadership of Dr. Henry H. Ness the church has made phenominal progress.

Because of the growth of the congregation and the added activities the building has had to be enlarged and modernized. Now there is not room enough and plans are under way to build a much larger building just across Eighth Avenue. Operations on the new edifice will begin soon and be carried on to completion as rapidly as possible.

Soon after Dr. Ness took charge of the Temple he began promotion of the Northwest Bible Institute which has grown to be a fully recognized Theological Seminary with an average enrollment of three hundred students. Graduates of this Institute are scattered over the world, some are in Africa, some in Bolivia, some in Brazil, some in Cuba, some in Jamaca, some in India and some were in China, Japan and the Philippians before the war and in Danzig, Europe also.

Hundreds of young men and women who have attended this school are laboring as pastors, evangelists and helpers in the United States and Canada. This Institute is owned and operated by the Northwest District of the Assemblies of God.

Within the past few months the District headquartes have been located in Seattle. The Rev. Frank Gray, district superintendent is now living in Seattle and the district office, under supervision of the Rev. J.A. Bogue, district secretary and treasurer, is being maintained in temporary quarters in the printing plant at 435 East 72nd St.

In this building these people have established a very excellent Bible and Book Store which is being managed by the Rev. E. Ellsworth Krogstad

Rev. Krogstad came from Minnesota some time ago to pator the Assemblies of God church at Vancouver, Wash. and the past fall was transferred to Seattle to join the faculty of the Northwest Bible Institute. He has now been put in charge of the printing plant and the Bible and Book store.

Mr. Rolland Mc Master has just arrived from Minneapolis to take the formanship of the printery. He was in charge of the Assemblies of God printing plant in that City for a number of years.

The new Bible and Book room is being presided over by Mrs. Margarite Kelso, well known in this community as a Christian teacher.

Very recently the Northwest District of the Assemblies of God has purchased a very fine piece of property on Silver Lake, between here and Everett, for a camp meeting site. A lot of preparitory work is being done on this property to get it ready for a large camp meeting this summer.

A fine addition is being built onto the original plant at 435 East 72nd Street to provide permanent offices for the district headquarters. When all completed this will make a fine contribution to our Green Lake business section. The Bible and Book store as it now stands is a credit to the neighborhood.

Rev. Krogstad has purchased a home in the North End and has moved his family here.

Hollywood Temple Plans New Addition To Present Building
